The attention of every policy holder is called to the following:

By vote at the annual meeting of the Company held January 7, 1901, policy holders wishing to remain away longer than thirty days may keep the insurance on their property good, by applying to the secretary for a permit to leave premises unoccupied for such times as they may specify, paying for the same five cents per month for every one hundred dollars for which they are insured.

The cash premium for permits has been reduced from five to three cents per month.
REPORT OF SANBORNTON PUBLIC LIBRARY

The books and magazines furnished to patrons of the Sanbornton Public Library during the fiscal year just ended amounted to approximately 1966, being divided as follows: Adult fiction, 701; adult non-fiction, 97; juvenile, 977; magazines, 191.

A part of the juvenile books, especially those at the four public schools, were loaned to the library by the Public Library Commission. Collections of twenty-five books each, loaned for a period of three months from the Commission, helps greatly with our very limited supply of juvenile reading material. Also the three adult collections helped to bring to our readers some of the latest fiction.

The donations of books of many kinds amounting to 200 were greatly appreciated. The library funds purchased fifty more.

New shutters and doors designed by Miss Lois Bingham have been added to the building.

It is sincerely hoped that during the coming year our library may become better equipped and of more service to its increasing list of patrons.

Respectfully submitted,

G. CURRIER.

Annual Report

SCHOOL DISTRICT OF SANBORNTON
REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Sanbornton:

Beginning with the school year, September 1937, a Grammar School was established in Sanbornton Square. The second story room of the school building, used for many years as a "band room" was made over into a very pleasant school room, where on the morning of September 7th, all the 7th and 8th grade pupils in town assembled, and the "new school" was organized with Thomas McCullough as principal and an enrollment of 37.

Curiosity, anticipation, and doubt were evident on every countenance—curious to know just what this change they had been hearing about all summer really was; anticipating enjoyments and benefits they had heard about in other similar schools; doubtful as to their liking the change. The first month passed and curiosity, anticipation, and doubt gave place to satisfaction, realization, and certainty. They realized a satisfaction in their school life which had unconsciously been lacking before, and were certain they liked the change.

I doubt if one of the 34 now there (three have moved from town) would vote to return to the old system. They like the associating with the larger group; the competitive spirit aroused by members; the awakened desire for more knowledge; the keener sense of accomplishment. Their school life today is a new life and already they are benefiting from it.
Their numbers permit of organizing physical culture classes and athletic teams. Their enthusiasm for the latter has been surprising for first year experience and their school loyalty is very commendable. They appear to be a very happy and energetic group of boys and girls.

In addition to the regular core subjects of the curriculum, the boys have manual training in a shop they built themselves from two of the stalls in the old horse shed.

The girls are having cooking and sewing given at the home of, and by Mrs. Baker, the teacher of the lower grades. Her willingness to take these classes in her home is much appreciated. Such is the beginning, we trust, of what may become a regular junior high school organization and later a practical arts high school.

I can imagine the satisfaction of the old inhabitants, if they were living, to again see the entire Square School building being used for educational purposes, as it once was when known as the "Woodman-Sanbornton Academy."

Great credit is due the school board that this desirable and most beneficial change has been made in the school or organization at so comparatively small expense. The actual running expense of the new plan is no more than the old. The repairs necessary in preparing the room for the Grammar grades, of course, would be extra this year.

The Gaza school was again opened this year; the pupils below 7th grade from the Brook and Chapel districts attending, with the former teacher at the Brook, Mr. Whittemore in charge. This change has seemed like a hardship to some families, but I am sure the consolidation means better educational advantages for the children concerned.
The Bay school has again been very fortunate in its teacher. Miss Travers has a good school.

The rather sudden and unexpected resignation of Miss Smith as teacher at the Square, necessitated search for her successor from a very small number of available elementary teachers in the state. I deem ourselves fortunate in securing Mrs. Baker.

With the larger numbers now at the Square school, two rather serious needs arise. One is the playground situation. The upper grades, from the very nature of their games, baseball, football, etc., need a good sized field for their sports apart from the playground of the smaller children. I trust this need may soon be satisfied.

Another need which should be provided for is that of more satisfactory toilet arrangements. Both the upper and lower grades use the same toilets. This, in itself, is not especially serious, but the only entrance to the toilets is through the lower grades room. This you can readily understand is a disturbing factor to the teacher and pupils of the lower grades. Toilets for exclusive use of the upper grade pupils should be provided, or other entrances made to the existing toilets.

The graduating exercises of the 7th grade at the close of the school year in June were much enjoyed by all, and well done by the pupils participating. The following were presented certificates of promotion from 7th to 8th grade:

Florence Blackey
Albert Blackey
Rosaire Carter
Malcolm Covey
Margaret Dow
Louise Drake
Avis Elliott

Arthur Ellis
Cecille Gilbert
Marion Joslyn
Frank Keith
Walter Keith
Hazel Keyser
DeLacie Laughy
John LaPlant                   Gladys Simond
Theda Morrison                 Mildred Thomas
Charles Macaulay               Roger Whitney
Haven Sanborn

and one from 8th to 9th grade, Donald Sanville.

The work of the school nurse, Miss Moynihan, has been exceedingly valuable this year as in previous years. She is a very conscientious worker and untiring in her efforts to be of service to the school children. I know her work is appreciated in Sanbornton not only by the children, but also by the parents.

I would not close this report without making special mention of the enthusiastic interest taken by Mr. McCullough in the organization of the grammar grades; of his interest in training the boys and girls for their athletic teams. Not only is Mr. McCullough interested in the best welfare of his pupils, but he has the happy faculty of arousing interest in them toward all phases of school work. We congratulate him on his success thus far with the new organization.

Mrs. Flora Blake, a teacher at the Chapel school for about fifteen years, declined a reelection this year, as she was moving to another town. Mrs. Blake was a good teacher and noted for her personal interest in her pupils. We were sorry to lose her.

I have always appreciated the interest of the school board in any suggestion that would seem to be for the betterment of their school. They have always been cooperative as have the citizens. I appreciate it all.

FRED S. LIBBEY,
Superintendent.
