RESIDENT TAX BILLS

As a result of the enactment of Chapter 3 of the Laws of the Special Session of the 1976 Legislature, persons who wish to obtain motor vehicle registrations must first pay their resident tax for the current year as well as the year previous, before the local Town Clerk may lawfully issue vehicle permits.

It should be noted that current taxes are due and payable as soon as the Resident Tax Warrant has been committed to the local Tax Collector. It is of no consequence that the Resident Tax Bills have not been mailed out in as much as RSA 80:1 stipulates that "Resident Taxes" shall be paid to the Collector on demand without previous notice."

There is a penalty to the Town Clerk who violates the above Statute and also to the person who registers.

The above message from your Town Clerk is inserted in the Town Report in an effort to clear up the confusion on the collection of the Resident Tax.

Said certificate shall be in triplicate, one copy of which shall be sent to the state veterinarian, one copy of which shall be kept by the breeder of said dog for a period of at least 3 years and one copy of which shall be given to the purchaser.

II. For purposes of this section an official health certificate means a certificate signed by a licensed veterinarian on a form approved by the state veterinarian, containing the name and address of the breeder the age, sex, breed and description of the dog, a list of all types of vaccines or medication administered to said dog, and the certification of the veterinarian that the dog is free from visual evidence of communicable diseases such as kennel cough (infectious tracheo bronchitis) canine distemper, external and internal parasites (including coccidiosis).

III. No breeder shall offer for sale any dog less than 8 weeks of age.

V. In this section "breeder" means any person who breeds dogs for sale, gift or transfer in any manner.

VI. Any person who violates the provisions of this section shall be guilty of a violation.

466:7 LATE FEE. Additional Charge where payment of license fee is delayed. In addition to the license fees provided in RSA 466:4, there shall be a charge of one dollar for EACH MONTH or any part thereof that the fees remain unpaid if said fees are not paid before June 1 in any year.

466:9 PAYMENT OF FEES.

On July 4th the Library held an exhibition of Old Wheeler Store papers found and given to the Library by Joan and Conrad Chapin, present owners of the store. Doughnuts and coffee were served. Mannequins in old costumes, picture albums and stereographic views were also featured.

The fence at the north side of the Library has been built, with the help of an appropriation from Revenue Sharing.

Plans have been made for renovating the upstairs room of the building for use as a children's room.

A gift of \$10 from the Rondo was received with thanks. Donations of books were greatly appreciated.

During the year, 136 non-fiction, 758 fiction and 534 juvenile books were circulated, totalling 1,428. Also circulated were 29 puzzles and 99 magazines.

REPORT OF DISTRICT FIRE CHIEF AND
TOWN FOREST FIRE WARDEN

Forest Fire Control in New Hampshire is a joint state and town/city responsibility (RSA 224).

The Director, Division of Forests and Lands (State Forester) appoints a forest fire warden and several deputy forest fire wardens in each town/city upon the recommendation of local authorities.

The local forest fire warden is responsible for forest fire prevention and suppression activities in his town. He regulates the kindling of outside fires when the ground is not covered with snow by the issuance of written permits only when conditions are safe. He is responsible for suppression with the town/city and state sharing the cost. Suppression costs in excess of 1/4 of 1% of the assessed valuation of the town are assumed by the state.

The state provides training for the local fire organization and helps coordinate activities between towns/cities. The state also supports local forces with backup personnel, equipment, and supplies for suppression and prevention.

This combination of state and local cooperation, started in 1893, works well, for New Hampshire has enjoyed one of the smallest acreage losses due to forest fires in the United States for the past 25 years.

REPORT OF ORFORD PLANNING BOARD

The Orford Planning Board has met at regular intervals throughout the year. Our purpose: To protect and preserve for the citizens of Orford the Town's future, its growth and its proper and just development.

The application of Ralph Wright to subdivide 60 acres into 10 lots, which is located on the Piermont Height Road and the Piermont-Orford Town line - approval is pending, State agency approval.

We have received six applications, for single residential lots, which have been approved.

National Flood Insurance Program: This Federal program is based on the premise that activity in flood-prone areas can have an effect on others, particularly downstream; and that by preventive action and a federally-subsidized insurance program, the effect of bad floods could be minimized and huge disaster-relief programs cut back.

The resolutions would establish a building permit system, a building inspector, certain building codes or restrictions within the flood-prone area, and agree that later, when the town got into the final phase of the program, it would institute zoning.

(If it adopts or adopted the above, the town anticipates completely detailed mapping in about three to four years, at which time it would be ready for the final phase and the zoning).

The kicker was that if a town did not enter the program, no federally-insured bank would be allowed to grant a mortgage on property within the flood-prone area. This would effectively halt the sales or construction of anything in that area.

This fall, that restriction was eased somewhat, to remove the sanctions against mortgages but now, if a town votes not to go into the program, no Federal Loans - VA, FHA, FMHA or SBA for business - can be made on property in the flood area. Banks can grant mortgages, although it is too early to tell what they will do if flood losses are not covered by insurance.

Orford received its first identification maps in July 1977. They will be on display at Town meeting, it shows that about One Million Dollars of the Town's assessed valuation is within the area designated as flood-prone.

The Board encourages anyone with questions to seek out a board member or to attend a Planning Board meeting, which is held on the third Monday of each month in the new town office in Orfordville at 7:30 P. M. These meetings are open to the public.

ORFORD FAST SQUAD
1977

The Orford Fast Squad responded to 24 calls in 1977, with 20 town calls and 4 mutual aid calls.

This year, with a most generous contribution, we were able to buy three portable oxygen tanks and place them around town with squad members.

For the first time each Squad member now has a basic first aid kit purchased with money raised with the help of many towns-people.

We received \$2,400.00 in Communications Equipment from the A6 Ambulance District.

In the coming year we will be working to improve our training and equipment to handle heart attacks, burns, and automobile accidents, with your support.

REPORT OF ORFORD COMMUNITY HEALTH SERVICE

The OCHS clinics continue to offer immunizations, blood work, urinalysis, vision and hearing tests, nutritional counseling, speech evaluation and blood pressure readings for all ages, and physical examinations for children. The clinics are held on the third Thursday of the month (Lyme-even months, Orford-odd months).

"Mini-Clinics" are held every Friday morning from 9:30 to 11:00 a.m. at the Elm Corner Market, and Wednesdays from 10:00 to 11:00 a.m. at the Brookside Store. At these, Mrs. Matoon provides B. P. readings and health counseling. No appointment is needed.

Number of children seen at clinics	126
Number of adults seen at clinics	30
Number seen at mini-clinics	192
Skilled nursing hours	389 1/2
School nursing hours	378 1/2
Clinics, conferences, education	260 1/2

Piermont is still contracting with OCHS for Public Health Services. The arrangement seems to be satisfactory for both towns.

North Country Home Health Agency did not wish to renew their contract with us to provide supervision for our nurse. This supervision is required for us to qualify for medicare reimbursement. They felt because they serve a large number of towns in their immediate area, it was not economically feasible to continue supervisory visits to Orford. Hiring our own supervisor would increase our budget well over 300%. Federal supervisory requirements preclude any Orford nurse serving even as a volunteer supervisor. We are hoping to enter into a shared-supervisor agreement with nearby towns, and have allocated money in the budget for this. If no agreement is reached, the money will be returned to the town. Until we have supervision, our citizens who qualify for medicare must leave home for reimbursable care.

Mrs. Matoon completed a 96 hours Extended Assessment Course at U. V. M. this year. This enables her to do skilled physical examinations previously done only by physicians. She can be reached at her office in the high school from 9:00 to 9:30 a.m. each weekday except Wednesday. Her office phone is 353-4853, and her home phone is 1-802-685-2274.

We on the OCHS Board would like to thank all who volunteered their time and efforts during the past year. You are greatly appreciated.

REPORT OF
EXECUTIVE COUNCILOR FOR DISTRICT ONE

As Executive Councilor for District One which covers 62% of New Hampshire (102 towns and 3 cities), I am pleased to submit this short report to the citizens of Orford.

The Executive Council of New Hampshire is elected from five districts portioned by population. The work of the Council has been described as similar to that of a board of directors for State business. The New Hampshire Constitution provides that the Council shall from time to time advise the Governor in the affairs of State. State law as passed by our General Court mandates much of State government to be acted upon "with the advice and consent of the Council."

Our meetings in the State House Council Chambers are open to the public, and I would welcome having any citizens from our District attend any of the meetings.

The responsibilities of the Governor and Council are so diversified as to defy any attempt at exact classification. Their activities extend to the appointment of certain public officials, to a general supervision over State departments, to State expenditures, to pardon matters and to a variety of other duties. . . State officials and employees, State fiscal matters, pardons, commutations and reprieves, eminent domain and related responsibilities, State contracts and leases, public waters, State industrial and recreational interests and miscellaneous responsibilities.

From time to time, as Councilor if I can be of help to cities, towns, counties, agencies and individuals, I stand ready to do so especially if the problem or concern has to do with State government. However, as many of you know, much of our government, at the local level, is funded by not only local dollars but State and Federal monies are many times involved which means that several levels of government are involved. In such cases we must turn to our local town administrative assistants, regional planning commissions, county officials and others for help and guidance.

I can generally be reached by writing or calling my home office (R. F. D. #1 Woodsville, N. H. 03785, telephone 603-747-3662) or in care of the Executive Council Chambers (State House, Concord, N. H. 03301, telephone 603-271-3632).

ANNUAL REPORT OF THE PRINCIPAL

To the Citizens of Orford:

My sixth annual report for the 1976-1977 school year is short in comparison to the many activities that have been completed in the Orford schools during the year. This has been a busy, as well as a productive, year.

We have eleven junior and senior students attending the Oxbow Vocational program. This is a cooperative school program with seventy-five percent of the cost paid by the state and federal government including transportation. Students are participating in building trades, automotive mechanics and health care courses.

A new career awareness program was initiated this fall with a grant of \$2,600.00 from the federal government. This program is designed to help students become more aware of the occupations available to them after graduation. The program includes materials for classes such as periodicals, filmstrips, speakers, A-V equipment for our school library, and field trips.

Our Title IV project, DOME, is near completion and will be in operation this spring. Project DOME will be a self-sustained energy project dependent upon solar and wind energy.

Our learning disabilities program has thirty-two students receiving specialized services. We are most pleased with the progress that students in this program have been making.

A return to traditional grades at the Orfordville School this year was instituted with a return to the 1-4 grade pattern with which parents are most familiar.

Teachers are working on a skills sequence reporting system which will be used to report to parents the progress of their students. This system of reporting in grades K-8 will be in addition to the traditional report cards which are released each quarter.

School activities in addition to athletics include: field trips to Hopkins Center and Squam Lakes Science Center, Christmas program, annual science fair, school musical for grades 9-12, an annual gymnastics show, winter carnival, and the middle school field day.

Rules and regulations for the use of Memorial Hall are included in my report so that citizens interested in using our facilities may know the procedure necessary to follow:

Regulations for Use of Memorial Hall

1. It is the policy of the School Board to encourage the greatest possible use of the facilities of Memorial Hall by the citizens and organizations of Orford whenever such use does not conflict with the school program.
2. All dates for the use of Memorial Hall are to be arranged through the office of the principal. If the principal is not in town, e. g. during vacations, arrangements may be made directly with the custodian.

ORFORD PRINCIPAL'S REPORT - 2

Regulations for Use of Memorial Hall (continued)

Arrangements should be made well in advance of use. School events have precedence over non-school activities. The principal will have a master schedule in his office to list events. The principal will keep the custodian informed of dates assigned.

3. The custodian is in charge of Memorial Hall at all events, subject to the principal. At sports or other school practice sessions, the coach or teacher is directly in charge of students, but even if the custodian is not employed specifically to be at such sessions, he will be kept informed of these so that he may check the building after such sessions.

4. No charge is made to Orford organizations for the use of Memorial Hall itself.

If the kitchen is to be used by non-school groups a fee of \$3.00 is charged.

No kitchen fee is charged to the P. T. A. or to school organizations. However, a cleaning fee will be charged if the custodian has to clean the kitchen after use by any group, whether school or non-school.

The custodian's fee for meetings ending by 10 p. m. is \$3.00; for dances or other events continuing after 10 p. m., \$5.00.

Outside police are to be employed for control of parking, etc., by the using organization at its own expense. The custodian will police the Hall itself.

5. There is to be no smoking inside the gymnasium or the locker rooms. Smoking is to be permitted in the corridor only. Matches, butts, etc., are to be placed in receptacles provided.

6. Except at dinners or banquets, no food or drink is to be consumed inside the gymnasium. They may be sold and consumed in the corridor only. All waste is to be placed in receptacles provided.

7. Groups using the kitchen are responsible for cleaning the kitchen thoroughly after use, including mopping the floor, cleaning up counters and cabinets of any spilled food or drink, putting dishes and other equipment in their proper places, cleaning the stove (especially if food cooks over on the burners), etc. Otherwise a cleaning fee is to be charged.

8. Groups using the kitchen are to furnish their own dish towels.

9. Groups using Memorial Hall are expected to pay for any damage. In particular, the gym floor can be damaged by heavy shoes at dances, appliances and dishes may be broken in the kitchen, etc.

ORFORD PRINCIPAL'S REPORT - 3

Regulations for Use of Memorial Hall (continued)

10. A rental charge, in addition to the custodian and kitchen charges, will be made for use of Memorial Hall by out-of-town organizations. The School Board's permission for use should be secured by out-of-town organizations.

Note: Small groups at ordinary meetings should use a room in the old building, rather than Memorial Hall. It is expensive to heat and light the Hall for meetings not requiring the facilities and area of Memorial Hall. Meetings at which small children are present in numbers must be adequately supervised. It is not possible for the custodian alone to prevent damage, e. g. by sliding and running on the asphalt tile floor.
