## TOWN WARRANT

---

### The State of New Hampshire

To the Inhabitants of the Town of Mason in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Mason on Tuesday, the 9th day of March next at one of the clock in the afternoon then and there to bring in your ballots for the following Town Officers:

Town Clerk for one year; Selectman for three years; Selectman for two years; Selectman for one year; Town Treasurer for one year; Tax Collector for one year; Highway Agent for one year.

The polls to close at 7 P. M. of the same day.

And at eight of the clock in the afternoon of the same day at the same place to act on the following subjects;

Article 1. To choose all necessary Town Officers not chosen by the non-partisan ballot.

Article 2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations for the same.

Article 3. To see if the town will vote to authorize the Selectmen and Town Treasurer to borrow money in anticipation of taxes.

Article 4. To see if the town will vote to give a discount on taxes paid on or before a certain date or take any action relating thereto.

Article 5. To see if the town will authorize the Selectmen to sell any real estate now owned by the town that has been acquired by tax sale, bequest or gift, if they with a majority of the Financial Committee think it advisable or take any action relating thereto.

Article 6. To see if the town will allow the Tax Collector compensation for collecting the State Head Tax and fix the amount at 8 per cent or take any action relating thereto.

Article 7. To see if the town will vote to change article #3 of the town planning ordinance now reading: "It shall be the duty of the Planning Board, and the Board is hereby given power and authority to enforce the provisions of this Ordinance." to read "It shall be the duty of the Board of Selectmen, and the Board is hereby given power and authority to enforce the provisions of this Ordinance."

Article 8. To hear reports of Agents, Auditors, Committees and Officers heretofore chosen and take any action relating thereto.

Given under our hands and seal, this 17th day of February, in the year of our Lord nineteen hundred and sixty-five.

## REPORT OF THE BOARD OF SELECTMEN

This year has seen several changes on the Board. Mr. Woods resigned because his position in Washington required his presence there most of the time. Mr. Leland A. Wildes, a former Selectman, was appointed to fill the vacancy. Mr. Albert L. Dunham resigned in May. Mr. Harold C. Miller was appointed as replacement; he later resigned and Mr. Albert Lizotte was then appointed to complete the Board.

The financial report presents a good picture as you will see by the excess of assets over liabilities.

The proposed budget for 1965 compares favorably with that of 1964, showing but a slight increase. A few items have been raised and others lowered to indicate more realistic figures and it is hoped that the needs of the town can be satisfactorily met without any increase in taxes.

The continued overdraft on our winter roads is being investigated and it would appear that as our citizens demand sand, salt — also additional plowing to keep roads in A-1 condition, while ignoring the use of snow tires, chains, or a bucket of sand, it is difficult to provide this extra service without a strain on our winter roads budget.

It has been noted that the cost and trucking of sand and salt might be reduced if the town had the facilities to properly stockpile these items. It has been suggested that the town secure a piece of land, preferably near the center of town, or, perhaps arrange with the State to use a section of the Highway Department area on Route #31 for this purpose. The possibilities are being probed and the Board will endeavor to have a report for the annual meeting.

The Board, at this time, would like to thank all those who have so kindly helped them during this past year.

Respectfully Submitted,

TRACY A. EATON, Chairman  
LELAND A. WILDES  
ALBERT LIZOTTE

The most important event in the life of our Library during the year 1964 was the addition of a small room at the rear of our building. Our Gift Fund — carefully tended by our former librarian, Miss Resor, — had increased to the point where we were able and anxious to expand. This was accomplished by breaking through into the adjoining shed, installing proper walls and flooring and adding a second window and bookshelves. Mrs. Putnam King most kindly presented us with a bureau (to be used for library supplies) and a chair. Our gratitude also goes to Mr. Guy Washburn and Mr. Conray Wharff for an excellent job done and to the Fire Department for donating a much-needed fluorescent light. Our next step — hopefully — will be to install heating equipment to enable the new room to be used for reference work in winter as well as in warmer weather.

The addition has allowed us a better grouping of books and much of the summer — our quiet time — was given over to sorting and re-arranging library contents. We are happy that extra space could thus be given the children's section as they are the Library's most consistent and interested users.

Donors of books and cash include: Miss Marjory Adams, Mr. C. W. Anderson, Estate of Mrs. Mary Barnes, Qulgencio Batista, Mrs. Mary Castle, Mrs. Ella Cook, Mr. George Cook, Bobby Ducette, Federal Reserve System of Washington, D. C., Mrs. Gish, Graduating Class of 1964 of Mason, Greenville Women's Club, Mr. M. Leonard Hersey, Dr. James Hitchcock, Miss Grace Ingraham, Miss Ruth Ingraham, Miss Elizabeth O. Jones, Mrs. Putnam King, A. Leino, Mason Sr. Girl Scouts, State of New Hampshire, Charles Petrie, Miss Elsie Resor, Mr. William Resor, Diane Schlemmer, Mrs. Sowers, Mr. and Mrs. Arthur Thompson, U. S. Savings & Loan League, Miss M. R. Voorhees, Mr. and Mrs. Sidney Walmsley, Mrs. Florence Ward, Mrs. C. A. Wentworth, Miss Dorothy Wood and Mrs. Robert Woods. We wish to thank each one of them.

This past year the Boy Scouts completed a handsome magazine rack which they presented to the Library. It is proving most useful and our appreciation goes to them.

During the summer the Friends of the Library were kind enough to offer their services (and whatever water was left by the drought) for a thorough cleaning and turnout; — much needed after winter activities.

Last fall we reluctantly accepted the resignation of Mrs. Robert Woods as a trustee of the Library. We miss her helping hand; particularly in selecting volumes from the Bookmobile.

Our Bookmobile service — originally from Keene — has been changed to the Exeter Branch which the State hopes will facilitate our receiving a newer and more adequate selection of books so we are enthusiastic about this re-organization.

At Christmas time we were in difficulties. The table Miss Jones had so beautifully decorated collapsed and is now in the capable hands of Mr. Frank Newell. We hope to have it with us soon and meanwhile Miss Resor has thoughtfully lent us a sturdier one. However we still lack a table for our new room. If any owner has one that is not fully appreciated, or gathering dust in an unused room or attic, Mrs. Castle would be delighted to hear of it.

Finally we are anxious for more of you to see what has been accomplished and what goes on in Mason's Library. And it is a busy and vital place on Thursday afternoons! Please do drop in sometime when you are going by.

Respectfully submitted,

MARY G. CASTLE

Librarian

## REPORT OF THE FIRE DEPARTMENT FOR THE YEAR 1964

This is the third year of service to the Town by the Mason Volunteer Fire Department. We have now grown to a full complement of twenty-five active members which is the authorized strength of the Department. The Department also has four co-operative members.

The raising of funds for equipment has gone quite well this year and the Department has raised a sizeable amount of money. This money has been spent to add to our equipment which still has a long way to go. Money is also needed to pay necessary expenses over and above the capability of the town appropriation. The Department is still paying off the balance of a loan which was used to partially equip the truck in 1963. Also, a percentage of our funds are held as a relief fund to help members should they be hurt while performing service for the town. Money is also being put aside as an aid in the construction of a fire station as the length of time that we can remain in the present station is limited.

The alarm control center operated by the Nelsons in Wilton has worked out well for the Department and, as we had a fairly busy year due to the excessive drought, we had a good chance to test its efficiency.

Two fire schools were attended by members of the Department in 1964, a one day school at Laconia and a two day school at Meadowood in Fitzwilliam.

I would like to commend the members of the Department, all of whom have returned to the Mason Volunteer Fire Department all payments made to them by the town for fire time. We are also indebted to some non-members who have done likewise.

Our thanks also to the following towns for mutual aid response to Mason during the year: Greenville, New Ipswich, Brookline, Wilton and Townsend, Mass.

## REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2,280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy — both industrial and recreational — is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area — 4,350,000 acres — is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.
2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.
3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.

## SCHOOL WARRANT

The State of New Hampshire

---

To the Inhabitants of the School district in the town of Mason qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 2nd day of March 1965, at eight o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
- 3a. To choose a member of the School Board for the ensuing two years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the District will approve the raising and expenditure of tuition money above the High School State Average and 2% rental fee charges as outlined in RSA 194:27, or take any action relating thereto.

10. To see if the District will vote to expend "excess sweepstakes" money of \$673.40 for the improvement of the school playground, or take any action relating thereto.

Given under our hands at said Mason this 12th day of February 1965.

## SUPERINTENDENT'S REPORT

---

To the school board and citizens of Mason, I respectfully submit my seventh annual report as your superintendent of schools.

### STAFF AND INSTRUCTION

The Mason school opened this fall with one change in staff. Mr. Henry Gibbons of Wilton, New Hampshire, a graduate of Keene State College, was hired to replace Mr. James Quinn, Jr., who assumed the principalship of the Greenfield school. After the year started Mrs. Alice Stearns of Rindge, New Hampshire was hired as the part-time Art teacher. Mrs. Stearns is a graduate of Boston University, having also taken courses at the University of California. Other members of the staff have continued in their positions thus maintaining continuity in the instructional program.

The two areas of instruction, math and reading, continue to be improved and strengthened as the school year progresses.

Two children from Mason are now attending special classes, one in the North Middlesex Regional High School, the other at the Wilton Special Class. The same provisions for these classes are being made within the upcoming budget.

Again this year Mrs. Frost is to be complimented for being instrumental in encouraging the teachers to work overtime with children who have academic problems at school. It is not unusual for all teachers to be working each day after regular school hours with two or three children, helping with difficulties that have been experienced.

The School Board has gone along with other towns in the area serviced by Appleton Academy in providing money for the hiring of a remedial reading teacher. This teacher would spend a pro-rated part of her time working with children in Mason who have special problems in reading, thereby attempting to bring them fully to their proper grade level in this vital area. This kind of help plus that which is provided by

the regular teachers should do much to insure that youngsters are being educated to the maximum of their abilities.

Early in the year all school boards of the supervisory union heartily endorsed a program of physical fitness in keeping with the late President Kennedy's recommended program. A workshop was held in Wilton for the information and instruction of all elementary teachers and the program which had been in effect in Mason in an informal way became a formal part of the instructional program. Teachers of the school have been devoting fifteen minutes each day to continuous, strenuous exercising and also have administered tests of physical fitness to the children this fall. This exercising and testing program will be continued throughout the year and in the years to come. It is hoped that such a program will raise the physical fitness level of each and every individual of the school. Even in this short period of time some marked improvements have been made in some individual cases.

### BUILDING AND GROUNDS

In the 700 series of the budget some of the increase shown is to provide fluorescent light fixtures in the two old classrooms. On cloudy days especially, these rooms are not sufficiently lighted to prevent eye-strain and result in children doing less than their best work. Also included in this item is a sum of \$200. to provide funds for the painting of the tower on the old building. This has not been done for a period of at least seven or eight years, and painting is necessary.

In the 1200 series money is again provided for the grading and extension of the playground area and also to provide some additional playground equipment. Under #1266, \$200. is budgeted to extend hot water to all parts of the school and also to install a small separate bubbler in the old building. in #1267, \$100. is provided to purchase a second hand buffing machine in order that the asphalt tile floors in the new building can be better cared for.

### SWEEPSTAKES

This year will probably go down in New Hampshire education as the "year of the sweepstakes". This was the first year that funds were

made available through this lottery to schools in New Hampshire. The Mason School finally received \$2,425.38 from this source. The best estimation at this time indicates that the Mason district will receive \$3,180. during the coming school year. One thing that has concerned the Board was how to best use this money and keep within the statutes and intent of the law, namely, to improve education. Some of this money has been used to very definitely effect the instructional program by providing remedial reading services. Some money also provides salary increases in order that Mason can realistically compete for teachers in southern New Hampshire. Money being contemplated for use in the improvement of the playground area also could be catagorized as being within the spirit of the law.

When the tax assessment was being made for the support of schools last summer the Tax Commission estimated that Mason would receive \$1,751.98 of sweepstakes money. This amount was applied against the school appropriation to arrive at a school assessment. However, as indicated above, actually \$2,425.38 was received, an excess of some \$673.40. An article appears in the warrant requesting approval to use this excess money to pay for further development of the play area. If this excess money were used with money within the present budget and money contemplated in the upcoming budget, the playground program could approach completion.

## FINANCE

There are two other areas of increase in the budget which should be brought to the attention of the citizens. Teacher's salaries, an increase is being provided in order that Mason teachers can go along with the general increase that will take place in the State of New Hampshire in the coming year. Increases are necessary if Mason is going to have any chance of attracting and holding good teachers.

In the 1477.1 item, Tuitions, an increase of about \$4,500. is shown. This increase is brought about by increases in tuition costs and increased high school enrollments from 22 to 29. Appleton Academy has just announced that its tuition charge for the coming year will be \$547. This is above the State Average cost of \$489. and a 2% rental

charge which could be made under statutes. Before the School Board could expend monies above the State Average and the 2% rental charge, approval would first have to be given by the district. This type of article has appeared in warrants in the past, but never approved, thus leaving excess costs up to the parents. Action on this warrant article determines whether the school district or the individual parent should rightfully pay excess tuition charge. Excess charges are already in the budget.

On the income side of the ledger, it is expected that a balance of some \$1,000. will be available as of June 30th. This amount together with money from trust funds, foundation aid, estimated sweepstakes, results in a net income of about \$10,310. When this is applied against the total amount required to meet the school board's budget of \$59,609., the resulting assessment is \$49,299.48, an increase of about \$5,500. over the present year's assessment. It should be noted that practically all of this increase is due to increased tuition costs.

### SPECIAL ARTICLES

Two special articles appear in the warrant that have already been referred to. One article relates to the expenditure of excess sweepstakes money for further development of the playground. This money could be expended without any additional burden to the community during the present year or the coming school year since it is a surplus from sweepstakes revenue. The other article again asks the town to determine whether or not the school district will be charged for excess tuition costs or have these costs borne by the individual parent.

### CONCLUSION

The Mason school is making excellent progress through the very conscientious and diligent efforts of its teachers. Parents have been pleased to know of extra time teachers are regularly providing to properly carry out the educational program of the school. It is a distinct pleasure for me to be associated and work with such conscientious and dedicated teachers. The Mason School Board has been extremely helpful, cooperative and understanding in all matters and has worked dili-

gently to provide the best education possible within the financial capabilities of the town. The parents have, as in the past, strongly supported the activities of the school and cooperated with teachers in every respect. In such a helpful and understanding atmosphere, developed by teachers, school board and citizens, the position of superintendent has been a distinctly pleasurable one. Thanks are extended to all concerned.

Respectfully submitted,

KENNETH A. SARGENT

Superintendent of Schools
