TOWN OF FRANCESTOWN

BUDGET & ADVISORY COMMITTEE COMMENT'S

The Budget and Advisory Committee met frequently with Selectmen and their Committees in the latter part of the year to review and refine budget requirements. The cooperation of the various individuals involved is appreciated.

The Budget submitted represent a sizable (19.4%) increase over the previous year. Some of the increase results from a new state requirement that the road funds be voted in entirety before any off setting state grants are included. The majority (11.4%) of the increase, however, results from a decision by the Road Agent and Selectmen to offer a major on-going repair program for all gravel roads. It is understood that similar amounts would be requested in each succeeding year as a routine item.. With this exception, the Committee recommends passage of the Budget as presented.

Respectfully submitted,

Budget and Advisory Committee

Brownell Carr, Chairman
Robert Cutter
Abby Dawson
Robert Parker

SELECTMENS COMMENT'S

At this writing (Feb. 1st) the Selectmen are considering the implications in the recent theft of tools and equipment at the Town Barn. The loss has been estimated at \$6,000.00 and most of the items taken will have to be replaced. Even though we expect insurance to cover most of the loss (after the \$1,000.00 deductible) the theft clearly raises the issue of security for the Town Buildings other than the Town Barn as well as their contents. (Library, Fire Station, Town Hall and Annex)

The Selectmen unanimously agree that immediate steps must be taken to try to secure the replacement tools and rquipment in the Town Barn and to make a similar effort to protect other Town property.

Accordingly, a security system for the Town Barn, Fire Station, Library, Town Hall and Annex has been proposed as an Article in the Town Warrant at a cost of \$13,000.00.

The new Town Offices in the Town Hall Annex have been in use since October 1983 and seem to be working out well. Town Records are centralized and accessable, access to the Selectmens office is easier and the surroundings there more attractive.

There are two items in the 1984 budget which may need explanation. There has been an accounting change and now all appropriations are listed as "gross". That is, the total contemplated expenditure is shown even though payment for a portion of it may come from grants, revenue sharing or other sources.

You will note a line item in the Highway budget for a re-gravelling Town Roads on a regular scheduled plan extending over 15 years. This item of \$36,000.00 will be explained in detail by the Road Agent. The Selectmen take no position on this item believing that the implementation of an annual program of this magnitude should rest exclusively upon a vote of the Town.

There has apparently been some confusion over the 1983 property assessments. No changes were made in assessments totals for 1983 except for adjustments for errors, etc. in individual cases. There was however an accounting change. Site improvement (septic systems, water supply, driveways, plantings, etc.) have been shifted from buildings assessment to land. In most cases the assessed value of a building has been reduced and the assessed value of the land increased by a like amount with no change in the over-all assessment.

Forecast of a possible 1984 tax rate is difficult. The County Tax has not been determined, the preliminary Conval Assessment increase estimate could mean an additional \$2.00 to \$3.00 on the current tax rate by itself. Increases in the budget and warrant articles (if passed) could cause an additional increase roughly estimated in the table below.

The proposed 1984 net budget (expenses less anticipated estimated revenues) is approximately \$37,300.00 more than 1983 actual appropriations. This is largely due to the \$36,000.00 item for regravelling of roads in the Highway portion of the 1984 budget.

To see if the Town will vote to adopt the following ordinance relative to the regulation of the Town Beach area at Scobie Pond:

In accordance with the provisions of New Hampshire Revised Statutes Annotated 31:39, the Town of Francestown hereby adopts the following ordinance:

1. It shall be unlawful for any person who is not a resident or taxpayer of the Town of Francestown or a bona fide guest of a resident or taxpayer to use the Town Beach. The Board of Selectmen may implement a system requiring all residents and taxpayers to display stickers or other identification to enforce this provision.
2. No litter or refuse of any nature shall be deposited or left on the Town Beach area or in any parking area adjacent thereto or in the waters of the pond, except in trash cans provided for the purpose.
3. No alcoholic beverages or glass containers of any kind shall be allowed on the Town Beach or surrounding area.
4. It shall be unlawful to damage, deface or destroy any structures, plant or natural features on the Town Beach or surrounding area.

5. It shall be unlawful for any person to swim or be present at the Town Beach unless such person is adequately garbed in a bathing suit or other clothing.

6. It shall be unlawful to disobey an oral or written request or order of an agent of the Town in connection with the conduct of persons while on the Town Beach or surrounding area.

7. The Town Beach shall be closed between the hours of 9 p.m. and 8 a.m. the following day, and it shall be unlawful for any person to be on the Town Beach or surrounding area or in the water serviced by the beach. It shall be unlawful to undertake any conduct which shall be disorderly or so as to endanger the safety and welfare of others using the beach. Intoxication and obscene or indecent acts are expressly prohibited.

8. No pets or other animals shall be allowed on the beach or in the water serviced by the beach.

9. No vehicles shall be allowed to remain overnight on the Town property and no camping or tenting is allowed on the Town Beach or surrounding area.

Any person found guilty of violating any part of the Ordinance herein set forth shall be subject to a fine of up to One Thousand Dollars (\$1,000.00) in accordance with the provisions of New Hampshire Revised Statutes Annotated 31:39, 111 (1983 Supp.).

This ordinance shall take effect upon passage.

ARTICLE 31.

(By Petition) Pursuant to RSA 39-3, we, the undersigned, respectfully request the Board of Selectmen to include the following article in the 1984 Town Warrant:

"To see if the Town of Francestown shall call upon the Governor and Executive Council, its State Representative(s) and State Senator to promptly convene a Special Session of the Legislature for the sole purpose of preventing the imposition of huge cost increases in electric rates resulting from the Seabrook Nuclear Power Plant on the citizens, businesses, schools and agencies in the Town of Francestown, and to direct the Selectmen to promptly notify our above listed elected officials of the Town's desire."

ARTICLE 32.

To transact any other business that may legally come before said meeting.

Given under our hands and seal this fifteenth day of February, in the year of our Lord nineteen hundred and eight-four.

Article 28. Resolutions:

By Charles Onasch

Whereas: Phil Ireland has served the Town of Francestown for 18 years as Selectman and both appointed and elected member of the Planning Board, and

Whereas Phil Ireland has discharged his duties well and faithfully over these years, and has, in no small measure, contributed to the most economic and efficient operation of the Town. Therefor, be it resolved that:

The Town of Francestown express its grateful appreciation of Phil for his service and be it further resolved that a copy of this Resolution be forwarded to Phil Ireland and recorded in the records of the Town of Francestown.

By John L. Arnold

A Resolution of appreciation and thanks to Bobby Abbott for six years of service on the board, for faithful attendance and great dedication.

By Herbert Benedict

Maybe last but not least I think we should recognize the Moderator. He is leaving the Board of Adjustment after something like 23 or 26 years and he can't remember how many. I don't know whether because he's old or what, but I think he deserves a break and the appreciation of the Town, Harry, and I'd like to see the Townspeople bestow it.

Meeting adjourned at 5:20 PM

Respectfully submitted,

Herman C. Miller, Town Clerk

Board of Selectmen
Town of Francestown, New Hampshire

We have examined the financial statements of the various funds and account groups of the Town of Francestown, New Hampshire for the year ended December 31, 1983 and have issued our report thereon, dated January 13, 1984. As part of our examination, we reviewed and tested the Town's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of such evaluation is to establish a basis for reliance thereon in determining the nature, timing, and extent of other such auditing procedures that are necessary for expressing an opinion on the financial statements.

The objective of internal accounting control is to provide reasonable, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgement by management.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgement, carelessness, or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally by management with respect to the estimates and judgements required in the preparation of financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in condition and that the degree of compliance with the procedures may deteriorate.

Our study and evaluation of the Town's system of internal accounting control for the year would not necessarily disclose all weaknesses in the system. Such study and evaluation did not disclose any material weaknesses. However, the recommendations on administration and operational matters not directly related to internal accounting control, as listed below, were developed from our observation of the Town's operations. They are not the result of a special study.

CAPITAL IMPROVEMENTS PROGRAM

The Town does not currently employ capital improvements budgeting and programming techniques. We believe the Town should develop a long term plan for capital expenditures. Capital expenditures include expenditures for buildings, land, and major equipment, all of which have useful lives of several years.

A capital improvement program lists each proposed capital item, the year in which it will be started, the amount expected to be expended in a given year, and the proposed method of financing the expenditure. The budget would be acted upon annually at the Town meeting, and may vary from the capital improvement program. The capital improvement program would then be updated to reflect departures from the original program.

TAX WARRANT FILE COPIES

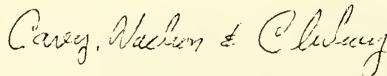

We noted that the Board of Selectmen does not maintain file copies of the document committing taxes to the Tax Collector. We recommend that a copy of these documents become a part of the Selectmen's files.

HIGHWAY EQUIPMENT REPAIRS

Highway equipment repairs are currently charged to the General Expense of Highways account and are processed in the same manner as other invoices. This process does not provide sufficient information for the Board of Selectmen to decide whether to continue repairs or replace equipment. We recommend that cost information about repairs to specific pieces of equipment be captured as part of routine invoice processing.

We noted that several of our prior audit recommendations were adopted. We wish to thank the officials of Francestown for their assistance during our engagement.

Sincerely,

CAREY, VACHON & CLUKAY

LIBRARY TRUSTEES' REPORT

Joan Hanchett and Connie Varnum continue to do outstanding work as our Librarian and Assistance Librarian. Their friendliness and helpfulness make it a pleasure to visit the Library.

Bessann Triplet, who had been a most conscientious trustee for three years, decided she had to give more time to her weaving. Bessann and Bill continue to be good friends and workers for G.H.B.

During Library week in April Lina deTarnowski gave a very interesting talk on Egypt and Marya Danibel entertained the children with guitar music and stories.

Also, in the Spring quilting classes were provided in the Library. Outside a new roof was installed, and later in the year, George Morgan refurbished the firescape--sanding, priming and painting it.

The Library bought tapes for Town Echoes, the oral history committee and a new slide projector was purchased.

The summer program was a big success. George Peabody took the children on a nature walk and Phil Browne was the Pond Day instructor. Sib Kunhardt and Jessie Dawes shared their pottery making knowledge, Nancy Peabody saw that the creations got fired. The Harmoniacs entertained with a sing-along the last day of the program.

The Elm Tree was 200 years old, it had to go. Feeding it would have produced leaves in 1984, but nothing could save it. We miss it!!

Joan and Connie were the hostesses at a new-comer coffee-hour in early September which was well attended by all ages.

Early in March of '83 Joan Hanchett suggested that the Library have a quilt show sometime in October, as the Library Benefit for the year, and she would orchestrate it. We assured Joan of our full support-October was six whole months away!

Carol Pitman designed the attractive posters and the Oppenheimers had them printed. Bob Behrsing donated the programs, Joan was able to borrow some racks for the quilts, Chester Fesmire made the rest.

He and Gilbert Wiley assembled them and hung rods for the wall hangings. Dick Leavitt strung wires for the spot lights. Barbara Radtke and her committee did a lovely job

decorating the tea tables and serving herb tea and cookies which were donated by Sue Jonas of CRABTREE and EVELYN. The decorations were beautifully arranged by Elsie Mikula and Barbara Thulander. Seventy five quilts were displayed. The day of the show couldn't have been more miserable outside, inside it couldn't have been lovelier. The affair was most successful in all ways. Our excellent Librarian is also a superb organizer. Christmas Open House, December 14th, went on all day. Connie, who knows every child by name, kept the children occupied and happy downstairs while their Mothers enjoyed themselves in the Historical Rooms and the Library. Doris Basset, our loyal and reliable Volunteer Chairman, moved to Peterborough in October. Dodo has been a real friend and worker for the Library for many years. She has painted every floor in the building and washed every window. She helped with every Benefit from the days when \$50.00 was a lot to make. We thank Dodo and wish her happiness in her new home. Donations to the Memorial Fund are very much appreciated. The books and magazine budget falls short of meeting the ever increasing cost of books and subscriptions. Joan and Connie we thank you most sincerely for the great job you do. We also thank the many friends who help to make the Library a very special place.

Books Purchased for 1983 Adults 171 Juvenile 113

The library has continued to make satisfactory progress in the circulation of books and magazines in 1983.

In December a selection of good paperback books for fourth to seventh grade students was purchased. These have been circulating very well. Additions to this will be made throughout the year.

Connie Varnum continues to handle the Children's Dept. efficiently and with a good sense of humor which is essential. We thoroughly enjoy the students from the Elementary School and try to make their visit to the library a pleasant learning experience. The storytime, held on Wednesday morning, is growing rapidly. The mothers have been very cooperative with this program, both in reading and in planning programs for the pre-school age. The Newcomers Welcome Coffee, held every year at the beginning of September is a most popular event with forty to fifty townspeople attending.

Twenty-four children signed up to participate in the Summer Reading program. Suggested Reading Lists were posted for grades one to twelve. These proved to be very helpful to students and parents. We received many favorable comments on the selections. Our Special Summer Program was a great success with a large number of children arriving each Wednesday morning. Many interesting programs were planned. We again thank the mothers for their help in carrying out this Special Summer Program.

Doris Basset deserves high praise for providing volunteers over the years and for all the hours she served the library. Dodo now resides in Peterborough and is greatly missed. Nell Pitchard has volunteered to serve in the interim.

During November, 1982 the Trustees decided to open the library Thursday evenings 7-9 pm on a volunteer basis. Dodo and Bessann Triplett were responsible for most of the volunteer hours until September when it was decided, due to lack of response we would close for the winter months.

The passing of a great tree is never reported in the obituaries of our newspapers. Yet, I am sure, all would agree, that the elm tree at the library deserves special mention. After consulting a number of foresters, it was decided that the two-hundred old elm tree has succumbed to Dutch Elm Disease and it was cut down Friday, October 7th, 1983. After all those years of beautifying the town it seemed a shame to have it disappear, I am happy to report that thanks to Bob Murray, a large section of the tree was retrieved from the town dump and transported to the rear of the library where Jessie Pollock (Dawes) will make a sculpture from it next summer.

A number of books and magazines have been donated to the library throughout the year. We are most grateful to each of you for your generosity. To those who have chosen the library to benefit from memorial contributions in memory of loved ones we also give thanks.

The Trustees have been great to work with and I continue to enjoy serving the town as librarian.

Respectfully submitted,

Joan E. Hanchett.

REMEMBERING
LARRY KULLGREN

Larry's life is the essence of what a small town existence should mean to all of us. Larry was a giver; not a taker. And he was a quiet giver; never taking credit, but always there to work or help out.

Larry always had something going on: if he wasn't working at the fire house: he was on police detail at an auction or at a square dance. If he wasn't tending his cows or pigs: he was in the woods with Chief working up cord wood for next winter. If he wasn't haying; he was getting ready for the sap season. He never was an idle man. He was a willing worker for his family, his friends, and his Town.

Larry was a good friend to me. He taught me many things about animals, tractors, sawrigs, and getting my own wood in. He also gave me the devil when I didn't do it quite right. My fondest memory will be the races we had from our respective homes to the old fire house after the siren had blown, to see which of us would have the privilege of driving 37M1 to the fire. He usually won, never let me forget it.

His example is one we can all benefit from: his love and devotion to his family; his strength of friendship; and his belief that a small town's vitality is its citizens' willingness to volunteer and serve.

Thanks Larry

FRANCESTOWN FIRE DEPARTMENT

The year 1983 started with this slate of officers:

Chief:	Clifton F. Foote
First Deputy Chief:	Lawrence R. Kullgren
Second Deputy Chief:	Donald Abbott
Captains:	Richard Leavitt
	Alvin VanCleave
	Ronald Kullgren
	Steven Miller
Secretary:	Robert Bewley
Treasurer:	Willis Fluhr
Standing Committee:	Donald Hoyt
	Richard Leavitt
	Louis Wiederhold
Safety Officer:	Norman Stewart
Public Relations:	Richard Mikula
Rescue Training:	Beverly Abbott
Fire Training Officer:	Alvin VanCleave

The following calls were made by the Fire Department this year:

Structure Fires:	0
Chimney Fires:	11
Rescue Calls:	14
Mutual Aid to Neighboring Towns:	5
Malfunctions:	2
Smoke Investigating:	1
Car Fires:	1
Brush Fires:	2
Dump Fires:	2
Washing Machine Fire:	1

The number of man hours put in by the members of the Fire Department were as follows:

Fire and Rescue	413
Work Details	477
Drills and Training School	1529
Radio and Equipment Check	570

As stated in last year's report, some of our equipment was slated to be replaced. This year, the F.V.F.D. purchased, at a cost of \$19,002.35, a new 1983 Rescue truck. It replaces our 1967 Army surplus vehicle.

The funds used came from a saving account, which has accrued from yearly fund raising and from this years fund raiser, car washes.

The F.V.F.D. would, at this time, like to thank all for their generous support, which made it possible to buy this new truck.

The Board of Fire Wards, along with a committee from the fire department have been at work looking into prices and drawing up specifications for the purpose of buying a new pumper tanker. An article will appear in the warrant to see if the town will vote to approve the purchase. This particular piece of equipment will provide us with 2244 gallons of water, plus a 750 gallon per minute pump. It would replace our 1947 tanker, which has a maximum capacity of only 150 gallons per minute and a holding capacity of only 500 gallons of water. With this new tanker we would be able to provide better service to our community and also offer better help for our out of town mutual aid calls.

The department sponsored fire prevention educational program, entitled Captain NoBurn, for school children, has been a great success and will be continued with this years program featuring wood burning stove safety.

The F.V.F.D. is open to new membership. If interested, contact me or any department member. The department also wishes at this time to thank the Women's Auxiliary for their continued support.

In November, the Francestown Volunteer Fire Department suffered a very great loss with the passing of its First Deputy Chief, Lawrence R. Kullgren. Larry was in the fire service for twenty-five years, serving as fireman, First Deputy Chief, member of the Board of Fire Wards, and as Deputy Forest Fire Warden for the state of NH. He was totally dedicated to the Francestown Fire Department and all its work. He will be missed by all.

Fire Fighters still make housecalls: The number to call is 1--352--1100

LADIES AUXILIARY---FRANCESTOWN VOLUNTEER FIRE DEPARTMENT
1983

1983 was a quiet year, in that we were not up in the wee hours serving coffee and refreshment, and for that we are grateful.

We served refreshments at Town Meeting, served dinner in March for the Fire Wardens monthly meeting, had a food/yard sale in June (despite the hail), and served cider and donuts to the school children when they came to the Fire Station during Fire Prevention Week in October.

Thanks to our money making projects over the last couple of years, we've been able to acquire folding tables and chairs for the Fire House

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Once again, our cooperative town and state forest fire prevention and control program leads the nation in least acres burned per forest fire. Less than one-half acre per fire statewide average.

At the town level, your Forest Fire Warden is responsible for the prevention and control of all grass and woods fires when the ground is not snow covered.

Forest fire prevention is achieved at the town level by issuing a written permit for every fire that is to be kindled on the ground out of doors when the ground is not covered with snow. Each person wishing to have an outside fire must obtain this written permit from the town Fire Warden before kindling the fire. Any person that does not obtain a fire permit, when one is required, is violating our forest fire permit law and is subject to a court appearance and could be fined up to \$1,000 and receive a jail sentence of up to one year.

No fire permit will be issued between 9:00 a.m. and 5:00 p.m. unless it is raining. The reason for this is twofold: the fire danger increases steadily between 9:00 a.m. and 2:00 p.m., then subsides to a safe level between 2:00 p.m. and 5:00 p.m. This happens because the sun dries out the fine fuels that are easily ignited and dries the air which permits rapid fire spread. Also during this part of the day fire fighters are not readily available in most communities so an escaped fire could burn longer and cause greater damage before being suppressed.

Your cooperation in burning only when conditions are safe is greatly appreciated.

As Smokey says, "Remember, Only You Can Prevent Forest Fires!"

ROAD AGENT REPORT - 1983

1983 was a "Learning Year" for your new Road Agent. Just learning the nick names and locations of all the roads was a chore in itself. (Dog Farm Road is Cross Road - Ball Park Road is County Road South - Halls Hill is Woodward Hill etc etc.) Also being the middle man between the people - the Selectmen - the Budget Committee and various Beaver Dams was to say the least interesting.

As to whether or not the roads are in better condition now then when I started is questional point. Certainly the "Tar" roads are, and with the regular 3 year sealing plan now in effect there will continue to slowly improve each year.

The gravel roads, which represent 60% of all roads, unfortunalty continue tto erode and are therefore in worse condition than a year ago. This trend will continue until a long range reconstruction plan goes into effect. I have proposed such a plan to the Selectmen which consists of providing proper ditching and drainage as well as adding approximately 12" of gravel at least once every 15 years. The funding for first year of this program will be voted on at this Town Meeting. I would like to make it clear that I have no "ax to grind" concerning this gravel plan but rather I am looking for guidance from the people who drive on the Towns gravel roads and who pay the bills.

The main emphasis this year was put into "saving" of the badly deteriorating "tar" roads with very little money to do much else besides routine maintenance. Next years' budget include extensive ditching and shoulder work, both of which have been badly neglected.

These two items and hopefully the regravelling project will provide the start of the long range improvement of the total road system.

In closing I would like to publicly thank Clayton Foote for his patience and help during this "breaking in year" - his knowledge of the roads was invaluable to me. The Town owes "JR" a sincere thank you.

Anthony Roberts, Road Agent

WASTE DISPOSAL & RECYCLING COMMISSION

We wish to apologize to the families of Frankestown for the overflow conditions at our waste disposal area at the end of each weekend. Our town is growing rapidly and our method of collecting the waste materials is not keeping up with this growth rate.

We have arranged to add another 10-yd container at our pick-up station, which we hope will alleviate the overflow. If it is possible for some of you to bring your refuse on Tuesdays and Thursdays, when our containers are not filled to capacity, it might help the overflow which occurs most Sundays. Also if more of you would separate your newspaper (in bundles) and the bottles and leave them in front of the bins and not in the containers, it might also help relieve the weekend crush.

The New Hampshire Resource Recovery Association, of which we are members, has now organized more efficient pick-up and sale of newspapers and bottles, and it is our hope this coming year to realize more income from the sales of these recyclable materials. We also are investigating a more efficient way to compact waste materials on a daily basis and thereby eliminating the overflow on weekends. This method may not be less costly than our present method of using the 10-yd containers, but it will avoid the weekend mess, the need for additional containers as the number of households grow and through increased recycling efforts on the part of all of us, increase our income from the sale of recyclable materials.

For the present we can still use the Antrim/Bennington landfill operation. Down the road we will be seeking a larger community area and to join in transferring our waste materials to their energy generating units; so that there will be less use of landfill operations to dispose of waste materials.

BOARD OF ADJUSTMENT - 1983

The Board of Adjustment consists of five members appointed by the Board of Selectmen. The Board may also include not more than five alternate members. The alternate members appointed for this period were Donald Pettee and Harold Varnum. RSA 31:60-89 and the Francestown Zoning Ordinance and map provide the legal basis of the Board of Adjustment's work.

At the April 14, 1983 regular meeting of the Board, O. Alan Thulander was elected Chairman and Herbert Benedict, Clerk. The Board held fourteen public hearings, regular and special meetings.

At the end of the year two applications for a variance and one application for a special exception were pending decisions. (The decisions on the two applications for a variance were made on January 12, 1984.)

PLANNING BOARD REPORT - 1983

At the 1983 Town Meeting a favorable vote on Article #17 set up the necessary money and machinery for the Planning Board to accomplish a complete revision of the Frankestown Zoning Ordinance. Over the past twelve months, the Board has been meeting at frequent intervals, with the help and guidance of Carolyn Baldwin, an attorney specializing in this area of law, to accomplish this task. Several revisions were done and the required public hearings were held to obtain input and reaction from the residents. The finished product is being voted on today and it is hope of the Board that the vote will be a favorable one so that our Zoning Ordinance will reflect the recommendation of the Master Plan, include State-mandated changes and the method of guiding future growth in the best interest of the Town.

Only five subdivisions were brought before the Board for approval during 1983. These five subdivisions created a total of 13 building lots.

Except for the new Zoning Ordinance, there are no matters pending before the Board.

A lot of studying has been done and some records of County roads have been found and deciphered as to what roads they are today. The records of the old County roads was found in the Amherst Records 1793. Others were found in New Boston and Greenfield Records. One is Route #136 Greenfield to Francestown and another is Russell Station Road. Anyone having any other information on old roads it would be appreciated by the committee.

DOG CONSTABLE REPORT

Calls received during 1983 were not limited to stray dogs.

15 strays were picked up (2 more than once) and an effort was made to locate the owner. All but three were picked up by their owners. Two were given good homes by town residents, the other was taken to the Animal Rescue League.

10 calls regarding dogs bothering domestic animals and children, chasing deer, and being neglected.

5 calls regarding missing dogs.

4 calls concerning cats.

2 calls to "round-up" pigs.

1 call about loose sheeps.

Please put your license tag on your dog's collar, not just because you've got it, but because it helps locate you if your dog should run off.

POLICE DEPARTMENT

FRANCESTOWN, NEW HAMPSHIRE 03043

Report of the Police Department for 1983

1983 was another busy year for the Police Department. The Hillsborough County Dispatch Center answered a total of 2162 incoming calls, 513 of these calls required an officer to respond. This was down by 10 calls from last year. The following is a breakdown by month of the calls the Police Department had to respond to.

	Accidents	Burglaries	Motor Vehicle	Larcenies	Misc.	Total
Jan.	9	2	4	4	30	49
Feb.	3	2	3	2	44	54
March	2	4	0	0	26	32
April	2	1	2	0	20	25
May	2	1	3	2	42	50
June	2	1	2	0	33	38
July	3	2	1	0	46	52
Aug.	0	4	3	0	44	51
Sept.	2	2	1	1	29	35
Oct.	2	0	1	1	29	33
Nov.	7	4	1	1	31	44
Dec.	3	0	4	1	42	50

The above does not include the routine patrols or the calls that came in while the cruiser was on patrol. These are calls that someone had to be specifically dispatched for.

The Police Department will have a new phone number as of April 1st 1984. It will be 1-353-1100, the same number you now use for Fire & Rescue. We will now be using FIRE MUTUAL AID in Keene as our Dispatch Center. The Hillsborough County Dispatch Center in Goffstown will not be operating after March 31, 1984 due to budget problems.

This new center will be less expensive than the old system and is more efficient. We will however have to share expenses of the new equipment to make our radio equipment compatible with the equipment in Keene. This is a one time expense and will not be a reoccurring item in the budget.

Board of Selectmen
Francestown, New Hampshire 03043

Dear Selectmen:

The enclosed is written to request continued funding support for Monadnock Family and Mental Health Service for the 1984 fiscal year. Over the past ten years we have maintained the same request of 50¢ per capita from the towns we serve. This year however, due to changes in service requirements mandated by the State Division of Mental Health, we must ask that the requested amount be increased to 75¢ per capita.

The increase will assist in our efforts to continue providing mental health services to the citizens in our catchment area. As an agency we have made and are making efforts to assure the services are continued by staff cutbacks, salary freeze and increased workload.

At 75¢ per capita the amount requested from Francestown is \$618.75, based on the 1980 census data. These funds will be used to assist in continuing services for families and individuals of Francestown. Last year 22 people from Francestown were seen by our agency.

The Peterboro District Office of Monadnock Family and Mental Health Service provides the full range of mental health care to the region, including outpatient and inpatient counseling, day treatment and 24 hour emergency services, seven days a week. There are no age or diagnostic restrictions to our services. The support from our towns have always been critical to our programs. This year however, this is probably more crucial than ever. If there are any questions regarding our programs, or more information is needed, please do not hesitate to contact my office.

Sincerely,

HISTORIANS REPORT 1983

The population of Francestown continues to increase and is now 898. There were 10 building permits issued for new single family dwellings and 21 permits for additions, alterations, outbuildings etc.

"Francestown Echoes" is the name given to an Oral History of our town being recorded by friends of the library. Early in the year this program was begun with a borrowed tape recorder and some tapes purchased by the library with money from their Special Fund and several donations. In October the Francestown Improvement and Historical Society (FIHS) voted \$300.00 to support this project and for the purchase of a recorder and tapes.

Interviews conducted so far have included the following people: Arthur Lord, Emily Lord, Ruth and Arthur Lord, Don and Winnie Hoyt, Merle Mace, Rhoda Lemander, Lucy Holt Andolina, Hervey Patch, Bob Cutter, Fran and Don Pettee, Amy Foote, Elizabeth Thompson, Ingie Anderson, "The Clark Girls: Connie, Betty and June", Reese O'Hanlon, Ethel Caroline Woodbury, and Norton Brown.

Additional interviews are scheduled and suggestions or contributions will be most welcome. Anyone wishing to hear the tapes should contact the librarian.

The FIHS sponsored a lecture by itinerant painter, Christopher Gurshin. A large mural painting was demonstrated and is on display at the library.

The front of the Town Office building which was renovated, by vote of 1982 Town Meeting, was criticized as being inappropriate to its location on the common, when the overhead doors were replaced with a very modern type of window very prominently placed in the center of the building. A concerned group of citizens backed by the FIHS raised over \$2,800 to redesign and replace the windows with traditional colonial style thus restoring the atmosphere of the common area.

The FIHS contributed \$500.00 matched by a grant from the Dept. of the Interior and processed by the State Preservation Dept. for a study of the Meeting House, Town Hall and horse sheds by John Merkle, architectural historian.

The Labor Day Fair continues to be FIHS major fund raising event; The theme of this year parade was "Francestown at work and Play". A pleasant departure from the usual found the judges "Francestown people". They were Joseph Ludwig, and former residents Rhoda Lemander and Mrs. Lawrence Hawkins.

Oak Hill Grange awarded its citizen of the year award to Emily Lord who at 90 years of age is still cheerfully serving the community.

Another Francestown landmark is being restored. The old barn at the Old Whiting Farm. more recently known as the Foote Farm and now owned by Mr. & Mrs. Walter Hauser, has had its underpinnings and roof repaired. This barn is 150

feet long and 42 feet wide and is one of the longest in New Hampshire.

The huge elm tree by the library has finally succumbed to disease and had to be taken down this fall.

A DRAWING BY MERLE MACE depicts the Francestown of an earlier era.

"The 15th Was Special....."

TRADITIONAL CATTLE DRIVE
REMEMBERED IN FRANCESTOWN

May 15th was usually warm. The heavy scent of lilacs filled the air. Apple blossoms, like snow, covered the trees. Their scent was almost too beautiful. Bees burrowed into the pink centers and reeled away.

The 15th was a special day. Children in schools were tense with excitement.

"You'd know ahead of time when the cattle drove was coming." Gladys Vadney said. Her eyes looked past me, drifting into thoughts of her own childhood. "It was quite a sight! You could hear them mooing long before you could see them."

Dust from the dirt roads rose in clouds around them. "We used to be let out of school so we could watch them." Mrs Vadney continued, smiling a little. The tingling, excited pleasure was no different then than now." It took about two hours for them to get through town."

The cattle drive started in Massachusetts. The cows were driven to pasture land in Stoddard, New Hampshire. "Farmers would rent pasture land," Gladys Vadney said in a practical voice, "so much for so many per season."

Herds joined the procession as it went by. Small boys ran along the edge of the road, dashing through gapways into farmer's fields, and darting along the stone walls to reach the next entrance before the cows. They brandished sticks and shouted to keep the cattle from wandering into the newly plowed fields.

Along the road that the cattle travelled housewives would send their children out with sticks. Vegetable gardens were in back yards, carefully fence against woodchucks and other summer marauders. But the flowers were in front, facing the road and the world, tidy, pretty, and defenceless.

"Keep those cows out of my flower garden!" mothers would cry as mooing and dust from the rumbling herd announced its soon arrival.

It took about three days to make the whole trip. The drovers had places they stayed overnight, penning the cattle into several fields, and starting out again early the next day.

This event happened every year in times gone by. The generation that was young in Francestown with Gladys Vadney remember the May cattle drive, its dust, its black flies, its excitement, the sounds and smell of it. Life is so different now. Much that was ordinary in "the old days" doesn't exist anymore except in the memories of those to whom it was every day.

People than had a tranquility that we "moderns" lack, a great independence and resourcefulness by necessity, an indomitable spirit and a dry sense of humor.

How much can be learned from them by listening!
