Letter of Transmittal

Honorable Board of Selectmen and Citizens of Meredith:

It is my pleasure to present to you the Annual Report on municipal operations for the fiscal year ended December 31, 1956.

It is always of prime interest to the citizens of any town to know how their money was spent and what the condition of the 'treasury' is at the end of the year. How your money was spent is shown in Exhibits C & E. As of December 31, 1956 we had a 'Current Surplus' of \$11,135.38 as compared to a 'Current Surplus' of \$7,378.95 on the same date in 1955, or a gain of \$3,756.43. Our Funded Indebtedness balance increased from \$476,000.00 in 1955 to \$598,000.00 in 1956 because of the issuance of Sewer Bonds of \$128,000.00 and Equipment Notes of \$29,000.00.

Some objectives were accomplished in 1956 perhaps chief among which was the construction of a parking area off High Street. This has drawn much favorable comment and has gone a long way toward solving our parking problem. This Spring, completion of the area off Water Street will be undertaken and it will be ready for the summer season.

Dump:

A new dump site was purchased and a great deal of work accomplished toward placing it in operation shortly. The ugly scars of the old site will be covered and Meredith will have a park they may well be proud of.

Roads:

Some betterment of roads throughout the town was accomplished. Perhaps not as much as I would have hoped for but nevertheless I feel that what was done reflects a marked improvement over previous existing conditions. Major reconstruction of Corliss Hill Rd. was undertaken as a Town Road Aid project and it is hoped that further work can be carried out on this road this year.

Sidewalks:

I feel a big gain was made during the year in improving our sidewalks, with new walks constructed on St. James Street, Water Street, High Street, Lang Street, and a small section on Main Street.

Parks and Playgrounds:

At Leavitt Park a great deal of brush clearing was done to provide better picnic areas and one of the old shelters was rebuilt into a bath house thus fulfilling a long felt need of the patrons of this beautiful swimming spot.

Dover Point Park was improved by regrading and loaming and grass planting. The area was enlarged during the course of the year by fill from the sewer construction work and will be further improved this year.

Another major project was the building of a "Little League Diamond" at Prescott Park. With this diamond being ready to use from the start of the season this year it is our guess that we will see some pretty interesting games played by the youngsters this summer.

Conclusion:

While I may not feel that all objectives were accomplished last year, I do feel that some progress was made toward the overall betterment of our community. Another year is now challenging us, and I know that again with the cooperation I received from all last year, that 1957 will be a year of continued progress.

Respectfully submitted,

C. DAVID SULLIVAN

Annual Report of Meredith Public Health Nursing Association

28 January 1957

During the year 1956 there were 300 home visits made to sick people of Meredith, in the older age group.

Clinics attended during the year include the orthopedic, child guidance and mental health, children needing glasses, dental clinic, tuberculosis clinic and speech clinic.

A survey was conducted at both the high and elementary schools to determine the number of children who had not received the Salk polio vaccine. The results were startling. From the information accumulated, about one-fifth of all school children had received the three shots necessary to prevent an attack of paralytic poliomyelitis. Letters from the school physician were sent to the parents urging them that their children receive the vaccine as soon as possible.

The dental program for 1956 was made possible through the matching of \$100 of local and federal funds.

There were 13 children seen in the child health conference in the spring.

Fifteen children were taken to the doctor's office for free Salk vaccine shots.

We had 75 cases of chicken pox and 5 cases of pediculosis that had many recurrants.

Vision and hearing screening — the entire schools.

Tbc. patch test was given children in grades 1 - 8, with only one positive reactor. 360 children had these patch tests. The Chestmobile was here in Meredith on a community basis, also for the high school students and school personnel. 150 of the high school students and school personnel took advantage of this service. Owing to inclement weather and mechanical difficulties, only 264 of the townspeople were X-rayed, making a total of 774.

Purchased during the past year were a modern hospital bed, a wheel chair for the use of the residents of Meredith. The two old wheelchairs, and a high chair, also 4 large boxes of clothing, shoes and rubbers, were sent to the Laconia State School. These articles are very much appreciated. Apparently there is a very great need for almost anything usable.

Suggested names for Christmas and Thanksgiving baskets were given to the different organizations.

Report of Probation Department

The probation department submits this report to the people of Meredith and the town manager. This being the first annual report of the probation department, a resume of the happenings since the office was instigated in 1953 will be submitted at this time and an annual report hereafter.

The basic function of this department is to give guidance and consultation to persons (juvenile and adult) having been committed to our jurisdiction by a court of this town or county, for reasons other than lawful, or to any parent or guardian desiring aid, or any person wishing information which may be beneficial to himself or others. Without the aid of the police, judges, other law agencies and school officials we would find ourselves hard pressed to make the probation department successful. Our thanks go out to all who have helped and who are helping at the present.

We are proud to present our report:
