REPORT OF FINANCE COMMITTEE

Unforeseen increases in State and County taxes, and the expenditure of \$2,350.00 on the construction of the Bemis School instead of using this fund for the general purposes of the School District, operated last year to produce a tax rate of \$3.30, in excess of the budget estimate by \$.40. Increases in expenditures necessary for relief, old age assistance, and highway maintenance have produced an operations deficit for the year of about \$1,100.00.

The School Board's budget, presented elsewhere in this report, is approved. The raising of sums indicated on the copy of the Town warrant contained in this report, approved by this Committee, in connection with the School Board's budget, should produce a tax rate of \$3.20, allowing for estimated further increases in State and County taxes, and an overlay of \$1,500.00.

For the Committee,
F. L. STEELE, JR.
Secretary.

The following statistical report represents the work they have accomplished during the months of January, February, March, April, May, October, November, and December, 1935.

SUPERINTENDENT'S REPORT

I herewith submit my thirteenth annual report as superintendent of schools.

Rollo G. Reynolds has pointed out four things which should be the heritage of every American child.

1. He has a right to a strong, healthy body.
2. He has the right to develop an honest mind and ability to think in face of evidence.
3. Trained hands
4. The right to a living soul from which comes the good in life.

Schools are trying to provide these things for our boys and girls. From the first grade to the end of our high school there is opportunity to direct child development. And the best way to prepare for the problems of the future is to do honestly and intelligently the tasks of the present. The youth prepares today's lesson and is better prepared for tomorrow's tasks. He cares for his body now and gains strength for the future. He keeps his mind open to the best things. He learns that life is not for self alone.

High School

Our high school graduated its first class last June. The program was such as to draw favorable comment from the state agent who was present. This year we have a class of ten who expect to graduate. The enrolment of the school at present is 39. Activities in music and athletics have been successful. Our orchestra joined with the orchestra from Ossipee High School in giving a public concert which was worthwhile and much appreciated. Prize speaking, debating and dramatics are among the worthwhile club activities. The school is now organized with a full four-year program.

School Property

The property has been kept in good condition, as usual. The special improvement is in the fine new

building at South Tamworth for the Bemis School. As the name indicates, Mr. and Mrs. Bemis gave the lot and the building which had been a two story residence built with best workmanship. This gift was accepted by the district and, under the careful and faithful guidance of Mr. Charles A. Wiggin, Chairman of the school board, this building has been made into a fine two-room school building. It was possible to provide a library reading-room for each school and spacious halls for lunches and coats. With South Tamworth and Bennett's Corner combined, there is an opportunity for excellent school work—as good as have in any school in town—equal to that in the village schools.

Appreciation is hereby expressed to Mr. and Mrs. Bemis for the gift and to Mr. Wiggin for his untiring efforts in remodelling for school use.

Health Work

The health work is in the care of Dr. Edwin C. Remick and the community nurse, Miss Ruth Allen, R. N. Examinations have been made and Miss Allen is very busy checking defects and preventing spread of disease. Mr. Wiggin has kindly opened his house for a dental clinic which will serve the pupils' needs. Miss Allen's report is included.

Attendance

For the year ending June 30, 1935, we had an average attendance of 158.5, an average membership of 164.7 and a percent of attendance of 96.

According to the register records, schools having an attendance of 95% or over are as follows:

High School
Grammar School
South Tamworth
Whittier
Bennett's Corner
Pequaket
Tamworth Primary

Roll of Perfect Attendance
1934-1935

Respectfully submitted,

F. W. JACKSON

Superintendent of Schools

REPORT OF THE SCHOOL NURSE
Tamworth, N. H.

To the Townspeople, School Board and the Superintendent of Schools:

On October 1, 1935, I took up the work which Mrs. Maloney had so successfully begun during the first half of the school year.

Eight children had visual defects corrected under the Child Recovery Program and for whom glasses were provided. The bill amounted to sixty-nine dollars and was paid out of Federal funds.

There are no Federal funds available now, either for corrective work or for free milk in the schools.

Eight pints of cod liver oil have been used for school and pre-school children.

Six first aid kits have been placed in the schools, so that each school is now equipped for any ordinary emergency.

The audiometer, a scientific device for testing hearing, was loaned to us, from the state, for the hearing tests.

I wish to thank those who have assisted at our clinics, either with their services or with their cars.

The cooperation of the people and parents of the community has been much appreciated.

Respectfully submitted,
RUTH E. ALLEN, R. N.
