TOWN WARRANT

The State of New Hampshire

To the inhabitants of the Town of Brookline, in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Daniels Academy Building in said Town of Brookline on Tuesday, the Thirteenth day of March next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise and appropriate such sums of money as may be necessary to defray town charges for the ensuing year.
3. To hear reports of Agents, Auditors, Committees, and all other officers heretofore chosen, and pass any vote relative thereto.
4. To see what sum the Town will vote to raise and appropriate for Highways and Bridges.
5. To see what sum the Town will vote to raise and appropriate for the Public Library.
6. To see if the Town will vote to authorize the Selectmen to distribute inventory blanks when assessing, instead of mailing.

7. To see what sum the Town will vote to raise and appropriate for cemeteries.

8. To see what sum the Town will vote to raise and appropriate for Memorial Day.

9. To see if the Town will vote to raise and appropriate the sum of \$433.29 to secure State Aid for permanent improvement to highways.

10. To see if the Town will vote to adopt the following ordinance: Business activities, games, sports, performances, and exhibitions of skill otherwise permitted by law may be conducted on Sunday in Brookline, provided that they otherwise comply with state laws regulating the same.

11. To see if the Town will vote to allow any discount on taxes.

12. To see if the Town will vote to authorize the Selectmen to sell any property acquired by Tax Collector's deed.

13. To see if the Town will vote to raise and appropriate the sum necessary for a swimming instructor.

14. To see if the Town will vote to charge a penalty of twenty cents on each poll tax remaining unpaid after September first.

15. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

16. To see if the Town will vote to raise and appropriate the sum of \$50 for supplies or material for improving the Town Park.

17. To see if the Town will vote to raise and appropriate the sum of \$100.00 for spraying elm and maple trees,

said sum to be used where property owners contribute 50% of the cost of said spraying on their property.

18. To see if the Town will vote to raise and appropriate the sum of \$225.00 for deficit appropriation due to emergency repairs to fire truck.

19. To see if the Town will vote to raise and appropriate the sum of \$500.00 (five hundred dollars) for the Selectmen to publish 1962 valuations or take any action relative thereto. Any portion of the above appropriation not needed for the actual printing costs to be given to the Selectmen as reimbursement for their time in compiling the valuation. (By Petition)

20. To see if the Town will vote to petition the State Tax Commission to assess all real estate in said town, and if so voted, to raise and appropriate the sum necessary for said assessment.

21. To see if the Town will vote to raise and appropriate the sum of \$250.00 for cutting and removing trees.

22. To see if the Town will vote to raise and appropriate the sum of \$100.00 for Civil Defense.

23. To see if the Town will vote to raise and appropriate the sum of \$270.00 for procurement of mobile radio equipment under the Civil Defense matching funds act, or take any action relative thereto.

24. To see if the Town will vote to raise and appropriate the sum of \$30.00 for cost of "narrow-banding" radio equipment.

25. To see if the Town will vote to raise and appropriate the sum necessary to increase the Police Department appropriation from the present \$1,200.00 to \$1,500.00 or take any action relative thereto.

26. To see if the Town will vote to raise and appropriate the sum of \$500.00 for new fire equipment.

27. To see if the Town will vote to authorize the Selectmen to accept the sum of \$1,000.00 annually from Camp Tevya Inc., as a voluntary contribution, or take any action relative thereto.

28. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to be added to the "Capital Reserve Fund for Fire Fighting Equipment."

29. To see if the Town will vote to authorize the Selectmen to contract for janitor service at Daniels Academy Building.

30. To see if the Town will vote to adopt as Section II of the Brookline Building Code the following regulations titled "Minimum Road Standards."

Any building project of two or more dwellings shall have a detailed sketch submitted to the Selectmen showing all lots and their boundaries, and the layout of all proposed ways.

The Selectmen shall be guided by the following standards as to whether or not a road shall be accepted by the Town:

- A. The right of way is to have a minimum width of forty (40) feet.
- B. The finished surface of the road is to have a minimum width of twenty (20) feet.
 1. The finished surface is to be of gravel of not less than one foot thick. Said gravel to meet T.R.A. specifications.
 2. No stumps or any organic material may be buried in the fill of the road.

- C. Dead-end right of ways shall have a turning circle of at least fifty (50) feet.
- D. In a cut section, there is to be a ditch line on both sides of the road one foot deep at four feet from the edge of the finished surface.
- E. Culverts shall have a minimum diameter of twelve (12) inches.
- F. All slopes shall have a maximum of 3 to 1.

If the proposed way does not meet the Selectmen's approval arrangements will be made to hold a public hearing on the proposed right of way. Notice of the hearing shall be published in a newspaper of general circulation in the Town, and copies of this notice shall be mailed to the applicant and owner by certified mail, and to all abutters at their address of record. Both the publication and mailing of notices shall be carried not less than three (3) weeks before the date of the hearing. A fee of ten (\$10.00) dollars will be paid upon submitting the application to cover cost of advertising and mailing. If after the hearing, the Selectmen still do not approve the proposed right of way, they shall notify the petitioner by mail. The petitioner may in turn appeal the ruling to the Superior Court.

31. To see if the Town will vote to authorize the Selectmen to accept the responsibility of maintaining roads or right of ways on private building projects, with costs of same to be paid by the Town.

32. To see if the Town will vote to prohibit the issuing of new trailer permits and mobile home permits whenever the total number of trailer and mobile home permits in effect in the Town exceeds ten.

33. To see if the Town will vote to raise and appropriate the sum of \$425.00 to reimburse the Fire Department for balance of cost of purchasing ambulance.

34. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 24th day of February, in the year of our Lord nineteen hundred and sixty-two.

CHANNING B. MOULD
NASON W. FESSENDEN
DAVID R. GROGAN

Selectmen of Brookline

POLLS OPEN FROM 10 A. M. to 7 P. M.
BUSINESS MEETING STARTS AT 7:30 P. M.

 $\$1,483,889.00 \times 6.60 = \$97,936.67$.

Tax Rate—\$6.60 per \$100.00

AN APPEAL FROM YOUR FOREST FIRE WARDEN

In these days of constantly rising taxes and wages, any unnecessary expense is an added burden on everyone's pocketbook — yours and mine. Forest fires cost money and damage our valuable woodlands. Lightning sets some forest fires, but we have no control of lightning. Children cause many fires. Ninety-eight percent of our forest fires result from human carelessness — our carelessness. This, we — you — and I can do something about.

When we require you to obtain a permit for out-of-doors burning or forbid you to burn on days of high fire danger or set up regulations — hours, etc., governing the use of the town dump we are simply protecting yours and the town's interests.

The ever present threat of forest fires is the concern of all of us; the responsibility for preventing them is ours and the costs of extinguishing are ours. We can do something about this problem, by being aware of and alert to the danger and by cooperating with your warden.

Do the things that are required of you —

1. Follow the warden's directions.
2. Secure the required burning permit.
3. Keep your fires under control.
4. Completely extinguish your fires before leaving them.
5. See that your children are properly cautioned.

Everyone will benefit by it.

1961 Fire Record:

Number of fires, 4
 Number of permits issued, 44
 Number of acres burned, 3/4

WINTHROP H. HANNAFORD
 District Fire Chief

NASON W. FESSENDEN

CIVIL DEFENSE REPORT

To the Honorable Board of Selectmen
Brookline, New Hampshire

Gentlemen:

The following report for the Civil Defense Department for the year 1961 is respectfully submitted.

Receipts

Lee Jeffreys (C D Dir. Resigned)		\$ 13.60
1961 Appropriation		100.00
	\$	113.60

Expenditures

Used Mobile Radio	\$50.00	\$	50.00
	<hr/>		<hr/>
Balance on hand Dec. 31, 1961		\$	63.60

Due to the change-over at State Civil Defense Headquarters we have received very few surplus lists so have not made any purchases.

I would like to recommend the purchase of one more mobile transmitter under the matching funds set-up.

Due to F. C. C. regulations we must have our present radios "Narrow Banded".

An article will appear in the warrant for an appropriation covering these two expenditures.

HAROLD F. BURGESS

Civil Defense Director

January 27, 1962

To the Honorable Board of Selectmen
Brookline, New Hampshire

Gentlemen:

I hereby submit my report of receipts and expenditures of the Brookline, N. H. Civil Defense Office for the period of January 1, 1961 to July 17, 1961. On July 14, 1961 in accordance with the desire of the new Civil Defense Director of the Town of Brookline, Mr. Harold Burgess, I closed the Brookline Civil Defense account with the Townsend National Bank, and turned over the remaining balance of \$13.60 to Mr. Burgess.

Cash balance January 1, 1961		\$	145.28
------------------------------	--	----	--------

•
Expenditures

March, 7 — Treasurer of the State of New Hampshire for the purchase of 2 tents @ 7.00 each	\$14.00	
April 22 — General Electronics Laboratories, Inc., for code Records to develop Communication Training	7.68	
May 9 — Treasurer of the State of New Hampshire for the purchase of Surplus Tarpaulins and Duck material for tarpaulin and tent use.	30.60	
May 30 — Evans Radio of Concord, N. H. for part of work in transferring aerial from fire station to Town Hall after it had blown down	48.23	
May 20 — E. C. Fessenden, Brookline, N. H. for radio repair in transferring radio and aerial from Fire Station to Town Hall.	3.00	
May 20 — Alvin Taylor, Brookline, N. H. for hardware and miscellaneous expenditures incurred in transfer of aerial and radio	6.87	
July 14 — A. A. Hall for 12 batteries	2.40	
July 14 — Johnson Electric Supply, Inc. for batteries for C D "Walkie-Talkie"	18.90	
Total Expenditures	\$	131.68
Balance on hand January 1, 1961	\$	145.28
Less Total Expenditures		131.68
Remaining balance July 14, 1961	\$	13.60
Closed account at bank and secured check for \$13.60 from Townsend National Bank for remaining balance	\$	13.60
Account Closed	\$	0.00

The check for \$13.60 was delivered to Mr. Harold Burgess, Director, Brookline Civil Defense on July 17, 1961.

Respectfully submitted

LEE JEFFREYS

Former Director, Brookline Civil Defense

REPORT OF THE POLICE DEPARTMENT — 1961

I wish to extend my sincere thanks to the Board of Selectmen for the fine co-operation that they have given me during the past year. Again this year through the co-operation and combined efforts of the P. T. A. and the Police Department, some of our Safety Patrol members were able to attend the A. A. A. Safety Patrol Jamboree in Washington, D. C., and the whole Patrol was able to spend a day in Concord, N. H. visiting our State Government.

There were 13 reportable auto accidents this year and as a result of these accidents 12 people were injured and there was a considerable amount of property damage. I am happy and thankful to say however that there were no fatal accidents in Brookline this year.

Property loss by larceny this year amounted to approximately \$350.00 of which approximately \$150.00 was recovered.

Of the eight cases of Breaking and Entering reported, five of these were solved and most of these were cleaned up within a matter of 48 hours, there was a very minor amount of loss from these breaks.

The largest amount of property loss this year was due to vandalism, this item was responsible for approximately \$450.00, of this amount approximately \$250.00 was recovered by restitution by parties responsible.

As to the motor vehicle activity, over 450 motor vehicles were checked by the Police Department, for check-ups, faulty equipment, warnings or summons for violations as the situations required. For these motor vehicle violations 157 warnings and 64 summons to Court were issued.

I would like to thank Mrs. Anita Taylor for the many hours spent at the police radio, and express my gratitude to the members of my department for their continued support and to the N. H. State Police, Motor Vehicle Department and to the Police Department and Radio Operators of the surrounding towns for their splendid co-operation.

Last but not least I would like to express my thanks to the Citizens of the Town of Brookline for the splendid support they have given to me and this department during the past year.

Respectfully submitted

ALVIN W. TAYLOR

James Jones, M. D., Milford, N. H.	School Physician
Mrs. Marion Gangloff, R. N., Milford, N. H.	School Nurse
Mrs. Beatrice Denehy	Census Enumerator
Alvin Taylor	Truant Officer

SUPERVISORY UNION NO. 40

School Calendar 1962-63

September 6	(Thurs.)	December 21 (Fri.)	74 days
		(October 26, November 22, 23 School closed)	
January 2	(Wed.)	February 15 (Fri.)	32 days
		(January 25 School closed)	
February 25	(Mon.)	April 19 (Fri.)	40 days
April 29	(Mon.)	Approximately June 21	39 days
		(Memorial Day, May 30 School closed)	

 185 days

Schools will be in session a full day on November 21, 1962.

Supervisory Union #40 Teachers' Meeting, September 4.

Teachers' Convention, October 26. Schools will close to encourage teachers to attend their Convention.

Supervisory Union #40 Teachers' Workshops, September 5, and January 25. Schools will be closed on these two days.

The closing date of school will be revised as the number of days omitted for Convention, Workshops, bad weather, etc., necessitates.

WARRANT FOR ANNUAL SCHOOL MEETING

The State of New Hampshire

To the Inhabitants of the School district in the town of Brookline qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the Eighth day of March 1962, at 8:00 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries

of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will vote to authorize the school board to make application for and to accept, on behalf of the district, any or all grants or funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire, or from any other source.

10. To see if the district will vote to raise and appropriate \$25,000.00 to be used for constructing, furnishing and equipping two additional classrooms to the new elementary school building, and whether the district will vote to authorize the issue of serial notes or bonds upon the credit of the district for all or any portion of the sum so raised and appropriated; and to authorize the school board to determine the terms and conditions upon which the notes or bonds shall be issued in accordance with Chapter 33 of Revised Statutes Annotated.

11. If the district has adopted the article above, to see if the district will vote to appoint a committee to consist of the school board and five citizens to be selected by the voters at the meeting to supervise the construction of said additional classrooms, provided that the plans and specifications shall be approved by the school board acting alone as required by law, and the school board be further authorized to execute any and all contracts or agreements necessary in connection with the construction of said classrooms in accordance with Chapter 199 of Revised Statutes Annotated.

12. If article 10 is adopted, to see if the district will authorize use of \$2,500.00 from the present building fund for the project described in article 10.

13. If article 10 is not adopted, to see if the district will authorize transfer of \$2,500.00 from the building fund to a capital reserve fund for construction and equipment of additional classrooms.

14. If article 10 is not adopted, to see if the district will raise and appropriate the sum of \$2,500.00 to be paid into a capital reserve fund for construction and equipment of additional classrooms.

15. To see if the district will raise and appropriate the sum of \$100.00 to cover expenses of members of the school board.

16. To see if the school district will vote to elect its officers by an official ballot and to adopt the non-partisan system as provided in Chapter 59:73, 79-86 Revised Statutes Annotated.

17. To see if the district will authorize the school board to adjust land boundaries at the new elementary school site with Eugene J. Wood, Jr.

18. To see if the district will authorize the school board to negotiate a tuition contract with Milford to take our 7th through 12th grades as tuition pupils for a five year period beginning September, 1962 at rates charged by Milford within the limits permitted by law.

19. To see if the district will authorize the school board to make disposition of the primary school building and land and to authorize the deposit of all income realized from the sale of said building and land in a capital reserve fund for building purposes.

20. To transact any other business that may legally come before this meeting.

Given under our hands at said Brookline this Sixteenth day of February 1962.

THE ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

It is with a great deal of pleasure that I submit my first annual report as your Superintendent of Schools. In this report I will point out the work accomplished since I assumed the superintendency on July 1, 1961, and discuss the areas that in my judgment warrant the full attention of each citizen if our schools are to accomplish what I firmly believe to be their goal: the optimum development of each individual.

Modern methods and tools are important in every line of work in order to achieve positive results. In the public school enterprise, which has a major responsibility of shaping tomorrow's citizens, the need to keep abreast of the times is essential. The work accomplished to date and the work ahead illustrate efforts made and planned to insure a high quality education for the boys and girls of each school district.

I. Progress Report

A. New Financial Accounting Methods

The school districts of this Union are participating in a pilot project to improve school financial accounting methods. This project is sponsored by the State Department of Education and the State Tax Commission. The budget figures for 1960-61, 1961-62, and 1962-63 school years are presented under the new accounting system for the first time in the School Report of each district this year. It is expected that part of this project will result in financial reports of supervisory unions being sent to the State Department just as each school district does at present. The new accounting system will be implemented state-wide in another year.

B. Curriculum Evaluation and Development

For the first four months of this school year, your Teacher Consultant and I met with different groups of teachers nearly every afternoon to examine specific aspects of the curriculum. The teachers met by grade level or subject, not by school district, in the new supervisory

union office in the Professional Building in Milford. To date, eleven of the consultants from the State Department of Education have held fifteen meetings with our staff to discuss current developments that will help us improve our schools (see list below). The staff of each school deserves a great deal of praise from each citizen, as well as from their School Board and Superintendent, for their willingness to give time from an already overloaded schedule to the continuous and important job of improving each part of the school program. At the time of the writing of this report, the teachers have initiated an examination of the following areas during the afternoon meetings:

Elementary School —	Secondary School —
Reading	English
Mathematics	Mathematics
Handwriting	Social Studies
Science	Science

The workshops held to date and those planned for the future are an important part of this work. As of January 25, three nationally prominent educators have come to Milford to address the one hundred and ten teachers of Supervisory Union 40.

September 7 Dr. Karl Berns, Assistant Executive Secretary, National Education Association. "The Profession Faces the Sixties"

Dr. John Bahner, Director, Harvard-Lexington Team Teaching Project "Team Teaching in Elementary Schools"

January 25 Professor Robert Anderson, Harvard University, lecturer and author. "Team Teaching, Grades 1 - 12"

Consultants from the State Department of Education have assisted us as follows:

Consultant — Area — Topic — Group Involved

1. Mr. Frank Brown, Secondary Schools; Teaching Machines; Principals.
2. Mr. George Cunningham (two visits); Mathematics; Modern Mathematics; Secondary School Math. Teachers & all Elementary Teachers.

3. Mr. Howard Wagner (two visits); Science; a. Development of Improved Jr. High Science Program; Secondary School Science Teachers & selected Elementary School Science Teachers, b. New Science guide; All Elementary School Teachers & Secondary School Science Teachers.
4. Dr. Alice Baumgarner; Secondary Schools; Supervision; Principals.
5. Miss Ruth Cutter (two visits); School Lunch; Improving School Lunch Programs; School Lunch Staff.
6. Mr. Nick Hondrogan; Industrial Education; A New Approach to Industrial Arts; Industrial Arts Teachers.
- 7, 8. Mr. D a n B r o w n; Mr. Nick Hondrogan; Consultants on School Maintenance; Improving School Maintenance: School Custodians.
9. Mrs. Ruth Craig; Guidance; Guidance Counselors.
10. Mr. Andre Pacquette; Foreign Languages; Improving French Prog.; Area French Teachers.
11. Mr. Damon Russell; Administration; The new School Register; Secretaries, Aides, selected teachers. Handwriting; Elementary School Teachers.
12. Mr. John Economopoulos; Elementary Curriculum; Handwriting; Elementary School Teachers.

The schools of this Union are fortunate in being staffed by so many devoted staff members. The deep interest each one takes in improving our schools and the education our boys and girls receive is evident in the many hours worked over and above the normal workload. The work of the staffmembers requires the support of each citizen if it is to result in positive gains for our schools.

II. Areas for Action

The above progress report illustrates how each staff member in this Supervisory Union, regardless of the school district wherein he performs his work, is working closely with staff members from every school district in the continuous job of improving the education each boy and girl receives. Because of this, and the fact that the school board members from each district work together in Supervisory Union

and other matters it is appropriate for me to list together the areas for action that I believe to be of prime importance for the school districts of Amherst, Brookline, Hollis, Milford, and Mont Vernon.

In any school, the two prime ingredients of quality education are staff and the available teaching tools. Yet, the important ingredients are available only if the citizens of each district so vote. I submit the following needs to the citizens of every district:

A. Staff

We must keep our excellent staff members and recruit others as needed. This can be accomplished through adequate salaries, sound personnel policies, and evidence that the citizens, through their School Board and school administration, are supporting a quality education program.

B. Tools

We must provide our teachers with the tools that will enable them to teach as effectively as possible. The "tools" include books, supplies, equipment, field trips for pupils, and workshops and conferences for teachers. Only when he has the proper tools can any skilled teacher educate to the optimum the boys and girls in his charge.

C. Policies and Regulations

We must develop sound, written policies and regulations to govern the work of each staff member and the education of each pupil.

D. School District Organization

We must continuously investigate the financial and educational implications of our school district organization.

The 1961 General Court authorized an Interim Commission on Education to analyze present school district organization, the cooperative school district law, and other areas in education in terms of necessary legislation. The Chairman of the State Board of Education has proposed a major reduction in the number of our present school districts and creation of new, larger, school districts with large high schools as the centers.

E. Reports of Each School District

I commend to your attention the reports in each School District Annual Report which describe in detail the work of the five districts in Supervisory Union #40. The approaches taken and planned for solving problems in other school districts may have bearing on present and future problems of this district.

F. Other Sections of the School District Report

I commend to your attention the reports in each School District presented by your School Board, Teacher Consultant, Principal, and other officers and agents of the school district in other sections of this School District Report.

As one who is intimately involved in the day-by-day work of providing high quality education for our youth, I would like to express my appreciation for the high devotion to education displayed by every member of the school board and staff in Amherst, Brookline, Hollis, Milford, and Mont Vernon. If your schools are to provide the high quality education demanded by our times, the support of every citizen is needed.

I urge your support.

Respectfully,

RICHARD H. GOODMAN

Superintendent

REPORT OF THE TEACHER CONSULTANT

For the past seven years this section of the school report has been devoted to a review of some of the work of the Helping Teacher. Inasmuch as the New Hampshire Legislature in 1961 changed the title to Teacher Consultant it might be well to mention the fact at this time. The change in title makes no difference in the status or role of Helping Teacher, but is considered to be somewhat less confusing and possibly more descriptive of the work being done.

The Best Education for all Children

The teachers in all the schools in this Union are concerned with one common goal — the best possible education for all children. Because of this they have two major tasks; to recognize the needs of each child as an individual, and to provide for these needs. Since no two children are alike, each must be considered as unique, different from all the others, with his own strengths, limitations, and particular needs. The teacher attempts to understand the stage of development reached by each child in his search for maturity and education. This understanding is essential if provision is to be made for this further development and education. For each child a program must be planned which will meet his needs and allow him to achieve according to what he is capable of achieving. The ideal way is through individualized instruction where each child works at his own level of achievement, regardless of what other children are doing. This is a difficult method to acquire unless the class is unusually small, and the school district wealthy enough to provide the extra teachers, classrooms, and required materials. A more feasible way for the schools in this Union is for the teacher to work with classes or groups of children who have attained similar levels of achievement. This permits more individual instruction by grouping together pupils with similar achievement levels. This allows children to progress at their own rate, without the usual frustrations encountered by the slower pupils and with greater challenge, enrichment, and progress for the fast. It also helps to eliminate one of the most serious problems in education today — that of the pupil who works below his ability. For many years we have recognized the fact that many of our pupils do not achieve according to

their ability. Grouping by achievement is helping in the solution of this problem.

For the reasons stated above, the schools in this Union are concerned with the grouping of their classes, not by ability, but by levels of achievement. Such grouping provides more opportunities for greater accomplishment, in that it recognizes those whose added effort compensates for lesser ability and challenges those of greater ability to produce more. The goal is to allow each child to develop his own capabilities at his own rate of growth; thus grade barriers are eliminated.

The programs in the several schools in Supervisory Union #40 are basically the same in their underlying philosophy of recognition of, and provision for individual needs of our children. However, as no two schools are alike in their organization, so no program in one school is exactly like that in another. In some schools a certain degree of individualized instruction has been a part of the program for some time, usually only in one subject area. Grouping by achievement levels is just getting its start in some schools, and in others it has become well established. This approach to education is a departure from the traditional which was based upon the assumption that all children require exactly the same curriculum and methods of instruction. Being geared to meet the needs of the average child it tended to do just the opposite for him when he was forced to wait for the slow to catch up, while at the same time experiencing the pressure of trying to keep up with the more rapid learners. Well-planned grouping practices will take into consideration the needs of all children, whether they are slow, average, or fast learners, or physically, intellectually, or emotionally handicapped. Your teachers are meeting the challenge.

Progress of Special Class

Of interest to the parents in this area is the special class which has been established in Amherst. It may be recalled that the need for such classes was expressed in my last report to the Union. This was to include children from the five towns. However, it was recommended that at this time we organize one class to be made up of children

from Amherst and Milford only. The class is limited to fifteen children, and under the guidance of Mrs. Lucy Richardson they are a happy, relaxed group, and the amount of learning taking place is truly amazing. The program is planned to give the children an opportunity to have training in practical arts and scholastic experiences directly related to these arts. Half of the classroom is set up in the usual manner, the other half is designed to provide experiences in homemaking, woodworking and handwork. The children learn to read, write, spell, and work with numbers through the application of recipes, directions, shopping lists, etc., to the practical use for which they are intended. This is in addition to other instruction in the 3 R's. As another step in providing for the individual differences of all children we hope that in time we shall have all children requiring such specialized instruction in each of the five towns enrolled in this type of special class.

Once again I would like to thank the parents, teachers, and school board members for their splendid cooperation and dedication to the task of providing the best education for all children. I wish also to pay tribute to Dr. Goodman and to the principals of our schools for their fine leadership in making more effective our combined efforts to bring this about.

Respectfully,

MABEL I. CONNOLLY

Teacher Consultant

Brookline Elementary School
Brookline, New Hampshire
January 8, 1962

REPORT OF THE PRINCIPAL

The 1961-1962 school year is without question a unique year in Brookline history with the opening of the new elementary school. This is without a doubt the outstanding event of the present school year. The building, although simple in design, is capable of providing the children with the environment and physical necessities required to keep them on a competitive level with children of other equally progressive communities.

One of the principle features of the new building is the all-purpose room which has given us the opportunity to expand our classroom activities and coordinate our school functions. The room is put to constant use during the school week for films, film strips, rhythm activities, display and by our music supervisor, Miss Wheeler.

Another innovation in our school program this year has been the introduction of educational T.V. Through the facilities of Channel 11, we are now participating in five educational programs designed to supplement and enrich our already existing curriculum.

We have also launched a physical education program, which although only in its formative stage, will go a long way toward meeting the requirements of President Kennedy's new physical fitness program.

This year for the first time children in the primary years are organized in an ungraded program determined by the reading level they have achieved. This setup is designed to challenge the rapid achiever and place the slow learner in an environment where he will gain confidence and it is hoped progress rapidly to the next level of achievement. This system also is in its initial stages but is already realizing the desired results.

Although Brookline has done much to improve its educational facilities, there is still much to be done if we are to offer a good basic education.

In order to supplement and individualize the reading program an adequate school library is necessary. At present, we rely almost

entirely on the Bookmobile which comes to Brookline only two or three times a year and supplies us with a minimum of books. We can not take valuable classtime to send the pupils to the Town Library, and many can not go there outside school hours. The desire to read can be stimulated among children only when there is an adequate supply of books readily available to meet their varied interests. Your staff hopes we can develop a school library in one section of the all-purpose room.

We are looking forward to having play-ground equipment for our physical fitness program and general recess periods. Equipment of this sort helps to channel the child's energy into activities which will develop and coordinate him physically.

There is also a dire need to coordinate and functionalize our school system. This can only be done by bringing all our classes together under one roof where the available facilities can be shared by all and not limited to those in a particular building. An additional one or two rooms should be added to the new building at the earliest possible date if children and teachers are to work together and progress toward our common goal: the optimum development of each child.

Access to a special class such as the one now in operation in Amherst where exceptionally slow children could be taught in a properly equipped classroom by a teacher trained for that purpose should be considered. As in the case of the reading level program children exposed to this type of classroom experience are much quicker to attain their proper achievement level.

Lastly, I would like to mention the use of teacher aides who are used in a great many towns including a few in this Union. With the aid of these people who are capable of doing a great deal of clerical work, the classroom teacher could devote all of his time to teaching and curriculum improvement.

Educational methods are undergoing great changes in order to keep pace with the most rapidly changing era in history. In order to give our children a competitive position in their society, we must try and keep pace with these new and proven changes.

I wish to thank the people of Brookline, the School Board, Superintendent, Teacher Consultant, and our teachers for assistance in making the Brookline school one we can regard with pride.

Respectfully submitted,

PETER G. DOLLOFF

REPORT OF SCHOOL STUDY COMMITTEE

The School Study Committee was appointed by the School Board to "Study Consolidation or any other project to better educational conditions or costs."

The Committee consisted of: Thomas Arnold, Chairman; Dorothy Haight, Beatrice Hall, George Farwell, Donald Sommers, and Ann Agran.

The Committee met regularly since April, 1961, and, in conjunction with similar committees from other towns, recommended to the School Board that a Cooperative School District be formed for Brookline, Amherst, and Hollis. This recommendation was distributed through the mail to all voters in a Booklet entitled "A Cooperative School District" which was printed in September, 1961. The proposal was defeated by a majority of the voters at a Special School District Meeting.

The results of the research completed by this Committee is available for future Study Committees and/or School Boards.

ANNUAL SCHOOL BOARD REPORT

Your School Board has had a very busy year. Besides its job of taking care of regular school business, we were involved in the building of the new Elementary School and in a study of a Cooperative School District.

In April 1961 the School Building Committee started working on plans with our architect, Mr. Edward Baker, of Leominster, Massachusetts, and the school was ready for occupancy on September 11, 1961.

The School Board wishes to extend its thanks and appreciation for this record breaking job to the School Building Committee:

Mr. Terrence Denehy - Chairman
Mr. Clarence Farwell
Mr. Charles Rutter
Mr. Roy Whittemore
Mr. Quentin Young

A special vote of thanks is extended to Mr. Whittemore who spent a great deal of time and effort in coordinating the activities of the contractors, suppliers and School Building Committee in overcoming delays.

Seppala and Aho Construction Company, Inc. of New Ipswich were the prime building contractors. The well, the location of which was pin-pointed by Mr. Perin, our local dowser, was drilled by the Still River Artesian Well Company. This well is approximately 125 feet deep and delivers 4 gallons of water per minute as predicted by Mr. Perin.

The septic tank system, designed by Mr. Q. Young, was installed by Mr. Clarence Farwell. All the surveying, driveway work and grading and seeding was also done by Mr. Clarence Farwell.

Items such as educational T.V., door mats, drapes, etc. were included in the school building costs to take advantage of the thirty percent state aid given to towns in building new schools.

At present we have four classrooms in the elementary school building and one classroom in the Daniels Academy building.

This split location of classes causes many problems in our school program, both from an educational and a financial point of view. Because of these problems which are discussed in detail in the Principal's Report, the School Board recommends that we add two more classrooms to our new Elementary School Building.

We would like to call your attention to the major changes in the budget for this year along with the reasons for them.

1) Series 200: Instruction — An increase of over \$2,000.00. This is due to an increase in teachers' salaries and is necessary if we are to be able to keep our better teachers and attract good new teachers as vacancies occur. This year's increase was necessary to bring our teachers somewhere nearly into line with salaries paid by surrounding towns and should not be a recurring expenditure.

2) Series 400: Health — Supervisory Union #40 voted last year to make the School Nurse's salary a District expense, rather than an expense of the Union.

3) Series 500: Transportation — The decrease in this budget item is due to the promise by Nashua that dual sessions in the Junior High School will not be necessary next year. This saving will more than offset the increased transportation expenditures normally expected with an increase in tuition students.

4) Series 600: Operation of Plant — The continued operation of a classroom in Daniels Academy, in addition to our new school, is primarily responsible for this increase.

5) Series 800, 1200, 1300 are more or less self-explanatory and result from the financial obligations incurred in the building of the new elementary school. Please note that there is a corresponding revenue payment from the State that results from the new school.

6) Series 1400: Outgoing Transfer Accounts — Tuition payments will increase approximately \$7,000.00. This increase is due to both a rise in tuition costs per pupil and the number of tuition students. This is perhaps the most significant single expenditure of the District and the one that requires your most serious consideration.

It is primarily because of estimated savings in tuition and transportation costs that we have included in this year's warrant an article to authorize the School Board to negotiate a long-term tuition contract with Milford. The estimated savings should not be dismissed lightly, and the educational advantages and disadvantages need to be weighed carefully.

The School Board wishes to extend its thanks to the School Study Committee:

Mr. Thomas Arnold - Chairman
Mrs. Manuel Agran
Mr. George Farwell
Mrs. Alan Haight
Mrs. Sidney Hall
Mr. Donald Sommers

This committee recommended the formation of a Cooperative School District with Amherst and Hollis. However, the proposal was defeated by a vote of 218 to 56 at a Special District Meeting held on December 1, 1961.

Respectfully submitted,

BROOKLINE SCHOOL BOARD
RANDI BREMER, Chairman
GEORGE SHEDD
HARRY CHORNEY

SYNOPSIS OF SCHOOL MEETING

March 7, 1961

Met according to the call of the warrant, the warrant being read by Alton Jensen, moderator pro-tem.

Article 1: Voted that the clerk cast one ballot for Alton Jensen for moderator for the coming year. Vote was cast. Alton Jensen was declared elected, and took the oath of office before the clerk.

Article 2: Voted that the moderator cast one ballot for Ruth McGhee for clerk for the ensuing year. The vote was cast. Ruth McGhee was declared elected and took the oath of office before the moderator.

Article 3: The names of Ann Agran and Harry Chorney were placed in nomination for members of the school board for the ensuing three years. Ballot count: Ann Agran, 70; Harry Chorney, 78. Harry Chorney was declared elected and took the oath of office before the moderator.

Article 4: Voted that the clerk cast one ballot for Louise Corey for treasurer for the ensuing year. The vote was cast. Louise Corey was declared elected.

Article 5: Voted to pass the article to consider it under Article 8.

Article 6: Voted that the reports of Agents, Auditors, Committees, or officers chosen be accepted as printed in the town report.

Article 7: Voted that the town auditors serve as school district auditors.

Article 8: Voted to postpone this article until after Article 16.

Article 9: Voted to raise and appropriate the sum of \$1,100.00 as a Deficiency appropriation payable on or before June 1, 1961, to reimburse the district for extra costs due to transportation.

Article 10: Voted to authorize the school board to make application for and to accept on behalf of the district any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire, or from any other source.

Article 11: This article to raise and appropriate \$85,000.00 was defeated. Voting was by checklist. The motion was made by Terence Denehy and seconded by Manny Agran. Ballot Count: No—66, Yes—105. Necessary for choice—114.

Article 12: Voted to pass this article.

Article 13: Voted to table this article and consider it after Articles 14-16. It was then voted to raise and appropriate the sum of \$1,160.00 to meet the first semi-annual installment of interest on the bond issue. (Motion made by Charles Rutter)

Article 14: Mrs. Beatrice Hall moved that the district vote to build and equip a new Elementary School of four classrooms with adequate sanitary service and administrative facilities, on land now owned by the school district. The motion was seconded by Charles Rutter. The voting was done by check list with the following results: Total votes cast—165. Necessary for choice—84. No—35, Yes—130. Motion was carried.

Article 15. Mrs. Beatrice Hall moved that the school district raise and appropriate the sum of \$58,000.00 to be used together with the balance in the Capital Reserve Fund for the construction of, alterations to, additions to, special repairs to, and furnishings and equipment for a new elementary school building of four classrooms with adequate sanitary service and administrative facilities to be constructed and erected on land now owned by the School District; to authorize the raising of the sum of \$58,000 or any portion thereof by the issue of serial notes or bonds upon the credit of the School District in accordance with the New Hampshire Revised Statutes 1955, Chapter 33 (Entitled Municipal Finance Act) as amended and any other statute thereto enabling; to authorize the School Board to use its discretion in fixing the date, maturation, denomination, interest rate, or discount rate in the case of notes, the place of payment, the form and other details of said bonds and notes and of providing for the sale thereof; to give to the school board the power and authority to determine all other terms, conditions, or matters relating to the issuance and sale of said notes or bonds; to authorize the school board to do any and all things necessary or convenient to carry out the purpose and intent of this Warrant Article including but not by way of limitation the employment of architects, surveyors, or engineers and the execution in the name of the district of such contracts or contract as may be necessary or required to carry out the purpose and intent of this article. Voting was by checklist with the following results: Ballots cast—159. Necessary for choice—106. No—29, Yes—130. Motion carried.

Article 16: Voted to appoint a building committee to consist of the school board and five citizens to be selected by the voters at the meeting, to supervise the construction of said building, provided that the plans and specifications shall be approved by the school board acting alone as required by law and the school board be further

authorized to execute any and all contracts or agreements necessary in connection with the construction of said building in accordance with Chapter 199 of revised statutes annotated.

Channing Mould
 Charles Rutter
 Quentin Young
 Clarence Farwell
 Terrence Denchy
 Committee Members

Article 8: Voted that the district raise and appropriate the sum of \$81,042.57 for the support of schools, for the salaries of district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between estimated revenue and the appropriation, which balance is to be raised by taxes by the town. Mrs. Hall's amendment to appropriate \$75,042.57 was defeated. 42—yes, 80—no. Necessary for choice, 62.

Article 17. Voted the school board be instructed to investigate the advisability of adopting the official ballot for the election of school district officers and an article be placed in the warrant of March 1962 for the adoption of said official ballot.

Voted all transportation, any special expenditures for equipment or services exceeding \$500.00 shall be submitted to competitive bidding and published in the Brookline News.

Note: Voted amendment under article 8 to set aside \$100.00 from contingency fund to use under article 16 for expenses of setting up bonds, etc.

Voted to adjourn.

A true copy attest:

RUTH McGHEE, Clerk

SYNOPSIS OF SPECIAL SCHOOL MEETING
December 1, 1961

The meeting was started at 12:40 P.M. by the Moderator Alton Jensen.

The following articles were read: 1. Resolved that the Brookline School District, petition the State Board of Education to become a member of a Cooperative School District, grades 1 - 12, which would include, in addition to this district, the Amherst and Hollis School Districts; that the School Board of this Cooperative District will consist of nine members, three from each of the pre-existing school districts; that each board member will have an equal vote; that each pre-existing school district shall pay its share of all capital outlay costs and operational costs in accordance with the formula that 10% of all such costs shall be apportioned on the basis of the ratio that the equalized valuation that each pre-existing district bears to that of the cooperative district, and 90% shall be apportioned on the average daily pupil membership for the preceeding year.

2. To elect one representative to serve with representatives of other school districts on an interim committee who shall prepare a financial budget for the operation of the proposed Cooperative District.

Charlotte Farwell was elected Clerk, pro-tem.

Voting by "Yes," "No" ballot started at 12:45 P.M. and ended at 7:00 P.M.

Ballot count: No—218, Yes—56. 274 voters.

Since there was a negative vote on article 1, article 2 was passed and the meeting adjourned.

CHARLOTTE FARWELL
Clerk, pro-tem
