REPORT OF THE BOARD OF SELECTMEN For the year ending December 31, 1982

GENERAL INFORMATION

The past year has been a time of extensive change and systems revision in the conduct of the Town Business. All departments and areas of responsibility have shared in a common effort to make each function more efficient and procedurally less subject to error or inconsistency. The physical re-arrangement of the office equipment and furnishings has resulted in the added convenience of having all reference material and working supplies incorporated into the work area and has contributed noticeably to the overall efficiency. Our favorable experience with the computerization of tax billing offers encouragement to proceed with the utilization of this service in the mailing of Inventories, Water and Sewer Bills. The first semi-annual Tax Billing of course will also be computerized. It is hoped that all of these will be accomplished in 1983.

Full effect of these improvements should be increasingly apparent as the year progresses.

The Board of Selectmen is of the conviction that the formation of a Public Works Department is essential to the future economic health of the Town of Greenville. As a desirable first step in this direction, the Selectmen have introduced Article 8 to make the position of Highway Agent an appointive rather than an elective position, we suggest that this aticle be given serious consideration by the voters of Greenville.

WATER DEPARTMENT

In the very near future several major revisions of the water distribution system will have to be made. Adams Street and Baker Avenue are amongst those having top priority. Due to general economic conditions no major projects were scheduled for this year.

On the optimistic side, meter installation is nearly complete and readings are being taken to assist in the setting of rates for the various categories of use. This is a major first step in setting equitable rates based on actual use. We anticipate that considerable progress will be made in this department in 1983. Formation of a Public Works Department will have a major impact on the function of this department.

SEWER DEPARTMENT

The report of last year remains essentially unchanged. The feasibility study for the extension to Rousseau Heights was com-

pleted and the anticipated cost was prohibitive. It was not considered practical for the Town to implement this extension of the service at this time.

The general area of the Treatment Plant location offers attractive possibilities in the establishment and growth of the Public Works Department mentioned earlier.

Currently a replacement is being sought to fill the position from which David Bourgault recently resigned. His contribution will be missed; we wish him every success in his new job.

SCHOOL STUDY COMMITTEE

In closing the Board of selectmen wishes to commend the School Building Study Committee for the excellent job done in the preparation and presentation of the proposed school building project. We heartily endorse the program and hope that the voters of Greenville will attend the School District meeting to cast their votes to express their will in this matter.

GREENVILLE BOARD OF SELECTMEN

GEORGE F. HALBEDEL JAMES A. HARTLEY JOHN S. RUBERY

REPORT OF THE GREENVILLE FINANCE COMMITTEE For the Year 1983

The Greenville Finance Committee (GFC) has met and reviewed and discussed the budget proposals as presented by the department heads. The GFC commends and thanks the department heads and board of selectmen for their conscientious efforts and cooperation in preparing the budgets and articles presented in this Town Warrant. Without their full cooperation, the budget for the Town of Greenville could have shown a marked increase.

The GFC has arrived at the following recommendations:

- 1. The budget be accepted as printed in the Town Report.
- 2. The GFC recommends approval of Article 11.
- 3. The GFC agrees to the need for emergency lighting and fire alarm system as proposed in Article 12. However, the GFC feels that strict specification and bid procedure be followed.
 - 4. The GFC recommends approval of Article 13.
- 5. The GFC finds Article 14 acceptable and recommends it be approved.
 - 6. The GFC recommends approval of Article 15.
- 7. The GFC finds Article 16 acceptable and recommends its approval.

The GFC recommends that the Water Department budget be shown the following as line items in the Town Report separating the expenses of the Water Treatment Plant, the normal operating expenses and salaries, the major repair expenses and capital outlay.

POLICE DEPARTMENT

Summary

The members of the Greenville Police Department have had another busy year with the activities and the training surpassing all the previous years.

The department handled approximately 185 criminal cases this year, not including investigations, resulting in approximately 151 charges. There has also been a decided increase in the daily activities which seems to occur each year with no let up in sight.

Training this year consisted of the final certification of all part time officers which is now compulsory for all police officers in the state of New Hampshire. We also held inter-department training such as films, classes on criminal investigation, accident investigation, child abuse and domestics along with all of the officers being qualified with their firearms. By this date, our full time officer, Carl Chandler, is attending the New Hampshire Standards and Training academy which is a budget burden as we must replace him on the streets while he is at the academy.

This year some of our members have been stricken with illness and have been inactive because of this. Officer Wayne Maki has not yet recovered from his injuries which he received in an accident, and Officer George Hopkins has been on sick leave for several months due to an illness but should be back by mid-year. We also lost Officer Gary LaFreniere who has moved to Keene, N.H.

I would also like to take this opportunity to thank Officer Sheldon Stokes who worked part of this year as our full time officr on the night shift. Officer Stokes is now back on our specials list and although he has moved out of town he will continue to assist this department and also act as a second officer during weekend duty.

The two certified female officers have had an exceptionally busy year as the department has had a large amount of cases involving females, juveniles and adults. These two officers have been an asset to this department and the nature of our activities is requiring more and more of their presence. Due to this, these officers will be a lot more visible in the future.

More and more people have been volunteering information on suspicious incidents and persons in the area. We hope everyone continues to contribute in this way throughout the new year also, and thank you very much for your cooperation.

HIGHWAY AGENT'S SUMMARY

In 1982 we experienced a winter of extremely heavy snowfall and cold weather. The town's roads were cleared quickly and efficiently.

During the Summer Maintenance program drainage, tree and brush work were completed for the 1983 winter.

The Kimball Heights drainage was completed and the excavated area was repaired.

The Chamberlin Street program, all drainage was corrected or replaced. A dangerous corner was made wider, sidewalks were reconstructed and new curbings were put in place where the curbing was missing. The roadway was torn out, new fill was put in place and repaired. The sewer and highway departments have been looking into new ways of raising and lowering manholes; together we found a company that developed a new spacer ring. This will be very cost effective and will eliminate excavating when manholes have to be raised. The first three rings will be used on Chamberlin Street this spring. I want to thank all residents and businesses for being patient, and also helpful, while this project was in process, and a very special thanks to Charles Buttrick and the Selectmen for their cooperation during this reconstruction program.

Starting in Spring of 1984 a paving program will be introduced and implemented. Careful planning and different concepts were considered. All roads were measured, asphalt reclaiming will be the most cost effective and efficient process, due to high cost of materials. Many other towns, and state districts, have adapted this method of resurfacing.

I am looking for this program to be completed in a four year period.

I want to thank the townspeople and town officials for their cooperation this year. I feel that our planned approach to the highways in town has been successful and look forward to working with you in the coming year.

PETER DESROSIERS, Highway Agent

REPORT OF THE CHAMBERLIN FREE PUBLIC LIBRARY

The Chamberlin Free Public Library is an on-going institution serving the town of Greenville. It is dependent upon the taxpayers in the town for its support. During 1982 our circulation increased over ten percent. We were pleased to register 88 Adults and 52 Children for a total of 140 new borrowers.

Some of the services offered by the library include:

A free lending library of approxiately 12,000 volumes

Large Print book collection

Reference book section and magazine collection

Circulating library of phonograph records

Used book sale

State-wide inter-library loan

Copier machine service

Story time for children

Special holiday events

Circulating library of art prints

Home-bound book delivery service

Programming at Greenville Falls

Candidates Night

Member of R.S.V.P. (Retired Senior Volunteer Program)

Member of Hillstown Co-op.

One of the more important methods the library has used to keep within its budget, while continuing the services the town has come to expect, is the active participation in the Hillstown Co-op. Hillstown includes thirteen member libraries and is one of the oldest and most active library co-ops in the state.

Meeting the demands for both the recreational and informational needs of their patrons has become an almost impossible task for libraries with limited resources. In an effort to meet this need, eleven area libraries organized the Hillstown Co-op in 1972. By sharing resources, buying books cooperatively, instituting regular delivery service among libraries, and planning regular meetings of librarians, the members have been able to offer their communities much better service than they could before.

Hillstown services mean:

Cooperative Book Buying: Cooperative book buying expands your library's book budget. Buying books as a group, Co-op members realize a much bigger discount than each would buying individually.

Inter-library Loan Service: This service makes the collections of thirteen libraries available to you. That's about 300,000 books,

magazines, records, tapes, etc. With Manchester's holdings, you can include approximately 500,000 library materials.

Delivery Service: Prompt and regular distribution of interlibrary loan material among libraries is assured.

Union List of Holdings: This list provides easy access to the collections of the Hillstown members. One phone call from your library ascertains if a particular book is available through the Coop and where it is located.

Fiction Depository: The depository provides a "home" for older, infrequently circulated books. With federal grant money, the Hillstown Co-op established a fiction depository at the Wilton library where copies of older novels culled from the collections of the member libraries are available to all Co-op members. Catalogs are sold to non-member libraries for lending books on a statewide basis for a small fee.

Periodicals Depostory: Again, with federal grant money, the Co-op has established a depository for back issues of magazines (both on microform and in hard copy). A microform reader printer is also available. The depository, housed at Merrimack Public Library, eliminates the necessity for each individual library to maintain extensive back periodical holdings while assuring that the material is still available to patrons.

The staff would like to thank all the people who have donated time, books and money to the Chamberlin Free Public Library during the past year. Our heartfelt thanks to Nancy Drogy who has tirelessly volunteered for Story Time, and to Frances Worcester of Greenville Falls who types our catalog cards.

Respectfully submitted, DOROTHY T. TUTTLE, Librarian

Parks and Playgrounds Committee Report 1982

This year proved to be a most successful and rewarding one for the staff as well as the children. Under the instruction of Theresa Fafard and Steven DesRochers over 150 children and 4 adults received Red Cross Swimming Lessons. Kyle Carlson joined our staff on a part time basis and also was in charge of mowing the field.

The ballfield was in constant use this summer with scheduled games and practice by the Little League, Minor League, Mascenic Girls Softball and several local men's softball teams.

The new playground equipment was installed by volunteers. It has already proven to be a popular spot for the youth of our town. The committee is planning to install picnic tables with umbrellas for shade. The funds raised by concessions run by the committee last summer will be used for this project.

The multi-purpose play area has received approval for matching funds. Bids were submitted for the project and were higher than expected, due to rising costs. We are planning to adjust the plans not to exceed the funds already appropriated. Due to the construction of a new school in the area we are working with the School Building Committee on specifications and will not continue with the multipurpose play area until completed.

We would like to thank David Bourgault for his loyalty and help to the improvement of our parks and playgrounds. We wish him best of luck in his new position. Ronald Drogy has been appointed as our new member.

We appreciate the continued cooperation and support of various town departments and townspeople during the past year.

Respectively submitted,

JAMES BERNIER, Chairman CHARLES BUTTRICK RICHARD WALLACE KATHLEEN VALLIERE RONALD DROGY

REPORT OF THE GREENVILLE PLANNING BOARD FOR THE YEAR 1982

The Greenville Planning Board functions as the Town's authority for reviewing proposed subdivisions, non-residential developments, and individual building permit requests to ensure each meets the requirements of current Town regulations and ordinances. The Board is also responsible for the planning and administration of orderly growth and development within the Town of Greenville.

For 1982, the Planning Board reviewed requests for two subdivisions, sixteen building permits, and three plot plans for recording purposes. Of the two subdivisions, one was not approved as it did not meet the town's minimum frontage requirement. The second subdivision request was referred to the Board of Selectmen who subsequently turned down the request as it did not comply with state and local ordinances.

All sixteen building permits were approved. Three permits were issued for new homes, two for installation of mobile homes, one for a barn, two for garages, and the remainder for miscellaneous storage sheds, decks, porches and replacement roofing for existing structures.

Five surveyed plot plans were submitted to the Planning Board for approval and recording. All were approved, and subsequently submitted to the Registry of Deeds for recording purposes.

The Zoning Study Committee completed their work on the Master Plan, and turned over all material to the Planning Board for finalization. The Committee was dissolved, as they had completed all zoning tasks mandated by the Planning Board.

Other business transacted during the year included holding two public hearings in January and February for the proposed Zoning Ordinance. The proposed Zoning Ordinance was turned down by the town during the March 1982 Town Meeting, leaving the town with little or no protection from indiscriminate growth in the years to come.

An informal public hearing was held in September 1982 for the express purpose of determining the town's desire for presenting the proposed Zoning Ordinance at the March 1983 Town Meeting. Those attending the hearing were nearly unanimous in expressing their disapproval for again presenting the proposed Ordinance; the feeling was that the town did not need zoning protection now or in the future. Based on the objections raised at the meeting, the ma-

jority of the Planning Board voted to discontinue efforts on the Zoning Ordinance, Zoning Map, and Master Plan for an indefinite period.

The Planning Board thanks all who attended the Board's hearings and meetings, and encourages all others to attend and offer their suggestions and comments. All Planning Board meetings are open to the public and everyone is welcome to attend. The Board meets the third Thursday of every month at 7:30 p.m. in the Court Room of the Town Hall.

The Planning Board wishes to convey special thanks to all members of the Zoning Study Committee for their particularly dedicated efforts over the last three years in preparing material for the Zoning Ordinance, Zoning Map, and Master Plan.

Respectfully submitted, ROBERT TAFT, Chairman MEL TUTTLE, Secretary BRUCE BUTTRICK MARK GAUVIN JAMES HARTLEY

THE SOUHEGAN VALLEY AMBULANCE SERVICE ANNUAL REPORT

During 1982 The Souhegan Valley Ambulance Service provided the best in ambulance service for the people in the four neighboring towns of Mason, Temple, Greenville and New Ipswich, at a surprisingly reasonable cost for each of us. This is possible only because of the dedicated volunteer service of many of your neighbors and friends.

We see the ambulance go rushing by with siren wailing and lights flashing. What we don't see are the hundreds and hundreds of hours of training, refresher courses and special classes attended by our Driver/Attendants in order that our townspeople may have the best possible ambulance service; some 1500 man-hours of training in 1982 alone.

The medical world is ever changing. To keep up with these changes, the Service will schedule for 1983 periodic training sessions with guest speakers who are specialists in their field, such as hypothermia, as well as additional training for EOA (Esophageal Obturator Airway) and MAST (Medical Anti-Shock Trousers) through Burbank Hospital in Fitchburg. Souhegan now has arrangements with both Burbank and Monadnock Community Hospitals for the sophisticated services. As part of the on-going training of the EMT's they must be recertified every two (2) years which requires that they participate in at least 48 hours of refresher courses and advanced training during that time.

Mention should also be made of the many hours of volunteer service on the maintenance of vehicles and equipment, to say nothing of the other community services carried on by the Driver/Attendants.

One of the two ambulances is near the end of its useful life. For some time we have had a committee hard at work looking for a replacement vehicle that will meet our needs yet be paid for with funds for the most part already in our capital account, and the estimated cost will be between \$40,000.00 and \$50,000.00 for the ambulance and equipment. This will be accomplished in 1983.

Extensive revisions in the Service's insurance program were instituted in 1982 providing better overall coverage for less cost.

In spite of continuing inflation The Souhegan Valley Am-

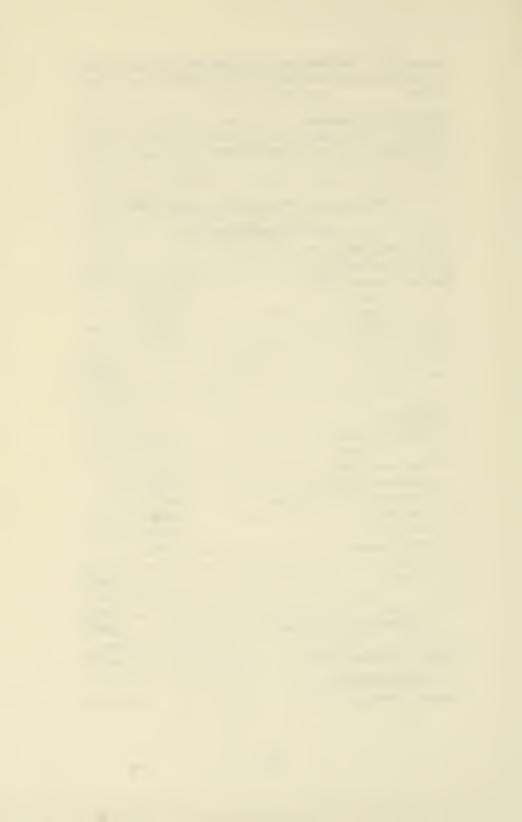

bulance Service has been able to project a decrease in per person costs for 1983, without reducing the high quality of our Service in any way.

Respectfully submitted, The Board of Directors The Souhegan Valley Ambulance Service

State of New Hampshire MASCENIC REGIONAL SCHOOL DISTRICT WARRANT

For Annual District Meeting on March 2, 1983

To the inhabitants of the Mascenic Regional School District in the towns of Greenville, Mason and New Ipswich in the County of Hillsborough, State of New Hampshire, qualified to vote upon District Affairs:

You are hereby notified to meet at the Mascenic Regional School in said District on Wednesday, the second day of March 1983, at seven (7:00 p.m.) o'clock in the evening to act upon the following subjects:

Notice: School District Officers to be elected at the Town Meeting to be held at the Fire Station in Greenville, the Mason Town Hall in Mason, and the Appleton Elementary School in New Ipswich, beginning at ten o'clock in the morning on Tuesday, March 8, 1983.

- 4. To see if the District will vote to raise and appropriate the sum of Seven hundred fifty thousand dollars (\$750,000.00) or some other sum of money for the purchase of two parcels of land adjacent to the Greenville Elementary School property in the Town of Greenville and for the construction of an elementary school including furnishings, equipment, architectural and other fees, for site development, and for any other items incidental to or necessary for said construction; to determine whether said appropriation shall be raised for the issuance or sale of bonds or serial notes on the credit of the Mascenic Regional School District in accordance with the provisions of New Hampshire Revised Statutes annotated Chapter 33 as Amended; to authorize the Mascenic Regional School Board to obtain State, Federal, and any other aid which may be available; and to authorize the Mascenic Regional School Board to determine the time and place of payment of principal and interest, fixing the rate of interest thereon the provisions for sale of notes and/or bonds and all other matters in connection therewith; and to take any other action relating thereto.
- 5. To see if the District will vote to raise and appropriate the sum of Twenty-two thousand five hundred dollars (\$22,500.00) or some other sum of money for the purchase of two parcels of land adjacent to the Greenville Elementary School property in the Town of Greenville.

- 6. To see if the District will vote to raise and appropriate the sum of Fifty thousand dollars (\$50,000.00) or some other sum of money for necessary renovations of Greenville Public and Sacred Heart Schools or to take any other action relative thereto.
- 7. To hear reports of Agents, Auditors, Committees, or Officers chosen and pass any vote relating thereto.
- 8. To see if the District will vote to authorize the School Board to make application for and to accept in the name of the District, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government and/or State Agencies and to expend the same for such projects as may designate.
- 9. To see if the District will vote to raise and appropriate, in addition to the original appropriation for 1982-83 the sum of Fiftythousand dollars (\$50,000.00) to be made available to the School District prior to July 1, 1983 in order to meet unanticipated obligations caused by costs incurred for special education programs as mandated by State and Federal Statutes.
- 10. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the salaries of school district officers and agents, and for payment of statutory obligations of the district.
- 11. To transact any other business that may legally come before this meeting.

Given under our hands at said New Ipswich this 27th day of January 1983.

SUPERINTENDENT'S REPORT for Mascenic Regional School District

It is a pleasure to submit this report for the 1981-82 school year. The school year began with 1007 students, 583 elementary and 424 secondary.

Several new teachers were added to the staff. At the elementary level Cheryl Deegan and Gail Pierson were assigned to Appleton and Jane Anderson and Michael MacMahon became members of the secondary staff.

In an effort to establish an additional channel of communication within the secondary school a Student Advisory Council to the Superintendent was formed. Two students from grades 10, 11, and 12 were elected to represent the student body. Seniors Jill Hopkins and Karen Konrad; Juniors Geoffrey Brock and Susan Sargent; and Sophomores Robert Ammon and Gary Chauncey gave very generously of their time and thoughts in a very responsible and mature manner. Their efforts were greatly appreciated.

A special education resource room program was instituted at Appleton Elementary which successfully provided special education services to many fifth and sixth grade students.

The school district voters imposed a \$104,199 reduction in the requested 1982-83 appropriation at the annual district meeting while approving the expenditure of \$10,000 for further study of the construction of an elementary school in Greenville as well as \$15,000 for several building improvements.

The budget request included funds for the implementation of a computer education program at the secondary level. In addition, budgetary planning included efforts to eliminate the less than desirable state designation of Mascenic School as a "provisionally" approved school.

Prior to the end of the school year the School Board approved a plan for a thorough study of the school bus transportation system in the hope that some long range savings and improvements could be realized in this area.

The annual elections in March brought the retirement of School Board Members Annabel Aldrich and Walter Ammon and the election of David Barry, New Ipswich and Johanna Reilly, Mason. George Doonan was re-elected in Greenville and was designated by the Board to continue in his role as Chairman. Earl Somero of New Ipswich was elected as Chairman of the School Administrative Unit No. 63 Board.

After careful consideration of the overall state of the school dis-

trict's schools an administrative reorganization was proposed and implemented in the spring. A screening committee made up of staff members, community representatives, and students ably participated in the selection of a district wide principal. This resulted in the appointment of Edward C. Martin in June, 1982 to head the district schools.

The school year closed with an awareness that the school district was at a point of change in its history. The awareness brought out a variety of feelings on the part of the students, staff, and community members which reflected varying degrees of uncertainty and hope. However, the desire to improve the schools by building on their many existing strengths in the important areas of staff and sound education programs presented an exciting challenge to all of us who serve the young people of the Towns of New Ipswich, Greenville and Mason.

Please indicate in the space provided if you are interested in serving as an appointee on any town committee or other function. Please list in order of preference.
