Annual Reports

of

THE TOWN OF

NEWMARKET

NEW HAMPSHIRE

For The Year Ending

DECEMBER 31st, 1977

University of New Hampshire
Library

NOTICE TO PROPERTY OWNERS

Every spring you receive an **INVENTORY** to be filled out and returned to the Selectmen by April 15th. Until now this has been somewhat optional.

The 1977 General Court passed RSA 74:7-A making it **MANDATORY** that the inventory be filled out and returned by April 15th each year. The penalty for failure to comply shall be one percent of the property tax bill. In no case will the **PENALTY** be less than ten dollars (\$10.00) or more than fifty dollars (\$50.00).

The penalty will be added to the current year's tax bill.

It is also **MANDATORY** that you file your inventory **EACH YEAR** in order to receive your veterans exemption even if the permanent application is on file.

SIGNED:

BOARD OF SELECTMEN

Richard F. LaBranche,
Chairman
Ronald C. Bird
Frank M. Schanda

250TH ANNIVERSARY COMMITTEE

OFFICERS:

L. Forbes Getchell, *Chairman*

1976 TAX RATE	\$2.65/HUNDRED	
1977 TAX RATE	\$2.99/HUNDRED	

*1977 State Form did not call for a separate figure for Current
Land Use.

ANNUAL PROGRESS REPORT

OF THE SELECTMEN

The 250th Anniversary Celebration certainly overshadowed most other events occurring in our community in 1977. It was an overwhelming success and will be fondly remembered by all for many years to come.

In an effort to provide the community with a responsive emergency call system on a round the clock basis, a dispatch center was established at the Fire Station utilizing existing equipment. All manpower requirements are funded through the Rockingham Strafford Employment Consortium through September 1978.

1977 disclosed an unusual number of taxpayers eligible for tax exemptions, yet not complying with required N.H. State Laws. This non-compliance forces the Board of Selectmen to deny exemptions and causes unnecessary ill feelings all around.

The town ordinances and regulations came under increased judicial testing in 1977. As building and development pressures in the community continue, further legal tests are anticipated in 1978. We look for your ongoing support in protecting the interests of all concerned.

After several years of concerted effort to provide a proper sanitary landfill, N.H. State Officials have sounded the death knell on the existing site. The 1977 appropriation and authorization to conduct a feasibility study for a joint multi-town disposal facility at Durham/UNH has given us a viable option.

The Selectmen meet the first and third Wednesday
of the month at 7:00 p.m. We solicit your attendance.

Respectfully submitted,

Richard F. LaBranche, *Chairman*

Ronald C. Bird

Frank M. Schanda

**ANNUAL REPORT OF THE
BOARD OF WATER COMMISSIONERS
FOR 1977**

We are pleased to announce that during the past year two more of our major goals in the improvement to the water system have been accomplished. The more obvious of the two is the construction of a new 750,000 gallon water storage tank on Great Hill. Ground work for the tank was started in August, assembly in September, and painting and sterilization in October. The tank was connected to the system and placed in service the first part of November.

Much credit is due Water Commissioner Leo Filion and Superintendent Richman Walker, whose concerted efforts in making the proper contacts, the proper spur-of-the-moment decisions, and in the coordination of the phases of the project, made it possible for work to progress on schedule without expensive delays. Well planned use of the town crew and equipment also made possible a saving of over \$12,000 from the original estimated cost of \$160,000. \$12,000 has been returned to the Capital Reserve Fund to be used for future improvements to the water system. The balance remaining in the Tank Construction Fund will be used for removal of the old tank.

The second goal achieved was the completion of the 10" loop from South Main Street by the High School to Great Hill Terrace. This is a long needed improvement to increase water flow at the High School in the event of fire.

High in priority on the list of future improvements is the installation of a new pump in the well opposite the Water Works. This well has not been in service for

some time because of failure of the old pump, and could be contributing a worth while amount of high quality water to the system.

Renovation of the pumping station is another project which should be accomplished before daily water consumption exceeds the amount that can be supplied by Bennett's Well. This would avoid reduced water distribution during renovation of the plant. Other than these relatively pressing needs, the goals of the Water Department remain essentially the same as last year.

For those interested in statistics:

120 permits for water service were issued in the past year. 100 of these permits were purchased by Walter Cheney for apartments on Salmon Street.

The Water Works processed and pumped 42,419,350 gallons of water.

Bennett's Well produced 75,729,100 gallons.

Yearly total118,148,450 gallons.

Respectfully submitted,

ANNUAL REPORT OF THE
NEWMARKET SEWER COMMISSIONERS

Sewage Collection and Treatment Design

A contract was signed by the Town and the New Hampshire Water Supply and Pollution Control Commission with Wright, Pierce, Barnes and Wyman Engineers of Portsmouth, New Hampshire. Work under that contract was approximately 50% complete by the end of calendar year 1977. The engineers are designing new sewers for Lamprey Street, Elm Street, Main Street, Water Street, Creighton Street, Gerry Avenue, alongside the B & M Railroad, along Moonlight Brook and on the Beech Street Extension. The engineers are conducting a sewer system evaluation survey in certain areas of the town. This survey will determine what improvements are required to eliminate excessive infiltration and inflow into the existing sewers. The resulting sewer system rehabilitation program will be performed during calendar year 1979. The engineers are designing secondary wastewater facilities at the existing treatment plant site and a new pumping station to replace the existing Bay Road Pumping Station. Design is to be complete and submitted to the New Hampshire Water Supply and Pollution Control Commission by August 4, 1978.

The sewer and pumping station design is to be completed as soon as possible for construction during calendar year 1978. This schedule is contingent on approval by the New Hampshire Water Supply and Pollution Control Commission and EPA and on appropriation of funds by Congress for the construction grants program. The Wastewater Treatment Plant Improvements should be ready for bids by the spring of 1979.

REPORT OF THE BUDGET COMMITTEE

During the past year the Budget Committee has taken on a new level of activity. Instead of meeting only at the end of the year to prepare a budget, we have tried to meet on a monthly basis in order to become more familiar with the ongoing financial needs of town departments. At the beginning of 1977 we submitted written questions to department heads and then had each of them visit a budget committee meeting to discuss their replies. This system was successful as it gave the department heads an opportunity to express their needs and long range plans, and provided the committee added information in order to make better budgetary decisions.

Five members of the committee have attended an all day budget workshop sponsored by the New Hampshire Municipal Association. The workshop added much to our limited expertise and enabled us to compare problems which are unique to Newmarket and those which are common to all cities and towns in New Hampshire.

Most recently the Budget Committee has been studying the system of Town Manager government and members have presented that option to the townmeeting for consideration. Whatever the result, we have learned a great deal from our deliberations in that area.

The Budget Committee meets at the community building at Great Hill Terrace. Our meetings are posted in the lobby of the town hall at least one week in advance. The press and the public are always welcome, and we urge you all to attend at least one meeting so that you can become familiar with our duties.

Respectfully submitted,

Albert Caswell Jr.
Chairperson

AUDITOR'S OPINION

We have examined and audited the accounts and records of the Town of Newmarket, New Hampshire for the fiscal year ended December 31, 1977.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In accordance with the practices followed by the Town of Newmarket, there is no record of the fixed assets or capital contributions in the Water and Sewer Departments (Enterprise Funds). Because of the material effect of the omission of fixed assets and related depreciation on the financial position, we do not express an opinion on the financial statements of the Enterprise Funds as of December 31, 1977.

In our opinion, subject to the qualifications in the preceding paragraph covering the Enterprise Funds, the accompanying balance sheets and statements of sources of revenue and expenditures present fairly the financial position of the Town of Newmarket, New Hampshire at December 31, 1977 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applicable to governmental entities, applied on a consistent basis.

Respectfully submitted,

PLODZIK & SANDERSON

February 15, 1978

LETTER OF TRANSMITTAL

Members of the Board of Selectmen
Town of Newmarket
Newmarket, New Hampshire 03857

Gentlemen:

We have examined the financial statements of the Town of Newmarket, New Hampshire for the fiscal year ended December 31, 1977, and have prepared the attached exhibits in conformity with the recommended format prescribed by the Municipal Services Division of the State of New Hampshire in accordance with R.S.A. 71-A:19. Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Public Library and Trustees of Trust Funds. The Municipal Court records were incomplete in that the cash journal had not been reconciled to the monthly bank statements for the entire year. We have advised the Clerk of Court accordingly, and will perform the examination at a later date.

FINANCIAL INFORMATION

General Fund

Comparative Balance Sheet	Exhibit A-1
Statement of Change in Fund Balance	Exhibit A-2
Statement of Appropriations and Expenditures	Exhibit A-3
Statement of Estimated and Actual Revenue and Budget Summary	Exhibit A-4

A comparative balance sheet disclosing the financial condition of the general fund at December 31, 1977 and December 31, 1976 is presented in Exhibit A-1. As indicated therein, the current surplus amounted to \$92,507 at December 31, 1977. An analysis of the change in fund balance is shown in Exhibit A-2.

Comparative statements of appropriations and expenditures, estimated and actual revenue are included in Exhibits A-3 and A-4, respectively. As indicated by the budget summary, Exhibit A-4, a revenue surplus of \$43,392, plus a net unexpended balance of appropriations of \$8,250, resulted in a net budget surplus of \$51,642 for 1977.

Capital Projects Fund

Comparative Balance Sheet Exhibit A-5

A comparative balance sheet of the capital projects fund disclosing the fund balance at December 31, 1977 and December 31, 1976 is included in Exhibit A-5.

Long-Term Indebtedness

Comparative Balance Sheet Exhibit A-7

A comparative balance sheet disclosing the total long-term indebtedness of the Town is contained in Exhibit A-7. The long-term debt outstanding amounted to \$1,057,000 at December 31, 1977.

Enterprise Funds

Sewer and Water Departments

Comparative Balance Sheets Exhibits A-9 and A-11

Comparative balance sheets of the sewer and water departments as of December 31, 1977 and December 31, 1976 are presented in Exhibits A-9 and A-11. As noted in our Auditor's Opinion, there are no fixed assets or contributions in aid of construction accounts maintained on a current basis for these funds. Therefore, we do not express an opinion on the financial statements of the Enterprise Funds as of December 31, 1977.

Other Funds and Officials' Accounts Cash Basis Statements

The accompanying supplemental exhibits covering segregated funds and the accounts of those officials entrusted with the custody, receipt or expenditure of Town funds, are presented in accordance with the current requirements of the Municipal Services Division of the State of New Hampshire. Although not considered necessary for a fair presentation of the financial statements and results of operations, our examination of these accounts included the same tests and auditing procedures applied in the examination of the aforementioned exhibits. In our opinion, these exhibits present fairly the revenues collected and expenditures paid arising from cash transactions then ended on a basis consistent with that of the preceding year.

GENERAL COMMENTS

Custody and Expenditure of Town Funds

It is noted that the Recreation Park Committee and the Industrial Park Commission maintain separate departmental checking accounts for dispersing their funds. The checks are signed by a member or members of the committees and co-signed by the Town Treasurer.

We recommend that the Selectmen and Town Treasurer be responsible for the disbursement of these funds according to R.S.A. 41:29 which reads in part as follows "The Town Treasurer shall have custody of all moneys belonging to the Town, and shall pay out the same only upon orders of the Selectmen."

Implementation of a Mechanical Accounting System

We again strongly recommend that the Town consider the implementation of a mechanical accounting system that would perform multiple accounting functions in a single operation, thereby eliminating duplicate record keeping and facilitate monthly and year-end reporting.

We would like to thank the officials of the Town of Newmarket for their cooperation in providing us with the documents necessary for completion of the audit.

Very truly yours,

PLODZIK AND SANDERSON

— WARRANT —

STATE OF NEW HAMPSHIRE

TOWN OF NEWMARKET

To the Inhabitants of the Town of Newmarket in the County of Rockingham in said State, qualified to vote in Town Affairs.

YOU ARE HEREBY NOTIFIED TO MEET AT THE TOWN HALL IN SAID TOWN OF TUESDAY, THE 14TH DAY OF MARCH, 1978, AT 10:00 A.M. TO ACT ON THE FOLLOWING BALLOT ARTICLES: 1, 10, 22 & 24. AS PROVIDED BY LAW, THERE CAN BE NO DISCUSSION ON THESE ARTICLES PRIOR TO BALLOTING.

The polls will close and action by balloting on the Articles referred to above will cease at 7:00 P.M. The Ballots will then be counted and the results announced.

Further, in compliance with action provided by the Town Meeting, March 8, 1977, Article 12, you are hereby notified to meet at the Newmarket High School on Saturday, March 18, 1978, at 1:00 P.M. to act on all other articles in the Warrant.

POLLS OPEN MARCH 14, 1978 — 10 AM-7 PM

1. To choose all necessary Town Officers for the ensuing year.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year; as may be necessary for general government including town officers' salaries and expenses, election and registration, town buildings, for the protection of persons and property, including the Police Department, for

health and sanitation vital statistics, general expenses of the departments, for education and the public library, for charities, including decoration of soldiers' graves, for recreation, for indebtedness to other governmental divisions, and to pay all other necessary charges arising within said Town.

3. To see if the Town will vote to authorize and empower the Selectmen to borrow money for necessary expenditures in anticipation of the collection of taxes.

4. To see if the Town will vote to allow a discount of two percent (2%) on all taxes except resident taxes, if paid within fifteen (15) days. Deadline for allowance of discount to be printed on tax bills.

5. To see if the Town will vote to accept the budget as submitted by the Budget Committee.

6. To see if the Town will vote to appropriate and authorize the withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1976 for use as set-offs against budgeted appropriations for the following specific purposes and in amounts indicated herewith or take any other action hereon:

<i>Appropriation</i>	<i>Amount</i>
Old Age Assistance	\$ 4,900.00
Public Library	500.00
General Expenses of the Highway	5,500.00
	<hr/>
TOTAL	\$10,900.00
<i>(Recommended by Budget Committee)</i>	

7. To see if the Town will vote to raise and appropriate the sum of one thousand dollars (1,000.00) for payment to the area Homemaker-Home Health Aide

Service, for services to residents of the Town during the 1978 budget year.

(Recommended by Budget Committee)

8. To see if the Voters of the Town will vote to appropriate the sum of three thousand (\$3,000.00) for the services rendered to the residents of this Town by the Seacoast Regional Counseling Center.

(Recommended by Budget Committee)

9. To see if the Town will authorize the Board of Selectmen to make application for and to receive and spend up to seventy-five thousand dollars (\$75,000.00) of funds that may become available to the Town under "The Comprehensive Employment and Training Act of 1973" as amended (CETA) for the purpose of providing federally subsidized training and employment opportunities to benefit both residents of the community and the community at large.

10. To see if the voters of the Town will vote to adopt the new provisions of RSA 43-C to expand exemptions on real estate for the elderly, changing the eligibility requirements that a person may own no more than thirty-five thousand dollars (\$35,000.00) in assets of any kind, to a requirement that a person may own no more than fifty thousand dollars (\$50,000.00) in assets of any kind.

11. To see if the Town will vote to appropriate twenty-eight thousand dollars (\$28,000.00) for the purchase of a new loader for the public works department and to authorize the withdrawal of this amount for said loader from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972.

(Recommended by Budget Committee)

12. To see if the Town will vote to withdraw thirty-two thousand, four hundred forty dollars and seven cents (\$32,440.07) from the Public Works Building Capital Reserve Fund, for the purpose of erecting a public works building on town owned land in the so-called Plains Area.

(Recommended by Budget Committee)

13. To authorize the Selectmen to withdraw a sum, not to exceed forty thousand dollars (\$40,000.00) to be used in the construction of said public works building and its necessary protective fencing and fuel storage facilities; from the Town's Capital Projects Fund and to apply for and expend any Federal Grants that may become available.

(Recommended by Budget Committee)

14. To see if the Town will vote to appropriate five thousand dollars (\$5,000.00) for the purchase of a police cruiser and authorize the withdrawal of the amount required for this purpose from the "Police Department Equipment Replacement" Capital Reserve Fund.

(Recommended by Budget Committee)

15. To see if the Town will vote to authorize the Board of Selectmen to enter into an agreement for the purpose of disposing of the solid waste generated by the cooperating towns and for the recovery of energy in the most economical and efficient manner. The agreement set forth is intended to provide, under State Statute, for the joining of town in a cooperative effort for the disposal of solid waste in a manner that will meet federal and state requirements.

16. To see if the Town will vote to raise and appropriate the sum of three hundred thirty-nine thousand, five hundred twenty-six dollars (\$339,526.00) as its

share of the capital costs for the construction of incinerator and energy recovery facilities as set forth in Article 15, and to further authorize the Selectmen to issue and negotiate such bonds or notes and at such rate of interest as may be determined by the Lamprey Regional Solid Waste Cooperative to be established under Article 15, and to take such other actions as may be necessary as shall be in the best interest of all members of the cooperative, and to allow the Selectmen to accept Federal or State and other grants that may be available to the Town in providing its share in the project.

(Recommended by Budget Committee)

17. To see if the voters of the Town of Newmarket will vote to raise and appropriate the sum of five hundred dollars (\$500.00) for the Newmarket Senior Citizens Groups, to be used for social and recreational activities. *(Submitted by Petition).*

(Recommended by Budget Committee)

18. To see if the Town will vote to appropriate the sum of one thousand dollars (\$1,000.00) to be used for the development of the "Youth Center" at the old Day Care Center and to support the operation of said youth center.

(Recommended by Budget Committee)

19. To see if the Town will vote to use the two thousand twenty-six dollars (\$2,026.00) Antirecession Fiscal Assistance Program Funds for the following purposes: "To maintain, operate, and secure the Town's old Day Care Building".

(Recommended by Budget Committee)

20. To see if the Town will vote to donate to the Newmarket Senior Citizens Group Inc. a parcel of land beginning at the northeast corner of old No. 8 Mill

Foundation in the rear of the Newmarket Library, running in a southerly direction a distance of forty feet (40'); then turning and running in a westerly direction a distance of eighty feet (80'); then turning and running in a northly direction a distance of forty feet (40'); then turning and running easterly a distance of eighty feet (80') to the point beginning; with parking privileges included. **(Submitted by Petition).**

21. To see if the Town of Newmarket will vote to appropriate the sum of one thousand dollars (\$1,000.00) for the Town's share of the cost of the "Old Home Weekend" program.

(Recommended by Budget Committee)

22. To see if the voters of the Town will vote to adopt the new provisions of RSA 72:43B relative to expanded exemption on real estate for the elderly, changing the basis of the exemption from the equalized assessed value to the actual assessed valuation.

23. To see if the Town of Newmarket will authorize bringing up to standard, paving and otherwise improving upgrading, and maintaining the roadway as it lies in the Town of Newmarket, that starts at Wadleigh Falls Road in Lee, New Hampshire; and goes up through the land of Paul Laroche; and appropriate monies for said purposes: said roadway being depicted on the Town of Newmarket property Map No. R-6; by abutting, or through Lots No. 42, 47, 48, 41. *(Submitted by Petition).*

24. To see whether the Town will vote to adopt the provisions of New Hampshire Revised Statutes Annotated Chapter 37 which relate to the appointment of a Town Manager and the Town Manager plan. **(Submitted by Petition).**

(Recommended by Budget Committee)

Given under our Hands and Seals this 15th day of
February, 1978.

RICHARD F. LaBRANCHE,
Chairman
RONALD C. BIRD
FRANK M. SCHANDA
Selectmen of Newmarket, N.H.

REPORT OF LIBRARY TRUSTEES

1977

As always, we have been busy this year, working to keep costs down and services up.

Our Librarian, Mrs. Harding, has hosted Library meetings here in Newmarket, and has attended many district and area meetings in North Hampton, Bedford, Concord, Kingston, Rye, Portsmouth, Exeter, Salem, and Brookline.

National Library Week was observed from April 17-23.

The Tower Room has been in use by many local groups this year: Girl Scouts, Boy Scouts, Newmarket Militia, Jaycee's, Newmarket Historical Society, Women's Club, and Mormons for showing films to the public.

This year we succeeded in having special room-darkening shades installed in the Tower Room, to make possible the daytime use of the movie projector given us last year by the Women's Club. This project required some ingenuity, as the area above the windows where the fixtures would need to be installed is plaster and not wood. With the services of the Kenison Carpet Company, a means was found and the shades installed successfully so that they are both useful and attractive to the room.

After having several problems with our copying machine, we rented a new model from 3M Company, which does an excellent job; this machine is available to the public's use at a small fee and can be used any time the Library is open.

Blizzard conditions forced closing of the Library on January 7 and 10, and on the evening of March 18.

As this goes to press, the Library has suffered severe storm damage to the roof which thereby damaged some of the interior plaster walls. There has also been a furnace malfunction which led to some extensive plumbing repairs, so it seems that we have our share of problems, too.

We urge and invite all people in Newmarket to visit and use the Library. Remember that your tax dollars support it and it is here to serve you. By letting us know what you need and want from your Library, you enable us to function that much more effectively and efficiently in managing funds and providing those services most helpful to the community.

Respectfully submitted,

TRUSTEES OF THE
NEWMARKET LIBRARY

JoAnne Hauschel, *Chairman*

Lorraine Shelton, *Secretary*

Robert Sewall, *Treasurer*

REPORT OF THE NEWMARKET POLICE DEPARTMENT

Sometimes it is very discouraging starting off every Town Annual Report with the statement that the current past year has been busier than the years before, but, unfortunately, the statistics for the year 1977 bear this out.

Probably the most discouraging is when you work so long and hard and you have nothing to show for it. Such is the case with the unfortunate incident in the Town this past summer. Newmarket Police, State Police, Sheriff's office and investigators from the Attorney General's office have spent literally hundreds of hours attempting to bring this case to a successful conclusion, all to no avail, at this time anyway. It is still being worked on, almost on a daily basis.

All was not lost, however, because of the intensive investigation that was conducted several other crimes have been solved that has led to the arrest and conviction of several persons responsible for the commission of those crimes.

There is a bright side. The citizens are sharing a lot more willingness to call the Police when they observe something that is not right. We are receiving many more calls to check out suspicious cars, persons, noises, etc. It is just such a call that alerted the police of a dangerous situation in progress that resulted in the arrest of seven persons on felony charges. If the police had not been alerted to this situation it is very possible it could have caused the death of someone.

As I have said many times in the past, get involved,

we need your help. We cannot do it alone. Crime is not just a police matter, it affects everyone.

It is unfortunate that the Newmarket Police Department has lost the services of three experienced police officers in the past year and a half, Dan Emmons, Robert Mikan and Lester Heath, all who have left for higher wages.

It goes without saying that the loss of experience such as these men had is a loss to the Town, not only in the sense of experience, but also in the monetary value of an experienced police officer. We miss them all, not only in the sense of police experience, but also of the comradeship shared by us in the Department.

Another milestone has been passed by the Town with the installation of a Dispatch Center. It has been a great help, not only for the Police Department, but for other Town agencies as well. It has gone a long way towards increasing the efficiency of emergency services.

We are here to serve you.

Respectfully submitted,

PAUL GAHAN,
Chief of Police

LOG ENTRIES MADE IN 1977

586 TOTAL COURT CASES

Of 586 Total Court Cases — 15 were found Not Guilty
— Therefore, the department conviction rate of people
charged is 97.5% for the year 1977.

ANNUAL REPORT OF THE FIRE DEPARTMENT

We the board of engineers, members of the Newmarket fire Department would like to report to you, the taxpayers of the Town of Newmarket.

The new Dispatch Center for the town is located in the Fire House. Fire Department calls now come directly to the Dispatch Center instead of to the red lines in private homes. This makes for better service both for fire calls and all other emergency calls for the town.

Fire equipment was maintained and updated where necessary throughout the year. Many small items were purchased for safety of personnel and for better communications between officers and personnel.

Our fire alarm lines were extended again this year. Box 36 has been added near the Ray Lebeau residence on Exeter Road. Much more work has to be done on our alarm system due to the cable television which will be coming into the town.

Our hose replacement program has been carried out with the purchase of \$1,000.00 worth of hose.

Again this year, a word about smoke detectors. Properly installed, along with a planned means of escape, these units are an inexpensive and safe way to protect your family and your property.

The engineers and all firefighters would like to express our thanks to all the townspeople for cleaning out around the fire hydrants after snow storms. This is a great help to us in case of fire.

A reminder that a written permit must be obtained before having any outdoor fires. This does not pertain to a charcoal fire above the ground.

Under no conditions shall a fire be kindled at the dump without a written permit from the local warden of the State District Fire Warden.

Remember that all fires shall be before 9:00 a.m. or after 5:00 p.m.

The following are the numbers to call for permits:

W. Beaulieu, <i>Warden</i>	659-3927
B. Beaulieu, <i>Deputy Warden</i>	659-3927
R. Butler	659-5842
R. Pratt	659-5392
H. Philbrick	659-3216
E. Philbrick	659-3216
Dispatch Center (at fire house)	659-3334

The Board of Engineers would like to make a small request to all property owners. Due to the rapid growth of the Town of Newmarket, we request that all property owners make sure that all buildings are properly numbered and made visible from the road. This would be a great help for all emergency calls.

Our profound thanks to all members of our department for time given and work done. Cooperation like this is what makes our department what it is today.

Respectfully submitted,

BOARD OF ENGINEERS
NEWMARKET FIRE
DEPARTMENT

REPORT OF
NEWMARKET CIVIL DEFENSE

1977

Your Newmarket Civil Defense Director has the following to report for 1977:

As in years past all of the necessary papers and reports have been made out and sent to the State and Federal Agencies that are a part of the Civil Defense program.

Every year we mention that all local departments are a part of Civil Defense. An example of how coordinated these departments were was shown during the derailment of the tank cars on Exeter Street. The entire operation was accomplished without too much difficulty or any injury to any of the Exeter Street residents.

As the public interest in Civil Defense declines perhaps one should take another look at how valuable the name "Defense Civil Preparedness" is to the Town of Newmarket. We all say it will not happen here, but it did. Compliments to all the personnel involved for a job well done.

Another vital part of a step forward is the dispatch center, located at the Firehouse, which was put into operation in November of 1977. No matter what the nature of your call for assistance there is someone on duty 24 hours a day that can direct you to the proper department for assistance.

Bearing in mind the decline of public interest in Civil Defense, the recent near-disaster should remind you that "it can happen in Newmarket."

Thanks to all who did support us in 1977.

GEORGE HAUSCHEL
Civil Defense Director

ALBERT CASWELL, SR.
Deputy Director

REPORT OF THE NEWMARKET HOUSING AUTHORITY

During the past year of 1977 two significant developments occurred within our Housing Authority. Previously Newmarket operated under an Administrative Agreement with the Exeter Housing Authority whose prime responsibility was the hiring of personnel who would then alternate their time half and half with each town.

By mutual agreement both authorities separated as of September 30, 1977. Now each town has its own Project Manager responsible to their respective Board of Commissioners. The biggest benefit for us is the full time staffing of our office at Great Hill Terrace by a knowledgeable person.

Mentioned in a prior annual report relative to Section 8 Housing, this program is now fully implemented and operating satisfactorily for the town's Senior Citizens. This mode of housing is scattered around the town as opposed to the centralized project on Great Hill Avenue.

Both kinds of housing total 70 units, all being occupied. There are waiting lists for both low income family, and elderly. Anyone having questions or wishing to apply for residency is strongly encouraged to contact the office anytime during the week. These projects are operated for the benefit of all citizens.

BOARD OF COMMISSIONERS

Clifford N. Abbott
Marion Griswold
Walter Schultz
Mario Zocchi
Irene Buttny

1977
ANNUAL REPORT OF
THE BUILDING INSPECTOR

In 1977 Newmarket experienced a boom in the building industry. A total of \$2,620,083 was spent on construction; a .66% increase over '76 and .55% higher than any previous year.

A total of \$910,000 was spent for 30 homes at an average cost of \$30,333 per home; the average home in '76 cost \$23,799.

Building permits were issued for 4 apartment buildings at a cost of \$1,100,000 for 100 units; an average cost of \$11,000 per unit.

Five years ago the residential areas of Newmarket had many vacant and antiquated structures. Today, this situation no longer exists. Once vacant buildings are now fully occupied, and remodeling has converted old structures into profitable living units.

From 1973 to 1978, building permits were issued for 317 living units; an average of 63 units per year. The following is a break down of this figure; 100 homes, 57 trailers, 112 new apartment units, and 48 converted apartments.

Newmarket is growing much faster than we hope to think. **Land!** where is it, and how much? "There isn't any available," is the answer prospective home owners hear when trying to purchase land on Route 108, Route 152 or within the central part of town. These areas have reached their saturation point, and yesterdays isolated areas are todays housing developments.

Newmarket will not remain a quiet typical New England town; the rumble of traffic and bulldozers is a daily reminder of our growth. Our increasing population, like internal pressure within a volcano, will soon erupt and flow to our outer boundaries.

Respectfully submitted,
 FRED R. GROCHMAL
Building Inspector

REPORT OF THE NEWMARKET AMBULANCE CORPS

As another year closes for the Ambulance Corps, we look back on an eventful year of offering service to the community.

The corps sponsored several Cardiopulmonary Resuscitation courses to the town as well as co-sponsored an autoextrication course with the Newmarket Fire Department.

To better serve you, many members have attended courses to advance their level of medical knowledge. The courses included: Emergency Medical Technicians — Advanced First Aid — C.P.R. — Emergency Care Seminars — Defensive Driving — Advanced Auto Extrication.

We have several EMT's that donate their time on weekends to local hospitals to further their medical skills.

We have undergone a large turnover of personnel but still offer full emergency service, 24 hours a day. We still need daytime volunteers and have had to reduce our transfer service because of this problem.

In other side lines we achieved the Tricorn Award and the 2nd Place Bowl for the Tug-of-war in the 250th celebration.

The telephone number is 659-2022 and if you need assistance, please, call us. We meet the 1st Monday and the 3rd Tuesday at the Ambulance Garage on Gerry Avenue at 6:30 P.M.

We wish to thank the community for their continuous support of our organization as it is greatly appreciated.

EDMUND WASEWSKI

ANNUAL REPORT OF THE DISPATCH CENTER

The Dispatch Center of Newmarket respectfully submits to the citizens of the Town of Newmarket, a summary of the center's responsibilities as of October 31, 1977 to December 31, 1977.

The federally funded Newmarket Dispatch Center commenced October 31, 1977 and to date has handled 24 hour coverage of all vital public services including: Ambulance, Fire, Police, and Public Works. As an intermediary, the Center is capable of providing efficient and rapid communications between the citizens and departments.

The Center's communications system includes: A CB to monitor emergency channel 9, a Fire Base, a Town Base, direct phone lines for each department and records of pertinent emergency information for all departments.

The following is a summary of all types of communications handled by the Newmarket Dispatch Center from October 31 to December 31, 1977. It must be noted that this summary is a combination of standard services as well as emergencies:

Radio Transmissions	3,558
Police Calls	428
Ambulance Calls	31
Fire Business Calls	86
Dog Officer	43
Public Works Calls	18

The Dispatch Center would like to thank all departments for their cooperation and assistance in establishing this center.

Citizens are welcome to stop in at the center any time during the day.

FRANK BELIVEAU
*Supervisor of Newmarket
Dispatch Center*

REPORT OF THE NEWMARKET INDUSTRIAL PARK

Outline of the Feasibility Study for the NEWMARKET INDUSTRIAL PARK

Completed By

WRIGHT, PIERCE, BARNES & WYMAN

In order to assure the orderly development and economic feasibility of the Industrial Park project which the Newmarket Industrial Commission has chosen to develop, it was felt that professional engineering and planning services should be retained in the beginning so that all future problems could be uncovered, explored, and solved. The Industrial Commission retained the services of Wright, Pierce, Barnes & Wyman from Portsmouth, New Hampshire to prepare a Feasibility Study for the development of a 106 acre park, located between Exeter Road and New Road. The report was finished and submitted in the Fall of 1977 with its conclusions and recommendations clearly stated for all to understand.

The report dealt extensively with the necessary utilities which will be required in order to develop the Park and also with a preliminary site layout of the Park and a possible implementation schedule. It was concluded that if development is undertaken, it should proceed in a phased manner, beginning with a 26-acre parcel between Exeter Road and the Boston and Maine Railroad. Such a phased development will limit the initial capital investment required, while providing four to five industrial development sites. The second and third phases would require the development of an area east of Boston and Maine Railroad into several more development sites. It was also concluded that in order to present an industrial development which will

be marketable, it would be necessary to extend the present sewer system to the site and also extend water lines of sufficient size to provide fire protection. All of these costs for the supplying of utilities and access to the site would be amortized through the sale of land.

The next step in planning for the Industrial Park is the preparation of construction plans and specifications for the first phase of development. This engineering will be funded from the appropriations made at the 1977 Town Meeting. Upon completion of the engineering design, a detailed construction cost estimate will be made. Using these definitive costs, further appropriations for construction will be requested from the Town.

Respectfully submitted,

NEWMARKET INDUSTRIAL
COMMISSION

REPORT OF THE RECREATION AND PARKS DEPARTMENT

The Newmarket Recreation & Parks Department has enjoyed another successful year of operation. An increase in organized programs and leisure oriented services, hopefully has enhanced community recreation participation, and that everyone has enjoyed the services provided them. It is our opinion, that more people within the community are taking advantage of recreation in a more active way, either through their participation in recreation activities or attending recreation activities as a spectator. This trend should increase in 1978, with the full time operation of the Recreation Park.

Many thanks again to the volunteers who work very hard and donate a lot of their time to the support of recreation activities. Without them it would be very difficult to offer the variety of activities which we have in Newmarket.

PROGRAMMING - In 1977 the Recreation & Parks Department has increased its programs over the previous year, by offering: Boys Recreation High School Basketball League, Girls All-Star Softball Team & League, 3-6 grade Seacoast Boys Soccer Team, Junior Tennis Team, Newmarket Annual Road Race, Mens Basketball League, Karate Lessons, Baton Lessons, Mid-Eastern Dancing for Women, Adult Tennis Club, and First Aid Classes. As of this time, a womens basketball team should be operating.

Our organized sports teams were quite successful in 1977. The Recreation High School Basketball Team (Sponsored by Re-Run Equipment) did quite well making the semi-finals in the Seacoast Basketball League behind the coaching and volunteer work of

Craig Stirling. The Girls All Star Softball Team (sponsored by The Mill Store) went 14 - 2 in the Seacoast Girls Softball League winning the league championship trophy, and winning the league playoffs, which were held at the Newmarket Recreation Park, under the direction of Jim St. Onge and Keith Pomeroy. The 3 - 6 grade Fall Boys Soccer Team was 7 - 1 within the Boys Seacoast Soccer League, and definitely tops under the direction of Craig Stirling. The Junior Tennis Team while young and inexperienced, which created many hard loses, gained experience during the summer and enjoyed the competition with neighboring communities.

Our organized recreation activities have been on the increase too, and have been very successful. The Karate Club expanded to two classes, offering an Adult Class and a Juniors Class, two nights a week, under the direction of John Sanborn. Mid-Eastern dancing has become so popular among the women that it has had to expand to two classes, a beginners class and an intermediate class, one night a week. The younger girls have been enjoying baton lessons one day a week with Marquita Maciolek. We hope that these new activities have fulfilled the recreational needs of the community, for it is our intent to try and provide a well rounded program for one and all ages.

Recreation activities sponsored by the Recreation & Parks Department still going strong or even improved from the past, are an essential part of the communities activities. The Little League had a good season, with a fine turn out of young boys. The Little League championship was won by MacAllens under the direction of Leo Filion, and the league All-Stars did a commendable job in competition with neighboring communities. The girls Little League changed over to girls softball in 1977, and it turned out to be a huge success. The Eagles won the league championship in

an exciting final game of the year against the Toys. The Lamprey Village Players, whose play, "Little Abner", was a huge success during the 250th Anniversary celebration, attracted three sellout crowds. Continues to be a very successful cultural program for both participants and spectators alike. Congratulations to Mike Provost, his staff, and the players themselves for the wonderful plays put on in 1977. During the summer the Recreation & Parks Department continued to offer a 10 week summer program which offered trips to points of interest, archery, softball, baseball, soccer, arts & crafts, and other various playground oriented activities. The Senior Citizens also enjoyed themselves by taking three trips to points of interest. These programs and the new programs alike are a continuing service to meet the recreational needs of the community at large.

PARK MANAGEMENT & SERVICES - The Recreation & Parks Department has made great strides to improve and service the town's parks. A great amount of work, care, and preparations are done to maintain and improve the facilities during the year. We believe that the recreation facilities which the Town of Newmarket has today, everyone can be very proud of.

The Newmarket Recreation Park opened in August, with the Mens Softball League being the first organized participants to use the facility. Till the end of November activities such as horseshoe tournament, St. Mary's picnic, plays, mens softball, girls softball tournament, fireworks, boys soccer, girls field hockey, high school soccer, and other activities have been conducted at the facility. The lights in the park have made a unique situation for a constant use of the facility, making it easier for people to participate in recreational activities, and for spectators to watch sporting events. Increase in spectator turnout could be

evidenced by the Seacoast Girls Softball Tournament and the high school soccer game against Oyster River.

Park services will be provided in 1978, as in 1977, providing excellent playing facilities for field hockey, soccer, softball, baseball, horseshoes, shuffleboard, and other recreational activities, both school functions and town functions alike. We hope in 1978, that the same cooperation continues, as in 1977, from all recreation and sporting organizations.

Respectfully submitted,

JAMES ST. ONGE

*Director of Recreation
and Parks*

1977 REPORT OF THE ANIMAL CONTROL DEPARTMENT

With the establishment of an Animal Control Department in September 1976 many policy changes have taken place in the control of dogs and other animals.

All abandoned and stray animals are ultimately taken to the S.P.C.A. in Stratham for adoption or proper disposal. All dogs are held seven days and if not claimed by their owners are taken to the S.P.C.A.

The Town Dog Ordinance, as well as the State Laws pertaining to dogs and other animals, are enforced. Violators of the laws are taken to court if a problem is not corrected.

Regular patrols are made to check on stray and lost animals. These patrols cover all town roads. Patrols are set up in a staggered time over a weekly period so that no regular time in any one neighborhood can be given.

Cruelty-to-animal cases are investigated by the Animal Control Officer or with the assistance of the S.P.C.A.

The Town dog van is partially equipped with the necessary items to insure a good animal control program. We have cages, donated to the Town by the S.P.C.A., leashes, collars, tranquilizer equipment, blankets, lights, rope, first aid kit. We need a Hav-A-Hart trap, a catchall pole, a small extension ladder and an animal stretcher.

The Animal Control Officer is on call 24 hours a day, and if he cannot be reached the dispatch center will

put you in touch with someone who can. All types of animals and complaints are handled by the Animal Control Department.

The Animal Control Department and Police Department work on some cases together and an excellent relationship exists in the operation of the two departments. Another department that is called upon is the Fire Department for ladders to help animals in high places.

We also work with the Fish and Game Department and other Animal Control Officers from other towns, and the S.P.C.A. Regular monthly meetings are held at the S.P.C.A. by the Animal Control Officers Association on the third Thursday of every month. The public is invited to participate in these meetings if they wish to do so.

**STRAFFORD REGIONAL
PLANNING COMMISSION
1977 ANNUAL REPORT**

Prepared By
**Strafford Regional Planning Commission
90 Washington Street
Dover, N.H. 03820
Tel: 742-2523**

Regional Planning Has Advantages

The Strafford Region is growing at a very rapid rate — between 2 and 3 percent per year. This growth has already resulted in higher expenditures for such community services as education, police and fire protection, and solid waste management. While it is true that communities can, and in many instances should, solve problems on their own, regional cooperation can also provide benefits. If two or three communities get together to share the burden of solid waste management, they can save money. Cooperative purchasing of equipment in bulk can stretch the tax dollars for the region's citizens.

The regional planning commission strengthens local planning by helping town officials deal with federal and state programs and regulations. Providing assistance to update floodplain regulations in compliance with federal guidelines is an example. We can also assist communities directly in such programs as master planning and land use controls.

The Regional Planning Commission: An Organization of Local Communities

The Strafford Regional Planning Commission is a community based organization, that began in 1968

when Dover, Somersworth and Rollinsford joined together to solve mutual problems. The commission has since grown to ten member communities and Strafford County itself.

The member communities pool local funding in order to:

1. obtain direct assistance for such needs as master planning,
2. solve common problems such as rapid growth and solid waste management,
3. match state and federal grants to help carry out its programs,
4. review and comment on all projects receiving federal and state aid in the region (A-95 review), and
5. share full-time planners that towns could not afford individually.

Communities Develop Work Program

Each year commission representatives from each community make project requests. Combined with regional projects, the commission puts together an annual work program. This work program is carried out by a staff of three full-time people, two CETA employees, and part-time staff such as summer interns.

The commission's programs fall into four major categories: (1) regional programs, (2) local assistance, (3) review of state and federal applications and permits, and (4) information and education.

Regional Programs

The various regional programs provide policies and guidelines to help member communities work together to solve common problems.

Projects for this include:

Economic Development Planning - The commission recently completed a draft Overall Economic Development Program that was submitted to the Economic Development Administration (EDA) for approval. As a result, Strafford County was designated as a redevelopment area making communities eligible for grants and loans for economic development projects.

Solid Waste Management - On a contract with the Water Supply and Pollution Control Commission, the commission developed a state-wide education program that built upon our existing expertise in solid waste. We published a state overview as well as handbooks for local officials on recycling, sanitary landfill, incineration and heat recovery, and collection. The commission has also been instrumental in bringing Dover and Somersworth together to try to solve their solid waste problem.

Coastal Zone Management - Refining studies related to the coastal zone and developing a coastal erosion plan for New Hampshire's coastal area.

Open Space - Published an open space handbook that provides information on open space protection. Also held a workshop in conjunction with release of handbooks.

Rural Mass Transit - Nearing completion of a mass transit study that will complement the Portsmouth-Exeter-Rochester transit development plan completed a year ago.

Local Assistance

The commission provided a variety of technical and planning services to its member communities during 1977.

Some of the highlights include:

- beginning a capital improvement program at the request of the Newmarket Planning Board and Board of Selectmen,
- working with the planning board and sounding board to complete a master plan for Nottingham,
- working with officials and citizens of Dover and Somersworth to establish by resolution of both city councils the Dover/Somersworth Willand Pond Conservaton Commission, a body charged with developing a workable plan for the City of Dover's land around the pond, and
- giving Durham Planning Board cost-benefit performance standards, and sample commercial zoning regulation anaylsis, for shopping center expansion at Shop & Save complex.

Review of Applications and Permits

One of the requirements of receiving federal grants is that the commission evaluates proposals for projects within the Strafford Region which involve federal funds. Proposals for waste treatment systems mandated by EPA are an example. Review of the Local Public Works applications is another.

Information and Education

The commission printed the following reports:

Open Space: What It Is, What It Can Do, How To Protect It

Overall Economic Development Program for Strafford County

The Dump Is Closed: What Now?

- Recycling
- Incineration
- Sanitary Landfill
- Collection and Transfer

We also held the following workshops:

1. Economic Development - March 1977
2. Solid Waster Management - April 1977
3. Growth Management - December 1977

The money in this budget is allocated to 16 categories of projects in an overall program design which is set

up on a three-year basis and adjusted annually or semi-annually.

Assistance To Newmarket

Assisted planning board with additions and amendments necessary to comply with requirement of Flood Insurance Administration.

Gave Newmarket Health Center prints of urban area map.

Provided planning board with sample community attitude survey.

Began capital improvement program at request of planning board and board of selectmen.

Assisted planning board with update of land use regulations.

REPORT OF THE OYSTER RIVER HOME HEALTH ASSOCIATION

The Oyster River Home Health Association observed its tenth anniversary in 1977 by providing further increases in its visiting nurse and other public health services to the residents of Durham, Lee, Madbury and Newmarket.

ORHHA's growth in the past decade has reflected a steady rise in demand for health care administered in patients' homes, especially under the Medicare program. Home visits accounted for about 75 percent of the Agency's work last year.

There has been a corresponding increase in the need for other kinds of health services, aimed at disease prevention for the public at large. These activities accounted for the remainder of the Agency's activities in 1976-77.

The non-profit Agency, with a 20 member board composed of five representatives from each of the four towns, was founded in 1967 with a staff of only one full-time registered nurse and one part-time registered physical therapist. It is now staffed by an administrative nurse, one other full-time registered nurse, three part-time registered nurses, a full-time registered physical therapist, and a part-time secretary-book-keeper.

The Agency is housed in the Durham Town Hall, in an office donated by the town, and is open from 8 a.m. to 4 p.m. on weekdays. Those interested in its services should call 868-5055.

In 1976-77 the Agency's nurses and physical therapist made 3,059 visits to patients' homes, an

average of 255 per month, to carry out the directions of the patients' physicians. Most visits, but not all, were to newly-discharged hospital patients or to those suffering from chronic diseases. Typical services included personal care, physical rehabilitation, patient evaluation, change of surgical dressings, medical treatments, blood tests, diabetic care, and teaching designed to help patients and members of their families to provide some of the needed care.

The staff maintains its professional competence through attendance at frequent inservice training conferences of diverse sponsorship.

In 1976-77, about one patient in five was unable to pay any or all of the Agency's fee, reflecting the actual cost of home care. In each case, the difference was paid from funds appropriated by the four towns. No patient is refused care for want of money.

In addition to patient fees and town appropriations, the Agency is funded by Medicare, Medicaid and private insurance payments, donations, bequests and government grants.

The Agency cooperates with other health and community organizations in providing regular or special health services designed to meet a wide variety of needs. In 1976-77 these activities included:

1) CHILD HEALTH CONFERENCES. Clinics held once or twice a month at the Newmarket Fire Station, providing free physical examinations and inoculations for children up to first-grade age. Funded by the state Maternal Child Health Program and town appropriations. Staffed by Agency nurses and by Jo Anna Munger, M.D., and Judith Hallisey, Pediatric Nurse Practitioner, both of the Exeter Clinic.

2) DENTAL SCREENING CLINICS. Semi-annual dental examinations, by state personnel, for children aged 3-6 who are enrolled in the Child Health Conferences, with follow-up by local dentists.

3) NEWBORN VISITS. Free visits to the homes of all newborns, to provide whatever help and teaching might be needed.

4) TUBERCULOSIS CONTROL. Monitoring of patients, in cooperation with the New Hampshire Department of Health and Welfare.

5) PRE-SCHOOL VISION AND HEARING CLINICS. Assistance to Oyster River and Newmarket school nurses.

6) SCHOOL SERVICES. Assistance to school nurses on special projects, as needed. Health services for the Little People's Day Care Center and the Forest Park Day Care Center through various programs, consultation, and instruction of children and parents.

7) PEDIATRIC CARDIAC AND CRIPPLED CHILDREN'S CLINICS. Staffing of state-sponsored clinics.

8) FOUR-IN-ONE SCREENINGS. Testing for glaucoma, high blood pressure, oral cancer and diabetes; held most recently in Newmarket in April of 1977, in cooperation with the Newmarket Health Center. Attended by 136 adults.

9) BLOOD PRESSURE SCREENINGS. Federally-funded clinics open to all; held at various locations throughout the towns and at Oyster River and Newmarket schools.

Statistics July 1, 1976 - June 30, 1977

Town	Skilled Nursing	Physiotherapy	Total Visits	%
Durham	705	449	1,154	38%

REPORT OF THE 250TH ANNIVERSARY COMMITTEE

Newmarket was separated from the old town of Exeter and incorporated as a township on Dec. 15, 1727.

For several years a large and willing committee has been working hard on the plans for our 250th Anniversary Celebration. It would be impossible to name all the individuals who contributed in some way to the success of the events of the week-long celebration, but the Committee wishes to thank everyone involved.

From Aug. 19 through Aug. 28, 1977, Newmarket's big birthday party included an opening parade featuring the 1st New Market Militia; band concerts by the Newmarket High School Band; a Street Fair; the sale of commemorative coins; Colonial Church Services at St. Mary's Church and the Community Church on both Sundays; an Old Home Day Picnic; the play 'Lil Abner' put on by the Lamprey Village Players; a chicken Bar-B-Que; rope pulls; water polo; "Old Time" movies; an outdoor colonial play called the "Mock Doctor"; an Awards Night with judging of the beards contest and awarding of the Boston Post cane; election of a King and Queen; showing of the movie "N.H. Family 1775" which featured many Newmarket players; colonial breakfasts served at the Eagle's Hall; a Colonial Ball; a Handtub Parade and Muster; High School reunions; and a large closing Parade with an evening of fireworks.

It was an unforgettable week, and while it may not be remembered for two hundred years, we did finish the year by burying a Time Capsule beside the Old Stone School Museum. A stone marker will mark the

site and it is to be opened in the year 2077. There is also a smaller fifty-year time capsule in the Museum which is to be opened in the year 2027. This final ceremony took place on the actual anniversary date of our incorporation, Dec. 15, 1977.

Respectfully submitted,

L. FORBES GETCHELL,
*Chairman - 250th Anniversary
 Committee*

**REPORT OF THE
NEWMARKET DAY CARE CENTER**

Sept. 1976 - Aug. 1977

We opened in September 1976 with a full enrollment, servicing 58 Newmarket families this year.

In the late spring a family day care program was initiated and has been operating at full capacity since.

Because of ten years worth of devotion and support by many and all Newmarket residents, on July 1, 1977 the Newmarket Day Care Center moved its entire program into a beautiful new building on Simmons Lane, off Route 108. It is the first building built specifically for day care in New Hampshire.

Fortunately the old building will be used for a community sponsored youth group in the very near future.

The annual sidewalk fair took place August 23, 1977, coinciding Newmarket's Bi-Centennial celebration. Many cooperative efforts were made by all those involved, making for a great success.

The town of Newmarket should be very proud indeed of this and many other services of high quality they offer to their fellow residents in the human service field, many many thanks for the fine assistance and cooperation shown to us these past years.

Respectfully submitted,

NANCY A. RICHARDSON
Executive Director

REPORT OF THE NEWMARKET HEALTH CENTER, INC.

The Newmarket Health Center is a non-profit organization working toward improved quality of life for southeastern New Hampshire. We are dedicated toward providing a wide range of high quality human services at a reasonable cost to all. Health services are easily accessible to all at reasonable cost. We encourage good health practices, early detection, and disease prevention. At the Center a person's social, psychological, economic and physical status are all considered essential parts of total good health. We believe that individuals, families and communities should be enabled to learn more about their own responsibilities for their health.

Our outpatient medical clinic is staffed by a Pediatrician/Medical Director, Registered Physicians Associate, Health Aide and a Medical Assistant. Services offered are general family care for all ages, preventive, routine and emergency care. Home visits are routine and we are on call 24 hours a day, seven days a week at 659-3106. Special preventive screening clinics are frequently offered at no charge to test for early detection of cancer, diabetes, glaucoma, hypertension, oral cancer, hearing defects, etc.

Community Health Workers help in bringing together medical, psychological and social needs of people, advocating concern for the whole person for more comprehensive, quality health care. They make visits to people's homes, hospitals, nursing homes, develop special workshops and programs, and offer their skills where and whenever requested.

Community Transportation services are offered to the senior citizens for greater mobility and easier

access to medical facilities, social services, and other basic needs of otherwise isolated seniors. This service is offered by way of two 16-passenger Busettes. The Van Drivers are not only trained in basic first aid but they meet weekly with our social service staff and are sensitive to the special needs of the riders making referrals to deal with personal problems which may arise (Call 659-2424).

In 1977 there were 2,843 visits to the Medical Clinic by your town's residents; the Center answered 516 queries from your town with information and referrals on Info-Center's 1-800-582-7214 toll-free line which services all of Rockingham County. The Senior Citizen Transportation Service provided 1,217 rides to the elderly of your town. Through special screening clinics and workshops an additional 823 residents were seen. All together about 5,399 residents of your town were served by the Health Center. We are pleased to have served the people of your town in these ways.

In order to make the most efficient use of the local support which we receive from your town we match these funds on at least a 3-to-1 basis with federal funds. As always, along with your financial support we request your suggestions and recommendations on how we may improve our services to you.

Current plans of the Health Center include providing nutrition workshops, individual counseling services, moving to a larger facility, free immunization clinics for infants and children, a continuing effort to improve the Center's medical services, and expansion of the Senior Citizen Transportation Service.

We thank you for your involvement and participation with us. We wish you good health in 1978.

ROBERT G. PECK,
Executive Director

VITAL STATISTICS
