## BOSCAWEN PUBLIC LIBRARY

---

The library maintains the following hours: Main building, Tuesdays—2:00 to 4:30 p. m. and 6:30 to 8:00 p. m.; Fridays—2:00 to 4:30 p. m.. Branch at Penacook: Mondays—3:00 to 5:00 p. m.; Wednesdays—3:00 to 5:00 p. m. and 6:00 to 8:00 p. m.

The Water Street school is now served by the Bookmobile and no books have been requested this year from the County Farm.

Vacation reading clubs were conducted at both the main library and the branch, with the former cooperating with the Grange in their reading club by furnishing books or borrowing from the Extension Department of the State Library, books not on the library shelves.

Book Week was observed with a display of books at both libraries. At the branch there were posters made by the children of the Main Street school.

The main library was decorated for the holiday season with wreaths and a lighted tree.

Both Penacook and Boscawen Congregational churches enrolled in the Congregational Christian Reading Contest.

This year 337 books have been added to the library, 275 by purchase and 62 gifts

Miss Pratt of the State Library assisted the librarian, Mrs. Goldsmith, in the discarding of obsolete books to the number of 766.

Circulation from the main building: Adult fiction, 2,262; Adult non-fiction, 389; Juvenile fiction, 933; Juvenile non-fiction, 231; magazines, 412. Branch: Adult fiction, 2,256; Adult non-fiction, 297; Juvenile fiction, 1,029; Juvenile non-fiction, 243. Magazines, 365, making a total of 8,417.

The Boscawen Public Library received for the Penacook Branch \$50.00, from the Thornton Fund for the purchase of children's books.

An oil burner has been installed in the old furnace at the main building which is proving very satisfactory.

A legacy of \$1,000.00 has been received from the estate of Willis G. Buxton, also a like amount from the Martha J. Buxton estate.

## FOREST FIRE PROBLEM SERIOUS

---

The year 1947 was one of the worst periods of drought and forest fire occurrence in eastern United States history. Lack of water ruined crops, lowered water levels and dried up brooks everywhere. Three months of deficient rainfall and abnormally high temperatures resulted in many fires which were mostly well controlled and kept within bounds. Only the high winds beginning on October 23rd caused a few fires to escape beyond immediate control. These few fires resulted in burning some 15,000 acres and the loss of 63 or more buildings in four New Hampshire towns.

All October fires were costly. They burned deeply in the ground and required day and night patrol of large crews of men until the rains came late in October. Towns which escaped from serious fires might easily have been in the midst of the most serious conflagrations we had.

Governor Dale closed the woods effective at midnight of October 15th. With the blow-up of October 23rd, a second proclamation closed all back roads and authorized towns to inaugurate patrol. The effect of this was to cut down subsequent fires for the rest of the dry period.

Local fire warden forces performed an admirable job to hold the more than 200 fires that occurred during this October period. Many men were taxed to the utmost as the emergency continued. To them and all those who did their work, the people of New Hampshire owe a debt of gratitude. The state forest fire control agency based on local town wardens and town crews wherever adequately equipped rose to the occasion and met the test in whatever town their services were needed.

It is now time to take stock everywhere of our fire fighting facilities for the season ahead and to make them adequate where necessary. To this end town fire plans and training programs for wardens, deputies and other key men

in each district are being arranged or in progress. If equipment and tools are insufficient properly to equip the available man power in each community with the right tools for the job, they should be provided for at once. The yearly addition of fire tools to the town supply will generally need to be built up. The state sells tools to the towns and shares one-half their cost. Good equipment is important and can help greatly to keep both damage and fire costs at a minimum.

For many years we have requested our wardens not to issue burning permits except on rainy days. This regulation will be in effect again this year as it is one of the best means of assuring such fires from getting out of control. Nine out of every ten fires can be prevented, 98 percent of all fires being due to human carelessness. Be sure to get a permit for any fire in or near woodland when the ground is free from snow. Be sure your fires are always out before you leave them. Help us in getting the travelling public to keep from throwing out lighted matches or cigarettes. Be careful of all fires in or near woodland.

THOMAS J. KING,  
*District Chief.*
