In April we were pleased to present a program on "New Hampshire's Heritage" by Dr. Walter Tatara of Plymouth State College. This was enjoyed by all those in attendance.

June found us hosting the District Meeting of The North Country Libraries. Mrs. Joan Blanchard of the New Hampshire State Library was present, also John Courtney, the District Consultant, and John Wright the Bookmobile Supervisor.

The Baker River Audio-Visual Center is now located downstairs in the Byron G. Merrill Library. We have much to offer to the area in the way of equipment and software. If you have a need for AV material, please come in and see if we can be of help. Mrs. Dorothy Brown, Director, is on duty during library hours.

Mrs. Betty Jo Taffe was in Washington, D.C. November 15-19 as a citizen delegate, representing New Hampshire and also Rumney Library, at the White House Conference on Library and Information Services. We were very happy to have her participate in this conference.

The big event of the year was an open house held on October 21 to celebrate the 75th anniversary of the library. All the former and present, librarians and trustees were honored. Special articles, papers, and pictures pertaining to the history of the library were on display.

We have cooperated with Russell School, by working with the teachers and students. Mr. DiCenzo, the principal, arranged for a

library display from each teacher. These started in September and will go until June. The displays have been excellent and very well received by the patrons of the library.

The library continues to be the center for many activities. The 10th annual Katharine Grimes Art Show was held in July. The Mt. Stinson Boys and Girls 4-H Clubs hold their monthly meetings in the rooms downstairs. The Boy Scouts meet regularly at the library.

Mrs. Linda Andrew, assistant to the librarian, has completed two 10 week public library technique courses at Plymouth State College this year. One was on "Introduction to the Public Library" and the other on "Cataloging and Classification."

Everyday problems, energy crisis, inflation, politics, work - are these getting you down? Need a little diversion - good reading at the library and its **FREE!**

The trustees and staff wish to thank each one who has contributed or helped in any way to make our year a very successful one.

The Mount Mooselaukee Health Center was certified as a Rural Health Clinic in January, 1979, making the center eligible for reimbursements from Medicare and Medicaid programs.

The clinic has continued the free blood pressure screenings, immunization clinics and flu shots. There has been a total of 1939 visits -- Warren 712, Wentworth 481, Rumney 165 and others 176.

Dr. Andrew Rowles left in January for Thailand. Dr. John Bentwood and Dr. John Jehl will now be the two physicians serving the center.

Call: 764-5525 for further information.

**REPORT OF DISTRICT FOREST FIRE CHIEF AND  
YOUR FOREST FIRE WARDEN**

Prevention and control of forest fires is handled through a cooperative effort between town/city fire organizations and the State Forest Fire Service.

Since 1903, when the first forest fire laws were passed by our Legislature, the State Forester has appointed someone in each municipality as a Forest Fire Warden and charged him with the responsibility of forest fire prevention and control within his town/city. This person may ask the State Forester to appoint as many Deputy Forest Fire Wardens as may be necessary to efficiently carry out his charge.

The State Forester has divided the State into ten forest fire districts with a full time District Forest Fire Chief in each district. The State organization is charged with assisting the municipal forest fire organization in any way possible.

State personnel conduct fire training schools, assist with forest fire suppression, fire cause investigation, prosecution of fire law violators and forest fire prevention programs. Forest fire suppression equipment is purchased through State bulk purchasing ability and sold to local forest fire organizations at one-half cost. Excess military property is obtained and turned over to town/city fire departments at no cost to local departments for conversion into fire suppression units. This cooperative arrangement between State and municipality has resulted in one of the best forest fire records in the United States with less than one-half acre of woodland burned in each fire reported.

## PLANNING BOARD NEWS

---

Your planning board is busy gathering the necessary data needed to formulate a Master Plan for the town. The response to the questionnaire sent to you citizens of Rumney has been most rewarding and helpful. All questionnaires have now been tabulated and are in the process of going through a program total and transferred to a master sheet. We hope to have this information ready to give to you at the door on town meeting day.

Our heartfelt thanks to each of you for your cooperation, especially to the committee led by Mrs. Doris Tunnell for the fine job they did in tabulating the replies.

The planning board will keep you informed as to the progress being made towards the completion of the Master Plan. We will continue to seek your assistance on the various committees needed for gathering information on the many different subjects and areas involved.

## GRAFTON COUNTY COMMISSIONERS REPORT

---

To the Citizens of Grafton County:

In an effort to communicate more directly with the taxpaying citizens of Grafton County, we, the Grafton County Commissioners, are writing to you through your individual town or municipal reports.

Last year (1978-79) the total county tax raised was \$1,977,142. These monies were appropriated by the County Delegation and administered by the Commissioners. Some of the ways this money was spent was in maintenance of our courthouse, nursing home, county farm, sheriff's department, jail and house of correction, social welfare, etc.

The average number of patients in our nursing home is 140. The average daily census of the Jail/House of Correction is 25. We had a total of 349 inmates in the Jail and 114 inmates in the House of Correction during our fiscal year.

In addition to providing food for the nursing home complex and agricultural services for the community, the farm also continually shows a profit. In our fiscal year 1979 the farm profit was \$60,654, due in part to sales of pigs at \$5,500, cows at \$27,000, wood at \$1,800, hay at \$2,100, milk at \$135,444 and produce at \$48,129.

We have completed Phase II-Design of the sewage project and anticipate beginning construction under Phase III in the spring. The total overall cost of the project is approximately \$540,000, of which \$400,000 is federal grant, \$110,000 State share and \$30,000 County share.

We are making an effort to conserve energy, particularly in the courthouse building, and are taking a hard look at any modifications in this so called "modern" facility that will make it a less expensive consumer of fuel.

A trial dispatching service was instituted for 16 area fire departments and probably will be made a permanent function during the latter part of 1979. A yearly fee is charged for this service.

Grafton County employs 230 people of whom we are very proud. It is because of these people that Grafton County continues to operate efficiently and within budget.

There are many other concerns that we, the Commissioners deal with. We invite the citizens of Grafton County to take part in any of our regular meetings held each Monday morning at the courthouse in North Haverhill.

Richard L. Bradley, Chairman  
Dorothy Campion, Clerk  
Arthur Snell

## REPORT OF RUMNEY CONSERVATION COMMISSION

---

The Rumney Conservation Commission has served the community in the following ways this past year:

1. Assisted in selecting the engineering firm of Anderson-Nichols to develop a plan for the preparation of the landfill site in West Rumney. Aided the Selectmen in establishing criteria for the engineering firm to research for the proper use of the landfill site.

2. Several members of the commission attended a meeting called by Governor Hugh Gallen where secretary of agriculture Berglund explained the aid that the federal government is prepared to provide states to meet food problems that will arise as the energy crisis becomes more acute.

3. The Commission invited Mr. Michael Hickey of the North Country Council to explain plans for a map to be prepared by a student intern, Donald Johnson, that will provide an indication of how land in Rumney is presently being used. Two subsequent meetings between the Chairman of the Commission and North Country Council personnel concerning the same map have culminated in the completion of this work.

4. Three members of the Commission attended a meeting sponsored by the forum on the subject of comprehensive planning for New Hampshire Communities.

5. Samplers were emplaced in the Western, Eastern, and Southern shallows of Stinson Lake. These samplers will be used to monitor the groundwater intrusion into the lake over a period of years.

6. Monthly meetings of the Conservation Commission were used to consider and discuss many environmental issues.

## REPORT FROM SUPERINTENDENT'S OFFICE

---

Many parents think their child's intelligence is something that is fixed at birth and cannot be changed. This is simply not true. It has been said that this is one of the most important educational discoveries of the twentieth century. A child's level of intelligence is determined in much the same way as his strength. When children eat well and exercise their muscles, they grow strong and develop fully. With proper food and proper exercise, the brain also develops fully. How can parents help their children develop their intelligence?

At this point someone may be thinking: "Why parents?" Recently psychologists and educators have begun to realize how important the years before school entrance are for the development of a child's ability to learn. It is widely believed now that most of the child's basic intelligence has been formed by the time he reaches school age. This, of course, does not mean that by the time he is six years old, he has learned most of what he will know as an adult. What it means is that most of a child's ability to learn quickly and with ease has developed by the time he reaches school age. The people who are in the best position to supply these important experiences and exercises are the child's parents.

Two important ideas will be shared before specific activities and exercises are discussed. First, as parents, we are our children's first teachers. We help them form their attitudes toward learning, and it is vital to make their earliest experiences positive and pleasant ones. The second is that it is important to remember a young child has a short attention span; he/she is not able to concentrate on one activity for long periods of time.

The following represents a few suggestions that parents can use with children:

Listen to your child. Encourage him to ask questions, discuss ideas, and tell stories.

Play games, especially those that have educational value, like number games, guessing games, word games.

Teach your child about numbers, and explain that numbers mean "how many." A child who can count to ten does not necessarily understand numbers. The concept of each number must be taught.

Help your child learn to carry out simple projects and activities. Perseverance is a key to success in school and throughout life. It gives a child a feeling of accomplishment and builds self-confidence.

Training in chores at home, and training in understanding and following simple directions will help your child know what will be expected in the classroom. Set a good example. If you are interested in learning, your child probably will be too. For example; set a family reading time or some other organized learning activity and share experiences.

Your child learns in many places and in many ways. School, of course, is a major source of your child's learning, but learning at home is vital to your child's development. As a parent, you have an opportunity to make an enormous difference in how much and how well your child learns. **You are your child's most important teacher,** and a valuable partner of your child's teachers in school.

Respectfully submitted,  
Donald H. Cosgrove,  
Superintendent  
Daniel A. Cabral,  
Assistant Superintendent

## PRINCIPAL'S REPORT FOR THE TOWN REPORT

---

When the doors of the Russell School opened this fall, students were greeted by a new principal, sixth grade teacher, music teacher, speech therapist and Title 1 teacher.

Miss Heidi Hill, our sixth grade teacher obtained her Masters from Northeastern University. She brings to Russell School enthusiasm and dedication in the field of education.

Mrs. Linda Fischer, our music teacher, is here one day a week, and is enriching Rumney students with her skills and providing a balance to the educational programs at Russell School. She is a graduate of Defiance College. As was evidenced by our successful Christmas program, the music program is becoming stronger and stronger.

Mrs. Jackie Cramton, the speech therapist, worked at other schools within our school administrative unit last year. We are fortunate to have her with us this year.

Mrs. Jackie Stevens, our Title 1 teacher, received her degree from Keene State College. Jackie works with students on a small group basis in the area of reading.

Two areas of concern this year are the library and the overall building appearance. The P.T.O. is helping out with upgrading the library. Money is being raised to update the books we now have and to purchase new ones. Lighting improvements in the multi-purpose room were badly needed. The new lighting is safe, efficient and attractive. The floors have been refinished and sealed, and are much easier to maintain with the new cleaning process. Credit goes to Mr. Robert Smith and his son, Jeff, who have been working very hard to accomplish the improvements made within, and on the outside of the building.

The school lunch program is as successful as ever and at a price that is the lowest in the area. Mrs. Lyon works very hard to keep this program a notch above the rest in the state.

At this time I would like to thank everyone who has helped out in any way to make Russell School a better place for a child to attain an education. As always, I look forward to working with people who care so much about the education for the students in their town.

Respectfully submitted,  
Larry DiCenzo, Principal  
95

## EXPLANATION OF SUPERINTENDENT'S AND ASSISTANT SUPERINTENDENT'S SALARY FOR 1978-79

---

Chapter 189, Section 48 Revised Statutes Annotated of the State of New Hampshire, requires that the school district annual report show the total amount paid to the Superintendent of Schools as per the following quotation: "Reports. Each superintendent of a supervisory union shall annually prepare a report of the total salary paid to the superintendent, showing in detail the amount paid by the state and each local school district and their share of same. Said report shall be included in the annual report of the respective school district as a separate entry. A like report and entry shall be made for each assistant superintendent, teacher consultant, and business administrator, if any is in service in the union."

One-half of the school administrative unit expenses is prorated among the several school districts of the unit on the basis of adjusted valuations. One-half is prorated on the basis of average daily membership in the school for the previous school year ending June 30th. The salary of \$25,500 which was received by the Superintendent of Schools of School Administrative Unit #48 during 1978-1979 was made up as follows: \$2,500 paid by the State of New Hampshire and \$23,000 was prorated among the school districts comprising the School Administrative Unit. Allowance for \$1,200 travel within the Unit was also prorated as stated above.

The salary of the Assistant Superintendent during 1978-1979 was made up as follows: \$2,444 paid by the State of New Hampshire and \$20,056 was prorated as stated above. Allowance for \$1,800 travel within the Unit was also prorated as stated above.

The table below shows the portion of salary and travel charged to each school district.
