## THE STATE OF NEW HAMPSHIRE

---

To the Inhabitants of the Town of Loudon in the County of Merrimack in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Loudon on Tuesday, the ninth day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see if the town will vote to raise and appropriate the sum of \$2,600.00 for Old Age Assistance.
4. To see if the town will vote to allow 2% discount on all property taxes paid within thirty days after presentation of tax bills.
5. To see if the town will vote to instruct the Selectmen to hire money in anticipation of taxes.
6. To see if the town will vote to authorize the Selectmen to bond the town for such a sum as may be necessary to complete the purchase of the snow removal equipment voted at the 1947 meeting, to be repaid by serial notes maturing \$1,000.00 each year.
7. To see if the town will vote to raise and appropriate the sum of \$400.00 to exterminate White Pine Blister Rust.

8. To see if the town will vote to authorize the Selectmen to close the town dump on all days except Saturday of each week, and to spend such sums as are necessary to properly control the disposal of waste on that day.

9. (By petition) To see if the Town will vote to instruct the Selectmen to publicly post and advertise for a physician to establish a practice to serve this community. Also to raise the sum of \$300.00, provided yearly, as an added inducement to a competent physician.

10. To see if the town will vote to raise and appropriate a sum not exceeding \$80.48 (1/100th of one percent of the town's valuation based on the 1947 assessment) to the Merrimack Valley Region Association for the purpose of publicizing and promoting the natural advantages and resources of the town in cooperation with the other 37 communities in the Merrimack Valley Region.

11. To transact any other business that may legally come before said meeting.

Given under our hands and seal this fifth day of February in the year of our Lord nineteen hundred and forty-eight.

LEONARD S. HILL,  
NATHAN P. SMITH,  
BENJAMIN E. SMITH,  
*Selectmen of Loudon*

A true copy of Warrant—Attest:

LEONARD S. HILL,  
NATHAN P. SMITH,  
BENJAMIN E. SMITH,  
*Selectmen of Loudon*

We continue the Church Page in our Town Report because our churches are a real and necessary part of Loudon. Many of us do not attend the church of our choice as much as we should. Fifty years ago more people "went to church" on Sunday. To all of us Sunday School and Prayer Meeting are among our cherished memories. Today religion has much competition from the cares and pleasures of a modern world. May our little country churches find the courage and strength to meet this competition — to continue the influence that made our town and our nation a pleasant, decent place in which to live.

## OUR COVER

---

The "Village Scene 1897" brings back memories of that early day. We remember that these men were interested in their town and its civic affairs, in the annual Town Meeting. They read with critical interest the "Annual Report of the Financial Affairs of the Town of Loudon for the year ending February 15, 1897." Excerpts from this old copy are reprinted for you in our 1947 Report. They have been of interest to us and we hope you too will find them of value.

Few men then active in town affairs are now alive, although the names of others will bring back memories to us all. Frank O. Lovering was Town Treasurer; Fred Green was Town Clerk; Walter Clough, Tax Collector; and Alvah L. Morse, George W. Merrill, Dodd P. Wheeler were Selectmen. E. H. Sleeper sold the town some bridge plank for \$10.45; Sweat Hill earned \$0.75 for labor; Helen Kenney, Clarence Merrill, John Pearl, Frank Merrill, and Flossie B. Tilton were on the "School Honor Roll."

The School Report listed 154 enrolled in the various grades. Teachers received from \$18 to \$40 per month for their services, and the town appropriated \$1,520 for school maintenance.

There were twelve births, nine marriages, and sixteen deaths listed in the "Vital Statistics." Life and love and death went on then much as it does now.

The Treasurer received \$13,643.78 from all sources and the cost of town affairs was \$12,854.89, leaving a balance of \$788.89. Highway and bridge maintenance cost \$1,661.96; town poor, \$236.13; and the town bought its present safe at a cost of \$100.00.

If a moral is to be drawn from this early day, it is a simple and obvious one. Whatever we obtain in life, in comfort or luxury or advancement, must be paid for. If we have cars and trucks and better education, we must have better road equipment, better schools, and higher costs. If the money is used with care and good judgment, if full value is received, then we need not envy those people of fifty years ago.

## REPORT OF SELECTMEN

---

*To the Citizens of Loudon:*

Again we bring you a report on the management of your town; and again it must concern higher costs and a possible higher tax rate. You taxpayers make the investment in good government; it is our responsibility to give you full value for every dollar.

### Current Maintenance Expense

On Town Meeting Day your budget called for an expenditure of \$42,158.88. The following is a summary of actual expense.

Total payments for all purposes .....	\$70,324.97
Deductions for refunds and other income:	
Refunds .....	\$3,065.75
Bounties .....	62.50
Dog damage .....	25.00
Purchase Grader (Bond issue) .....	8,000.00
Gas money .....	1,983.00
County Poor .....	419.56
Loans, anticipation of taxes .....	15,000.00
Income from Highway Dept. ....	380.00
Sale of grader and plows .....	925.00
	<hr/>
	\$29,860.81
Total Budget Expenditures .....	\$40,464.16

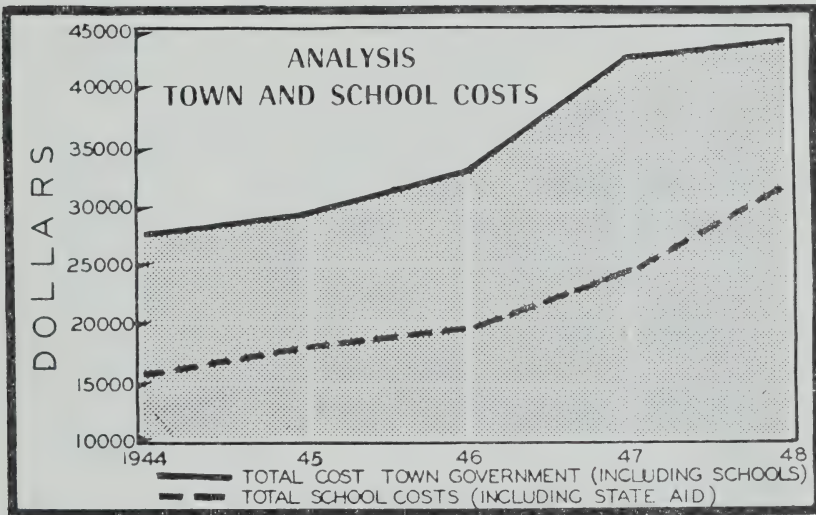

### Property Valuation

It is true that while we have a rather high tax rate our property valuation has been kept at a comparatively low figure. In 1945 your selectmen revalued all real estate in Loudon, trying at the same time to adjust any inequalities that might exist. This survey resulted in about a 12% increase in total valuation.

Possibly we should again raise property values to a

figure approaching present inflated prices. If this was done, the tax rate would drop temporarily; but there would be a tendency to vote larger appropriations at Town Meeting because "we could afford it." The rate would again go higher, and, when the inevitable recession comes we would face a serious cut in valuation. A rate of \$5 per \$100 of valuation is all you should pay in taxes. Let us work together for the necessary economy measures to keep it there.

### Schools

Before the State Legislature voted an increase in aid to our schools the School Budget called for the sum of \$19,752.00. After the additional funds were allowed a special School Meeting was held and this amount was cut to \$16,653.00, a saving of about \$0.40 per \$100 in taxes.

This year the School Budget calls for \$18,428.00 to be raised by taxation. This sum will almost wipe out the tax savings received from the additional state funds. Our children deserve the best education we can afford, but we are not

servicing them if our town's economy is impaired in the process. Our School Board has given careful thought to the preparation of their Budget. They too are concerned with the higher costs of education. It is our duty as parents, and as taxpayers, to take an active part in the next School Meeting. If we can help lower school costs without harm to our educational system, we will do our town a real service.

The total cost of our schools now exceeds the sum spent on all other branches of town government combined. In the Town Meeting we carefully weigh each appropriation. Yet we adopt the School Budget with little discussion. It is our duty to our children, our School Board, our town to take an active part in school affairs.

### New Equipment

At the last Town Meeting you voted to purchase a new Austin-Western grader and snow plow. At that time the cost was estimated at \$10,000. You instructed us to sell the old grader and apply the money on the price of the new machine. In 1946 the town had raised the sum of \$1,000 toward the cost of used equipment. This sum was also made available.

We are submitting a statement of our action to date.

Cost of grader .....	\$10,639.50	
Estimated cost of plow and wing .....	1,500.00	
		\$12,139.50
Sale used grader .....	\$700.00	
Cash on hand .....	1,000.00	
Borrowed (Pittsfield Savings Bank) .....	8,000.00	
Raised by taxation 1947 .....	1,000.00	
		\$10,700.00

It would appear from these figures that the town should authorize the Selectmen to borrow, by issuance of serial notes, such a sum as may be necessary to complete the purchase of this equipment when delivery can be made.

Through the efforts of one man, a good citizen of our town, we were able to get delivery on the grader much sooner than anticipated. Without his aid delivery might

have been delayed until 1948-49. The plow and wing were promised for December 1947 but because of steel shortages it has not yet been received.

### **A Suggestion for the Future**

The part of this suggestion for better town government that concerns officers salaries is made by the retiring member of your Board of Selectmen. Because it deals with a salary increase it can be made by him without fear of criticism, and without embarrassment to the other officers.

Your Selectmen now receive \$225 for the chairman, \$200 and \$170 for the other two members, plus an additional \$35 for the one who acts as Overseer of the Poor, a total of \$630 for the year. Your School Board members perform their difficult task at a salary of \$52 each, a total of \$156.

These six people give of their thought, time and energy to a task increasingly difficult each passing year. Because we vote them into office, we feel it is our privilege to become their severest critics. This is as it should be, but let us remember they are only human; we too can make mistakes; constructive criticism alone is helpful to them and to the town.

School costs now exceed those of all other branches of town government. The three School Board members control the use of these funds, and the three Selectmen's authority is but to furnish the money through taxation. It seems logical that, were the two Boards combined, a closer and more informed administration of town affairs might result.

We urge that you voters give careful thought to the proposition of electing one Board of three members to administer the affairs of both the Town and the School District; their salary to be fixed at \$600 for the chairman and \$450 each for the other two members; and our Representative to the General Court be instructed to explore the possibilities of introducing a bill in the next session of the Legislature that would allow any town to vote such a change in its government.

Balance on hand Dec. 31, 1947 .....	\$230.52

JOHN R. KENNEY,

*Road Agent*

## LOUDON FIRE DEPARTMENT

---

The past year has been a busy one for this department. We have answered forty-five calls. They were for the following — 1 Chimney. 3 Smoke. 1 Motorcycle. 5 Out of town. 11 Brush. 10 Buildings. 14 Misc.

Four major building fires, three of which came in rapid succession, caused losses amounting to considerable but the prompt response of the men and apparatus of this department was instrumental in keeping these losses much lower than they easily might have been.

Starting shortly after noon on April 28th Fred Lamprone's house at Tilton Corner was nearly consumed. Both pumpers pumped continuously for more than three hours with 1,700 of hose laid out. Following closely, just 11 days later, Mrs. Vivien Moses' place, again at Tilton Corner caught fire just before one in the morning. Though it had a big start and was burning in the middle of the set of buildings we managed to control it after a battle of four and one-half hours using 2,700 feet of hose. Before the hose was hardly dry on May 23rd the large slaughter house owned by Mr. John Forst on Oak Hill was ablaze. No water was available for pumper operation but by sparingly using the water from the only well the large barn and house were kept wet down and saved. November 22nd saw the last building fire of the year. While the occupants were in Concord the home of Mrs. Corliss on Bear Hill became a roaring furnace before discovery by a neighbor. 1,400 feet of hose was laid to the nearest water, a well, to protect the barn and garage across the road.

January 29th saw us responding to a call from Concord for the fire that destroyed the buildings of Mrs. Barnard near the Okay Garage known as the Libby place. May 12th Engine Two and crew gave timely assistance in saving several buildings in the Websters Mill district during the so-called Pittsfield fire of that date. August 11th we, along

with Pittsfield and Epsom, went to help Chichester at the Marshall place on the southern end of Bear Hill. On September 6th we answered a call from Canterbury for a roof fire at the Frank Davis place in the Kezer district. Luckily it was stopped with but minor damage to the roof and roofing timbers.

There were several brush fires in Town all of which were caught and controlled before they had reached a destructive stage. The rest of the state was not as fortunate and fires covering mile after mile, burning for days and weeks occurred in several sections. On October 25th a detail of seven men were sent to the Sunapee fire in Newbury. The next day, Sunday, October 26th, Engine Two with a crew of five men was dispatched to Rochester to relieve other out-of-town pumpers and crews that had been on duty for 48 hours.

During the summer a two-way radio was installed in the Chief's car, at his own expense. This gives constant communication with the fire and has proven to be of great value. Thought is now being given to equipping both pumpers with something of a like nature. At nearly every fire there is a great distance between it and the nearest water. It is vitally important that those at the pumper and at the fire itself know instantly what the other is doing, or would like to do. The only way this can be accomplished is by these radio installations.

The Ladies Auxiliary has, as usual, been very active. Always ready and willing to aid financially, they are always on the spot with coffee and lunch whenever needed. They recently ordered several fire helmets for the life saving protection of the men.

Seeing the physical handicap under which the men were working by not having any protective clothing a public subscription paper was circulated. The funds received from this source together with money raised by a scrap drive last spring is to pay for as many warm, waterproof, turnout coats and heavy-duty firemen's boots as it will cover.

They were ordered December 22nd and should be in service long before Town Meeting.

We experienced a bit of hard luck in the complete break down of the pump in the original truck, Engine One. Luckily it occurred just as we had the Moses fire under control. This has been replaced by a new Hale rotary gear pump of equal capacity which is proving very satisfactory.

As always — at your service.

The Loudon Fire Department,

J. WESTLY ROBINSON,  
*Chief*

## TRUST FUNDS

### Report of the Trust Funds of the Town of Loudon on December 31, 1947

Date of creation	TRUST FUNDS—PURPOSE OF CREATION	How Invested	Amount of Principal	Rate of Interest	Balance of in- come on hand at beginning of year	Income during year	Expended dur- ing year	Balance of in- come on hand at end of year

## THE STATE OF NEW HAMPSHIRE

---

*To the Inhabitants of the School District in the town of Loudon qualified to vote in district affairs:*

You are hereby notified to meet at the Town Hall in said district on the 9th day of March, 1948, at 1:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of statutory obligations of the district, as determined by the School Board in its annual report.
9. To see if the district will vote to raise and appropriate the sum of Sixty-two Thousand, Eight Hundred Thirty-five Dollars, (\$62,835.00) for the purpose of constructing and equipping a new central school building and to authorize the School Board to issue serial notes or Bonds in the name

of and on the credit of the district in this amount in conformance with existing statutes.

10. To see if the district will vote to authorize the School Board to make transportation contracts for periods of three years.

11. To transact any other business that may legally come before said meeting.

Given under our hands at said Loudon this 11th day of February 1948.

MARGARET ANDERSON,  
JOHN OSBORNE,  
DOROTHY DOWNES,

*School Board*

LAURA G. JENKINS,

*District Treasurer*

July 6, 1947.

---

## AUDITORS' CERTIFICATE

---

This is to certify that we have examined the books, vouchers, book statements and other financial records of the treasurer of the school district of Loudon, New Hampshire, of which the above is a true summary for the fiscal year ending June 30, 1947 and find them correct in all respects.

DORIS C. DEERING,

ARTHUR T. ANDERSON,

*Auditors*

July 7, 1947.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS Loudon, N. H., January 30, 1948

---

*To the School Board and Citizens of Loudon:*

I herewith submit my report as Superintendent of Schools.

Today we are still faced with trying times as the effects of the aftermath of war become more and more noticeable. Increased cost of materials, scarcity of personnel, and an increase in school population is taxing our present system to capacity.

In spite of these things we are still confronted with the problem of furnishing education to our youth. This responsibility I hope will always be ours in order that we may continue a free and independent people. We are, on the other hand becoming more "school conscious" due to the increased interest on your part as to what your boy and girl are getting in the way of education.

With these thoughts in mind I submit for your consideration the following.

### 1. *School Plant.*

Building costs are still sky-high and may continue to be for some time to come. In spite of this the fact that a great deal of work is necessary on our present buildings to bring them into fair shape is apparent. On the completion of that task you will still have the old buildings with poor facilities for your boys and girls.

Loudon, by special permission, can raise eight per cent of its assessed valuation for the construction of a new school plant if action is taken before January 1, 1949. This sum of money may not, at present, build the plant necessary for your youngsters. However, should aid become available and we were in a position to go ahead with our building plans a plant suited to our needs could be built. There is

some hope that this aid will be forthcoming. Another factor in the building is the cost of borrowing money. Today the interest rate is not too high. As soon as money begins to tighten up the rate of interest will climb, adding greater cost to the building.

In making the recommendation for raising the sum of money mentioned in the warrant for new construction it is felt that if we raise and appropriate that sum by notes and bonds we will then be in a position to negotiate for the actual construction when the building can be constructed for the amount appropriated. We would save on interest by selling at a lower price and we would be able to act at a moment's notice in getting the work started once conditions are ripe for it.

## 2. *School Transportation.*

The problem of transportation is one of dilemma for the Board and Superintendent. We feel that here is a place where a saving could be made if we had someone bidding on the route who had a suitable school bus capable of carrying a large number of pupils. We are asking for the privilege of making contracts for periods longer than one year in order that we might interest someone in purchasing a school bus and bidding on the transportation routes in Loudon. We could give better, cheaper and more efficient service with the larger unit doing the transporting.

## 3. *School Curriculum.*

During the past year much progress has been made in the bringing up-to-date our school offerings. New texts and systems have been introduced in reading and spelling with all schools following the same programs. Modernization and improvement in our language and social studies fields are being contemplated for the coming school year.

The change made this year in bringing all of our seventh and eighth grade pupils together in the Yellow School has proven very successful. The pupils have been given a far

richer program than was possible under the set-up of our schools last year. This age group with common problems, should be able to make the transfer to high school with greater ease than in former years. The large number of pupils at the school has not caused any serious loss in the effectiveness of teaching and learning.

4. *General.*

Costs of operating schools has increased along with that of other businesses and that of operating your own home. In order that we not impair our education for the boys and girls we will need more to operate effectively. The schools will only be as good as you will allow us to make them by your voting us the necessary funds.

I wish to express my gratitude to the Board, Teachers, and Citizens, for the coopération given me and the schools during the past year. I hope that this spirit will continue in the future that we may be able to serve your boys and girls to the best of our ability.

Respectfully submitted,

FRED W. SNELL,  
*Supt. of Schools*

## Roll of Perfect Attendance

*Pupils not absent or tardy for the School Year Ended June 30, 1947*

Barbara Bennett	Village Grammar
Donald Cate	Village Grammar
Raymond Cummings	Village Grammar
Rodney Eastman	Village Primary
Bruce Lampron	Village Primary
Shirley Lampron	Village Grammar
Melvin Mulkhey	Village Grammar
Jane Smith	White
Nancy R. Towle	Osborne
Robert C. Towle	Osborne

TOWN TREASURER.	DR.
To cash received of John F. Green, Town Clerk,	\$130.40
TOWN TREASURER.	CR.

## SCHOOL REPORT.

---

### *Fellow-citizens:*

In looking over our report you will notice that the number of our scholars, which has been growing less for several years past, seems now on the increase. You will also notice that the number of visits by citizens is nearly double that of last year, the three schools leading in this respect are the Yellow, White and Moore. We are glad of this because interestedness on the part of parents is a great help. We believe in advancing our schools, not by any sudden revolution, but by steady, healthy growth.

During the year we have given every scholar in the district the advantage of twenty-six weeks of school—while upon Pleasant street we have had twenty-eight, and at the Yellow thirty-one weeks, thus making up to them what they lost last year.

We did not think it was best to decrease the number of our schools, for experience has taught us that those who say there ought not to be a school in this or that place, are very often the ones who would complain bitterly if they had to send their own children two or three miles to school. To have a less number of schools would, perhaps, be doing the greatest good to the greatest number, but it would not be giving fairness to all.

There has been a difference in our schools during the past year, some of them have been excellent, some very fair, and some not so good; the majority, however, doing all that could

reasonably be expected. In every instance where our old teachers were returned a good school was the result.

The report of the treasurer of the board will show what has been done with the money raised for repairs. It was our intention to expend it to the best advantage and where it seemed to be most needed. If the same amount is raised and expended each year for three or four years more, all our schoolhouses and school grounds, that we use, can be put in very good condition.

It seems to us that two of our schoolhouses, the New Dover and the Hill, may as well be disposed of in some way, as they will not be needed again until they have gone by. The Osborne schoolhouse may be used again, and should be kept in repair.

All who have in any way aided us in making our schools a success will please accept our grateful acknowledgment for the same. It has always been our intention to do what we could for the "rising generation," and for the best interests of all concerned, believing that only an educated people can be free, prosperous and happy.

Respectfully submitted,

GEO. W. ROWELL,

GEORGE T. GRIFFIN,

WILLIAM A. MEGRATH,

*Board of Education.*

Loudon, N. H., Feb. 15, 1897.
