NOTICE TO PROPERTY OWNERS

A new law effective April 1, 1978 imposes a penalty for failure to file a fully completed inventory form.

"RSA 74:7-a Penalty for Failure to File. Any person who fails to file a fully completed inventory form on or before April 15, unless granted an extension under RSA 74:8, shall pay a penalty of one percent of the property tax for which he is liable. In no case, however, shall the penalty be less than \$10 or more than \$50. Any person who fails to file an inventory form and who becomes liable to pay the penalty specified in this section shall lose his right to appeal any matter pertaining to the property tax for which he is liable or exemptions to which he may be entitled. This penalty has all the force of taxation and shall be treated as incident to the tax."

Inventory blanks are mailed before March 25 as required under RSA 74:5, but if for any reason you fail to receive one, you should contact the Selectmen to obtain one and complete it as required above.

He sold the mill to his sons, Leslie H. and Daniel W. in 1872. The building on the left was built by them for making tables and chair stock. In 1887 the brothers sold the property, including the dry-house at the right of the bridge, to Thomas Hastings who operated it for about thirty years. The Goodnow brothers then built a new mill below the village. Photograph restoration by Persis C. Motter.

INTRODUCTION

With the idea that a town report should contain more than facts and figures, you will find several new features and changes in this year's town report.

Probably the most important new features are the pages dealing with the breakdown and explanation of some of the budget items. Of interest also, may be who some of the organizations are that ask for support from the towns and where these figures are in the budget and what services they provide the citizenry. The Selectmen have also made comments and references on various other items in other places in the report. The "bits and pieces" of items of town interest are added so that various events and happenings of the town will be put into print and into history.

This additional information is in no way intended to replace hearings or the town meeting but simply intended to clarify and explain material that may be presently misunderstood or unknown and to inform just exactly what amount of money is being spent by each department.

In an effort to make each department and the people of that department more aware of the costs of not only running but also maintaining each department, the costs of insurance and electricity have been pro-rated, according to the best available information, and are included in each department budget for 1978. The exceptions are under the insurance heading that shows the cost of the Bonds for the Trustees of Trust Funds and other officials that must be bonded and Workmen's Compensation insurance. And under the heading of Town Hall, insurance for the Community Hall and the cost of heating the hall portion of the building is included in that budget item along with monies for the maintenance of the building and the completion of work in progress. Other items that have insurance and/or electricity written in are the Police Department (insurance only), Fire Department, Town Officers' Expenses, Library and Highway Departments.

Health Department items include the following support: Cheshire Hospital - \$251.00; Monadnock Family and Mental Health Services - \$234.00; Ambulance services provided by the City of Keene - \$967.00; and North Cheshire County Home Health Service - \$304.80.

Advertising and Regional Association include the following support: Southwestern N.H. Regional Planning Commission - \$345.44; Monadnock Region Association - \$156.00 and N.H. Municipal Association - \$200.00.

There is discussion at each town meeting concerning the various types of funds that the Highway Department receives, where they come from and how they can be used. Here then, is an explanation of the money available to be spent on town roads in the year 1978, to be decided by the Town and the Board of Selectmen.

The Road Agent is seeking a total of \$32,500.00; \$30,000.00 for the care and maintenance of highways and bridges and \$2,500.00 for insurance and electricity. The Town will receive \$9,578.40 subsidy from the State of New Hampshire and will have to appropriate an additional \$22,921.60 to be raised by taxation.

In addition, the Town must appropriate \$458.31, to be raised by taxation, if it wants to receive a total of \$3,055.41 from the State of N.H. This TRA money (\$3,055.41) will then be applied to the outstanding note due this year on the accelerated project. The Town will then appropriate an additional \$944.59 to be raised, again, by taxation to equal the full \$4,000. due in 1978. The final note on the Hubbard Road is \$4,000.00 and due in 1979. When TRA money is available the Town may elect to accept the money and use the relatively small amounts each year on small projects or it may choose to develop a large project and borrow money in anticipation of this income, and project re-payment over several years.

Duncan Fund money is available to smaller towns to be spent on the care of Class V highways. Each year the Selectmen and the Road Agent select several projects that they feel are within the guidelines of Duncan Fund spending. They then meet with the local state highway engineer to discuss the projects and to be sure that they are within the guidelines. Presently, there is a balance of \$4,572.56 from the 1977 Duncan Fund. The Town expects to receive \$5,466.39 from this fund in 1978, thus there will be a total of \$10,038.95 available to the Town of Sullivan to be used in part or in total.

The majority of homes in town were without electricity for two days following a howling March 22nd blizzard. A resident of the Valley Road, whose wife was expecting a baby momentarily, worked with a chain saw cutting trees blocking their long driveway. Their favorite tree, a tall balsam, was split in half by fierce winds estimated at more than 50 miles an hour.

Thirty-five flea market and craft dealers convened on August 20th in the old horse sheds and on the lawn of the Sullivan church for an all-day "August '77 Festival" sponsored by the Sullivan Public Library trustees. At 4:30 p.m. the church ladies held a home-baked bean and ham supper with blueberry buckle for dessert.

December 1977 - Deanna Wichland has been elected president of the Monadnock Cultural Club at the regional high school.

Members of the Keene Amateur Astronomers Club and their "stargazing" guests gathered at the Sullivan observatory off the South Road on the night of Aug. 11th to watch for the expected Perseid meteor but cloudy skies dimmed the show.

On May 1st the children at the Tomte-Gubben pre-school celebrated May Day with a maypole dance with colored streamers tied around a young tree on a hill behind the Andrew Motter home on the Ellis Road.

On a rainy December 21st, 16 young people from town spent the evening caroling and distributing Christmas cookies to shut-ins.

1977 CEMETERY REPORT

Progress has been made on the updating of the cemetery map of Meeting House Cemetery and a card file system has been started on all new lots. I will be seeking information from all lot owners in order to complete this project. Some new fence and posts were installed on the front side of the cemetery and the remainder of the fence has been repaired and straightened. A new walkway has been made behind the tomb house and a new gate will be installed. The Four Corners Cemetery required only general maintenance this year.

There was only one burial this year.

I am asking, in this year's budget, for an additional \$200.00 to repair and restore the tomb house.

Respectfully submitted,

Gwendolyn Johnson

FIRE DEPARTMENT REPORT

This year, the fire department answered calls for one (1) chimney fire, one (1) barn fire and five (5) accidents.

Five new monitors and related equipment have been purchased and are in use. These monitors are equipped so that they may be used as portable units.

Larry Jackson contributed his labors installing plumbing in the bathrooms of the fire station. This work to be completed as soon as warmer weather arrives.

Did you ever dream of riding on a shiny, red fire truck or dream of wearing that funny hat that firemen do? Here is how you can make those dreams come true and make a significant contribution to your town. JOIN THE SULLIVAN VOLUNTEER FIRE DEPARTMENT! Everyone is welcome. No experience is necessary. Training is available. Meetings are scheduled on the fourth Wednesday of each month at 7:30 p.m. at the fire station. Any member of the department or Assistant Chief John Bolles or Chief Walter Roberts will be happy to answer any questions you might have.

PUBLIC LIBRARY TRUSTEES REPORT

The library loaned 1,738 books to townspeople in the year 1977.

Town library books loaned - 1,534
State Bookmobile books loaned - 204
Adult books loaned - 532
Juvenile books loaned - 1,206

This is an increase of 111 books from 1976's records.

We have a total of 2,998 books in our library: 768 books were added in 1977 by purchase or as gifts. We are indebted to the Chester McMartin family for their generous gift of books from the library of their daughter, the late Betsy McMartin. A new Webster's Unabridged Dictionary was also given to the library in their daughter's memory.

The trustees thank again all those who donated used books. Herbert Nims, Sullivan taxidermist, has given the library a highly prized collection of native water fowl and birds which will form an interesting part of the decor in our new library building.

Several choice selections have been purchased from the Bessie Jewett Memorial Book Fund and from the Viola Hurst Memorial Book Fund.

Twelve Sullivan Town History books were sold in 1977. Monies from the sales are designated by the trustees to be spent for the purchase of new or available Cheshire County town histories. The new Stoddard, Westmoreland and Richmond histories have been added.

The money earned at our Flea Market and Used Book Sale last August has been set aside for the purchase of library furnishings when we move to the new facilities in July. The Ladies Volunteers of Sullivan have donated \$400 for catalog files. The unused portion of the 1976 librarian's salary has been used to buy table, chairs and book racks for the children's area.

The new library (remodeled Town Hall at Sullivan Center) was ready for occupancy last summer but with the emergency school situation, Grades I and II are now using the building for classes.

Twenty-four children participated in the Summer Vacation Reading program. Certificates, award pins and gift books were presented at the end of summer.

Marjorie W. Smith was librarian in 1977. Library hours continue to be on Wednesdays from 3 - 7 p.m. The library will be open 8 hours a week starting in July, 1978. With volunteer help the library hours could be expanded further. Many special exhibits and programs are already being planned to make our new library an interesting and active place for our townspeople.

HIGHWAY DEPARTMENT REPORT

Just a look at the Detailed Statement of Payments for the Highway Department Repair Parts Expense will give you some idea of the age of our present highway equipment and how badly new equipment is needed. The Town needs a new sander, the "Army" truck needs brake work and the tractor is old and should be replaced. The four wheel drive and dump trucks are running fairly well but both need new bodies. A small, used backhoe; for use on the tractor was purchased this Spring.

During the summer the Ellis Road was graveled, improved and the sharp curve near the end was widened. Culverts were installed on Boulder, Ellis, Apple Hill and Price Roads and Tyler Lane. Graveling and improvements were made on Boulder, Apple Hill, Cross, Ferry Brook and Price Roads and Tyler Lane.

Last Fall, the town barn was broken into and the tools were taken. This type of act only increases the expenses of the highway department.

Another look at the Detailed Statement of Payments under the Highway Department Wages will show that a lot of time has been spent by the road crew trying to keep the roads in good repair and clear of snow and ice. We hope that you feel that the time is well spent and the roads are satisfactory.

Road Agent

SULLIVAN POLICE DEPARTMENT

During the past year the Sullivan Police Department handled the following calls: 36 traffic accidents, 30 domestic complaints, 11 burglary, 15 ringing alarms, 3 attempted stolen vehicles, 11 warnings for speeding, 40 disabled vehicles and checks, 7 larceny, 8 defective equipment, 6 missing persons, 5 malicious destruction, 1 assault and animal complaints: 26 dogs, 3 goats, 15 cows, 1 pig, 4 horses, and 3 cats. Sixteen (16) traffic summons were issued and the following arrests were made: DWI 13, driving to endanger 1, larceny 1, burglary 3, assault 1, and public intoxication 1. The officers have taken thirty-four (34) cases to court with thirty-two (32) convictions and two (2) cases had the charges dropped. In addition to the various police-type calls, the officers assist with fire and ambulance calls. Total police calls for 1977 were 294 and to answer these calls, and do patrolling, total mileage was 6,470.

All officers presently on the Sullivan Police Department have attended a "Part Time Police Officers Training" course at Keene State College. This course was funded by the N.H. Police Training and Standard Council. Elaine Wheeler has, additionally, completed a two week "On Scene Accident Investigation Course" at Concord funded by the State Highway Department.

There are several other schools and courses available for next year that the present police officers are willing to donate their time to attend. These courses include instruction in the use of revolver pistols, breathalyzer operation and seminars on Juvenile Delinquents and are funded by state agencies. The Sullivan Police Department has been working very closely with the Sheriff's Department and State and Local Police Departments. We feel that our working relationships with these departments is very good at this time. We also feel that we have achieved good public relations with the townspeople of Sullivan and hope to continue this in 1978.

Police Department records have been improved and thus the paper work has grown. Every complaint answered is filed and then there is a cross file. This is something that has needed to be done. There are reports to the Selectmen, to the State of N.H., the Sheriff's Department and to the State Police. In the case of an accident, reports go to the State of N.H., our files and copies to each of the insurance agencies. Record keeping and court time are not charged to the town, the police officers have been donating their time.

Since the largest number of arrests were for DWI, the police officers thought the Town should have some idea of what happens on this type of arrest and how much time is spent on just this one type of call.

Once the police officer has reason for stopping a driver and motor vehicle, the license of the operator and registration of the vehicle are checked. If the officer feels that the driver is intoxicated, he is asked to take a sobriety test at the scene. If any one of several tests indicate that the driver is DWI, he is placed under arrest and is given his rights. The Subject is then taken to Keene Police Department where he may be given a breath test. If the Breathalyzer shows that he is DWI, he is given a summons to appear in court. Then the paper work begins for the officer. Identification Record Form, Permit to Give Alcohol Test Form, Alcohol Influence Report Form, Complaint Form and Property Receipt. The officer will then contact a bail bondsman for a bail fee or he will have to sit with the offender for four hours. Now the paper work starts again. A report of what has happened on this one arrest is written for the police files. Checks must be made for prior records both locally and with the State Police. Next the case appears in court. The police officer may handle this himself and prosecute his own case or it may be handled by the Assistant County Attorney. In either instance, it means at least two court appearances for each DWI case. From the time the car and driver were originally stopped, and not including the court time, one DWI arrest has taken a police officer from four to eight hours to process.

We hope that we have given you some idea as to how your Police Department works. If anyone has any questions about the department or the officers or ideas for improving the department, please contact us at any time. We are on call twenty-four (24) hours a day to serve you. If for any reason you are unable to contact Karl or Elaine Wheeler, Robert Smith and Daniel Eaton are deputies and are on call at any time.

Karl Wheeler, Constable

MONADNOCK REGION SCHOOL
DISTRICT BOARD REPORT

The past year has turned out to be a very good one for the Monadnock Regional School District and for Sullivan in particular. The highlight of the year, in my opinion, was the passage of the \$470,000 bond issue which is enabling the district to make substantial additions to the Sullivan, Gilsum and Surry schools. By September of this year elementary children in our town can look forward to going to school in a vastly improved facility, which should contribute greatly to the amelioration of the educational process. In connection with this renovation and additional construction, I am happy to report that the district was able to borrow the money at a very favorable 5% interest rate, which should make the burden of the bond issue as bearable as possible.

As construction began this year, we were most fortunate to have the assistance of the Selectmen and the Library Trustees, who most generously made the new library building available for the first and second grades. The benefits of this generosity were evident from the first day of school, and the teachers have commented that this has been a more productive year for them as a result. I would be remiss if I did not mention here that the new addition to the Sullivan teaching staff, Christine Pemrick, has done a remarkable job of instructing the first two grades aided by Alice Garrapy, a most capable and unselfish person.

As we look to the school district meeting to be held in late March, there are a couple of items on the warrant which deserve your attention. The first of these is a proposal to elect school board representatives at the same time that town officers are elected. Although my support of this proposal turned out to be a minority one on the board, I hope you will support the proposal because I believe that any step that can be taken which makes it easier to exercise one's right as a citizen should be encouraged. A second proposal would expand the soccer program in the high school by means of a modest investment of funds. Since the very nature of football tends to exclude the participation of persons of modest stature, I believe that the addition of soccer would be a welcome one.

REPORT OF SULLIVAN PLANNING BOARD

The Sullivan Planning Board Has held two meetings each month: the first Wednesday of each month for regular business and the third Wednesday for a work session. All meetings open at 7:30 p.m.

The Planning Board has completed several soils maps showing depths to bedrock, high water table, limitations for in-ground septic systems, slopes and elevations.

The Board feels there is need for a Site Plan Review Ordinance to review all plans other than for domestic dwellings. This regulation will make it possible for all abutters to have their concerns heard before any construction begins.

There is also need for a single zone ordinance which is prerequisite to Site Plan Review. The zone would be known as Rural Agricultural and would allow the following:

Agriculture

Forestry

One Family Dwelling

Seasonal Dwelling

Home Business

Church

Other uses could be allowed by special exception.

The following subdivision proposals were approved in 1977:

<u>Subdivision</u>	<u>Location</u>	<u>No. of Lots</u>
Robert R. Hall	Centre Street	2
Frank E. Swett	Sullivan Centre St.	2
Anne Powell	Cross Rd.	3
Paul C. Atwood	Centre Street	2
Christa Price	Osgood Road	2

The Southwestern New Hampshire Regional Planning Commission continues to share their resources and furnish information. Andrew Motter, Assistant Planner, is assigned to aid the Town of Sullivan.

RECREATION COMMITTEE REPORT

The Recreation Committee has just completed its second year and feel that it has been very successful. The representatives for 1977 were: Persis Motter, Nancy Pindell, Kathleen Fagley, Elaine Wheeler, John Woodbury and Robert Bourassa, Jr.

A summer program was held for six (6) weeks under the direction of Persis Motter and administered by Douglas and Linda Smith of Keene State College. They were assisted by Robert Bourassa, Jr.

About thirty-five (35) children registered and attendance was excellent. Two weeks were spent on swimming lessons at Otter Brook State Park under the direction of the Keene Red Cross. There were field trips to Sunapee State Park, Hampton Beach and an overnight camp-out in Sullivan. Special thanks are due to all the parents who helped with transportation and to Gwen Johnson for donating her time driving the bus to and from Sunapee and Hampton Beach. The committee plans on fund raising projects this year to supplement any appropriation by the Town so that more field trips and year-round activities are possible.

There presently exists a vacancy on the Commission. If you are interested in the Recreation Program and can contribute some time, please call Elaine Wheeler ---- (847-9728). The Commission will be gearing up, just after Town Meeting, for the Summer Program; so we need to fill this vacancy soon.

John Morressy's 11th book, a science fiction novel entitled "Frostworld and Dreamfire" has been published by Doubleday and Co. Inc. Morressy lives on the Apple Hill Road and teaches English and Creative Writing at Franklin Pierce College in Rindge. A reviewer of his new book wrote in part: "In one scene Morressy puts on a display of the raucus, exasperating, inefficient democracy of the tribal council. It seems a lot like a Sullivan Town Meeting."
