REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Chichester School Board and Citizens:

Herewith is submitted my ninth annual report as superintendent of schools.

TEACHERS

The following is a list of teachers for the present school year with present enrollments at each school.

Teachers	Schools	Present Enrollment
Lena E. Greene	Pine Ground	30
Marian C. Thompson	Center	28

PROMOTIONS

During the school year ending June 30, 1931, 56 pupils were promoted to the next higher grade and only one, or 1.8 per cent, failed of promotion. This rate of failure was well below the state average of 6.7 per cent.

The following five pupils received certificates of admission to high school in June: John Marden, James Mobbs, Melissa Perry, Edgar Riel, and Evelyn Sherburne.

Three of these five pupils are attending high school.

HIGH SCHOOL PUPILS

Twenty-one Chichester pupils are enrolled in high schools:

Concord H. S.: Madison Bailey, Barbara Beals, Ralph French, Eva Hutchinson, John Lindquist, Gertrude Marden, Phyllis Marden, Eva Marston, Gilbert Marston, Doris Mason, Robert Mason, Harry Mattice, James Mobbs, Frances Prentiss, Mary Runnells, Nellie Runnells, Madeline Sanborn, Margaret Sanborn, Evelyn Sherburne, and Alvin Towle.

Pittsfield H. S.; Percival Locke.

As four of these are seniors and there are five in the eighth grade at present, it is likely that about twenty will

be in high school next year for whose tuition about \$2000 will be needed.

ROLL OF HONOR

Two pupils were neither absent nor tardy during the school year ending June 30, 1931: Walter Dobson and Walter Sanborn.

MAJOR ACCOMPLISHMENTS SINCE THE LAST REPORT

1. Adoption of a modern system of reading for the first grade. The new system was tried out in the Pittsfield village schools last year with such highly satisfactory results that it was selected for adoption in all rural schools in the fall of 1931. The progress being made by these

little folks in comparison with that of former classes is very gratifying.

2. Adoption of new social science textbooks for the seventh grade to replace the old badly worn and out-of-date geographies. I believe these books are making the most valuable contribution to the proper development of future mature citizens of any books I have ever known to be used in any school.

3. Adoption of new fifth grade American history textbooks which meet the recommendations of the state program of studies. The vocabulary of these books is very carefully graded so that even the slower pupils can readily understand them. Pupils have continually commented on how interesting they are.

4. Introduction of a system of music instruction, both singing and appreciation. A set of music books incorporating the very latest ideas in rural school music was purchased together with parts of two sets of correlating phonograph records and a portable orthophonic Victrola. Next year the second parts of the two sets of records should be procured to make the sets complete. The children are greatly enjoying the new subject and are learning much that will make their lives more pleasant and beautiful.

CONCLUSION

With grateful appreciation of the cooperation I have received from the school board, teachers, pupils and other citizens this report is respectfully submitted.
