FINANCE COMMITTEE'S REPORT

It is with pleasure that your committee reports the excellent condition of your town's finances.

There is a balance of over \$5,000. Most of the expenditures were kept down to the amount of the appropriations with the exception of certain items which there was no control over.

The question of the purchase of a tractor for plowing snow as discussed and in the opinion of your committee it would be unwise to buy a tractor as long as we can hire one locally or until such time as the town will vote to provide better supervision over road maintenance and road equipment.

We believe the relocation of a section of the Mountain Road in South Tamworth would be an improvement, the expense to be assumed by Mr. Charles Thompson.

Article 21, For several years these hospitals have served this community. In many cases patients have been admitted and received treatment without any remuneration to the hospital. We feel our town has a moral obligation to make a small contribution.

According to the budget approved by your committee our tax rate should not exceed \$3.00 in 1940 which seems to be a reasonable rate.

It is suggested that the town vote to authorize the selectmen to establish a sinking fund, whenever there appears a sufficient balance, to be used for wash-outs or the purchase of summer or winter road equipment should an emergency arise.

FIRE WARDEN'S REPORT

The nineteen thirty nine season was the worst in a number of years, with about one hundred and fifty acres burned over, this, coupled with large areas in Madison and Freedom made the costs very heavy.

It is hoped before another season a group of trained fire fighters may be organized, and in cooperation with other towns may be established whereby fires may be handled with less expense.

ANNUAL REPORT OF TAMWORTH OUTING CLUB

The Tamworth ski-slopes which have been established in previous years, namely the Page Hill Slope, the Great Hill Slope, the Quimby Hill Slope and the Mount Whittier Trail, now require only yearly maintenance, which is chiefly the cutting of brush. With the exception of the Quimby Slope, which is maintained by the Government Forestry Service, all slopes have been brushed this year, labor being part voluntary, part hired. A new tow-rope was purchased for the Page Hill Tow, which now operates successfully and is run every week-end, with an Outing Club representative in charge. A much-needed parking-space has been made on the Page Hill Road at the foot of the Slope, with turnaround for cars. The hut at the base of the slope has been repaired and resurfaced with slabs which were the gift of South Tamworth Industries labor for this being volunteered. A hut has also been installed at the base of the Mount Whittier Trail.

Five thousand circulars were issued advertising winter sports facilities in the Tamworth area, and distributed to tourist agencies, to Winter Sports Shows in cities, to the Boston & Maine Station in Boston and the Grand Central Station in New York, and other key places.

Increased winter business has resulted in a demand for ski instruction, and accordingly the Tamworth Ski School was formed with R. W. Read as Manager, Don Shaw as Head Instructor, and Whipple Farnum and Ned Behr as Assistant Instructors. This undertaking has met with immediate response. In spite of poor snow conditions early in the season, which necessitated the postponement of the Ski-Meet planned for the holidays, enthusiastic ski classes were held every day, and some 200 lessons were given before January 1, with resultant widening of the fame of the region. For this project the Outing Club contributed

initial support, in return for which the Ski School engaged to give free instruction to pupils of the Tamworth schools.

During 1939 two sled-dog races were brought to the Tamworth area. One, a New Year's Day race, was held on Chocorua Lake with 26 teams entering. On February 24-25 the New England Championship Race was held, starting at Wonalancet, the funds for which were donated by Frederick Lovejoy, President of the New England Sled Dog Club. About 20 teams entered this race, and to the event were added a wood-chopping contest and a square dance in Huckins Barn.

Huckins Barn was re-released for 1939 from the State Department of Forestry and the following activities and events have been held there: square dances, 8 during the summer, 2 during Christmas week, several more in the course of the year, with resulting revenue to the club (for these either the local Tamworth orchestra is engaged or a Victrola used when attendance is smaller); the annual summer Ping-Pong Tournament arranged by W. C. Goodson, which this year drew a very large attendance; several private Badminton parties, using the Badminton court; and the Annual Meeting of the Outing Club, at which a most interesting colored movie was presented to the membership, "Winter in the White Mountains," with accompanying descriptions by Winston Pote the photographer. At this meeting it was voted to hold in future on the first Tuesday evening of each winter month meeting of the Executive Committee which shall be open to all members in good standing, in order to spread more information regarding club activities and secure more active cooperation.

The Outing Club also offered its membership a movie in the Town House called THE SKI CHASE, at the time of Hannes Schneider's arrival in New Hampshire, this being a presentation of Schneider skiing in the Arlberg Valley in Austria where his famous ski-

school was. From 70-75 people attended the movie.

A Tamworth Field Day was held August 27 at the Fair Grounds which the Outing Club sponsored in cooperation with others, and helped to organize and run. The program included the following events: Horse Show, Tractor Race, Ploughing Contest for Tractors and for horses, Track Racing and Jumping, Track Sports for children, Dog-Race on wheels, Ski-Race with obstacles, Baseball Game, and the renting of a Band for the occasion.

SUPERINTENDENT'S REPORT

I hereby submit my seventeenth annual report as superintendent of schools, it being the twenty-seventh in the series of such reports.

"It costs from \$2000 to \$2500 to educate a farm child up to the age of fifteen. The migration of farm youth to the city is, therefore, a costly contribution by rural families to city life. The United States Department of Agriculture estimates that the migration from farm to city from 1920 to 1929 represented a contribution of fourteen billion dollars."

If this migration is still going on, wouldn't it be well to find jobs for our boys and girls and keep them at home? A Placement Committee could be organized to help the high school graduates in their efforts to secure higher education or to find jobs which promise some advancement.

The unemployment situation in the country is tragic. Allegedly there are 10,000,000 unemployed, 4,000,000 being young persons between sixteen and twenty-four years of age. Disappointed youth has the greatest right to complain. Free government is on trial today in the opportunity and faith in the future that it offers to youth. Unemployed youth is the soil on which dictatorships grow to power.

It would be much to the point to introduce Agriculture and Farm Mechanics for the boys of Tamworth High School. With Federal aid and cooperation with another high school this could be done at comparatively small cost.

Improvements

The school board still pursues its good policy of improving school property. Chocorua schoolhouse has been painted. At Downs, the woodshed was enlarged and a steel ceiling installed in the schoolroom. Extensive improvements were made at Bemis schoolhouse. An oil heater was installed and furnace heat

provided for both rooms. Steps were replaced and the lawn improved. I recommend the installation of septic toilets at Chocorua.

It is recommended that more be done at each school to beautify the lawns with shrubbery and flowers. In a delightful town like Tamworth, with many summer visitors, the school grounds should be spots of beauty.

High School

Our high school is still standing well in accomplishment, having taken first place in Arithmetic in Scholarship Day contest held at Plymouth Teachers' College last May. This is the second time that a team from this school has won this enviable distinction.

Visual education is still receiving attention in all the schools. Of special note this year have been "Old Scrooge" as a Christmas picture and a Posture reel, showing boys and girls in proper positions in sitting and standing. It should be remembered that good posture adds much to graceful and attractive personality, which young people should desire.

Last June we graduated a class of seven from the high school. Headmaster Louis L. Ramsay, made special effort to direct these graduates toward higher education.

The following graduates of the high school are taking post-secondary work in advanced institutions: Louise Hidden is in Keene Teachers' College.

Frances Hidden is attending Business College in Portland.

Barbara Mason is in training in the Bellevue Hospital in New York.

Ruth Vittum and Joseph Weiss are attending Plymouth Teachers' College.

Teresa Mason is in Concord Business College.

Carolyn Hammond is attending the University of New Hampshire.

Marguerite Buck is in Portland Business College.

Statistics

For the year ending June 30, 1939, we had an average attendance of 162, an average membership of 170 and a percent of 95.7. Those schools having a percent of 95 or over were: Tamworth Grammar, 97.8%; Downs, 97.73%; Bemis Grammar, 97.38%; Tamworth Primary, 95%.

F. W. JACKSON
