Evelyn Blakslee	Term Expires 1992

Supervisors of the Checklist

Pauline Streeter	Term Expires 1990
Floyd Stewart	Term Expires 1992
Emma McFarlin	Term Expires 1994

Planning Board

Leon Cloutier, <i>Chairman</i>	Term Expires 1990
David Dana	Term Expires 1990
Sandra Sharp	Term Expires 1990
Linda Cloutier, <i>Secretary</i>	Term Expires 1990
Agnes Mooney	Term Expires 1992
Victor St. Cyr	Term Expires 1992
Donald Mooney	Term Expires 1992
Donald Sharp, <i>Alternate</i>	Term Expires 1992

FLOYD STEWART

December 1918 – December 1989

Faithful Town Officer in the positions of Supervisor of the Checklist, Health Officer, Member of the Dalton Master Plan and Custodian of the Town Hall.

SELECTMEN'S REPORT

1989 has been a very active year for the Board of Selectmen. As of this date, all the Warrant Articles passed at the 1989 Town Meeting have been acted upon.

We continue to increase our revenues from the Current Use Tax and collected in excess of \$56,000 this past year. This is one area we are watching very closely.

The process of collecting Yield Taxes has been revamped and they are now being collected on time. We have also gone back four years on these taxes and are collecting those which were delinquent. Additionally, the Board hired Raymond Bartlett to do spot checking on different logging operations in the Town.

This coming year will see the beginning of voluntary recycling at the Transfer Station. Thanks to the Conservation Commission which is responsible for initiating this program. Please do your part to help make this program successful.

Our roads became a big problem this year. We had two major washout periods in 1989. The first one occurred right after Town Meeting affecting Blakslee, Simonds, and Union Roads. The expense to repair the severe damage was in excess of \$40,000.

The second major washout came on August 5th, when we had extensive damage on the Mountain Road. It took considerable time, materials, and equipment to put this road back into useable condition, costing in excess of \$20,000 to repair.

This past Fall the Highway Department experienced a truck accident with the 1986 truck. This accident occurred on the Mountain Road and involved not only this truck, but also two members of the highway department inside the vehicle. It is a miracle that no one was seriously hurt. Due to this accident, the 1986 truck was totalled by the insurance company. The Board had to replace this truck as soon as possible before Winter set-in. We made a down payment towards the purchase of a 1990 International Dump Truck, with a highway sander and plows, with the insurance settlement funds. An Article has been put into the Warrant to cover the balance of this vehicle and associated equipment.

The highway equipment has had major breakdowns either motors, transmissions or transfer cases this year. The grader had to have about \$6,000 in repairs and the front-end loader also had to have major repair work. After the loader bill reached \$6,000, we were told additional repair was needed and the cost would exceed \$16,000. At this point we halted further repair on the unit and decided to lease a new one until Town Meeting. We would then ask the Town if they wanted to continue with the lease of the new loader, with the option to buy, or to repair the old one. According to E.W. Sleeper Co., who was doing the repair on the old loader, it was in poor condition due to lack of maintenance.

Due to the major problems experienced this year in equipment failure, one truck accident, two unexpected excessive major road washouts, the highway budget was twice as much as expected. We are trying to rectify these problems by purchasing new equipment, doing better maintenance on the vehicles, and doing more preventive maintenance on the roads, such as ditching and replacing bad culverts.

A computer package with associated software was purchased this past Summer. The office personnel have been trained on how to use the computer for the different record keeping processes. As you have seen, the 1989 tax bills were done on our computer, and it is a more defined statement than those of previous years. The increased usage of our computer will make our office operations more efficient.

The revaluation of the Town was completed by the assessors in October of 1989, and the records were turned over to the Board. It was our responsibility, at that time, to see that information was given to the State so they could set our tax rate. The Board also made the decision to go into semi-annual tax billing, which will save the Town money on interest of tax anticipation notes.

The Bridge Hill sewer project went into operation of December 22, 1989, and except for some minor modifications, it is fully operational. At the present time, the amount of daily flow is about one third of what the design called for, which gives us room to expand usage in the future.

This past year has proven to be trying, eventful, and an expensive one for the Board to cope with. We have dealt with each major problem as a Board, and have sought outside advice when we felt it necessary. The Board wants to thank all the people who have helped us throughout this past year to make the Town of Dalton progressive, self-efficient, and a better place to live.

DALTON BOARD OF SELECTMEN
Leon Cloutier, Chairman
Dean Sweeney
Eugene Savage

DALTON TOWN WARRANT

You are hereby notified to meet at the Town Hall in said Dalton on Tuesday the 13th day of March next at 11 o'clock A.M. to act upon the following subjects. The polls will be open at 11 o'clock A.M. and will close at 7 o'clock P.M. The business meeting will be held at the Dalton Elementary School Gymnasium and will be open at 7:30 o'clock in the evening.

1. To choose all necessary officers for the year.
2. To see if the town will vote to authorize the selectmen to enter into a long term lease/purchase plan with the Citicorp North America Leasing Corp. for a front-end loader for the Highway Department, and to raise and appropriate the sum of Nineteen thousand two hundred (\$19,200) dollars for the current year lease payment. ($\frac{2}{3}$ ballot vote required)
3. If Article above does not pass, then to see if the town will vote to authorize the selectmen to raise and appropriate the sum of Ten thousand (\$10,000) dollars for the repair of the old front-end loader.
4. To see if the town will vote to raise and appropriate the sum of Twenty-four thousand five hundred (\$24,500) dollars for the purchase of a 1990 International Dump truck, highway sander, and plow. The amount of twenty-four thousand five hundred (\$24,500) dollars to be withdrawn from the Highway Department Heavy Equipment Capital Reserve Fund.
5. To see if the Town will vote to raise and appropriate the sum of Seven thousand five hundred (\$7,500.00) dollars to repair the 1986 Dump Truck.
6. If Article 5 does not pass, to see if the Town will vote to authorize the Board of Selectmen to sell the 1986 Dump Truck and put the proceeds in the General Fund.
7. To see if the Town will vote to change the position of Road Agent to an appointed position rather than elected. If Article is passed, it will take effect immediately following the 1991 Town Meeting.
8. To see if the Town will vote to raise and appropriate the sum of four thousand (\$4,000.00) dollars for the purpose of updating and refining the property maps, and constructing a set of Planning Maps. This is the last year of a three-year plan.
9. To see if the Town will vote to raise and appropriate the sum of Two thousand five hundred (\$2,500.00) dollars to replace the unsafe staircase and the surrounding walls, and floor at the base of the stairs.
10. To see if the Town will vote to raise and appropriate the sum of One Thousand five hundred fifty (\$1,550.00) dollars for six storm windows for the town building.
11. To see if the Town will vote to give the Selectmen the right to issue temporary loans in anticipation of taxes.
12. To see if the Town will vote to authorize the Selectmen to administer and dispose of any real estate acquired by Tax Collector's Deed, as the Selectmen in their discretion deem equitable and just (RSA 80:43 (Land III)). To be advertised.
13. To see if the Town will vote to authorize the Selectmen to apply for, accept and expend, without further action by the Town Meeting, money from the State, Federal or other government unit or a private source which becomes available during the fiscal year (RSA 31:95-b).
14. To see if the Town will vote to accept the Budget for 1990 as prepared by the selectmen and appropriate the amount therein or make any changes.

15. To see if the Town will sponsor a Minor League Baseball team and to raise and appropriate One thousand seven hundred (\$1,700.00) for the purchase of a pitching machine and uniforms. By petition.

16. To see if the town will vote to raise and appropriate the sum of Two hundred seventy-four (\$274.00) dollars for the support of the Lancaster District Court's Juvenile Diversion Program. By petition.

17. To see if the Town will vote to raise and appropriate the sum of Two hundred (\$200.00) dollars for the support and purchase of additional fencing and housing for the Defenders of Animals, Lancaster Humane Society and Wildlife Rehabilitation Center. By petition.

18. To see if the Town will sponsor the 1990 Annual Field Days, and to appropriate Three hundred (\$300.00) dollars towards expenses.

19. To see if the Town will vote to raise and appropriate the sum of ten thousand dollars (\$10,000) to be added to the Highway Department Heavy Equipment Capital Reserve Fund.

20. To see if the Town will vote to raise and appropriate one thousand five hundred dollars (\$1,500.00) for the Fire Department Vehicle Capital Reserve Fund.

21. To see if the Town will appropriate the sum of two thousand nine hundred sixteen dollars and twenty cents (\$2,916.20) to fund the cost of four two-way radios and two portables, installed in town equipment for safety purposes. By petition.

22. To see if the Town will vote to raise and appropriate one thousand three hundred nine dollars and 98 cents (\$1,309.98) for Dalton's apportionment for the proposed Mount Eustis Landfill located in Littleton to be used by the 11 town solid waste district. The Upper Grafton/Lancaster Area Solid Waste District strongly recommends this appropriation as the best long term solid waste management plan.

23. To see if the Town will vote to raise and appropriate Seven Thousand (\$7,000.00) dollars for a town audit for the years 1988 and 1989.

24. Shall we adopt the provisions of RSA 72:28, V & VI for an optional veterans' exemption and an expanded qualifying war service for veterans seeking the exemption? The optional veterans' exemption is \$100, rather than \$50.

25. Shall we adopt the provisions of RSA 72:35, IV for an optional property tax exemption on residential property for a service-connected total disability? The optional disability exemption is \$1,400, rather than \$700.

26. Shall we adopt the provisions of RSA 72:43-e for the adjusted exemption for 65 years of age on or before April 1st with income limit of \$10,000 if single, \$12,000 if married, with assets not in excess of \$30,000 excluding the value of any residential real estate.

27. To see if the Town will vote to sell the 1968 International 190 Fire Truck, cab and chassis and have the proceeds of the sale of that truck go into the General Fund.

28. To see if the Town will vote to sell the 1956 International All Wheel Drive Pumper 500 gpm pump, 500 water tank and 400 foot booster hose and have the proceeds of the sale of that truck to go into the General Fund.

29. To see if the Town will vote to accept RSA 149-I:6 Bylaws and Ordinances. In municipalities where the sewage is pumped or treated, the mayor and aldermen may adopt such ordinances and bylaws relating to the system, pumping station, treatment plant or other appurtenant structure as are required for proper maintenance and operation. Such ordinances and bylaws shall not be more stringent than applicable federal or state standards, regulations, or statutes.

30. To see if the Town will vote to raise and appropriate One thousand five hundred (\$1,500.00) to be placed into the Dalton Conservation Fund.
31. To transact any other business that may legally come before the meeting.

In order to continue to meet the Standards for public libraries in the Statewide Library Development System, the cataloging of materials owned by the library must be completed. This task is being done on a volunteer basis when time is available.

The year 1989 brought many changes for the Dalton Public Library. Shirley Adamovich, Commissioner of Libraries, the Arts, and Historical Resources, visited our library for the first time. The New Hampshire State Library in cooperation with the School for Lifelong Learning, donated a Digital Rainbow Computer to our library. The North Country Library Cooperative, which consists of sixteen area libraries, were donated over 200 VHS videos from the MacArthur Foundation. These videos are split up among the area libraries and are on a rotating schedule exchanging every two months. Stop by the library if you wish to check these videos out.

The Children's Summer reading program "Clown Around" was very successful with eight children participating. There was a party at the end of August with games and prizes. Many thanks are extended to Tony and Rose Poekert for once again funding this year's program. If your child would be interested in participating in this year's summer reading program, stop by the library for details, it's a great way to keep those reading skills active all summer.

The Dalton Elementary School children come to the library on a regular basis for story time.

The Friends of the Library Group is actively trying to raise money to purchase items for the library not available through the library budget. This year a desk was purchased for the computer. If anyone is interested in joining the Friends Group, stop by the library during library hours or contact Nancy McVetty at 837-2028 for further information. It is a great way to meet people and to help raise money for your library.

Again, we wish to thank all of our patrons for their donated books, magazines, gifts and time to the library. We especially want to thank Tellalore Storytellers for performing for us through a grant from Lafayette Arts Council. We are open ten hours a week; Monday 2-5; Wednesday; 2-5; and 6:30-8:30; and Saturday 10-noon.

Respectfully submitted,
DORIS MITTON, Librarian

Library Trustees:

Jean Abbott – 1990

Anthony Poekert – 1991

Evelyn Blakslee – 1992

REPORT OF THE DALTON PLANNING BOARD

For the first nine months of 1989 the Board was very busy with many subdivisions. And for the rest of the year the Board had its first major break from subdivision reviews in about six years. We reviewed and approved a total of 15 subdivisions for 1989, a decrease of seven from last year. The total acreage involved was 526.57, also down by 204 acres from 1988. The number of lots created was 75, a decrease of 22 from 1988. The Board also had 4 Boundary Line Adjustments.

The Master Plan Committee completed the Master Plan this year and it was presented to the Board for our acceptance. The Board accepted the Master Plan as a guideline for future town planning on September 12, 1989. The Master Plan Committee has done an excellent job and we want to thank them for their time and effort in producing the Master Plan.

This past Fall the Board decided to have weekly work sessions to update our regulations and to delve into the Master Plan. This enabled the Board to adopt additional regulations and recommendations from the Master Plan to our present regulations.

The Planning Board is a volunteer Board, and I personally want to thank them for doing an excellent job throughout the past year.

LEON A. CLOUTIER
Chairman, Dalton Planning Board

1989 ANNUAL REPORT OF THE DALTON CONSERVATION COMMISSION

The Dalton Conservation Commission has had a busy year. We wish to thank all those who gave us their time and effort in supporting the various projects we have undertaken this past year.

The Conservation Commission has continued to review all wetland applications and we have been fortunate to receive direct help and training on this issue from the State Wetlands Board.

The Conservation Commission has begun the process of establishing a Connecticut River Valley Management Policy, and in conjunction with this effort we have been working with the Georgia-Pacific Corporation in their application for renewal of their hydro permit (the Gilman Dam). This permit process involved much negotiation with G.P. and the engineers to resolve the question of boat access to the river. The conservation commission has initiated action to obtain a speed limit on that portion of the river that is located between the Gilman Dam and the Railroad Bridge.

The Conservation Commission has started the paperwork process to establish a nature trail from the Gilman Bridge South along the river. A special thanks to the construction crews for the Bridge Hill Sewer Project for the help they gave us to get this project started. They assisted in this project while we were also looking over their shoulders during the river crossing and other construction work.

The Conservation Commission is looking to establish a Heritage Trail Committee to oversee the layout, construction, and maintenance of that portion of the Heritage Trail that will pass through Dalton. This trail is a state project that will go from the Massachusetts border to the Canadian border. Any and all volunteers are welcome.

The Conservation Commission has started the recycling efforts at the Dalton transfer station. We built a shed to house the materials, and received a 50% grant for this project. Some recyclable items still cost money to dispose of (mostly because of transportation costs) but as long as we can dispose of these items for less money than it is costing us in tipping fees at the landfill, then it makes sense to recycle them.

The Conservation Commission is always looking for a few good people to assist in the work of the commission. We meet the first Monday after the first Tuesday at 7:30 PM downstairs in the Dalton Town Hall. All members of the public are urged to attend any of our meetings.

People power is the main ingredient that we, like all such organizations, are looking for.

Respectfully Submitted
JOHN YORK, Chairman, 1990

DALTON FIRE DEPARTMENT

Annual Report for Year Ending December 31, 1989

In 1989 the Dalton Fire Department purchased a support van from Conway, New Hampshire Fire Department. A 1975 International four-wheel drive with only 12,000 miles on speedometer. Price \$5,000.

A new hot water heating system was installed in the Fire Station.

The radio system is now completed and we are not toned-out of Lancaster State Highway Department.

We were unable to install men's and women's restrooms, radio room and chief's office because there is no money available to complete the project.

At this time the Dalton Firemen want to thank the Firemen's Auxiliary for their help in providing food and drink for the search and rescue of Lester Johnson and the donation of a 2100-gallon Porta Tank which took a lot of dollars.

I want to thank the Board of Selectmen, the Police Department and the citizens of Dalton for their support.

A special thanks to the Chief of Gilman and all of his personnel for the number of times they came over to help us and cover our station.

A total of 37 calls were received and responded to.

**REPORT OF TOWN FOREST FIRE WARDEN
AND
STATE FOREST RANGER**

During calendar year 1989, the State of New Hampshire experienced an average number of wildfires. The three leading causes of these wildfires were fires kindled without a fire permit from the Forest Fire Warden, children, and debris burning fires that escaped control. All these causes are preventable, but only with your help.

Please help your town and state forest fire officials with forest fire prevention. By New Hampshire State Law (RSA 224:27b), "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or caused to be burned any material, except when the ground is covered with snow, *without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done.*"

Violations of RSA 224:27 and the other burning laws of the state are misdemeanors punishable by fines up to \$1,000 and/or a year in jail, and you are also liable for paying all fire suppression cost.

The State of New Hampshire Division of Forests and Lands assisted many towns in the wildland fire suppression during 1989, including several large fires in Alton, Allenstown, Concord, and Chesterfield areas, as well as the 100-acre fire on Mt. Belknap in Gilford.

In order to eliminate false alarms, it is advisable to notify your local fire department whenever you intend to do any outdoor burning.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden, Forest Ranger, or the Division of Forests and Lands at 271-2217.

Forest Fire Statistics – 1989

	State	District	Town
Number of Fires	550	18	1
Acres Burned	554	46	0.1

NORTH COUNTRY COUNCIL, INC.

Annual Report

The year 1989 marked the North Country Council's seventeenth year of successful operation. As chartered under NH RSA 36:45, the Council provides non-profit local and regional planning assistance to member municipalities. In addition to general planning services, the Council offers its constituents specialty services in cultural resource conservation, economic development, housing, natural resource management, solid waste management and transportation. The four standing Council committees – Economic Development, Housing, Land Use, and Transportation – actively direct the Council's policies in these areas.

In Dalton, the Council met with the Board of Selectmen several times to discuss the sewer project and to provide technical assistance. The Council continued to administer the Community Development Block Grant program, which provided partial funding for the Bridge Hill Sewer Project. Construction of the new sewer line, pump station and service laterals began in late summer with construction being completed before year's end. The Council also met with the town officials to discuss CDBG housing programs and the development of a regional animal control program. In addition, the Council advised the Planning Board on the method of adopting the Master Plan and the process for subdivision amendments.

The Council also coordinated the solid waste planning efforts of the Upper Grafton-Lancaster Area Solid Waste District. Services provided include negotiating and managing the district contract with Wehran Engineering, organizing district meetings, developing the RSA 53-B District Agreement, and organizing the district's subcontractors. The Council also provided individual communities with technical assistance on recycling options.

Community planning challenges dominated the Council's 1989 agenda. Changing state mandates and furthered residential and commercial growth busied local planning and zoning boards throughout the year. The Council assisted these boards in preparing for the challenges through regional workshops, technical bulletins and newsletters and as-needed assistance on technical and specific issues. The Council co-sponsored the popular Municipal Law Lecture Series which addressed new case law, grandfathering and the revised excavation statute. The Council also assisted numerous towns in revising zoning ordinances, subdivision regulations and site plan review regulations, thereby updating these regulations to better meet and manage the new challenges.

The Council's 1989 work program continued to promote community development projects, as well. Managing close to two million dollars in Community Development Block Grant monies, the Council administers programs in ten North Country communities. Many are housing improvement programs, yet others support sewer projects, day care development, and municipal water supply projects.

In summary, it is important to understand that the Council is organized to provide these valuable services for the benefit of our local town governments. The Council's continued success in meeting the ever-changing demands of the North Country is dependent upon the active participation of our members. We rely upon and enjoy your involvement as town officials and concerned citizens, and look forward to assisting you in this coming year.

SUMMARY OF U.G.L.A. ACTIVITY IN 1989

The Upper Grafton Lancaster Solid Waste District (UGLA) worked diligently throughout 1989. The North Country Council supplied planning and technical assistance to the District throughout the year. The District entered the second phase of the engineering at the proposed Mount Eustis Landfill Site and developed a work scope with the assistance of Wehran Engineering and the Department of Environmental Services. After Ray Lobdell and Associates flagged the wetlands at the site, the proposed location of the landfill shifted to minimize the impact to wetlands. The site presently being considered contains less than .7 acres of wetlands. The site was also surveyed by Kellogg Surveying and Mapping, Inc.

The District installed ten additional wells at the site and a monthly well level determination program was developed. The hydrogeological report was completed and submitted to the New Hampshire Department of Environmental Services in January, 1990 and the engineering of the landfill will begin during the state review of this hydrogeological information. The District expects to have permits by December, 1990. In addition, the District worked to develop an RSA 53-B Solid Waste District Agreement.

BRIDGE HILL SEWER PROJECT REPORT

Construction of the new Sewer Collection System and Associated Dumping Station in Dalton (Contract #1) and the Stormwater Separation System upgrading in Gilman, Vermont (Contract #2) proceeded as follows:

1. Award Contracts;
 - A. Contract #1 – July 27, 1989
To: J. A. McDonald, Inc.
For: \$473,175.00
 - B. Contract #2 – July 27, 1989
To: J. Parker & Daughters Construction Inc.
For: \$122,573.06
2. Construction Start: Dalton – August 9, 1989
Gilman – September 18, 1989
3. Substantial Completion: Dalton – December 22, 1989
Gilman – November 17, 1989
4. Termination of discharges of untreated wastewater in the Connecticut River accomplished on December 22, 1989 with the activation of new pump station and force main system to the Gilman, Vermont Sewer & Treatment Facility.
5. All current 23 users on Bridge Hill Road (13) and Route 135 (10) were tied into the collection system by October 9, 1989.
6. Initial Sewerage average daily flows are metered at approximately 3000 gallons per day, (30% of design capacity) with allowance for future growth.

DALTON FIELD DAYS REPORT

The Dalton Field Days Committee would like to extend a heart-felt THANK YOU to all those who helped with the various activities last year. We have named a few in this report, but we readily acknowledge the long list of those that are not mentioned by name. We are sure that any list we make will leave someone out, so we have not included a list.

The Town of Dalton was our official sponsor and supported us with \$250. This sponsorship also provides us with insurance coverage at no additional cost through the Town's general liability policy.

We established a separate bank account to allow us to become independent from the fluctuating funds of both the Fire Department and the Fire Department Auxiliary. The establishment of this account forced us to set a rigid budget and therefore succeed or fail financially entirely on our own. The funds from the Town, combined with a one-time gift from the Fire Department Auxiliary of \$750, provided us with our initial start-up funds.

This fund was used for advertising, prizes, and to pay our entertainment expenses.

Income from concessions, the dance, radio sponsors, and the various participating organizations (as a percentage of profits) was used to replenish this fund for use this year.

Thanks to the 4-H for running the pet show, and special thanks to the "No Name Band" for the donation of their services at our Saturday night party. Contemplated additions for this year are:

1. Increased advertising;
2. Covering the Entertainment with a large tent;
3. Adding our own smaller version of Franconia's "Hayseed Festival" to Saturday afternoon.
4. Adding to the activities for the younger set.

The Field Days Committee has been meeting at the Town Hall and all our meetings are public meetings. We urge anyone with an interest, and/or an idea to share, to please attend or at least contact any one of the committee members. We need your input to keep us going in the right direction, and your help to keep us going. (We need some more committee members, too.)

A continued "controlled" growth of this affair is the main concern of the committee. We want to be sure this affair does not become too big or grow so fast it can't be controlled. This is the DALTON Field Days, and Dalton is a small, friendly town. The Dalton Field Days will continue to be a family event.
