REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Nelson:

I herein submit my nineteenth annual report as superintendent of schools.

From a discussion on education after the war, I wish to quote from a report made by the Conservative Party, viz. "Of all the State's activities, education is the basic activity, because it conditions the future character of the entire community." "In war time, the maintenance of these services at a level of high efficiency should have maximum priority."

To meet the ideals of above quotations, I report a few of the several objectives towards which we are aiming: (1) to maintain the purity of the English language, (2) to give greater emphasis on fundamentals, especially in mathematics, (3) to offer a total interpretation of history, geography and economics, (4) to imbue our pupils with a better understanding of the vital principles of our Constitution and the American Way of life. For the accomplishment of these goals we ask the cooperation of teachers, parents and citizens.

CALL FOR TEACHERS

Due to the call of war service, defense work and office work, many teachers have given up the teaching profession. As a result I have had to resort to commercial advertising in order to keep open some of the rural schools.

As conditions may be worse next year, I suggest that former teachers take advantage of the opportunity of attending the Summer School at Keene and thus place themselves in position to qualify with the regulations of the State Board of Education.

I believe this to be a patriotic gesture.
