We appreciate the assistance from New Hampshire State Police Officers Thomas Pryor, Richard Rondo, Raymond Landry and Frederick Helms and from Deputy Sheriff Norman Vashaw. Due to the fact that the young people cooperated with us in full, the town enjoyed the most orderly Halloween on record.

At this time all special officers are to turn in all equipment, badges, etc. The same will be issued, with a certificate, only to those who are approved by the Selectmen.

### **Radio Equipment Fund**

Balance in Fund December 31, 1971	none
Appropriated at Town Meeting in 1972	\$ 2,100.00
Balance in Fund December 31, 1972	\$ 2,100.00

This fund was established for the purpose of improving the Police and emergency radio system. The money in this fund will be used as matching funds to enable the Town to get a Crime Commission grant which will total \$13,948.00. Of this special grant the Federal share is \$12,875.00 and the State of New Hampshire share is \$1,073.00. This will enable the Town to set up a 24-hour emergency Police and Fire communication center. This will provide the Town with a base station, one additional mobile radio and personal portable radios for the Police. This new communication center will be in operation in 1973.

## Federal Revenue Sharing Fund

Balance on hand December 31, 1973	none
Federal funds received in December 1972	\$ 12,065.00
Balance in fund December 31, 1972	\$ 12,065.00

This money is the Town's share of the first half of 1972 special revenue sharing money. During 1973 the Town will receive the second half of 1972 money and three-fourths of its 1973 funds. Money received under this "State and Local Fiscal Assistance Act of 1972" can be spent by the Town for certain capital expenditures and "ordinary and necessary" maintenance and operating expenses. The Selectmen intend to recommend at the 1973 Town Meeting that these funds be used in areas of the Budget which will help reduce the overall Tax burden of the Taxpayers.

## SUMMARY PROGRAM OF THE WHITE MOUNTAINS REGION ASSOCIATION 1972 - (35th Year)

The officers and directors held two meetings to re-assess the goals and projects of the Association to make them more meaningful for the 1970's. Out of these two, eight hour sessions came agreements on five programmatic objectives. They were the need to insure a quality environment, orderly development, improved public transportation facilities, vocational training, and the need for a community college. The first objective has received the most attention since these sessions were held. In this regard the Association sponsored a workshop on air pollution in Berlin.

The Association has spoken out on the need to preserve the small family farms and, thus, it has actively supported the Open Space Bill, HB44. The Bill permits selectmen to tax land upon current use instead of its potential value. The Association spoke out in support of this Bill at a senate hearing in Concord and contacted the state senators and representatives in the region notifying them of the Association's position on the subject.

The Association sponsored a very successful sewage conference in Waterville Valley. Billed as a "sharing of ideas" the conference dealt with some new concepts in sewage treatment such as combining wood wastes with sewage to make fertilizer.

The Association organized a hearing on regional planning in Twin Mountain and worked with the Town of Carroll in setting up what turned out to be the most successful snowmobile hearing in the State.

Finally, as an integral part of its annual meeting the Association, held a very exciting panel discussion on "Development/Environment." Gov. Frank W. Sargent of Massachusetts, a former commissioner in the Department of Natural Resources there, addressed the group following the annual dinner on a theme in keeping with the theme of the meeting, "Best Use of Our Natural Resources."

Non-environmental Association activities for the past year included: help in preparing background information for the Berlin and Whitefield Airports for the hearings in Concord before the Civil Aeronautics Board; creation of a new Association logo and a very successful fall foliage shunpike folder; continued promotion of the off season through news releases and the sponsorship of several canoe races, the most ambitious and successful of which was the New England Canoe Slalom held in Campton. Also, the Association assisted a group in Berlin develop a plan for a hotel trade learning course.

In preparation is a canoeing folder, which, if enough advertising can be sold, should be out well before spring of 1973.

Organized a meeting and prepared a statement regarding the then proposed visitor's information center on the Kancamagus Highway with the U. S. Forest Service.

Presented awards to 4-H Clubs in both Coos and Grafton Counties.

Appeared on six radio programs, attended one travel show in Harrisburg, Pennsylvania, and spoke before several groups in the Region.

Inquiries for the year totaled 5,501.

Wrote 45 news releases and 126 personal letters.

Also wrote five newsletters, "Recreation Pressures in the White Mountain National Forest," "New Yeah's Resolution!," "Our Open Space", one on the "Sewage Conference", and a personal newsletter by John P. Wilson.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

In New Hampshire, forest fire control is a cooperative State-Town program. The Town Forest Fire Warden, appointed by the Director, Division of Resources Development upon recommendation of the Selectmen and the State's District Forest Fire Chief is responsible for fire suppression and other related duties. The State shares equally with the Town in the cost of most forest fires, except illegal and careless fires, which are charged to the responsible party. The State further provides fire detection services, prevention programs, fire training for town wardens and crews, and back up equipment for fire suppression.

By authority of the State, the Town Forest Fire Warden controls all outside burning in his town except backyard cooking fires. Any person wishing to kindle a fire when the ground is not covered with snow must obtain a fire permit, free of cost, from the Town Forest Fire Warden. No permits will be issued for fires between 9:00 a.m. and 5:00 p.m. unless it is raining, except for commercial purposes.

Please be careful when using fire, remember it can be an extremely useful tool when under control but once allowed to run wild it can become a disastrous and devastating force. Only you can prevent a forest fire.

Number of fires reported and acres burned -  
1972 season:

State of N. H.	410 fires	361 acres burned

**UPPER CONNECTICUT VALLEY MENTAL HEALTH  
SERVICE, INC.**

**REPORT OF SERVICE RENDERED IN THE TOWN OF  
COLEBROOK 1972**

Mental health services for the town of Colebrook were significantly expanded during the past year - both counseling individuals and families, and services to children in the Colebrook schools.

Seventy-seven Colebrook residents received counseling, either at the Colebrook office or in their homes, and the schools have been visited frequently to develop plans for assisting students with problems. Among the services being given to students are psychological evaluations; individual counseling; counseling with families, either at school, home or in the clinic office. Plans for helping the child in the classroom are discussed with the teacher and with other helping agencies such as special education and the school nurse.

Because the agency is locally based and operated, patients can be helped quickly, with the result that very few residents need to go on to New Hampshire Hospital or other resources out of the area.

Colebrook's contribution to Upper Connecticut Valley Mental Health Service helps in obtaining matching funds from state and other sources; and it insures that the staff is consistently available when needed. Costs are kept at a minimum without impairing quality of care; and per capita costs for our area are far below those of other rural mental health agencies.

Upper Connecticut Valley Mental Health Service, Inc. meets all state and professional standards for such programs and is a full member of the New Hampshire Association of Community Mental Health Agencies.

Our staff is prepared to respond to your requests.

Respectfully submitted,  
Burdett S. Adams, ACSW  
Executive Director

# UPPER CONNECTICUT VALLEY HOSPITAL ASSOCIATION

Colebrook, New Hampshire

## REPORT OF SERVICES

With the finish of 1972 and the end of our second year of providing service you should know what health services have been rendered to you and yours by the many health team workers of Upper Connecticut Valley Hospital.

The hospital served 941 of you as in-patients and 1,850 of you as out-patients. Ninety-eight new citizens were born there. In addition to a full range of services 1971 it added a coronary care unit in July and a Physical Therapy Dept. in October.

Your hospital working with selectmen helped to form first an Ambulance Coordinating Board which led to an official ambulance district A-1, the second one in New Hampshire with three companies in Pittsburg, Colebrook, Stratford. Using the hospital line of credit, gifts from generous donors, (towns and individuals) and state funds the district now has or will have by the end of January capital equipment of four ambulances and a complete radio system valued at over \$25,000.00. It's all paid for except for \$7,000.00. To operate the system the fees were not enough and the selectmen agreed to ask for tax support in 1973 at the rate of \$1.25 per person. It now appears that the service can come within \$2,400.00 of breaking even without tax help. If we can get contributions or promise of them prior to town meeting, we will withdraw our article requesting tax support at every town meeting.

Your hospital association sponsored a home health agency known as CONVALESCE which opened on December 1, 1972. It provides temporary nursing, physical therapy and other health services in the home. It is located in a rent free office in the hospital and adds greatly to the range of health services available to you. CONVALESCE will not be asking you for tax support in 1973.

Your hospital association has just began a years study to see if a prepaid group medicine practice using our local physicians as the base could work in the Colebrook region. You will be contacted during 1973 for your thoughts and ideas about this new way of delivering more health care at a lower cost to all concerned. This study is federally funded and will not ask for any local tax dollars.

Your doctors of the area together with the hospital trustees and administration have been working actively the last six months on a search for new qualified doctors to locate full time here. The effort is encouraging and we have great hopes for results within six months.

Your auxiliary (the second largest in New Hampshire) has already proved its great value in taking the hospital story from the inside to all who will listen - also they raised and donated over \$5,200.00 toward radio equipment.

Your unpaid Trustees and Directors have met every month, sometimes more often to offer their talent and experience.

A new enterprise like this has a rocky road to go for the first five years. Two years have passed. The road is still rough but getting smoother. We look forward to the remaining towns to join the eight that have paid in full their cost share of constructing the hospital. The hospital has not and hopefully will not be asking you for tax support to operate the hospital.

This is only true because of the huge amount of support, ideas, dollars from a large number of you.

This just couldn't happen in the city; here we should never take it for granted. We don't - but we're sure glad all of you are the way you are.
