TOWN WARRANT

To the inhabitants of the Town of Bartlett, New Hampshire in the County of Carroll in Said State, qualified to vote in the Town affairs:

You are hereby notified to meet at the Town Hall in said Bartlett on Tuesday, the tenth day of March 1981 at ten o'clock in the forenoon, to act upon the following subjects hereinafter set forth. The voting on Article 1 will be by official ballot, and the polls shall open for balloting at ten o'clock in the forenoon and shall not close before six o'clock in the evening. The remaining articles of the warrant shall be acted upon at seven o'clock in the evening.

ARTICLE 1. To choose all necessary Town Officers for the ensuing year.

ARTICLE 2. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.

ARTICLE 3. To see if the voters will authorize the Selectmen and Town Treasurer to borrow a sum not exceeding in the aggregate \$350,000.00 in anticipation of the collection of taxes for the current municipal year, and to issue in the name of the Town and on the credit of the same, negotiable notes therefor, said to be repaid during the current year from taxes collected within the current municipal year.

ARTICLE 4. To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's deeds or by any other means. Subject only to the interest of relatives and heirs, all disposal shall be by public auction.

ARTICLE 5. To see if the Town will vote to authorize the Selectmen to accept gifts, and/or federal or state aid in the name of the Town of Bartlett.

ARTICLE 6. To see if the Town will vote to raise \$7,000.00 for a complete updating of all taxable property in Bartlett, and withdraw same from the Revenue Sharing Fund.

ARTICLE 7. To see if the Town will vote to raise and appropriate \$17,000.00 to purchase a used grader and withdraw \$14,000.00 from the Revenue Sharing Fund as partial payment of said grader.

ARTICLE 8. To see if the Town will authorize the withdrawal of \$3,000.00 from the Equipment Capital Reserve Fund and use the same for partial payment of the grader.

SELECTMEN'S REPORT

Once again, it is time for the Selectmen to present their annual report to the citizens of Bartlett.

Unfortunately, the tax rate went up for the first time in many years. The increase was due to larger school and county budgets. The town operation share of the tax rate decreased from \$3.90 in 1979 to \$2.50 in 1980. The county share increased from \$1.80 to \$1.90 and the school assessment rose from \$9.80 to \$14.00. The county tax is the only tax over which we have absolutely no direct control, and the budget increases which are planned for this year indicate that the budget process at the county level will need the closest scrutiny. The Selectmen have written letters of concern to the County Legislators and Commissioners, with very little response to date. The people of Bartlett and the County government that will continue to expand much more than may be absolutely necessary.

Last year the brooks in Kearsarge and on Foster Street in the Village were dredged and banked. We hope that this effort will reduce flooding and water damage in these areas.

Major new equipment purchases for the Fire Department included a 1000 gallon per minute pumper for the Bartlett Village station and a 2400 gallon tanker for the Glen station. These additions to the fleets make our fire department one of the best equipped in the Valley.

Progress was made toward the implementation of a Fire Department/Selectmen Commission. The current commission consists of two men each elected from the respective stations and one member of the Board of Selectmen. The Commission rotates the monthly meetings between the Glen and Bartlett stations. The primary purpose of the Commission is to improve communications, budgeting and accounting procedures, and general administration of the department.

The tax map is beginning to take shape, although we wonder sometimes if it will ever really be completed. Much work was done this past year to correct many of the errors and omissions and it is expected that corrections during the coming year will catch us up with most of the errors and problems.

The new four wheel drive town truck was finally delivered after a delay of one year, but the wait will be worth it if we ever have snow. The new vehicle works very well and reduces the time needed for plowing and sanding. The truck will have a sander permanently attached and in the summer will be used only for tarring jobs, thus extending the life expectancy of this vehicle.

Our old grader finally bit the dust in 1980. At town meeting the Selectmen will ask permission to purchase the used grader which we have been using since last summer. If the Town agrees there will be no cost to the Town for the months we have used the vehicle. If the Town decides to forgo purchase then we will be obligated to pay a lease fee for the time we have used the machine. The Selectmen feel that this is a necessary piece of road equipment and hope the Town will vote to purchase same. Through a concentrated effort on the part of the Selectmen and office staff, the tax bills were mailed in October this year for what might be the first ever—or certainly for a long time. We hope this was a convenience for taxpayers and we will endeavor to continue this early mailing. Due to the increased cost of borrowing money serious thought is now being given to initiating semi-annual tax collection (twice a year) within the next few years. The first partial bill (about half) would be mailed in the Spring and the second billing would occur during the Fall at the same time the bills go out now. Some discussion may be entertained at this year's Town Meeting, but certainly in the future, the voters will be asked their opinion on this matter.

The Town audit was completed last spring and recommendations were made by the auditors to all Town departments, most of which have been incorporated into our regular bookkeeping methods. If anyone is interested in reading the audit report, please come to the Selectmen's Office during regular office hours and it will be available for your review.

The new fire communications system at the County Sheriff's office is in working order and is a real improvement over the old method. This should provide us with excellent service for years to come.

Due to incomplete negotiations with the State of New Hampshire, the Town has yet to purchase the Hart's Location pit area. The Selectmen have assurances from the State that it is still available and we have the \$5000.00 which was appropriated last year still available for the purchase this year.

The Linderhof road improvement project was completed during the summer and the Town now maintains most of the Linderhof roads in the Mountain View section. Under the betterment assessment law the property owners who are served by these roads will pay for the improvements and the bills for this assessment are expected to be mailed out soon.

The Board of Selectmen was fortunate in obtaining an agreement with the Maine Central Railroad for use of Railroad Square in Bartlett Village. The square will be used primarily for Memorial Day and Fourth of July celebrations during the summer months and as a skating rink during the winter season. Some additional work will be accomplished to level and grass the designated area.

Because of the high degree of interest in the desire of certain citizens in Bartlett to organize a First Response Team, the Selectmen appointed a committee to study all aspects of a First Response Team and to recommend for or against organization of such a team. Basically, the committee concluded that a First Response Team would fill a real need in Bartlett but that the current petitioners are not sufficiently organized to warrant town funding. The committees report is included elsewhere in this Town Report.

The Selectmen purchased wing equipment for the new four wheel drive truck and a new wing for the grader and are asking authorization to withdraw \$7,000 from the equipment capital reserve fund to pay for these items. The old wing was tried, but was too short to work properly, hence the need to purchase a new wing for \$1,500. We were able to install wing equipment on the new truck last fall, with payment withheld until this year. The Selectmen felt it was imperative to have this equipment on the truck during the winter months. We are also asking authorization to use \$3,000 of capital reserve funds which will be applied, along with \$14,000 of sharing funds, to pay for the grader. The Selectmen are also asking \$7,000 in Revenue Sharing Funds to fund an updating of property values in Bartlett. Since the reappraisal in 1975, some inconsistencies and inequities have crept into the system and the Selectmen feel an outside review of all our properties is necessary to insure that all property in Bartlett is valued properly and fairly.

The Selectmen are always interested in any ideas or suggestions that might be made by the public. We are here to serve you and we can only do that if you let us know what you are thinking. Selectmen's meetings are held Friday mornings and, while this may be inconvenient to some, we have a much greater attendance than we did with the night-time meetings. If there is anyone who is unable to make a day-time meeting, please contact the Selectmen and we will make arrangements to meet at your convenience.

The Selectmen share what must be an increasing concern on the part of all citizens of the Town of Bartlett over the increase in the tax rate in 1980 and what may be an even larger increase in 1981. We are attempting to maintain Town operations at an adequate level of services while at the same time holding costs to the lowest level possible. We urge all citizens to attend the Town Meeing and School Meeting. Only through the enlightened input of all its citizens can town and school functions truly represent your wishes.

The Selectmen would like to give a sincere thanks to all Town officials and employees for their help and co-operation during the past year and look forward to another good year in 1981.

BARTLETT PUBLIC LIBRARY Annual Report 1980

9,495 books were circulated by the Bartlett Public Library in 1980. 389 books were added to the collection. The library received a welcome gift of a 1977 edition Encyclopedia Britannica given by Keith Kidder. The bookmobile visited three times and left a total of 964 books.

1980 saw the "library on the move." In June, the entire library was moved out and temporarily located in the first grade room and hall in the new wing. Because of the accessibility and visibility to the street and post office, there were many more people stopping by to browse and borrow books. In September the library moved back to a completely renovated library, with new carpeting, newly painted walls and new shelving. The new facilities are very pleasant. There is a need for more shelving in the reference and adult section. Also, magazing shelving is needed. The only access to the library to the public has been through the back yard to the back door in the old building. Because of this the adult usage has dropped. Soon the new entrance will be in use and we should see an increased usage by the public.

The library is having a 25-foot mural painted by Vicki Hall in the children's section of the library. This is in progress right now and the children and adults are enjoying watching its progress. The mural is being paid for by book fair profits, donations and fundraising projects. Donations are welcome!

1981 should see an increased usage of the library by the whole community. Plans are being made for an "open house" during National Library Week in April; but do not wait until then to see the "new look" at the Bartlett Public Library.

The proposed budget for 1981 is as follows:

Librarian's Salary	\$ 4400.00
Substitute Librarian's Salary	700.00
Books	2400.00
Equipment (Vacuum).	400.00
Insurance	417.00
Janitor	30.00
Magazines	525.00
Miscellaneous.	150.00
Repairs	50.00
Supplies	200.00
Telephone	300.00
Travel and Conference	150.00
TOTAL	\$ 9722.00

BARTLETT PLANNING BOARD REPORT

1980 was once again a very busy year for the Planning Board. Again we ran the whole gamut from minor boundary line adjustments to the creation of entirely new subdivisions. 1980 also saw Bartlett's first conversion of apartments to condominiums.

The State of New Hampshire revised their septic regulations this year, making them a little stiffer. In spite of this, there is a feeling that the state requirements are still too broad-based and do little to protect the Town's future interest. In light of this, we will probably be proposing some stronger regulations of our own. A maximum density requirement looks like the best possibility at this time. We will do our best to keep everyone well informed as we progress in this area.

We still meet on the first Monday of every month at 8:00 P.M. at the Town Hall. We welcome any and all ideas and suggestions which will make our job as Planning Board members more receptive to the taxpayers and inhabitants of Bartlett.

Respectfully Submitted,

Arnold Bennett, Chairman Norman J. Head, Secretary Robert Jones James G. Howard Lawrence Clemons Frances Levecque James Chadbourne, Selectman

BARTLETT ATHLETIC AND RECREATION ASSOCIATION

BARA played an active part in the community this year. More than seventyfive youngsters participated in our baseball programs; pee wee, little league and babe ruth. Our summer program which combines education and recreation was most successful. The Town hired a recreational director and many activities took place along with special field trips for upwards of forty youngsters.

Our winter program of night recreation was popular with the high school boys and will be continued this year.

The skating rink was open for the winter of 1979 and was enjoyed by many people. In 1980-81 the rink was finally established in the Railroad Square despite weather setbacks. Although a little tardy, the rink is in good shape and is being used by a great many townspeople. Lumber and materials were donated by North Conway Lumber and Diamond National so next year the rink will be slightly larger. Many improvements were made on the ballfield last year and the result showed in the overall appearance of the field and comments from visiting teams. The field was fertilized and watered regularly, and a new infield was established with a good quality clay and sand mixture. This, along with regular maintenance at the field resulted in an area that the town can be proud of. We hope to continue improving the area a little each year.

With the opening of our new community school facility we plan to increase our recreational plan by offering more adult recreational activities and youth programs.

The members of our Board of Directors will meet periodically to plan activities that will involve all age groups. Basketball for students and adults, volleyball and exercise classes for adults will be well underway at the time of the publication.

We plan to survey our community people and get their ideas for programs and activities. The BARA will be holding a raffle starting in the spring to help raise money for some of these programs. First prize will be a weekend in Boston and tickets to a Red Sox game for four people. The BARA hopes to fund as many of the programs as possible, and thereby decrease the amount of tax dollars needed.

Your support of the BARA is needed, and with your support we can provide a good environment for good use of leisure time for all of our community people.

REPORT OF FOREST FIRE WARDEN AND STATE FOREST FIRE SERVICE

Forest Fire Prevention: Your Business, Our Business, Good Business. Forest fire prevention slogans have been seen in association with Smokey Bear since the late nineteen forties when a national effort to check the spread of forest fires was implemented.

New Hampshire residents recognized that forest fire prevention and suppression was the responsibility of every citizen, a half century before this national campaign, when our legislature established our first forest fire laws in 1903. Since that date, the State has appointed a town/city forest fire warden who is responsible for forest fire law enforcement in his municipality.

All fires kindled out of doors when there is no snow on the ground must be approved in writing by the forest fire warden before being kindled. All forest fires must be suppressed by the warden and his deputies as soon as they are reported. The cost of fire suppression is shared jointly by the town/city and the State of New Hampshire, as are forest fire prevention and forest fire training costs.

This state and local municipality cooperative forest fire program has given New Hampshire one of the best forest fire records in the United States.

STATE OF NEW HAMPSHIRE DEPARTMENT OF PUBLIC WORKS AND HIGHWAYS

State Highway Aid is available to Bartlett during 1981 in these categories:

TOWN ROAD AID, APPORTIONMENT A FUNDS

Chapter 241, Section 2 of the Revised Statutes Annotated, as amended, provides for Class IV and V Construction, Reconstruction or Betterment Aid.

If aid is desired under Apportionment A, the town must raise \$768.14 and the State will contribute \$5,120.91.

HIGHWAY SUBSIDY

Chapter 241, Section 14 of the Revised Statutes Annotated, as amended, provides a highway subsidy for maintenance, construction and reconstruction of Class IV and V highways in towns and cities.

Your highway subsidy for 1981 will be \$9,938.24.

ADDITIONAL HIGHWAY SUBSIDY

Chapter 241, Section 15 of the Revised Statutes Annotated, as amended, provides an additional highway subsidy which shall be used only for construction or reconstruction of Class IV and V highways and shall be used to increase the highway appropriation of the municipality as of 1977.

Your additional subsidy for 1981 is estimated to be \$7,983.05.

Highway subsidy payments are made quarterly in January, April, July and October. Accurate records of expenditures must be maintained. Audited reports will be required on a yearly basis, Jan. 1 to Dec. 31, and intermediate reports may also be necessary.

NOTE: All of these amounts are subject to the approval of the 1981 Legislature.

ANNUAL TOWN MEETING

March 11, 1980

William Paine, Moderator Howard Nichols, Clerk Meeting Opened at 7:30 P.M.

Paine remarks on Town Meeting (year 1880).

Article 1. To choose all necessary Town Officers for the ensuing year. Polls open from 10 A.M. to 6 P.M. Total of 503 votes of 1153 registered voters were cast.

Selectmen, 3 years						
Richard L. Enrrows	12					
Gene G. Chandler	316					
John A. Roden	167					
Auditor, 1 year						
David Y. Taylor	443					
Trustee of Trust Funds, 3 William Goodwin	years 13 (write	in)				
Library Trustee, 3 years						
Herbert Billings	417					
Supervisor of Checklist, 6 years						
Gail F. Paine	458					

Article 2. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same. Motion made by G. Chandler and seconded by J. Chadbourne. Gene Chandler explained Budget items. Under Town Dump item the meeting was polled as to what hours they would like to have within the Budget limits. Consensus was to have the cost \$24,000 remain same with dump open 30 hours a week, wanted dump open 6 days a week. Wanted more evening or later hours in the day.

Explanation of use of land in Hart's Location to be used as a brush and stump dump site.

Clean-up of old dump site in Bartlett still in progress.

State requirements dictate what equipment must be at landfill operation. Discussion of Dump ended at 8:15.

Deborah Hill made a motion through Moderator William Paine to have the town raise \$300 for Gravestone for Maurice Hill and his mother. Seconded by Roger Labee, Town sold land obtained from Maurice Hill by Tax Collector's Deed. Passed by standing vote 71 for 32 against. Benson Howard stated it could not come out of cemetary item. Selectmen will handle this matter.

Budget amended to \$338,972.00. Motion to amend by G. Marcoux, seconded by R. Plusch. Accepted.

Article 3. To see if the voters will authorize the Selectmen and Town Treasurer to borrow a sum not exceeding in the aggregate \$350,000.00 in anticipation of the collection of taxes for the current municipal year, and to issue in the name of the Town on the credit of the same, negotiable notes therefor, said to be repaid during the current year from taxes collected within the current municipal year. Motion to accept by R. Plusch, seconded by J. Murphy. Accepted.

Article 4. To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's deeds or by any other means. Subject only to the interest of relatives and heirs, all disposal shall be by public auction. Motion made by H. Billings, seconded by R. Gerling. Accepted.

Article 5. To see if the Town will vote to authorize the Selectmen to accept gifts, and/or federal or state aid in the name of the Town of Bartlett. Motion to accept by R. Jones, seconded by G. Paine. Accepted.

Article 6. To see if the Town of Bartlett will vote to authorize the Selectmen to accept a deed from Glen Acres, Inc. for land sixty six (66) feet in width for highway and utility purposes as shown on plan recorded in Carroll County Records Plan Book 40, page 47, and the Town Office. Road being an extension of Skyline Drive. Approximately 1800' going from Lot 1 to Lot 18 on recorded plan. Agreeable to a petition signed by Sandra Guptill and others. Motion made to accept by E. Jakaitis, seconded by H. Billings. Chandler explained that if road was built to Town specifications, Town will accept. Accepted.

Article 7. To see if the Town will vote to raise and appropriate the sum of \$20,000.00 to replace the 1975 Ford Highway Truck, with a new four-wheel drive truck, including all equipment necessary for plowing, winging, etc. Motion made to accept by G. Chandler, seconded by J. Chadbourne. Chandler explained that other additions to this Truck will be added next year. Accepted.

Article 8. To see if the Town will vote to authorize the withdrawal of \$20,000.00 from the Revenue Sharing Fund to defray costs of the new Highway Truck. Motion made by L. Chandler, seconded by E. Parker. Accepted.

Article 9. To see if the Town will vote to raise and appropriate the sum of \$6,685.00 for the replacement of the present police cruiser. Motion to accept by L. Wright, seconded by K. Billings. Chief Robert Snow explained the article. Accepted.

Article 10. To see if the Town will vote to authorize the withdrawal of \$6,685.00 from the Revenue Sharing Fund to defray costs of the new police cruiser. Motion made to accept by G. Paine, seconded by R. Jones. Accepted.

Article 11. To see if the Town will vote to raise and appropriate the sum of \$900.00 to purchase a used police cruiser to be used as a back-up vehicle for the Police Dept. Motion made to accept by G. Chandler, seconded by R. Glines.

G. Chandler and Chief Snow explained the needs for this second car. It is a two year old police car with 45,000 miles. Present cruiser has twice as many miles and cost of repair would be high in comparison. B. Howard stated role of State Police and Sheriff's Dept. John Roden did not like the idea of a used cruiser. Accepted.

Article 12. To see if the Town will vote to raise and appropriate the sum of \$6,800.00 said sum being 60% of the cost of a new fire communications system which will be dispatched by the Carroll County Sheriff's Dept. The remaining 40% of the system will be paid by the Town of Jackson. Motion to accept by G. Chandler, seconded by K. Billings. Explanation by G. Chandler and R. Jones. Red network system will be phased out. 60-40 based on number of calls received over present phone system. Accepted.

Article 13. To see if the Town will vote to authorize the withdrawal of \$6,800.00 from the Revenue Sharing Fund to defray costs of a new communications system for the Fire Dept. Motion made to accept by G. Chandler, seconded by H. Billings. Accepted.

Article 14. To see if the Town will vote to apply anti-recession money plus accrued interest, to the town poor. Motion to accept by G. Chandler, seconded by J. Chadbourne. Explanation by J. Chadbourne of \$1,194.34 left over in 1974. Accepted.

Article 15. To see if the Town will vote to raise \$6,000.00 for the purchase price and start up costs to allow the State of N. H. pit located in Hart's Location to serve as a brush and stump dump for the towns of Bartlett and Hart's Location. Motion made to accept by G. Chandler, seconded by Gail Paine. Explanation by G. Chandler and J. Chadbourne on need, future, present status of land with State from whom the Town is arranging to purchase it. On question of who would monitor the dump, J. Chadbourne said Selectmen might do it. J. Murphy stated that would give Selectmen something to do. D. Chadbourne stated that Selectmen had plenty to do. J. Chadbourne stated that one should not take all of Mr. Murphy's statements too seriously. Accepted.

Article 16. To see if the Town will authorize the withdrawal of \$6,000.00 from the Revenue Sharing Fund to offset the cost of purchasing the State Pit in Hart's Location. Motion to accept by G. Chandler, seconded by J. Rivers. Accepted.

Article 17. To see if the Town will authorize the payment of \$3,000.00 in Revenue Sharing money in order to pay for the audit which must be done to meet Federal Revenue Sharing Guidelines. Motion to accept by G. Chandler, seconded by R. Plusch. Explanation by G. Chandler who stated the report was available at the Town Hall. Accepted.

Article 18. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to hire a summer recreation director from June to August. The Director will manage activities and field trips throughout the summer in conjunction with the presently ongoing summer program at the Bartlett School. Agreeable to a petition signed by Richard Glines and others. Motion to accept by R. Glines, seconded by J. Rivers. Explanation by J. Rivers and R. Glines. Accepted.

Article 19. To see if the Town will vote to raise and appropriate the sum of \$80,000.00 to purchase a new all-wheel drive fire truck, and a new chasis for

the Glen tanker. Agreeable to a petition signed by Robert L. Jones and others. Motion made to accept by R. Jones, seconded by K. Billings. R. Jones amended the motion by striking out the wording "All wheel drive." Seconded by G. Paine. Accepted.

Article 19A. To see if the Town will vote to borrow the sum of \$80,000.00 to be repaid over a period not to exceed five years to purchase a new all-wheel drive fire truck and a new truck chasis for the Glen tanker as authorized in Article 19. Amended by K. Billings, seconded by J. Murphy to strike out words "all wheel dirve." Accepted on standing vote 154-1. Benson Howard recorded against.

Article 20. To see if the Town will vote to raise and appropriate the sum of \$1,700.00 for emergency care equipment and three (3) radio receivers to organize a FIRST RESPONSE RESCUE TEAM for Bartlett. Agreeable to a petition signed by Barry Allen and others. Motion to accept by K. Billings, seconded by G. Marcoux. Lengthy discussion on this article mainly due to a lack of information on type of training and qualifications this team would have. It will not replace rescue teams from North Conway or Conway.

The sense of the meeting was that the Selectmen should look at all aspects of this Article, meet with the people, before committing any funds. Motion made by J. Chadbourne, seconded by F. Hodgkins to add to this article words, "funds to be expended only at the discretion of Selectmen." Motion carried on voice vote.

Benson Howard stated that Selectmen do have total responsibility in distribution of all funds spent by Town operations.

A thorough study of the Town's liability or professional liability be made with our insurance agent.

George Marcoux stated that radio equipment was not adequate. He made a motion to add \$500.00 to the sum requested. Seconded by N. Pettingill. Motion carried. Amended Article accepted with a total amount to be \$2,200.00.

Article 21. To see if the Town will vote to raise and appropriate the sum of \$500.00 in support of the Mt. Washington Valley Chamber of Commerce. Agreeable to a petition signed by Robert Murphy and others. Motion to accept by K. Billings, seconded by J. Schoen. Defeated.

Article 22. To see if the Town will vote to raise and appropriate the sum of \$650.00 in support of Senior Meals and Wheels program. Agreeable to the petition signed by Elizabeth Durrell and others. Motion made by G. Paine to accept, seconded by P. Gardiner. G. Chandler explained this was a 33% increase. Accepted.

Article 23. To see if the Town will vote to raise and appropriate the sum of \$800.00 for the Center of Hope, Inc. Agreeable to a petition signed by Winfield A. Whitman and others. Motion made to accept by J. Chadbourne, seconded by J. Rivers. G. Chandler explained this was a 60% increase. No one in the hall to explain article amended by D. Carta, seconded by R. Plusch, to reduce amount to \$500.00 previous year's amount. Accepted.

Article 24. To see if the Town will vote to raise and appropriate the sum of \$3,201.60 for the Visiting Nurse Services of Northern Carroll County, Inc. said sum being equal to \$1.45 per person in the Town. Agreeable to a petition

signed by Ann Madden and others.

Motion to accept by G. Marcoux, seconded by B. Shaw. G. Chandler explained this was a 47% increase. Donna Tetley spoke for Article and explained organization. Accepted.

Article 25. To see if the Town will raise and appropriate the sum of \$1,055.47 to assist the Carroll County Mental Health Service. Agreeable to a petition signed by Georgene Marcoux and others. Motion made by G. Marcoux, seconded by K. Billings. Celeste Monte and George Lopes spoke for Article. Accepted.

Article 26. To see if the Town will raise and appropirate the sum of \$725.40 towards the support of the Children & Youth Project. This sum is used for clinic and office space. Agreeable to a petition signed by Susan Gaudette and others. Motion to accept by K. Billings, seconded by J. Chadbourne.

G. Chandler explained increase of 25%. Susan Gaudette explained the Article. Accepted.

Article 27. To see if the Town will vote to raise and appropriate the sum of \$50,000.00 for the purpose of improving Linderhof Roads; Tract I Mittenwald Strasse; Tract II 66 Main Loop Lot Section; Tract III 66 Lot Section Cul-de-sac #3 and Tract IV 66 Lot Section Cul-de-sac #4 as shown on plan entitled "Street Layout Plan-Mountain View Section Linderhof Resort, Glen, N. H.-January 1979" and to borrow \$50,000.00 to be repaid over a period not to exceed three years according to the provisions of the municipal finance act. This article is included pursuant to a petition from the Linderhof lot owners Association under the new betterment assessment law which provides that abutters and "those served" will be assessed for the total costs of the road improvements. Motion to accept by G. Chandler, seconded by R. Glines. Gene Chandler explained that this new state assessment law would not cost the Town and that the Selectmen were for approval. James Sheehan of Linderhof Association spoke for Article. Approved on a standing vote 95 for 3 against. Accepted.

Article 28. To transact any other business that may legally come before said meeting. Norman Head requested that Landfill Dump Sticker program be started by Selectmen to ensure correct usage of Dump, seconded by R. Lucy; after a limited discussion with Selectmen, Mr. Head withdrew his motion.

Benson Howard made a motion to appoint a committee to study the appointment of one man to head the Fire Departments of the Town; seconded by R. Glines. After a short discussion relating to the make-up of the committee, the motion failed on a voice vote.

Motion to adjourn by David Carta; seconded by Doris Chadbourne; meeting adjourned at 11:15 P.M.

REPORT OF THE FIRST RESPONSE TEAM STUDY COMMITTEE

To the Board of Selectmen:

The committee appointed by the Board of Selectmen to investigate the feasibility and practicability of a Bartlett First Response Team has collectively and individually met with and studied the operation of the Rescue Squads and First Response Teams in several towns in our area. The towns studied included North Conway, Conway, Fryeburg, Warren and Whitefield. All appeared favorable to the formation of a First Response Team in Bartlett. With the exception of North Conway, all squads are operating under the Good Samaritan Act and carry no mal-practice insurance.

The First Response Team Committee responds to the specific objects assigned by the Board of Selectmen as follows:

First and foremost, it is recommended that the Board of Selectmen appoint a commission of three to administer this program.

А.

1) <u>Recommended minimum medical training acceptable for membership:</u>

Completed Emergency Medical Technician Course or Advanced First Aid Training with a minimum of 40% of the membership being EMTS.

2) Recommended application for membership:

See form attached.

3) Suggested frequency and projected costs of refresher training:

Members shall be required to maintain certification as required by the State at their own expense.

4) Minimum legal records to be kept:

Minutes of all meetings and detailed records of all calls must be accurately kept and be available for inspection.

5) Development of form for records based on above:

See attached.

6) Suggested minimum and/or maximum size of organization:

The committee feels that an absolute minimum of 5 and preferably 7 members must be required.

7) Suggested schedule to provide minimum coverage:

At least one person must be available to receive calls 24 hours per day 7 days a week, including holidays. Members will respond to calls issued through the North Conway Rescue Squad and will service the Town of Bartlett only at this time.

8) Development of administrative guidelines for adequate equipment:

Initial equipment requirements are to be determined by the members of The First Response Team and the Commission. Funds for the initial equipment are to be raised at the Town Meeting with a minimum of \$4150.00 and a maximum of \$5150.00. The annual operating budget of the team should be limited to a maximum of \$1500.00. 9) Projected major equipment requirements for 10 years:

With the close proximity of the North Conway Rescue Squad, and their prompt response to Bartlett calls, the committee sees no possible need for major equipment. Only such equipment as is deemed necessary for the individual First Response Team member to function efficiently should be required.

10) Development of administrative guidelines for equipment maintenance:

All equipment should be the property of the Town of Bartlett. Team members shall be responsible and liable for their own equipment. Funds for the purchase of replacement equipment should come from the regular First Response Team budget. Equipment should be subject to inspection by the Commission.

B. Coordination and relationship with the North Conway Rescue Squad

The two leaders of the North Conway Rescue Squad who spoke to the committee indicated the feeling that a Bartlett First Response Team would be helpful. They expressed a willingness to assist in the training of the Bartlett members, however, they declined to take over full responsibility for the team.

- C. Coordination and relation with the Bartlett Fire and Police Departments
 - I) Fire Department:

The First Response Team would work with but not necessarily under the Town Fire Department. Their first responsibility is to the victim. The First Response Team should use either fire department building for monthly meetings and storage of any backup material.

2) Police Department:

None.

- D. <u>Coordination and relationship with ambulance services and the hospital</u> All ambulance and hospital services should be handled by or through the North Conway Rescue Squad.
- E. Suggested geographical areas

The entire Town of Bartlett should be served by the First Response Team.

- F. Possible areas of liability and suggested limits of liability insurance
 - 1) Suit by a victim or patient:

Malpractice insurance with a minimum of \$500,000.00 which has a deductible of \$250.00 is suggested. The current annual premium to cover 5 members is \$750.00. Should the membership increase, the premium will increase proportionately.

2) Automobile liability insurance:

Members shall be required to carry their own vehicle liability insurance and file a certificate with the Commission. The minimum coverage should be \$100,000.00 per person and \$300,000.00 per accident. Their insurance would cover them while traveling to and from a call. In addition, the Town should have an endorsement on its own policy to cover non-owned vehicles that perform Town duties. The above are recommendations of the A. D. Davis Insurance Company. 3) Workmens Compensation:

First Response Team members should be included in the Town's policy for workmens compensation while enroute to a call, and while at the scene only.

- G. Requirements for membership
 - 1) Applicants must have either EMT or Advanced First Aid training.
 - 2) Members must have their own vehicle.
 - Members must have their own automobile liability insurance, with a minimum of \$100,000 per person and \$300,000 per accident.
 - 4) Members must reside in Bartlett.
 - 5) Members must complete refresher courses as recommended in paragraph A 3.
 - 6) Members must attend all regular scheduled meetings.

Primary function of the First Response Team

The primary function of the First Response Team is to administer emergency first aid to individuals in advance of the arrival of the North Conway Rescue Squad, who will assume full responsibility immediately upon arrival.

THE FIRST RESPONSE TEAM IS IN NO WAY INTENDED TO REPLACE THE NORTH CONWAY RESCUE SQUAD.

Committee Recommendation

After lengthy research and interviews throughout the area, the committee regretfully advises that while a First Response Team could be advantageous to the Town of Bartlett, the candidates, after a full year's opportunity are not as yet sufficiently organized administratively for town funding. It is suggested that the interested parties first properly form their organization and demonstrate their collective ability to properly form and operate a First Response Team.

Respectfully submitted,

The First Response Team Committee

SUPERINTENDENT'S REPORT

by Robert B. Kautz and David Stickney

Once again it is with great pleasure that this report of the past year's activities is provided. The goal of everyone in our school system is to serve children better, educationally.

As we have reported in the past, school construction continued to be a major undertaking. At the A. Crosby Kennett High School we can state that there remains only a number of small items to be completed in our total construction program. The vocational addition opened in September of 1980. This beautiful facility now allows our communities to feel, with great reason, that our high school has the facilities to provide all students an educational opportunity that will respond to their needs and interests. Those areas still to be completed include a greenhouse for the vocational agricultural program and some minor work. It is unfortunate that to this date we are still experiencing some problems with heating and ventilation. Work to have these corrected is taking place, but it is a frustrating and uncomfortable problem for teachers and students.

Construction at the Madison Elementary School was completed, and their two-classroom addition and renovations have been used since the opening of school in September. This fine facility is a welcome addition for the Madison Elementary School program. Another welcome addition is just being completed in Bartlett. This includes development of a fine library facility, multi-purpose room, kitchen, and classrooms for Science and Practical Arts. The Josiah Bartlett Elementary School is now accessible to the handicapped and meets public safety requirements.

In addition to these construction projects, progress is occurring in the reroofing of a large portion of the original Kennett High School building, the Kenneth A. Brett School in Tamworth, and the Josiah Bartlett Elementary School in Bartlett. In Freedom, more storage space was provided as well as replacement of the septic system. All of these, as well as the regular maintenance, occurred during the year in all of our schools so that our facilities would be adequate for school and community use.

Besides facility projects, much work on our educational program took place. Curriculum committees in Science and Social Studies continued their work. The Social Studies Curriculum was adopted by all School Boards. The Accountability Committee continued its task and is at the point of test development. Valuable assistance from the state has been received, and the School Administrative Unit has budgeted \$10,000 to be used for this purpose. All of the elementary schools embarked on an evaluation process which will conclude in the 1981-82 school year. This process involves a self-evaluation by the school and then a review of this by an outside visiting team. It is anticipated that this work will result in an affirmation of what is currently occurring as well as recommendations for improvement. The Conway School Board has established an Educational Planning Committee with the purpose of involving persons from all sections of the community in reviewing our total educational program and developing long-range plans where necessary. All of these tasks are accomplished only because of the dedication, care, and generous involvement of our teaching staff and community members.

In addition to efforts to improve our educational programs, many of the towns have, or are in the process of, establishing study committees dealing with the 20 year contract for education of high school students at Kennett High School. This 20 year contract for all towns (except Tamworth which occurs one year later) will expire in June of 1983. The sending towns do have an option to continue the contract for two periods of five years if they so elect. The purpose of these study committees is to review any and all alternatives that may exist so that each community can make an informed decision. During this past year, evaluations of our Staff Development, Special Education, and Vocational Education Programs were conducted by the State Department of Education. We were very pleased with the outcomes of these routine evaluations. The recommendations that were provided have been, or are in the process of being, completed. We are especially proud of the many commendations that our programs and personnel received.

As our fifth year of working in the communities of SAU #9 draws to a close, we would like to express some thoughts concerning your schools and schooling. Public school education must endeavor to serve all students. Public schools are asked by many to fulfill a plethora of needs. Your School Boards and personnel employed by them endeavor to fulfill the goals of public schools as well as they can be. We are conscious of the problems of the economy, and we all strive to make every dollar spent be one that will provide the greatest impact. Our schools serve approximately 2,400 students and employ approximately 285 people. Besides education we are involved in transportation, food services, health services, and buildings and grounds maintenance and construction. The buildings that are under our care and supervision range from storage facilities to the large Kennett High School complex and include a total of 9 schools. Our responsibilities are complex, and yet we feel that our chief responsibility - educating our children - is being accomplished in a very fine manner and with very good results.

Our high school students have done well on college entrance exams in comparison to their peers. The standardized tests given to all students in grades 2-8 provide indications that our programs are successful and that our students rank very well in a comparison with students throughout the country. We receive compliments from many who have recently moved here from other areas as they compare our schools to those that their children previously attended. When we compare the cost of education in our schools to those throughout New Hampshire, again we compare favorably. In a fact sheet provided by the New Hampshire State Department of Education for the 1978-79 school year, our high school cost per pupil ranked 47th out of 75, while our enrollment was 21st out of 75 and our school tax rate per \$1,000 of equalized valuation ranked 57th out of 75. Our junior high cost per pupil in Conway ranked 27th out of 42 and the school tax rate 32nd out of 42. On the elementary level they vary, but the comparisons are as favorable as those mentioned above. Our graduating students have been successful in applying to institutions to further their education.

The point being made is that we all deserve to be proud and have reason for this pride in our schools, in the performance of our students and in the diligent, dedicated work of our teachers and non-instructional staff. Principals, classroom teachers, tutors and aides, secretaries, cafeteria workers, custodians, bus drivers, the volunteers in our schools, and your SAU administrators - all of these with you the community member cause the schools to be successful. This partnership of community and schools is necessary and must continue if our schools are to continue to provide a quality education and continue to strive to improve. All of this is for our children; all of this is, so that they will inherit and contribute to the society we know and the world we live in.

We would like to thank everyone for the cooperation and support our schools have received. Your interest and viewpoints are necessary. The cooperation and coordination of the school, the home, and the community is essential. We are now happy to provide a more detailed report from the Director of Special Education and the principal and staff of your school(s).

SPECIAL EDUCATION DIRECTOR'S REPORT

by Lawrence L. Spencer

During the past year the SAU #9 special education program has been reviewed by the N.H. Department of Special Education and the U.S. Bureau of Education for the Handicapped. The program reviews consisted of on-site visits in each school; interviews with principals, teachers and parents; and review of student files. Both reviews were very favorable, citing several commendations. Areas of weakness were identified in documentation procedures, and steps have already been taken to assure full compliance with State and Federal regulations. As a result of three reviews, the SAU #9 special education program has been approved for the next three years.

The Conway, Jackson and Tamworth School Districts have developed a consolidated regional program for multiple handicapped children. The class is self contained and staffed with a special education teacher and aide. The program curriculum focuses on sensory stimulation, self help, communication, and adaptive and gross motor skills. The class is housed at the Conway Elementary School and administered by the Conway School District.

The special education program for moderately or trainable mentally handicapped secondary aged students at Kennett High School has been expanded. This program stresses functional academics; social, independent living; and vocational and motor skills. The students also attend the Center of Hope in the afternoon for work activities training.

SAU #9 has engaged in extensive "Childfind" activities to identify individuals, birth to 21 years, who are educationally handicapped and in need of special education services. The emphasis has been on early identification and intervention. All public achool kindergarten and first grade children were screened for special education needs. Throughout SAU #9, fifteen handicapped pre-achool children have also been identified and receive special education services.

Impedence screening, a new hearing screening program, has been cooperatively undertaken by school nurses and speech and language therapists. Impedence Audiometry is a much-improved procedure over the present pure tone hearing screening program, for it can detect possible middle ear problems, including the presence of middle ear fluid. The major benefit of this program is prevention of learning problems through early identification and fast referrals for medical management of children with chronic middle ear problems.

Parents, classroom teachers, special education teachers, building principals, and other support personnel have worked diligently through the Pupil Evaluation and Placement Team process to develop individual education programs for each special needs student. Their cooperative efforts, as well as the continued support of the school boards and communities, are to be commended for this has resulted in quality special education programs for the handicapped children in each school.

PRINCIPAL'S REPORT

by L. Joseph Rivers

As of this writing we are anxiously awaiting the opening of our new community wing of the Bartlett School. This new facility has been a community effort, and we have visions of making maximum use of the opportunities that the building can provide.

My second year at the school has been exciting educationally as we continue to improve our educational programs to best meet your child's needs.

In sttempting to improve our total instructional environment, we are undertaking a self evaluation of the school with a formal evaluation taking place in November of 1981.

During the second term we will be meeting with community people to plan adult educational and recreational programs. There will also be an opportunity to provide continuing education programs for adults who may wish to continue their education via the University of New Hampshire Life Long Learning program.

One of our major objectives for our next school year is to implement an Essential Competencies Program. This is basically essential learning outcomes that students must master before being promoted to middle elementsry (grade 5) and promotion to the high school from grade eight.

We congratulate you for your aupport and look forward to our goal of educational excellence.

BARTLETT SCHOOL DISTRICT

AUDITORS OPINION

We have examined the financial statements of the various funds and groups of accounts of the Bartlett School District for the year ended June 30, 1980, listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records as we considered necessary in the circumstances.

The Bartlett School District has not maintained a record of its general fixed assets and accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in thisfinancial report.

In our opinion, the financial statements listed in the aforementioned table of contents present fairly the financial position of the various funds and groups of accounts of the Bartlett School District at June 30, 1980, and the results of operations of such funds for the year then ended in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The column on the accompanying combined balance sheet, captioned "Totals, Memorandum Only", although not considered necessary for a fair presentation of the financial position and results of operations of such funds and group of accounts, is presented primarily for supplemental analysis purposes. This additional information has been subjected to the audit procedures applied in the aforementioned examination of the basic financial statements and is, in our opinion, fairly stated in all material respects in relation to the basic financial statements taken as a whole.

SCHOOL ADMINISTRATIVE UNIT NO. 9

AUDITORS' OPINION

We have examined the financial statements of the various funds and groups of accounts of School Administrative Unit No. 9 for the year ended June 30, 1980, listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records as we considered necessary in the circumstances.

The School Administrative Unit No. 9 has not maintained a record of its general fixed assets and accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in this financial report.

In our opinion, the financial statements listed in the aforementioned table of contents present fairly the financial position of the various funds and groups of accounts of School Administrative Unit No. 9 at June 30, 1980, and the results of operations of such funds for the year then ended in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The accompanying supplemental information and the column on the accompanying combined balance sheet, captioned "Totals, Memorandum Only", although not considered necessary for a fair presentation of the financial position and results of operations of such funds and group of accounts, are presented primarily for supplemental analysis purposes applied in the aforementioned examination of the basic financial statements and is, in our opinion, fairly stated in all material respects in relation to the basic financial statements taken as a whole.

THE COVER

The land that the Town Hall now occupies was sold to the Bartlett School District by Clarence Vaughan in 1937 and money was raised at a special School District Meeting on September 1, 1937 to build a new school to accommodate the students from Lower Bartlett. The school was closed in 1956 and all the students attended the school in Bartlett Village.

The School District deeded the property to the Town in 1963 and after remaining vacant for a few years, the building became used as the Town Hall.

A fire on July 12, 1971 severely damaged the building, but it was rebuilt with a few changes and remained this way until 1979 when major renovations to accommodate the increased usage of the building were completed.

The Flagpole in front of the Town Hall was handmade in 1980 by Ervin Grant and donated to the Town in memory of his brother, Ed.
