REPORT OF THE FOREST FIRE WARDEN

Crises like the present test the quality and sincerity of everyone's patriotism and citizenship. The times make such unavoidable demands for universal cooperation in the many lines of essential regular and emergency public endeavor that the response given may well be assumed to be the real measure of one's love of country and his appreciation of the opportunities it offers. Ranking high in the list of public endeavor is the protection of our forests from fire. It calls for full and generous cooperation by each of us. Fire statistics indicate that better than 98 per cent of all fires in New Hampshire are man-caused. If human carelessness could be eliminated

from the problem, the number of fires would drop to a mere minimum of less than 2 per cent of present figures and fire costs and losses would reduce in proportion. While this goal will not be achieved because of the perversity of human nature, the record can be vastly improved through individual discipline, alertness and cooperation.

Discipline calls for personal restraint from following unrestricted natural impulses to do as one pleases with regard to fire; alertness in cautioning others against imprudent and illegal burning and in promptly reporting fires to the local forest fire warden; cooperation in complying with laws, rules, and regulations governing the kindling and care of fires, smoking, safety of mechanical units using fire in and near woodlands and assisting the local warden in extinguishing such fires as may occur.

The possibilities of disastrous and expensive woods fires are constantly becoming more real. The hurricane felled an estimated one and one-half billion board feet of standing timber, much of which was never cleaned up. To this hazard has been and is being added extensive areas of slash from additional hundreds of millions cut to produce vitally needed wood for the war effort. With the stage so set, greater caution is increasingly necessary. It will pay substantial dividends in unburned forest areas and the saving of unnecessary fire expense.

The year 1943 was an extremely fortunate one because of favorable weather conditions. Many towns had no fires, some had minor fires while a few had expensive ones. The public controls the answer to the 1944 and future years' fire records. If the public is careful and cooperative the record will be good.

Your town warden is, perhaps, more perplexed and anxious during these war years than ever before

because of increased forest fire hazards and diminishing supplies of available man-power. He looks directly to you to aid him. Will you? You can aid him most effectively by always securing the required permit before attempting to burn and by complying fully with permit requirements; by being patient when he advises of departmental restrictions on permit burning or that he deems it unsafe to burn; and by giving him the needed assistance in extinguishing fires when he needs your help. To do so is to meet one real test of citizenship.

**MADISON'S RECORD
IN THE 3RD AND 4TH WAR LOAN DRIVE**

Since the last Town Report was published we have had two War Loan Drives, and in both of them Madison went over the top. Following are the figures for the two Drives:

3rd War Loan, September, 1943

Madison's Quota	\$14,100
The Town Raised	\$19,400
Percent of Quota raised	137%
Number of individual sales	69
Number of individuals solicited	92
Per cent of those solicited who bought	75%

4th War Loan, January—February, 1944

Madison's Quota	\$10,000
The Town Raised	\$13,846
Per cent of Quota raised	138%
Number of individual sales	93
Number of individuals solicited	103
Per cent of those solicited who bought	90%

It is customary for the Treasury Department to award a flag to any community selling 90%, and we hope that the Town of Madison will get this award, and keep it through any and all subsequent Drives.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Madison:

This report is submitted to you after only two weeks in your Union. I am particularly pleased to begin work here as it brings me back to the mountains and near friends in Madison. I anticipate a great deal of pleasure from being your Superintendent of Schools.

School supervision in Union No. 36 has been upset the last few months because of the changes in Superintendents. Much of the responsibility which is normally the administrator's has had to be assumed by School Board members. They and the teachers are to be commended for the fine conditions that have been maintained in the schools.

Madison is fortunate to have as its teachers this year—Mr. John Starie, Headmaster of the High School; Mrs. Frances Chick and Mrs. Delia Dwyer assistants; Mrs. Manora Clayton at the Corner School; and Mrs. Martha Kelley at the Silver Lake School. Extreme scarcity of teachers makes us wonder how every position is going to be filled for the school year 1944-1945. This year former teachers felt a sense of patriotic duty to return to the profession when local conditions became critical. I assume that it will be from this group that many districts will find faithful teachers.

Citizens of Madison undoubtedly recognize the fact that the costs of maintaining schools are rising along with the increased cost of everything else. Taxes, living conditions, and the great scarcity of teachers have necessitated increased salaries; the cost of materials and labor makes all kinds of repairs higher, and other expenses have risen accordingly.

It seems extremely important during these times of unsettled conditions that the best education in reading, writing, arithmetic, and citizenship be maintained. This necessitates an unusual amount of effort, thought and patience on the part of citizens, teachers, and

pupils.. It is only through the cooperation of all concerned that the generation now growing up can be given an adequate education.

Respectfully submitted,

HAMMOND A. YOUNG

REPORT OF MADISON SCHOOL NURSE

The summary of the health work done in Madison schools the past year.

Pupils inspected 97

School visits 67

Physical examinations including height, weight, and vision tests have been made on all of the school children, also individual inspections when it seemed necessary.

Results of examinations:

Defective Teeth 68

Defective Vision 9

Defective Speech 5

Diseased Tonsils 9

Nervous Condition 1

A very successful three day Dental Clinic was held on March 18th, 19th and April 16th in the High School with Dr. Deneault of Meredith in attendance. A summary of the clinic shows that 50 pupils were treated with a total of 166 operations. The pupils were given reduced rates and were able to finance their own clinic. Plans are being made to hold another clinic this spring.

I wish to express my appreciation for the cooperation of the Superintendent, Members of the School Board, Teachers, Parents; also for the interest which the Woman's Club and Grange took in sponsoring the Dental Clinic.

Respectfully submitted,

EVA A. HENEY, R. N.
