Annual Report

FOR THE TOWN OF

HOLLIS

NEW HAMPSHIRE

for the year

Nineteen Hundred and Eighty-Two

Annual Reports

of the

OFFICERS and COMMITTEES

of the Town of

HOLLIS, N.H.

FOR THE YEAR ENDING DECEMBER 31, 1982

With Report of

SCHOOL DISTRICT

FOR THE YEAR ENDING JUNE 30, 1982

**DEDICATION
BERTHA E. DUNCAN
TOWN CLERK 1957 to 1982**

Over the past decade it has been the practice of the Board of Selectmen to dedicate the annual town report to somebody who has given of themselves without hesitation to help make the town a better place to live in. Bertha and Bert together with their four children have always exemplified those strong family ties which have been the cornerstone in the development of Hollis. Bertha is a member of a very select group who have given twenty-five years or more of their time in public office serving the community.

Bertha was born in Lynn, Massachusetts in 1901. She is the great, great, great granddaughter of Reverend Daniel Emerson, the first minister of Hollis. She was educated in the Lynn public schools.

The house Bertha now resides in has been in her family since 1804. When she visited Hollis as a young girl she would ride the train to Hollis Depot or Pepperell, Massachusetts and would travel the rest of the way by horse and buggy. Bertha's parents moved to Hollis in 1920 and in 1929 she and her husband, Bert, moved their family to Hollis.

Bertha has always been very active in town affairs and through the years has been treasurer of the Woman's Club; treasurer of the Ladies Reading and Charitable Society and Regent of the Anna Keyes Powers Chapter, Hollis DAR. She also played a very active part in the reactivation of the Hollis Town Band in the early 1940's.

In 1957, with her four children grown and gone and not enough to do, she decided to run for Town Clerk. It has been a part time job she very much enjoyed through the years. In the early days being clerk was easy as the office was in her home and her dining room table was her desk. All the vehicles were registered in March and with the population around 1500 it still gave her plenty of time for her other interests.

An avid gardener, Bertha also has enjoyed rug braiding, caning chairs and sewing. She is also a crackerjack bridge player and bowls with the Hollis Seniors.

THE STATE OF NEW HAMPSHIRE

THE POLLS WILL BE OPEN FROM 7:00 A.M. TO 7:00 P.M.

To the Inhabitants of the Town of Hollis in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Lower Town Hall in said Hollis on Tuesday, the eighth day of March, next at 7:00 of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To see if the Town is in favor of changing the term of the town clerk from one year to three years, beginning with the term of the town clerk to be elected at next year's regular town meeting.
3. To see if the Town is in favor of the Ordinances as proposed by the Planning Board.
4. To conduct other business by official ballot.

Given under our hands and seal, this sixteenth day of February, in the year of our Lord nineteen hundred and eighty-three.

HOLLIS TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hollis in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Walters Auditorium in said Hollis on Wednesday, the ninth day of March, next at 7:30 of the clock in the evening, to act upon the following subjects:

1. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

2. To hear reports of Selectmen and other Town Officers and Committees.

3. To see if the Town will adopt an Ordinance providing for the licensure and regulation of itinerant vendors, hawkers, peddlers, traders, farmers, merchants or other persons who sell, offer to sell or take orders for, merchandise from temporary or transient sales locations within the Town of Hollis, or who go from town to town or from place to place in the Town of Hollis for such purposes, as permitted by RSA 31:102-a and as proposed to this meeting.

4. To see if the town will vote to accept State Aid for the Construction of Class V roads and appropriate the sum of \$1,606.13.

5. To see if the town will authorize the Selectmen to borrow money in anticipation of taxes.

6. To see if the town will vote to authorize the Tax Collector to accept prepayment of taxes in multiples of \$10.00.

7. To see if the town will vote to authorize the Conservation Commission to retain the unexpended portion of its previous appropriations and its 1983 appropriation, said funds to be placed in a special conservation fund in accordance with RSA 36-A:5.

8. To see if the town will vote to authorize the Board of Selectmen to apply for, accept and expend money from the state, federal or another governmental unit or a private source which becomes available during the year in accordance with the procedures set forth in RSA 31:95-b.

9. To see if the town will vote to appropriate and authorize the withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 for use as

set-offs against budgeted appropriations for the following specific purposes and in the amount indicated herewith or take any other action hereon. Highway Department: \$36,611.12.

10. To see if the town will vote to go on record in support of immediate actions by the Federal Government to control and reduce acid rain which is harmful to the environment and economy of Hollis, New Hampshire and to the health and welfare of the people of Hollis, New Hampshire. These actions shall include:

- a. Reduce by at least half the major cause of acid rain, sulfur dioxide emissions, by the year 1990.
- b. Conclude negotiations and adopt a treaty with the government of Canada that will commit both nations to this same goal.

The record of the vote on this article shall be transmitted to the New Hampshire Congressional Delegation and to the President of the United States.

11. To see if the town will appropriate \$20,000.00 to purchase a new Rescue Van, raising \$4,000.00 and withdrawing from capital reserve fund the sum of \$16,000.00 plus accumulated interest.

12. To see if the town will raise and appropriate the sum of \$100,000.00 for rebuilding highways.

13. To see if the town will raise and appropriate the sum of \$25,000.00 for the purchase of a gravel resource.

14. To see if the town will raise and appropriate the sum of \$13,000.00 for the purchase of a new chipper.

15. To see if the town will raise and appropriate the sum of \$15,000.00 for the paving of the new Fire Station parking lot.

16. To see if the town will authorize the selectmen to withdraw and expend \$1,000.00 of the funds in the map capital reserve fund to continue to develop the Tax Map project.

17. To see if the town will raise and appropriate the sum of \$8,000.00 to be placed in capital reserve fund for a grader.

18. To see if the town will raise and appropriate the sum of \$6,000.00 to be placed in capital reserve fund for a front end loader.

19. To see if the town will raise and appropriate the sum of \$2,000.00 to be placed in capital reserve fund for an ambulance.

20. To see if the town will raise and appropriate the sum of \$5,000.00 to be placed in capital reserve fund for a Communications Center and Police Station.

21. To see if the town will raise and appropriate the sum of \$5,000.00 to be placed in capital reserve fund for library expansion.

Given under our hands and seal, this sixteenth day of February, in the year of our Lord nineteen hundred and eighty-three.

Board of Selectmen
Town of Hollis, New Hampshire

We have examined the general purpose financial statements of the Town of Hollis, New Hampshire as of and for the year ended December 31, 1981 as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards, and included such tests of the accounting records, and such other auditing procedures as we considered necessary in the circumstances.

The Town has not maintained a record of its general fixed assets, and accordingly a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial report.

In our opinion, except for the effects of the omission of a statement of general fixed assets as discussed in the preceding paragraph, the aforementioned general purpose financial statements present fairly the financial position of the Town of Hollis, New Hampshire, at December 31, 1981, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

TOWN OF HOLLIS, NEW HAMPSHIRE

Notes to Financial Statements

December 31, 1981

1. Summary of Significant Accounting Policies

The accounting policies of the Town of Hollis as reflected in the accompanying financial statements for the year ended December 31, 1981 conform to generally accepted accounting principles for local government units, except as indicated hereinafter, as amended by Statement 1, Governmental Accounting and Financial Reporting Principles, issued by the National Council on Governmental Accounting. The more significant accounting policies of the Town are summarized below:

(a) Fund Accounting

For reporting purposes, the financial activities of the Town are accounted for through the use of several funds. Each fund is a separate accounting entity with self-balancing accounts. The following types of funds and account groups are used by the Town:

Governmental Funds

- (i) The General Fund - to account for all financial activities of the Town, except those required to be accounted for in another fund. Most revenues and expenditures of a general governmental nature are accounted for in this fund.
- (ii) Special Revenue Funds - to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or for major capital projects) that are legally restricted to expenditure for specified purposes.
- (iii) Capital Projects Funds - to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by special assessment funds).

(Continued)

Fiduciary Funds

(iv) Trust Funds - to account for assets held by the Town in a trustee capacity. These include (i) Expendable Trust Funds, (ii) Non-expendable Trust Funds.

(b) Bases of Accounting

The accrual basis of accounting is used for the Town's fiduciary type funds. The modified accrual method of accounting is used for all governmental fund types. Under the modified accrual method, revenues are recorded when susceptible to accrual (i.e., measurable and available to finance the Town's operations) and expenditures, other than interest on long-term debt, are recorded when the liability is incurred.

(c) Fixed Assets

Property, plant and equipment acquired or constructed for general government services are recorded as expenditures in the fund making the expenditure. Generally accepted accounting principles require that such assets be accounted for in a "general fixed assets group of account." The Town does not maintain such as account group.

(d) Taxes Collected for Others

The Town collects property taxes and other shared revenues for the Hollis School District and the County of Hillsborough. Payments to the other taxing units are normally made throughout the year. The ultimate responsibility for the collection of taxes rests with the Town.

An analysis of the 1981 property tax levy is presented below:

	<u>Amount</u> <u>Levied</u>	<u>%</u>
Town of Hollis	\$ 516,036	16.8
Hollis School District	2,413,995	78.4
Hillsborough County	<u>148,687</u>	<u>4.8</u>
Total	\$ <u>3,078,718</u>	<u>100.0</u>

(Continued)

(e) Interfund Transactions

The accompanying financial statements reflect numerous transactions between the various funds. These transactions represent operating transfers and do not constitute revenues nor expenditures of the funds.

(f) Continuing Appropriations

Appropriations for certain projects and specific items not fully expended at year-end are carried forward as continuing appropriations to the next year in which they supplement the appropriations of that year. At year-end, continuing appropriations are reported as component of fund balance.

2. Taxes Receivable

An analysis of taxes receivable at December 31, 1981 is presented below:

Property Taxes:

Levy of 1981	\$ 669,388
Levy of 1980	1,894
Prior	<u>155</u>

Total Property Taxes 671,437

Resident Taxes:

Levy of 1981	3,000
Levy of 1980	270
Prior	<u>10</u>

Total Resident Taxes 3,280

Yield Taxes:

Levy of 1981	367
--------------	-----

(Continued)

Unredeemed Taxes:

Levy of 1980	43,433
Levy of 1979	11,638
Prior	<u>419</u>

Total Unredeemed Taxes	55,490
Less estimated uncollectible taxes	(<u>10,905</u>)
Total	<u>\$ 719,669</u>

As prescribed by state law, all delinquent taxes are sold at tax sale by the Town's tax collector. The purchaser of tax sale properties obtains a priority tax lien. If the property is not redeemed within a two year redemption period, the property is deemed to the lien holder.

3. Retirement Plans

All full-time employees of the Town are covered under the State of New Hampshire Retirement System. Contributions are deducted at rates according to employment category. The Town's contribution for normal costs of the plan is based upon an actuarial valuation of the entire State. Since the actuarial valuation is performed on the entire State plan, the amount, if any, of the excess of vested benefits over pension fund assets for the Town of Hollis is not available. The Town does not have a liability for past service costs, the Town's expense for the year for the State plan was \$11,107.

4. Budget

The Town budget represents departmental appropriations as authorized by annual or special Town meetings.

The Selectmen may transfer funds between operating categories as they deem necessary. State Statutes require balanced budgets but provide for use of beginning fund balances to achieve that end. Eighty-three thousand dollars of the beginning General Fund Balance was applied to reduce the 1981 property tax levy.

**INDEPENDENT AUDITORS
1982 REPORT**

We are examining the financial statements of the Town of Hollis for the year ended December 31, 1982 for the purpose of expressing an opinion on them. Our work is expected to be completed by March 8, 1983 and our report will be available for your review at the annual Town Meeting.

Deputy Tax Collector

TOWN TREASURER'S REPORT — 1982

The General Fund balance decreased during 1982 from \$933,335 to \$775,000, a reduction of \$158,335.

Property tax collections for the year 1982 were somewhat greater in percentage of the warrant, but the property tax receivables grew from \$671,437 to \$765,206, an increase of \$93,769. This compares with a growth in 1981 from \$621,056 to \$671,437, an increase of \$50,381.

Financial management of the town's inactive balances suffered a setback this year due to falling interest rates. The cost of tax anticipation notes was higher than estimated and the yield on Certificates of Deposit lower resulting in a loss of \$18,711. However, the Cash Management program applicable to checking deposits over \$50,000 earned \$17,653 even though call money interest rates on a day-to-day basis were lower.

The full cooperation of all town officials receiving funds, especially the Tax Collectors, in making prompt deposits is appreciated.

Ralph J. Hardy
Treasurer

1982
TREASURER'S FINANCIAL SUMMARY

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF REVENUE ADMINISTRATION**

November 4, 1982

Selectmen/Hollis
Town Office
Hollis, N.H. 03049

Gentlemen:

Your Summary Inventory of Property Valuation and Statement of Appropriations have been approved. You may proceed with the assessment of 1982 taxes on the basis of the following figures.

Net Assessed Valuation \$99,394,652.00

Taxes Committed to Collector:

Town Property Taxes Assessed	\$3,529,510.00	
Precinct Taxes Assessed		<hr/>
Total Gross Property Taxes	\$3,528,510.00	
Less: Est. War Service Tax Credits	24,050.00	
		<hr/>
Net Property Tax Commitment*	\$3,504,460.00	
Tax Rate - Town		3.55
Precinct		

* The amount of property tax commitment is subject to adjustment by reason of any increase or decrease in War Service Tax Credits which may result based on the above approved rate.

In the event any adjustment was made in the Appropriations Section, we have enclosed a copy of the changes. Revenues and Credits have been approved as shown on the enclosed copy of the third page of the Statement of Appropriation.

The net amounts approved for school, county and precinct are indicated below. These amounts are the total monies which should be transferred to each of these units of government.

Net School Appropriations	\$2,837,504.00
County Tax Assessment	198,853.00
Net Precinct Appropriation (1)	

In arriving at the above approved rate the Overlay has been set in the amount of \$74,943.00.

Very truly yours,
Lloyd M. Price, Commissioner

REPORT OF THE TOWN AUDITOR

To the Board of Selectmen
Town of Hollis
Hollis, New Hampshire 03049

We have examined the financial statements of the Town of Hollis for the year ended December 31, 1981 and have rendered our opinion thereon dated March 5, 1981. We have not performed any auditing procedures beyond the date of our opinion on the financial statements; accordingly, this letter is based on our knowledge as of that date and should be read with that understanding. As a part of our examination, we made a study and evaluation of the Town's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purposes of such evaluation are to establish a basis for reliance on the system of internal accounting control in determining the nature, timing, and extent of other auditing procedures that are necessary for expressing an opinion on the financial statements and to assist the auditor in planning and performing his examination of the financial statements.

The objective of, and inherent limitations on, any system of internal accounting control are described in the Appendix to this report.

Our examination of the financial statements made in accordance with generally accepted auditing standards, including the study and evaluation of the Town's system of internal accounting control for the year ended December 31, 1981, made for the purposes set forth in the first paragraph of this report, would not necessarily disclose all weaknesses in the system because it was based on selective tests of accounting records and related data. However, such study and evaluation disclosed the following conditions that we believe to be weaknesses.

General Ledger Accounting System

In 1981 the Town went ahead with the development and implementation of a double-entry general ledger accounting system. During the year all general fund cash receipts and cash disbursements were recorded in the general ledger and balances were developed monthly. The cash account was reconciled, monthly, with the Treasurer's balance.

The general ledger should now be expanded to include assets and liabilities. Transactions affecting these accounts should be recorded and maintained on a modified accrual basis. Furthermore, the accounting entities of the Town, namely the General Fund, Revenue Sharing Fund, Capital Projects Fund, and Trust Funds should be segregated in the general ledger to provide more meaningful reporting.

In implementing the above recommendations, we suggest that the trial balances resulting from the 1981 audit be used as beginning balances in the new general ledger and fund structure.

Cash Disbursements

During our examination, we discovered that the current budget structure of the Town does not result in the proper classification of many expenditure items. For example, audit fees were classified as officers salaries. We recommend that the budget structure and related accounts be reviewed for the purpose of modifying the accounts structure to meet the informational needs of Town management and taxpayers.

Other Weaknesses

The Recreation Commission checkbook has not been reconciled for some time. Interest income has not been added to the account and overdraft charges have not been deducted. Bank accounts should be reconciled monthly to assure good controls.

Bank reconciliations were not available for the library. Bank reconciliation should be completed monthly.

Supporting documentation of expenditures was not always on file in the bookkeepers office. We recommend that all payments be supported with documentation. Since the new voucher system was implemented, however, this weakness has been corrected.

Some checking accounts maintained at local banks are not cut-off at the end of each month but rather during the month. It is important to synchronize the cut-off period of the bank statement with the monthly closing period to facilitate reconciliations. We recommend that request be made of local banks to provide month end cut-off statements.

The contents of this report were discussed with the Board of Selectmen on March 15, 1982. We wish to express our appreciation to Louise King and other Town representatives for the courtesy and cooperation extended to us during our examination. We would be happy to discuss this letter further with you at your convenience.

Very truly,

Melanson Professional Association

POLICE DEPARTMENT REPORT FOR 1982

To the Citizens of Hollis:

Each year the Hollis Police Department tries to improve both itself and its individual members. Working with the same number of personnel, the Department has managed to reduce the number of shifts that are manned solely by a part-time officer from four per week in 1981 to one per week in 1982. This reduction in the amount of shifts manned by part-time officers who patrol alone does not in any way imply that the use of part-time officers is 'passe'. What it does mean is that these officers are now able to either ride along with the full-time officer or to patrol the Town in the second cruiser. Both the two-man cruiser and the second cruiser provide for a safer and more efficient patrol.

The fact that in 1982 there were two officers and two cruisers on duty at the same time for about half of the shifts has showed a marked increase in the number of checkups and warnings issued by the Police. In 1981 there were 779 warnings and checkups issued while in 1982 there were 1,898.

The individual officers themselves have also been improved in 1982. The Police Dept. of 1982 is made up of eighteen certified part-time officers and five certified full-time officers. In addition to the recent certification of many of the officers, many have attended seminars. These seminars cover the following topics; Radar Speed Measurements, Interviews and Interrogations, Hand-Writing Analysis, Operating the Breathalyzer, Accident Investigation and Building Searches.

Looking ahead to 1983 the Police Dept. will again strive to improve itself to better serve the Citizens of Hollis. With the continued support of the Citizens of the Town I am sure that Hollis will remain the fine and safe Community that it is.

Respectfully submitted,
Paul A. Bosquet
Chief of Police

HOLLIS FIRE DEPARTMENT AND AMBULANCE SQUAD

1982 REPORT

The year 1982 was a very eventful one for us as we watched and waited for our new station to be built adjacent to Glenice Drive, which is entered from Ash Street. This project was started over two years ago when a committee was formed under the direction of the former Fire Chief Roy Wilkins, to purchase some land to build a new fire station; one that would adequately house all equipment. Because the old station was too small, all equipment and vehicles were housed in three separate buildings.

Land was located and purchased from Glenn Staveley and David Peckham adjacent to Ash Street. The following year a building committee was formed, consisting of the following fire department members: Ken Towne, Ted Chamberlain, Bob Davison, Don McCoy, Bill Burton, Dave Seager, Clark Lambert, Don Fyfe and Dave April. Input from this committee enabled us to decide on the design and space which would be required in the building of the new central fire station.

Money was voted upon at the 1981 Town Meeting for the building. After many meetings, trials and tribulations, George F. Keller, Inc. of Merrimack, N.H. was contracted to do the site planning. Benson, Corzilius, Matuszewski Architects Professional Association of Manchester, N.H. was contracted, with Al Corzilius the architect designer for the station. He also was contracted to carry out all inspections of the construction aspects of the building. Maplehurst Builders, Inc. of Hollis was the builder for the project.

Land clearing was started in early spring, with site preparation following shortly afterward by the Highway Department. Heavy rains in June hampered construction efforts, however, by mid June construction got underway and progressed pretty much on schedule. The building was completed in December. By the middle of December the department moved into the new station, lock, stock and barrel.

We are very happy with our new quarters and it is a pleasure to be able to carry out all our training and maintenance duties in one building without stepping over one another. This will meet our department needs for many years to come. In other areas of the department, additional portable two-way radios were purchased for fire fighting and ambulance purposes. This will improve communication between vehicles and personnel working on the scene. Several sets of turnout gear were purchased as we had to replace some of the worn out and obsolete sets that we had. Also purchased were several smaller pieces of equipment which were needed to keep our department updated.

The ambulance squad led by Paul Haskell, continues to do a fine job serving the medical needs of our town. There is a need for new members to replace those that have left the squad. Some have moved to a new location or have other commitments. Anyone interested in joining can contact any squad member to get information on the training etc..

I would like to say thank you to all past and present members of the Fire Department and Ambulance Squad for the many hours donated in work and time. The dedication of all has helped to make our department one of which we are all so proud. To all who have donated items to our new station my sincere thanks.

Respectfully submitted,
 Kenneth W. Towne
 Hollis Fire Chief

TOWN FOREST COMMITTEE

REPORT FOR 1982

The past year saw continued salvage work in the Parker Pond Swamp area. This project is nearing completion with last winter's work performed at the south end of the swamp on the west side of the Dunklee Pond esker.

Thanks to a most generous donation by the Hildreth family a few years ago the Dunklee Pond esker lies almost entirely on Hollis Town Forest land. Many people are familiar with the northerly portion of this esker, but not as many realize that this same esker continues southerly from a submerged portion onward to the high land on the Ernest Dunklee place.

A great deal of timber stand improvement work was performed in Spaulding Park in the area between Five Corners, Potato Hollow and the Hildreth property to the east. A lesser amount was done on the Wallingford lot. One eastern white pine killed by high water measured over three feet on the stump, held ninety-two linear feet of logs and contained almost two thousand board feet of lumber.

The Hollis Highway Department removed two thousand yards of gravel from the Dunklee Pond Pit. Excavation has been completed on the north side of the pit, and Roy Wilkins and his crew have done an excellent job of correcting the bank grades and preparing the site for tree planting. We are ordering white pine seedlings and plan a workday in the spring so that the restoration on the north side of the pit may be completed.

TOWN FOREST FINANCIAL REPORT 1982

REPORT OF TOWN FOREST FIRE WARDENS AND STATE FOREST RANGER

Forest fire prevention, our business, your business, good business! This slogan has been the motto of the N.H. Division of Forests and Lands, Forest Fire Service since 1909 when the first forest fire laws were passed by the Legislature.

These laws set in place a cooperative forest fire protection program of State and local forest fire personnel that has, in the past 75 years, established New Hampshire as a leader in forest fire prevention and control. Our annual acreage loss to forest fires of one-half acre per fire is the best in the nation. This fire record has come about through the cooperative efforts of our state/town forest fire protection program. The state provides detection of fires, training for local forest fire wardens, low cost forest fire suppression equipment to local fire departments, and technical advice at the fire ground. Local governments provide the volunteer fire fighters who are appointed as wardens and deputy wardens and who respond quickly to suppress reported forest fires.

This program has resulted in a steady decline in annual acres lost to forest fires since 1910 when the average fire burned 33 acres compared to the modern day loss of one-half acre per fire.

Only by the continued cooperation of the State/towns and our entire citizenry can this record be maintained.

1982 STATISTICS

	State	District	City/Town
No. of Fires	391	45	3
No. of Acres	161¾	17.3	1

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF PUBLIC WORKS AND HIGHWAYS**

State Highway Aid is available to HOLLIS 1983 in these categories:

Town Road Aid, Apportionment A Funds

Chapter 241, Section 2 of the Revised Statutes Annotated, as amended, provides for Class IV and V Construction Reconstruction or Betterment Aid.

If aid is desired under Apportionment A, the town/must raise \$1,606.13. and the State will contribute \$10,707.56.

Highway Subsidy

Chapter 241, Section 14 of the Revised Statutes Annotated, as amended, provides a highway subsidy for maintenance, construction and reconstruction of Class IV and V highways in towns and cities.

Your highway subsidy for 1983 is **estimated** to be \$26,419.54.

Additional Highway Subsidy

Chapter 241, Section 15 of the Revised Statutes Annotated, as amended, provides an additional highway subsidy which shall be used only for construction or reconstruction of Class IV and V highways and shall be used to increase the highway appropriation of the municipality as of 1977.

Your additional highway subsidy for 1983 is estimated to be \$17,034.18.

Highway subsidy payments are made quarterly in January, April, July and October. Accurate records of expenditures must be maintained. Audited reports will be required on a yearly basis, Jan. 1 to Dec. 31, and intermediate reports may also be necessary.

NOTE: All of these figures are subject to the approval of the 1983 Legislature.

HOLLIS HIGHWAY DEPARTMENT 1982 REPORT

This past year was a busy one with all the rain and snow we had in the months of January and February. Our thanks to all the residents for their understanding and patience.

This past summer we completed Nevins Road and we hope to pave Farley Road, approximately three quarters of a mile starting from South Merrimack Road in 1983.

This past year we built a dam at the Reservior on Federal Hill Road to help keep water at a certain level all the time. The only thing that was there was a Beaver Dam and every time we broke the dam up, the pond would drain down.

Brush is being cut on a lot of our roads.

If you have any problems feel free to call anytime.

I would like to thank all the men who worked long and tedious hours sanding, salting and plowing for the Highway Department in 1982.

Respectfully submitted,
Roy L. Wilkins, Road Agent

ANIMAL CONTROL OFFICER'S REPORT

This year has been very busy for Animal Control. We received 483 complaints through the Communication's Center. The majority of these calls involved dogs. Approximately half of the animals that were impounded were returned to their owners. Of the remaining animals we were able to place 80%. The most prevalent problem is still the lack of cooperation in complying with the leash law. As the population of Hollis grows so does the number of dogs. Last year well over 700 dogs were registered in Hollis. People have given many reasons for not complying with the leash law, but what it comes down to is a total lack of consideration for others. The majority of the citizens in this town do abide by the law and in return they have to suffer the consequences of those who do not. We have tried to appeal to people from the standpoint of their animals' safety. Animals running at large are subject to a variety of dangers. However this approach has not been as successful as we had hoped. In the past year the damage done by dogs, which have been allowed by their owners to run at large, has been enormous. Sheep, goats, turkeys, ducks, chickens and cats have been killed. Dogs which were in their own yards and in one case inside their owners house, have been attacked. Three of these suffered serious injuries. One dog was ripped off the chain that it was attached to. Several cases of dog bites have been reported. There have been several incidents at the schools and at the state park of dogs knocking children down and stealing food. Garbage has been dumped all over town. Shrubs and gardens have been dug up. Not to mention the "presents" they leave behind in other people's yards. What is worse is that they begin to run in packs and when they are in these packs they cease to act like the pets that they may be. If they are attacking sheep and going into people's yards to attack other animals it is only a matter of time before they go after a human being. The town has paid out \$1905.00 for damages done by dogs this year.

How much is a child's safety worth? It is time for people to realize that they are responsible for their animals actions. While you may not agree with the leash law, it is the law, and it is for everyone.

Margaret C. Walsh
Animal Control Officer

HEALTH DEPARTMENT

During 1982 the Hollis Health Department has conducted investigations in many realms pursuant to the health and welfare of the community. In most cases when an individual was made aware that he was endangering his well being, or that of others, the problem was resolved in a spirit of cooperation.

Water is our most basic resource. The conservation and quality of our water supply by necessity is a priority item. For the past year this has been addressed by the Hollis Conservation Commission Water Resources Project's Citizens Advisory Committee.

The town is also fortunate that Mark W. Lisee of Boy Scout Troop #12 has, as his Eagle Award Project, tested the recreational waters of Silver Lake for pollution. From June through September Mark tested the lake for coliform, Ph, and phosphates to determine the lake's safety for swimming. His study, which is on file in the Selectmen's Office, is not only important as an indication of the condition of the lake now, but will serve as a reference for future studies of the lake's ecology.

In mid-July Mark recorded 47 parts of coliform per 100 ml of water. The presence of coliform is an indication of bacteria in the water which could be disease producing. The standard for coliform concentration in recreational water, that is safe for swimming, is 240 parts of coliform per 100 ml of water. Well water is safe for drinking when the coliform count is one or less per 100 ml. As 47 was the highest reading for the period of testing, this would indicate that Silver Lake is safe for swimming.

The Ph factor indicates alkalinity or acidity. All of Mark's test results were above 7 (neutral). On that basis, Silver Lake does not appear to have a problem with acid water. These data will serve as an important reference in future testing to measure the effect of "acid rain" from industrial pollution to our water supply.

Phosphates in the lake were measured in mg per liter. A high reading of .052 in August indicates that phosphates are not a problem in the lake at this time.

Silver Lake is a visible part of a vast ecosystem. Its condition has an impact on a broad range of our water resources.

Jeanne Williams
Health Officer

COMMUNICATIONS CENTER 1982 ANNUAL REPORT

As the population of the town continues to grow so do the services rendered by the Communications Center. To help keep up with the demand of these services we have increased the efficiency of dispatchers by additional training.

Primarily, the Communications Center's function is to handle emergencies. In 1982, 649 emergency (fire, ambulance, police) and alarm calls were handled; 14,823 routine calls and 35,864 radio transmissions went through the center. General information, dump stickers, burning permits, and animal complaints are also handled through this office.

Installing the new console did uncover some problems with the old equipment it controls. Most of these problems are repairable, but, they also give us some insight as to where our attention should be focused in replacing this old equipment. In this way we can maintain quality of service.

We are concentrating on addressing long-range needs, taking into consideration the growth of the community and replacement of obsolete and worn out equipment.

Respectfully Submitted,
Lt. P. Michael Grady

CAPITAL NEEDS COMMITTEE 1982 REPORT

The purpose of this committee is to keep the known major needs of the town from adversely affecting the tax rate or the budget. It is the intention that all departments forecast their future capital needs and share with this committee plans for their implementation. This serves to keep a budget for capital needs at a steady figure and allows for setting aside funds to implement the town's needs. This money is put to use earning the highest interest possible through conscientious efforts by the trustees of the trust funds. The vote of the town is needed to allocate the funds for particular purposes and also for their withdrawal and expenditure.

The future plans of the town may often be reflected by studying this budget. This budget and the proposed allocation of funds can be found in this town report. This represents more of a look into the future than any other report in this record.

We continue to recommend setting funds aside for orderly replacement of fire trucks, ambulance, highway vehicles, etc.

A Communications Center/Police Station complex is planned for 1985 with a proposed cost of \$100,000.00. We presently have approximately \$19,000.00 in this fund and propose to set aside \$15,000.00 in 1983, 1984 and \$30,000.00 in 1985. Location for this facility is still unknown and a special building committee will be established for this purpose.

Library expansion is tentatively planned for 1990 with preliminary drawings due in 1988. Since this project is so far into the future we have recommended a "ballpark figure" of \$100,000.00 and the setting aside of \$10,000.00 per year to add to the \$4,000.00 we already have for this project. It is expected that the library will be extended to the rear of the present building with no impact on the frontal appearance of the present building. This project is complicated with the requirements for making the building accessible to handicapped.

Town Hall expansion into the former fire house portion of the building is another plan for the future. Since the implementation and date for this project are still in the planning stages at the time of this report we cannot give too many details. There should be more information about this project by town meeting time.

This committee functions for and reports to the Selectmen. We thank Mrs. King for the effort and planning she has put in to make this committee function. Mrs. Dorothy Hackett is a most welcome addition to this committee. It can be seen already from the short time she has been on the team that working with her will be both constructive and a pleasure.

James Belanger
Chairman

Bertrand Sommer
Dorothy Hackett

**MERRIMACK VALLEY HOME HEALTH
CARE ASSOCIATION, INC.
ANNUAL REPORT**

This past year was a challenging one for our association as federal and state cutbacks in funding became a reality. Our programs all took their share in decreased revenues.

Home Health care to the sick was hurt by the State Division of Welfare's decision to impose caps on the number of visits any individual could have. Medicare became increasingly restrictive in their interpretations of the guidelines for eligible coverage. The State Division of Public Health guidelines for eligibility changed so that our funding for the Well Child program decreased by 75%. Our Homemaker program funding decreased slightly but also had a cap imposed for each unit of service regardless of what our costs are. Our chronic maintenance care program received less dollars from the State Council on Aging as they changed their allocation formula, resulting in Hillsborough County's share of the funds being decreased.

We continue our commitment to the citizens we serve because we know that HOME is where most people prefer to be. We welcome your inquiries and will continue to respond to your needs as best we can. Our staff currently consists of six registered nurses, three therapists, one social worker, seven homemaker/home health aides, two homemakers, three office personnel and one administrator/supervisor. (Some are not full-time positions.)

In 1982-83 the following members of your town served on our Board of Directors: Wendy Enright, Gerald Gartner, Margaret Gilmour, Dorothy Hackett, Marilyn Hunter, Mary Kaplan, June Litwin, Edward McDuffee, Joyce Saturley and Kenneth Walters.

SERVICES PROVIDED IN 1982 TO HOLLIS

Nursing visits	1,176
Therapy visits	397
Home Health Aide visits	461
Homemaker visits	535
Social Service visits	28
Telephone consultations	103
Supervisory visits (by R.N.'s)	11
Senior's Blood Pressure Clinic sessions	12
Immunization Clinic sessions	3
Children enrolled in Well Child Clinics	37
Office Foot Care Clinics - monthly	
Office Walk-in Blood Pressure Clinics - weekly	
Industrial screenings - as requested	

(Mrs.) Dorothy Marcek
Executive Director

OUR HOLLIS SENIORS

Selectmen
Town of Hollis N.H.

Gentlemen:

As Recording Secretary of Hollis Seniors, I am happy to give you a resume of some of the high lights of 1982.

We have remembered our sick members, families of deceased members, and Birthdays of our members.

We have kept up to date on political matters of our Town and State, and have listened to Speakers, such as Eliot Ware, Eleanor Whittemore, Judd Gregg, Ellen Curelop and Fred Gemmill.

We were glad to help on refreshments for Bertha Duncan's Retirement Party.

Several Hollis Seniors gave a total of 46 hours of Volunteer Service in the Jr. High School in an effort to help Mrs. Pattison. We also made 58 pairs of mittens at Christmas time for Salvation Army Santa Fund.

Interesting programs have been held once a month, and Merrimack Home Health Care have taken our blood pressures monthly.

Our Annual June Cook-out was held at Roy and Natalie Helsing's at Silver Lake. We all appreciate their hospitality.

A successful Flea Market was held in the Town Hall on September 18. Some of the proceeds were used for our Christmas Party at the Nest Restaurant. It was a gala affair, and stores and Business establishments of Hollis donated gifts for the Seniors.

A Going Away Party for Doris Isacson was held at the Sheraton Tara with 40 members attending.

We have made cash contributions to the Community Bus, Kevin Waugaman Fund, and Nashua Seniors towards their new home.

Several of our Members went to the World's Fair in Nashville Tennessee and we are now planning Bus trips for the future.

We all enjoy the card games, fellowship and friendliness at our weekly Drop Ins on Thursdays.

We are all very grateful to the Town of Hollis in providing the Town Hall for our use, and finally we appreciate the work, kindness and cooperation that the Office girls have given us.

Marion A. Brigham,
Secretary of Hollis Seniors

HOLLIS HISTORIC DISTRICT COMMISSION

1982 ANNUAL REPORT

The Hollis Historic District Commission had very little activity this year as witnessed by the low level of construction projects. There have been no actual or proposed changes in the District or Ordinance. The Commission continues to meet upon receipt of applications and approved the following in 1982.

Mr. Bruce Finkle Residence: New Sign
Mr. Paul Gill Residence: Alterations

**PROPERTY MAP PROJECT
1982 ANNUAL REPORT**

The property tax maps, index books and street book are being kept current on a regular basis. The public is welcome to use the tax maps between the hours of 9 A.M. and 2 P.M., Monday through Friday. Copies of the individual tax maps are available for sale in the Town Hall. Due to the complexity of the index books they are not being offered for sale. Many thanks to Mrs. Ruth Clark for all the work she does throughout the year to keep the information current.

Austin S. Chandler
Town Map Coordinator

REPORT OF THE HOLLIS BUILDING INSPECTOR 1982

One hundred and seventy-six permits were issued this year. They were as follows:

RESIDENTIAL

Single Family Residence	40	
Addition to SF Residence	13	
Addition to SF Residence and a garage	2	
Addition to SF Residence and a porch	1	
Porch	3	
Dormer	1	
Remodel SF Residence/plus	1	
Mobile Home	12	
Addition to Mobile Home	1	
Dormer/Addition to Barn/Swimming pool	1	
Sub-Total		75

NON-RESIDENTIAL (private)

Garage	9	
Barn	3	
Restore barn	1	
Pole Building	2	
Storage shed/building	5	
Workshop/storage	1	
Greenhouse	2	
Screenhouse	1	
Roof	13	
Deck	5	
Swimming pool	9	
Chimney	1	
Chimney/wood stove	2	
Chimney/wood stove/roof	1	
Wood/coal stove installation	30	
Sign	4	
Repair septic system	9	
Sub-Total		98

NON-RESIDENTIAL (public)

Pumping station	1	
Fire station	1	
Addition to High School	1	
Sub-Total		3

BUSINESS

Sub-Total	0
-----------------	---

INDUSTRIAL

Sub-Total	0
TOTAL	<u>176</u>

The cost of all construction was \$5,210,910, including \$550,000 for the high school addition and \$206,000 for the new fire station. These figures represent a small decrease of \$209,642 over the cost of construction in 1981. The number of permits fell from 241 to 176 and the number of permits for Single Family Residence was 40, as compared to 53 in 1981.

I have listed by year the number of permits for Single Family Residence since 1962. The total number of permits was 902 for this twenty-one year period or an average of 42.9 permits per year. The permits were as follows:

1962 — 16	1967 — 25	1972 — 53	1977 — 77	1982 — 40
1963 — 22	1968 — 26	1973 — 74	1978 — 72	
1964 — 28	1969 — 20	1974 — 48	1979 — 63	
1965 — 21	1970 — 26	1975 — 45	1980 — 42	
1966 — 17	1971 — 44	1976 — 90	1981 — 53	

In conclusion I have recorded the distribution of Single Family Residential permits by months for the last five year period. They were as follows:

	Jan.	Feb.	Mar.	Apr.	May	June	July	Aug.	Sept.	Oct.	Nov.	Dec.	Total
1982 -	0	1	8	4	1	4	5	2	2	4	8	1	40
1981 -	1	3	11	12	3	9	2	2	5	1	3	1	53
1980 -	1	4	5	1	0	3	8	2	10	5	3	0	42
1979 -	0	3	6	17	10	4	3	10	2	6	1	1	63
1978 -	2	2	5	16	8	5	9	5	10	6	2	2	72

Respectfully submitted,
Ronald S. Boisvert, Jr.
Building Inspector

HOLLIS PLANNING BOARD 1982 ANNUAL REPORT

During the year the Planning Board has reviewed sections of the Zoning Ordinance dealing with excavation or movement of soil, sign regulations, home occupations, residential construction and wetland conservation areas. Proposed changes in these areas will be presented for adoption at the Town Meeting in March, 1983.

Members of the Planning Board have attended the New Hampshire Municipal Law Lecture Series and Conferences sponsored by the Nashua Regional Planning Commission during the year.

During 1983, the Board will be considering the possibility of innovative land use control techniques under the Innovative Zoning Authority granted to the Board by the New Hampshire Legislature.

The Long Range Planning Commission has been studying traffic, revisions of roads and streets, consideration of land acquisition to suit community building requirements, aquifer-water supply and waste water disposal requirements. The Commission is in the process of compiling a town map to use as an overview of taxable and nontaxable property in town. The Commission has been used as a resource by the Planning Board concerning placement of town roads.

At the Town Meeting in March, changes to the Zoning Ordinance were adopted by the Town. Those changes included the establishment of a zone in which mobile homes would be allowed in subdivisions or on individually owned lots. Additional changes dealt with septic requirements, accessory building and minor changes in wording.

In 1982, the Planning Board approved thirty-five (35) new building lots. Of these, ten (10) lots were for the Trailer Park Zone and twelve (12) were for a Planned Unit Development. In addition the Board approved fifty (50) residential septic plans. This compares to sixty-one (61) new building lots and fifty-nine (59) septic plan approvals in 1981. During 1982, twenty one (21) abutter hearings and two (2) other public hearings were held. A total of fourteen (14) subdivision plans, four (4) site plans and nine (9) plans for recording purposes, consolidation or boundary line changes were reviewed and approved.

The Board meets on the first and third Mondays of the month. The agenda for all such meetings are posted on the board at the front of the Town Hall. Agenda of additional meetings of the Board are also posted.

Current procedures of the Board are, in part, dictated by provisions of N.H. RSA'S. To comply with these provisions, all submissions should adhere to the following schedule:

1. Subdivisions, Site Plans, Plot Plans for Recording Purposes, Consolidations, Boundary Line Changes:

An application consisting of all required drawings, supporting data, abutter lists and appropriate fees must be received at the Planning Board Office at least fifteen (15) days prior to the regularly scheduled monthly meeting of the Board on the third Monday of the month. If all required data is presented, the Board will accept the application at the regular meeting. If the application is incomplete, the Board must deny the application.

Copies of the Zoning Ordinance, Land Subdivision Regulations and Site Plan Regulations are available at the Planning Board Office.

2. Septic Plans:

State approved septic plans and applicable building permit rights for approval prior to building permit application may be submitted to the Planning Board Office at any time.

Procedures for obtaining a building permit, building permit right applications and copies of the Building Regulations are available at the Planning Board Office.

Respectfully submitted,
Candace F. Gregg, Chairman

CEMETERY COMMISSION

The Cemetery Commission was reorganized during the past year, with the Selectmen appointing four new members in the fall of 1982. The reorganized Commission, because of the time of the appointments, has spent their time working on the 1983 budget and being briefed by the Selectmen.

The new Commission members are pleased with the filing system developed by the previous Commission. The procedure for purchasing new lots and the recording of burials will continue as in the past. Roy Wilkins is continuing as Sexton and Mary Auer as the Clerk.

The summer of 1982, because of the weather conditions, was a busy time for the crews, as there was mowing to be done the entire summer.

The goals of the new Commission is to continue keeping the cemeteries in good condition, updating the records for the cemeteries that have not been completed and work to meet the needs of the community.

We realize there are problems with vandalism, more so in some cemeteries than others, and we would appreciate the cooperation of the citizens to assist in stopping the unnecessary waste.

Eleanor Whittemore - Chairman

Elizabeth Beecher - Secretary

HOLLIS CONSERVATION COMMISSION 1982 ANNUAL REPORT

1982 will be remembered by the Hollis Conservation Commission as the year that the funding for the Federal Land and Water Conservation Fund ended. This was the federal program that provided matching funds to the Town which made it possible for the Conservation Commission to carry out its mandate to acquire land to protect the Town's land and water resources with only a small Town appropriation each year.

In the past five year period we have been able to more than double the effectiveness of the Town appropriation by the use of these federal monies. Our average expenditure during the period of 1978 through 1982 has been \$36,719 with a corresponding average Town appropriation of \$11,500.

We believe that the conservation program is a cornerstone to the quality of life in Hollis. The protection of land and water resources is a critical need over the next ten to fifteen years, for this will determine the land use pattern for generations to come.

With these facts in mind we will be asking the Town to approve an increase in our 1983 appropriation to help offset the loss of the federal government support.

Last year's report went into detail on why the Hollis Conservation Commission thought the towns of New Hampshire should take responsibility for protecting their groundwater resources. This year, the Commission has asked the water resources researchers of the Nashua River Watershed Association to do some of the necessary research and compilation of existing information available as to where Hollis aquifers are located, what possible pollution dangers exist, and what steps should be taken to protect these areas in the future.

The Commission is assisting the resource study by conducting a mail survey of all well in Town, and we ask the townspeople's cooperation in filling out the survey form to the best of their ability and returning it as soon as possible to officials at the Town Hall or to members of the Commission.

The Nashua Regional Planning Commission, Beaver Brook Association, and the Hollis Conservation Commission all presented programs in 1982 to acquaint the public with the importance of protecting watersheds and aquifers.

The New Hampshire Bureau of Outdoor Recreation notified all conservation commissions in the summer of 1982 that it had a limited amount of federal funds left over from fiscal year 1981 due to the failure of some towns to properly fund the projects they applied for. This news gave Hollis a last opportunity to acquire land from the Hollis Land Trust with matching funds that will help complete the Flints Brook Greenway. The Trust has sold the Hollis Conservation Commission an option to buy approximately 25 acres along Flints Brook, pending the granting of these federal funds.

The Hollis Land Trust has again proved an invaluable aid to the Commission, as the Trust is willing to hold land for the Town over the long period it takes for matching funds to be granted.

We wish to thank Tom Enright once again for his generous contribution of time and legal expertise to the Commission, without which we would have great difficulty in completing land acquisitions.

We also wish to thank the townspeople who are serving on the Advisory Water Resources Committee to assist the Nashua River Watershed Association and the Commission with the water resources study.

**NASHUA REGIONAL PLANNING COMMISSION
1982 ANNUAL REPORT
TOWN OF HOLLIS, NH**

This year has been a busy and productive year for the NRPC and the Commission has made great progress in serving the needs of its member municipalities. Hollis' continued support and participation in the Commission, through Commissioners Barbara Coughlin and Mary Liepziger, has enabled us to achieve new levels of regional cooperation to address common needs and problems.

The Commission was able to provide a variety of assistance to the Town this year. Information was gathered for the Town's grant application for funds from the Land and Water Conservation Fund, and on Flood Rights and local flood hazard areas. At the Town's request, estimates were developed for mapping services and for monitoring soils tests in proposed subdivisions. The NRPC also assisted in revising the Town's regulation of mobile homes in response to new state law.

Hollis' participation in the Commission's activities over the past year has also contributed to our identifying and addressing planning issues at the regional level.

A major undertaking this year was the completion of a new Regional Plan. The Plan, which solicited local input through public forums in each member municipality, sets the stage for concerted local/regional efforts in the future to address the common concerns facing the region's residents. The Commission anticipates working closely with local officials to develop solutions to the planning issues identified in the Plan.

A by-product of the preparation of the Plan has been the creation of a standardized series of maps for each community in the region. The map system will provide the basic structure for a standard geographic system for environmental data; generate revenue through its availability to private sector clients; and reduce the costs to local governments for mapping associated with master plans and other planning studies.

Water quality continued to be a major concern of the Commission. The Nashua Area Aquifer Delineation Study is approaching its second year thanks to the near-unanimous support from local governments, the State Legislature, and the area business community. The study will produce badly needed information to be used in identifying and protecting the region's groundwater supplies.

The Commission has also been instrumental in organizing local officials to achieve compliance with the State's new Solid Waste Management Law which calls for cooperative approaches to local solid waste disposal. The Commission has held several forums to bring local officials together to discuss regional solid waste management potential, and will continue to provide technical and planning assistance as alternative solutions develop.

The Commission also continued its aggressive role in promoting and providing an ever-growing array of local technical assistance in the areas of municipal planning and administration. Planning assistance available includes local master planning and special project planning, ordinance writing, and reviews of development proposals for fiscal, traffic and environmental impact. Administrative assistance available includes municipal budgeting, accounting, and personnel management, cooperative purchasing, and capital improvements programming. In addition, the Commission has also continued to help keep local officials up-to-date on new laws and planning methods which will affect them. This year, the Commission sponsored a full-day seminar for local planning and zoning officials, and again was a co-sponsor of the Law Lecture Series for municipal officials. Our Dispatch memos and new issue-oriented Soundings newsletter will continue to keep local governments informed of current issues and developments.

Transportation planning continued to comprise a substantial portion of the Commission's activities. With the cooperation of the NH Department of Public Works and Highways, the Commission is providing traffic volume counts and technical assistance under its Highway Program to all twelve member communities. The assistance is now available upon request by local officials.

The Commission has played an active role in on-going studies of three major roadways in the region, serving as a local technical and informational resource for the proposed F.E. Everett Turnpike Improvement Program and the Nashua-Hudson Circumferential Highway. The Commission also received a contract from the State Department of Public Works and Highways to study the land use and traffic conditions along Route 101A from Exit 7 in Nashua to the Milford By-Pass. To coordinate its efforts in this area, the Commission established a Regional Transportation Task Force, consisting of local officials and legislators, business and industry representatives, and citizens, to solicit input from the local communities on their concerns with these projects, and to develop consensus wherever possible.

The Nashua Area Mass Transit Study, completed by the Commission in 1981, was presented to the City in 1982. The Commission also assisted the City and Greater Nashua Transportation Services to apply for and receive \$99,000 in operating assistance funds for elderly and handicapped transportation service.

We look forward to working with each of our twelve member communities in the coming year. In the meantime, our staff stands ready to assist you with any municipal planning and/or management concerns you have.

HOLLIS SOCIAL LIBRARY - 1982

In the spring of 1982 the library was closed for over two weeks while the entire interior was patched and newly painted. This necessitated moving almost every book in the building, a formidable task but well worth the effort. We are all very pleased with the new paint and with the effect it creates in what is one of our town's most attractive buildings.

Through the generosity of the Hollis Woman's Club and its bridge marathon we were able to have book bins built to hold the E books (for pre-choolers and beginning readers). Bob Davison designed and built them and did a truly masterful job. E books are now more readily accessible to both mothers and children, and specific books can be located with ease. We are indebted to the Woman's Club.

A gift in the memory of Albert Parker was received, as was a donation from the Hollis Babysitting Co-op for the purchase of children's books. Lucy Patch Wright bequeathed the library a History of Mason, a Dunklee Geneology and four books of snapshots of old Hollis homes. The latter are of particular interest to everyone and well worth a visit to the library to browse through.

Several hundred hours have been spent this year in an ongoing effort to update the card catalogue. This is a joint volunteer and librarian project.

1982 ANNUAL REPORT SOUHEGAN REGIONAL LANDFILL DISTRICT

For the third straight year the expenses of operating the Souhegan Regional Landfill District were less than the amount budgeted. As a result \$10,500 has been transferred from these savings to reduce the 1983 budget and an additional \$5000 is being refunded to Brookline, Hollis and Mont Vernon for hauling charges that were prepaid.

Income from fees paid by commercial haulers and interest on short time investment of equipment reserve, retained surplus and operating funds were greater than expected. The high interest rates available during much of 1982 can not be planned on in the foreseeable future.

The new area of the Landfill was open late in the year after being excavated by the Amherst Highway Department. Earth removal will continue thus providing sand and gravel to the Town of Amherst while at the same time preparing the site to receive refuse from the four towns that make up the District.

The transfer station platforms in Brookline, Hollis and Mont Vernon were maintained to assure safety. Windscreens were repaired or replaced as needed to better direct refuse into the compacting trailers and to keep the stations and surrounding areas as clean as possible.

In 1983, for the fourth consecutive year, the total assessment to the towns to cover capital and operating costs will be reduced. (1983- \$133,325; 1982 - \$134,007; 1981 - \$134,116 and 1980 - \$134,156). And total overall budget, including hauling, drops from \$161,117 in 1982 to \$160,375 in 1983.

As an existing cooperative solid waste management system established under RSA 53-B the Souhegan Regional Landfill District has been granted a conditional exemption from the provisions of RSA 149-M:18 which is the new state law on solid waste management. At the time this report was prepared a copy of the written exemption containing the conditions had not been received.

The District Committee is continuing its long range planning project by studying the latest developments in solid waste disposal techniques and by participating in solid waste management discussions held under the auspices of the Nashua Regional Planning Commission.

ZONING BOARD OF ADJUSTMENT - 1982

In accordance with State law and the Zoning Ordinance of the Town of Hollis, the Board of Adjustment hears appeals for Variances and Exceptions from the strict provisions of the Zoning Ordinance.

Variances are granted when a number of very specific conditions are found to exist in a given case which render strict requirements of the Ordinance inapplicable and unjust. The conditions under which a Variance may be granted are narrow and carefully defined by State statute.

Exceptions are specific land or property uses provided for by the Zoning Ordinance but requiring that certain conditions, also specified in the Ordinance, be met.

The cases heard by the Board of Adjustment in 1982 can be approximately catagorized as follows:

Variances

Setback requirements	6	
Change or enlargement of non-conforming use	2	
Lot area, frontage, etc.	1	
Use variance	1	
Wetlands use	1	
		<hr/>
TOTAL, Variances		11

EXCEPTIONS

Home occupations	13	
Gravel removal	2	
Extension of zone boundary	1	
Post office	1	
		<hr/>
TOTAL, Exceptions		17

		<hr/>
TOTAL, Variances and Exceptions		28

The dispositions of these cases in 1982 were as follows:

Granted

Variances	5	
Exceptions	14	
		<hr/>
		19

Denied

Variances

4

Exceptions

2

6

Withdrawn

2

Rejected or faulty applications

1

28

Complete records of the evidence presented and the decisions made with respect to all of these cases are available at the Town Hall and are open to the public during regular business hours. The Board is grateful for the knowledgeable and helpful information supplied by interested citizens during the hearings held for that purpose on all cases.

Robert R. Pollard

OFFICE OF SELECTMEN

TOWN OF HOLLIS, NEW HAMPSHIRE

Mr. Hollis P. Nichols
P.O. Box 396
Hollis, N.H. 03049

Dear Mr. Nichols:

Once again, as we prepare the annual town report, our thoughts go back to those who have made it possible for the Town to improve the quality of life for the entire Town in the year just past. It is our privilege to thank you and yours for your ongoing interest which makes it possible for us to improve the facilities and maintenance at the Nichols Field area.

As the extension of fields through additional land acquisition becomes a fact, your interest in recreation for the Town becomes ever more helpful. Our sincerest wishes for an excellent New Year are conveyed in this letter to you and yours.

Faithfully yours,
Richard A. Walker
Philip H. Mercer
Frederick Q. Gemmill
Selectmen of Hollis

DOINGS OF THE SELECTMEN - 1982

A RECESSION YEAR

Amid the gathering clouds of an economic decline, the Board of Selectmen carried out the directives of the annual Town Meeting breaking new ground in several areas. The annual task of property reappraisal was done on site in April and May with a resultant increase in the tax base of some \$9,000,000. The tax rate remained stable with an increase in net amount to be raised of over \$400,000. A declining level of revenue from State aid was again a factor in 1982 and will be more so in 1983. Still, an operating surplus of \$134,000 was achieved to be used to reduce the 1983 rate.

The new fire station was built and occupied this year on Ash Street. This is a significant addition to the town facilities, with energy-efficient construction, which fills a long-standing need. The question of how best to utilize the old fire house as a town hall annex will be addressed by an architect's survey in 1983.

The Seager property at the foot of Nichols Field, was purchased to provide additional playing fields for the young. Also the Nichols Shelter was completed, funded by the Lion's Club Drive and the Nichols Fund.

Much time was spent studying the burgeoning problems posed by the mushrooming growth of the Flea Market area in the North End. Responding to petitioned concerns, an ordinance will be submitted at Town Meeting to consider regulation of transient vendors. The economic realities of a recession have popularized this type of sales activity.

For far too many years the town has chosen to ignore the deteriorating condition of roads such as South Merrimack, Wheeler, Pine Hill and Worcester. This year a program is being recommended at a cost of \$100,000 annually, to start reconstruction at a rate of about one mile per year. At the same time, due to the drying up of local gravel supplies, it becomes necessary to acquire our own gravel resource area.

All these conflicting needs make it ever more important for the Long Range Planning Committee to deliberate and prioritize in those areas of land use, land acquisition, future roads, protection of aquifers from developer encroachment, establishment of greenbelt areas, etc., etc.

In view of the above, we are deeply concerned at the slashing of anything as fundamental as the Town's Capital Reserve program during the budgeting process. This suggests the adage: "Penny wise but pound foolish", where they represent barely 2% of the total amount to be raised by taxes in 1983. How futile to plan for future needs but not to provide regular funding to make it happen.

As 1982 becomes history it is with particular pride that we dedicate the annual town report to Bertha Duncan in recognition of her 25 years of service to her town. She has been a strong member of the team for these many years.

As we grow, the personnel in the town hall have more responsibilities placed on them. Nancy Jambard has done an excellent job in taking over the town clerk's job. Leonard White and Roland Schellenberg are put to much more pressure at tax collecting time and have done an excellent job in getting the money to the town treasurer so it can be put to work. Barry "Jake" Reed came to us full time this year and we all wonder what we ever did without him. As Superintendent of our buildings he has worked extremely hard both inside and outside to refurbish our various town buildings and keep them up. Our bookkeeper, Gordon McEnnis, has been most proficient in putting our new accounting system in as well as being a watchdog over town expenses and Austin Chandler is tireless in his updating of the town tax maps. Our various Commissions have done an excellent job in their particular areas, and last, but most assuredly not least, our immediate staff: Ruth Clark, Mary Auer and Louise King. Their ability to cope as their jobs expand has been a particularly difficult challenge this past year.

In closing, the slow erosion of town rule by the present state administration gives us a bit of concern. More and more the state is giving the towns less and less to work with yet expecting them to produce more. This situation bears watching.

Respectfully submitted,
Hollis Board of Selectmen
Richard A. Walker, Chairman
Philip W. Mercer
Frederick Q. Gemmill

TOWN MEETING MARCH 9, 1982

The meeting was called to order by Moderator Roger Hammond at 7:00 A.M. for voting on the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To transact other business by official ballot.

Voting continued until 7:12 P.M. The vote was announced at 9:36 P.M. and the meeting was adjourned.

TOWN MEETING MARCH 10, 1982

The meeting was opened by Moderator Roger Hammond at 7:36 P.M. in Walters Auditorium.

ARTICLE 1 - Motion by Kenneth Towne to have the town appropriate \$250,000.00 for the purpose of constructing a new fire house, raising \$81,300.00 from the 1982 budge, withdrawal of \$18,700.00 from capital reserve fire house fund plus any accumulated interest and borrowing \$150,000.00 over a three-year period (1983, 1984, 1985), in accordance with RSA 33, Municipal Finance Act. Seconded by Thomas Stawasz. Ballot vote - 269 cast Yes - 204 No - 65 Carried.

ARTICLE 10 - Motion by Richard Drisko to have the town raise and appropriate the sum of \$55,000.00 for the purchase of the former David Seager property on Depot Road adjoining Nichols Field.. Seconded by Gerald Hornik. Carried.

ARTICLE 2 - Motion by Frederick Gemmill to pass over this Article until action has been taken on ARTICLE 13. Seconded by Richard Walker. Carried.

ARTICLE 3 - Motion by James Belanger to accept the reports of Selectmen and other Town Officers and Committees. Seconded by Thomas Stawasz. Amendment by Gary McGath pertaining to ARTICLE 24 (Town Meeting, 1981 - Page 102) to delete the words, after much discussion - to after no discussion. Seconded by Robert Frank. Both motion and amendment carried.

ARTICLE 4 - Motion by James Belanger to authorize the Selectmen to borrow money in anticipation of taxes. Seconded by Frederick Q. Gemmill. Carried.

ARTICLE 5 - Motion by James Belanger to authorize the town to accept State Aid for the Construction of Class V roads and appropriate the sum of \$1,596.64. Seconded by Thomas Stawasz. Carried.

ARTICLE 6 - Motion by James Belanger to authorize the Tax Collector to accept prepayment of taxes in multiples of \$10.00. Seconded by Thomas Lockhead. Carried.

ARTICLE 7 - Motion by James Belanger to authorize the Conservation Commission to retain the unexpended portion of its previous appropriations and its 1982 appropriation, said funds to be placed in a special conservation fund in accordance with RSA 36-A:5. Seconded by Susan Durham. Carried.

ARTICLE 8 - Motion by James Belanger to authorize the Board of Selectmen to apply for, accept and expend money from the state, federal or another governmental unit or a private source which becomes available during the year in accordance with the procedures set forth in RSA 31:95-b. Seconded by Thomas Stawasz. Carried.

ARTICLE 9 - Motion by James Belanger to have the town vote to appropriate and authorize the withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 for use as set-offs against budgeted appropriations for the following specific purposes and in the amount indicated herewith or take any other action hereon. Police Department: \$36,238.00 Seconded by Paul Haskell. Carried.

ARTICLE 11 - Motion by Thomas Stawasz to have the town appropriate \$31,000.00 to purchase a new diesel dump truck, raising \$10,600.00 and withdrawing from capital reserve fund the sum of \$20,400.00 plus accumulated interest. Seconded by William Davis. Carried.

ARTICLE 12 - Motion by Thomas Stawasz to have the town raise and appropriate the sum of \$5,641.000 for the purchase of a new sand/salt spreader. Seconded by Rebecca Crowther. Standing vote. Yes - 102 No - 76. Carried.

ARTICLE 12 - Amendment by Samuel Ballard to have the Selectmen look into methods by which the town can reduce the amount of salt used on the roads and report back to the next Town Meeting in 1983. Seconded by Frank Whittemore. Carried.

ARTICLE 13 - Motion by Thomas Stawasz to authorize the Selectmen to expend \$1,000.00 of the funds in the map capital reserve fund to continue to develop the Tax Map project. Seconded by Dorothy Gemmill. Carried.

ARTICLE 14-23- Motion by William Price to table these Articles at this time. Seconded by Thomas Stawasz. Carried.

ARTICLE 14 - To see if the town will raise and appropriate the sum of \$8,000.00 to be placed in capital reserve fund for a grader.

ARTICLE 15 - To see if the town will raise and appropriate the sum of \$5,000.00 to be placed in capital reserve fund for town highway garage expansion.

ARTICLE 16 - To see if the town will raise and appropriate the sum of \$6,000.00 to be placed in capital reserve fund for a front end loader.

ARTICLE 17 - To see if the town will raise and appropriate the sum of \$15,000.00 to be placed in capital reserve fund for fire trucks.

ARTICLE 18 - To see if the town will raise and appropriate the sum of \$6,000.00 to be placed in capital reserve fund for a rescue van.

ARTICLE 19 - To see if the town will raise and appropriate the sum of \$40,000.00 to be placed in capital reserve fund for a new fire house.

ARTICLE 20 - To see if the town will raise and appropriate the sum of \$2,000.00 to be placed in capital reserve fund for an ambulance.

ARTICLE 21 - To see if the town will raise and appropriate the sum of \$7,500.00 to be placed in capital reserve fund for a Communications Center and Police Station.

ARTICLE 22 - To see if the town will raise and appropriate the sum of \$5,000.00 to be placed in capital reserve fund for library expansion.

ARTICLE 23 - To see if the town will raise and appropriate the sum of \$2,500.00 to be placed in capital reserve fund for a 3/4 ton 4x4 pickup truck.

ARTICLE 2 - Motion by Frederick Q. Gemmill to raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.--\$1,393,005.00. Seconded by Richard Walker. Amended by David Sherman to increase the appropriation for the Conservation Commission from \$7,500.00 to \$15,000.00. Seconded by Roland Schellenberg. Budget carried as amended.----\$1,400,505.00.

Motion by David April to adjourn this meeting. Seconded by Philip Mercer. Carried. This meeting adjourned at 10:55 P.M.

**HOLLIS SCHOOL DISTRICT WARRANT
THE STATE OF NEW HAMPSHIRE**

To the Inhabitants of the School District in the Town of Hollis in the County of Hillsborough, State of New Hampshire, qualified to vote upon District Affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE WALTERS AUDITORIUM IN SAID DISTRICT ON MONDAY, THE SEVENTH DAY OF MARCH, 1983, AT 7:30 O'CLOCK IN THE EVENING TO ACT UPON THE FOLLOWING SUBJECTS:

1. To determine and appoint the salaries of the School Board and Truant Officer and fix the compensation of any other officers or agents of the District.

2. To hear the reports of Agents, Auditors, Committees or Officers chosen, and pass any vote relating thereto.

3. To choose Agents and Committees in relation to any subject embraced in this warrant.

4. To see if the District will authorize the School Board to make application for and receive in the name of the District such advances, grants and aids, or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, or from the State of New Hampshire, or from any other state or private agency, and to expend the same in accordance with RSA 198:20b.

5. To see what sum of money the District will vote to raise and appropriate for the purpose of implementing energy conservation measures at Hollis Elementary School and Hollis AREA High School.

6. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries and benefits for School District officials, employees and agents, and for the payment of statutory obligations of the District.

7. To transact any other business which may legally come before said meeting.

Given under our hands at said Hollis this 16th day of February, 1983.

HOLLIS ANNUAL SCHOOL DISTRICT MEETING

The Hollis Annual School District Meeting was held at the Walters Auditorium at 10:00 AM on March 6, 1982. Moderator Dr. James Squires called the meeting to order at 10:10 AM by explaining the procedures by which he would conduct the meeting. He noted that voting on Article #1 would be by ballot and that the polls would remain open for a minimum of one hour.

ARTICLE #1 To see what sum the district will vote to raise and appropriate for the construction of a new addition and renovations to the Hollis AREA High School including furnishings, equipment, architectural and other fees, site development and any other items incidental to and necessary for said construction on land presently owned by the Hollis School District; and to determine whether such appropriations shall be raised by the issuance and sale of serial notes or bonds upon the credit of the Hollis School District in accordance with the provisions of New Hampshire Revised Statutes Annotated Chapter 33 as Amended; and to authorize the Hollis School Board to obtain State, Federal, and any other aid which may be available; and to authorize the Hollis School Board to determine the time and place of payment of principal and interest, fixing the rate of interest thereon, the provisions for the sale of notes and/or bonds and all other matters in connection therewith; and to take any other action relative thereto.

Mr. James Belanger moved that the district vote to raise and appropriate the sum of \$675,000 for the construction of a new addition and renovations to the Hollis AREA High School including furnishings, equipment, architectural and other fees, site development and any other items incidental to and necessary for said construction on land presently owned by the Hollis School District; and that such appropriations shall be raised by the issuance and sale of serial notes or bonds upon the credit of the Hollis School District in accordance with the provisions of New Hampshire Revised Statutes Annotated Chapter 33 as Amended; and to authorize the Hollis School Board to obtain State, Federal, and any other aid which may be available; and to authorize the Hollis School Board to determine the time and place of payment of principal and interest, fixing the rate of interest thereon, the provisions for the sale of notes and/or bonds and all other matters in connection therewith; and to take any other action relative thereto, seconded by Mr. Stanley Porter. Nancy Fischer, Chairman of the Building Committee, introduced the members of the committee some of whom gave a brief presentation. Eliot Ware reported the findings of the Alternatives Study Committee, James Belanger addressed the proposed plan, Gerald Holmberg explained the construction management mode, and Gerald Hornik presented the financial aspects.

Jan LaVoncher moved the question, seconded by Shirley Cohen. The motion was carried and the Moderator opened the polls at 12:00 noon, noting that they would not close before 1:00 PM at which time the meeting would reconvene.

Dr. Squires announced that the polls were closed at 1:07 PM and reconvened the meeting with the counting of the ballots. Ballot clerks were Roger Hammond, William Price, Lucy Whitty, Joan MacIssac and William Ferree.

The Moderator announced that 482 votes were cast: 338 in the affirmative, 141 in the negative, and 3 spoiled votes. Having received a 2/3 majority, the motion carried.

ARTICLE #2 To determine and appoint the salaries of the School Board and Truant Officer and fix the compensation of any other officers or agents of the district.

Arthur Whitty moved to pass over this article and act upon it under Article #7, seconded by William Roberts. The motion carried.

ARTICLE #3 To hear the reports of Agents, Auditors, Committees or Officers chosen, and pass any vote relative thereto.

Arthur Whitty moved that the district accept the reports as printed in the Town Report, seconded by Nancy Fischer. The motion carried.

ARTICLE #4 To choose Agents and Committees in relation to any subject embraced in this warrant.

Richard Simoneau moved that this article be passed over, seconded by Patricia Roberts. The motion carried.

ARTICLE #5 To see if the district will authorize the School Board to make application for and receive in the name of the district such advances, grants and aids, or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, or from the State of New Hampshire, or from any other state or private agency, and to expend the same in accordance with RSA 198:20b. seconded by Frederick Gemmill. The motion

Peggy Van Blarigan moved that the district authorize the School Board to make application for and receive in the name of the district such advances, grants and aids, or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, or from the State of New Hampshire, or from any other state or private agency, and to expend the same in accordance with RSA 198:20b, seconded by Frederick Gemmill. The motion carried.

ARTICLE #6 To see what sum of money the district will vote to raise and appropriate for the purpose of implementing energy conservation measures at the Hollis AREA High School (as included in the 1982-83 operating budget).

Gene Sidore moved that the district raise and appropriate the sum of \$80,000 for the purpose of implementing energy conservation

measures at the Hollis AREA High School (as included in the 1982-1983 budget), seconded by Nancy Fischer. William Ferree, School Board Member, outlined the various projects to be completed if these monies were appropriated. Gerald Hornik, Chairman of the School Board noted that Mr. Ferree had spent much time in seeking the means to save money through energy saving measures at the schools and estimated a savings of over \$36,000 in the energy accounts for 1981-82. At this time, there was a spontaneous outpouring of enthusiasm and a standing ovation for Mr. Ferree whose term on the School Board expires this year. The motion carried.

ARTICLE #7 To see what sum of money the School District will vote to raise and appropriate for the support of schools, for payment of salaries and benefits for the school district officials, employees and agents, and for the payment of statutory obligations of the district.

William Price moved that the district raise and appropriate the sum of \$4,437,248 for the support of schools, for the payment of salaries and benefits for the school district officials, employees and agents, and for the payment of statutory obligations of the district, seconded by Frederick Pitman. Gerald Hornik advised those present that the \$4,437,248 includes the full cost of the building project and will be offset by \$675,000. He then proceeded to review the budget. The motion passed by a voice vote.

ARTICLE #8 To see if the District will authorize the Hollis School Board to transfer title to School Lot #1, so-called (including School Lot Addition) situate on Depot Road at Monument Square in Hollis, New Hampshire, to the Town of Hollis, and/or to adjacent property owners, on such terms and conditions as the Hollis School Board shall determine, and to authorize the chairman of the Hollis School Board to execute all instruments in relation thereto.

Frederick Gemmill moved that the district authorize the Hollis School Board to transfer title to School Lot #1, so-called (including the School Lot Addition) situate on Depot Road at Monument Square in Hollis, New Hampshire, to the Town of Hollis, and/or to adjacent property owners, on such terms and conditions as the Hollis School Board shall determine, and to authorize the chairman of the Hollis School Board to execute all instruments in relation thereto, seconded by Gerald Hornik. The motion carried.

ARTICLE #9 To see if the District will authorize the Hollis School Board to transfer title to Red Schoolhouse Lot, formerly of School District #7, situate of Jewett Lane, Hollis, New Hampshire, to the Town of Hollis, and/or adjacent property owners, on such terms and conditions as the Hollis School Board shall determine, and to authorize the chairman of the Hollis School Board to execute all instruments in relation thereto.

Frederick Gemmill moved that the district authorize the Hollis School Board to transfer title to Red Schoolhouse Lot, formerly of School District #7, situate on Jewett Lane, Hollis, New Hampshire, to the Town of Hollis, and/or adjacent property owners, on such terms and conditions as the Hollis School Board shall determine, and to authorize the chairman of the Hollis School Board to execute all instruments in relation thereto, seconded by James Belanger. The motion carried.

Before opening under Article #10, Moderator Squires advised those present that it was the opinion of Bradley F. Kidder, School District Attorney, that Articles #10 and #11 were invalid and would not be binding on subsequent meetings.

ARTICLE #10 To see if the voters of the School District will resolve to open the polls at 8:00 AM and close the polls at 7:00 PM at each annual meeting or special meeting of the voters of the School District when balloting is concerned with a capital expenditure or with a bond issue question. (By Petition)

William Bliden moved that the voters of the School District resolve to open the polls at 8:00 AM and close the polls at 7:00 PM at each annual meeting or special meeting of the voters of the School District when balloting is concerned with a capital expenditure or with a bond issue question, seconded by Kenneth Walters. The motion was defeated.

ARTICLE#11 To see if the voters of the School District will resolve to open the polls at 8:00 AM and to close the polls at 7:00 PM at each annual meeting or special meeting of the School District to resolve the question of acceptance or rejection of the annual school budget. (By Petition)

William Bliden moved that the voters of the School District resolve to the open the polls at 8:00 AM and close the polls at 7:00 PM at each annual meeting or special meeting of the School District to resolve the question of acceptance or rejection of the annual school budget, seconded by Kenneth Walters. The motion was defeated.

ARTICLE #12 To see if the voters of the School District will resolve to require full disclosure in the Town Report of all monies paid to each of the employees in the School District whether the same be for services rendered or for expenses. This to include teachers and all other salaried and hourly personnel. (By Petition)

William Bliden moved that the voters of the School District resolve to require full disclosure in the Town Report of all monies paid to each of the employees in the School District whether the same be for services rendered or for expenses. This to include teachers and all other salaried and hourly personnel, seconded by Kenneth Walters. The motion was defeated.

ARTICLE #13 To see if the voters of the School District will resolve to require full disclosure in the Town Report of all monies paid to each of the employees in the School District Superintendent's office whether the same be for services rendered or for expenses and shall include all salaried and hourly personnel and the cost of rental or leased facilities. (By Petition)

William Bliden moved that the voters of the School District resolve to require full disclosure in the Town Report of all monies paid to each of the employees in the School District Superintendent's office whether the same be for services rendered or for expenses and shall include all salaried and hourly personnel and the cost of rental or leased facilities, seconded by Kenneth Walters. The motion was defeated.

ARTICLE #14 To transact any other business which may legally come before said meeting.

The Moderator moved that the district adopt a resolution to express a debt of gratitude to Mr. Ferree and Mrs. Lutz, whose terms of office were expiring and who were not seeking re-election, seconded by Richard Lates. The motion carried.

Richard Drisko moved that the meeting be adjourned, seconded by James Belanger. The motion carried and the meeting was adjourned at 4:04 PM.

Respectfully submitted,
Evelyn Lutz
School District Clerk

HOLLIS SCHOOL DISTRICT BUDGET

**PRINCIPAL'S REPORT
HOLLIS ELEMENTARY SCHOOL
January 1983**

We have again been challenged this school year to have and espouse GREAT EXPECTATIONS for ourselves and our students. We are continuously reminded and challenged by a 20th century philosopher's admonition: "It is because modern education is so seldom inspired by a great hope that it so seldom achieves a great result".

We have not left the process of education to chance as the best throw of the dice is to throw them away. Various staff members are or will be actively involved in the following committees: grade reporting, language arts, spelling, accountability, computer literacy skills and a large curriculum committee formed to oversee all the various skills continuums that were prepared last year. All our efforts are focused on meeting the individual needs of all of our students.

We will be studying and preparing to introduce the skills outlined in the school district's computer literacy continuum. The central focus of our efforts will be to teach our students how a computer works, to give them the opportunity to use one and to impart an understanding of the computer's uses in a technological society. We will also be using the computer for computer-directed as well as computer-aided instruction. We will be asking for your cooperation and support of our efforts in this area.

We have recently been notified by the New Hampshire Department of Education that our school has been designated a Category I (highest rating) elementary school for the school year 1982-83. Our reputation for excellence, both perceived and real, is a tribute to our outstanding staff and students and to you the members of our community. Those groups that most closely share in our programming and successes are the Beaver Brook Association, the Hollis School Volunteers, Hollis Elementary People (H.E.P.), the Hollis Police Department, and the Hollis Fire Department. Your direct involvement is what makes Hollis Elementary School a unique and progressive educational institution.

As we strive to GREATER EXPECTATIONS for ourselves and our students, we will continuously espouse excellence in all our undertakings. We realize that we are not perfect, but are bolstered by the thought that he who makes no mistakes never makes anything.

Respectfully submitted,
Robert A. Paul

PRINCIPAL'S REPORT HOLLIS JUNIOR HIGH SCHOOL

The 1982-83 school year opened with three new staff members: Mrs. Betsy Cramer, Developmental Reading; Mr. Mark Sweeney, Music (1 year); Mrs. Cherie Troyen, Guidance (1 year). The entering 7th grade class of 144 students is the largest class in the history of the Hollis School System.

We have implemented a Developmental Reading Program in Grade 7. This is a continuation of the elementary program in both Hollis and Brookline. A major commitment has been made to provide students with a program, assisting them in the continued development of their reading skills.

We have two micro-computers, being used to implement a computer literacy program. We have staff members trained to work with students in this area. We have an enthusiastic group of students involved in a Computer Club after school.

We are working with the Corporate Council in a pilot program exposing students to a "learning by real problems approach." Mr. Meshna and Mrs. Morrow participated in a summer program using this technique and students are working on a variety of projects under their guidance.

We continue to meet challenges of providing an appropriate program for all our students. Four of our talented math students are scheduled into the High School, for their math during first period of the day; returning to the Junior High for the remainder of their schedule. We have instituted a challenging Language Arts program for our most outstanding students. This course is composed of both 7th and 8th grade students. We will continue to modify our program to meet the ever-changing needs of our students.

Presently, a modification of the air handling units is underway. The goal is to provide a more energy and cost-efficient system. Also a solar component is being considered to be used in conjunction with the present system.

We sincerely thank the dedicated school volunteers for the many hours they have contributed to the students and to the ongoing operation of the Hollis Junior High School.

Respectfully submitted,
Robert McGettigan

**PRINCIPAL'S REPORT
HOLLIS AREA HIGH SCHOOL
1982**

Our wish came true in 1982! The much needed addition and renovations to the high school were completed. We are very proud of our larger and renovated facility, and on behalf of the entire staff I want to thank the town's people for their help and support. The members of the Building Committee deserve to be congratulated for their many hours of dedicated service, which often involved working into the late evening. Nancy Fischer continued to provide excellent leadership as chairperson. The expertise and perseverance of Dick Casale and Gene Sidore proved to be exceptionally valuable. The building program corrected many of the flaws which existed in the physical plant that tended to hamper the educational process and thus created a new "esprit de corps" among the staff. Thanks again, everyone!

The new student council under the leadership of President Richard Schwind has accomplished a great deal and has demonstrated outstanding cooperation with the staff. They actually reversed their position on the dress code and decided to accept it!

Skills continua for grades R through 12 were completed for most of our departments. They should help us to coordinate the program of studies for the three schools.

The parent volunteers are so reliable that we tend to take them for granted. Their assistance in the kitchen, the guidance office, as teacher helpers, and as tutors continues to be invaluable. It would cost us a fortune to duplicate their services.

My sixth year in Hollis has been the best! I know that I keep saying that, but it is true. Things seem to go smoother as time goes on.

Respectfully submitted,
Daniel F. Moegelin

REPORT OF THE SUPERINTENDENT OF SCHOOLS

On November 16, 1982, the new addition and the renovations to Hollis AREA High School were dedicated to the memory of Jane Ballard. The dedication marked the substantial completion of the project which had begun with the passage of the enabling warrant article on March 6, 1982. Thanks need to be expressed to all members of the Building Committee, but especially to Nancy Fischer, who chaired the committee, and to Dick Casale, Gene Sidore, and Bill Ferree who met almost weekly as a job site committee during the life of the project. The program capabilities at the high school have improved markedly as a result of the completed construction project.

Although we have achieved much progress in curriculum development, accountability, and maintenance of our facilities, this year's report will be philosophical in nature rather than a progress report on a variety of subjects.

We expect a great deal from our public schools .. and we should. We have, for example, expected our public schools to help integrate our society. We require our public schools to provide learning experiences for the severely and profoundly handicapped. We expect our schools to prepare students to deal with the social, political, technological, and economic problems our nation will face in the future. We expect our schools to provide students with a firm foundation in the basics. We expect our schools to provide that kind of education for everyone, and not just the chosen few.

For a period of time, test scores dipped as our nation's schools extended educational opportunities to those who had been neglected. The good news is that the tide has turned and statistics are showing that test scores are once again on the rise.

Despite this apparent success in providing education for all students, we face a deep educational crisis which has been spurred on by a fast changing world. Our nation (as well as other nations) is moving rapidly from an industrial to an information-based economy. To be truly literate in the future will require a new set of basics.

We must be sure our students are prepared, as citizens, to live in and prosper in a world heavily influenced by the new technology. They will need technical skills, to be sure, but they will also need critical thinking and problem solving skills. They will need special skills that will allow them to analyze, to organize, and to synthesize. Tomorrow's citizens must be able to apply what they know to real problems; be able to make decisions; understand how to make the most of their creative abilities; and be excellent communicators.

Many of us, regardless of our ages, may be caught up in careers that will become obsolete. We may return to school many times during our lives because lifelong education may also be a basic of the future.

Our schools are challenged to provide the education and training that will prepare today's students to live full, productive lives in a fast changing world. It is a challenge the schools cannot ignore and, as citizens, neither can we ignore the challenge.

Our schools must improve. We must encourage them to become even better. We must help them correct what must be corrected and assure that they are teaching the knowledge and skills that the people of our nation will need as we face the future. At the same time, we must support our schools. We must give before we can get. We must assure that education remains prominent on our local, state, and national agendas, because the one cost we cannot afford is . . . the cost of neglect.

Respectfully submitted,
Philip J. Dahlinger
Superintendent of Schools
