### **Notes from the Selectmen**

Our TRA activity in 1961 continued on the North Wilmot Road. The summer of 1962 should complete the surfacing to the top of Teel Hill in addition to sealing the mile which was topped in 1961. No decision has been made as to the use of TRA funds in the years to come. The Selectmen would welcome your ideas before future projects are discussed with state highway officials.

Even though new Route 11 was completed last summer, the state has continued to maintain the Village Road for this winter. In addition to the entrances to our town roads and to the dump, two-thirds of the Old Winslow Road hill was built and tarred by the state because of engineering and safety factors involved with the new road. The remaining one-third of the hill was under-written privately.

We wish to point out and commend the Road Agent in the savings he effected in the Sutton Road project by himself mixing the cold patch for repairing rather than purchasing it.

The Selectmen's room has been redecorated to some extent and we invite your inspection. All of the equipment, fixtures and materials were donated. We felt it would not only give strangers doing business with the Selectmen and the Board of Supervisors a better first impression of our town but we hoped the Grange would find it a more acceptable ante-room. We welcome its use by any group in our town.

The cemeteries have shown some improvement this year but much basic work remains to be done. The purchase of a rotary mower has been very helpful not only in the cemeteries but also on the grounds surrounding our town buildings. It is also appreciated very much when individuals helpfully contribute to the betterment of our cemeteries.

Since our future is inevitably linked with today's youth, the Selectmen have been interested and active in promoting the Little League as a challenging and worthwhile interest for our

boys. The Wilmot Little League Association, with membership open to all interested parties, was organized in 1960 and many people have given of time, effort and money to make it successful. The ball field area has been plowed, leveled and reseeded. Plans are under consideration not only to further improve the playing field but to provide bleacher and playground facilities. We solicit your interest in this valuable youth activity.

The Selectmen wish to thank the Street Naming Committee for their conscientious and enthusiastic work. We hope their report meets with your approval. If so, the map enclosed with your town reports will be the official map of Wilmot.

In regard to the budget, the Selectmen would like to point out that, if all of the articles in the warrant and the estimated budget are adopted as written, the tax rate this year can remain at its present level, or we hope, possibly lower. To do this, we are prepared to recommend that several items in the warrant and budget amounting to \$4,450.00 be transferred from the present surplus of \$7,213.90 rather than from new taxation. Our estimate is based on last year's assessed net valuation of Wilmot and on all information currently at hand. Any addition in assessed valuation due to new construction would serve to further lower the tax rate as would any surplus in the School District treasury as of July 1, 1962. Based on the present net valuation, each \$1,000.00 of appropriations is represented in the tax rate by approximately \$1.60.

All of the other town officers have been so efficient and cooperative that it has been a great pleasure to work with them for the interests of our Town of Wilmot.

**REPORT OF LIBRARY TRUSTEES**

*To the Townspeople of Wilmot:*

The Trustees of the Wilmot Library have purchased several new books during the year. The majority of them were selected for students, with the hope of providing supplementary reading in connection with the Centennial observance of the Civil War.

Gifts of books have been received from:

Mrs. James Cave	Mrs. Forrest Richards
Mr. J. Freeman Hyland	Mrs. Sheldon Rose
Mrs. Christian Jensen	Mrs. Harry Rossignol
Mrs. Francis Kelley	Mrs. Gladys Laughy
Mrs. Richard Sullivan	

To these and any others who have given books, or in any way increased the usefulness of the library, we extend our thanks and appreciation for your interest.

We would urge everyone to use the libraries more and we are sure that the librarians will do their best to procure the books for which you are looking. The libraries are to be used and we are striving to provide books for students to use and for everyone to enjoy.

Respectfully submitted,

Mildred S. Howard

Annie W. Thompson

## WILMOT VOLUNTEER FIRE COMPANY INC.

This is the financial statement of the Wilmot Volunteer Fire Company Inc. During 1961 the secondhand rebuilt Portable Pump which has been in use for several years broke down and the cost of repairs due to the age of the pump was prohibitive. A new Hale "Pump in Frame" gasoline pump was tested and purchased at a cost of \$410.00.

Our maintenance and repair cost included a necessary motor overhaul on the GMC truck. This included a new cylinder head, main bearings, connecting rod bearings and new piston rings at a cost of \$278.30. We also purchased a new set of tire chains for the GMC and one new tire for the Ford truck.

We had hoped to install a modern heating plant in our Fire Station during 1961 but we had to forego these plans due to more urgent expenses. We hope to complete this project in 1962.

The members of the Wilmot Fire Company wish to take this opportunity to thank the Selectmen and the townspeople of Wilmot for their cooperation in assisting us to make these necessary improvements.

John E. McFadden, *Treasurer*

**AN APPEAL FROM YOUR FOREST FIRE WARDEN —**

In these days of constantly rising taxes and wages, any unnecessary expense is an added burden on everyone's pocketbook - yours and mine. Forest fires cost money and damage our valuable woodlands. Lightning sets some forest fires, but we have no control of lightning. Children cause many fires. Ninety-eight percent of our forest fires result from human carelessness - our carelessness. This, we - you - and I can do something about.

When we require you to obtain a permit for out-of-doors burning or forbid you to burn on days of high fire danger or set up regulations - hours, etc., governing the use of the town dump we are simply protecting yours and the town's interests.

The ever present threat of forest fires is the concern of all of us; the responsibility for preventing them is ours and the costs of extinguishing are ours. We can do something about this problem by being aware of and alert to the danger and by cooperating with your warden.

*Do the things that are required of you —*

1. Follow the warden's directions.
2. Secure the required burning permit.
3. Keep your fires under control.
4. Completely extinguish your fires before leaving them.
5. See that your children are properly cautioned.

Everyone will benefit by it!

**REPORT OF THE SCHOOL BOARD**

During the past year several improvements were made in our school plant. One was the installation of new and adequate florescent lights in the Flat school. In addition, the walls and floors of the toilet rooms were insulated to prevent the freeze-ups of previous winters. At the Center school the major improvement was the installation of a hot air oil burner. To provide heating efficiency and to save the structural qualities of the back buildings, a cement foundation was placed under the toilet rooms and a foundation and cement floor installed in the wood shed. The roof and walls of the woodshed were repaired, insulated and shelving materials added to create an excellent and needed store-room. The walls of the schoolroom itself were patch plastered where necessary and repainted. The ante-room has been converted to a fine cloak room by the new heating system.

In the field of instruction, to make available to our children the benefits of the latest in teaching methods, TV sets were installed in both schools. These sets are beamed directly to the University educational channel. Our schools are now enrolled in regular programs in French, music, history and science. The interest, enthusiasm and results are very gratifying. More programs are planned and will be used as they fit our school curricula. In addition, new textbooks in mathematics and science will shortly be in use in our schools to conform to the changes in these fields. We are proud of the quality of instruction provided by both of our teachers. With this type of elementary training our students can compete successfully in their further education.

Our latest census does not indicate any immediate increase in school enrollment. Our present buildings, with continued maintenance and improvements, should suffice for the foreseeable future.

It is our hope that in the coming year water can be made available to the Center school for at least flush toilets and hand washing facilities. It would certainly be advisable from a health standpoint and for the teaching of adequate personal hygiene.

We want especially to commend the operators of our transportation system for their fine service and their sense of responsibility which has provided us with reliable and safe transportation for our children.

In closing, our sincere good wishes go to Mr. Hounsell in his retirement. We have enjoyed working with him and his assistance and guidance have been an invaluable asset to us. We also greatly appreciate the support given us by the teachers, parents and friends in our community who have worked with us for the type of education we all desire for our children.

**REPORT OF SUPERINTENDENT OF SCHOOLS**

To the School Board and Citizens of Wilmot:

In this my final report to you I want to express my thanks to all who have been directly concerned with the education of the children of Wilmot. This includes teachers, school board members, parents and friends of the community. It has been a real pleasure working and planning with you. Over the years, the experience has been for me a very pleasant one. You have always been receptive to whatever suggestions I have made tending toward change for improvement of the schools.

School board members have worked with me in a spirit of cooperation that has enriched my professional thinking, and guided my actions in my administration of your schools.

For all these things I am most grateful. As I leave the scene of active duty, I shall recall with satisfaction and genuine pleasure the years I have worked with you and your teachers to help promote better educational opportunities for your children.

Respectfully submitted,  
 William B. Hounsell  
*Superintendent of Schools*

**Summary of Superintendent's Salary 1960-1961  
 Supervisory Union No. 46**

The Superintendent's salary of \$8,050 is paid in part by assessments against the seven districts in the union, which are pro-rated as follows:

Andover	\$705.20	
Boscawen	825.60	
Chichester	356.90	
Loudon	511.70	
Penacook	1,513.60	
Salisbury	206.40	
Wilmot	180.60	\$4,300.00

These payments are made by the districts directly through the Supervisory Union office. The remaining \$3,750 is paid by the State from the fund established by the per capita tax of \$2.00 for each resident pupil. Wilmot's per capita assessment for 1960-1961 was \$136.00.
