SELECTMEN'S REPORT

The year 1978 was a combination of gratifying events coupled with a number of frustrations for your Selectmen. On the plus side we saw real progress made in the long needed Elderly Housing Development. Emil Legere Construction Company of Keene, N.H., a thoroughly experienced firm in this type of building was awarded a Building Permit for this project which will be located beyond the High School on School Street. The Government has approved funding for forty-three of the proposed fifty units. Approval for the remainder is anticipated at any time and we expect that ground will be broken during 1979. This is a giant step in the right direction as Hillsboro again showed its concern for the welfare of our Senior Citizens.

Our Sanitary Landfill was beset with a multitude of problems ranging from severe mechanical problems with the loader-compactoer to a constantly burning underground fire. With the appointment of William "Billy" Goss as Landfill Attendant a rigid maintenance schedule was set up for the loader. A working glass crusher was built and installed for the purpose of recycling bottles. Strict attention was paid to the general appearance of the area and good housekeeping principles are being applied. Greg LaRochelle was able to extinguish the fire shortly after being appointed Superintendent of Public Works. Hillsboro can be proud of the current procedures at the Landfill. State inspections have failed to produce any major complaints with its operation in recent months.

The Town raised and appropriated money for the creation of a tax map. Unfortunately, Tax Maps Inc., of Newport, N.H., the firm to whom we awarded the contract filed bankruptcy late in 1978. Their assets have been purchased by a new firm and the present schedule calls for completion of the maps by the end of June 1979. These maps will aid greatly in the assessing of property in the Town. The cost of a general reassessment will be decreased by about six dollars per parcel because of the maps. There are over three thousand parcels in the Town. This year's Warrant contains an article requesting an appropriation of sixty-five thousand dollars for the cost of reassessment of all real property. We are asking that this money be raised by borrowing. It is our feeling that a reassessment will create a more equal distribution of the tax burden.

We have been advised by the Continental Telephone Company that effective June 30, 1979 they intend to discontinue the operator answering service for the Town. At the

present time a petition has been filed in an attempt to compel the Company to continue this service. In the event that this petition is unsuccessful we are asking for an appropriation of twenty-one thousand dollars for the purpose of instituting our own emergency communications system. This money would cover the cost of such a system for a six month period from July 1, 1979 to December 31, 1979. We have discussed the new system with Selectmen in adjacent communities. It is our hope that they will participate with us in this venture and assume a percentage of the cost.

The Police Department under the direction of Chief Paul Cronin has run smoothly with a minimum of problems. Although we asked for money at the last Town Meeting to purchase a new cruiser we did not expend that money. This year we are asking for one thousand dollars to be added to the five thousand dollars appropriated last year for the new cruiser. The increased money is simply to cover the increased cost of the new car. Chief Cronin has been deeply involved in the study of the replacement communication system and has submitted the alternate plans to the Selectmen.

Without a doubt, the greatest source of frustration and the most publicized area of our endeavors has been the Highway Department. Late in 1977 we hired George Trubiano as Superintendent of Public Works. It was our hope that he would be the man to correct what we felt was an undesirable situation in the Highway Department. It was a serious error on our part and one for which we can offer no excuse except that we are no more infallible than anyone else. George Trubiano is a man of considerable talent but his failure to revamp the Public Works to our, and your, satisfaction resulted in strong public pressure being applied where it belonged, on the Selectmen. An irate Town Meeting rightfully refused to purchase new equipment for the department because the taxpayers felt that we were not properly caring for our existing trucks. The situation continued to deteriorate despite our best efforts to correct it. We experienced serious budget deficits primarily due to excessive outside repairs to equipment and rental costs of plowing when our trucks were down for repairs. In October 1978 the Selectmen asked for, and received, Mr. Trubiano's resignation. In September of 1978 Wilfred "Smut" Dunlap retired as Highway Foreman. We wish at this time to express our gratitude to Mr. Dunlap for his many years of dedicated service to our Town. His retirement left a void on the Highway Department which we needed to fill.

It came to our attention that Billy Goss, while working as Landfill Attendant, had assumed additional duties on his own initiative which were of benefit to the Town. Billy and

his assistant, Scott Gerini had gathered all of our plow blades at the Landfill. They were pounded into shape, welded, sand blasted and painted and made ready for the winter work. As a result of this project combined with substantial knowledge of equipment and a strong family history in road work we appointed Billy Goss as Highway Foreman. Shortly thereafter Greg LaRoche was appointed Superintendent of Public Works. We immediately embarked on a plan to restore all Town vehicles to top operating condition. A regular maintenance program was set up and is rigidly adhered to. Many minor repairs which were formerly sent out are being done by our own men. Better preventive maintenance has resulted in fewer equipment failures and less money being spent for rental plowing. Some of the vehicles have been painted and the overall appearance has greatly improved. We will pursue this program with vigor since we feel that this is what the taxpayers have a right to expect. At this writing we have endured a very difficult winter with much snow and heavy rain. The overall comments from the townspeople seems to be satisfactory and the Highway Department has received more compliments than complaints. In view of our efforts in this direction we are again asking for new equipment and request that you give it your serious consideration at Town Meeting.

At this time we wish to point out that although we incurred a deficit of about forty thousand dollars in the Public Works Departments we have tried to be as frugal as possible with the taxpayers money. Our overall deficit is approximately eight thousand dollars. While this is not entirely satisfactory to us it is not wholly unsatisfactory in these days of galloping inflation and unexpected occurrences. The anticipation of expenditures in advance when dealing with intangibles such as the weather is never precise. It is unfortunate that other levels of government in this country are much further removed from reality than is our Town budget. We fully expect to have a balanced budget for the year 1979.

Respectfully submitted,

RUSSELL S. GALPIN

FIRE DEPARTMENT REPORT

The Fire Department responded to 89 calls in 1978. We also responded to one fire in Windsor. Mutual aid assistance to Deering 8 times. To Antrim Town line for a fire at Whittings. To Henniker 7 times. Deering assisted us 8 times. Henniker assisted under mutual aid to us 8 times.

There were 6 fires of suspicious origin and one of definite arson. There were 3 major fires in Hillsboro this year. During the year the Fire Department using their own organization funds, purchased several acres of land near Medric Trother along side of the river. This land will be used for training purposes and recreational use. We will develop it with all volunteer help. We also established a scholarship for the High School and our first recipient was Wayne Wilson.

The Fire Department by using an army surplus truck built another tanker complete with tank and pump. The work was done with many hours volunteered by the Fire Committee. The total cost after the purchase of a used tank and a new pump and other necessary valves and fittings for around \$2,000. This truck carries about 1500 gallons of water and is a valuable addition for outside fires.

We inspected some 50 wood stoves and 25 oil burners. Once again the Fire Department is ready and willing to help you with your fire safety problems. The wood stove films were poorly attended but it was a stormy night. We may have another showing. Valuable tips can be gained by seeing this show. As usual, the Fire Department members were tremendously cooperative and worked very hard.

Sincerely,

HOWARD E. PAGE

HILLSBORO RESCUE SQUAD

The Rescue Squad answered a total of two hundred thirty five (235) Emergency calls in 1978. This is a record number of calls for the Rescue Squad's history.

Due to the extra number of calls and the use that the ambulance gets over a period of years, we feel it will be necessary to replace our present vehicle this summer.

The Rescue Squad responded to one hundred eighty six (186) calls at residences, responded to ten (10) auto accidents, and six (6) motorcycle accidents. We also responded to thirty one (31) of the fires in Hillsboro during the year. The fires that were responded to only represent the major fires that were of serious and life threatening nature.

The increase of emergency calls also reflects an increase in trips made to medical facilities. One hundred twenty nine (129) to Concord Hospital, eleven (11) to Monadnock Community Hospital, one (1) to Newport Hospital, one (1) to New London Hospital and fifteen (15) were to Hillsboro Medical Center.

As well as monthly training sessions, several of the members were required to take a twenty four (24) hour refresher course for recertification of our Emergency Medical Technician licenses. This course was held at the fire station two nights a week.

The support, both verbally and financially, that has been bestowed on the Hillsboro Rescue Squad is greatly appreciated and will always be remembered, now and in future years to come.

PARK BOARD REPORT

The Parks and Recreation Commission's main responsibilities are Manahan Park and Grimes Field.

Both facilities have again this year been used extensively. Two new backstops have been purchased and will be installed in the spring. Two tons of fertilizer were put on Grimes Field. Two hundred pounds of grass seed have been purchased for the field. Six team benches have been installed. The tennis court has been resurfaced with new striping. New fence was installed at the East end and a new net was purchased. Russ Niven aerated the field twice last year. Sonny Parker donated the use of his tractor and spreader. Ray Daniels delivered forty-two yards of clay and sand for the baseball diamond, which was spread by the Jaycees. Tom McClure, Skip Edwards, and Rick Senecal have been plowing the skating rink. Ron Houghton and Clayton Buker donated pipes to be used at Grimes Field.

The Lion's Club spent two days clearing brush at Manahan Park. The Bird and Garden Club did a fine job maintaining Butler Park.

The Commission wishes to thank the many individuals and groups who have helped improve recreation in Hillsborough.

HEALTH DEPARTMENT

The Visiting Nurse Association has had a busy year as usual and some changes have been made. On March 17 we moved our office to the Medical Center. One of the nurses is there daily from 8 to 9 a.m. to do paperwork and answer telephone calls from clients at 464-5939. Calls also will be received at other times during the day by the doctors' receptionist. We appreciate the co-operation given us by both doctors and their personnel.

Mrs. Rachel Crane, LPN, was hired by the Selectmen to replace Mrs. Gail Johnson, RN, who resigned August 1. Mrs. Crane has continued to work 10 hours a week as did Mrs. Johnson. Thank you, Gail, for a year's dedicated service.

Our Board met five times during the year to assist the nurses and Selectmen in making recommendations and decisions for the nursing program.

We were especially pleased to be remembered in the will of Mrs. Carrie Cross with a generous donation of \$500. It will be used as needed for small items, primarily educational material, such as nursing books, magazines, or stationery.

A time and patient-care tally has been kept to document the nurses' work (below) so that the townspeople will know for what the appropriated nursing money is spent. No increases were made in fees for service this year. Also, services are still given free to those unable to pay anything. Patients are requested to refrain from asking the nursing service to provide transportation for needs, if at all possible.

Many hours of clinic planning and service were given for people of all ages offering various free health services. On April 15 the Lion's Club initiated their first adult health screening using their new mobile van. 140 people came for blood pressure, vision, hearing, glaucoma, and blood sugar tests as well as many more women who came for Pap and breast cancer exams. In the Fall we began a series of immunization clinics for children 2 mos. to 18 years offering measles, mumps, rubella, polio, and DPT vaccines. Three clinics resulted in 380 vaccinations. We plan about two more of these early in 1979 to complete the planned series sponsored by Southern N.H. Services and N.H. Public Health Services. This program was part of the national 1978 effort to substantially increase the immunizational level of children across the nation. Six blood pressure clinics were held at Community Hall and in June we ran an anemia and colon-rectal cancer screening, too. On Sept. 16 the first of two WIC clinics was initiated. This is a nutrition assistance program for pregnant women, infants, and children under 5 years of lower income families who qualify. About 50 participants have entered this on-going program

thus far. Many thanks to Drs. Douglass, Green, Spragg and Mancini as well as to all the nurses and other volunteer help for your assistnace in all these programs this year.

Conference time was spent primarily with personnel from N.H. Public Health Services and other VNA's. Only two classes in continuing education were attended by the nurses. Other community activities consisted mostly of Christmas charity work.

Lastly, but by no means least, appreciation is extended to Mr. Walter Taft who will be leaving us at the beginning of 1979 after two years of faithful volunteer service as Chairman of our Board.

HILLSBORO CONSERVATION COMMISSION

The highlight of 1978 for your Conservation Commission was the beginning last fall of work on the dam at Farrar Bog. This project, which we expect to go forward this spring, brings to a successful conclusion years of hope, work, and planning by the New Hampshire Fish and Game Department and your Commission. We are very pleased.

During the year your Commission carried out the following activities:

1. Town Clean-up: We sponsored the annual Town Clean-up which was held Sunday, May 21st. This worthwhile event, which we plan for Sunday, May 20th, in 1979, annually cleans up tons of bottles and other rubbish from Hillsboro's roadsides.

2. Tree Planting: Last year we planted fourteen trees. The cost (\$222.00) was paid by the old Hillsboro-Deering Fish and Game Club fund and private donations. This year we expect to use some trees from our Town Nursery as well as buying some.

3. Sponsored Miss Carolyn Wilmot at Conservation Camp.

4. Joined with the Bird and Garden Club in sponsoring Mrs. Villa Ramsay at Conservation Camp.

5. Sprayed poison ivy, picked up trash, and trimmed brush on the River Walk.

Donald Bonnette represented the Hillsborough Conservation Commission at the Central New Hampshire Regional Planning Commission. This organization and its professional staff helps all member towns in its area with problems of planning and conservation.

Representatives of your Commission also attended meetings, seminars and workshops dealing with conservation and associated matters.

In 1979 we plan to continue the projects we worked on in 1978. We hope to enlist more school-age volunteers at clean-up time. If possible we will recruit a number of people who will be unofficial Commission members, both to assist us in projects and to be nominated by us as members as the present group retires.

As of January 1st, we are without member Donald Harrington. We have regretfully accepted his resignation. A nomination for appointment of his successor will be sent to the Selectmen soon.

CENTRAL N. H. REGIONAL PLANNING COMMISSION

The Central New Hampshire Regional Planning Commission has existed since 1970 and during this period has continued its involvement in studies of both a regional as well as a local nature. As an advisory body, the Commission is often invited to participate in local planning projects. As a part of its technical assistance program the Commission has been pleased to be able to assist the Planning Board and Conservation Commission with resource mapping, intern assistants and RSA interpretation.

The Commission again sponsored a series of legal seminars and was pleased to see the Town of Hillsborough represented.

The Commission is currently preparing reports or model ordinances in the areas of wetland protection, building codes, farmland preservation and septic tank installation. The Commission trusts that these will benefit all concerned.

The Commission hopes to be able to continue to serve the needs of its member communities in future years and appreciates the past support of its activities by the Town of Hillsborough.

Respectfully Submitted,

DONALD T. BONNETTE

REPRESENTATIVE

HISTORIC DISTRICT COMMISSION

The vacancy of the Planning Board representative to the Commission was filled by Donald R. Mellen and the member-at-large opening was filled by John Van Hazinga, who was appointed to be Chairman of the Commission.

Rev. Gibson completed an authentic reproduction of the fencing on the left front of his "Brick House" on the Centre Road.

Request for temporary sign on Knapton property was granted to Jos. W. Garofoli on several occasions and a temporary sign request was granted to Erland Russell on the North Road.

A petition for a garage, resident-shop, new sign, and parking on a substandard lot was denied Donald Knapton by the Commission. Test Case 78-8 brought by an abutter required Donald Knapton to obtain a Historic District Commission Certificate under 31:89-f before legalizing a Building Permit by the Selectmen.

The Historic District Commission and the Planning Board did jointly participate in preparation of set of updated and reinforced regulations and map descriptions for presentation at two Public Hearings and for a Town vote.
