REPORT OF THE SELECTMEN AND TOWN MANAGER

At the close of 1964 the Town had a net unexpended balance of appropriations of \$907.71. Funds have been reserved for all incompleted projects previously voted.

The main event of the year was an unfortunate one. The Labor Day riot raised havoc with our major industry and struck fear into the hearts of townspeople and visitors. Many people and organizations are working together trying to find a solution. The symptoms are varied and difficult to find. However, no stones are being left unturned in trying to find a solution. We strongly recommend the support of all groups working on the problem of riots.

The health inspections conducted during the year brought out into the open the large number of living units which do not meet the requirements of the minimum state sanitary laws and regulations. We urge the voters to approve the creation of a housing authority. A housing Authority is the only body or agency which can apply for 100% Federal Funds to make a detailed investigation of the problem. After public hearings, the housing authority will submit their findings and recommendations at a later town meeting.

We still believe, as we suggested a year ago, that a comprehensive study of our structure of town government is in order. The Town is still growing and as

growth continues, more and more we see how we are hampered by tradition and archaic laws.

In closing, we believe the day is near when we should have a complete re-valuation of the town.

Pray was offered by the Reverend Dwight H. Blakeslee.

“Almighty God who hast given us this good land for our heritage, we humbly beseech thee to look with favor upon all those who are charged with the responsibilities

of public office and upon all who are gathered here.

Grant us grace that all our consultations may be to thy honor and glory and to the advancement of the safety, honor, and welfare of the people of Hampton. Bless our community with honorable industry, sound learning and pure manners. Save us from violence, discord and confusion, from pride and arrogance and every evil way.

Give us simplicity and the spirit of good will in our dealings with one another. Let all that we think and speak, and do, be for the good of thy people.

Stir our wills and kindle our understanding that we may discern the way to a just and ordered community where all may work and all may find a just reward, and thy people may serve thee in the spirit of Jesus Christ Our Lord. Amen."

The Call for the Direct Primary and the first five articles of the Warrant for Town Meeting, plus articles No. 14, No. 15, and No. 38 (which appear on the ballot) were read by the Moderator.

PURPOSE OF EXPENDITURES:

The Budget Committee went along with the recommendation of the Selectmen and Town Manager and approved a 2% increase in wages for Department Heads, Captain, Lieutenants, Sergeants and Foremen and a 5% increase for permanent patrolmen and laborers. This amounts to a total of \$8,541 increase for wages in the 1964 Budget.

I. GENERAL GOVERNMENT

The Town Officers' Salaries shows an increase of \$650 over 1963. This includes a \$400 increase in the Town Manager's salary and \$250 more to the Tax Collector. This total amount is \$200 less than requested by the Selectmen.

The Town Officers' Expenses are budgeted at \$572

more than was expended in 1963 due to increased postage and a \$2.00 per week increase in salary for the Stenographer. The \$12,575 figure represents a decrease of \$550 for the figure submitted by the Selectmen.

Election and Registration Expenses are increased because we will have two elections in 1964 in addition to the usual March election.

Municipal Court Expenses —On July 1, 1964 our Municipal Court will become a District Court and under the provisions of RSA 502-A:6, par. IV the minimum salaries of the Justice, Special Justice and Clerk are set. The Budget Committee made these adjustments for the last half of 1964 and this accounts for the major portion of the increase in this account. These increased expenses will be offset by increased revenues in this account. We reduced the amount requested in the Selectmen's Budget by \$754.

Expenses of Town Hall and Other Town Buildings is up about \$600 over actual expenses in 1963 because some of the repairs to the Town buildings were held off until this year because of our big \$80,000 police station project that we were burdened with last year.

Employees' Retirement and Social Security — Increase in Town Employees wages plus the number of dollars budgeted for retirement has increased this account to \$8,100.

II. PROTECTION OF PERSONS AND PROPERTY

The Police Department will have \$93,451 to operate with in 1964. (\$12,000 of the \$29,720 shown under Health—Expenditures State Park, is the amount of police protection we supply on State Property. This \$3,600 budget increase allows for increased light and heat costs in the new Police Station plus money for supplies, protective helmets, radar equipment and wage increases.

The wage increase in the Fire Department plus

\$1,200 to replace depleted supplies and hose, accounts for the rise in this budget.

Moth Extermination, Blister Rust and Care of Trees will receive about the same amount as was expended in 1963.

The Planning and Zoning budget was reduced to \$450 under the amounts requested by the Selectmen. A breakdown of this account shows: \$600 for the Planning Board; \$600 for the zoning Board; \$250 for the Municipal Budget Committee; Total \$1,450.

Hydrants — This account is up because of the increased water rates and an allowance to install two (2) new hydrants. The major increase is in the water rates.

Damages and Legal Expenditures is very difficult to budget. This is an account that can vary quite a bit each year, but it is estimated we would need this amount for legal expenses this year.

Civil Defense we reduced to \$700 because that is more nearly the amount we have been spending over the last few years.

III. HEALTH

Expenditures — State Park: This is a new account to show how much money we are spending on State Property. The \$29,720 is not added to the budget, but is actually monies taken from the following three accounts:

1. Police, \$12,000. Protection of Persons and Property.
2. Lifeguards, \$8,720. Public Service Enterprises
3. Beach Cleaning, \$9,000 Special Activities

Total \$29,720

The main increase in the major accounts under Health occurs in Sewer Maintenance. Wage increases to the men in the Sewer Dept. accounts for part of this increase plus a great deal of time which must be spent on maintaining our present sewer system. The more sewer systems that we put into operation, the more

time and money must be spent in maintaining these systems.

We cannot burn our rubbish at the Town Dump and must take a bulldozer and take care of burying the rubbish. It is also necessary to have a full-time man at the dump. As long as the State will not allow us to burn our rubbish, we will find it more costly to maintain a dump. We have budgeted \$400 less than appropriated in 1963 and \$1,000 less than requested by the Selectmen.

IV. HIGHWAY and BRIDGES:

Tax Maps — The amount of \$7,500 recommended by the Budget Committee is the same as appropriated in 1963. This represents a decrease of \$2,500 in the amount requested by the Selectmen, but is about all we can budget for this function if we are going to try for a tax reduction this year.

Town Maintenance of Highways and Bridges for Summer and Winter has increased about \$11,000 over last year. \$3,300 of this is for wage increases and the balance is for the increased miles of roadbed to maintain plus replenishing depleted supplies. The balance of the major accounts under Highways and Bridges shows slight reductions for last year's actual expenditures, but the Budget Committee did cut \$6,500 from the amount requested by the Selectmen.

V. LIBRARIES

The Library account was trimmed to \$9,000 this year as the library has a small balance from last year plus an income from fines and the Trust Fund.

VI. and VII Public Welfare and Patriotic Purpose have the same amount budgeted this year as was appropriated in 1963.

VIII. RECREATION

The Recreation Commission had this account increased \$500 last year and the Budget Committee has bud-

geted \$3,045 for 1964, which is about \$100 more than the Commission spent in 1963.

Parks and Playgrounds is budgeted at \$1,500 less than was asked for by the Selectmen. There was no reduction in the amount of money for the Band, but it was noted that the amount of money spent for playground care and help was always about \$1,000 less than requested. Also no money was recommended for the Fish House.

IX. PUBLIC SERVICE ENTERPRISES

There is no change in the budgeted dollars for Christmas Lighting this year, but the Budget Committee did increase the budget for the Cemeteries by \$1,000 over that requested by the Selectmen. The normal operating expenses of the Cemetery Association are \$5,400 less \$2,400 income, leaving an appropriation needed for normal operations of \$3,000 for 1964, but with the streets in the cemetery in such poor condition we allowed \$2,500 ($\frac{1}{2}$ of what the Association requested) to start putting the streets in good repair.

The Selectmen requested \$12,000 for Parking Spaces Account, but the Budget Committee recommends \$10,700. We recognize that the Island Path Parking lot and the parking lot where the old police station used to be must be re-surfaced. Also there is a lot of painting of lines to do. The Committee couldn't see \$1,000 for a building for the Island Path parking space. This amount was reduced to \$200.

Advertising and Associations is about the same as 1963.

Special Activities actually has budgeted \$24,920, but as we have previously stated that in order to show how much money we are spending on State property the \$9,000 for beach cleaning and \$8,720 for lifeguard was shown in the \$29,720 figure for Expenditures on State Parks.

X INTEREST:

The auditors corrected the actual expenditures for interest in 1963 to \$38,452 instead of the \$35,469 that you see in your report. The amount budgeted for 1964 is \$32,206 for Sewer Construction Bonds plus interest on borrowing in anticipation of taxes. The total amount budgeted is \$38,000.

XI HIGHWAYS AND BRIDGES:

Storm Drains were reduced to \$1,850 to economize. Drainage construction could be done on Carlson Road and a catch basin on Ashworth Avenue.

There was \$4,000 recommended by the Selectmen to build an additional tennis court at Tuck Field, but this was **NOT RECOMMENDED** by the Budget Committee.

The Selectmen have asked for \$1,000 to be available for Engineering Services for certain projects at various times and the Budget Committee has gone along with their request.

The amount of \$2,000 recommended for **Sidewalk Construction** is for repairs, resurfacing and rebuilding only.

The Budget Committee recommends \$25,000 for Sewer Construction for Boars Head, Winnacunnet Road, Plaice Cove, Gentian Road and Hutchinson Drive. These are critical areas according to the Selectmen and Town Manager and should be done or we will have a health problem. The amount is \$5,000 less than was requested by the Selectmen.

New Lands and Buildings — The Budget Committee reduced the request of the Selectmen in this account from \$12,300 to \$1,000. The \$1,000 is to pay rent for the Casino Garage. The Committee does **NOT RECOMMEND** new public toilets in the Police Station and we do **NOT RECOMMEND** any expenditures of funds for a Police Garage. If work has to be done on police cars, it can be done in the Casino Garage (very handy to the

Police Station and prisoners can be left off at the door of the Police Station. There are plenty of Public toilets on Hampton Beach and we do not want the extra costs associated with the Public using toilets at the new Police Station.

New Equipment — The Budget Committee reduced the request of the Selectmen \$35,600 from \$41,850 to \$6,250. The tractor with loader, garbage truck and sweeper are **NOT RECOMMENDED** for this year. It is estimated that the two police vehicles that were purchased on January 21, 1963 and June 20, 1963 would have 93,000 and 79,000 miles respectively by the time they are traded in 1964 and the Committee recommended \$2,400 for trading these two vehicles. There is \$850 recommended for five new fire alarm boxes.

\$3,000 is recommended for a new truck for the Sewer Department. It is especially needed for the new lift station and other service works to carry materials for work and also gravel. It is a one-ton dump truck.

XII. Payment on Principal of Debt — remains the same as 1963 because no loans will be retired in 1964.

Special Articles 21, 23, 26, were covered under Special Articles in the earlier portion of my report.

Page A-20 shows anticipated revenue of \$256,300 for 1964.

The net result of the Budget Committee's work; which consumed over 600 hours spent going through this budget item by item (and there are many more sub-accounts that do not appear in this report) was to reduce the Selectmen's Budget, on these line items, by \$83,791 from a total request of \$857,365 to a **RECOMMENDED** budget of \$773,574.

We would like to express our appreciation for the very fine cooperation we received from the Board of

Selectmen, the Town Manager and Department Heads during the preparation of this Budget.

Respectfully submitted,

DAVID B. DRUMMOND, Chairman
Municipal Budget Committee

Mr. Fred White made the motion that the Report of the Budget Committee be accepted and that the town vote to raise and appropriate the sum of \$773,574.00 for town purposes.

Mr. Raymond St. Pierre made a motion to increase the Recreation Appropriation from \$3,045 to \$4,045. a sum of \$1,000 said increase to be used for the Hampton Youth Association in its year 'round sports programs for the Boys and Girls of Hampton.

Seconded by Mr. Charles Witcomb. Amendment carried.

Selectmen Noel W. Salomon made a second amendment that the appropriation for the Library be increased from \$9,000 to \$10,400.

Seconded. Amendment Carried.

Following passage of the second amendment and the first amendment, Mr. White's motion was passed as amended making a total of \$777,974.00.

Mr. Robert Bridle asked what areas are to have sewerage facilities. Town Manager Kenneth D. Boehner replied that the sewer was to be extended as follows:

1. To take care of the worst areas of pollution.

Selectman Noel W. Salomon made the motion that the reading of the remainder of the warrant be waived, and that the Polls for voting remain open until 8 P.M.

Seconded. So Voted.

The Moderator requested that guests sit in designated seats. He announced that the vote to re-consider would only be entertained immediately following action on an article.

A motion to "Lay on the Table" requires a 2/3 vote to pass.

Moving the Previous Question — a 2/3 vote. After an article is read the petitioner may speak first, then one person in favor, and one against the article — alternating. No repeats until all have spoken who wish.

ARTICLE 6

Budget

Mr. David Drummond, Chairman of the Budget Committee gave the following report:

To: THE HAMPTON TOWN MEETING March 10, 1964

The gross budget recommended in Article 6 by the Municipal Budget Committee for the ensuing year is \$773,574. which is \$42,855 more than the approved line item budget of 1963, but a reduction of \$83,791 from the figures submitted by the Board of Selectmen. Anticipated income during 1964 from revenue items is \$256,300. This is \$17,688.50 more than was anticipated in 1963 and \$1,693.43 more than was actually received.

The Budget Committee held ten (10) Executive Sessions and two (2) Public Hearings in preparing its recommendations for this Town Budget. The completed budget has been published in the newspaper, as required by law, included in the Town Report and has been posted.

Special Article No. 16 for an appropriation of \$9,500 for the installation of a sanitary sewer system on Tobey Street and Gray Avenue is Not Recommended. If the bids on sewer construction are low enough this year, this area might be done in the overall plan.

Special Article No. 17 for an appropriation of \$7,000 for the installation of a sanitary sewer system on Mill Road from Ann's Lane to a point near 111 Mill Road is NOT RECOMMENDED. The Budget Committee recommended \$25,000 for sewer construction in the budget to do areas that the Town Manager considers critical at this time.

Special Article No. 19 for an appropriation of \$1,600

for the purpose of extending the sewer line 640 feet west of the intersection of Carlson and Locke Roads for the purpose of serving the new Ellis Acres Development with its anticipated new dwellings is **NOT RECOMMENDED**. It is up to the **Developers** to install the sewer in the Developments and run-out to the main town sewer line.

Special Article No. 21 asks the town to raise and appropriate the sum of \$150,000 for the purpose of paying land and property damages for the acquisition of a strip of land 100-110 feet wide running from Glade Path to Ocean Blvd. near the Hampton River Bridge for the purpose of a public highway. The Budget Committee wanted to submit this article **WITHOUT RECOMMENDATION** (as they did last year), but because the amount of \$150,000 is greater than 10% of the basic budget, the voters would not be able to vote on the issue so we have submitted this article, as **RECOMMENDED**. There has been a Special Committee studying the pro's and con's of this land acquisition and we feel their reports should be heard by the voters. If this article is approved by the voters, it should be financed by a bond issue.

Special Article No. 22 is **NOT RECOMMENDED**. It is our opinion that any land acquisition considerations for the road project should be handled in total, and not piecemeal.

Special Article No. 23 concerning the sum of \$2,000 for the purpose of building a storm drainage sewer in the drainage ditch on the Hoyt property, provided the Town is given an easement, is submitted **WITHOUT RECOMMENDATION**.

Special Article No. 26 concerning the sum of \$25,000 for the purchase of a new fire truck by bond issue, is **RECOMMENDED** by the Budget Committee. This is based on the fact that the Aron Fox is definitely obsolete and a new fire truck is needed.

Special Article No. 27 to increase the appropriation of the Recreation Commission by \$1,500 is NOT RECOMMENDED. The amount of money in the budget for Recreation Commission is \$900 more than was actually spent in 1962 and \$100 more than was expended in 1963, when this budget was increased at Town Meeting.

Special Article No. 28 to appropriate the sum of \$1,000 for two fire alarm boxes to be located at or near the corner of Thomsen and Mace Roads and at the corner of Naves and Yeaton Roads is NOT RECOMMENDED. There is already money in the budget for new fire alarm boxes and the system should be expanded only under the plan of the Fire Chief.

Special Article No. 30 is NOT RECOMMENDED. We have recommended a new fire truck under Special Article No. 26 and there will not be any extra pieces of equipment at the Academy Avenue Fire Station and therefore, extra construction to this fire station would not be necessary.

Special Article No. 31 asking for the sum of \$1,000 for New Hampshire Seacoast Regional Development Association is NOT RECOMMENDED. There is already \$500 in the budget for this Association and this is the amount that we have budgeted in other recent years.

Special Article No. 32 to raise and appropriate \$50 for the expenses of a Survey Commission to study the Recreation Industry in Hampton is NOT RECOMMENDED.

Special Article No. 33 concerns a request to appropriate the sum of \$120,000 for obtaining land and constructing a Community Center. This article is NOT RECOMMENDED. In the interests of trying to keep our tax burden within reasonable limits it was felt that the Town could not enter into such an expensive project as this, at this time. If you will kindly

turn to Pages A-21 and A-22 of the Town Report, I mended by the Budget Committee in Column 3.

will review the major items of the Budget as recom-

2. The Federal government hold club over the Town and will not give aid unless certain areas are done.

3. Water pollution samples are coming in. Must wait for those results.

Great Boars Head, Winnacunnet Road, Hutchinson Road, and Gention Road, are some of the worst spots. Surfside Park is not ruled out, it is merely a question of which are the most critical areas to care for.

ARTICLE 7

Power to Borrow Money

Mr. William Elliot moved that Article 7 be voted as read. Seconded by Mr. Wilfred Cunningham. So Voted.

ARTICLE 8

Disposal of Real Estate Acquired by Tax Deeds

Mr. Robert Bridle moved that Article 8 be voted as read. Seconded by Mrs. Louisa Berry. So Voted.

ARTICLE 9

Fifteen Year Term For Leases

Mr. John Long made the motion that Article 9 be voter as read. Seconded by Robert Bridle. So Voted.

ARTICLE 10

Use of Vacant Land at Plaice Cove

Mr. Wilfred L. Sanders moved to indefinitely postpone Article 10. Seconded.

Selectmen Lawrence C. Hackett asked the Town Manager to show the location of proposed lots at Plaice Cove on a Map.

Mr. Sander's spoke against Article 10, saying that the residents of the town needed access to the beach in this section. There are few places on the North Shore where people may go to the beach without trespassing. The sand dunes are not costing the town any money, and there is inherant value in keeping land as it now is for nearly all of our beach front is built upon.

A plan of this section was recorded in the Registry of Deeds in 1909, and informally known as North Side Park in 1919, in Memory of Joseph W. Brown, a former selectman.

Mr. Hackett spoke in favor of the articles saying that laying out house lots for lease by the town would bring in additional revenue. Mr. Sanders asked if Article No. 24 which is closely related, could be taken up at this time. It was voted to take articles in order.

After some discussion Mr. William Elliot moved the "previous question" limiting debate. Seconded. So Voted.

The motion to indefinitely postpone was carried.

ARTICLE 11

Voting Machines

Mrs. Louisa Berry moved that Article 11 be accepted as read. Seconded by Kenneth Malcolm.

Mr. Boehner explained that the town had the opportunity to borrow machines from the City of Portsmouth for the 1965 Town Meeting. The use of voting machines is governed by the State.

Mrs. Helen Mullen made the amendment that the period at the end of Article 11 be changed to a comma, and the words "at no expense" be added. Seconded. Voted as amended.

ARTICLE 12

Real Estate and Victualer's Licenses

Selectman Lawrence C. Hackett said that the ordinance providing for such licenses was enacted in 1909. It has outworn its usefulness. Stock in trade takes its place. Real Estate operators are licensed by the State of New Hampshire.

Mr. William Elliot said that such licenses had been very controversial and were thought unfair to the beach.

Article 12 was voted as read.

ARTICLE 13**Policing State Parks**

Mr. Wilfred Cunningham made the motion that Article 13 be accepted as read. Seconded. So Voted.

ARTICLES 14 and 15

Appear on the Non-Partisan Ballot

ARTICLE 16**Sewer for Tobey Street and Gray Avenue**

This article not recommended by Budget Committee. Mr. Drummond made the motion that Article 16 be indefinitely postponed. Seconded. So Voted.

ARTICLE 17**Sewer on Mill Road**

This article not recommended by Budget Committee. Mr. David Drummond made the motion that Article 17 be indefinitely postponed. Seconded. So Voted.

ARTICLES 18 and 19**Sewer for Ellis Acres**

Not recommended by Budget Committee. Mr. Drummond moved to indefinitely postpone Articles 18 and 19. Seconded. Both So Voted.

Selectmen Noel Salomon made the motion that the meeting recess for lunch — until 1:15 p.m. Seconded. So Voted.

The Meeting re-convened at 1:15 p.m.

Article 20 was read by the Moderator who then recognized Miss Ruth Stimson sponsor of the Article.

Miss Stimson gave the annual Report of the Marsh Conservation Committee, as follows:

The Hampton Marsh Conservation Committee wishes to submit its annual report on four developments since last Town Meeting:

1. To date 143 acres have been donated for wildlife and conservation purposes.
2. On August 15, 1963 a Public Recognition Cere-

mony was held to honor the donors during the 325th Anniversary of the Town. Governor John W. King presented certificates to the donors.

3. The Town Moderator appointed two new members, Mr. Stillman Hobbs and Mr. Samuel Towle, whose names should be included in the Town Report.

4. In Mid-November the Town Counsel, at our Committee's request, drew Article 20 as partial rescinding action and submitted it to us and the Municipal Development Authority.

On February 3 it was submitted to the Board of Selectmen as drawn and the bounds published in the local paper with a map. On Feb. 15, the Municipal Development Authority asked the Conservation Committee to meet with them—and suggested new bounds, drawn by Judge William Treat, their counsel. They asked us to amend Article 20 to substitute these bounds. On March 6 our Committee voted to alter the boundary since the Authority stated in writing that they would “not oppose the change, but support it at Town Meeting, and at the next session of the State Legislature.”

Article 20 concerns the use of town-owned marsh land in a certain area of the Marsh. If it is your pleasure to accept the amendment with the bounds suggested by the Authority, the use of the land will be designated for wild-life and conservation purpose. The ownership of the land will still be kept by the town. Our Marsh Conservation Committee believes in town ownership of its own marshland. The Legislature believed in it also when it passed Chapter 36A at the 1963 session.

This new law provides for local people to supervise their own marshland. Mass. has over 200 local Conservation Commissions under a similar law.

Mr. Moderator I move that Article 20 be amended on page A-6, paragraph 3 by deleting the North, East, South, and West Boundaries as described, and substituting the following boundaries described as follows:

Beginning at a point approximately two thousand feet north of the Taylor River at the intersection of the easterly sideline of the right-of-way of the New Hampshire turnpike with the southerly side-line of the right-of-way of the Exeter and Hampton Electric Company, south of Drakeside road; thence following the southerly sideline of said Exeter and Hampton Electric Company right-of-way in a general easterly direction to the point of its intersection with the westerly side-line of the right-of-way of Landing Road; thence following the said westerly side-line of Landing Road in a general southerly direction to its southernmost point; thence in a southerly direction to and continued down the stream known as Nudd's Canal to the point where it intersects the Town of Hampton line in Hampton River; thence running in a general northerly direction following said town line to the point of its intersection with the easterly side-line of the right-of-way of the New Hampshire turnpike; thence following the said easterly side-line of the New Hampshire turnpike in a general north-easterly direction to the point of beginning.

Miss Stimson's motion was Seconded.

Mr. Carl M. Lougee, Chairman of the Hampton Municipal Development Authority pointed out the bounds in question as Miss Stimson read. He then read his letter to the Marsh Conservation Committee and said that the M.D.A. wished to co-operate. Both groups are in unanimous agreement—west of Nudd's Canal. The Municipal Development Authority does not oppose the change, and will support it at the next session of the N.H. Legislature.

In reply to a question by Mrs. Margaret Wingate concerning Marsh Development—Mr. Lougee said that the MDA hoped to obtain funds from urban renewal for development of Project No. 1.

Mr. Irving Jones spoke against any plan that would damage the half-million dollar Clam business.

Town Manager Kenneth D. Boehner said that about 5% of the marshland was owned by the town. 95% by individuals.

Each deed contains a provision that if the land is no longer used for conservation purposes it may be returned to the owner.

National Library Week in April and Children's Book Week in November were observed by displays of new books.

Mrs. Kenneth Lovett, Art teacher in the Elementary schools, had charge of the art displays on the peg board and in the display cases. The collections are varied and interesting. Descriptions of the exhibits were printed in the Hampton Union. We are grateful to all those who have loaned articles for these exhibits.

We thank the Garden Club for the several items in observance of the Holiday Season, the Madonna, the flower arrangements and the lovely wreath for the door. The prettily decorated tree was supplied by the Library Staff.

Several books from the Bookmobile Extension service have been at the library.
