Commissioners' Report

In accordance with the Public Law of the State of New Hampshire, the Commissioners of Sullivan County herewith present the Annual Report of the County Commissioners, the County Home and House of Correction, Treasurer, Auditors, Solicitor, Clerk of Court, Sheriff, Chaplain, and the Physician of the County Home for the year ending December 31, 1943.

To the Citizens of Sullivan County:

In submitting our report again it is our pleasure to announce savings of several thousand dollars in the expenditures of the 1943 Budget, as voted by the County Delegation.

New Relief Cases

Under the Settlement Law passed by the New Hampshire State Legislature in 1938, a person receiving Town Aid for five consecutive years automatically becomes the obligation of the County in which they reside. In 1943 many more cases were turned over to us from the various towns, which continue to add to our expenditures for chronic cases.

Finances

As indicated in this report, our savings appear to be in the amount of \$29,301.85. This figure is misleading as the County Delegation used \$15,785.00 of our 1942 savings to balance the budget for 1944. Our actual savings would therefore amount to \$13,516.86 for the year ending December 31, 1943.

Children

One of the major expenditures by Sullivan County is the Board and Care of children. At present the County is responsible for 61. These children come from families who have lost their parents, or those who are unable or incompetent to care for them. Of the above amount many are under the care and custody of our various County and State Institutions. We have 41 children who are being supported in Foster Homes around the County: Children that are turned over to us come from State Officials, Private Societies, Probation Dept. and the Courts.

Operations at County Home

Expenditures at the County Home are somewhat larger this year because of increased costs of all commodities, equipment, and general repairs. Due to the drastic rulings by the OPA in the price structure

of live stock the County Farm has suffered a severe financial loss.

The problem of help at the Home is becoming increasingly acute as many of our employees have left our employment seeking work in the Defense Plants where they can obtain higher wages and shorter hours. In addition to our regular people cared for at the Home, we have had an average of about forty boarders, some of advanced years and others with chronic diseases; these patients take care of their own financial responsibilities.

Heating

Due to the shortage of wood at the County Home, a meeting of the Finance Committee of the County Delegation was called for the purpose of discussing the matter of purchasing a coal stoker for one of the large boilers that is used to heat the Institution. Authorization was received by the County Commissioners and a stoker was installed.

Fire Insurance

In the past years the Fire Insurance Policies at the County Home, exclusive of the Almshouse (Brick Building) have been written for one year. Beginning this year, all policies will be written on a three year basis, effecting a substantial savings to the taxpayers.

Our Invitation

We would like to suggest to the inhabitants of the County that they make it a point at some convenient time to visit our County Home. We are proud of it and would welcome any suggestions which would be beneficial to better operation or maintenance.

Appreciation

To the Citizens of Sullivan County who have assisted us in our work during the past year; to all those employed by the County; Town Officials, State Officials, Chaplain, Physician, and to all Clubs and Organizations who have so kindly contributed to the welfare and happiness of the Inmates and Patients at our County Institution, we are sincerely grateful.

Our Superintendent and Matron

We have again been privileged to work with Mr. and Mrs. L. M. Grout, our Superintendent and Matron, in the supervision and management of our County Home. We wish to thank them for their fine efforts in making a pleasant home for those who live there.

HENRY W. KIELY,
WALTER F. HOWLAND,
ALFRED T. PIERCE,
Commissioners.

**Division of Municipal Accounting
State Tax Commission
Concord, New Hampshire**

July 23, 1943

Board of County Commissioners
Sullivan County
Newport, New Hampshire

Gentlemen:

In accordance with the provisions of Chapter 82, Section 27, of the Revised Laws, an audit of the accounts of Sullivan County has been made by the Division of Municipal Accounting of the State Tax Commission. The period covered included the fiscal year ended December 31, 1942, and the current year from January 1st to May 31st, 1943. Submitted herewith is the report of this audit, including Exhibits and Schedules as hereafter listed.

Scope of Audit

Included in the audit and examination were the accounts and records of the County Commissioners, County Treasurer, Clerk of the Superior Court and Superintendent of the County Farm.

Finances

In order to present a comprehensive picture of the financial condition of the County during the last ten years and the changes which have occurred in this period, certain statements have been prepared and will be referred to in the comments which follow.

Comparative Balance Sheets — 1933 to 1942, inclusive: (Exhibit I)

It will be noted that the County started this period (1933) with a Net Debt of \$279,603.18. Since then the Net Debt has been reduced each year, except 1938, and as of December 31, 1942 it amounted to \$114,509.72, indicating a decrease during the ten year period of \$165,093.46. During the same period the bonded debt of the County was reduced by \$164,000. That the decrease in Net Debt exceeded this amount is an indication of sound financial management by the County Officials, inasmuch as in several years during this period the cash surplus was used to reduce the amount raised by County tax. In each such instance the assets were, of course, reduced by a like amount.

County Tax Apportionment — 1934 to 1943, inclusive: (Exhibit II)

The apportionment of County Taxes by towns during the years from 1934 to 1943, inclusive, is shown in this Exhibit. The highest

County Tax was \$200,000.00, in 1939. From this peak it has dropped to \$120,000.00, in 1943.

Receipts and Expenditures — 1933 to 1942, inclusive: (Exhibit III)

Summaries of receipts and expenditures, classified in accordance with the uniform classification of accounts, for the years 1933 to 1942, inclusive, are presented in Exhibit III.

Bonded Debt and Annual Maturities: (Exhibit IV)

The outstanding bonded debt of the County, as of December 31, 1942, amounted to \$150,000. This represented the balance of two issues, the original amount of which totalled \$310,000. The County Building 4½% Bonds, issued in 1930, mature at the rate of \$8,000 a year until 1948, and \$7,000 a year in 1949 and 1950, when the final payment becomes due. The Refunding 4½% Bonds, issued in 1933, have maturities of \$8,000 a year until 1953, when the final maturity of this issue occurs.

Comparative Statements of Appropriations and Expenditures—Estimated and Actual Revenues—1942: (Schedules A and B)

A Net Unexpended Balance of Appropriations of \$17,009.26, and a Net Excess of Actual Over Estimated Revenues of \$10,037.12, resulted in a Net Budget Surplus for the year of \$27,046.38.

Reconciliation of Change in Financial Condition—December 31, 1941—December 31, 1942: (Schedule C)

During the fiscal year ended December 31, 1942, the Net Debt of the County decreased by \$20,871.04. The factors influencing this change in financial condition were as follows:

Net Unexpended Balance of Appropriations	\$17,009.26
Net Excess of Actual Over Estimated Revenue	10,037.12
	<hr/>
Net Budget Surplus	\$27,046.38
Reduction of Bonded Debt	16,000.00
	<hr/>
	\$43,046.38
Less: Cash Surplus—December 31, 1941—used in 1942	
Budget to reduce amount raised by County tax,	
thereby decreasing assets by like amount	22,175.34
	<hr/>
Actual decrease in Net Debt	\$20,871.04

Accounts of Commissioners and Treasurer
(Schedules D, E and F)

All vouchers issued by the Commissioners and orders issued by the Clerk of the Superior Court during the fiscal year ended December 31, 1942, and the period from January 1, 1943 to May 31, 1943, were examined and compared with the Treasurer's checks and corresponding entries in the Treasurer's records. The classification of expenditures was noted.

Totals of receipts and expenditures, as indicated by Treasurer's records, were verified. The Treasurer's balance as of May 31, 1943, was in agreement with the total funds on deposit in the several depository banks as indicated by the reconciliation made of each account. (Schedule F)

Clerk of the Superior Court

The financial accounts and records of the Clerk of Court of Sullivan County were examined for the fiscal year ended December 31, 1942. Court receipts were checked by source, insofar as possible, and found to be properly recorded. Court orders issued by the Clerk were supported by invoices, vouchers and payrolls bearing the approval of a Superior Court Justice.

County Farm

An examination was made of the accounts and records of the Superintendent of the County Farm. Receipts of the Farm, as recorded, were compared with remittances made to the County Treasurer.

The use of triplicate receipt forms to be issued by the Superintendent for all monies received is recommended. One copy of the receipt is to be given to the party making the remittance, one copy sent to the County Commissioners and the third copy retained by the Superintendent. Receipts should be serially numbered.

All County Farm receipts should be entered in the Superintendent's Cash Book on the date received.

General Comments

Relief Orders

Recipients should always sign relief orders indicating that the commodities stated therein have actually been received. It was found that this practise has been generally followed in cases where the orders were for groceries and provisions, but only occasional signatures were noted on orders for clothing.

Doctors' bills should indicate the dates on which services were performed.

Sheriff's Expenses Account

The Sheriff should submit itemized expense accounts, indicating by date—services, mileage and other expenses. Payments made by the Sheriff to others should be supported by receipts.

Exemption from Federal Excise Taxes:

Under the provisions of the 1942 Revenue Act, states and subdivisions of local government are exempted from the payment of excise taxes levied on purchases of certain commodities by the federal government. The exemption also applied to the transportation of property. A schedule indicating those commodities on which exemption may be claimed is included herewith.

When making purchases of materials or equipment such as refrigerators, washing machines and other electrical appliances, tires, tubes, gasoline, lubricating oils, automobile parts accessories, etc., the invoice should indicate the gross price, amount of excise tax included and the net price of the equipment or materials purchased. Exemption certificates should be filed to avoid payment of the tax.

Balance Sheet

The petty cash fund of \$200.00, which is permanently in the hands of the Superintendent of the County Farm, should be included as an asset item in the Balance Sheet of the County.

Recording Receipts

All receipt items should be recorded in the Treasurer's book on the date received even though they are not actually deposited in the bank until a later date.

Competitive Bidding

Chapter 108 of the Session Laws of 1941 provides that "Any purchase of equipment or materials made by a county in an amount exceeding fifty dollars shall be by competitive bidding, provided that the county commissioners by unanimous vote may waive the provisions for such bidding."

In order that the interpretation of this law might be clarified the following question was asked the Attorney-General Frank R. Kenison:

"In your opinion does this act apply in cases where orders are made up of different articles, the total amount of which exceeds fifty dollars? This might apply to groceries, provisions, clothing or grain for the County Farm, medical supplies for the Hospital or any other merchandise purchased by the County."

The Attorney-General has ruled as follows:

“Your second inquiry is whether or not Laws 1941 c. 108 requiring competitive bidding in purchases made by County Commissioners applied to groceries, provisions, clothing, grain, medical supplies and other merchandise purchased by the County. *The law, Public Laws c. 38 s. 7a (Laws 1941 c. 108) requires competitive bidding for ‘any purchase of equipment or materials.’* The quoted phrase has no technical meaning and is to be interpreted broadly to effectuate its purpose. A narrow construction of the quoted phrase ‘equipment or materials’ would be contrary to the legislative intention and would emasculate the purpose of the statute. The act is intended to apply to any purchase including these purchases mentioned in your inquiry. Nor can the dictate of the statute be avoided by consciously and deliberately making consecutive purchases of less than fifty dollars in order to avoid competitive bidding. The fifty dollar limitation was intended to take care of purchases which were made occasionally and was not intended to be a device by which the purpose of the act could be frustrated. The statute does not define competitive bidding but it has been interpreted generally to mean a bona fide attempt to obtain offers or bids from several sources in order that the county may benefit by the lowest price. Since the statute does not determine the manner of ascertaining these offers and bids, it rests with the sound discretion of the County Commissioners as to whether the bids will be in writing and the form which they will take. In cases where competitive bidding cannot fulfill its purpose, it may be waived by unanimous vote of the County Commissioners duly recorded in their offices, together with a statement of the reasons therefor, which are open to public inspection at all reasonable hours.”

Our examination disclosed the fact that, except in one instance, no bids were requested in connection with the purchases of materials and supplies by the County during the period covered by the audit. It was furthermore noted that the County Commissioners had unanimously voted to waive competitive bidding in the purchase of various commodities used by the County. A separate vote was taken in the case of each of the following items and the reason stated therein why bids were not asked for: Gasoline, Oils and Greases, Ensilage Cutter, Shoes, Clothing, Seeds, Seed Potatoes, Hardware, Groceries, Typewriter, Meats, Grain, Hospital Supplies, and Wood.

Each vote was properly recorded.

Although it is realized that under present conditions there may

be cases where it is not possible or practical to secure bids, an attempt should be made or the reason for failure to do so clearly stated in each case.

It is our feeling that the intent of the law was to require competitive bidding in each specific instance where the purchase of goods or materials exceeds fifty dollars in amount. A copy of a form suitable for this purpose is included herewith.

Conclusion:

The accounts and records of all County Officials which were examined were found in good condition and the accounting procedure conformed to the standard procedure prescribed by this Division.

Section 31 of Chapter 211, provides that:

“Upon the completion of each audit, as herein provided, a report thereof shall be made to the proper local officials, and a copy of such report or a summary of its essential features shall be published in the next annual report of the county, city, town, school district, village district or precinct concerned.”

In accordance with the provisions of this law, therefore, the text of this report should be printed in the next annual County report.

Our appreciation and thanks is expressed to the County Officials and their office staffs for the assistance rendered while we were engaged in this audit.

Yours very truly,

HAROLD G. FOWLER, *Director*,

Auditors' Report

We hereby certify we have examined the accounts of the County Treasurer, Superintendent of the County Home and County Commissioners for the year ending December 31st, 1943, also the bills, vouchers and payments named therein and find them correctly cast and supported by vouchers.

February 1, 1944

JOHN J. CONDON,
CALVIN OAKES,

County Auditors.

Superintendent's Report

To the Honorable Board of County Commissioners:

We herewith submit our annual report for the year ending December 31, 1943. Out of our budget for the year we have endeavored to keep our buildings in repair and have also made a number of improvements in different part of the Institution.

The officers' kitchen has been completely re-modelled by enlarging, laying a hardwood floor, and adding more cupboard space. Some essential new equipment was purchased.

During the past year it has been impossible to obtain enough wood, formerly used for fuel. This lack of wood necessitated the purchase and installation of a coal stoker for one of the heating boilers. In addition to the usual amount used we put in about three hundred and fifty tons of coal for the stoker.

Several pieces of farm equipment have been bought as re-placements. Due to the labor shortage we do not anticipate any increase in crop production and will consider ourselves fortunate if we raise enough for our own use. Heretofore we have usually had a surplus to sell. Our crop production has been very good despite adverse weather conditions, the hay crop being markedly above the average.

Several head of beef stock have been bought to turn out next Spring. This will help our meat situation.

It is hardly necessary to stress the labor problem, as it is universal.

We are grateful for flowers and other pleasures brought to our people. To all who have helped us during the difficult months of 1943 we express our thanks.

Respectfully submitted,

LUMAN M. GROUT, *Superintendent*
FLORENCE E. GROUT, *Matron*

Solicitor's Report

Claremont, N. H.
February 2, 1944

To the Board of Commissioners,
Sullivan County

Gentlemen:

On November 16, 1943, I was privileged to resume my duties as County Solicitor for Sullivan County.

The criminal situation seems to be about as usual, although there appears to be an increase in Juvenile cases. The increase is not alarming and at the present time seems to have dropped back to normal.

At the coming term of Superior Court there are only two criminal matters of any importance and no civil cases in which the County is involved.

I am pleased at being able to again serve as Solicitor and appreciate the cordial and kindly manner in which the various officials and citizens have cooperated with me since my return.

Respectfully yours,

JOHN H. LEAHY, *County Solicitor.*

Sheriff's Report

To the County Commissioners of Sullivan County:

Gentlemen:

For the past twenty-seven years of my life I have had the great honor and pleasure to serve the community of Sullivan County either as a deputy sheriff or sheriff. A great many problems have arisen and many personalities were encountered. A sheriff is often placed in situations which are difficult to handle because of those varied personalities and the conflict between duty and some personal obligation which the other person may feel is their just due. It has been my policy to adhere strictly to my duty as required by law in all cases, and I want to take this opportunity of expressing my heartfelt thanks and appreciation to all those who realized this and cooperated with me in every way. I have found that the people of Sullivan County are generally law abiding, honest and desirous of doing the right thing

at all times. This attitude has made my task easier than it otherwise might have been.

I also want to thank the people throughout the County for their generous support; those who served as my deputies; the police and constables of all communities in this County; the attorneys with whom I have been associated; the various judges of the different courts; and the Superintendent and Matron of the Sullivan County Home; all of whom have been kind and helpful to me.

Herein is my report for expenses and services for the year ending December 31st, 1943.

Chaplain's Report

North Charlestown, N. H., January 20, 1944

To the Commissioners of Sullivan County:

Gentlemen:

It has been good to have even a small share in the life and work of the splendid institution—Sullivan County Home, another year. The religious services held alternate Sunday afternoons, except during August, have been an inspiration to the chaplain and, we trust, a help and comfort to the attendants.

Much appreciation is felt for the assistance of the pianist and all other supporters of the services. Calling in the rooms of the sick and bed-ridden gives mutual cheer and spiritual strength.

We have distributed papers, magazines, and pamphlets calculated to fortify moral and religious inclinations.

Within the year I have officiated at five funerals.

Respectfully submitted,

CARROLL L. CARTER,
Chaplain.

Physician's Report

January 1, 1944

To the Commissioners of Sullivan County:

Gentlemen:

I respectfully submit the following report as physician to the Sullivan County Home.

There was a total of thirty-six deaths during the year, and all due to a chronic disease.

The total admissions to the hospital proper was sixty-two.

The total number of patients admitted has been greater than in previous years and with the shortage of nurses and ward help has created a very difficult problem at times, and only through the excellent cooperation of all concerned have we been as well off as we are.

I wish to thank every one for the excellent help and cooperation they have given me during the past year.

Yours respectfully,

FRANCIS H. NOLIN, M. D.
