BOSCAWEN PUBLIC LIBRARY REPORT

The library maintains the following schedule the year around:

Tuesdays—2:00 to 4:30 o'clock

6:30 to 8:00 o'clock

Fridays— 2:00 to 4:30 o'clock

During the school year the Branch at Penacook will open at 2:30 o'clock on both Mondays and Wednesdays for the convenience of the school children. The remainder of the year the hours will be as follows:

Mondays— 3:00 to 5:00 o'clock

Wednesdays—3:00 to 5:00 o'clock

6:00 to 8:30 o'clock

There have been 380 books catalogued and many books and magazines presented to the library for which gifts the Trustees are very grateful and wish to extend their thanks to the donors.

Both the Main library and the Branch have had good selections of books listed in the "Adventures in Reading."

During the year we had Bookmobile service, also many books have been secured by the librarians from the State Library for the convenience of their patrons.

A gift of \$50.00 has been received from the Thornton Fund for the purchase of children's books for the Branch.

Mrs. Dadmun presented the library with a very lovely calla and a flower box of assorted plants given by Mrs. Barvenick. The gifts are much appreciated and add to the attractiveness of the library.

During Book Week teas were held at both the Main building and the Branch where many new books were on display.

During the holiday season both libraries were suitably decorated.

The librarian, Mrs. Knowlton, attended the Library Institute at New London in June. This was sponsored by the State Library, covering cataloguing, book selection for both adults and children, also library arrangements.

The Fifth Grade of the school visited the library during Book Week and in May displayed floats depicting the industrial activities of each state.

Circulation was as follows:

Adult fiction	2,707
Adult non-fiction	1,221
Junior fiction	2,519
Junior non-fiction	1,048
Magazines	843
	<hr/>
Total	8,338

REPORT OF FOREST FIRE WARDEN

BE A GOOD CITIZEN — COOPERATE

Smoking and debris burning caused more than 50 per cent of the forest fires occurring in the state of New Hampshire in 1955 — 235 fires out of a total of 463 originated from these two sources. Lighted smoking material and matches thrown from moving vehicles along the highway or dropped by fishermen, hunters, hikers, berry and flower pickers accounted for 26 percent; debris burning in the wrong place or at the wrong time by those who failed to heed all pleas for safety or refused to recognize the logical, sensible rules and regulations set up under legislative authority governing the use of fire in or near woodlands accounted for more than 24 percent. This is inexcusable.

Everything possible is being done officially to remedy the situation. Since 1909 there has been a statute on our law books which requires everyone to secure written permission from the local forest fire warden before starting a fire in or near woodlands or where fire can be communicated to woodlands, unless the ground is covered with snow. A never ending program of educational work is being carried on by your local warden and state officials to inform the general public both of the value and necessity of securing the required permit for such burning. Much progress has been made, but there are still many who fail to refuse to cooperate. The value of our permit system was definitely proven in this district during the 1955 calendar year. Local wardens issued 3,864 permits for debris burning fires. That's a lot of permits. The records show only 2 permit fires got out of control. This proves several things—while wardens were liberal in the issuance of fire permits, accommodating every applicant so far as possible, they were cautious, following closely directives outlining overall policy governing the issuance of burning permits and thoroughly instructing

permit users. The latter, too, fully appreciating their responsibility in using their permits, governed themselves accordingly. Result? Much burning done legally and safe.

But what of the smokers? Despite all the efforts of those officially charged with the responsibility of preventing fires, too many were careless or thoughtless in disposing of smoking material and matches. Why? It is difficult to say. Autos are now equipped with ash trays. Why not use them. The crushing out of a cigar, cigarette and the complete extinguishment of matches before being discarded is an easy chore.

If the costly habits of the careless and indifferent smoker and debris burner could be overcome, more than half of our annual forest fires would be eliminated. Will YOU do YOUR share to bring this about?

REMEMBER

1. Get a written permit from your local warden before starting your debris burning or camp fire. The law requires it.
2. Make certain they are dead out before leaving them.
3. Become a safe smoker by extinguishing smoking material and matches before discarding them.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Boscawen, New Hampshire, qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 24th day of March 1956, at 1:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will vote to authorize the school board to purchase the Dormitory lot, so-called, and buildings thereon, as a site for a new elementary school and raise and appropriate the necessary funds not to exceed eight thousand dollars (\$8,000.00), and authorize the trustees of trust funds to transfer the amount so voted from the School Capital Reserve Fund.

10. To see if the district will vote to authorize the construction of a new elementary school, at a cost not to exceed one hundred sixty thousand dollars (\$160,000.00) and make appropriation to cover such cost, and to authorize the school board with the advice of the Citizens Advisory Committee to determine the final construction plans, to engage the services of an architect, to solicit bids, to accept the most advantageous bid or bids, to supervise the construction and to see that the contracts are carried out, to determine where the building is to be located on the site, to remove the present buildings, and to take any other necessary or suitable action in connection with said bids, contracts, construction, acquisition of land, grading, equipment and furnishings and all other matters in connection therewith.

11. To see if the district will vote to meet any appropriation under Article 10 by transfer from the district's School Capital Reserve Fund and by borrowing on credit of the district by the issuance of serial notes or bonds in accordance with the provisions of the Municipal Finance Act and any amendments relating thereto; to authorize the trustees of trust funds to pay over the sum to be transferred from the School Capital Reserve Fund to the school board for such elementary school construction project; and to authorize the school board to determine the terms and conditions upon which the notes or bonds shall be issued including the date, maturities, denominations, interest rate, place of payment, form and other details relating to the notes or bonds, including those pertaining to the sale.

12. To see if the district will vote to authorize the school board to make applications for and to accept in the name of the school district for school purposes such funds or grants-in-aid as may be obtainable from the State, Federal Government or any other agencies or department.

13. To see if the district will vote to elect a Citizens Advisory Committee of three (3) to consult with and advise the school board in matters pertaining to a new elementary school..

14. To see what sum of money the district will vote to raise and appropriate for the School Capital Reserve Fund.

15. To see if the district will vote to rescind the action taken under Article 13 of the 1955 warrant ("To see if the district will authorize the school board to sell the school buildings known as Water Street and High Street schools and place the proceeds of the sale in the School Capital Reserve Fund") whereby it was voted "that the buildings be sold at public auction."

16. To see if the district will authorize the school board to sell the High Street school building and the Water Street school building to the owner or owners of the land on which the buildings rest, at private sale for such price as the School Board may determine would be reasonable and to authorize the School Board to execute and deliver a bill of sale to the purchaser or purchasers.

17. (In the event of unfavorable action on Articles 9, 10, and 11) To see what sum of money the district will vote to raise and appropriate for a new heating plant for the Main Street School.

18. To transact any other business that may legally come before said meeting.

Given under our hands at said Boscawen this 2nd day of
March 1956.

THE "NO SCHOOL" SIGNAL

Two strokes of the fire alarm given three times (2-2-2), and the same number of blasts of the siren on Torrent Hose House, is the signal for closing school for one session. Its meaning depends upon the time of sounding.

When sounded at 7:30 in the morning, ALL SCHOOLS in Penacook and Boscawen will be closed for the forenoon session.

When sounded at 11:45 ALL SCHOOLS will be closed for the afternoon session.

Announcement will be made over radio station WKXL at 7:15 and on subsequent announcements of the station.

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools:

I herewith submit my yearly report of the school health program for the past year.

In the annual health report of 1954-55, it was recommended that the School Board when preparing the budget made possible the services of a physician for the annual fall check-ups. This was done and the parents, nurse and teachers alike, recognize and appreciate the interest and cooperation of the School Board members in securing this professional service necessary to the welfare of our children.

As a result of this, Doctor MacLeod and Doctor Shaw visited the schools in November and all pupils were examined by them and the results are as follows:

Vision	8
Hearing	2
Tonsils	9
Heart (murmur)	1
Skin	2

Parents were notified and home calls made for consultations toward corrections of these defects.

COMMUNICABLES

Measles	4
Whooping Cough	40
Mumps	16
Impetigo	8
Scabies	4

All these were excluded according to law.

CLINICS ATTENDED

Dental	32
Mental Hygiene	1
T. B.	1

Sight Conservation	5
Sick Pupils Transported Home	7

The polio Salk Vaccine clinics were held May 23, and June 14th with 44 children attending from the 1st and 2nd grades. There were no reactors from the vaccine itself. It is hoped that when the next clinic, now being planned by the State Board of Health is held, Boscawen parents will approve and cooperate 100%.

Class rooms were visited as regularly as possible, first aid kits were replenished and home calls made to the sick and absentees.

The registration of 1st graders was limited to one day instead of the usual week and will probably be done so in the future as it was found to be time saving and less confusing in the school routine work.

In closing, let me say, that if and when changes are made towards larger and newer buildings, the need of a health room with adequate space should be considered a necessity and should be included in the plans.

To all who helped in the school health program, my sincere thanks.

Respectfully submitted,

MARY E. ORMSBEE, R. N.
School Nurse

REPORT OF SUPERVISOR OF MUSIC

To the Superintendent of Schools:

It has been a great pleasure for me to carry on the work as elementary music supervisor in the schools of Boscawen.

With the cooperation of the teachers who carry on the work during the week, we are trying to stress the importance of the reading of music in addition to whatever theory is necessary. The reading program is begun in grade 2 and singing in parts, in grades 4 and 5.

It is with regret that I must report that our Christmas program had to be cancelled because of stormy weather, but a Spring program to be given by all of the grades is among the long range plans.

The study of the symphonette, a type of song flute, has been started in one grade. The children have shown a great deal of enthusiasm in this musical activity and it is to be hoped that ground work will be laid for later study with orchestral instruments.

Records from the State Library have been used to help stimulate interest in some of the classics studied in grades 7 and 8. In some cases the classes have used these records as "orchestral accompaniments" for their choruses.

I wish to thank Mr. Hounsell and all the teachers who have helped by their cooperation to make my year here a very happy one.

Respectfully submitted,

ELLEN M. GRAU,
Supervisor of Music

REPORT OF BAND SUPERVISOR

To the Superintendent of schools of Boscawen:

The reasons for music in our schools is many fold. Namely music serves as a safety valve to let off steam. It gives our young people a chance to participate in public appearances giving them self assurance and confidence. It helps develop a sense of team work, tonal balance to rhythmic sense. In these times of hustle and bustle it helps to equalize the tremendous schedule thrust upon our young people. One of the many pleasant experiences I have weekly is going into either the Main Street school or the Plains school and hearing our young people perform either vocally or instrumentally. It is at these times that I realize the importance of Music in our schools.

With the utmost respect and the realization that there is a limit physically and financially I should like to suggest the following:

1. A telephone be installed at the Plains school.
2. A systematic instrument demonstration to given twice yearly, to arouse interest and to acquaint our young people with the various types of instruments.
3. To stimulate within our young people the desire for want of music in its various forms by means of movies and participation.
4. To say "Thank you" to Mr. Wilson and all of the teachers under him for making my work a pleasure instead of a duty.

Respectfully submitted,

PAUL T. GILES

Supervisor of Band Music

REPORT OF THE BUILDING COMMITTEE

At the 1954 School Meeting, the following members were elected to serve with the School Board on a Building Committee :

Alan Richardson
Joseph Colby
Robert Keneval
William Wall
Edgar Broughton
James Holden
Roger Sanborn
Helenette Silver

At the first meeting of the committee, in April Mr. Colby was chosen to act as chairman, and Mrs. Silver as secretary. Six meetings were held throughout the year, and written records made of all transactions.

Sub-committees, appointed by the chairman, investigated various suggested sites, as well as the condition of the present buildings.

Consensus was that, while play space was less than desirable at the present Main Street site, it was the most suitable of the available locations. It was voted that the committee approve the present site.

The present housing situation, while less than could be wished was not yet desperate. The buildings seemed less inadequate than had been feared except for the lunch room. There was seating space for all. The investigating committee was inclined to support the belief that the Main Street building was something of a fire trap. This however was denied by the School Board, and they explained the system practiced at fire drills by which the building can be emptied very quickly. This sub-committee reported that a new school would undoubtedly be required in the near future.

Wherever a building program is to be undertaken, the State Board of Education urges a thorough survey of fu-

ture community needs, encompassing, not only schools, but all public requirement. This is accompanied by a study of probable population growth and industrial expansion.

Such a survey of Boscawen was suggested by Mr. Richardson, who also recommended that the report of findings be accompanied by a questionnaire sent to all voters, to determine opinion on the type of school desired, and the reasons why the previous plan had been favored or opposed. He believed the program of the committee should be governed by answers received.

Several members of the Committee concurred and considerable discussion followed. Mr. Hounsell was requested to express his views, and he believed that the past proposal was turned down because the voters simply did not want a new school. He felt that a survey would be without meaning, and of no use. No action was taken on the matter.

The school census was not available until late in the year, so that a dead line when a new building **MUST** be provided could not be determined. In the remaining time, it was not practical to present a new building plan, and impossible to present an adequate one.

It was therefore voted to ask the School Board to insert in the Warrant an article empowering the School Board to select a site suitable for a new school and to buy any necessary land, or land and buildings thereon, for a sum not to exceed \$8,000.

It was further voted that the School Board be requested to place a second article in the Warrant to erect a new school, and issue bonds for a sum not to exceed the legal limit.

It was also voted to request a third article to see what sum the district will raise and appropriate to add to the capital reserve fund.

HELENETTE SILVER,
Secretary.
