ANNUAL REPORTS
OF THE
TOWN AND SCHOOL OFFICERS
FOR THE YEAR ENDING DECEMBER 31, 1985

BARRINGTON

UNIVERSITY OF NEW HAMPSHIRE
LIBRARY

STRAFFORD COUNTY IS GROWING FAST

The New Hampshire population growth rate between 1973 and 1983 was 19.6% -- the fifteenth highest rate in the nation and the second highest rate among the eastern states. This means the population will double in thirty years.

In Strafford County there is currently one person per 2.7 acres of land. Listed below are the growth percentages for each town in Strafford County during the 1982-88 period:

	% growth
Durham	35.0
Dover	4.8
Madbury	18.0
Middleton	18.7
New Durham	41.1
Barrington	50.7
Rochester	10.9
Strafford	33.5
Lee	36.8
Rollinsford	18.6
Farmington	19.0
Somersworth	6.3
STRAFFORD COUNTY	12.0%

Much of this growth will take place on agricultural land.

Priorities for the future must be determined now so valuable resources (like being able to feed ourselves) can be saved.

(Source: U.S. Census, OSP N.H. Econometrics)

Memo to the Town Government:

1985 was a year of many changes for Barrington.

Changing laws, both State and Federal posed challenges that were met by all departments.

We are now at a threshold where taxpayers must make a decision, based on long hours put in by the Planning Board and Strafford Regional Planning, as to how we may control growth to a pace taxpayers can absorb.

External interests come forth, with opposing views to growth control, that change as fast as the weather, and lean to the individual rather than the majority. Barrington is not alone in this rapid growth problem. All one has to do is read the papers.

Each and every department, person and organization in the Town deserves a commendation for another year of outstanding community service.

I hope taxpayers realize just how many bargains the town has in services and take the opportunity to thank these individuals.

Charles Soule
Chairman,
Board of Selectmen

JAMES DUNTON PIERCE

(Known Mostly to His Friends In Barrington as "J. D.")

"J.D." was the son of Lewis and Comfort (Blount) Pierce, born on August 4th, 1894. He was born in the house where he resided all his life. His grandparents Moses and Susan (Dunton) Pierce built the house in the 1850's, and they lived in the house next-door now owned by Ronald Dyer.

He attended school in Barrington and later the Hayes School in Madbury. He worked a few years at Haley's Grain Mill at the junction of Route 125 and Route 9. At that time the B.&M. railroad ran where Route 125 is today.

"J.D." was married to Edna Fernald for over 64 years. They had three children Eleanor, Wesley and John. He worked at various farm and wood jobs in the area, the last being the Barrington Dump where he worked with his brother-in-law Fred Conway.

He was very much interested in Barrington events altho, he never participated in the politics of the Town. During the late teens or early 1920's "J.D." was the Road Agent for the Barrington area closest to the town of Lee.

"J.D." suffered a stroke but it didn't keep him from being interested in the folks he knew so well in Barrington and although confined, he always managed to see and speak to many of his old friends.

His life came to an end on November 23, 1985 and he was interred in the family plot on Pierce Road.

Many have and will continue to miss him.

II. TOWN MEETING

TOWN MEETING MARCH 13-14, 1985

At a legal meeting of the inhabitants of the Town of Barrington in the county of Strafford in said State, the following action was taken on the Town Warrant. On Tuesday, the 13th day of March the polls were opened at 10:00 AM and closed at 6:30 PM. The articles of business were acted upon Wednesday, the 14th day of March 1985 at 7:30 PM.

The meeting was called to order by Moderator Frederick N Timm at 7:30 PM.

Number of eligible voters on check list: 2,755
Number of votes cast by official ballot: 356
Number of votes cast by absentee ballot: 1

ART. 1 To vote by ballot on the following question:

1. Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Town Zoning Ordinance, as follows:

The proposed Amendment is entitled a "Growth Management Interim Regulation" and deletes and replaces the Growth Control Ordinance contained in Article XII of the present ordinance. The "Growth Management Interim Regulation" shall be a term of a maximum of one year so as to allow the Planning Board adequate time to (1) complete a capital improvement program; (2) consider altering the Town's Master Plan, and; (3) consider a growth management ordinance for a term in excess of one year. The proposed Ordinance limits building permits for new single family residential units and manufactured housing to sixty per year and **limits** building permits for new single bedroom dwelling units to thirty per year.

VOTES CAST: YES: 249 NO: 91

2. Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Town of Barrington, which will delete the present Section 7,(c) 11 and will replace this section with the following:

"All land abutting a state highway is designed as being located in the Agricultural - Residential - Commercial Zone (Zone B). Pursuant to Section 5.1 of the within ordinance, the specific area of said zone is delineated on the town zoning map."

(BRIEF TOPICAL DESCRIPTION OF AMENDMENT: Article 7.(c) 11 of the present Zoning Ordinance provides that all frontage of state highway has the potential for commercial development,

however, the present ordinance contains a limitation that no more than a total of 20% of this frontage per linear mile may, in fact, be developed for commercial use. The Planning Board proposes that the 20% limitation in Section 7(c) 11 be deleted. The result of said deletion shall be that all frontage on all state highways may be developed for commercial use.)

VOTES CAST: YES: 158 NO: 181

3. Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the Town of Barrington as follows:

"That the present Section 7.(c) 3 of the Barrington Zoning Ordinance which provides as follows: "The minimum street frontage requirement in Zone B for a commercial use shall be 400 feet", shall be deleted and replaced by the following:

"The minimum street frontage requirement in Zone B for a commercial use shall be 400 feet with the following exception: (a) Access to a parcel of land in Zone B may be provided from a state highway by a right of way having a minimum width of 50 feet provided said parcel meets all other dimensional requirements of Section 7 (C) of the within ordinance. The right of way shall be constructed to town roadway specifications."

(BRIEF TOPICAL DESCRIPTION OF AMENDMENT: Under the present Section 7(c) 3, all commercial uses are required to have 400 feet of highway frontage. The proposed amendment permits commercial uses in the zone without highway frontage as long as the lot is serviceable by a right of way built to town specifications and complies in all other respects with the zoning ordinance.)

VOTES CAST: YES: 212 NO: 126

NON BINDING REFERENDUM QUESTION

The State of New Hampshire has proposed a four lane toll road connecting Concord to Portsmouth. The proposed highway would pass through Barrington parallel to and north of Route 4. The proposed route would run between Mendums Pond and Swains Lake. Access onto the highway will be located to the west in Northwood and to the east in Lee. Barrington will have no direct access to the highway. The proposed Toll road will displace approximately 350 acres of Barrington land.

Do you favor the proposed four lane Toll road being routed through Barrington?

VOTES CAST: YES: 68 NO: 279

ART. 2 The following town officers were elected:

Selectman for three years	
George T. Musler	315 votes
Treasurer for three years	
Ronald P. Seaver	333 votes
Auditor for three years	
Clarence J. Garnett	306 votes
Town Trustee of Trust Funds for three years	
Robert V. Drew	324 votes
Town Clerk for three years	
Muriel T. Leocha	339 votes
Tax Collector for three years	
Madelynn N. Faist	312 votes
Special Library Trustee for three years	
Dorothy B. Berry	331 votes

ART. 3 It was voted by the town to authorize the Selectmen to appoint all other necessary town officers. Motion: G. Musler P.Newhall

ART. 4 Mrs. P. Newhall made the motion that the article be accepted with the following corrections:

On Page 6, Douglas Stevenson was inadvertently left off as a member of the Conservation Commission. Also, on the Zoning Board, Richard Hill is a regular member, and Richard Hobbs is the alternate on the Zoning Board.

On Page 22, Article 1, Section 1 - this is one of the articles that was voted on yesterday - it should read: "manufactured housing" instad of "mobile homes." On the ballot it was listed as "manufactured housing"; in the warrant it was "manufactured housing"; in the Town Report it is "mobile homes," and it should read "manufactured housing."

On Page 23, this also was correct on the ballot that was voted on yesterday - 3(a) should read; "the right of way having a minimum width of 50 feet," instead of "maximum length of 50 feet."

On Page 24, the figure to write in for Article 6 is \$665,107.00. That is 6-6-5, 1-0-7, in Article 6. Article 14, the second line of that article should read: "...all Pine Grove Cemetery moneys."

On Page 28, which is the Source of Revenues, under Miscellaneous Revenues," it should read "59,000" from the surplus instead of 39,000. Under Miscellaneous Revenues, from the surplus, it should read "59,000" and the total for that column should read 5-4-4, 2-5-0.

On Page 63, which is the report of our medical coordinator, Joel Sherburne's name was inadvertently omitted. The Town voted to accept Article 4 with aforementioned corrections. MOTION: P. Newhall G. Musler

ART. 5 A motion was made by Richard Bottom to amend the article to increase the election officials salaries by five per cent. in keeping with the \$9000.00 for the tax collector and the increase for the selectmen's salaries to \$1125.00, \$1225.00 and \$1325.00 as opposed to \$900.00, \$925.00 and \$950.00. MOTION passed. Motion seconded by C. Soule

ART. 6 A motion was made by Charles Soule that the Town vote to raise and appropriate and expend the amount of \$665,157.00 to cover all items in the budget not covered by articles in the warrant. That includes the \$50.00 increase for the election officials. Motion seconded by P. Newhall Motion passed.

ART. 7 It was voted by the Town to authorize, as required under RSA 36:46 II, membership in the Strafford Regional Planning Commission and appropriate the sum of \$3,313.00 as dues for membership in the Commission for one year. MOTION: D. Altain P. Newhall

ART. 8 It was voted by the Town to authorize the Planning Board to prepare and amend, as needed, the recommended program of municipal capital improvement projects for a period of at least six years, as authorized under RSA 674:5. MOTION: G. MUSLER P. NEWhall

ART. 9 It was voted by the Town to authorize withdrawal by the Selectmen from the Federal Revenue Sharing Fund the sum of \$11,000 to be used as the first payment on the lease-purchase agreement for a backhoe. MOTION: G. Musler C. Soule

ART. 10 It was voted by the Town to authorize withdrawal by the Selectmen from the Federal Revenue Sharing Fund the amount of \$4,150 as Barrington's share of the cost of revitalizing the dispatch equipment operated by the Strafford County Sheriff's office. MOTION: C. Soule P. Newhall

ART. 11 It was voted by the Town to authorize the Selectmen to spend up to \$59,000 for a new town truck outfitted with plow and sander. MOTION: P. Newhall C. Soule

ART. 12 It was voted by the Town to authorize withdrawal by the Selectmen from the Federal Reserve Sharing Fund an amount of \$8,620 for the use as a set-off against the following debt service: for the compactor \$8,000 plus \$620 equals \$8,620. MOTION: P. Newhall G. Musler

ART. 13 It was voted by the Town to raise, appropriate and expend the amount of \$5,500 in settlement of legal fees to New Hampshire Legal Assistance Association." MOTION: G. Musler P. Newhall

ART. 14 To see if the Town will vote to eliminate the Pine Grove Cemetery Trust Fund and authorize the management of all cemetery monies by the Town Treasurer (in a cemetery fund.) It was voted by the town inexpedient to legislate upon advice by the Attorney General of the State

ART. 15 To see if the Town will authorize the expenditure of \$3,000 from the Pine Grove Cemetery Funds for cemetery maintenance. It was voted by the town inexpedient to legislate upon advice by the Attorney General of the State.

ART. 16 It was voted by the Town to raise the sum of \$20,000 to be added to the Fire Truck Capitol Reserve Fund. MOTION: A. Calef C. Soule

ART. 17 It was voted by the Town to raise the sum of \$4,000 to be added to the Ambulance Capitol Reserve Fund. MOTION: J. Sherburne P. Newhall

ART. 18 It was voted by the Town to authorize the Selectmen to hire an auditing firm for 1985 at a figure of \$5,000 to work with the town auditors until their present terms have expired as scheduled. MOTION: P. Newhall C. Soule

ART. 19 A motion was made by R. Bottom and seconded by G. Musler that the Town lay out and rebuild a section of the Beauty Hill Road, beginning at the intersection of Hall Road, continuing westerly for approximately one and three-quarter miles to its intersection with Young Road and to see what sums of money the Town will raise and appropriate to rebuild the section of road or any portion thereof estimated to be \$60,000 per mile or a total cost not to exceed \$105,000. MOTION WAS DEFEATED

ART. 20 A motion was made by E. Tabor and seconded by G. Musler that the Town vote to raise, appropriate and expend the sum of \$79,000 to upgrade and seal that portion of Wood Road 1.22 miles which is still gravel. MOTION DEFEATED

ART. 21 To see what sum the Town wishes to appropriate to correct the seepage problem existing along the North wall of TownHouse. Moderator F. Timm advised that the problem had been solved and declared the article inexpedient to legislate.

ART. 22 It was voted by the Town to authorize the Selectmen to contract management and maintenance of the Town's

auditorium to the Barrington School Board for the period of July 1, 1985 to March 1, 1986. MOTION: P. Newhall
R. Bottom

ART. 23 It was voted by the Town to extend Social Security coverage to all workers. MOTION: C. Soule P. Soule

ART. 24 It was voted by the Town to have the cemetery rules regarding flowers changed from 'No Planting Allowed' to 'Allowing planting of flowers, no trees or shrubs, in front of the stones or on sides up to 10 inches and the width of the base. MOTION: H. ERickson G. Musler

ART. 25 To see what sum the Town will vote to raise, appropriate and expend in support of the Lakes Region Association for the purpose of publicizing and promoting the natural resources of the Town, in cooperation with other towns in the Lakes Region. A motion was made by D. Stevenson and seconded by P. Newhall that this article be inexpedient to legislate. MOTION PASSED

ART. 26 A motion was made by D. Hatch and seconded by G. Musler that the Town vote to set aside a defined portion of the Town-owned property adjacent to Smoke Street for use by the Veterans of Foreign Wars, said property to be used as a site for a building that the VFW will locate and maintain for their meetings and the meetings and activities of certain other local organizations, that the portion shall be two acres and that the Town shall sell the property for one dollar. MOTION PASSED

ART. 27 To see if the Town will vote to authorize a one percent discount on property tax payments made within fifteen days after date of issuance. MOTION DEFEATED
YES: 72 NAY: 82

ART. 28 It was voted by the Town to authorize the Selectmen to borrow in anticipation of taxes. MOTION: G. Musler
P. Newhall

ART. 29 It was voted by the Town to authorize the Selectmen to apply for, accept, expend, without further action by the Town Meeting, money from the State, federal or other government unit or any private source which becomes available during the fiscal year. (RSA Chapter 31) MOTION: P. Newhall
G. Musler

ART. 30 To see if the Town will vote to elect by majority vote two members for three years to the Advisory Budget Committee. Mr L. Monti nominated Peter Royce. Mr. Al Greenwood nominated John Enos. NOMINEES accepted by the town.

ART. 31 It was voted by the Town to authorize the Selectmen to dispose of those items designated as surplus. MOTION: P. Newhall C. Soule

ART. 32 It was voted by the Town to authorize the Selectmen to sell the following town property as a non-building lot at public auction: Long Shores, Lot E-4. MOTION: P. Newhall G. Musler

ART. 33 Mr. Shepherd: I'd like to make a resolution that the Selectmen write to the Governor of New Hampshire -- and I'm not saying Governor Sununu because there may be a heart attack or something and there may be another governor -- requesting that I-393 as presently proposed not be constructed; rather, the traffic from Canada, Concord and other places, be routed along an expanded Route 4. RESOLUTION PASSED

Mrs. Short: I move the following resolution: "We, the citizens of Barrington, being aware of the threat of nuclear winter and the consequent extinction of all life on earth, do earnestly entreat our representatives at all levels of government to act in accordance with our concern. We respectfully request that you recognize the need for mankind to mature, to learn how to resolve conflict without violence, so that our planet may be preserved. RESOLUTION PASSED

A motion was made by G. Musler and seconded by C. Soule to adjourn the meeting at 10:45 PM.

A true copy of the warrant, attest:

Muriel T. Leocha

Moderator Frederick Timm administered the official swearing in of the following newly elected town officials:

George Musler, Madelynn Faist, Ronald Seaver and Muriel Leocha

THE STATE OF NEW HAMPSHIRE
TOWN WARRANT

To the Inhabitants of the Town of Barrington in the County of Strafford in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the auditorium, Barrington Community Building in said Barrington on Tuesday, the 11th day of March next at ten of the clock in the forenoon.

Polls open at 10:00 A.M.
Polls close at 6:30 P.M.

Articles of business to be acted on Wednesday, March 12, 1986 starting at 7:30 P.M.

Article 1. To vote by ballot on Tuesday for the following question:

ARE YOU IN FAVOR OF THE ADOPTION OF THE AMENDMENT TO THE ZONING ORDINANCE AS PROPOSED BY THE PLANNING BOARD OF THE TOWN OF BARRINGTON WHICH IS ENTITLED "TOWN OF BARRINGTON GROWTH MANAGEMENT ORDINANCE" AS FOLLOWS:

- The proposed Growth Management Ordinance limits the number of building permits for the construction of single family dwellings, converted dwellings, manufactured housing and multi-bedroom units to sixty (60) units per year;
- The proposed Growth Management Ordinance limits the number of building permits for the construction of one (1) bedroom dwelling units to thirty-five (35) per year;
- The proposed Growth Management Ordinance does not limit the number of permits for nondwelling construction, senior citizen housing and federal housing or permits for the expansion, alteration, renovation or replacement of existing nonseasonal dwellings;
- The Growth Management Ordinance is for a term of three (3) years and is subject to annual review by the Planning Board to ascertain the affect which the Ordinance has had in achieving its stated purposes?

Article 2. To choose all necessary Town Officers by ballot and majority vote, including:

One Selectman for three years
One Trustee of Trust Funds for three years
One Supervisor of Checklist for three years
Three Cemetery Commissioners:
One for three years, one for two years, one for one year.
One Moderator for two years.

Article 3. To see if the Town will authorize the Selectmen to appoint all other necessary town officers.

Article 4. To see if the Town will vote to accept the reports of its officers and agents as contained in the Town Report.

Article 5. To see if the Town will vote to compensate the Tax Collector on a salary basis plus statutory fees as provided for in RSA 41:33. (If passed salary goes from \$9,600 to \$9,000 per year).

Article 6. To see if the Town will vote to raise, appropriate, and expend the amount of \$783,898.00 to cover all items in the budget not covered by articles in the warrant.

Articles 7. To see if the Town will vote to authorize withdrawal by the Selectmen from the Federal Revenue Sharing Fund the sum of \$14,000 to be used to purchase a new police cruiser, equipped.

Article 8. To see if the Town will vote to spend up to the sum of \$90,000 for the purchase of a fire truck and finance the program as follows:

- . authorize the Selectmen to withdraw \$30,000 from the
Fire Truck Capital Reserve Fund
- . authorize the Selectmen to withdraw \$8,000 from the
Federal Revenue Sharing Fund
- . raise the balance by taxes \$52,000

Articles 9. To see if the Town will vote to authorize withdrawal by the Selectmen from the Federal Revenue Sharing Fund the amount of \$8,000, to be used to convert the old fire truck into a water tanker.

Article 10. To see if the Town will vote to raise and appropriate \$4,150 as final payment for update to Strafford Dispatch equipment.

Article 11. To see if the Town will vote to raise the sum of \$4,000 to be added to the Ambulance Capital Reserve Fund.

Article 12. To see if the Town will raise and appropriate the sum of \$120,426 for support of a full time Police Department.

Article 13. To see if the Town will vote to discontinue the 1% discount on property taxes.

Article 14. To see if the Town will continue to authorize the Selectmen to contract management and maintenance of the Town's Auditorium to the Barrington School District until such authorization is altered by a subsequent vote at a Town Meeting.

Article 15. To see if the Town will authorize the Selectmen to borrow in anticipation of taxes.

Article 16. To see if the Town will vote to adopt written welfare guidelines as proposed by the Board of Selectmen, Chapter 380 of the Laws of 1985 requires the Town to adopt written welfare guidelines prior to April 1, 1986. (Copies are on file with the Town Clerk).

Article 17. To see what sum the Town will vote to raise, appropriate and expend in support of the Lakes Region Association for the purpose of publicizing and promoting the natural advantages as well as the preservation of the natural resources of the Town, in cooperation with other towns in the Lakes Region.

Article 18. To see if the Town will vote to waive the fee charged for a permit to register one motor vehicle owned by any person who was captured and incarcerated for 30 days or more while serving in a qualifying war or armed conflict as defined in RSA 72:28-IV, and who can furnish proof to Town Clerk of honorable discharge.

Article 19. To see if the Town will authorize the Town Clerk to include Barrington School District Absentee Ballots, when mailing out Town Absentee Ballots; as permitted under Chapter 102, RSA 671:21, 1,2,3.

Article 20. To see if the Town will vote to extend Social Security coverage for services performed by election officials or election workers for each calendar quarter in which the remuneration paid for such services is less than \$50.00.

Article 21. To see if the Town will authorize the Selectmen to apply for, accept and expend, without further action by the Town Meeting, money from the State, Federal or other government unit or any private source which becomes available during the fiscal year RSA Chapter 31.

Article 22. To see if the Town will authorize the Selectmen to sell at public auction all property taken by the Town for non-payment of taxes, not considered beneficial to future use by the Town.

Article 23. To see if the Town will vote to elect by majority vote three members for three years to the Advisory Budget Committee.

Article 24. To see if the Town will authorize the Selectmen to dispose of those items designated as surplus.

Resolution 25. To see if the Town will vote to call upon its representatives at all levels of government to support the President of the United States in his goal of eliminating nuclear, chemical and biological weapons from our planet before the year 2000. (By Petition).

Resolution 26. To see if the Town will vote to oppose the burial, storage, transportation and production of high level radioactive waste in the Town of Barrington and State of New Hampshire; and to call upon Congress to conduct an independent investigation with full public participation into the feasibility and prudence of the United States Department of Energy (DOE's) present plan to dispose of radioactive waste and into the DOE's competence to carry out such a plan. (By Petition).

Article 27. To transact any other business that may legally come before said meeting of the honorable Town Government.

Given under our hands and seal, the 18th day of February in the year of our Lord Nineteen Hundred and Eighty Six.

Concord, 03301

MUNICIPAL SERVICES DIVISION

FREDERICK E. LAPLANTE
Director

LORRAINE F. RACETTE
Assistant Director

AUDITOR'S OPINION

Board of Selectmen
Town of Barrington
P.O. Box 86
Barrington, N. H. 03825

We have examined the combined Financial Statements of the Town of Barrington as of and for the year ended December 31, 1983, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and included such tests of the accounting records as we considered necessary in the circumstances.

As described more fully in Note 1, the Combined Financial Statements referred to above do not include financial statements of the General Fixed Assets Account Group, which should be included to conform with generally accepted auditing principles.

In our opinion, except for the effects of the matters described above, these Combined Financial Statements referred to above present fairly the financial position of the Town of Barrington, New Hampshire at December 31, 1983 and the results of its operations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with the preceding year.

Our examination was made for the purpose of forming an opinion on the Combined Financial Statements taken as a whole. The accompanying financial information listed as supplemental schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the Combined Financial Statements of the Town of Barrington. The information has been subjected to the auditing procedures applied in the examination of the Combined Financial Statements and, in our opinion, is fairly stated in all material respects in relation to the Combined Financial Statements as a whole.

May 18, 1984

Municipal Services Division

IV. REPORTS OF TOWN OFFICERS, AGENTS AND ORGANIZATIONS

ROAD AGENT'S REPORT 1985

The Highway Department maintains about 55 miles of Class V roads in Town of which about 14 miles are gravel. Every year gravel is applied to certain roads on a three year rotational bases. Most gravel roads are graded at least once, usually twice and some three to four times depending on adverse effects due to traffic and weather. STG roads are sealed on a seven year rotational program. The frequency of sealing depends greatly on the amount of traffic and conditions of pavement.

Included in the budget under road improvements is an appropriation for beginning reconstruction of Beauty Hill Road. This is an important and much needed project. The road bed is narrow and inadequate for current traffic levels. An appropriation will be asked for in 1987 to complete this project. Also, included under this section of the budget is a re-appropriation for some improvement projects on Scruton Pond Road. These monies were not expended last year and I hope we can continue the funds through reappropriation.

The new backhoe/loader rental - purchase is working very well and is showing a savings to the Town over the short term and should prove to be an even greater savings over the long term (after four years the Town will own the JD410B 4WD Backhoe loader). The new diesel truck/plow and sander is in service and should be a long use unit.

Our crew, Mike Morrissey and Peter Cook, and I ask your continued support through your vote to fund the highway budget.

Respectfully Submitted,

Ronald Landry
Road Agent

REPORT OF THE ANIMAL CONTROL OFFICER

We are concerned with the number of dogs that have been running loose. All dogs must be under the control of the owner. Any of these dogs caught are subject to a minimum of a \$25.00 fine and a maximum of \$100.00.

Also, dogs caught running deer can be shot by any Conservation Officer, State Police Officer, Dog Constable, or any New Hampshire certified Police Officer. The owner or owners of any dog caught in the act may be fined up to \$500.00.

For your consideration, my activities in 1985 were as follows:

<u>Complaints</u>	100	<u>Mileage</u>	1592	<u>Hours</u>	107
Phone Calls		255	Dogs Found		14
Collecting Dog Licenses			Stray Dogs to G.S.H.S.		30
Cruelty Calls	9		Claimed by Owners		14
Restraining Orders	7		Lost Dog Back to Owner (Tagged)		13
Court Summons			Dogs From Other Towns		6
Dog Bites	5		Horse Calls		5
Dogs Killed by Cars	8		Cat Calls		2
Dogs Hit by Cars	4		Cow Calls		1
Dogs Lost	30		Bat Calls		2

Respectfully Submitted,

Sarah W. Bigelow
Animal Control Officer

To be reached, call either the Town Hall and leave a message or Strafford County Dispatch, 742-4968 or 664-2700.

GUIDELINES FOR ANIMAL CONTROL OFFICER

I.

Procedure

- (1) When a call is received from Strafford Dispatch, return call to the person who called in, if possible
 - A. Pick up the dog. If owner can be determined, return dog. If no one home, take to pound. Notify owner same evening if necessary where dog is and how to get it back.
 - B. Second call on same dog requires written complaint, then issue restraining order.
 - C. Dogs with no tags are taken directly to pound.
 - D. Third complaint on same dog results in court summons.
- (2) Give information pertaining to dog laws.
- (3) Check on unlicensed dogs.
- (4) Return lost dogs to owners.
- (5) Always be courteous and polite. If abusive language is used by caller - hang up!
- (6) Answer all calls when possible.

II.

General

- (1) The A.C. Officer does not handle cats. People must handle cats themselves.
- (2) Shall answer calls for animals at large - horses or cattle
- (3) Shall determine value of animals attacked or destroyed by dogs and approve reimbursement for same by Town.
- (4) Part-time job: On call 7 days a week from 8:00 A.M. to 11:00 P.M. If stray reported after 6 P.M. - finder will have to keep dog until next morning. ACO will try to return all calls when received.

Procedure by Townspeople: Owners:

As soon as dog is missed - call Strafford Dispatch with description of dog. Then, look for the dog. If notified that dog is at the Vet's Clinic, you MUST come to the Town Hall to fill out papers, pay fees, then go to Clinic for dog. Have a friend or neighbor go instead, if you work, to do paper work.

Finder: If dog strays onto your land, tie dog, call owner if known, then

Strafford Dispatch. Give name, phone number and description of dog to Dispatch.

Recommended to talk to owner first to keep dog home. If dog is a habitual visitor, sign a written complaint and Animal Control Officer will issue a restraining order to owner.

BARRINGTON FIRE DEPT.

The Barrington Fire Dept. responded to 167 calls during 1985. In addition, there were 27 calls to which the full Dept. did not respond. During the hurricane 18 calls were handled with dispatching fire equipment. During the storm we relieved Durham Dispatch of their Barrington duties and handled all calls locally for 12 hours with duty dispatchers.

These calls consisted of 7 structure fires, 25 chimney fires, 13 smoke investigations, 28 vehicle accidents, 5 vehicle fires, 15 grass or woodfires, 23 no permit fires, 3 dump fires, 5 service calls, 1 medical emergency, 15 wires down and arcing, 1 thru the ice, and 5 false alarms.

During 1985 we rendered assistance to neighboring Towns and Cities on 15 occasions and received aid 9 times at no cost for labor or equipment.

There has been excellent cooperation with all Town agencies.

As calls continue to increase more time is being involved with maintenance, fire response and training.

Chimney fires continue to be a problem which could be drastically reduced by the proper maintenance of wood burning equipment. In other words periodic cleaning and realizing that these are not automatic systems.

It is critical that residents know there they live in regards to the official road names and areas as the dispatcher will be asking this question as well as a call back telephone number.

The telephone number 664-7700 is the FIRE and EMERGENCY number and is not to be used for information. It is used for EMERGENCY calls only.

The FIRE DEPT. does not issue permits for outside fires, this is the responsibility of the FOREST FIRE WARDEN.

This year we hope to purchase a new pumper, retank our present 1969 tanker and retire our present 1966 tanker. This is consistent with our policy of upgrading our equipment at regular intervals; but with the growth of the Town it may be necessary to add more equipment in the near future.

Respectfully submitted,
Sumner A. Hayes, Chief

REPORT OF TOWN FOREST FIRE WARDEN
AND
STATE FOREST RANGER

Between July 1984 and June 1985, we experienced more forest fires throughout our state than in any year in the last 50. Two of the leading causes of the 1,605 fires were children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulations is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden.

If you own forest land, you will become responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

FOREST FIRE STATISTICS - 1985

Number Fires Statewide	1,605
Acres Burned Statewide	1,580
Cost of Suppression	\$246,017
District	
Fires	254
Acres Burned	109 3/4
Town	15

Sumner Hayes
Warden

REPORT OF THE BARRINGTON TOWN FORESTER

I have just completed my first year as town forester. My time was spent reviewing previous and current logging operations, familiarizing myself with the New Hampshire timber harvesting laws, developing a working relationship with the State Foresters, and meeting logging contractors. Numerous violations of the law were documented.

Changes in the Timber Tax Law, RSA 79, go into effect April 1, 1986. The most significant change will make the landowner responsible for the timber tax on the volumes harvested. This change should improve tax collection procedures and may increase tax revenues from harvests.

Respectfully submitted,

Stephen Jeffery
Town Forester

BARRINGTON POLICE DEPARTMENT 1985

Many problems were faced by the Department in 1985. Three good men left the force for personal reasons. Sgt. Robert Brown and Lt. Fred Jackson terminated their services in June and the loss had quite an impact on the Department. It's always difficult to replace experience and knowledge along with the rapport these officers had with the youth and Townspeople of Barrington. Both Brown and Jackson were excellent police officers and their input to the Department is missed.

Patrolman Ed Burrows resigned in September for health reasons and at this time hasn't been replaced. The Police Clerk Gordon Welner also resigned and was replaced by Mary Berry who is also employed by the Sheriff Department as a full time Dispatcher. Ms. Berry is certified by the State as a part-time Police Officer.

In May of 85 a new officer joined the ranks and was sent to part-time certification classes which he successfully completed and was certified on August 30, 1985 by the N.H. Police Standards and Training Council as a part-time officer, his name is Russell Lampson Jr. Russ is 24 yrs. old and resides in Barrington.

In July 1985 another new officer was put on the rolls: Frank Ouellette who came to us already certified with a year and a half experience - Frank is 26 years old and resides in Dover at the present time. Along with his duties as a patrolman, Frank is also doing criminal investigations for the department and is a certified firearms instructor through the National Rifle Associations and N.H. Police Standards and Training Council.

Thanks to Major Waldron Club and Arthur Cram, the Police Department was able to use their range and meet the qualification requirements as mandated by State law. Safe handling as well as ability to shoot a 75% score is required to carry a hand gun as a police officer in this State. Frank proved to be a very proficient instructor both in the classroom and on the range, this saved us the expense of using another department's instructor and range facilities and will be a yearly requirement.

Again, it is time to acknowledge the outstanding services of other departments in the Town structure: The Fire Department for their response and service at motor vehicle accidents. The all around efficiency of the Ambulance crews, the outstanding work done by the Road Agent and his crew during hurricane "Gloria" and to "Lucky" and his civil preparedness group for their services during "Gloria" plus their patrols during times of need, such as heavy rains, Halloween and controlling parking and traffic at the Polls. Many thanks to these groups for their help when help was needed.

It became apparent in 1985 that Barrington is overdue for a full time Police Department. It has gotten to the point that a part-time man who has to respond to a call at 1:00 or 2:00 A.M. and is out until 4:00 or 5:00 A.M. and is expected to go to a job and give his employer a day's work and earn a day's pay is asking too much.

It is happening all too frequently. DWI's, Domestic Violence & Motor Vehicle accidents that involve alcohol in most part, happen after midnight after a full evening of partying and drinking. Of the seven towns operating out of Strafford Dispatch, only three are part-time and four are full time, none of which has the population or the area of Barrington. DWI doubled in 1985. This is due in part to State Police concentrating their DWI TEAMS on I-95 and Spaulding Turnpike which moves the offender to less traveled highways in hopes of avoiding the Police. Many DWI arrests stem from accidents or vehicles going off the road. Barrington had 80 motor vehicle accidents in 1985, 21 of which involved personal injury. The Police in Barrington for the year 1985 received 11,935 official telephone calls and answered to 3,220 complaint control cards. The Police also checked private residence and business establishments for a total of 4,990 times. All private residents are encouraged to put their homes on "House Check" when going on vacation or business trips. This is an outstanding deterring factor relative to burglaries. The Town is continuing to grow on a steady basis and it is my opinion that the taxpayers of Barrington are entitled to, and honestly need a full time Police Department.

Sincerely Submitted,

Bud Sprowl
Chief of Police

REPORT OF COORDINATOR EMERGENCY MEDICAL SERVICES

Ambulance runs from January 1, 1985 to December 31, 1985, totaled 112. We are still covered with backup service by Benoit Medical, Frisbie Memorial Hospital Ambulance, and Northwood Ambulance.

You will see changes in our directory, it will be issued at the beginning of each new year. We have new added features in our directory, the following: updated the Barrington road index, BEMS action photos, and the map of Barrington has been made easier to read in the Barrington road section.

Again this year, our responders have been on duty for several events - Bike-A-Thon, Kiwanis Walk-A-Thon and horse shows, etc.

Again as a reminder, the Barrington EMS ambulance telephone number is 664-2896 - a direct line to Strafford County Dispatch in Dover. This number is to be used only for this service. The new number was established for fast and efficient service.

BEMS and the Barrington Snow Goers have the rescue sled available for accidents - sledding, hunting, etc., and also, is available on mutual aid basis for surrounding towns.

The Mass. Casualty Committee has set up standard procedure with Strafford Dispatch in the event of a mass casualty situation in Barrington. We are currently in the process of establishing protocols with area services that can be on file.

I wish to express my gratitude to individuals and organizations who have donated to BEMS and thank them for their support.

As the cover shows on our new directory "Sherbie" is available to answer your call with BEMS volunteers dedicated to total pre-hospital emergency medical care to serve you.

Remember, in case of an emergency, use this procedure;

1. Remain calm.
2. Call 664-2896, ambulance
3. Speak clearly.
4. State your name.
5. Explain (medical) problem.
6. GIVE YOUR LOCATION.

Respectfully submitted,
Joel Sherburne
Coordinator, Emergency Medical Services

HANSON-KELIHER POST #6804
VETERANS OF FOREIGN WARS
BARRINGTON, NEW HAMPSHIRE 03825

Selectmen
Barrington, NH 03825

Ladies and Gentlemen:

This year, 1986, will mark the 40th Anniversary of Hanson-Keliher Post #6804. We hope the citizens of the town will join us in honoring the charter members of our post and recognize their long commitment to service to country and community.

1985 Memorial Day Report

Expenses

Band	\$280.00
Flowers & wreaths	25.10
Flags & markers	<u>181.15</u>

Total \$486.25

Receipts

Balance, prior year	\$ 4.78
Received from Town	<u>500.00</u>

Total \$504.78

Balance on hand \$18.53

Our speaker for the day was Marine Captain Thomas Brandi, Operations Officer, United States Marine Corps Recruiting Detachment in Manchester, New Hampshire. During his speech he noted that "The American dream is not over. There are still young men and women willing to join the ranks in uniform." Further, he observed that the men and women who have given their lives for their country are "far from forgotten they are still with us - not in body - but in spirit."

The members of the post would like to thank every one who participated and every one who helped make the day a success.

Respectfully submitted,

Richard D. Bottom, Commander
Robert V. Drew, Quartermaster

LIBRARIAN'S REPORT

This year the State Library's Union List of holdings of New Hampshire libraries on computer data base was made available to any library in the State with a terminal and a telephone. As a result, for the first time, other libraries have been borrowing from us on a regular basis; it is good to be able to reciprocate in this Interlibrary Loan process!

Important purchases this year were an updated encyclopedia and new shelving. The shelving has relieved overcrowding of adult non-fiction materials somewhat. More shelving is needed, particularly in adult fiction, but cannot be added until more floor space is made available to the Library.

Gifts to the Library included: Saving the Great Stone Face by F.A.J.Hancock donated by the Woman's Club; In Search of Liberty by J.B.Bell donated by the Statue of Liberty Restoration Fund Committee. Many individuals donated books and magazines; some were added to the Library, while others were sold to add to the book funds. Discarded and duplicate gift children's books were given to the school library. All gifts are gratefully acknowledged.

The Librarian continued to be active in the Children's Librarian Section (CHILIS) of the New Hampshire Library Association (NHLA) and the New England Roundtable of Children's Librarians (NERTCL) of the New England Library Association (NELA), attending several programs sponsored by those professional organizations. She regularly attends meetings of the State Library Area Library Forums (ALF). She is also Secretary of the Rochester Area Libraries (RALI) co-op of which Barrington Public Library is a member. Barrington hosted the November RALI meeting.

There were several series of story times for preschoolers throughout the year; Good Shepherd School continues to use the Library on a regular basis. And again a special thanks to our regular volunteers: Louise Williams, Ellen Walker, and Sally Bigelow.

Respectfully submitted,

Karen A. Littlefield

REPORT OF BARRINGTON TOWN LIBRARY TRUSTEE

The Barrington Public Library has experienced a good year with increased patronage and circulation.

We try to maintain a good supply of enjoyable reading along with non-fiction and research information. Research information is particularly important for high school and advanced students. It must be kept current and readily available so that students may realize they can depend upon finding needed material here.

The State Library is being organized into a Statewide Library Development Program as a result of recent Legislation. We are endeavoring to meet their requirements as they are announced, and to become a part of the State leadership program.

We have expanded our hours, but still are not meeting the program recommended by the State. Your thoughts as to whether we need more hours, and the times when they should occur will be welcome.

We are indeed fortunate to have Karen Littlefield continue as our Librarian with Louise Williams as a volunteer for Sunday afternoons. Sally Bigelow and Ellen Walker have also been helpful in many ways.

Once again it is my privilege to invite all of you to visit our library, located just across from the town offices.

Respectfully submitted,

Dorothy B. Berry

BUILDING INSPECTOR
ANNUAL REPORT - 1985

Houses	63	Seasonal Cottages	1
Mobile Homes	6	Commercial Structures	6
Single Bedroom Units	3	Razed Structures	1
Renovations	8	Sign Permits	3
Storage Structures	23	Relocations	3
Replace MH or Struct.	4	Foundation & Cap	14
Additions	11	Misc. Improvements	12
Pools	4		

The dollar value of construction in 1985 was 6,515,900 - compared to 5,051,500 - in 1984. Of the 1985 grand total, 4,927,000.00 was attributable to construction of new houses.

This averages out to 78,200.00 for each new house built in town plus the cost of land, septic system, well, site work, etc.

Funds received for permit fees and violation penalties in 1985 was \$14,032.00 compared to \$11,190.00 in 1984.

Because the present application form process umbrellas all requests for building permits I am modifying the process of applying for issuance of building permits in order to expedite those that are not germane to the interim growth control ordinance.

I would like to continue to express my appreciation to our Board of Selectmen for their continued support and guidance and also thank the Planning Board for their proposed changes.

Respectfully ,

Stephen Bergstrom
Building Inspector

SCHOOL DISTRICT SUPPLEMENT

The State of New Hampshire

To the Inhabitants of the School district in the town of BARRINGTON
qualified to vote in district affairs:

You are hereby notified to meet at the TOWN HALL in said district on the
12th day of March 1986, at 10:00 o'clock in the fore noon,
to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.

TRANSMITTAL AND COMMENTARY LETTER

Board of Selectmen
Town of Barrington
P.O. Box 86
Barrington, N. H. 03825

Members of the Board:

We have examined the financial statements of the various funds and account groups of the Town of Barrington for the year ended December 31, 1983, and have issued our report thereon, dated May 18, 1984. As part of our examination, we reviewed and tested the town's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of such evaluation is to establish a basis for reliance thereon in determining, the nature, timing and extent of such auditing procedures that are necessary for expressing an opinion on the financial statements. Such study and evaluation disclosed the following conditions that we believe to be material weaknesses.

Purchase Order System

At present, the Town does not have any formal purchasing procedures which would control obligations before purchases are made and to obtain the best possible prices. We offer the following guidelines as an aid in initiating purchasing procedures.

- . If possible, authorize one person to make or approve purchases for the Town.
- . Ensure that all purchases are authorized by that person before an order is placed and that adequate funds are available in the budget.
- . Consider the use of a pre-numbered purchase order form to help control expenditures before purchases are made.

1986

School Board

...)
...)
...)
School Board

- . Require competitive bids on purchases/services exceeding a certain dollar amount.
- . Require grouping of similar purchases from various departments into one consolidated bulk purchase.
- . Establish procedures for purchases of small or emergency items without prior approval.

Cash Disbursements

Vendor and payroll checks are mailed or distributed by the individual who prepares and records checks. As an additional procedure, strengthening segregation of duties and this accounting control, we recommend that all checks be mailed or distributed by the Treasurer after they are signed by the appropriate officials.

Cash Receipt Depositing

The Town Clerk and the Tax Collector have office hours on Wednesday evenings and it has been the practice to have the duty police officer make the bank deposits. They may act as escorts for the Clerk and Collector, but should not perform the deposit function alone.

Safeguarding of Town Records

We observed that facilities for safeguarding Town records against fire and theft are inadequate. At present, selectmen's prior year vouchers and tax collector's closed property and resident tax warrants as well as cash books are stored in the janitors closet. The cost of reconstructing current records would be prohibitive and the value of lost historical records incalculable. We recommend that the Town consider the following:

- . Immediately secure current records, including the supply of blank checks, cash disbursement journals, paid vouchers and invoices, in the existing file cabinets.
- . Undertake a program to acquire safekeeping equipment adequate for the Town's records.
- . Supply separate fire proof, locking storage facilities for the Town Clerk and Tax Collector. A locking, portable cash box safeguarding records stored in the Selectmen's safe is not adequate control.
- . Consider implementation of New Hampshire RSA 33-A:3 "Disposition of Municipal Records".

Tax Collector - Remittances of Cash Receipts

Our examination of the Tax Collector's accounts disclosed that receipts were not remitted intact or on a timely basis. Such practice deprives the Town of needed cash and increases the Town's exposure to loss by theft or accidental destruction. We recommend that the Tax Collector turn money over to the Treasurer on at least on a weekly basis in keeping with the provisions of RSA 41:35.

The 1983 tax sale of delinquent 1982 property taxes did not include all parcels as required by state law, thereby depriving the Town of a preferred lien on all uncollected taxes. This situation existed for several prior year tax sales.

As of December 31, 1983, the Tax Collector had not remitted to the Town Treasurer \$47,154 representing \$33,728 of uncollected property and yield taxes, \$11,990 of unredeemed taxes (Schedules 3 and 4) and \$1,436 of betterment assessments.

Betterment Assessments

In 1983, the town did not commit its betterment assessments to the Tax Collector, a procedure that could cause the Town to loose money. The commitment of these assessments protects the town from such losses by allowing it to use the tax sale as a means of insuring payments. Even though the betterment assessments were not committed in 1983, the Tax Collector did collect \$4,749 of these and as of December 31, 1983 had remitted \$3,313 to the Treasurer and still had \$1,436 in hand.

Computerization of Municipal Operations

The Town has an in-house computer and the blotter book, semi-annual property tax warrants and tax bills are so generated. There appears to be a problem with the program in that property transfers between the first and second annual billings loose their original (April 1st) identity. This problem must be rectified at once, since it creates a serious situation for the Tax Collector in identifying owners from one warrant to the next on individual parcels. There is much duplication and some omissions resulting in lost revenue for the Town and excessive charges to overlay.

Contingency Fund

The Town voted at the 1981 Town Meeting to establish a contingency fund to be used only for repairs to the rubbish compactor. The nature and definition of a contingency appropriation is for unanticipated expenses that may arise during the year. The Town has established a so called Compactor Contingency Fund in a separate savings account in the hand of the Treasurer. These funds should be transferred to the Town general fund and the passbook closed. Funds required for repairs to the compactor should be included in the line item budget covering this category.

ard

School Board

Ambulance Service - Accounts Receivable

The Selectmen should review all charges for ambulance services on a monthly basis and remove any they feel are uncollectable. Efforts must be enacted to collect those billings outstanding, both current and delinquent, that are valid.

Central Depository

In 1983 and prior, the Town Clerk and Tax Collector maintained individual checking accounts in their names and the Town of Barrington. Transfers to the Treasurer's account by the Town Clerk were made weekly based on cash book activity. The transfers from the Tax Collector were made on average twice a month from January through October, 1983, with daily transfers for November and December. In order to maximize available cash and to minimize the possibility of loss, we recommend that the Town Clerk, Tax Collector and Selectmen's Office deposit directly to the Town Treasurer's Account.

Separation of Duties

During the course of this audit, we observed some questionable activities on the part of the Selectmen's clerks, namely that supplemental property and resident tax bills were prepared and mailed without the Tax Collector's knowledge. Also, verbal abatements were granted for veterans exemptions and other conditions but never followed up in writing. Both of these practices must cease. The Tax Collector is the only officer empowered to send out tax bills. All abatements must be in writing and must carry the signature of the majority of the Board of Selectmen and a copy must be given to the Tax Collector.

Establishment of Procedures Manual

As part of their system of internal accounting and administrative control, the Selectmen should establish a written record of their accounting procedures and policies. This manual would help the Selectmen and other Town Officials in:

- . Determining how successfully they are meeting their accounting and administrative goals.
- . Determining if they are meeting any existing or new governmental (Local, State or Federal) requirements.
- . Meeting their daily financial demands.
- . Determining if they are applying procedures uniformly.
- . Familiarizing new Town Officers with the operation of the Town.
- . Training new employees unfamiliar with the Town Governmental procedures.

ol Board

Pine Grove Cemetery Association

In January, 1982 the Pine Grove Cemetery Association proposed to the Selectmen making a gift of its assets, real and personal to the Town for a public cemetery. It was duly voted at Town Meeting in March 1982 to accept. The cash amounted to approximately \$28,000 and it was to be placed in a trust form under jurisdiction of the Town Treasurer. Formal transfer from the Association to the Town was made on May 18, 1982. A gift in the amount of \$10,000 was received in November 1982.

The Town Treasurer is currently custodian of these funds, contrary to state law which specifically names the Trustees of Trust Funds. We, therefore, recommend the transfer of the total amount of these funds to the Trustees of the Trust Funds.

For the purpose of this report, the fund activity is reported as a Non-expendable trust within the Fiduciary Funds.

State Law requires that the Trustees of Trust Funds breakdown all of the individual trust funds held in the name of the Pine Grove Cemetery Association; it is not acceptable to lump them together for reporting purposes.

The Town has been advised by the Office of the Attorney General of the State of New Hampshire, Charitable Trusts section, to rectify the existing situation in this regard.

250th Anniversary Funds

These funds represent the profits realized by the 250th Anniversary celebration committee of the Town of Barrington. The Town Meeting of March 1972 appropriated \$11,500 for the purchase of plates, coins and other expenses. Profits, if any, are to be placed in the custody of the Town Trustees of Trust Funds until a suitable purpose develops for their disposal.

The 1973 Town Meeting voted under Article 19 to accept \$5,631 and all unissued silver commemorative coins. The proceeds from the sale of these coins are to be applied to the purchase of land for a town beach. The balance in the hands of the Trustees at December 31, 1983 was \$10,083.

State law does not allow for the formation of Capital Reserve Funds to purchase land as detailed under RSA 35:1.

We recommend that an article be inserted in the warrant of the next annual Town Meeting which would address the establishment of a Capital Reserve Fund, funded from the above monies, for a purpose recognized by statute. This action would be in keeping with the spirit of the 1973 Town Meeting and would also be in compliance with the law.

ool Board

Annual Audit

This audit was done on order of the Commissioner of Revenue Administration to establish a meaningful Fund Balance at December 31, 1983. In the past, the Town has utilized the services of elected town auditors who generally perform a cursory review of financial data.

We recommend that an audit be done annually by an outside independent certified public accountant. In light of the towns fiscal problems, an annual review of internal controls and a financial audit would be most beneficial.

Insurance Review

Insurance coverage for the Town should be reviewed periodically by qualified individuals to determine adequacy. The Selectmen should consider a formal bidding process for all Town insurance to better serve the individual departments and their specialized requirements.

Internal Accounting Control

The objective of internal accounting control is to provide reasonable, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgment by management.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgement, carelessness or other personal factors. Control procedures, whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally by management with respect to the estimates and judgements required in the preparation of financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions and that the degree of compliance with the procedures may deteriorate.

Our study and evaluation of the town's system of internal accounting control for the year ended December 31, 1983 would not necessarily disclose all weaknesses in the system.

It should be noted that a letter of this type is critical in nature and that we do not intend to imply that our review failed to disclose commendable features in the present accounting and operating procedures of the Town of Barrington.

The State of New Hampshire

To the Inhabitants of the School district in the town of BARRINGTON
qualified to vote in district affairs:

You are hereby notified to meet at the TOWN HALL in said district on the
12th day of March 19 86, at 10:00 0'clock in the fore noon,
to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
To choose a Member of the School Board for the ensuing three years,
To choose a Member of the School Board for the ensuing two years,
4. To choose a Treasurer for the ensuing year.
5. To choose Auditors, and all other necessary officers and agents for
the ensuing year.

The State of New Hampshire

To the Inhabitants of the School district in the town of BARRINGTON
qualified to vote in district affairs:

You are hereby notified to meet at the TOWN HALL in said district on the
17th day of March 1986, at 7:30 o'clock in the afternoon,
to act upon the following subjects:

1. To hear the reports of agents, auditors, committees, or officers chosen and pass any vote relating thereto.
2. To choose agents and committees in relation to any subject embraced in this warrant.
3. To see if the School District will authorize the Barrington Town Clerk to include School District absentee ballots, when mailing out Town absentee ballots; as permitted under Chapter 102, RSA 671:21,1,11,111.
4. To see if the School District will authorize the Barrington School Board to purchase land known as the Calef Property, comprised of thirty (20 unrestricted and 10 restricted) acres more or less, located off Route 125 behind Calef's Country Store; and further to raise and appropriate the sum of two hundred ten thousand dollars (\$210,000) for the acquisition of said real estate, all necessary site preparatons, soil analysis, legal research and other expenses required to prepare such site for school construction, all to satisfy the space needs of the Barrington School District and furthermore, to authorize the Barrington School Board to spend the amount of eighty-nine thousand seven hundred ninety-seven dollars (\$89,797) in the current budget for capital expenditures related to this article.
5. To see if the School District will vote to authorize the Barrington School Board to purchase land known as the Clark and Goodwill Property, comprised of thirty (30) acres more or less, located off Route 9 across from the State Highway Barn; and further to raise and appropriate the sum of two hundred ten thousand dollars (\$210,000) for the acquisition of said real estate, all necessary site preparations, soil analysis, legal research and other expenses required to prepare such site for school construction, all to satisfy the space needs of the Barrington School District; and furthermore, to authorize the Barrington School Board to spend the amount of eighty-nine thousand seven hundred ninety-seven dollars (\$89,797) in the current budget for capital expenditures related to this article.

6. To see if the School District will vote to authorize the Barrington School Board to expend the sum of nineteen thousand one hundred forty-nine dollars (\$19,149) from the School District Capital Reserve Fund-Construction, for the purpose of financing site preparation and soil analysis on the Calef or Clark and Goodwill property; and to authorize and direct the Trustee of Trust Funds to pay over to the Barrington School Board the sum of nineteen thousand one hundred forty-nine dollars (\$19,149) from said Capital Reserve Fund, all in accordance with RSA 35:15-17. Passage of this article will reduce the amount of the expenditures authorized in Article 4 or 5 by a like amount.

7. To see if the District will vote to authorize the Barrington School Board to request and contract for an audit of the school district books by independent public accountants from outside the District, or in the alternative, by the Municipal Services Division of the Department of Revenue Administration in accord with RSA 671:5.

8. To see what sum of money the school district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, for capital construction, and for the payment of statutory obligations of the school district.

9. To see if the District will continue to authorize the School Board to contract management and maintenance of the Town's Auditorium with the Board of Selectmen until such authorization is altered by subsequent vote at a School District and Town meeting.

10. "To see if the School District wishes to authorize the School Board by and through a committee, appointed tonight, to investigate the advantages and disadvantages and procedures of Barrington having its own Superintendent of Schools rather than belonging to SAU 44." (By Petition)

11. "To see if the School District wishes to authorize the School Board by and through a committee, appointed tonight, to investigate, and report back by Sept. 1, 1986, the advantages and disadvantages of the Elementary and Middle Schools scheduling to a four (4) day week." (By Petition)

12. "To see if the School District wishes to authorize the School Board by and through a committee, appointed tonight, to investigate and report back by Sept. 1, 1986 the advantages and disadvantages to discontinue High School busing except in cases where the district is legally responsible." (By Petition)

13. To see if the School District wishes to establish a committee composed of a minimum of seven (7) members appointed by the Board to pursue the construction of necessary facilities to satisfy the space needs of the School District; said Building Committee to submit a written report and recommendations to the 1987 Annual School District Meeting.

14. To see if the school district will authorize the school board to make application for and to receive and expend, in the name of the district, such advances, grants-in-aid, or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government and/or State agencies; private agencies and/or other sources in accordance with the provisions of RSA 198:20-b.

15. To transact any other business which may legally come before this meeting.

1985 ANNUAL REPORT
BARRINGTON EMERGENCY MANAGEMENT AGENCY
(CIVIL DEFENSE)

NAME	RCSTER	UNIT NO.
Lucky Lanciano, Director		107-1
Doris Lanciano, Dispatcher		107-2
Richard Brooks, Asst. Director		107-3
Wilbur Heath, Supply Officer		107-5
Sid Kotlus, Public Relations		107-6
Rod Hudson, Asst. Dispatcher		107-7
Ray Caswell, Jr. (R.R.T.), Radiological Officer		107-8
Diane Caswell, Secretary		107-9

Involvement

This year the group was involved in various events and calls.

In April, we participated in the Boy Scouts' Hike-A-Thon at the request of the local troops. We were asked to and did provide communications, transportation of supplies and tired hikers, minor first aid, and escorts for the front and rear over the twenty kilometer course. All participating members received a Hike-A-Thon patch and the group received a certificate of appreciation from the Daniel Webster Council

Barrington P.D. called on us to help provide traffic control for a house fire on Beauty Hill Rd. Four members responded.

We were asked to and provided communications and help with evacuees during Hurricane Gloria. Our communications center was set up in the Town Hall to take advantage of the emergency generator there. Some members helped to clear roads when trees were blown down by the high winds. Our thanks to the people who called and identified problem areas.

We were again asked to help provide communications for the Dover Christmas Parade. This year, in addition to communications, the participating members also were called on for traffic control and to escort various units in the parade.

Training

Two members participated in and passed a Federally required, State sponsored course in Radiological Monitoring and a course for being in the Radiological Reaction Team (R.R.T.) at N.H. Vo-Tech, Stratham. The courses addressed both

peacetime accidents and wartime functions for R.R.T. members in various aspects of radiological monitoring, administration, and acting in advisory capacity to public officials in the event of a radiological incident.

Acquired

Matching maroon jackets were issued to each member for easier identification.

Magnetic insignias were also handed out for the members' vehicles.

The group purchased head set, voice-activated two-way radios for portable communications.

The Town has given us an office space and storage area in the rear of the gymnasium in the Town Hall. We hope to have it completed early in 1986.

Resigned

Richard Hill submitted his resignation, due to his moving out of the immediate area, which was regretfully accepted. We'll miss him.

Description/Recruitment

Barrington Emergency Management Agency is an all volunteer organization that provides emergency services to the Town of Barrington and the general public during times of emergency and disaster, as provided by the group's by-laws. We monitor Citizens Band channel 9 whenever possible and provide motorist assistance.

Anyone interested in joining the group may get an application by calling either myself (868-7380) or Ray Caswell (868-5430), or by coming to one of our monthly meetings. The group normally meets on the last Wednesday of each month in the Town Hall at 7 P.M.

Respectfully submitted,
Francis Lanciano, Director

ZONING BOARD OF ADJUSTMENT

The Board listened to eight cases, four of which were special exceptions. Only one of these was denied; the remainder of the applications were for variances and none were denied.

Upon moving to Rochester, Richard Hill tendered his resignation. The Board will miss Dick's discerning comments.

The Chairman wishes to thank the Planning Board and other town officials who have continued their efforts to modify the zoning laws.

Respectfully submitted,

Robert S. Shepherd

Clerk:	Penny Smith	

REPORT OF THE PLANNING BOARD

In addition to meeting on a regular basis with developers and subdividers, the Planning Board with the assistance of the Strafford Regional Planning Commission examined the effects of population growth on our community. The product of our many meeting hours was primarily the development of a recommended capital improvements program authorized at our last town meeting. With the development of this document came the realization that without limits to residential building, our schools would be severely impacted. The growth management ordinance on the ballot at this town meeting if passed by your vote will, hopefully, give our community three years to provide the additional school space required to receive our share of growth.

We wish to thank the Selectmen, the School Board, the Strafford Regional Planning Commission, the Road Agent and all the others who assisted your Planning Board in completing its many chores.

We encourage all to attend and contribute to our meetings.

Respectfully Submitted
For The Planning Board

David Allain, Chairman

REPORT OF THE LAMPREY REGIONAL SOLID WASTE COOPERATIVE

The Directors of the Lamprey Regional Solid Waste Cooperative are pleased to report that the incinerator/energy recovery plant located on the University of New Hampshire campus is operating on a continuous twenty four hour, seven day a week schedule.

The day-to-day operation is carried out under the supervision of the Cooperative's Administrator, under the general supervisory control of the three member Operations Committee from the Joint Board of Directors. The plant personnel, in addition to the administrator, includes two mechanics, a truck driver, two daily shifts of 12 hours each involving 8 persons, plus daily clean-up crew and the secretary. This organization operates the incinerator system, maintains records, and coordinates with the University's Power Plant staff to monitor the boiler and steam production elements of the plant. The Cooperative's organization also handles the collection of refuse from the transfer stations of five communities, and handles the ash removal and its transfer to the landfill site.

During 1985, the Cooperative purchased a new Mack chassis with roll-on capability to handle the ash containers and the canisters from the five communities with transfer stations.

The decline in the price of oil during the past year was of course welcomed by home owners and business operators, however, the price drop significantly reduced the income of the Cooperative for the sale of steam to the University, as the revenue from steam is controlled by the price of fuel oil. Some unexpected maintenance items coupled with the plant being shut down for two weeks during which the University had the area between the plant and the recently relocated fire station regraded and paved also reduced the Cooperative's revenue from the sale of steam.

The rubbish from member communities increased by 9.375% in 1985 over that of 1984.

A major problem to be resolved during 1986 will be to locate an approved site for ash disposal. The regulatory agencies have rather arbitrarily taken the position that the ash must be disposed of within a secure landfill.

Joint Board of Directors
Lamprey Regional Solid Waste Cooperative
/s/ Rance G. Collins, Chairman

CONSERVATION COMMISSION

For the Conservation Commission, 1985 was a year for bringing together new members to form a dependable core group. We continue to have interested people attending our meetings, and we are recommending for membership Sarah Pillsbury and Benjamin Andrews. Fred Short has replaced Stephen Bellucci for chairperson in 1986. The Conservation Commission welcomes the public to attend its meetings, held the fourth Tuesday of each month at 7:00 p.m. at the Town Hall. We are always open to new members.

During the past year, the Conservation Commission held discussions regarding the Tibbetts Road toxic waste dump site situation and we continue to remain informed on that issue. We also collected and distributed information on the state's proposed extension of Rte. 1-393, which was initially slated to bisect Barrington, and we conducted a survey questionnaire at Town Meeting.

We received and reviewed several dredge and fill permits. We notified the Wetlands Board of one unauthorized project which was later removed by state order. We will continue to act on dredge and fill permits this year with an effort towards keeping these operations environmentally sound.

The Conservation Commission tries to function as a resource center for residents of Barrington who wish to safeguard our common environment, so please do not hesitate to address our members with your questions and concerns. The members for 1985 were Fred Short, Doug Stevenson, Doug Reckard, Dave Allain, Stephen Jeffery, Kate Jeffery, Susan Frankel and Stephen Bellucci.

Respectfully submitted,
for the Conservation
Commission

Kate Jeffery

Newmarket Regional Health Center

The Newmarket Regional Health Center will complete its fifteenth year of service in the Spring of 1986. The Newmarket Regional Health Center operates two medical offices, one in Newmarket and the other in Raymond, Lamprey River Clinic. Both facilities provide general medical care, prevention health services, community outreach, social services and short-term counseling with referral to area mental health agencies.

In January the new facility of the Lamprey River Clinic opened on Route 27 in Raymond. The new 6,200 sq. ft. facility will allow the Health Center to provide more services in a spacious and modern facility to the residents of the Raymond area. The renovation and expansion of the Newmarket center is scheduled to begin in the Spring of 1986.

In 1985, Edward Benoit, M.D., a family practitioner, joined the staff as did Cynthia Rasmussen, M.D., an obstetrician/gynecologist. Other members of the medical staff include Sarah Oxnard, M.D., Karen Brainard, M.D., Michael Lewis, PA-C., Barbara Janeway, M.S.N., A.R.N.P. and Anne Fawcett, A.R.N.P. The medical team also includes registered nurses, medical assistants, and community health workers. The Health Center is affiliated with the Exeter Hospital where patients needing hospital care are admitted.

The Health Center offers a Prenatal Program under the direction of Dr. Rasmussen, which includes prenatal, delivery and postpartum care. In addition, the Health Center offers nutritional counseling and prenatal classes.

The community health workers coordinate a school health program and preventive screening clinics to detect potential health hazards. They hold informative workshops and act as liaisons between the medical providers and patients.

The Newmarket Regional Health Center also operates a Self-Care Program for the Elderly in conjunction with the Occupational Therapy Department of the University of New Hampshire. The purpose of this program is to enable the elderly to stay in their home setting as well as to maintain a quality of life and independent status within their community. The focus of the program is to provide self-care skills before disability occurs and to anticipate problems with functional activities. Contact Anne Fawcett A.R.N.P. or Noreen Ernest, Community Health Worker at 1-800-582-7279 for more information.

The Newmarket Regional Health Center continues to operate the Senior Citizen Transportation Program. Three of the five buses are equipped with hydraulic lifts to provide services to the handicapped. The transportation service enables senior citizens to remain independent, self-sufficient and active by providing the means to needed services, including medical, food shopping and recreational trips. For further information call 659-2424 or toll free 1-800-582-7279.

The Newmarket Regional Health Center wishes to express its deepest appreciation for the support of the town of Barrington.

Respectfully submitted,
Ann H. Peters
Executive Director

Challengers

JANUARY 28, 1986 11:39, 13 A.M.

Astronauts Ellison S. Onizuka, Christa McAuliffe, Gregory B. Jarvis, Judith A. Resnik,
Michael J. Smith, Francis R. Scobee and Ronald E. McNair

In spite of the extensive coverage of the National news services, and the tasteless exposure of family grief, we feel that it is fitting to express a tribute in our Town Report to the Astronauts for their supreme gift to our country.

It was a terrible shock to all who witnessed the explosion of the space shuttle Challenger on Tuesday, January 28. Interest was especially keen because Christa McAuliffe was on board - a N.H. teacher and first civilian into space.

Even though none of us really thinks that we shall die, these seven people knew the risks and accepted them gladly. Christa was a person who lived life eagerly and inquisitively. As a teacher, she wanted to reach out to children all over our country to urge them to feel, think, explore, learn for themselves - "reach for the stars".

We really believe that out of this tragedy shall come much that is positive. We couldn't have asked for better examples of what a hero is than these seven Astronauts. We believe that interest and dedication to our space program will be renewed and expanded; and that young people everywhere will strive to know and develop their potential "to reach for the stars".

School District Clerk

BARRINGTON SCHOOL DISTRICT MEETING

March 18, 1985

At the legal meeting of the inhabitants of the Barrington School District the following action was taken on the School Warrant on Monday, the eighteenth of March, nineteen hundred eighty five.

The meeting at the Barrington Town Hall was called to order by Moderator, Frederick Timm, at seven thirty in the afternoon. Representatives from both the Elementary and Middle Schools carried the Flag into the Town Hall. After saluting the flag the Moderator turned the floor over to the School Board for a special presentation. Heather Carney presented a plaque to Richard Bottom, for his many hours of work and dedication to the Barrington School District. She also noted that Larry DuBois would receive a plaque as a former School Board Member who worked long hours for the District.

Richard Bottom, Chairman of the School Board presented an overview of the proposed budget noting that the overall increase was 13.9%. Special Education costs have increased 48%.

Article 1: On motion made by Richard Bottom and seconded by Peter Falton it was voted to hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto. Tony Irons presented the report of the Space Needs Committee. The Committee proposed that the School Board form a Committee for the purpose of setting up an in-depth, long range plan for the space needs of the District up to and including the need for a High School. Darrell Ford presented growth projections for the School population. The chart indicated steady but not rapid growth. The Moderator re-read the Article and it was passed.

Article 2: Article 2 was read by the Moderator as follows: To see if the School District wishes to authorize the School Board by and through a committee to conduct a search for a minimum of twenty (20) acres of land to satisfy the future construction/space needs of the District, said committee to report back to a Special School District Meeting with purchase recommendations, and further to authorize and direct the School Board, prior to said Special School District Meeting, to acquire an option or options on suitable parcels of land in accordance with terms and conditions which the School Board deems necessary and appropriate, and further raise and appropriate the sum of ten thousand dollars (\$10,000) to be used for the acquisition of said option, soil analysis, legal research, site preparation and all other

matters in connection therewith. The Article was moved by Richard Bottom and seconded by Peter Paiton. Sid Kotlus asked the Board to look into all available land that could be used by the District at no cost before spending the \$10,000. Richard Bottom noted that the \$10,000 would be used to purchase options to parcels^o land to be presented to the Voters at a Special Meeting. Tony Irons explained that some 50 parcels of land were under advisement at the present time. Jerry Pinzari asked if the Committee would have the authority to select ^{to} parcel to be purchased. Tony Irons clarified that the options would be brought to the School Board for review.

The Moderator called for a vote on the article and it was passed by a show of cards.

Article 3: To see if the School District wishes to raise and appropriate the sum of five thousand dollars (\$5,000) for the purpose of retaining a consultant to conduct a space utilization study of the Elementary School. Richard Bottom moved the article inexpedient to legislate, Heather Carney seconded. Richard Bottom explained that the School District had received a study done by the State Board of Education. The School Board will take this study under advisement. The Article was voted inexpedient to legislate.

Article 4: On motion made by Peter Paiton and seconded by Richard Bottom it was voted that the School District establish a cooperative school district planning committee to study the advisability of establishing a cooperative school district with Barnstead and/or Nottingham in accordance with RSA 195:18. Bill Dean amended the motion to include after Nottingham "and or other adjacent towns"; ^{it was seconded by Tony Irons.} The amendment was passed and the motion was passed by a show of cards.

Article 5: On motion made by Richard Bottom and seconded by Heather Carney it was voted to increase the Barrington School Board from three members to five members, said new members to be elected at the 1986 School District elections for a two year term and a three year term respectively. The motion was passed.

Article 6: On motion made by Richard Bottom and seconded by Heather Carney it was voted to authorize the School Board to contract with the Selectmen to manage and maintain the Town's auditorium for the period of 1 July 1985 to 1 March 1986. Richard Bottom noted that the School District budget did not contain an increase in the maintenance line, and that all costs would be absorbed by the School District. Douglas Thompson questioned the continued availability of the Town Hall to the Towns people. Peter Paiton said the School Board intends to appoint a committee of townspeople to draft a

policy for the use of the Town Hall. The Moderator called for the vote and it passed by a show of cards.

Article 7: The Moderator read Article 7 as follows: To see what sum of money the School District will raise and appropriate for the support of schools, for the salaries of School District officials and agents, for capital construction, and for the payment of statutory obligations of the District. On a motion by Richard Bottom and seconded by Peter Paiton, the article was moved. Richard Bottom asked the voters to delete \$5,000 (five thousand dollars) from line 4300 of the budget. This having been voted inexpedient to legislate in Article 3. Charles Soule requested clarification of Thirty three thousand, one hundred seventy dollars (\$33,170) in line 4500. Richard Bottom explained that was in payment of the modular units at the Middle School. Richard Bottom noted the new budget total was Two million, three hundred twenty one thousand, seven hundred thirty eight. (\$2,321,738.) Budget Committee member^{Louis Monty} noted that the 9.8% increase in Teacher salaries does not include longevity increases. Richard Bottom said that the total percentage increase in Teachers salaries and benefits package was 12.5% The Moderator called for the vote and the new School District Budget was passed at two million three hundred twenty one thousand, seven hundred thirty eight dollars, (\$2,321,738), by a show of cards.

Article 8: On a motion made by Richard Bottom and seconded by Heather Carney it was voted to authorize the School Board to make application for and to receive and expend in the name of the School District, such advances, grants-in-aid, or other funds for educational purposes as may now or thereafter be forthcoming from the United States Government, and/or State agencies; private agencies; and/or other sources in accordance with the provisions of RSA 198:20-b.

Article 9: The Moderator read article 9 as follows: To choose agents and committees in relation to any subject embraced in this warrant. The article was moved by Richard^{Bottom} and seconded by Peter Paiton. Richard Bottom requested that two persons be elected from the floor of the District Meeting as at-large members of the Cooperative Study Committee. The names of Leroy Chretien, Barbara Hayes, Tony Irons and Darrell Ford were placed in nomination. Leroy Chretien and Barbara Hayes declined the nomination. Tony Irons and Darrell Ford accepted the nomination and were elected by those attending, by a show of cards. Fred Timm asked the Board if any other committee members were to be named. Richard Bottom requested names for nomination for a Land Search Committee, five (5) names were requested, including one member of the School Board. Heather Carney seconded.

The names of Richard Bottom, Tim Varney, Charter Weeks, Jim Rivet and Sid Kotlus were nominated. All five accepted the nomination. Lou Monty moved nominations closed, Al Greenwood seconded. Richard Bottom amended his request for the number of members from 5 (five) to 6 (six) including one member from the School Board, Peter Paiton seconded the amendment. The five names placed in nomination were elected from the floor.

There being no other committees to be named the Moderator read:

Article 10: To transact any other business which may legally come before this meeting. On a motion by Richard Bottom and seconded by Heather Carney it was voted to transact any other business which may legally come before this meeting. There being no other business to come before this meeting, it was adjourned at forty five minutes past eight o'clock in the afternoon.

Respectfully submitted,

Rachel M. Millette
School District Clerk

BARRINGTON SPECIAL SCHOOL DISTRICT MEETING
MONDAY, 23 SEPTEMBER 1985

The meeting was called to order at 7:00 PM by Moderator, Fred Timm.

Article 1. To see if the District will vote to raise and appropriate the sum of two hundred sixty-nine thousand three hundred ninety-three dollars (\$269,393.00) as a deficit appropriation to be added to the 1985-86 school district appropriation for the support of schools, for the salaries of school district officials and agents, for capital construction, and for the payment of the statutory obligations of the district.

School Board member Peter Patton apologized for the previous error requiring the re-vote.

Moderator Timm opened the floor for any questions and discussion. Charter Weeks asked if we really have to raise this money? School Board Chairman, Heather Carney said, "No it is a matter of standard wording." Mr. Timm asked if there were any further questions. Since there were none, Heather Carney made a motion to vote on the article and a second came from the floor. Mr. Timm asked if the people were ready to vote and to raise their hands for aye, and then for the nays. Mr. Timm declared the ayes had it and the motion carried.

Article 2. To see if the District will vote to apply for, accept and expend during the current 1985-86 school year, the sum of seventy-five thousand two hundred twenty-five dollars and fifteen cents (\$75,225.15) which the school district anticipates in receiving from State Foundation Aid (Augenblick Plan Funds); said monies are to be in addition to and not revenue against, monies raised and appropriated at the March 1985 annual school district meeting; said sum of money to be deposited in a Capital Reserve Fund in accordance with the provisions of RSA ch 35 for the purpose of financing the cost of land acquisition, site preparation and development of capital construction to satisfy future space needs of the Barrington School District.

Peter Patton stated that the actual figure should read \$79,797.45 and made a motion to that effect which was seconded.

Mr. Timm opened the floor for questions and discussion. Selectman Charlie Soule said, "I hope the town of Barrington will not make the same error of other towns. According to the DRA (Department of Revenue Administration) section 3, a capital reserve fund can only be created at the annual meeting." School Board Chairman Heather Carney said that the board is aware of the situation and would like to turn the floor over to School District Attorney, Bradley Kidder who quoted the revised Foundation Aid law (formally the Augenblick Plan). He also stated that if a capital reserve fund were to be formed and then disallowed by the DRA the money would go to offset taxes - it would not be lost.

Second grade teacher Pam Lenzi stated that she would prefer spending the money in other ways. For instance, she moved that up to \$50,000 be set aside for the purchase of an additional two unit modular and a holding tank or whatever is necessary at the Elementary School.

Lee Irons asked for clarification of point of order on order of voting. Then seconded Lenzi's motion and suggested the balance be used to acquire an additional second grade teacher.

Moderator Timm said that was the province of the School Board; not this meeting.

Lee Irons then dropped the previous suggestion and seconded Lenzi's motion.

Charlie Soule stated the School Board planned its budget carefully and somehow he didn't see it being so far off.

Elinor Kelly said the enrollment was up from 289 to 325 so far. David Edsall spoke in favor of the Lenzi motion. Charter Weeks asked if the School Board was prepared to deal with a modular unit and an additional teacher, if so voted? Mrs. Carney said that lead time is approximately two months on modular units and that an aide has been hired to work with the second grade teachers only. Andy Merton said he would like to hear more from the Principal and the School Board on second grade overcrowding. Board member Peter Patton gave classroom enrollment figures of 28, 27 and 28. Pam Lenzi stated that she was not talking about splitting up second graders now. She thought the fourth grade class should come back where they belong and the other classroom should be used now for music or art. Planning Board member Dawn Hatch said she was against more temporary solutions and the District should get going on permanent solutions. Ernie Tabor was also in favor of a permanent solution. Selectmen Pat Newhall asked if the money could be encumbered at the end of the school year if it is not a capital reserve fund and unavailable to use against taxes. Attorney Kidder spoke with regard to Pat Newhall's remarks. Lee Irons then asked if all the money need to be used in one area? Heather Carney stated it could be done but the Board has not discussed it. The second grade aide has been hired and the fourth grade class is happy in the modular unit at the Middle School.

Sally Ferullo asked how close are we to a new building and how necessary are temporary measures? Charter Weeks of the Land Search Committee said they wrote to owners of many parcels of land suitable for their purposes. One was offered free but the cost of the site work would be high. Another is available which was smaller and would need less site work but the purchase price is high. The group is contacting all those not heard from yet. Charlie Soule stated that Dover High School is located on 12-15 acres of land and asked why Barrington needed 30-50 acres? Charter Weeks stated the larger parcel would have room for further expansion. Ernie Tabor stated after finding the land there would have to be time for architectural services, bidding for construction and the actual work. He figured it would be five years before the school would be ready. David Edsall asked why are we looking at short term and long term in such black and white terms. Heather Carney responded that if September is when modular units are needed the issue can be dealt with in March at the School District meeting. Lynn Smith asked about now and stated there is no physical education teacher and groups meet in the stairwells at the Elementary School. Dawn Hatch stated the School Board is making a concerted effort. Sally Ferullo asked to clarify capital reserve funds-if they can or cannot be carried over from year to year. Attorney Kidder stated that yes, they can be carried over and their purpose can be changed by a 2/3 vote at a school district meeting. Charter Weeks said he did not object to the money being spent however we all vote, but it must be administered. Peter Patton said the Board would like to be able to present at the next School District meeting a parcel of land and plans for construction. Pat Newhall said as a selectman and a member of the NH Municipal Association Executive Board she can tell you that the DRA is taking a hard look at tax rates. They are clamping down on exceptions from the rules. The DRA is likely to say 'you can't do that' to a capital reserve fund at this time. Building Inspector Steve Bergstrom stated that holding tanks are illegal. David Allain stated that as a member of the Planning Board and working for WSPC, he knew holding tanks are allowed in certain situations and mentioned three but he didn't think they apply to the Elementary School. John Caforio said we should go for a permanent building - we could end up with modular units all the way to the church as it looks now. Further discussion ensued and Moderator asked if the voters were ready to vote on Lenzi's motion. Ayes were told to raise their cards and Nays were then asked to raise their cards. The motion was defeated.

Heather Carney said the Board would like to amend Article 2 to put the \$79,797.45 into the School District budget on line item 4100 - Site Acquisition. A recess was called to check on the appropriate legal wording for the amendment.

Heather Carney made a motion to amend Article 2 as follows which was seconded by Dawn Hatch: "Mr. Moderator, I move that the School District vote to apply for and expend during the current 1985-86 school year, the sum of seventy-nine thousand seven hundred ninety-seven dollars and forty-five cents (\$79,797.45) which the school district anticipates receiving in State Foundation Aid (Augenblick Plan Funds); said monies are to be in addition to and not revenue against, monies raised and appropriated at the March 1985 Annual School District meeting and the money raised and appropriated in Article 1 this evening; said sum of money to be for the purpose of financing the cost of land acquisition and site preparation of the Barrington School District."

Lynn Smith proposed an alternative, to spend up to \$10,000 for a full time physical education teacher. Moderator Timm said that was out of order as we must vote the amendment on the floor. If it is defeated it may be brought up again. Wally Flaherty of the Budget Committee asked if the money would go in with the \$10,000 voted in March. Heather Carney said yes. Wally Flaherty asked if that wasn't the Capital Reserve line and Superintendent Barry Clough stated that line was for capital construction. More discussion ensued and finally Moderator Timm read the amended motion again and called for a vote on the amendment. Mr. Timm asked to have the ayes raise their cards and then asked for the nays. The amendment was carried. Article 2 was read as amended above, called for a vote on Article 2 - ayes to raise their cards and then nays. The article 2 was carried.

Article 3. To transact any other business which may legally come before this meeting. Barbara Hayes of the Barrington Library Association announced the new hours of the town library.

The meeting was adjourned at 8:50 PM.

Respectfully submitted,

Anne Kotlus,

FOOD SERVICE PROGRAM REPORT

During this past school year, I have attended numerous seminars and workshops sponsored by the University of New Hampshire and the State Department of Education. These seminars and workshops focused on issues in nutrition and child feeding programs.

A Breakfast Program was introduced to the Barrington Schools five (5) years ago. The menu consists of an assortment of juices, breads and cereals, and milks. Students come into the cafeteria directly from their busses and enjoy eating breakfast in a relaxed, unhurried atmosphere. Approximately 100 students participate daily.

Our Lunch Program has an eighty (80) per cent participation. I attribute this to preparing menu items appealing to the student's appetites. The menus are prepared from "scratch recipes" rather than the ready to serve products on the market today. Using this method we can control unnecessary additives in our children's diets, as well as controlling the cost per plate.

A mid-morning snack is offered to students at the Elementary School. Students have several choices such as crackers with peanut butter, fruit slices, fruit roll-ups, milk, juice and mixed nuts and raisins.

This year with parental permission, we have four (4) Special Education students from Heidi Lundgren's classes working in the cafeteria serving meals. This program was developed to help these students with career awareness. When these students work in the cafeteria, they are reimbursed on Fridays as a payroll type bookkeeping that they handle themselves. This includes learning responsibility, reading schedules, following directions, counting money, making change and signing receipts. This program has been very successful for the students and cafeteria staff.

In the Elementary School, first graders are preparing class menus with the help of their teachers and food service director. They have a guided tour of the Middle School kitchen where most of the meal is prepared and can ask questions they may want to know about the program. Usually it's, "Where do you keep the ice cream?" On the day the menu is to be served, students help prepare and serve this meal. Parents will be invited to have lunch with their children.

Again this year, the eighth grade Home Economics students have been planning, preparing and serving the lunches for both Elementary and Middle Schools. One day each month a unit (14 students) is responsible for the entire operation for one day. In addition to planning a nutritious and attractive meal in class, they calculate food costs for the menu they have chosen. The day their menu is scheduled, students prepare, serve and clean up with the supervision of the cafeteria staff. This experience provides greater understanding of the Lunch Program and nutrition and instills the pride of accomplishment. We have been proud of the positive attitudes shown by the students and the satisfaction they have found in a job well done. The entire cafeteria staff have enjoyed

working with these students and look forward each year to new students involvement in the food service program.

I have enjoyed working for the Barrington School District as Director of the Food Service Programs and will continue to improve these programs through workshops and various types of information and literature offered by the State Department of Food and Nutrition Services and the New Hampshire School Food Service Association.

I wish to express my thanks to my staff: Mrs. Fran Swier, Mrs. Pat Minor, Mrs. Janet Letendre, Mrs. Gail Lavoie, Mrs. Sue Dombrowski, Mrs. Donna True, Mrs. Chris Fogg and to Ms. Mary Gale for her assistance and support.

Respectfully submitted,

Carmelle Morrison
Food Service Director.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and citizens of the Barrington School District:

As of October 1, 1985, the enrollment in the Barrington Schools was distributed as follows:

Grade	R	1	2	3	4	5	6	7	8	Total
Elementary	14	95	83	63	76					331
Middle School						49	75	63	76	263
	14	95	83	63	76	49	75	63	76	594

In addition the Barrington School District transports the following numbers of pupils to the Dover High School under the provisions of a 5-year tuition contract:

Grade	9	10	11	12	Total
	64	42	15	15	136

This does not include the 142 tuitioned to other schools.

When school opened in September, 1985, the Elementary and Middle Schools were organized as follows:

Article 4 in the 1986 Warrant represents the recommendation of the Land Search Committee established by vote of the 1985 Annual School District meeting. The considerable time and effort devoted to this project by Sam Cioffi and the committee members, Richard Bottom; Tim Varney; Charter Weeks; Jim Rivet and Sid Kotlus is evident and indicative of a comprehensive planning process. These individuals are to be commended for their dedication and their recommendations warrant your close scrutiny and consideration.

In a recent report published by the Research and Policy Committee of the Committee for Economic Development entitled INVESTING IN OUR CHILDREN, BUSINESS AND THE PUBLIC SCHOOLS, recommendations were made for improvements in public Education. One of these recommendations called for a "bottom-up strategy". The "bottom-up strategy" stressed the importance of the individual school as the place for meaningful improvements in quality and productivity relative to the learning process. These recommendations stressed the importance of eliminating restrictive regulations from government, strong parental involvement and shared decision making among students, teachers, administrators and the community served by the individual school. I believe the Barrington School System reflects to a very large degree, the "bottom-up strategy" recommended in this report. As I review the past year, the School Board, administration and staff have modeled this particular strategy in an admirable manner devoting many long hours and much effort to improving the quality of educational opportunities to the

children of Barrington.

The focus of such a strategy of shared decision-making must be the learning process defined as the interaction which occurs between teacher and child. Curriculum review must be an on-going process if the quality of this basic relationship is to be maintained. In this regard, specific areas undergoing curriculum revision are social studies, mathematics and the development and expansion of programs for gifted and talented children and students offerings in computer education.

Another of the recommendations included in the report cited in paragraph one above concerns investment strategies and endorses a stronger focus on and support for well designed preschool programs. In an article entitled WHAT'S AHEAD FOR EDUCATION, Harold L. Hodgkinson, former Director of the National Institute of Education, refers to the tendency in modern American society to think in terms of the Norman Rockwell concept of the working husband, the housewife and two school children as the typical American family. Hodgkinson goes on to state that this traditional description of the family unit holds true for only 7% of American households; 14% of American children today are illegitimate, 40% will be living with a single parent by their eighteenth birthday, 30% are latch key children and 15% have physical or mental handicaps. These statistics underscore the importance of publicly funded preschool programs and in particular, kindergarten programs. I urge the voters of the District to consider funding such a program at some point in the future as there is considerable research such as the Ypsilanti Perry Preschool Project, the Minnesota Early Learning Design in Minneapolis/St. Paul and other studies which underscore the importance not only to the child, but to the taxpayer and society, of public preschool education. According to the Ypsilanti Perry Project report, for every \$1,000 that was invested in the preschool program, at least \$4,130 has been returned to society in the form of reduced costs for special education, legal processing for delinquent behavior and increased earnings of participants. Students who experienced the program subsequently averaged 1.8 years of special education, whereas those that did not have it averaged 3.8 years. For every 100 pupils who had the program 35 dropped out of high school, whereas 55 of every 100 students attended college or took job training courses while of those pupils without the program, only 21 did so. Clearly, the research underscores the importance of making a commitment to public kindergarten programs.

The Summer Institute program continues to offer opportunity for our students to expand their communication and reasoning skills. This particular program has been far more successful than I had initially envisioned and I consider our continued commitment to the program essential as it expands into a regional cooperative effort with School Administrative Unit's 21 and 50.

Barrington appears to be on the threshold of major growth and the School Board and administration are devoting increased time and effort to the long range planning process. The School Administrative Unit staff stands prepared to assist these efforts and to continue to provide support and assistance in business management, special education coordination and supervision, negotiations, staff development programs and curriculum revision.

I wish to express my appreciation to the members of the School Board for their untiring efforts on behalf of the District and to the School Board members, the administration and teachers for the cooperation demonstrated during the past year.

Respectfully submitted,

Barry L. Clough
Superintendent

ELEMENTARY SCHOOL

664-2641

TO THE SCHOOL BOARD AND CITIZENS OF THE BARRINGTON SCHOOL DISTRICT

Consistent with schools across southeastern New Hampshire, Barrington's schools have continued to grow. Both the Elementary and the Middle School have entered students throughout the school year as well as in the summer months. As of this writing the enrollments are 334 students in the Elementary School while the Middle School enrollment is 259 students.

Barrington Schools continue to provide activities that promote both academic and social emotional growth in young people. Through these many varied classroom and after school programs, the faculties at both the Elementary and Middle School present students with opportunities that enhances their learning styles and ability ranges as well. While the basics are taught, methodologies and materials, such as, the Math Their Way program and The Writing Process, are examples of new curriculum approaches that teachers are currently using. Students have been involved in the Jr. Great Books Program, The Young Authors Creative Writing Program, many area sponsored drawing and writing contests, and various other academic contests. The arts and music programs continue to provide all students with an opportunity to develop their creativity and explore various mediums of artistic expression. School assemblies have been held as well, to celebrate and recognize the students' performance and contributions.

Many extra-curricular activities have been offered to students and supported by parents. Dedicated staff members have supervised after-school inter-scholastic and intra-mural athletics, musical and dramatic productions. With thanks to Mr. Provencher, the Math Counts programs at the Middle School has enriched a number of students school experience. The Elementary students have again enthusiastically enrolled in the ten week gymnastics program.

The Summer Institute for Critical Thinking Skills is expanding to include other area SAU's. This Summer program held in the Middle School will continue to train Elementary and Middle school teachers in this problem solving based method of teaching as well as to provide students with an enriching experience.

The faculty and staff at the Middle and Elementary continue to improve their abilities to serve the Barrington children by participating in many staff development activities. They have attended school and area sponsored workshops, and as well attended college credit courses in the areas of math, reading, special education, computer education, writing, and science. Through their efforts, The Barrington students are exposed to many new materials and

the faculty is continuously sharing their expertise among their colleagues. The faculty and staff's professionalism and dedicated spirit are to be commended. They have all worked very diligently and cooperatively during this year's administrative transition.

The Barrington School District's success is a result of many people working together in our school community. We are extremely appreciative of the support given by parent volunteers in classroom projects and after school activities. Our parent organizations, B.E.S.T. and the Booster Club, continues to focus on important parent concerns and contribute to our schools academic and athletic programs. We look forward to the community's continued attendance to our Open House, concerts, special events, and assemblies. Contributing also to our School District's success are the dedicated secretaries, custodial and cafeteria staffs. Without their skilled support we could not open and close our schools successfully each day.

On behalf of the faculty and staff, I wish to recognize and thank the Barrington School Board members, Heather Carney, Barbara Croft, and Peter Paiton for their services and commitment to excellence in our schools. We also wish to recognize the leadership and expertise of the SAU #44 Superintendent Barry Clough and the administrative team.

The students, faculty, staff and I wish to thank the community for your interest and support in our efforts. We welcome your continued support and involvement in our future planning for improvement.

Respectfully submitted,

Mary E. Gale, Supervising Principal

SCHOOL NURSE REPORT

1984-1985

This was another busy year as two weeks after school opened the flu came upon us. An average day sent 10-12 students home from each school with symptoms of the flu. This year it not only affected the students, but many of the faculty fell ill with the flu. Within a few weeks, many students were out again with what appeared as the same illness. Many classrooms had five or six students out at a time with the same illness.

Pneumonia seemed to be very prevalent this year with students and faculty. Several cases of mono were reported this year, also.

Screening for hearing and vision were done again this year. The Middle School had 12 referrals for vision and 7 for hearing, and the Elementary School had 14 vision and 7 hearing. This year we were very fortunate to have Strafford Learning Center retest all hearing tests which I had found could not pass the pure-tone hearing test. These students were tested more extensively with their equipment which ruled out a great deal of unnecessary referrals. The Elementary School had 7 referrals from Strafford Learning Center, and the Middle School had 7 referrals.

Immunization for all students who have been in our schools for several years were all up-to-date with only a few transfers needing an update. The State Immunization Bureau audited the Middle School health records, and were extremely pleased at the accuracy of our records. The statement was made by them that they could always tell when a student had been in the Barrington Schools and transferred to another school by the accuracy and up-to-date records.

Once again this year, approximately 99% of all Elementary School students participated in the flouride program.

Chicken pox cases were much smaller this year with 17 Elementary and 1 Middle School.

Strep throat was also a problem this year with 13 Elementary and 13 Middle School cases reported.

Head lice was kept at a minimum with periodic checks on all students. There were only 31 cases found and treated immediately throughout the year.

There were small numbers of scabies, staph infections, impetigo, poison ivy, and conjunctivitis.

Once again, any student found to have symptoms of any communicable disease or a condition which can pass readily from person to person was sent home for treatment immediately. An average day had 15-20 students in each school reporting to the nurse's office. Most visits were for illnesses or minor injuries with the exception of 13 Elementary and 6 Middle students being injured seriously enough to seek medical or dental attention. Injuries include sprains, strains, lacerations, sutures, fractures, injuries to teeth, bruises and dermatitis.

This year we instituted a policy for calling all parents of students whom were on the absent list. This served to make all parents aware of where their children were during school hours. This procedure was time consuming as many parents did not notify the school when their children were not in school. With the service of the truant officer, we were able to have students brought to school when parents were not aware their child was not in school. We all feel this new policy was worthwhile and will continue in future years with this procedure.

This year a great many students were taking medications in school. I wish to remind all parents that no medication will be given at school if it does not come in the original container it was purchased in and a note from parents giving directions, and permission for medicine to be given.

Health teachings were done in both schools through cooperative efforts of the faculty and nurse. A great deal of parent conferences were held this year.

I attended several workshops and conferences this year. I attended 9 seminars on Nutrition at UNH and took a comprehensive Health Course at Pease A.F.B. called, Contemporary Health Issues. I also attended workshops on Sexual Abuse, Child Abuse and Neglect, Screening Visual and Hearing Impaired Children and Time Management.

Pre-school screenings were done in the spring on 56 pre-schoolers. Screenings included: height, weight, vision and hearing. Parents were interviewed in regards to their child's health, growth and development. Each parent was instructed as to Immunization and Physical exam requirements before entering in the fall.

Scoliosis screening was done this year with 2 new referrals.

I was very fortunate to have several volunteers working with me this year which was a great deal of help to me. I look forward to working with them again this year.

Many thanks to parents, faculty and school board members for their cooperation, help and understanding in this very busy year.

Respectfully submitted,

Carol A. Edmund, RN
School Nurse

VII. STATISTICS

BIRTHS REGISTERED IN THE TOWN OF BARRINGTON FOR THE YEAR ENDING DECEMBER 31, 1985
