TOWN REPORTS
Year Ending Dec. 31, 1982

SCHOOL DISTRICT REPORTS
Year Ending June 30, 1982

ABOUT THIS REPORT

This report is prepared and printed for your benefit and is intended to give you a complete picture of your town and school. What has been done, where the money went, and what faces us in the future.

For your convenience, we have color coded the report this year. Town matters are white and all school matters are blue.

We endeavor each year to improve your report to make it readable and understandable. If you have any suggestions as to how we might make further improvements, please let us know.

Thank you,
YOUR TOWN OFFICERS

Selectmen meet every first and third Monday of the month.

To contact:

Police Department 483-2317

Fire Department 483-2311

Candia Rescue 483-2311

Tax Collector 483-8225

Selectmen's Office Hours: 483-8101

Mon. & Wed. 9 am to 1 pm - Tues. & Thur.

9 am to 3 pm - Fri. 9 am to 12 noon

Town Incinerator Open: Wed., Sat. & Sun. 8:30 am to 4:30 pm. No non-inflammable materials can be accepted. No brush larger than 5" in diameter. No fill of any sort.

The above must be adhered to as this is no longer a land fill operation per order of the Solid Waste Management Commission of the State of New Hampshire

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

THE POLLS WILL BE OPEN FROM 10:00 A.M. TO 7:00 P.M.

TO THE INHABITANTS OF THE TOWN OF CANDIA, IN THE COUNTY OF ROCKINGHAM, IN SAID STATE, QUALIFIED TO VOTE IN TOWN AFFAIR:

You are hereby notified to meet at Moore School Auditorium in said Candia on Tuesday, the 8th day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.
3. To see if the Town will vote to adopt changes in zoning and building regulations proposed by the Planning Board to be voted by secret ballot.

You are hereby also notified to meet on Friday, the eleventh of March next at seven-thirty in the evening at Moore School Auditorium to consider the following articles:

1. To see if the Town will vote to raise and appropriate the sum of Nine Hundred Nineteen Dollars and Nineteen cents (\$919.19) for Town Road Aid, to which the State will contribute Six Thousand One Hundred Twenty-Seven Dollars and Ninety -Three cents (\$6,127.93).
2. To see if the Town will vote to raise and appropriate the sum of One Thousand Three Hundred and Fifty Dollars and no cents (\$1,350.00) in continuation of its support for the services of the Newmarket Regional Health Center.
3. To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars and no cents (\$1,000.00) in continuation of its support for the services of the Raymond Ambulance, Inc.
4. To see if the Town will vote to raise and appropriate the sum of One Thousand Two Hundred Seventy-Nine Dollars and no cents (\$1,279.00) to the Greater Raymond Community Action Center, part of the Rockingham County Community Action Program, Inc., a private, non-profit, anti-poverty agency. This amount represents 2.5% of \$51,188.00 (Fifty-One Thousand, One Hundred Eighty-eight Dollars), the value of services rendered to Candia residents from September 1, 1981 through August 31, 1982.

5. To see if the Town will vote to appropriate the sum of Three Thousand, Five Hundred, Ninety-Four Dollars and no cents (\$3,594.00) to be paid to the Visiting Nurse Association and Home Health Care Agency of Greater Manchester, Inc., to defray the costs of the Agency's activities in the Town.

6. To see if the Town will vote to raise and appropriate the sum of Three Thousand Five Hundred Dollars and no cents (\$3,500.00) for operating expenses of the Candia Recreation Association. The money to be spent under the direction of the Candia Recreation Association. Submitted by petition from 12 registered voters of the Town of Candia.

7. To see if the Town will vote to raise and appropriate the sum of Eight Thousand Four Hundred Forty Dollars and no cents (\$8,440.00) to purchase a 1983 Police Cruiser, equipped with a spot light and emergency roof lights. The money to be expended under the direction of the Chief of Police, and the money be available by April 30, 1983. Submitted by petition from 12 registered voters of the Town of Candia.

8. To see if the Town will vote to raise and appropriate the sum of One Thousand Six Hundred Seventy-Eight Dollars and no cents (\$1,678.00) to purchase a six channel, two way mobile radio. The money to be expended under the direction of the Chief of Police, and the money to be available by April 30, 1983. Submitted by petition from 12 registered voters of the Town of Candia.

9. To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars and no cents (\$5,000.00) to the Candia Rescue. Such funds to be expended in total under the direction of Candia Rescue, and to be disbursed to the Candia Rescue Squad by April 30, 1983.

10. To see if the Town will vote to raise and appropriate the sum of Fourteen Thousand Dollars and no cents (\$14,000.00) for operating expenses of the Smyth Public Library for the ensuing year. These funds to be expended under the direction of the Smyth Public Library Association.

11. To see if the Town will vote to raise and appropriate the sum of Twenty-Five Thousand Dollars and no cents (\$25,000.00) for fire suppression and fire prevention for the Town of Candia, N.H. The money to be expended under the direction of the Candia Volunteer Firemen's Association, Inc. by April 30, 1983.

12. To see if the Town will vote to raise and appropriate the sum of Eighteen Thousand Dollars and no cents (\$18,000.00) from General Revenue Sharing Funds and authorize the Candia Board of Selectmen to expend same for a Town Office.

13. To see if the Town will vote to accept that portion of the Budget not already acted upon and raise the sum of Three Hundred Sixty-Three Thousand Six Hundred Ninety-Five Dollars and Forty-Three cents (\$363,695.43).

14. To see if the Town will vote to authorize the Treasurer, with approval of the Selectmen, to appoint a Deputy Treasurer. Said Deputy shall be sworn, shall have the powers of the Treasurer, and may be removed at the pleasure of the Treasurer. Pursuant to RSA 41:29a.

15. To see if the Town will vote to authorize the Town to accept and expend such funds as are made available to Candia Forest Fire Warden under the Rural Development Act of 1972, Title IV.

16. To see if the Town will vote to establish a permit program concerning the sale, distribution and use of unvented space heaters, pursuant to RSA 31:60a. Said program to be established and administered by the Chief of the Candia Volunteer Fire Department.

17. To see if the Town will vote to authorize the Candia Volunteer Fire Department to go to the aid of other towns, villages or fire districts for purposes of extinguishing fires therein, and on a reciprocal basis all pursuant to RSA 154:24 and 154:30-d.

18. To see if the Town will vote to authorize the Selectmen and Treasurer to negotiate temporary loans in anticipation of taxes.

19. To see if the Town will vote to accept such trust funds as have been received this past year.

20. To see if the Town will authorize the Selectmen to administer, or dispose of by auction, any real estate acquired by the Town through Tax Collector's Deed.

21. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this Fourteenth day of February in the year of our Lord Nineteen Hundred and Eighty-Two.

REPORT OF CANDIA RESCUE 1982

Candia Rescue is and continues to be dedicated to quick response for illnesses ranging from sudden trauma to minor injuries in Candia.

During 1982, Candia Rescue has maintained an exemplary level of training and preparedness and continues to have one of the highest ratios of advanced skilled personnel in our region.

In 1982, Candia Rescue responded to 87 calls and treated 117 people. Of these, 24 were motor vehicle accidents and the remainder were various medical emergencies.

The members of Candia Rescue look forward to your continued support in 1983.

SOUTHERN NEW HAMPSHIRE PLANNING COMMISSION

The Southern New Hampshire Planning Commission is an association of municipalities voluntarily organized and operating under the provisions of New Hampshire Revised Statutes Annotated, Chapter 36:45-53. The Commission's statutory responsibility is to prepare a coordinated development plan for the region and to encourage its cooperative realization through the advisory process.

Directed by representatives of the City of Manchester and the Towns of Auburn, Bedford, Candia, Chester, Deerfield, Goffstown, Hooksett, Londonderry, New Boston, Raymond and Weare, the Commission's professional staff carries out the development of the technical elements of the plan.

The Commission's program is organized under regional, metropolitan transportation, and local technical assistance functions. Within these broad categories, individual tasks often vary on an annual basis according to the needs of the region and those of the Commission's participating communities.

In addition to reviewing detailed technical studies with appropriate area officials and agencies, staff reports on summaries of these and other timely planning items are covered in the Commission's quarterly newsletter "Project" which is widely distributed to approximately five hundred municipal officials and interested residents of the region.

Although several regional planning tasks were accomplished during the year, one stands out as a major achievement which can be directly attributed to the Commission's vigilance and its ability to act quickly and effectively on behalf of its member communities.

Due largely to the efforts of Chairman Ray F. Langer (Hooksett), Vice Chairman Donald M. Babin (Londonderry) and Commissioners Robert L. Wheeler (Goffstown) and John L. Sherburne (Deerfield), and the participation of the region's boards of selectmen, the State's Solid Waste Management Act was successfully amended by the Special Session of the General Court in May, 1982. On July 22, the Tricounty Solid Waste Management District was formally organized and the District by-laws were adopted by the ten participating towns in November. During 1983, the District will undertake the planning process which will ensure local compliance with the requirements of the new Act.

In connection with the annual update of the Metropolitan Manchester Transportation Planning Study, which serves as the basis for the approval of federal funding to support eligible highway, bridge and transit service improvements in the City of Manchester and the Towns of Auburn, Bedford, Goffstown, Hooksett, and Londonderry, the following studies have been completed since our last report to you:

- "Vehicle Travel Time, Metropolitan Manchester Planning Study Area" (November, 1981);
- "Land Use Update, Metropolitan Manchester Planning Study Area" (March, 1982);
- "MTA Coningency Plan For A Petroleum Shortage" (April, 1982);
- "Analysis of 1980 Traffic Accidents, Metropolitan Manchester Planning Study Area" (June, 1982);

- "Short-Term Parking Study, Fiscal Year 1982, Central Business District, Manchester, N.H." (June, 1982);
- "Formulation of Transportation Control Measures for Carbon Monoxide Attainment in Manchester, N.H." (June, 1982), and
- "Transportation Improvement Program for Fiscal Year 1983" (September, 1982).

Local assistance services provided during the year included:

- Assisted the Planning Board and Town Counsel with a review of proposed amendments to the subdivision regulations;
- Cooperated with the Planning Board by conducting detailed review and comment on the draft master plan elements;
- Prepared written responses to inquiries made by the Planning Board regarding interpretations of planning statutes and met with the Board to discuss comments on possible zoning ordinance amendments under consideration;
- Responded to a resident's request for information pertaining to Commission programs and services;
- Provided the Planning Board's consultant with information regarding recent legislative revisions to N.H. RSA 36:23 covering subdivision review and approval procedures;
- Submitted suggested changes to the New Hampshire Department of Public Works and Highways relative to a proposed local bridge improvement project at the request of one of Candia's Commission representatives;
- Informed the Board of Selectmen of the availability of Outdoor Recreation and Conservation Project funds;
- Notified the Board of Selectmen of the availability of fiscal year 1982 funding under the U.S. Department of Housing and Urban Development, Community Development Block Grant program;
- Provided the members of the Planning Board, Zoning Board of Adjustment and the Board of Selectmen with schedules of the Fall, 1982 Municipal Law Lecture Series;
- Advised the Board of Selectmen of the provisions of the State's new Solid Waste Management Act, and offered them an opportunity whereby the Town could achieve local compliance.

Candia's representatives on the Commission are:

Board of Commissioners: Mrs. Emma K. Hall, Secretary
Mr. Christopher Closs

Executive Committee: Mrs. Emma K. Hall

REPORT OF THE CANDIA CONSERVATION AREA 1982-83

Meetings have been held almost every month over the past year, usually the last Saturday, at 8AM, in the Smyth Public Library. We have unfortunately lost the services of our excellent secretary, Christine Fonda, who resigned for personal reasons.

This year the Commission sponsored a Candia student, Christine Drew, to the State Conservation Camp, on recommendation of the Moore School Principal, Mr. Sweeney. She gave us a report of her one week's stay, saying that it was an exciting experience, in that she learned a lot about conservation principles.

The Scout Troop 120, under the guidance of retiring scoutmaster Dick Snow, new scoutmaster Tom Dimaggio, and Armand Labbee cut seven (7) cords of wood from the Town Forest, so that at the end of the year nine and one half (9 1/2) cords became available; first to needy persons or those out of work or on welfare at cost if possible, after which others can buy it at \$65.00 a cord cut in 4' lengths. If you wish to obtain cordwood contact Dr. Sander.

Scout Stephen Girard has nearly completed his Eagle Scout project. Improving the parking area in the Conservation Area on New Boston Road, making a trail on the north side of the stream, starting construction of a passage over the far end of the stream. It is hoped that the townspeople will use this area for hiking, nature study or picnicking.

County Forester Chase has surveyed the Candia Conservation Area and has recommended that two (2) acres which he marked, should have woodland improvements, which he will supervise and oversee.

Anyone who has the time and the interest to work on this commission should contact any of the members.

Respectfully submitted,
Betsy Bower

VISITING NURSE ASSOCIATION-HOME HEALTH AGENCY OF GREATER MANCHESTER, INC.

1982 ANNUAL REPORT

Whenever illness or injury threatens a person's quality of life, it becomes the responsibility of the family and community to respond with care and support in order to return that person to the peak of health. It is also the community and family's responsibility to promote the health of all persons.

The Visiting Nurse Association-Home Health Agency of Greater Manchester Inc. is a part of the vital community that provides assistance in our health and human service system. It is a voluntary, nonprofit home health agency dedicated to the promotion of health, prevention of disease and care of the sick in 5 towns: Auburn Bedford, Candia, Goffstown, Hooksett and the City of Manchester.

Since our beginning in 1897, our role has been to meet the changing needs of community health care delivery. The Agency is nationally accredited by National League for Nursing/American Public Health Association, Medicare and Medicaid certified and a United Way Agency. The Agency provides 24 hour home care services.

During this past year Ms. Emma Hall and Ms. Helen Kendall, residents of Candia, served on the Board of Directors.

The Agency is supported by various funding sources. Services are provided within the resources of the Agency. Attempts are made to provide necessary services without regard to ability to pay. The Town appropriation is vital to the continuation of services to the residents of Candia. Fees are discussed on the initial visit and a sliding scale is used when full fee is not possible.

Agency services are provided by many different kinds of staff members: licensed professional nurses, registered physical therapists, registered occupational therapists, registered speech therapists, registered nutritionists, social workers, certified home health aides, homemakers, companions and personal care assistants.

Our home health care program continues to be the largest program of the agency. This program allows the patients to receive high quality professional care in the privacy and comfort of their own home which contributes significantly to the patient's rate of recovery.

For many patients, this part-time approach to health care delivery has become increasingly recognized as a more effective, less costly alternative to conventional round the clock hospitalization or care in a nursing home.

During this past year, the Agency has increased its services to the terminally ill patients and their families who have made the decision that they would like to have their remaining days together at home and to live them as fully as possible.

Preventive health services of the agency, one designed to promote and maintain a level of "wellness" assists the community and its members to function at full potential. During this past year the Agency provided Immunization Clinics; adult health screening programs, including Blood

Pressure Screenings; foot care clinics; and occupational health services to industries. Walk in blood pressure screening and health counseling/teaching is provided Monday - Friday from 1-4 p.m. at the office, 194 Concord St. Manchester.

The Agency's Maternal and Child Health Services Program experienced some reduction in services during this past year. The Agency's resources have been used primarily for the high risk families, including pregnant adolescent and teenage mothers.

During the past year in Candia, the Agency served 41 in the home care program and made 507 nursing visits, 97 (152 hours) Homemaker/Home health aide visits, and 107 rehabilitation therapy and other visits. 14.5 hours of clinics were also held in Candia.

The total value of services rendered to Candia residents during 1982 was \$23,519. The value of services rendered without direct payment from third party insurer and patients fees was \$7,549. These services were covered by town appropriations of \$3,268 agency acquired grants, United Way, donations and other solicitations.

TOTAL DISBURSEMENTS	\$5,000.22
BALANCE ON HAND, DECEMBER 31, 1982	\$1,264.11

The trustees did not ask for any money for 1983. We have a few projects in mind and the money we have on hand will take care of them.

We received some very nice gifts from the Paul Sargeant family. Included in the gifts were rare documents, photos and a J. Baily Moore History of Candia.

The trustees tell me it was a very nice summer. I was unable to help because of a bad fall.

The closing day was a big success with a display of old and new quilts. Ninety visitors were present.

Your museum is open from 2 to 5 P.M. every Saturday in July and August. We welcome all visitors.

Respectfully submitted,
Mary D. Stevens, Treasurer

HEALTH OFFICER'S REPORT

This past year has been one of the busiest in over thirty years with some 26 visits made to investigate nuisance problems of sorts mostly involving disfunction of septic systems and seven visits to approve of child caring homes. Most septic complaints have been resolved equatably.

One problem that comes up off and on when an old home with an inadequate septic system is sold by a realtor without proper check as to whether it meets safety standards, and whether it is adequate for the number of persons moving in. Many of the old systems do not meet present standards but may have been adequate in the past because of the small number of persons living in them or because they were far enough away from abutters and less apt to cause run over trouble.

The Town generally is in good health with no epidemics or severe medical problems.

Respectfully,
Hermann N. Sander, M.D.
Health Officer

REPORT OF THE CANDIA VOLUNTEER FIRE DEPARTMENT

During the 1982 year the Candia Volunteer Fire Department responded to 65 calls, represented as follows: 19 Chimney Fires, 12 Building Fires, 6 Mutual Aid Calls, 6 Service Calls, 5 Brush Fires, 5 Auto Accidents, 4 Smoke Investigations, 3 Vehicle Fires, 2 Electrical Wires Fires, 2 Drills, and 1 Missing Person.

The Volunteer Firefighter is a unique type of person. He sets himself apart from the rest by taking from his family, his work and leisure time and most often his sleep, those hours which could be more comfortably spent and gives them as a gift to his town and the people living in it. At a moments notice he leaves the security of his home and responds without hesitation to the many unknown dangers of his profession. Firefighting is the most dangerous business in the country and the volunteer firefighter puts in long unselfish hours toward training, fire prevention and equipment maintenance to help make his firefighting job safer and more efficient to make Candia a better place to live. All these manhours are at no expense to the people he serves.

The Candia Volunteer Fire Department exists to protect the lives and property of the people of the Town of Candia and responds to every call no matter how serious or small. Remember, we can't help you if we don't receive a call. It is easier to cancel a call than to decide after the fact, the Fire Department should have been notified.

At this time the officers and members of the Candia Volunteer Fire Department wish to express their sincere appreciation of the members of the Firemen's Ladie Auxiliary for all they have done for the department. Their support makes our work easier and for this we thank them very much.

The Candia Volunteer Fire Department wishes to express their most sincere thanks to the people of Candia for their continued support and cooperation.

Yours in Fire Prevention,
Leonard R. Wilson, Fire Chief
James R. Wilson, President

REPORT OF THE FOREST FIRE WARDENS AND STATE FOREST RANGER

Forest fire prevention, our business, your business, good business! This slogan has been the motto of the N.H. Division of Forests and Lands, Forest Fire Service since 1909 when the first forest fire laws were passed by the Legislature.

These laws set in place a cooperative forest fire protection program of State and local forest fire personnel that has, in the past 75 years, established New Hampshire as a leader in forest fire prevention and control. Our annual acreage loss to forest fires of one-half acre per fire is the best in the nation. This fire record has come about through the cooperative efforts of our state/town forest fire protection program. The state provides detection of fires, training for local forest fire wardens, low cost forest fire suppression equipment to local fire departments, and technical advice at the fire ground. Local governments provide the volunteer fire fighters who are appointed as wardens and deputy wardens and who respond quickly to suppress reported forest fires.

This program has resulted in a steady decline in annual acres lost to forest fires since 1910 when the average fire burned 33 acres compared to the modern day loss of one-half acre per fire.

Only by the continued cooperation of the State/towns and our entire citizenry can this record be maintained.

1982 STATISTICS

	State	District	City/Town
No. of Fires	391	41	3
No. of Acres	161 $\frac{3}{4}$	30 $\frac{1}{3}$	$\frac{1}{3}$

Donald W. Seward, Sr.
Warden

REPORT OF THE PLANNING BOARD

The planning board is comprised of volunteer personnel and its purpose is mainly to assist in planning for the orderly growth of the community. As such it often becomes a target for those instances for which adequate plans have not been made. This should not lead us to take action which would eliminate the process of planning for future development. The activities of the Planning Board for the past year can best be described as constantly changing. Three members of the Board resigned and three replacements were named. Some members attended a series of lectures sponsored by the N.H. Municipal Association which provides a most useful source of information. Amendments to the Zoning Ordinance which had been proposed the previous year but which did not reach voting status were again reviewed and prepared for submission to the voters. Unfinished business seems to predominate in the subject of the Comprehensive (Master) Plan. It had been the intention of the Board to continue compiling the remainder of the data necessary to complete the Comprehensive (Master) Plan this year. However, the additional work load which transpired following the Brown's Mill fire did not allow sufficient time to effectively organize and complete all the material for presentation. It should continue to be a top priority in the coming year for the Planning Board to initiate the steps necessary to see that the Comprehensive Plan is completed and presented for acceptance. The need to constantly review the Zoning Ordinance and make such amendments as are necessary to meet the growing needs of the community will always be of utmost importance. Appreciation to those citizens who have given unselfishly of their time and effort and the assistance from Southern New Hampshire Planning Commission is most gratefully acknowledged.

Candia Planning Board
Mabel H. Brock, Chm.

REPORT OF THE NEWMARKET REGIONAL HEALTH CENTER

The Newmarket Regional Health Center completed its eleventh year of service in 1982. The health center operates two medical offices, one in Newmarket and the other in Raymond, the Lamprey River Clinic. Both facilities provide general medical care, preventive health services, community outreach, social services, and short term counseling with referral to area mental health agencies.

In 1982, Maude Guerin, M.D., an obstetrician/gynecologist, joined the staff. Dr. Guerin now provides prenatal, delivery and post partum care. In addition, the health center offers nutritional counseling and prenatal classes.

Other members of the medical staff include Sarah Oxnard, M.D., Peter Friedensohn, M.D., Michael Lewis, R.P.A., Barbara Janeway, M.S.N., A.R.N.P., and Anne Fawcett, A.R.N.P. The medical team also includes registered nurses, medical assistants and community health workers. For more information, or to make a medical appointment, call 659-3106 in Newmarket, 895-3351 in Raymond, or toll-free in Newmarket at 1-800-582-7279.

The community health workers coordinate a school health program and preventive screening clinics to detect potential health hazards. They hold informative workshops and act as liaison between the medical providers and the patient.

In November, 1982, the Newmarket Regional Health Center initiated a self-care program for the elderly in conjunction with the Occupational Therapy Department of the University of New Hampshire. The purpose of this program is to enable the elderly to stay in their home setting as well as to maintain a quality of life and independent status within their community. The focus of the program is to provide self-care skills before disability occurs and to anticipate problems with functional activities. Contact Anne Fawcett, A.R.N.P., at 1-800-582-7279 for further information.

The Newmarket Regional Health Center continues to operate the Senior Citizen Transportation Program. Three of the four busses are equipped with hydraulic lifts to provide services to the handicapped. The transportation service enables senior citizens to remain independent, self-sufficient and active by providing the needed services, including medical, food shopping and recreational trips. For more information, or to arrange a ride for a senior citizen, call 659-2424 or toll-free 1-800-582-7279.

The Newmarket Regional Health Center wishes to express its deepest appreciation for the support of the town of Candia.

Respectfully submitted,
Ann H. Peters
Executive Director

CANDIA SCHOOL DISTRICT WARRANT

STATE OF NEW HAMPSHIRE

TO THE INHABITANTS OF THE SCHOOL DISTRICT, IN THE TOWN OF CANDIA, NEW HAMPSHIRE, QUALIFIED TO VOTE IN DISTRICT AFFAIRS:

You are hereby notified to meet at the Candia Moore School in said District, on the second day of March, 1983, at seven o'clock in the evening, to act upon the following articles.

1. To hear the reports of agents, auditors, committees or officers of the District.

2. To see if the District will vote to accept and expend funds in the amounts set forth below which may be made available to the District through the following federal programs.

ECIA Block Grants	\$5,000.00
Energy Conservation Grants	2,500.00
Miscellaneous	2,500.00

(The amounts of money set forth for each program are estimated and amounts appropriated for any one program may be overexpended so long as the total amount expended for all of the above programs does not exceed Ten Thousand and 00/100 (\$10,000.00) Dollars.)

3. To see if the District will vote to authorize the School Board to apply for, accept and expend, without further action by the school district meeting money from the state, federal or other governmental unit or a private source which becomes available during the 1983-84 school fiscal year provided that such expenditure be made for purposes for which a school district may appropriate money and that such expenditure not require the expenditure of other school district funds. Further, that the school board hold a public hearing prior to accepting and spending such money.

4. To see if the district will vote to raise, appropriate and expend the amount of \$7,826.00 to maintain funding for the gifted and talented program. Funds to be expended for teacher salary, benefits, workshops, supplies and books. (by petition)

5. To see if the district will vote to raise, appropriate and expend the amount of \$4,568.00 to maintain current funding levels of co-curricular activities. (by petition)

6. To see if the district will vote to raise, appropriate and expend the amount of \$6,678.00 to maintain funding as at current level for a full time guidance counselor. Monies to be expended for counselor salary and benefits, supplies and materials, books, dues, fees and mileage. (by petition)

7. To see if the district will vote to raise, appropriate and expend the amount of \$8,955.00 in replacement funding for the maintenance account. Monies to be expended in the following manner:

\$4,205.00	Custodial salary
1,250.00	Summer maintenance
500.00	Overtime pay
2,000.00	Supply purchases
2,000.00	Grounds maintenance
750.00	Equipment replacement
250.00	(by petition)

8. To see if the District will vote to raise and appropriate the sum of Eight Hundred and 00/100 (\$800.00) Dollars to be expended towards the support of community activity at the Moore School.

9. To see if the Candia School District will vote to raise and appropriate the sum of Three Thousand and 00/100 (\$3,000.00) Dollars for the purpose of installing a new Master Fire Alarm Control Panel and otherwise improving the fire alarm system at the Candia Moore School. (by petition)

10. To choose one Candia voter to serve as a member of the Auburn-Candia-Hooksett School Districts Staff Development Committee for two years.

11. To see if the District will vote to raise and appropriate the sum of Three Hundred Fifty-Five Thousand Three Hundred Fifty-Two and 00/100 (\$355,352.00) Dollars to fund all cost items relating to teachers' salaries and benefits for the 1983-84 school year, Twenty-Five Thousand Three Hundred Twenty-Seven and 00/100 (\$25,327.00) Dollars of such sum representing additional salaries and benefits attributable to the increase in salaries and benefits over those obligations payable for the first year of the Collective Bargaining Agreement entered into by the School Board and the Candia Federation of Teachers. (This is the second year of a two-year contract.)

12. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries and benefits for school district officials and agents other than benefits and salaries payable to teachers, and for the payment of the statutory obligations of the District.

Given under our hands and seal this 14th day of February, 1983.

School Board of Candia, New Hampshire

DEPARTMENT OF REVENUE ADMINISTRATION
Concord

CANDIA SCHOOL DISTRICT

The revenue revisions presented below are submitted in lieu of Section IV of Form MS-22 or MS-23 as prescribed by the Department of Revenue Administration and are to be used in the setting of the School Tax of 1982-83.

Dale Uhlenhake
School Board Chairman

David R. Cowley
Superintendent of Schools
School Administrative Unit #15

INSTRUCTIONS

1. Enter any revisions of revenue that may result from a vote of a school meeting such as increases or decreases in the amount to be raised by issue of bonds or notes; withdrawal from Capital Reserve Funds, etc. Following the close of the fiscal year on June 30 enter other revisions of revenue based on actual receipts or determined amounts at that time for consideration by the Department of Revenue Administration in setting the School Tax.
2. Complete this form in triplicate and submit copies by July 15 as follows:
1 - Dept. of Rev. Administration; 2 - Dept. of Education, Div. of Administration;
3 - Retain for your files

SUPERINTENDENT'S REPORT

The American people, since colonial times, have had an abiding faith in the power of education. While the process of educating the young was then at an informal level and primarily accomplished by the family, one could say that it was universal in the sense that virtually all were trained to make some contribution to the welfare of the family. To be sure, there were instances in which an individual was unable to engage in some effort, but in the main a contribution was made, whether it was large or small.

With the advent of the industrial revolution life suddenly became very complex. Not only did society begin to realize that the family unit could no longer provide an essential education, but as a result of the introduction of more efficient machinery and legislation designed to eliminate child labor, more and more children found their way to school. In spite of the fact that nearly everyone subscribed to the democratic principle of an education for all, its application fell short of the goal of universality. Not only did some leave school at an early age, but the scope of education was narrow in relation to the needs to be served. Those with handicaps more often than not were completely deprived of an education and even those who were able to attend school under normal conditions frequently did not participate on an equality of opportunity basis.

As the years passed and an increasing amount of social legislation was enacted, the demands on public education grew in proportion. Initially funded at the federal level there were some voluntary programs that eventually had to be underwritten at the local level or dropped. Other programs were mandated by both the federal and state governments and either were inadequately funded or imposed on the local district to implement. That the programs were desirable and of merit was not disputed. Public concerns were expressed related to the ability of school districts to accomplish the tasks mandated. Some larger districts already had undertaken steps to provide a measure of opportunity and meeting additional requirements did not involve much more per pupil effort because of the numbers involved. Conversely, smaller districts, without the same resources as their large counterparts, suddenly found themselves in the position of having to meet new demands without additional funds.

Today, not only are districts being asked to provide facilities and services for school-age children, but legislation pertaining to the welfare of children is becoming broader and, in some cases, includes provisions for preschool children. Two recent pieces of legislation, one enacted by the state and the other by the federal government, serve to illustrate this movement. It is emphasized that the merits of such legislation are not an issue in this report.

In 1965, the New Hampshire General Court took action which required every handicapped child between the ages of five and twenty-one and capable of being benefited by instruction, to attend an approved school program to which he may be assigned by the local school board. If necessary, such education was to be made available until the individual reached the age of twenty-one years. Small districts, for the most part unable to support proper programs, usually arranged to have the child attend a school, often outside of the district, which provided a specialized education. The tuition liability of the district was equivalent to the state average tuition for the previous year.

The 1973 session of the state legislature modified the original statutes that dealt with the handicapped in a number of ways, the most notable of which made all preschool children eligible, regardless of age, at the same time requiring the state board of education to assume responsibility for tuition which exceeded the state average per pupil cost. With a statute that made it mandatory to provide some type of program for all handicapped children up to the age of twenty-one years, it seemed that finally parents and school districts would obtain relief.

Such was not the case, however, for in the same breath that the General Court enacted legislation requiring a broadening of opportunities, it failed to provide the funds for implementation. This raised a host of questions as to who was going to assume financial responsibility for costs above the state average. By law the local district could pay no more than the state average cost, but the state department of education had no money to assume responsibility for any payments in excess. In 1974, the statutes were amended to give the local school board authority to pay more than the state average tuition cost, at the same time allowing the state department of education to assume some of the tuition cost on a pro-rated basis if any funds were left over after meeting other obligations.

The net effect of this legislation is that the local districts must assume responsibility for providing an equality of educational opportunity for all children from birth to twenty-one years of age. Given the option of establishing programs within the schools or tuitioning to other schools, school boards are faced with increasing instructional costs; not only has the population to be served increased, but the cost of providing specialized curricula often is considerably higher than that of the traditional program.

Somewhat different in thrust is Title IX of the Education Amendments of 1972, which represents civil rights legislation recently enacted by Congress. While it deals with sex discrimination, of particular interest is the section which concerns the treatment of students. Many schools have in fact already met the intent of the law in some measure. One example is the requirement that no courses can be offered exclusively for girls or boys; some schools now have open enrollments and actively encourage participation of both sexes in what traditionally has been a segregated offering. While there could be additional costs related to this arrangement, the larger effect will be found in the area of athletics. It will now be the schools responsibility to provide athletic opportunities in such sports and through such teams as will most effectively equalize opportunities for members of both sexes. Unless the program is eliminated, the effect of this legislation will be to increase the amount of money appropriated locally for athletics.

Traditionally, the state has been responsible for education. In most states much of the responsibility for actual organization and administration of schools has been delegated to the local districts. New Hampshire residents have taken pride in their local schools over the years and have had the satisfaction of being able to determine the policies which governed their operation. More recently an increasing amount of legislation at both the state and federal levels has had the effect of reducing the extent of control which the community has been able to exercise over its educational program. If one examines educational legislation over the years, there can be no question but that much has been enacted as a result of what some group

perceived as a need. Of concern, as expressed by not a few, is that the capacity of local districts is such that it is becoming increasingly difficult to adequately support all programs that are desirable as well as legislated.

In the instructional areas, the introduction of a new drug education program called the Ombudsman program and the STAM mathematics program for grades five through eight. The STAM program is a cost efficient instructional program utilizing materials already in the schools and new materials purchased at a very reasonable cost. It is a highly individualized program and we expect great progress in mathematics instruction as a result of it.

1982 marked the expiration of the Staff Development Plan for the School Districts of Auburn, Candia and Hooksett. A new plan was written to cover the period 1982 through 1987 This plan is now in effect. While the revised plan is very similar to the old plan, some changes have been made which should benefit all those involved in Staff Development.

The competency testing or accountability program has gone particularly well in Candia during the past year. Using very demanding standards (80% as a passing grade), students have performed beyond our expectations. A detailed summary of the results of the 1981-82 competency testing program appears elsewhere in the Town Report. I suggest that you examine it with care.

This year we have instituted an enrichment program for gifted and talented students under the direction of Elaine Cullity. This program is intended to provide interesting and challenging activities for very bright students. The program is running very well to date.

On the less positive side, there were six teachers who found it necessary to leave the Candia school for one reason or another. We are, however, very pleased with the high caliber of the people whom we have hired as replacements.

The 1981-82 academic year marked a greater effort to coordinate and consolidate the buying power of the four SAU#15 school districts. As a result of this consolidation, the Candia School District was able to realize substantial savings in such areas as art, office and scholar supplies; bakery and dairy products; microcomputer hardware, school furniture and equipment; gasoline and heating oil. Plans are underway to refine this process in 1982-83, and to extend it to include athletic, audio-visual and custodial supplies and equipment.

The 1981-82 academic year marked the Candia School District's continued commitment to energy conservation by the implementation of two more Energy Conservation Measures (ECM). The first involved the replacement of window walls in one north-facing classroom and in two smaller rooms with walls containing six inches of insulation.

The second project dealt with improvements to the heating and ventilation systems in the primary building, the gymnasium and the annex. Both projects were funded through a federal grant administered by the New Hampshire Governor's Council on Energy.

Respectfully submitted,
David R. Cawley
Superintendent of Schools

Mononucleiosis	2	
HEALTH ROOM VISITS	1125	
MEDS PER M.D.'S ORDER	863	

The Health Room may be small but it is becoming better appointed each year. Thanks to the generosity and hard work of the Candia P. T. O., carpeting was installed this year adding greatly to the acoustical quality of the room and is especially appreciated when conducting hearing tests.

Another new addition to the room is a magnifying lamp donated by the trustees of the Sander Fund. Some items are desired which are not considered vital enough to be included in an overstrained budget.

Budget cutting on the state level necessitated eliminating the processing of throat cultures which has been done in previous years.

Once again it has been a pleasure to work with the staff of the Moore School in serving your children.

Ethel Partan, R.N.
School Nurse

ESEA TITLE I PROGRAM 1981 - 1982

The Title I Program is a federally funded program which is meant to assist educationally disadvantaged students. These students do not meet the criteria for identification as handicapped, but still need special assistance in order to be successful in school. Candia's program is designed to improve children's reading through remediation in the communication skill areas of listening, thinking, speaking and writing. Skill in these areas is essential, not only for reading, but for other academic subjects and every day life.

One part-time specialist and one full-time tutor met individually or in small groups with over twenty non-handicapped students in grades one through eight. The students were seen from two to five times weekly in half hour sessions to work on reading and communication skills.

Pre-testing is done when the students enter the program and lessons are then planned to meet their individual needs. A variety of materials including tapes, worksheets, books, games and kits are used which allow the students to progress at their own pace.

Post-testing is done at the end of the year to assess progress. During the 1981-1982 school year 71% of the students in the Title I program significantly increased their reading skills and 86% significantly increased their communication skills.

ACCOUNTABILITY MANAGEMENT PLAN MOORE SCHOOL, CANDIA, N.H.

Candia School Board Policy requires that all students pass all sections of the Accountability Test before being promoted from either grade four or grade eight. To allow a lead-in period necessary to insure instructional validity, this Policy becomes effective in June, 1985. In the event of unanticipated extenuating circumstances, a student's failure may be referred through the Principal to the School Board for review.

In order to actualize the Accountability Program in keeping with the District's commitment to provide every child with those skills basic to his successful educational advancement, the following Management Plan has been devised.

- A. The Management Committee will consist of one School Board member, the school Principal, one teacher, and two parents. When replacements are necessary, appointments will be made by the School Board or the SAU office.
- B. The Committee will meet in October and February to review test results, and in June to review test results, identify weaknesses, analyze data, and make recommendations.
- C. The Committee will recommend goals for increased student mastery for the following year after the June analysis, and will formulate the specifics for the annual report to the School Board, the Superintendent, and the community.
- D. The Committee will make recommendations for changes in curriculum emphasis, and methods to reach goals.
 1. Recommends changes (and sequence), specifies resources, including people, space, materials, and money required for each.
 2. Designates person responsible for each change and time period allowed.
 3. Presents Plan to faculty for review and recommendations.
 4. Revises as recommended.
- E. The Committee prepares an annual report by July 30 after the analysis of the year's testing and presents it to the School Board.
- F. The Committee monitors the Plan and reports after each testing period to the Superintendent, the staff and the School Board.
- G. The Committee has the responsibility for disseminating results to the public in the annual Town Report.

ACCOUNTABILITY MANAGEMENT COMMITTEE REPORT 1981 - 1982 MOORE SCHOOL, CANDIA, N.H.

Inherent in our Accountability Plan is the skeletal structure for the Management Plan. Our program calls for the testing of all fourth and eighth grade students. Any student not passing a competency, must be given at least two other opportunities to pass.

Competency tests are administered early in October, the third week in February, and in the beginning of June.

The October testing results are reported to the parents showing actual item performance and explaining the minimum scores required to prove mastery of each competency. Classroom teachers are given class sheets indicating which competencies each child passed. Bar graphs are given to the teachers to show per cent of students passing each test.

Only those students who fail a competency in October take another test on that competency in February. Likewise, only those who fail in February must be re-tested in June. By June, 1985, all students must have proven mastery of all competencies to qualify for promotion from grades four and eight. Any student working under an Individualized Educational Plan may be exempt from any or all Accountability tests by the team of specialists assigned to that student. Performance standards have been set at 85% on Basic Calculations in Mathematics and at 80% for all other competencies.

SOURCE MATERIAL

In conjunction with our original Accountability Program, a handbook was printed and distributed to all teachers and to each family with students at Moore School. This booklet specifies each competency, gives a sample test item, and includes supplemental lists and outlines to help the students prepare for the tests.

Furthermore, each teacher was given Instructional Guidelines prepared by IOX pertinent to his/her teaching area and grade level. Additional information material including competency clarification, practice exercises and research material (Social Studies) was developed by teacher groups to aid in the instruction of each skill and to provide a format for the augmentation of appropriate practice materials for students who have difficulty mastering a competency.

RESULTS 1981 - 1982

The following bar graphs summarize the results of the three testing periods. End-of-the-year analysis indicates some serious curricular deficiencies. In the Fourth Grade testing, weak areas are Complete Sentences, People and Events and Government. In the Eighth Grade testing the weaknesses are Mechanics, Word Problems, People and Events and Government. All other areas seem to be adequately covered in the classroom for the majority of students.

Individual students need scheduled additional help with every competency they failed.

FOURTH GRADE TESTING RESULTS

GOALS FOR FOURTH GRADE

1. That for **Complete Sentences**, Competency # 108, 50% of the fourth grade students will prove mastery in 1982-83.
2. That for **People and Events**, Competency # 302, 60% of the fourth grade students will prove mastery in 1982-83.
3. That for **Government**, Competency # 304, 50% of the fourth grade students will prove mastery in 1982-83.

EIGHTH GRADE TESTING

(MASTERY: 85% BASIC CALCULATIONS - 80% ALL OTHERS)

GOALS FOR EIGHTH GRADE:

1. That for **Mechanics**, (Punctuation, Capitalization, Spelling), Competency #103, 75% of the eighth grade students will prove mastery in 1982-83.
2. That for **Word Problems**, Competency #203, 50% will prove mastery in 1982-83.
3. That for **People and Events**, Competency #302, 50% will prove mastery in 1982-83.
4. That for **Government**, Competency #304, 50% will prove mastery in 1982-83.

REPORT OF THE "SELF CONTAINED" SPECIAL EDUCATION CLASS

The self contained class is a special education program that provides services for the more severely learning disabled and intellectually handicapped students in grades one through eight. These services are provided in a supportive setting which places emphasis on individualized instruction by teaching to utilizing each child's strengths and remediating weaker areas. All students re-join their classes for non-academic periods to promote normal social growth and development.

During the 1981-1982 school year the special class had a student enrollment of thirteen students. These students have varying amounts of learning difficulties and, therefore, each one has an Individual Educational Plan (I.E.P.) specially designed to meet his or her unique special needs.

Along with the instructional responsibilities of the special class, the teacher was responsible for performing diagnostic evaluations and acting as case coordinator for twenty six handicapped children. This involves developing these student's I.E.P.'s, reviewing Candia's out-of-district handicapped placements and working with the parents and teachers of each handicapped student.

The 1981-1982 school year has been a successful one for this program due to the cooperation of the parents and teachers involved with the handicapped students. I would also like to thank my aide, Marlene Ferguson, for her unending services to both myself and the students.

SPEECH, HEARING AND LANGUAGE PROGRAM 1981-1982

The Speech, Hearing and Language Program serves children in grades one through eight who have been identified for remediation. Both handicapped and special needs non-handicapped children are served. It also serves those pre-schoolers who have been identified as handicapped.

The program functions for the purpose of:

1. Identification of speech, language and auditory disorders by means of referrals and screenings.
2. Diagnostic evaluations
3. Prescriptive remedial programs for the classroom. parental support and for therapy.

Speech and language acquisition is a very important pre-requisite for the communication skills of reading, writing and spelling. Therefore, a delay in this area could create difficulties in almost all subjects.

Several types of speech and language areas are dealt with in the program. The disorders include: articulation disorders, stuttering, voice disorders, hearing impaired, and language disorders.

The speech and language program has served 34 students this year: 17 handicapped students and 17 non-handicapped students.

Of the 34 students receiving therapy, 14 have met their goals and have been discharged. Three students are on a maintenance program and will receive consultant services only during the 1982-1983 school.

As a result of referrals and pre-school screenings, approximately 19 new students will enter the program in the fall. This will bring the total number of students involved in the speech and language program to 36.

Pam Blaisdell
Speech and Language Therapist

**CANDIA SCHOOL DISTRICT
REPORT OF THE RESOURCE ROOM PROGRAM
1981 - 82 SCHOOL YEAR**

The Resource Room Program is a Special Education Setting that serves students in grades one through eight, as well as identified preschool handicapped children. Services provided by the resource room permit students to receive remedial instruction individually or in small groups with emphasis placed upon teaching specific skills that the individual child needs. At the end of the lesson(s) the student returns to the regular classroom; this way the student only leaves the mainstream for specific periods of the school day. All students are mainstreamed to the greatest extent possible as dictated by public law 94-142.

During the 1981-82 school year the resource room changed significantly in student population, enrollment and staff. We began the school year in September with an increased student population of 54 students in grades K-8 (50 handicapped, 4 non-handicapped). We are ending the school year with a population of 46 students, (41 handicapped, 5 nonhandicapped). The reason for the decrease in our enrollment was due to students moving, being transferred to other programs or discharged into the regular classroom. Incorporated into our resource room this year was a program designed to meet the specific needs of emotionally handicapped students. With the addition of these students a teacher assistant and associate psychologist were added to our program.

We have embraced mainstreaming to the extent that several out-of-district, handicapped students that were formally placed during the 1980-81 school year are now being served in the resource room at Moore School. In this way, their needs are successfully being met in the least restrictive environment. For each of these students, as well as the other youngsters in the resource room, Individual Education Plans (I.E.P;s) are designed to meet the specific needs of each child. Many students who began the 1981-82 school year as full time resource room students have now been mainstreamed into the regular classroom setting for specific subjects.

In summarizing, it is important to realize the various aspects of the resource room program and the population it serves. The resource room staff spends considerable time and effort providing remedial instruction and support to special needs children and their parents. In addition, the resource specialist conducts assessments, designs and implements I.E.P.s, performs classroom observations and is available for parent and teacher consultation. In this way the resource room is able to extend its services to the regular classroom setting and to parents.

In closing, I would like to extend my appreciation to my dedicated teacher assistant, Vikki Gatsas and aides, Mrs. Gail Dalpra and Miss Marguerite Richter for their support, outstanding dedication and professionalism. They truly enhance the services offered by the resource room.

Respectfully,
Jane Bergeron
Special Services Supervisor

1982 - 1983 RECOMMENDATIONS

1. That all teachers meet to review 1981 - 1982 Accountability Testing results, and the recommendations.
2. That the teachers meet in three distinct groups. Primary teachers, Fifth Grade teachers, and Sixth, Seventh and Eighth Grade teachers, for the following purposes:
 - a. To clarify competencies and establish teaching sequence.
 - b. To review Accountability Handbook and Instructional Guidelines.
 - c. To introduce learning packets.
 - d. To present available instructional materials.
 - e. To require teachers to add to learning packets.
 - f. To assign teachers to specific areas of responsibility.
 - g. To set time lines for accomplishment of set tasks.
3. That teachers meet regularly to develop additional classroom materials, discuss good techniques, and share ideas and methods with alternating teachers in charge as assigned in Grades 1 - 4.
4. That Fifth Grade teachers meet to review class/individual test results and plan specific time periods for work on skills covered in Competencies 108, 302 and 304. That Fifth Grade teachers also provide skill-building time for individual students who did not master a competency in the Fourth Grade.
5. That Precision Teaching materials be used where applicable, and that new PT materials be developed.
6. That test results be reviewed for all staff as soon as possible after each testing period in 1982 - 1983.
7. That special services be made available to those students whose test results indicate the need for an excessive amount of time to be spent on basic skill mastery. Example: Title I, Aides, peer tutoring, Resource Room, Specialists, Volunteers, etc.
8. That additional time be allotted for individual skill work with specific time-on-task assignments. (Grades 4 - 8).
9. That Grade Six through Eight teachers explore the possibility of working with teachers from other Districts in specific subject areas.
10. That work begin on the implementation of the Accountability Plan in the areas of Science, Physical Education/Health and Fine Arts.

11. That administrators insure teaching of basic skills in accordance with Candia's Accountability Plan.

This Management Plan and Report is the first annual report of its kind and your comments and questions are welcome. By next year, the procedure should be more systematic and the results more readily accessible. We, as a District, are committed to provide every child with those skills basic to his successful educational advancement, and we will keep you informed of our progress.

CANDIA SCHOOL DISTRICT MEETING — 1982

Polls were declared open at 10:00 a.m. on March 3, 1982 by Moderator Ronald Thomas in the Moore School Auditorium for the purpose of voting for School District Officers, Article 1 through 5 of separate School District Warrant. Polls to close no sooner than 8:00 p.m.

The Annual School District Meeting was called to order by Moderator Ronald Thomas at 7:08 p.m. on March 3, 1982 in the Moore School Auditorium. The meeting is to be conducted in a modified form of Roberts Rules of Order with only registered voters to participate with the following exceptions: David Cawley, Superintendent; Timothy Sweeney, Principal; Donald Beaudette and Edward Donovan, Assistant Superintendents; Carol Davis, Director of Special Services; and Gerry Zelin, Attorney.

School Board Chairman, Marjorie Benz welcomed all.

Article 1 relative to reports of agents, officers, etc. was read by the Moderator. Motion by Russell Dann and seconded by Dale Uhlenhake "I move that the reports of the officers of the Candia School District as set forth in the annual report of the district be accepted and placed on file." Motion carried.

Article 2 regarding Federal funds was read by the Moderator. Motion by Dale Uhlenhake and seconded by Russell Dann "I move that the school district vote to accept and expend up to \$20,000. for the federal programs such as Career Education, Gifted & Talented, Title IV and other miscellaneous programs." In answer to a question as to the actual availability of these funds, it was explained that this simply enables us to spend the money if it becomes available. Barbara Mroz stated that there is no more Title IV. However, Timothy Sweeney advised that we will be receiving \$900.00 if we apply for it this year. Title IV encompasses library books and audio-visual equipment. Put to a vote, the motion carried.

Article 3 relative to accepting other money that may become available was read by the Moderator. Motion by Dale Uhlenhake and seconded by Russell Dann "I move that the school district authorize the school board to apply for, accept and expend, without further action by the school district meeting, money from the state, federal or other governmental unit or a private source which becomes available during the 1982-83 school fiscal year provided that such expenditure be made for purposes for which a school district may appropriate money and that such expenditure not require the expenditure of other school district funds. Further, that the school board hold a public hearing prior to accepting and spending such money." Mr. Uhlenhake explained that this merely allows the board to accept other funds if they become available during the school year, and that a public hearing would have to be held prior to accepting same. Put to a vote, the motion carried.

Article 4 concerning money for support of community activity at the Moore School was read by the Moderator. Motion by Russell Dann and seconded by Marjorie Benz "I move that the school district raise and appropriate the sum of \$800.00 to be expended towards the support of community activity at the Moore School." Mr. Dann explained that this is to help defray the costs of school use when school is not open. In response to a question from Mabel Brock, Mr. Sweeney stated that the school is used by the Lions Club, Boy Scouts, Aerobics

class, and can be used by any non-profit organization. After much discussion of the costs involved and the formula used by the board, the motion was put to a vote and carried.

Article 5 relative to Special Education costs was read by the Moderator. Motion by Marjorie Benz and seconded by Dale Uhlenhake "I move that the district raise and appropriate the sum of \$16,000. for the purpose of providing for Special Education costs that may exceed the amount appropriated for Special Education under Article 11 (General Budget Article)". Mrs. Benz explained that this article was introduced to see what the people would like the board to do and so that a deficit might be avoided next year. The board has very little control over Special Education. Robert Claver stated that the article was inappropriate and a legal ruling was called for from Attorney Zelin.

A ten-minute recess was declared to cast the absentee ballots. Polls closed at 8:05 p.m. Meeting re-opened at 8:17 p.m.

Attorney Zelin advised that RSA 198:4B would allow up to \$13,000. for this kind of fund. Mrs. Benz moved to change the amount of money in the article to \$13,000. and this was seconded by Dale Uhlenhake. The motion on the amendment carried. After a lengthy discussion with many people participating, the motion was re-read as amended. Put to a vote, the motion was defeated.

Article 6 concerning the Secondary Education Cooperative Study was read by the Moderator. Motion by Dale Uhlenhake and seconded by Russell Dann "I move that the district raise and appropriate \$3,375.00 to fund a portion of the costs incurred in hiring an architect and/or educational planner to assist the Secondary Education Cooperative Study Group investigating the feasibility of a cooperative high school for the School Districts of Auburn, Bow, Candia and Hooksett; said committee to report back to the participating School Boards not later than December 3, 1982, with their recommendations. However, unless three of the aforementioned School Districts appropriate the share of costs allocated to them, or both Bow and Hooksett School Districts appropriate their share of costs, this appropriation shall become null and void." George Commenator who has been working with this group spoke on the motion. No location has been established. Population has been increasing in these four towns. In the discussion it was determined that the cost per student now is approximately \$2200. and with the cooperative school the cost would likely be \$1900. to \$2100. per student. The real advantage would be that we would have a say in things which we do not at the present time. We are not receiving any pressure from Central High at the present time to make any changes. Article 6 was re-read by the Moderator and, put to a vote, was defeated.

Article 7 relative to teachers' salaries was read by the Moderator. Motion by Russell Dann and seconded by Dale Uhlenhake "I move that the district raise and appropriate the sum of \$348,696.00 to fund all cost items relating to teachers' salaries and benefits for the 1982-83 school year, \$21,733.00 of such sum representing additional costs attributable to the latest Collective Bargaining Agreement entered into by the school board and the Candia Federation of Teachers; this being the first year of a two year contract." Mr. Dann explained that we are voting on the first year only and that the board has ratified the contract with the teachers. This represents a 6.9% increase. In answer to a question from Helen Wilson regarding music in the school, Mr. Sweeney stated that this provides for 3/5 of a music position; part time basic music, part time band, and part time chorus. At the end of discussion the motion was re-read by the Moderator. Put to a vote, the motion carried.

Article 8 regarding an increase in board membership was read by the Moderator. Motion was made by Robert Claver and seconded by Joseph Mroz to amend Article 8 as recommended by the attorney. Motion now reads "I move that the district vote to approve a change in the membership of the Candia School Board from three (3) members to five (5). Such change to take effect with the 1983 school district elections in accordance with RSA 671:4. Also in accordance with RSA 671:4, the following numbers of board members shall be elected each year subsequent to the election of two additional members, deleting the original schedule of elections and substituting the following schedule:

1983 Elect three members	One for one year
	One for two years
	One for three years
1984 Elect two members	Both for three years
1985 Elect two members	Both for three years
1986 Elect one member	For three years
1987 Elect two members	Both for three years

Motion carried to amend the article as read. Discussion followed on the pros and cons of an enlarged board with many participants. Amended Article 8 was re-read by the Moderator and, put to a vote, the motion carried.

Article 9 concerning salaries for two additional School Board members was read by the Moderator. Motion by Marjorie Benz and seconded by Russell Dann "I move that the district vote to raise and appropriate the sum of \$300.00 for the purpose of providing salaries for two additional School Board members." In answer to a motion made by Joseph Frost that this be postponed for a year because it would not be needed until next March, Mrs. Benz advised that this \$300.00 would pay only for March, April, May, and June and would have to be paid out of the 1983 budget. Motion to postpone for one year was put to a vote and defeated. Motion by George Phippard and seconded by Doris Laing to move to the question without further debate was put to a vote and carried. Article 9 was then re-read, put to a vote, and carried.

Article 10 relative to electing District officers at the town election was read by the Moderator. Motion by Robert Claver and seconded by Joseph Mroz "I move that the voters of the Candia School District vote to: (a) Elect the District officers by separate ballot at the town election in Candia, New Hampshire. If approved, this action will take effect with the regular town elections of 1983 in accordance with RSA 671:22. (b) Adopt as official for school district purposes the town check list, polling place and election machinery. (By Petition)". Paul Price, seconded by Susan Young, moved to amend Section 1 adding "and the annual school meeting to be held at least two days before the election of school officers". After some discussion on the amendment, the board requested, and was granted, a five minute recess. Meeting was re-called to order at 9:51 p.m. On advise of legal counsel, the Moderator ruled the motion out of order, stating that the voters could over-rule him if they so desired. Attorney Zelin advised that the amendment was defective, going beyond the subject matter; and the meeting is at the discretion of the school board. Mr. Price then withdrew his motion. There being no further discussion, Article 10 was re-read by the Moderator, put to a vote, and the motion carried.

Article 11 concerning the appropriation of money for the support of schools other than teachers' salaries was read by the Moderator. Motion by Russell Dann and seconded by Dale Uhlenhake "I move the District vote to raise and appropriate the sum of \$1,126,531.00 for the payment of salaries and benefits for school district officials and agents other than benefits and salaries payable to teachers, and for the payment of the statutory obligations of the district". In answer to a question by Helen Wilson, Mr. Beaudette advised that to include a full time music instructor would mean another \$5,000. Mrs. Wilson moved, seconded by Joseph Mroz, to amend the article to increase it by \$5,000 for a bandmaster. Mrs. Benz explained that, even though it is voted, there is no legal restraint on the board to spend that \$5,000. for a bandmaster. Helen Wilson then withdrew her motion. Mr. Sweeney explained that we presently have a basic music program only — no band. Motion was made by James Laing and seconded by George Phippard to reduce the amount in the article to \$1,100,713.00. A lengthy discussion followed, both for and against the cut. An attempt was made to compare Candia's cost per student to the surrounding towns. However they do not all have the same grade levels to compare. According to the figures of the board, Candia has been consistently lower than the state average and in 1980-81 was lower by \$365.00. Among the topics covered in discussion were the STAT tests in which Candia students place above the national average; the new computer at the school which came through a grant of \$6,000. and no cost to the school district; and the number of handicapped children we have to educate is now 93. Charles Wheeler moved, seconded by Dr. Hermann Sander, that we move to the question on the amendment. Motion carried to vote on the amendment by secret ballot as petitioned by nine voters in writing.

Results of the election of officers:

School Board member	- Valeda Millette	308	- Elected
	Russell Dann	193	
Treasurer	- Arlene Richter	457	- Elected
Auditor	- Shirley Erving	394	- Elected
	Alice MacDonald	415	- Elected
Moderator	- Ronald Thomas	448	- Elected
Clerk	- Marguerite Swain	78	write ins - Elected
	Ann Gregoire	23	write ins

Oath of office was administered to the clerk, Marguerite Swain, who immediately resigned. The School Board then appointed Ann Gregoire to the position of School District Clerk for the ensuing year.

Ballot box was closed by the Moderator at 11:14 p.m. Meeting resumed at 11:25 p.m. Amendment carried with 150 yes votes to 78 no votes. There being no further discussion on the amended article, Article 11 was re-read with the new figure of \$1,100,713.00. Put to a vote, the motion carried.

Other business to come before the meeting — Marjorie Benz announced that the school board meeting originally scheduled for Wednesday, March 10th has been re-scheduled to Monday, March 8th at 7:00 p.m. at the school library.

The following Resolution was read by the Moderator: "Be it resolved that the School District thanks Russ Dann for his six-plus years of service on the school board of Candia. He has at all times been willing to volunteer his time and effort toward what he believed was in the best interests of education in Candia. For this we thank him and feel certain he will now enjoy his new found Wednesday night freedom".

Upon motion by Doris Laing and seconded by Joseph Mroz the meeting adjourned at 11:28 p.m.

Respectfully submitted,
Marguerite Swain
School District Clerk

Immediately following the meeting all elected officers were sworn in with the exception of Auditor Shirley Erving, who was sworn in on March 4, 1982.

REPORT OF THE PRINCIPAL 1981-1982

The success of any school is directly related to its staff; teachers, specialists, aides, bus drivers, librarians, lunch workers, custodians, secretaries and others who work directly with children. I am pleased to report that due to the dedication of our staff, the Henry W. Moore School is a success. Although the demands upon the public school seem to increase each year, the Moore School faculty has, without reservation, met these demands.

A major goal for this school year was the continued understanding of the development of the pre-adolescent and adolescent learner characteristics. This study is most commonly referred to as the middle school concept. Our desire is to “. . . help create a climate in schools which will nurture the development of our youths more nearly to their full potential.”

The definition of the middle school in Candia is best described by the cohesive staff/administration attitude that is evolving from our training and knowledge of the needs and learning styles of 10-14 year old children. Our concept does not require additional expenditure but rather reallocations of time, emphasis and, in some cases, money.

Practical learning experiences with application of acquired knowledge, characterized the various field trips undertaken by grades 1-8. The eighth grade whale watch excursion and the sixth grade's week-long trip to Nature's Classroom, West Swanzey are examples of the outstanding effort on the part of the faculty to provide optimum learning experiences for our students.

The students in grades 1-6 participated in the Young Author's Conference under the direction of Ruth Hubbard, reading specialist. Students in grades 1-6 wrote and constructed some truly outstanding books. Our school sent representatives to the State Conference held in Concord. We are proud of the students and their fine work.

Students in grade six under the direction of William McKay and Donetta Morse, formed the Patchwork Productions Corporation. An exercise in the free enterprise system, the group hand made a quilt to be raffled. The proceeds from the quilting project will be used to defray costs for their science camp excursion next year. A commendation to Mr. McKay and Mrs. Morse, the corporate board of Patchwork Products and the students in grade six.

The Accountability Program for the Candia School District continued with our first testing sessions conducted in the Spring of 1982. An accountability handbook was distributed to parents to explain the program and acquaint parents with the instructional objectives that will be tested. In addition to the Accountability Program, the students in grades 1,3,5,7 were administered the Stanford Achievement Test. I am pleased to say that the students of the Moore School scored above the national average in each of the areas tested. Our success in achieving these scores must be attributed to the commitment on the part of the entire Moore School faculty. I would like to take this opportunity to express my appreciation and congratulations to this fine group of professionals.

In compliance with Federal Law P.L. 94-142 and State Statute R.S.A. 186, the special education needs of children ages 3-21 were provided for through the pupil placement team. Through careful testing, analysis and team review, individual education plans are developed for handicapped students. Continuous review of individual educational plans and new client referrals provide for a very involved special services program. A diligent effort is made to educate handicapped students whose needs permit, at the Moore School. However, considering the extreme needs of some of the students involved, this was not always possible. Out-district placements included schools located in Derry, Manchester, Hooksett and Merrimack.

This report marks my seventh and final year as Principal of the Henry W. Moore School. I owe an immeasurable debt of gratitude to the many people who have helped in making my tenure a rewarding experience. I leave Candia confident and proud of the education that the children are receiving. The success of Candia's school system is due to the fact that there has been a cooperative and supportive effort of the Community, Candia School Board, Parents, Students, Faculty and Staff. My sincere thanks to all of you.

Respectfully submitted,
Timothy L. Sweeney
Principal

NOTICE TO DOG OWNERS

Every dog owner or keeper of a dog three months old or over, shall annually, before April 30th, register it with the Town Clerk. The licensed dog must wear a collar and a tag around his neck with his registration number thereon.

ANNUAL FEES ARE:

—Unneutered male — \$6.00

—neutered male or spayed female — \$3.50

—female — \$6.50

If fee is not paid by June first, there is an added fee of \$1.00 per month.

Certificate of Rabies shot must be presented when registering dogs.

DOG OFFICER

Girard Houle

BURNING REGULATIONS

State of New Hampshire

IN CASE OF FIRE — PHONE 483-2311

Written permits must be obtained from the Forest Fire Warden for all open fires at all times, when the ground is not covered with snow.

Permits will not be issued for the kindling of open fires between the hours of 9:00 AM and 5:00 PM, unless raining.

Permits for grass, brush, campfires, etc., must be obtained on the day burning is to be done.

Permits for screened incinerators and properly constructed outdoor fireplaces may be obtained for the season.

There is no charge for permits which may be obtained from Donald W. Seward, Forest Fire Warden, Candia. Tel. 483-8629.

All fires seen and reported by the fire lookout tower are checked with these permits and any person found to be burning without first obtaining a permit is subject to a fine up to \$200.

Any person found to be burning after being refused a permit because of unsuitable weather is subject to a fine up to \$500.

These regulations are set up by the State of New Hampshire Forestry and Recreation Department.
