## ANNUAL PROGRESS REPORT OF THE SELECTMEN

The Board of Selectmen respectfully submit to the citizens of the Town of Newmarket, a summary of projects that were undertaken during the past year, their status and projects planned for the coming year.

The Lamprey Street drainage system has been completed and is in operation.

This years T.R.A. work saw the completion of Langs Lane and additional work on ledge removed on Bay Road.

The Public Works crew removed the ledge outcroppings on Ash Swamp Road and extended several culverts thus widening this stretch of road and reduced considerably the many dangerous stretches.

More work is planned for this road in the coming years.

The State has now taken over Gerry Avenue and a joint State-Town project is scheduled to begin this spring on this road. Sidewalks and curbing will be installed, new storm drainage will be built and the street will be resurfaced.

The sidewalk program saw the addition of sidewalks on Elm Street to the Railroad Crossing, also in front of the new American Legion building.

The fuel oil and gasoline bids for the town were won by the H. R. Haines Co., Inc.

The Public Works Department will start in 1972 on a system of hot topping our road and street system thus gradually doing away with the old system of tarring our roads.

The new sewer system is operating well and starting with the April 1st quarter of 1972, the sewer charges will be reduced by 25%.

The Selectmen's meetings are held on the first and third Tuesday of each month. We welcome anyone who wishes to attend these meetings.

Respectfully Submitted,

ROBERT L. FILION  
NICHOLAS ZUK  
FRANK M. SCHANDA

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Verification of uncollected and unredeemed taxes was made by mailing notices to delinquent taxpayers as indicated by the Tax Collector's records. Consequently, the amounts of uncollected and unredeemed taxes as indicated in this report are subject to any changes which may be necessitated by the return of verification notices.

GENERAL COMMENTS

**Overdraft of Appropriations and Application of Municipal Budget Law:**

It is noted that during 1971, there was a net overdraft of total appropriations voted by the Town in the amount of \$3,463.70, as indicated in Exhibit A-3. Authority to exceed

appropriations in an amount not to exceed \$4,000.00 was duly granted by the Tax Commission to the Board of Selectmen on September 10, 1971, under the provisions of R.S.A. 32:10-a.

#### **Uncollected and Unredeemed Taxes:**

According to the Tax Collector's records, the following uncollected and unredeemed taxes remained outstanding at December 31, 1971:

#### **Uncollected Taxes:**

Levy of 1969	\$	384.81	
Levy of 1968		211.71	
Levy of 1967		177.57	
Levy of 1966		466.49	
Levy of 1965		346.22	
Levy of 1964		168.25	
Levy of 1963		301.30	
			\$ 2,056.35

#### **Unredeemed Taxes:**

Levy of 1968	\$	1,133.73	
Levy of 1967		902.49	
Levy of 1962		720.07	
			2,756.29
Grand Total	\$		4,812.64

We again recommend that the Selectmen review the Tax Collector's lists of uncollected taxes and abate such items included therein which are known or appear to be uncollectable.

In addition, the Tax Collector should execute tax deeds to the Town for any real estate on which redemptions are in default after expiration of the two year redemption period allowed by law.

**Capitol Reserve Funds - \$63,222.07:**

Inasmuch as the records of the Trustees of Trust Funds were not available for audit, we were unable to verify the amount of Capital Reserve Funds in custody of the Trustees at December 31, 1971. Therefore, we cannot express an opinion as to the accuracy of the above amount which is reflected in Exhibit A-1.

**Conclusion:**

The provisions of Chapter 71, Section 27-a, of the Revised Statutes Annotated require that the auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town. Publication of the Exhibits contained in the audit report is optional, at the discretion of the Board of Selectmen.

We extend our thanks to the officials of the Town of Newmarket for their assistance during the course of the audit.

Very truly yours,

**ANNUAL REPORT OF THE  
BOARD OF WATER COMMISSIONERS**

We wish to announce that the well on the plains has produced over 74 million gallons of water during the last year. This has been half of the water supply needed for the town. No treatment of the water has helped to reduce the cost of operating the well.

A capital reserve fund is being proposed March 7, 1972, to further develop a gravel pack well in the future.

The 8" cast iron water main on New Road was extended 1,155 feet. The materials for this job were paid for by the developer. The cost of laying the water line was paid by the Newmarket Water Works and the work was performed by the Public Works Department.

Also an extension of 440 feet of 8" cast iron pipe was installed at Pulaski Drive (Route 108 - Durhamside). One hundred percent was paid for by the developer. At the present time, this serves three 12-unit apartments.

The water commissioners have applied for a Federal Grant to modernize the present water treatment plant and to build a one million gallon water tank on Great Hill. The Board meets the second Monday of every month at the Newmarket Water Works on Packers Falls Road at 7:00 P.M.

Respectfully submitted,

BOARD OF WATER COMMISSIONERS

## LIBRARY REPORT 1971

On April 18 of this year, we were saddened by the death of our Chairman, Mrs. Elizabeth Gowen, who had served as Library Trustee for many years and was active in local affairs. We have lost not only a co-worker, but a good friend. Several books have already been given to the Library by local and out-of-town groups, in memory of Mrs. Gowen.

In January the Library received a gift of a "List of Revolutionary Soldiers from Newmarket" from the Granite Chapter of the D.A.R. Also beginning in January, movies for the Day Care Center children were shown twice a month on Tuesday mornings, by Mrs. Harding; this program continued through until May.

In April, during National Library Week, an Ecology Contest was held for the Elementary School children, with the theme, "How I Can Improve My Town". The Library presented three book prizes for the best essays in the first six grades. Winners were Romi LaBranche, Robert Crichtett, and Steven Bernier. During this time, there was an ecology exhibit in the Library, with books and movies at school and at the Library.

In May, we received as a gift a fifteen-volume set of the Encyclopedia of Technology and Science, from the Librarian of the Peabody Institute, Mr. Robert Dysinger. This gift was much appreciated.

In July, the Women's Club planted some chrysanthemums at the Library, and Mrs. Harding planted seventy-five jonquil bulbs in memory of the late Mr. Harding. During her annual vacation period, Mrs. Harding received another scholarship and completed two more courses at the University of N.H. in Library Techniques.

In September, a Hobby, Arts and Crafts Show was held in the Tower Room, with Girl Scouts, Cub Scouts and local townspeople exhibiting, with accompanying books on the subjects. In the main Library, there was a rock exhibit for the fifth-grade students.

In October, the Library was broken into and some money was stolen; the person responsible has since been apprehended.

In other Library activities this year, the Library and the Librarian have benefited greatly by the volunteer services, once each week, of Mrs. Carrie Grey of Durham, a retired librarian, formerly of Rindge, N.H.

The Newmarket Extension Service has used the Tower Room on the second Wednesday of each month during the year. The Rockingham Craftsmen held several meetings there, as did the Rockingham County Extension, for training classes. The Newmarket Historical Society also met in the Tower Room during the months that their building was closed.

Chess and checker games are now available in the main Library, and many of the young people like to challenge each other during the afternoons and evenings.

Talking books and the machines for them were obtained by the Library for two blind local patrons, through the "Services for the Handicapped" division of the State Library. These are provided free of charge.

In the area of repairs and improvements, during vacation week the main Library floor was refinished; we also have installed a new tile floor in the hall. A new utility sink was added to the janitor's room, which previously had no

sink at all; this has been a great help in cleaning and maintenance. Repairs were also made to the flourescent lights in the main Library. Steve Dompkowski contributed his time and labor to build some protective frames for the lilac trees near the Library parking lot at the side.

This has really been a busy and productive year at the Library, and we look forward to 1972 and hope to see you at the Library! Remember, it belongs to you, the taxpayers, and can serve you in many ways.

Respectfully submitted,

TRUSTEES OF THE LIBRARY

PHILIP HENDRICKX,  
Chairman and Treasurer

JO ANNE HAUSCHEL,  
Secretary

## REPORT OF THE NEWMARKET POLICE DEPARTMENT

In glancing through the previous issues of the Town report, I was amused by my report of 1968 in which it was stressed how busy the department had been through the year. It showed that we had a total of 39 court cases for that year.

In the year of 1971, the department had a total of 310 court cases processed through court.

In almost every instance, the other duties performed by the department has risen accordingly.

I wonder just how many citizens of this town are aware of what a nice town that Newmarket really is.

I know there will be a few snide remarks about that statement, but in reality, Newmarket is a fine place to live and raise your family.

A very important factor in this is our young people.

We all hear occasionally of the young one that goofed, and we all see the very few that certainly do no credit to the rest of the younger group, but as a whole, Newmarket has the finest bunch of youngsters that I have observed anywhere.

They have a fine sense of fairness, respect for others than themselves, and most of all, common sense and decency. I am sure that if you stop and think about it, we have very little extremism in Newmarket. In this day when there is so much trouble about us that we hear about every day, this is a large factor to be thankful for.

A change has been made at the Police Station. With the help of the selectmen, several citizens, and the men in the department, the station has been enlarged and improved. It makes for a much nicer place to work and greatly increases efficiency.

We would like to extend an invitation to the citizens to come to the police station and get to know the men in the department better. I do believe that most of the citizens of Newmarket do not know or realize the extent of the work done by your Police Department. I think a brief visit would benefit all of us.

Respectfully submitted,

PAUL GAHAN,

Chief of Police

A new Fire Truck was purchased for the town of Newmarket and was delivered January 1, 1972. It is an American LaFrance combination pumper tanker capable of pumping 1000 GPM and carrying 750 gal. of water in its own tank. This truck is fully equipped. Some of the items carried on this vehicle are Stang Deck gun, 2500 Watt generator, 2 Scott Air Packs, 2000 ft. 2½ inch hose, 700 ft. 1½ inch hose, 500 ft. booster line, and smoke ejector. This truck also carries many other items too numerous to mention in this report. It has been tested by the Board of Engineers and has met all requirements and tests and now stands in service.

A new transceiver radio was purchased for the Chief's car and was paid for with funds from both Civil Defense and Fire Dept. It has proven to be a big asset in answering both regular firecalls and especially the still alarms late at

night. A slow but steady progress is being made in bringing the communications systems up to date. Three more monitoring radios have been purchased by the dept. this year. New hand lights have been purchased along with protective clothing such as coats, boots, and quick hitches.

Men from the dept. attended fire training schools at Fitzwilliams and Lily Pond, N.H. This training is paid for by the town. In this manner advanced methods of Fire fighting are learned and can be passed on to the members of the dept. at our training sections that are held each month.

We feel that in the past year that the calls received for both grass and brush fires has been held to a minimum due largely to the fine cooperation on the part of the townspeople in acceptance of the state wide regulations governing all outdoor burning. Remember these regulations are still in effect, namely that all fires must be before the hour of 9:00 A.M. or after the hour of 5:00 P.M. The following are the names and numbers to call for a fire permit:

Warden Wilfred Beaulieu	659-3927
Dep. Warden Richard Butler	659-5842
Dep. Warden Robert Pratt	659-5392
Dep. Warden Herbert Philbrick	659-3216

## ANNUAL REPORT OF THE HOUSING AUTHORITY

On December 16, 1971, the Newmarket Housing Authority was notified by the Department of Housing and Urban Development in Manchester that its selection of a developer had been approved. The successful bidder at a figure of \$877,400.00 was the S&S Contractors Inc. of Redmond, Washington.

This will be the first project in the Northeast for this highly respected national home builder. They have notified the Newmarket Housing Authority of their acceptance of the award and many meetings have occurred since the acceptance.

The location of the project is a 20 acre site off Exeter Road (Route 108) approximately across from Priest's Garage.

All buildings will be located well away from abutting property.

The program is a total of 50 apartment units; including 12 one bedroom, 16 two bedroom, 20 three bedroom and 2 four bedroom units.

There will be a community building for the use of project tenants. A 32 x 36 meeting room complete with kitchens will be available in this structure.

It is hoped that the developer completes all criteria required by the Planning Board and Subdivision Regulation form and that general breaking should be in the Spring of 1972.

The Housing Authority is seeking 125 more units for Elderly and Low Income for future expansions to fill the needs of the Town.

The Newmarket Housing Authority is continuously working in the interest of people of the Town of Newmarket.
