REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Nottingham:

During the past year a special appropriation of the District enabled the School Board to complete the alterations planned for the Gebig schoolhouse, including the remodeling of the shed and the installation of a recently perfected type of septic toilets. These have proved highly satisfactory and a distinct improvement over the chemical type, as well as more economical to maintain. This school should now be provided with a driven well, as water has to be carried a long distance. The septic toilets do not require running water, but they need several pails full daily for efficient maintenance.

At the Center School, Miss Alta Scruton declined re-election after many years of faithful service as a teacher, fifteen of which were spent in Nottingham. Miss Scruton had high professional ideals and continued to be progressive in the best sense. Her retirement was marked by many expressions of esteem from her associates and the community. As her successor, Miss Helen Dowaliby, a graduate of Plymouth Normal School in the three year elementary curriculum was chosen. Every effort was made to find a boarding place for this teacher near by the school, but without success. Some one would be doing the community a service to provide comfortable living quarters available for teachers at Nottingham Center.

The report of Miss Margaret Macdonald, School Nurse, for last year shows that teeth, tonsils, eyes, and weight are in need of special attention in many cases. The schools were remarkably free from serious epidemics. All pupils were vaccinated. A dental clinic was held, under the sponsorship of the Parent-Teacher Association, at which 30 children were treated, 23 of them receiving certificates of complete care.

Respectfully submitted,
CHESTER W. DOE,
Superintendent of Schools.
