### FOREST FIRE WARDEN'S REPORT

At this time I should like to thank all the deputies, the townspeople and anyone that helped make this last year a successful one for the fire season.

We had only a few small fires and these were soon under control.

This should interest us all as the Town has to pay one half the expense. Let's try and make next year as good if not better.

I should say that most everyone is very good about getting permits.

### HEALTH OFFICER'S REPORT

---

We were very fortunate during the past year, as there was not any serious sickness, so as to have to quarantine. Although we did have a few cases of mumps and measles, no one was sick for any length of time.

This is a very good record and let's try to keep it.

The monthly reports of the samples of water and milk were also very satisfactory.

I want to thank everyone for their fine cooperation.

**REPORT OF THE SUPERINTENDENT OF SCHOOLS**

---

I respectfully submit my second annual report as Superintendent of Schools for the Town of New Hampton. This report covers the calendar year ending December 31, 1946.

At the close of school in June Mrs. Maude E. Weare resigned as teacher at the Fiske School. Mrs. Anna Adams, for a number of years Supervisor of Music in the schools of New Hampton, resigned in June, and it has not been possible to find a person to take her place.

An effort has been made during this year to evaluate and standardize the instructional program. In the areas of language and number skills, basic programs for all schools have been introduced. Many text book replacements will be in order for the new year. A basic reading system should be introduced and improved texts in the social studies area are a necessity.

It is a privilege and pleasure to work with the New Hampton School Board and teachers in the promotion of the educational welfare of your boys and girls.

Respectfully submitted,

DONALD W. DUNNAN  
Superintendent of Schools

**REPORT OF THE SCHOOL NURSE**

---

School visits, 75

Pupils inspected, 95

The pupils were weighed and measured twice during the year. Vision tests were taken with the Telebinocular and hearing tests with the Audiometer. Individual inspections were made whenever it seemed necessary.

**Result of the physical examinations**

Defective vision, 11

Defective teeth, 23

Defective tonsils, 4

Skin conditions, 6

Of the eleven pupils who have defective vision, ten are being corrected with glasses. Six pupils had their dental work done; two have had their tonsils removed; seven were taken to the T. B. clinic for a thorough checkup, chest examinations and x-ray pictures—reports were all negative.

Toxoid clinics were held in April and May for the pupils in the first five grades and for pre-school children. Dr. Turley was the physician in attendance, assisted by Mrs. Joanne Carter of the Board of Health and the School Nurse.

The First Aid Kits which had been used at the First Aid Stations during the war were placed in the schools. This was a great improvement on the previous kits.

The Red Cross Committee voted to have cod liver oil tablets in the schools, but due to the scarcity of cod liver oil we were unable to procure them.

I wish to express my appreciation to all who assisted in carrying out the health program.

Respectfully submitted,

EVA A. HENEY, R. N.
