AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

LIBRARIAN'S REPORT

1967

Library service has many meanings for us depending on our individual needs, experience, and desires. The happiest concept we can have concerning the library at this time is that high quality fiction and non-fiction books are being purchased for all age groups with much consideration given to particular interests in Littleton as well as books that must be of interest to all people everywhere. We are growing fast enough now so that we have much more than many of you realize and we will send outside our own library for special requests beyond our own resources. Your librarians are thrilled by a few Littleton families and a few summer families who come in regularly for books for mother, father, and children of different ages so that the total number of books borrowed can go up to 45 or 50. This is healthy library use and must enrich life for those families immeasurably.

Our library statistics show 60 non-fiction and reference books purchased with a \$637 state aid grant. Many of these are very expensive to buy and some have to be replaced each year or often. For 1968 our grant is \$758 which is to give extra strength to the library as a Service Center Library. The statewide borrower's cards are still not in use.

The Littleton Public Library was part of the Arthur D. Little Survey last summer. Presently another type of survey is being done with federal funds by the Educational Research and Services Corporation. This survey interviews library users and non-users, library board members, and librarians in rural communities of Maine, Vermont, and New Hampshire to learn more about "the image of the public library in rural towns."

For the greater part of this past year the Littleton Courier on microfilm has served us well for all ages, especially students who could not use the very old crumbling papers. The microfilm reader, given to us by the Courier Printing Co. on February 14, 1967, has made much local history more accessible. We are most grateful to the Courier Printing Co. for this major gift to the Littleton Public Library. We are also grateful to the New Hampshire State Library for sharing the cost of the microfilming with us. The state library also has our town paper on microfilm.

In March 1967 the children of the Child Care Center were brought to the children's room of the library for an Easter time story and to see the books that the library has for them. Mrs. Dorothy E. Miles brought the Year Round Head Start Group to the library for a visit and story in the fall of the year.

One high school and two grade school groups visited the library during the year to learn more about the use of the library and to use local history materials.

The white trim on the exterior of the building was painted in the fall. Drapes were planned for the children's room and were to be with us in December. We will tell you about them next year!

The library board has continued work on the personnel part of the library policy. Salary adjustments on the salary scale for all library employees received effective consideration.

Last spring no classes were taught in library techniques while the state library and the University of New Hampshire decided where and how these courses could be offered. For 10 weeks last fall. Mrs. Althea F. Haskell and Mrs. Ellen J. Morrow took a course, "Introduction to the Public Library" at Plymouth State College. The course was taught by Mr. Ralph D. Riley, N.H. State Library Consultant in this area.

Trustees and librarians have attended professional meetings to keep informed about common goals—greater library service.

Again the White Mountain Garden Club made much appreciated contributions with both books and flowers during the summer.

Twenty-two books were given to the Littleton Public Library as memorials to Virginia Alt, Mrs. Clinton H. Blake, Sr., Mrs. Lillian Eastman, Charles E. Carpenter, Harlan Giles, Aurelia Brown Neuman, Colonel and Mrs. Hill Griffith, Mrs. Ernestine Kelley, Richard H. Lewis, Nellie S. Simmonds, Mrs. Sylvia Smith, and Clinton Mooney.

I wish to express appreciation to the entire library staff, the library board, the New Hampshire State Library Staff, and the people of Littleton for another good year at the Littleton Public Library.

**ANNUAL REPORT OF LITTLETON
DEPARTMENT OF PUBLIC WORKS
AND HIGHWAYS**

SEWERS

During the 1967 season a new storm sewer was installed on Redington Street. This should eliminate the surcharging of the sanitary sewer during storm periods and also eliminate the high storm flow from passing through the sewerage treatment plant.

This past year the department had an increasing number of septic tank installations. Due to the increase in this work with no increase in equipment or personnel we find that there is other street and highway work that is not being done, simply because of the lack of time. It is hoped that some of the septic tank work can be contracted out this coming season.

STREETS AND HIGHWAYS

This past season a new wall was built on the west side of Church Street. Replacement of the wall on the east side is planned for this coming season.

Approximately 600 linear feet of curbing was replaced on the south side of Main Street this past year. This was done by Clinton Clough under contract.

The department continued its resurfacing program with an asphalt blade mix. This program will continue this coming season.

REPORT OF LITTLETON WATER AND LIGHT DEPARTMENT FOR YEAR 1967

The water department extended its water main 126 ft. on Fairview street from West Elm extension.

The major project in the electric department during the year was rebuilding four miles of line starting at Oak Hill Avenue and going to the summit of Manns Hill. This necessitated renewing a lot of cross arms, addition of pole top pins and running of new wire to furnish three phase, four wire service for the transmitter which brings educational television reception to the area. Several poles had to be changed because of the added load and clearance. The University of New Hampshire is under contract for this and 520' of new line going up the mountain to the station.

Primary and secondary lines were added on Fairview Street, Mt. Eustis Road and for Interstate 93 lights on Franconia and Lisbon Roads.

Mercury vapor lights replaced the incandescent lights from the Shopping Center to Interstate 93 on the Lisbon Road.

Series circuit street lights on Manns Hill and Lisbon Road were changed to multiple circuit to modernize the street lighting system. This will be done all over town whenever work is done in a particular area.

Two lights were added at Aphorp Common. Three street lights were installed in the Fairview Street area, one on South Street and one on Ely Street. Four mercury vapor lights were removed from Franconia Road by Interstate 93 approaches due to installation of lights at these points.

Eighteen area lights were installed on customers' property.

Heavier services were run for electric heat in one home, three apartments and a motel making a total of five homes, four apartments and a motel which are heated electrically.

Award of a new line truck cab and chassis went to lowest bidder John W. Tann & Sons. The line truck body and hydraulic derrick consisting of post hole digger, fiberglass boom extension and fiberglass bucket were given to Pitman Manufacturing Company who submitted the lowest quotation.

The Department paid the trade-in difference of \$11,885.00 towards a new backhoe which is operated and maintained by the Public Works Department, but the use of which is shared with the Water and Light Department. The working agreement between both Departments has been most favorable in utilizing the equipment to the mutual advantage of each.

Allowance stipulation for heating water electrically was lowered from 50-gallon to 42-gallon size tank.

All allowances were discontinued on mobile homes.

Lafayette Substation Superintendent, Robert H. Norman, retired after 22 years of service.

Christmas gifts of November kilowatt consumption were given for the eighth consecutive year in the amount of \$40,164.49.

Capital improvements for the year in both Departments totaled \$68,617.98.

AUDITOR'S OPINION

Subject to the foregoing comments and qualifications, I certify that in my opinion, the attached balance sheet and statement of income and expense present a true and accurate statement of the financial condition of the Littleton Hospital Association as of September 30, 1967 in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

LITTLETON COMMUNITY NURSE REPORT

1967

1967 was an interesting and exciting year for me. It is always exciting and a bit frightening when one starts out in a new field of work.

The year started off with the relocation of the Littleton Community Nurse's Office. Two beautifully appointed offices were created in the Nurses Home, adjacent to the Littleton Hospital.

Several new items were then purchased which are essential to the practice of a visiting nurse.

Early in the year, I was given the opportunity to study and observe the practices of the Concord, N.H. Visiting Nurse Association for five days. This experience was most valuable, especially in the record-keeping area.

There were 90 hours spent in consultations and conferences with the following health and welfare agencies:

White Mountain Community Services	34 hours
Social Workers	8 hours
Day Care Center	15 hours
Community Aides	10 hours
Public Relations (Speaking to Church and Professional Groups)	3 hours

The association with the agencies mentioned above has been most gratifying. The cooperation, the steady and ever willing aid and support that these allied health and welfare groups give to each other for the common good is an inspiration indeed.

I am particularly indebted to Mrs. Loretta Russell, State Public Health Nurse, and Mrs. Jane Renaud, my predecessor, whose shoes I am finding it difficult to fill. She is sorely missed by her many grateful patients.

They have been a constant source of information and encouragement to me these past twelve months.

The community nurse assisted on the following occasions:

Blood Bank	1
Pediatric Diagnostic Clinic	3
Orthopedic Clinic	2
Diabetic Detection Clinic	1

The Orthopedic Clinic mentioned is sponsored by New Hampshire Crippled Children's Services and originates in this office.

They are held in May and November of each year. Referrals are made through a physician only, usually the family physician.

Children come to these clinics from all over Coos and Grafton Counties, and Vermont. We saw 24 children at each clinic.

Seven patients have used LCNA equipment this year.

The Emblem Club donated a large flashlight to LCNA. It has already been put to good use in the homes as additional lighting, and it can be used as a beacon as well, in case the nurse should have trouble with the car on her rounds. There is a bright flashing signal light attached to it. Thank you again Emblem Club.

This year the work done, once a month, at the Day Care Center was rather elementary, consisting of checking the children regarding general health appearance and condition of ears, throats and teeth. In 1968 a more comprehensive program of health care and education is planned. Healthful living will be stressed each visit by the use of film clips, demonstrations of health practice (i.e. proper care of teeth) and routine physicals and dental examinations. TB patch tests will be done and tests for the "lazy eye" are planned.

A total of 736 home visits were made this year to patients whose ages ranged from 15 days to 93 years. The greater number of patients were recipients of Medicare. The calls were categorized as "Health Promotion," "Maternal and Child Health," and "Disease Control."

In the coming year more work is planned in the maternal and child health field.

We hope to increase our public relations projects in 1968.

The LCNA has developed and printed a new brochure which we will distribute to Doctors' offices, drug stores, etc., and we hope that the people of Littleton will take them home and read them. If anyone has questions about the Littleton Community Nurse Association please feel free to call or talk to any of the LCNA Board of Directors, or me. We welcome your interest.

The goodwill and generosity of the people of Littleton was demonstrated again this year when Christmas baskets or gift certificates were given to 55 families.

V.F.W.	2 baskets
Eagles	22 baskets
American Legion Auxiliary	4 baskets
Women's Farm & Home League	1 basket
The Elks	7 baskets
Dale Carnegie	1 basket
Anonymous	1 basket
Total	38 baskets

Contributions from other organizations and individuals came to the LCNA, totaling \$175.35. \$151.70 was dispensed in their names to help 17 families. There is a balance of \$23.65 which will be used as

the occasion arises, to buy medicine, shoes, gloves, etc., for those who may need assistance. Thank you again for your gift of sharing.

In closing this report, I wish to thank the Board of Directors of the Littleton Community Nurse association for letting me share in their good work this year. The nursing committee has been most thoughtful and helpful in guiding me and supporting my efforts, aiding me immeasurably.

And last but far from least, I am grateful to the people of Littleton for the warm welcome which I have received since I became your Community Nurse.

Respectfully submitted,

WHITE MOUNTAIN COMMUNITY SERVICES, INC.
111 COTTAGE STREET
LITTLETON, NEW HAMPSHIRE

January 17, 1968

Gentlemen:

As the time approaches for budget hearings in the towns of the North Country and consideration of requests for appropriations in the coming year, we are anxious that support for White Mountain Community Services again be included in town budgets within the area we serve.

As we did last year, we are asking for an appropriation of \$1.00 per person in each community, based on the population count. For the town of Littleton, this would amount to \$5,003. The response of the towns last year was most helpful: Of the 22 towns we serve, all but four voted funds for our Clinic. Most of the towns voted the full request of \$1.00 per person.

The measure of "success" in an endeavor such as ours is only partly discernible in the statistical picture. We are still expanding in the demand for our services and in the number of persons served from all of the towns in our area. We are consulting with more helping professionals—school personnel, physicians, welfare workers, nurses, clergymen, etc. But real success must include effectiveness in averting tragedy, strengthening people to carry on, and helping persons to see some meaning and hope in life. We cannot open our file of case histories which is confidential; but we can assure you that within these are convincing and heartwarming evidences that we are "successful."

Sincerely yours,

CARLETON SCHALLER, JR.

LITTLETON PARK COMMISSIONERS' REPORT FOR BUDGET YEAR OF 1967

We are glad to report a real fine year in 1967. One of the major items was the addition of a full-time year-round man in the person of Mr. William Wright, Jr. "Bill" is working out just fine. We found that the physical plant itself had to have full-time maintenance, and as a result of Mr. Wright you will notice a "prettier" park and many other improvements.

Mr. Richard Bouley and all his assistants once again completed a banner summer recreation program, with even more innovations planned for '68. A summer basketball league high-lighted Mr. Bouley's program. Our citizens will also notice some shiny new playground equipment in the way of 2 new slides, 2 merry-go-rounds, and 2 "Jungle gyms," which are equally distributed between Remich Park and the Aphthorp Common area.

Proposed for '68: A new block-building at Aphthorp Common, a structure at the new Little League field at Remich Park, and many other major repairs to bring all the recreation areas to top efficiency.

SWIM PROGRAM—

Again our "Littleton Learn-to-swim" Program was a success, with over 300 children participating. A large percentage successfully passed various requirements for promotion to higher grade levels. The program was carried out once again at the Bethlehem, N.H., Pool.

The members of the Littleton Park Commission are in one accord in expressing sincere thanks for all those who donated their time, service and excellent ideas in making 1967's program a success. We would like also to express our special thanks to Littleton High school varsity basketball coach, Mr. Steven Bamford, for organizing and seeing to a very enjoyable conclusion, "Biddy Basketball." In this 10-week program over 60 boys from local 4th, 5th and 6th grades participated, and plans for 1968 include an improved program of "Biddy Basketball". Thanks to all who feel as we do; that Littleton Recreation deserves to be and can be a very integral and enjoyable part of our community life.

POLICE REPORT

I herewith submit my annual report for the year 1967.

This is my twenty-first year with the Littleton Police Department and I would like to express my sincere appreciation to the Board of Selectmen under whom I have served, the officers whom I have worked with, have demonstrated unequalled loyalty, and to the citizens of our town who have given their cooperation at all times.

We mention with pride, the fact that in the past ten years there has been no pedestrian fatality in our town. Littleton did receive a bronze Award of Excellence, donated by the American Automobile Association, for their excellent record in Pedestrian Safety. Littleton is the first town or city in New Hampshire to receive this award. The citizen motorists and the pedestrians of Littleton deserve full credit for this award, as it was their safe driving and safe walking that made this record and award possible.

During the year, 1967, a total of 160 arrests were brought before the Littleton District Court, by the Littleton Police Department. The cases were as follows:

- 83 Motor Vehicle (this included speeding and yellow line violations, and other violations)
- 10 For operating under the influence of intoxicating liquor.
- 77 Criminal arrests (including all felony and misdemeanor arrests).
- 16 Petty Larceny (including 8 Juveniles)
- 11 Burglary (including 8 Juveniles)
- 2 Arson
- 1 Fraud
- 1 Grand Larceny
- 15 Drunk & Disorderly
- 7 Assault
- 3 A.W.O.L.

Supreme court decisions continue to hamper the investigative efforts of the department.

We are looking forward to a more active year this year.

REPORT OF PLANNING BOARD

During the past year, the Comprehensive Plan of the town of Littleton under the urban planning grant from the Department of Housing and Urban Development, under the provisions of Section 701 of the Housing Act of 1954 as amended was instituted. With the approval of the New Hampshire Department of Resources and Economic Development, the engineering and consultant firm of Edwards and Kelcey of Boston, Mass. was engaged to work on the Comprehensive Plan. Mr. L. C. N. Greer, a planning director with Edwards and Kelcey, is in charge of the survey assisted by Mr. Benjamin Baker and other engineers who, from time to time, are called upon to work in their particular specialties. Representing the State of New Hampshire is David Prescott from the Department of Resources and Economic Development. Working with this group is Mr. William Hauck of the Soil Conservation Service. Regular meetings are held the first Wednesday of each month when progress reports are made to members of the Littleton Planning Board. These reports are discussed, amended or corrected or added to depending upon the circumstances involved. The Comprehensive Plan should be completed by June of 1969.

The Comprehensive Plan will include:

1. A complete, up-to-date survey, with maps, figures and data, covering existing conditions such as—to name only a few—land use, housing, population, transportation, utilities, economic factors, water, sewerage, recreation facilities, schools, etc.
2. Analysis and conclusions drawn from the survey.
3. Recommendations as to how the community's best features can be preserved; how improvements can be made; how future needs can be anticipated and how future major expenditures can be budgeted to avoid unduly heavy financial burdens at any one time.

Respectfully submitted,

CONSERVATION COMMISSION

The Town of Littleton Conservation Commission was authorized in Town Meeting on March 19, 1965, and in accordance with R.S.A. 36-A. The powers of the Commission are investigative, advisory, and educational in scope. Any recommendations advanced by the Committee would either be subject to a vote at town meeting, or acted upon by some appropriate and authorized agency. The Commissioners are appointed by the Selectmen.

In 1967 the Commission, with the knowledge and complete cooperation of the Park Commission, undertook the management of The Dells. New signs were erected, designating the park as both a Conservation and picnic area. Access is limited to people on foot in an effort to cut down on the tremendous problem of vandalism and littering committed by those who drive in and park in their automobiles. This spring it was hoped that the White Mountains Garden Club will complete its project of marking trees and other flora.

Efforts were made by the Commission to dramatize the problem of water pollution. Since the classification of the Ammonoosuc River as Class B (suitable for all forms of recreational use), it is imperative that our own community take such action as is necessary to eliminate all surces of local pollution. A highly instructive film "The River Must Live," was shown to the Rotary and to students at the High School. An article appearing in The Littleton Courier attempted to explain state legislation enacted in 1967 in the area of water protection and classification. Another conservation film, "The Last Frontier," was shown to High School students and to interested persons in the community.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Littleton Union School District.

As Superintendent of Schools, it is with pleasure I submit my second annual report to you.

The Littleton Union School District is studying its present educational program and facilities relative to future needs.

I would like to acknowledge the superior work that has been done by the Littleton School Study Committees. Mr. Charles Claypool and his comprehensive study on space; Mr. Edwin Estle and the information he has gleaned on finances; Dr. Richard Hill's curriculum development; Mr. Richard Swift's population projections, and the public relations carried on by Mr. John Bowman are all superior. The various reports of these committees have been viewed often by those of us who are professional educators, and we never cease to marvel at their knowledge and projection. It is sincerely hoped that this committee has found the Supervisory Union office in Littleton helpful.

As I view the study, our biggest problem appears to be lack of space. There are those who feel that if we reduce our enrollment to Littleton pupils only our problem would be solved. There are those who feel that this should not be done and we should add only to the present Littleton High School building. There are those who feel an additional plant, to be located on property such as the Greenwood Farm, is the answer to these problems.

The Littleton School Study Committee is and will continue to investigate thoroughly the above problems and from its findings will make recommendations to you.

The Littleton School Board is to be commended on its effort to educate the children in this district. Your School Board has exercised a great deal of leadership and, without question, is knowledgeable in the whole area of your school curriculum, its finances, and other programs that affect the education of your youth.

Costs are rising rapidly in the whole field of education and in particular the salaries for your professional staff. According to the latest information, this trend will continue for several years, and I am sure, if you have read current publications, you are aware of this fact.

The White Mts. Supervisory Union No. 35, of which Littleton is a part, stands ready to assist each and every district with the educational programs that the School Board wishes to initiate.

The Supervisory Union is made up of the school districts of Bethlehem, Easton, Franconia, Landaff, Lisbon Special, Lisbon Town, Littleton, Lyman, Sugar Hill, and the White Mts. Regional School District which includes the towns of Carroll, Dalton, Jefferson, Lancaster, and Whitefield.

Mr. Paul Henry is the Assistant Superintendent of Schools and Mr. Oliver Cole, Jr., the Business Administrator. It is through the coordinated efforts of your three administrators that the aims and purposes of your educational program in this enlarged Union are realized.

In closing, may I take this opportunity to thank the Board of Education, the State Department of Education, our Administrators, and the staff of the Superintendent's office for their continued cooperation and support.

PRINCIPAL'S REPORT

To: Mr. William Grass, Jr.
Superintendent of Schools

I hereby submit my first annual report as principal of Littleton High School, for the school year beginning September 1967, to the present date.

REGISTRATION

The total registration for the senior high, as of January 5, 1968, is 524 and for the junior high, 197. This represents an increase of 50 students in the upper four grades, compared with the June 1967 figures, and an increase of 1 in grades 7 and 8 compared with the same time. The primary reason for the increased student enrollment from last year is due to the fact that last year's graduating class was 83 compared to our present senior class of 119.

There have been 25 withdrawals to date; 16 in the senior high school and 9 in the junior high school. A lack of interest in school, and the attainment of legal age for leaving school, are the primary reasons for most of the drop-outs.

ACCREDITATION

Littleton High School continues to be accredited as a comprehensive high school by the State Department of Education and the New England Association of Colleges and Secondary Schools. The New England Association is scheduled to re-evaluate Littleton High School in November of 1971 unless requested to do so earlier. The State Department conducts an evaluation annually.

Innovations—1967-68

Four additional teachers were added to the previous year's faculty. One in each of the areas of Mathematics and Social Studies, to reduce teaching loads, and also to increase the number of course offerings. An additional teacher was added to the Industrial Arts Department and one added to the Business Department. In both of these areas this has allowed for a broader curriculum and the offering of courses not previously taught. The position of guidance counselor was not filled this year because of the extreme shortage in this field. Hopefully this vacancy will be filled in another year, returning our guidance staff to two.

An Honor Study Hall has been initiated this year for students in grades 10-12. This is available to these students if they maintain grades of C or better in all courses. The first marking period 129 students were eligible and for the second quarter this increased to 193.

During the month of January a new language lab was installed. The listening stations from the previous lab were installed in the library as study carrels for students.

The following new courses were added to the curriculum this year: Technical Physics, Introductory Physical Science (Grade 8), Mechanical Drawing, Music History and Appreciation, Exploratory Business, and Child Psychology and Family Life. Because of lack of facilities, and the unavailability of art teachers, the art program had to be discontinued. In its place an evening course is being offered one night a week by Mr. Ellwyn Hayslip.

This year Littleton High School is operating on a staggered schedule. Approximately one-third of the student body reports to school at 7:45 A.M. and remains until 1:35 P.M. Another third arrives at 8:35 A.M. and remains until 2:28 P.M., while the last third attends school from 9:31 A.M. until 3:21 P.M. This allows for more flexibility in scheduling and, in turn, allows more course offerings for the students and, at the same time, fewer study halls per student.

Areas of Special Concern

1. Overcrowding: This condition continues to exist despite the use of a staggered schedule. Because of the limited space, scheduling students into courses of their choice, is becoming more difficult. In a few instances class sizes are still above the recommended level.

2. Curriculum: There is still a need for the expansion of the curriculum. As has been pointed out previously the curriculum was expanded this year. Still much more is needed, particularly in the areas of English, Social Studies, and Industrial Arts.

CONCLUSION

I would like to take this opportunity to express my sincere thanks to the school board, your staff, the staff and faculty at the high school, and the people of this community for the support and cooperation they have extended me this my first year at Littleton High School. I am sure by our continuing to work together Littleton High School will remain a credit to this community.

Respectfully submitted,

EUGENE R. HAWLEY
Principal

Since my last report there have been a number of changes in the teaching staff. An additional first grade and second grade were created to lower the pupil-teacher ratio. Miss Roberta Woodman teaches the new grade one and Miss Elaine Belyea grade two.

Miss Barbara Deal, Mrs. Wendy Ford and Mrs. Janet Dunham are employed in grade three, replacing Mrs. Janice Guyette, Mrs. Dorothy Colpitts and Miss Karen Tunney. Mrs. Guyette now teaches grade two. Mrs. Lois Beach is employed in grade four, replacing Miss Carol Bateman.

Kindergarten classes now meet at St. Rose of Lima School because of the additional grades one and two. This arrangement is working out satisfactorily. We appreciate the willingness of the Catholic Diocese of Manchester to provide space and utilities for the kindergarten.

A number of the staff continue to improve themselves professionally by enrolling in summer and extension courses. They are to be commended for their constant effort to improve their quality of teaching. This year, as last, Project ARISE is providing programs of high quality and interest. This project, with the Assembly Services, exposes our children to worthwhile cultural events.

We are continuing to implement the recommendations of our self-evaluation undertaken last year.

Low pupil-teacher ratio continues to be one of the main goals of quality education cited by authorities. The Guidelines for Elementary Education published by the New Hampshire State Department of Education recommends no more than 20 pupils in each kindergarten class and no more than 25 in each class in grades 1-6. Follow-

ing these recommendations, the Lakeway Elementary School Building should contain grades K-4 with present enrollment and services.

Added services need to be provided if we wish to improve the quality of education for our pupils and serve their needs:

1. Speech Therapist

I feel this should be on a Supervisory Union level. At present a speech therapist is employed one day a week.

2. Art Supervisor

On Supervisory Union level for all elementary schools or part time at the Lakeway Elementary School.

3. Elementary School Nurse

More and more is being asked of the nurse, and her present schedule does not allow for any expansion of present services or additional services.

4. Language Arts Consultant

This person would assist the classroom teacher in grouping of pupils, suggest techniques of more effective teaching, and generally help the classroom teacher in the field of language arts.

5. Psychiatric Social Worker

We are finding more and more pupils who need help in one form or another. The White Mountain Community Services provides this help now, but on a limited basis. This service should be on a Supervisory Union level.

6. Teacher Aids

These personnel would assist the teacher in the non-teaching duties of the classroom: typing, mimeographing, bulletin boards, cataloging library books, etc.

7. Guidance Counselor

At present, guidance is two days a week. The State Guidelines recommends a full time guidance counselor for 300 pupils. Parents, teachers and pupils who have seen the effectiveness of this program will agree that it should be expanded to a full time basis.

I wish to express my appreciation to the school board, you and your staff, the staff of the elementary school and the people of the community for the help and support you have given me during this past year.

Respectfully submitted,

JOHN BALDWIN

5. White Mountain Community Services:

At elementary level a total of 7 clinics were held. Six cases were reviewed for follow up from previous year, having been seen at Child Guidance Clinic. Eleven new cases were taken up, many directed into family counseling area.

6. Influenza Vaccine:

A total of 37 teachers and personnel were immunized in October and December.

7. Speech Therapy:

A speech evaluation was done by Mrs. Barbara Reed in February, 1967. As a result of this three pupils received speech therapy from Mrs. Reed in Whitefield for twelve weeks once a week, for one-half hour periods. This was sponsored by Crippled Children's Services and transportation furnished by volunteer drivers each week. Also as a result of the evaluation Miss Mawson, speech therapist from Hanover, came to Littleton for eight weeks seeing 27 pupils. Although the period was short in which to evaluate results, we feel that a program of this sort would benefit our students to a great extent.
