## **FIRE WARDEN'S REPORT**

For Year Ending December 31, 1946

We have had only two forest fires in the last year, about five acres burned over. One of them was on the Boston & Maine Railroad and the cost of it was paid for by the railroad.

I think that this a very good record and lets see if we can better it in 1947.

Please remember that a fire permit is required anytime that there is no snow on the ground.

Forest Fire Warden of Cornish, N. H.

**REPORT OF TRUSTEES OF  
GEORGE H. STOWELL FREE LIBRARY**

To the Citizens of Cornish:

The annual school exhibit was held in May. Posters and special books were on display for Book Week. A very interesting collection of World War II trophies loaned by Paul LaClair were in the cabinet for Armistice Day.

The librarian and trustees attended an interesting regional library meeting in Claremont at the Community Center.

In October the Cornish Flat primary children were taken to the library by Mrs. Barton. The history of the building was explained, and various books and pictures shown to them. As

this was the first visit of many of them, much interest was shown by the children. Your librarian wishes that the children attending the other schools in town might be given the same opportunity.

The librarian's records provide the following statistics:

Total number of visitors	1508
Books loaned at library	2598
Books sent to South Cornish	110
Books sent to schools	445
Magazines loaned at library	981
Magazines loaned to schools	30
Books borrowed from Bookmobile	137
Special requests mailed from State Library and returned by your librarian	35
Tracy school borrowed the largest number of books, having had	119
With the City school a close second	100

We wish to thank the following for gifts: Mrs. Robert Barrett, money for fireplace wood, a year's subscription to New Republic, and various books; Ralph Brown, one year's subscription to Foreign Policy Bulletin and membership to Foreign Policy Association; Mrs. Charles Weld, Mrs. C. W. Crane, Mrs. G. H. Conant, Mrs. Charles Johnson, Mrs. Conan Johnson, Mrs. Robert Rawson, Harold H. Dean, Mrs. J. F. Lovejoy, Mr. and Mrs. Donald Stearns, for magazines and books.

## REPORT OF CEMETERY SEXTON

April 18 to December 31, 1946

Raking and cleaning up	\$ 162.25
Total amount for haying cemeteries and building Center	
Cemetery fence	230.05
Amount for perpetual care	159.58
Miscellaneous items	22.40

In taking over the work as sexton of the cemeteries last April, I found considerable time had to be spent in raking and cleaning up. In order to get the work completed for Memorial Day, an extra man was hired for raking and haying.

The haying was started on June 24 and finished on July 24. We hayed eight cemeteries and trimmed around every stone and fence.

There were eight burials. Seventeen sunken graves have been filled.

The rest of the summer was spent on the perpetual care lots, and individual payments for upkeep of lots.

Another year many of the fences will need repairing. The fence at Chase Cemetery needs painting and repairing as well as the fence at Edminster Cemetery. The fence in the old part of Trinity Cemetery is badly in need of repair. The building at Coming's Cemetery needs reroofing. There are a great many stones needing straightening and resetting in all the cemeteries. Also many of the lots need to be filled in.

The few having had their lots graded and reseeded have helped greatly in improving the appearance of the cemetery. A few lots were not completed before the ground froze, which will be taken care of in the spring.

At our last town meeting it was voted to purchase a power mower. Because of war conditions we were unable to get one immediately, but we have one now for spring use.

I would suggest that eventually we have some flowers at the entrance of the different cemeteries. Anyone willing to donate a plant for this purpose notify your sexton. Red geraniums preferred if possible.

Good cemeteries mean a great deal to the appearance of a town. They have been sadly neglected. Why not now continue to improve them? In order to do this, more money should be raised.

CLYDE J. BAILEY, Sexton

**REPORT OF SUPERINTENDENT OF SCHOOLS**

To the Cornish School Board:

I herewith submit my first annual report as Superintendent of Schools.

I have enjoyed the helpfulness and support of the School Board, the cooperation of the parents, the seriousness of purpose of the teachers and the steadfastness of purpose and friendliness of the pupils. In such an atmosphere education should continue to progress.

Very little need be said about the teacher situation as it affects the future of our schools. This critical problem has received national recognition. Cornish is very fortunate in having teachers whose homes are either in Cornish or close enough so that they can drive to school, but replacements are going to be hard to find. The schools are run in a very efficient manner and progress under their guidance is steady. If we are to keep our present teachers and obtain new ones of the type we want, we must take into consideration the fact that a teacher will go where working conditions are the best and where salaries are the most attractive.

It is very pleasing to me to know that a committee is working on the housing problem in Cornish. It is hoped that some workable solution to this problem will be found by the time conditions once more become normal. Cornish is not alone in feeling that centralization of the schools would be beneficial to the rural areas. The Interim Commission on Education has recommended to the present Legislature that all one room rural schools be eliminated as soon as practicable.

There is before the Legislature a State Aid Bill that, if passed, would mean an increase in aid to the town of Cornish of between four and five thousand dollars. A glance at the proposed budget for the next year will show that part of this will have to be absorbed by increased salaries and other expenses, but the balance can be used to meet other current costs of the schools. Any savings brought about in this manner could very profitably be spent in helping pay for a new school.

Realizing that the costs of all departments of the town are increasing, and that the taxpayers are interested in keeping the tax rate as low as possible, every effort to curtail unnecessary expenses in the schools is being made. However, we should realize that the education of our children is an investment in the future and necessary expenses are justifiable.

Respectfully submitted,

HENRY J. HASTINGS, Supt. of Schools

### POSSIBLE PLANS BEING STUDIED FOR IMPROVING THE CORNISH SCHOOLS

- I. Remodeling and improving all existing buildings by:
  - (a) Providing running water and flush or chemical toilets
  - (b) Provide means of partially heating toilet rooms.
  - (c) Improve lighting and ventilation.
  - (d) Provide even heat that will at least last long enough in-  
to the night so that the schools will be not lower than  
40 or 50 degrees in the morning.
- II. Centralize all schools, using the Flat School and building an additional four rooms.
- III. Centralize all schools, building a six-room building.
- IV. Centralize all schools as in II or III, but sending the sev-  
enth and eighth grades to Claremont and Windsor. If this were  
done, a four-room building would be adequate.

Any proposed plans for a new building should include a play room, lunch room and health unit. Library facilities should be planned for each individual room or as a single unit.
