## RESEARCH, ECONOMIC ENGAGEMENT AND OUTREACH UPDATE

June 16, 2022

### ANNOUNCEMENTS

#### Pilot GrantForward

We are testing GrantForward, a new tool to help you find funding for your projects. GrantForward has adaptive search filters to make it quick and easy to find the perfect grant opportunities and a personalized funding recommendation service. We're looking for researchers to try it out! Learn more about [GrantForward](#). Create an account and get started [here](#). Questions? Contact [Lynnette Hentges](#) or [Mark Milutinovich](#)

#### Workshop Resources

Slides and resources from past research development programs are available [here](#). Information from previous UNH Collaborative Research Excellence (CoRE)-funded projects, as well as resources to support collaborative and interdisciplinary research, are [here](#).

## Research Communications Academy Videos

Missed a session of the 2022 Research Communications Academy? Learn communications skills — from creating better academic posters to engaging with policymakers — from experts with recorded sessions [here](#).

## FUNDING OPPORTUNITIES AND RESOURCES

### COVID-19 Funding and Research Resources

See [COVID-19 Funding Opportunities, Research Priorities, and Resources](#) and the [Quick Guide - Resources Supporting COVID-19 Research](#).

### Limited Submission Programs to Act on Now

Because some sponsors limit the number of applications from an institution, please contact [Mark Milutinovich](#) as soon as possible if you are interested in applying to any of the following. Be sure to watch for our email at the start of each month for a more comprehensive list or check [current LSP Deadlines](#).

Virtual

This virtual event is your opportunity to see NSF Convergence Accelerator's portfolio in a live exhibition format. Attendees will be able to connect with more than 45 funded research teams across six convergence research track topics that are focused on national-scale societal challenges. This year's tracks include:

- AI-Driven Data Sharing & Modeling
- AI & the Future of Work
- Networked Blue Economy
- Open Knowledge Networks
- Quantum Technology
- Trust & Authenticity in Communication Systems

Who should attend: Researchers, innovators, technology and business practitioners, and media from academia, industry, government, nonprofit, and other communities. Register [here](#).

### GRAD 891 – National Science Foundation Graduate Research Fellowship Preparation

August 29 – October 14, 2022 (Half Term)

This [course](#) is designed to enable students to receive information, guidance and support in applying for the National Science Foundation (NSF) Graduate Research Fellowship Program (GRFP). Students will become familiar with the NSF, its mission and the selection criteria for this fellowship. Through independent work and collaborative exercises, students will strengthen writing skills and develop a strong application. For more information contact [Jeanne Sokolowski](#) or [Michael Thompson](#).

### GRAD 930 — Ethics in Research and Scholarship

August 29 – 12/12/2022 (Full Term)

Online

This is an interdisciplinary graduate seminar where students explore a wide range of issues related to the ethical

conduct of research and scholarship. This course helps prepare students to conduct themselves as researchers in accordance with today's standards for scientific integrity and professional ethics. Classes are predominantly discussion-based, relying on case analysis; guest speakers address topics from a variety of perspectives. Completion of this course meets the graduate school's incoming PhD student RCR training requirement as well as the NSF's and the USDA National Institute of Food and Agriculture's RCR training requirement. More information [here](#), or contact the instructors, [Julie Simpson](#) or [Maria Emanuel](#).

## GOOD NEWS
