AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any charges which may be necessitated by the return of verification notices.

GENERAL COMMENTS

Current Surplus:

The current surplus (excess of total assets over current liabilities) increased by \$5,163.39, from \$15,631.79 to \$20,795.18, in 1959, as shown herewith:

	December 31, 1958	December 31, 1959
Total Assets	\$54,452.62	\$64,063.95
Current Liabilities	38,820.83	43,268.77
Current Surplus	<u>\$15,631.79</u>	<u>\$20,795.18</u>

Town Treasurer's Surety Bond:

It is recommended that the Surety Bond of the Town Treasurer be increased from \$10,000.00 to \$15,000.00, in order that the amount of the bond may be more commensurate with the funds in the custody of the Treasurer.

Uncollected Taxes - Prior Years:

Uncollected head and poll taxes on the warrants of 1956, 1955 and 1954 should be examined by the Board of Selectmen and the Tax Collector and such taxes on these lists as appear to be uncollectible should be abated.

Unredeemed Taxes:

It is noted that there are unredeemed taxes from tax sales on account of the levies of 1956 and prior years as follows:

1956 -	\$ 454.81
1955 -	620.29
1954 -	206.41
1953 -	203.74

Forest Fire Warden's Report

PREVENTION IS EVERYBODY'S BUSINESS

The year 1959 was fortunate from a forest fire standpoint. New Hampshire had the best record in the nation. Fewer acres were burned, suppression costs were substantially reduced and damage to woodlands held to a minimum. The record resulted from a combination of favorable weather conditions, an alert warden service and a cooperating public.

Yet, despite all this, there still persists a disturbing note. 58%, or 6 out of every 10 fires in 1959 were caused by careless smokers and debris burners.
10%, or 1 out of every 9 fires was caused by children.

Careless, indifferent, thoughtless and independent minded individuals and failure of parents to properly supervise children and keep matches out of their reach, annually cause these unnecessary fires which cost large sums to extinguish and cause extensive damage. The elimination of these three causes of fire would radically change this picture.

The rules are simple—

1. Before burning, secure a permit from your local fire warden - the law requires it.
2. Be sure to properly supervise your burning.
3. Make certain your fire is DEAD OUT before leaving it.
4. Don't throw lighted matches, cigars and cigarettes from moving vehicles - use your ash tray.
5. Don't burn at home - Use your town dump and save yourself much possible difficulty, both personal and financial.

Confidential reports of the various police activities are submitted to the Selectmen.

The school patrol under the supervision of the Central School officials was in operation under the sponsorship of the Sandwich American Legion Post.

I attended the weekly law enforcement officers training meetings held at the County Farm under the sponsorship of the Carroll County Sheriff's Department.

During the past year a two-way mobile radio for police use was ordered and purchased by the Town out of the police appropriation per vote of the Town at the last years' Town meeting. The radio was delivered in December.

The Town received a Certificate of Merit again this year from the New Hampshire Commissioner of Motor Vehicles.

I would like to take this opportunity to thank all those who have helped me this past year in the performance of

my duties, especially Lawrence Blumberg and the other law enforcement agencies for their kind and generous cooperation which they have extended to me throughout the year.

Respectfully submitted,

Report of Sandwich Planning Board

February 5, 1960

The Selectmen
Sandwich, N. H.

Recommendations of the Sandwich
Planning Board

Dear Sirs;-

The Planning Board recommends placing before the Town Meeting in the warrant for the 1960 meeting an ordinance and a resolution.

(1) The ordinance.

“Any person, persons, company or corporation intending to build a building, substantially remodel a building, install sewage disposal, dig or drive a well, or make a road in the Town of Sandwich, shall file with the Selectmen a “Registration of Intention” on forms to be provided by the Town Clerk.

Such “Registration of Intention” shall be referred to all Town officers having a duty to enforce any existing law, bylaw or regulation.

As a service to the registrant there shall be made available to him any State or other bulletins or pamphlets covering the law on good practice pertinent to his project.”

(2) The resolution.

“We, the citizens of Sandwich, in Town Meeting assembled, recognizing that the well being and prosperity of all of us will be promoted by the preservation and perpetuation of the natural beauty of our countryside and the existing character of the town, do approve the following “Civic Responsibility Code” in connection with any new construction or substantial alteration of existing structures;-

1. We will, so far as possible, build to the standard of our neighborhood so that our property may not detract from the character which has been created and from which we benefit;

2. That in purely utilitarian or temporary structures we will endeavor to so place them as not to mar or deface the natural beauty which now exists and to make them as slightly as our means permit;

3. Where finance or other practical considerations dictate the building of family living units to the minimum standard we will endeavor to make them as befits the well-being of an inhabitant of Sandwich;

4. In the subdivision and development of real estate we will endeavor to maintain adequate standards of sanitation, good health, and citizenship, recognizing that this can be done only by a sincere effort to consider the welfare of the entire community on a long term basis."

Report of School Nurse

In March an organizational meeting was held for the Future Nurse's Club at Quimby School. Interested students and advisors from Ashland and Inter-Lakes High Schools have joined with us and several interesting meetings have been held at both Ashland and Quimby Schools.

49 Quimby students were examined in September by the school physician, Dr. Harold Conrad Jr. and 98 children were examined at the Central School. Parents were notified of all recommendations to correct any defects found.

Routine heights and weights were checked in the spring and fall.

Annual vision tests were done and the questionable ones rechecked. A notice was then sent home suggesting further examination by their family eye doctor.

A Salk Polio vaccine clinic was held June 4th. for children to complete their unfinished series of polio shots or receive the 4th shot. 91 elementary children and 30 Quimby students received the vaccine.

Much welfare and social work and individual inspections were carried on throughout the year whenever necessary.

A few children were referred and transported by the nurse to the Orthopedic Clinic in Laconia.

A pre-school registration day was held in May with 16 children attending. The school nurse checked the heights and weights and vision then recorded information for the school health records.

Some hearing has been checked but our present machine which is shared with Ashland, Meredith, Center Harbor, Moultonboro and Holderness is being reconditioned, therefore most of the hearing tests of the school children have not been done.

Free vitamins purchased by the Red Cross were given to the children Grades 1-8 inclusive.

The cooperation of the superintendent, members of the School Board, teachers and parents of the community has been very much appreciated.

Respectfully submitted,

AMY L. BROWN, R. N.

Report of Superintendent of Schools

To the School Board and
Citizens of Sandwich:

I respectfully submit my fifth annual report as your Superintendent of Schools. As the American educational system has rapidly evolved, its goals have been variously defined as preparation for higher study, preparation for vocational endeavors, and preparation for life. At present, its whole philosophy can be summed up in two main concepts; the development of the individual to his optimum and the fostering of qualities needed for constructive citizenship.

These two basic concepts are really interlocking facets of the same fundamental attitude toward education, for only as each individual is helped to reach his potential can he be expected to make a vital and meaningful contribution as a member of the community. The democratic aspect of our educational system must not be thought of as a great leveling device which seeks to give each student exactly "equal" training, but rather a means of guaranteeing that each student be given the opportunity and the assistance to reach his own maximum fulfillment. Since pupils differ, this fulfillment will not only differ in kind but it will also be achieved through varying means.

Supervision and Instruction

As superintendent, I feel our teaching staff is doing a commendable job in adjusting the program to the capacity and capability of the individual child, by stimulating the bright and alert pupils to do more, the average pupil to do his best, and recognizing the pupils who are less able than others. Each boy and girl is entitled to an education within his ability, and where this is made possible, we are bound to progress.

Supervisory Union #2 includes the school districts of Ashland, Holderness, Inter-Lakes (Center Harbor-Meredith), Moultonboro and Sandwich, and there are many times when I realize that without the loyal support and efforts of the building principals and staff, that many of our accomplishments would not be possible.

The 7th grade boys have been scheduled for one period of shop and the girls for one period of Home Arts training, and the 8th grade girls are studying Spanish at Quimby School. This enrichment of the 7th and 8th grade program has proven to be very beneficial as it gives an opportunity

for experience and training that are available in the junior high years of our larger schools.

Staff

Mr. William Thorndike, a graduate of Harvard University who has also done graduate study in education at the University of New Hampshire, replaced Mr. Giles Low as principal and teacher of grades 7 and 8. Mr. Bruce Heald, a graduate of Lowell State Teachers College, replaced Mr. Cowan as supervisor of music.

Building Maintenance

Mr. Frank Mudgett is to be commended for his sincere interest in giving our children a clean and healthy atmosphere in which to work, and for protecting the district's investment in its school building and grounds.

Transportation

Consolidation of one of the routes with the Quimby School bus route to Ossipee has proven to be very satisfactory. The school bus drivers are to be commended for their interest in keeping their vehicles in safe running order and for providing safe and efficient transportation of our pupils.

School Lunch

The school lunch continues to be a vital part of the school program under the supervision of Mrs. Helen Forristall. Mrs. Mona Burrows is assisting preparing and serving meals for over 100 pupils daily.

Educational TV

The educational TV programs in science and social studies from WENH, channel 11, Durham N. H., are being viewed as part of the curriculum. The programs are very educational in that they bring to the classroom many experiences not possible in the regular classrooms.

P. T. A.

The P. T. A. is to be complimented for having so many worthwhile programs relating to pupil, parent, teacher and the home.

Conclusion

As executive officer of the School Board, and as spokesman and representative of the teaching and administrative staff, I wish to take this opportunity to express my sincere appreciation to the Sandwich School Board, to all the personnel, and to the citizens of Sandwich for their cooperation and support this past year.

MARTIN E. HEFFERNAN
Superintendent of Schools

Sandwich Central School

REPORT OF THE PRINCIPAL

The Sandwich Central School has continued the close relationships established last year with the Quimby High School: our eighth grade girls attended the senior school for weekly Spanish lessons with Mrs. Henry; our seventh grade girls and boys have enjoyed home economics with Mrs. Rhodes, shop with Mr. Whittemore. We thank Principal Hoag for arranging this enrichment which improves the adjustment to departmentalized teaching.

Mrs. Plummer's fifth and sixth grades have this year deepened their elementary knowledge of natural and physical sciences. Class projects have been supplemented with the television program. Mrs. Plummer has continued her fine physical education activities. We thank her also for her scheduling of films on the history and meaning of our country.

In the third and fourth grades, Mrs. Berry has made effective use of the television courses on the history of New Hampshire and on science. Her class has also made a study of our town.

The first and second grades continue to benefit from Mrs. Wiggins' ingenuity in devising or procuring "for free" many teaching tools for easing the problems of learning to read and write. We are grateful to her for guiding these vital years of our children.

Mr. Bruce Heald has conducted weekly lessons in the universal language of music; in some cases, also, of art.

The seventh and eighth grades thank Mrs. Forbes for her kindness in leading them to the world of books: without her cooperation our history notebooks and speeches would have had less substance; our weekly compositions would have been denied a resource for those times when originality failed.

On a private basis, Mrs. Olivier has helped to bring up the reading level of some pupils near to grade. Wide variation of reading ability is normal, since reading ability affects progress in learning. We should give special attention, when possible to perhaps 10% of our children. The school is grateful for Mrs. Olivier's instruction.

May we close this report by thanking the Sandwich School Board and the Parent-Teachers' Association for their intelligent cooperation, and Mr. Heffernan for his guidance talks. The eighth grade will never forget Mr. Heffernan's exciting introduction to algebra.

Respectfully submitted,

T. WILLIAM THORNDIKE

Principal
