At the present time the Community House is used for the Grange, the Woman's Club, the Farm Bureau and by a large number of regional meetings of various groups. It houses the Town Library and is used to store Red Cross and Relief supplies.

Next year it will be necessary to do considerable painting and shingling, but it appears that this expense can be deferred till 1935.

SUPERINTENDENT'S REPORT

I herewith submit my eighth annual report as superintendent of schools, it being the fourteenth in the series of such reports.

I congratulate the citizens of Ossipee on having good schools, as usual, in these times of stress and strain. It is the evident belief of Ossipee people that the welfare of the boys and girls is of first importance. In comfortable, well-kept buildings competent teachers are giving instructions in facts of knowledge, and also lessons in self-control and regard for the rights of others. It is well said that education today is not only gathering facts of knowledge but it is also training for lives of service in public welfare.

Jessie Gray, President of the National Education Association, says, "The American common school is the expression of a mighty faith. It has grown up out of need and aspiration. It is the bulwark of those democratic ideals and rights for which mankind has sacrificed and suffered thruout the ages. It is the home of light and of reason. It is the hope of a better tomorrow. The common school is the house of the people."

Repairs and Improvements

The school property is well kept. Cleaning, varnishing and painting are done each year. During the last year grading has been done at West Ossipee and at the Center. The approach to the Center building is now attractive and well lighted at night. Shingling was done at West Ossipee and Granite. A well was dug and a pump installed at Granite.

Next year Water Village Schoolhouse should be shingled and the building painted outside.

At the Center slate blackboard has been provided for the primary room and additional chair-desks provided for the high school to accommodate the pupils of the third year. I believe a room should be finished

off over the front entrance to the building. We are now using the gymnasium very fully, not only for athletics and physical exercises but for classes in woodwork with benches and power machinery. Still further is it used for geography and science classes from the grammar and high schools.

This building is well filled with fine boys and girls and the work is progressing well.

High School

Principal Jackman is working hard and, with the help of Miss Kelley and Mr. Bennett, is carrying on the third year work in the high school. This is a fine effort, especially in these times when pupils cannot go elsewhere. Parents and pupils appreciate the new opportunity and the extra work of the teachers. I urge now that the proper steps be taken to provide another room and another teacher, and so another year in high school. There are ten pupils ready to become seniors next year and four of these are tuition pupils. I feel sure that more tuition pupils would come if we could offer four years of work.

For years we have stood as an approved high school and our pupils can transfer to other approved schools of the state. Our scholastic standing is good. Woodwork and laboratory science are interesting. Athletics is well handled and the contestants are well trained. We have had an especially good team in basket ball this winter. A busy high school of forty-two pupils demands attention and is worthy of whole-hearted support.

Visual Instruction

The motion picture has brought help and enjoyment to the boys and girls. Already there have been pictures of health, safety, kindness to animals, flowers, geography and history. The picture, "Daniel Boone," was given in the school hall and the public invited. This was a strong picture of early pioneer life

in the Kentucky region. "Dixie," was a unique picture, showing scenes from the South in the time of the Civil War. It was especially appropriate at the time of Memorial Day. The entertaining picture, "Captain January," was favorably received everywhere. Since we learn more through the eye than any other sense, the picture comes to have special value.

Health Work

Medical Inspection is still in the care of our Red Cross nurse, Mrs. Marion Davis. An especially good number of defects have been corrected. Milk and Cod Liver Oil have been furnished, as needed, by federal money.

Granite school attracted wide attention by reaching a banner stage where all necessary defects had been corrected and health standards had been met.

The dental clinic treated 73 children. In January only 12 underweights remained out of approximately 250 children. Many defects were removed by the help of federal money.

A motion picture on health was given in the schools by use of a machine loaned by the County Farm Bureau.

Appreciation is expressed for the earnest work done by our school nurse.

In connection with the health work, parents are reminded that children must be vaccinated before entering school. This should be done not later than August 20. It is not right to wait until school opens and then keep the children out to be vaccinated.

A well attended school exhibition, held last spring, shows that Ossipee citizens are interested in schools and child welfare. The conditions of our country show that we need well-trained citizens, and the way to train is to begin in youth. Honest, loyal, efficient, helpful and law-abiding citizens are not made

in haste. A squash can be grown in one season, but it takes years of slow, hard growth to make a sturdy, spreading oak. The twig can be bent. The tree cannot.

A Piece of Clay

“I took a piece of plastic clay
And idly fashioned it one day,
And, as my fingers pressed it still,
It moved and yielded to my will.

“I came again when days were passed—
The bit of clay was hard at last;
The form I gave it, it still bore,
But I could change that form no more.

“I took a piece of living clay
And gently formed it day by day,
And moulded with my power and art
A young child’s soft and yielding heart.

“I came again when years were gone—
It was a man I looked upon;
He still that early impress wore,
And I could change him nevermore.”

Attendance

For the year ending June 30, 1933, we had an average attendance of 204.8 and an average membership of 217.4 and a percent of attendance of 94. We are still below our minimum of 95%. May I ask for still further effort in the matter of regular and punctual attendance? This means much for the success of scholastic work.

Schools having 95% or over are as follows:

Granite	96.4%
Water Village	96.3%
Intermediate	96.3%
Special Room	95.3%

Congratulations to these four schools!

The following pupils were promoted from the eighth grade last June:

Grammar School: A valve Helme, Patricia Eldridge, Catherine Wiggin, Harlan Copp, Dorothy Wormstead, Emma Loud, Leonard Morrill, Blanche Templeton, Maurice Eldridge, Chesley Brownell.

Granite: Kenneth Wagenfeld, Doris Andrews, Stanley Hitchcock.

Ossipee Corner: Bertha Harmon, Marion Gleason.

Roll of Perfect Attendance
1932-33

Granite: Kenneth Wagenfeld.

West Ossipee: Wesley Eldridge, Mary Knox, Eleonore Hartford.

Ossipee Corner: Mabel Harmon.

Water Village: Virginia Haney, Annie Libby, Florence Libby, Frances Riley, Roger Whiting.

Grammar School: A valve Helme, Leonard Morrill.

Primary School: Shirley Bamford.

Congratulations to Water Village School for having the largest number!

In conclusion, I wish to thank the school board, teachers, pupils and citizens for loyal and cordial support.

Respectfully submitted,
F. W. JACKSON
