## STATE OF NEW HAMPSHIRE

---

To the Inhabitants of the Town of Derry qualified to vote in Town Affairs :

You are hereby instructed to meet at the Veterans' Memorial Building, in said Town, on the second Tuesday of March next, at ten o'clock in the forenoon, to act upon the following subjects :

By vote of the Selectmen, the polls for this meeting will remain open from ten o'clock in the forenoon until six o'clock in the afternoon, and as much longer thereafter as the Town, at the opening of the meeting, may vote.

1. To elect a Selectman for three years, Town Clerk, Treasurer, Collector of Taxes, Library Trustees, Trustees of the Trust Funds, Cemetery Trustee, Auditors and other necessary town officials for the year ensuing.

2. To vote to raise and appropriate such sums of money as may be necessary for the maintenance of the poor, for laying out and repairing highways, for building and repairing bridges, for the suppression of moths, for the police department and municipal court, for hydrant service and electric lights, for salaries of Town officials, for the Board of Health, for the expense of the Town Halls, for the support of libraries, for State and County taxes, for the observance of Memorial Day, for aid to the Derry Visiting Nurse Association, for playground purposes and band concerts, for co-operating with the State and Federal governments in control of insect pests and white pine blister and for all other necessary charges arising in said Town, and pass any vote relating thereto.

3. To see if the Town will authorize the Board of Selectmen to sell and convey any real estate acquired through deeds from the Collector of Taxes or as a reimbursement for assistance furnished to citizens, and pass any vote relating thereto.

4. To see if the Town will authorize its Selectmen to incur debts for temporary loans in anticipation of the taxes of the municipal year

in which such debts are incurred and made payable therefrom by such vote, and pass any vote relating thereto.

5. To see if the Town will direct the Collector of Taxes to allow a discount to all persons paying their taxes within such period as the town shall limit, to fix the rate of such discount, and pass any vote relating thereto.

6. To see if the Town will vote to raise and appropriate a sum not exceeding \$593.00 (1/100th of one percent of the Town's valuation based on the 1948 assessment) to the Merrimack Valley Region Association for the purpose of publicizing and promoting the natural advantages and resources of the Town in co-operation with the 37 other communities in this region.

7. By petition, to see if the Town will appropriate the sum of \$2,000.00 for the purpose of grading, draining and applying a hard surface to West Everett Street and to that part of Union Street not now improved.

8. By petition, to see if the Town will vote to raise and appropriate the sum of \$700.00, or any part thereof, for the purpose of repairing and tarring the portion of Beacon Street which has not already been improved, and to locate a street light upon said street, and pass any vote relating thereto.

9. By petition, to see if the Town will vote to improve the streets in Derry known as Jefferson Street Extension and Cedar Street Extension by tarring the same where not now tarred, to raise and appropriate a sum of money for that purpose, and pass any vote relating thereto.

10. By petition, to see if the Town will vote to raise and appropriate the sum not exceeding \$1,800.00 for the purpose of tarring Tsienetto Road leading from the Chester Road to the Turnpike, and pass any vote relating thereto.

11. By petition, to see if the Town will vote to raise and appropriate a sum of money not exceeding \$3,760.00 for the purpose of tarring the Tyrrell's Corner Road, so-called, extending from the

Rockingham Road to the Turnpike, and pass any vote relating thereto.

12. By petition, to see if the Town will vote to improve the road situated in East Derry known as Cemetery Road, leading from the Town Pump in East Derry Southerly to the Island Pond Road, so-called, by tarring the same.

13. By petition, to see if the Town will vote to repair and reopen the Thornton Street bridge at Derry Village and appropriate the sum of \$2,400.00 as the Town's share of the cost.

14. By petition, to see if the Town will vote to adopt the Town Manager Plan as provided by Chapter 55 of the Revised Laws as amended.

15. By petition, to see if the Town will raise and appropriate the sum of \$15,000.00 to purchase one used one-half yard unit shovel, one low bed trailer to haul shovel with, one eight-ton new truck with dump body, make to be chosen by best trade-in allowance on old truck, road agent, chairman of Selectmen to examine, choose and pass upon selection of above shovel, trailer and truck, all to be fully equipped if possible.

16. By petition, to see if the Town will vote to grade, gravel and tar Lincoln Street from Crystal Avenue to Franklin Street.

17. To see if the Town will vote to raise and appropriate the sum of \$1,132.99 to match a State appropriation of \$4,531.94 for the purpose of construction and reconstruction of Class 5 Highways, and pass any vote relating thereto.

18. To see if the Town will authorize the Selectmen to install parking meters on the streets of the business section of the Town, to establish reasonable charges for parking to be paid through such meters, and pass any vote relating thereto.

19. To hear the reports of Agents, Auditors and Committees heretofore chosen, and pass any vote relating thereto.

20. To appoint any necessary committee on any article embraced in this warrant.

21. To transact any other business that may lawfully come before such meeting.

Given under our hands and seal of the Town of Derry this 21st day of February A. D. 1949.

William B. Cushing  
James F. Hodgdon  
Oliver H. Hepworth  
Selectmen of the Town of  
Derry, N. H.

#### REPORT OF THE FOREST FIRE WARDEN

Your local organization to prevent and extinguish brush and woods fires is glad to report a good year of forest protection in 1948. In spite of danger conditions nearly equalling at times those of 1947 when great losses were suffered in New Hampshire and New England, fire damage and loss this year have been gratifyingly low.

With the continuing cooperation of all the people, we can hope to have another successful year in 1949. Let us remember that in any year, over 90% of all fires are caused by carelessness and that all of these mancaused fires are preventable.

Today, we have more slash and uncut grassland than for many years in the past. Smokers, campers and tourists who use our outdoors are also more numerous than ever before. We must therefore be ready for fires which might occur but, above all, prevention by everyone is the greatest need.

A few simple precautions taken by every citizen will help, as follows:

- (1) Always get a written permit from the warden before kindling a fire outdoors when the ground is not covered with snow.
- (2) If you smoke, always extinguish matches and tobacco before dropping or throwing them down. In automobiles, always use the ash trays.

(3) Report fires and smokes to the warden without delay.

The observance of these and other simple rules will go far to insure safety from fire damage and your cooperation in this way is earnestly solicited.

### 1948 FIRE RECORD

Number of Fires 3

Acreage Burned 3 1-2

Number of Fire Permits Issued

Respectfully submitted,

Lester P. Young, Forest Fire Warden

Merton A. Webber, District Fire Chief

### DERRY PUBLIC LIBRARY REPORT OF THE TRUSTEES

The special appropriation voted last year has been expended in improving the lighting facilities in accord with the plan of modernizing the library over a three year period.

The librarian assisted by Mrs. Christine Butman and Mrs. Ruth Johnson are endeavoring to meet the demands of the reading public. Courteous and efficient service in the areas of reading for enjoyment, reading for information, and research are evidenced at all times. The staff are constantly rendering services to library patrons beyond strict requirements and creating a pleasant quiet atmosphere for the public.

The trend in library service is to provide service in wider areas including music and art. Any extension of such service will be limited until such time as the physical plant has been modernized in accord

with the planned program. Such services as have been rendered in these areas due to the cooperation of individuals who have donated and loaned equipment. The trustees wish to acknowledge with thanks the several donations and loans which have made such service possible in the field of music and dramatizations of well known stories.

It is the hope of the staff and board that the services of your library now meet your needs and that they can be expanded to meet future needs as they develop.

Everton H. Parkinson, 1949

Alma Pieroni, 1950

Harriet Low, 1951

William Locke, 1952

Lena Low, 1953

### DERRY PUBLIC LIBRARY

To the Trustees of the Derry Public Library:

The 44th annual report is herewith presented:

Circulation is still on the upward trend, both in general circulation and the school boxes.

Again on May 1st we began the re-registration of our patron's cards. Borrowers cards are dated and renewed as of the card date. This keeps our files alive and active. Cards are issued for a 3 year period.

The new fluorescent lights that have been installed in the children's room and reference department make a great improvement in the working condition of the library. All patrons have voiced their approval of the change. The question is asked constantly "when will the rest of the lights be installed?"

This year's book purchasing was far below that of last year. Then we were able to buy many low priced books for the very young readers while this year we bought for the higher grades. Book prices have advanced a great deal in the past 2 or 3 years. More money will be needed to keep up our library's high standard of reading. Our greatest need is still in the books for the first three grades, and our reference department. This year the book budget must include a few necessary reference books. The State Library has printed a list of essential reference tools needed by every library that is used by Junior High and High school. While we have a good reference department we are still in need of more up to-date material. The State Library list will be our guide in purchasing these books.

A few books have been bought and many more borrowed for the use by our teachers in the 20 week teacher's course of study conducted by Dr. Peters of Keene Teachers College. These books are on reserve for the teachers, later they will be available to the parents for studying and reading.

Last October a group of 350 books and pictures was arranged at the Oak street school for the Reading Workshop conducted by Dr. Lewis, from the State Board of Education. Tasha Tudor was the guest artist. Your librarian gave a brief talk on the material available to the teachers and students that may be found in the library. A few new children's books were also reviewed.

Book-Week was observed as usual. Many new books were arranged on the tables. The poster boards were made attractive with a display of Tasha Tudor's original drawings loaned to the library by the school department. Transcribed story hours were held for the elementary grades. Children came to the library by classes. The librarian visited each grade and gave a personal invitation to the students to visit the library during Book-Week.

During Christmas holidays the librarian visited the Derry Village and Floyd schools and entertained the children with transcribed Christmas stories and music. The other schools came to the library for their stories. The library was made attractive with flowering plants, bright posters and the attractive arrangement of Christmas books was displayed on the tables. A little Christmas scene depicting the story "Night before Christmas" attracted the attention and admiration of children and adults alike.

The reading room has been used for several meetings of the Extension Division of Home Service conducted by Miss Ruth Stimson.

The Derry Garden Club used the room for their fall meeting with a demonstration by Miss Stimson on Christmas decorations.

Our library had a display of books and posters at the Rockingham Fair.

Outstanding among the various exhibits for the year was the group of enlarged mounted photographs loaned by Orrin Hall of Norway, Maine. These pictures were subjects photographed, enlarged and printed by Mr. Hall.

Religious Book-Week, American Art Week and the Jubilee anniversary of nursing also came in for a share of attention from the public.

Sponsored by the library a very interesting talk on American Indians was given the Derry School children by Mr. Laurence Cros-

bee an outstanding authority on the subject of Exeter, N. H.

Your librarian was guest speaker at the P. T. A. and various church groups during the past year. Many books were shown and reviewed at some of these meetings.

Mrs. Ruth Johnson was appointed 2nd assistant and has proved a very fine addition to our working staff.

We wish to thank those who have contributed books and pictures to our library. Especial thanks is given to Mr. Harry Payne, brother of the late Mrs. Ethel Adams, for the fine group of books given to us from her personal library.

Thanks also to the newspapers for their publicity for the past year, and the Rockingham Fair committee for the free booth they so kindly gave us for our display.

#### TAYLOR LIBRARY

To the Trustees of Taylor Library the following report for the year ending December 1948 is respectfully submitted:

Once again Taylor Library has been saddened by the death of a valued Trustee, Mr. Harold Hamilton. Mr. Hamilton was chairman of the Board, a man of culture, a scientist, taking great interest in the affairs of the library. The library will miss his ever ready helpfulness and interest.

We hope the library has been successful in catering to the tastes and needs of its clientele.

This year we are particularly pleased to have the Adams School as a unit, for a regular patron, and we hope that thereby the reading interest of the school children will be stimulated.

Alan B. Shepard  
Paul Brickett

**SCHOOL WARRANT**  
**THE STATE OF NEW HAMPSHIRE**

To the Inhabitants of the school district in the Town of Derry, N. H., qualified to vote in district affairs :

You are hereby notified to meet at the Adams Memorial Hall in said district on the 12th day of March, 1949 at 2 o'clock in the afternoon to act upon the following :

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To hear the reports of agents, auditors, committees or officers chosen and pass any vote relating thereto.
6. To choose agents, auditors and committees in relation to any subject embraced in the warrant.
7. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of district officers, and for the payment of statutory obligations of the district and to authorize application against said appropriation of such sums as are estimated to be received from equalization fund together with other income ; the school board to certify to the selectmen the balance between estimated revenue and the appropriation which balance is to be raised by taxes by the town.
8. To see if the district will vote to adopt provision of Chapter 22 Laws of 1943 known as nonpartisan ballot system for its future elections and pass any vote relating thereto.
9. By petition, to see if the district will vote to raise and appropriate a sum not to exceed \$25,000 or any part thereof as a capital reserve fund for the construction of a new school, said funds to be placed in the custody of the trustees of trust funds and reserved for the construction of a new school in accordance with the Laws of 1943, Chapter 160 as amended by the Laws of 1945, Chapter 35 and Laws of 1947, Chapter 8.

10. To transact any other business that may legally come before said meeting.

Given under our hands at said Derry this 25th day of Feb., 1949.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Derry School Board :

I herewith submit my seventh annual report as superintendent of schools of Derry :

### Statistical Report

#### Enrollment

The total enrollment through January 31, 1949 was 759 as compared with 735 for the same period last year, 767 two years ago and 743 three years previous.

#### School Grade Table

The enrollment by school and grade for January 31, 1949 may be seen from the following table :

School	Grade								Total
	1	2	3	4	5	6	7	8	
Floyd	25	32	33	36	35	34			221
	26								
Oak St.	29	28	31				99	89	276
West Side	32	27	29	32	32	50			202
Adams	4	2	4	2	6	4			22
Totals	116	89	97	70	73	88	99	89	721

#### High School Enrollment

The number of Derry pupils who were in attendance in high school on January 31, 1949 may be divided as follows :

School	Grade				Total
	9	10	11	12	
Pinkerton Academy	69	59	58	51	237
Lowell Vocational				1	1
Totals	69	59	58	52	238

#### Statistics for the School Year Ending June 30, 1948

Total registration .....	738
Half days schools were in session .....	348
Average membership .....	697.897
Average attendance .....	638.496
Per cent of attendance .....	94.291
Pupils transported at district expense .....	118

On Thursday evening, June 17, 1948 ninety-two graduates of the eighth grade were awarded diplomas at the Adams Memorial Build-

ing. Appropriate exercises preceded the presentation of certificates. Citizenship awards by the Molly Reid Chapter D. A. R., were awarded to Hannah Rutter and Paul Pillsbury.

Those graduating were :

Frances Baker	Elaine Martin	Robert Harvey
Jane Barker	Martha Martin	Roberta Harvey
Marilyn Bentley	Margaret Mayhew	Mary Ann Pellerin
Leon Bertrand	Norman McInnis	Arlene Peterson
Judith Boles	Constance Mercure	Paul Pillsbury
Alice Bourassa	Joyce Monkley	Henry Poisson
Robert Bourassa	Ernest Nelson	Mildred Powers
Robert Boyle	Charlotte Noddin	Joanne Preston
Arnold Buckley	Lawrence Normandeau	Arlene Putney
Ruth Bunker	Alice Ordway	Lorraine Quimby
Louise Caldwell	Lucien Paquin, Jr.	Richard Quimby, Jr.
Mary Carey	Dorothy Parkinson	Robert Rand
Donald Chase	Freddy Patnaude	Lillian Ratay
Madeleine Chase	Donald Patterson	Betty Rogers
Doris Clark	Joseph Pelky	Ethel Rogers
Jean Clark	Geraldine Wight	Monique Rousseau
Irene Cooper	Elaine Cote	Hannah Rutter
Fred Havens, Jr.	Joanne Cournoyer	Paula Saunders
Margaret Hayes	Norman Cousins	Augustus Sheedy
Carolyn Hodgdon	Marvis Crabb	Phyllis Sheridan
Virginia Hutton	Clyde Davis	Marlene Smith
Lillians Ingalls	Merle Deragon	Richard Spaulding
Franklin Jodoin	Constance Devlin	Genevieve Stannard
Ernestine Kachavos	Joann Dougan	Barbara Stormont
Monica Keith	Dorothy Drown	Arthur Strong, Jr.
Stanley Laferriere	Alfred Gill Jr.	Donald Tingley
Roberta Lewis	Gerald Goodchild	Ann Tsetsilas
Angus MacIntyre	Lorraine Goyette	Paul VanScoten, Jr.
Robert Manning	Nancy Gray	Donald Vedeler
Edna Marcotte	Clarence Harris, Jr.	Eleanor Watt
Phillip Marcotte	Richard Hartop	

## TEACHERS UNDER APPOINTMENT

School	Name	Training	Salary
Oak St.			
Grades 7 & 8			
Shop			
Math	Pellerin, Jesse	University of N. H.	\$3100.00
Gen. Science	Dower, Raymond	University of N. H.	2700.00
& Phys. Ed.	Danforth, G. Arthur	St. Anselm's College	2200.00
History	Bernier, Eva	Bridgewater Teachers' College	2300.00
English	Nute, Charlotte	Wheaton	2200.00
Home Ec.	Hermisdorf, Mary	Keene Teachers' College	2200.00
Grade 3	Amatruda, Flora	University of Me.	2300.00

Grade 1	Kiernan, Agnes	Lowell Teachers' College	2100.00
East Derry			
Grades 1-6	Fickett, Doris	Plymouth Teachers' College	2200.00
Music	Fitton, Eunice	N. E. Conservatory of Music	2,200.00

### Janitors Salaries

Floyd	George Wells	\$1,875.00
Oak St.	William Black	1,800.00
West Side	Guy Chadwick	1,980.00
Adams	Aren Merizon	330.00

District's Share of Supervisory Union Salaries

Superintendent of Schools -----	\$1,556.03
Office Secretary -----	1,630.00
School Nurse -----	1,661.34
Music Supervisor -----	350.00

Education faces crucial if not critical problems in the immediate future. Housing and teacher supply affect the educational opportunity available to children. Both are contributors to the most crucial problem, educational finance.

The problem of housing is serious on a local, state and national level. Our primary concern is of course the local situation. The bulk of the children are housed in two wooden frame structures. There are at present sufficient number of pupil stations to meet our immediate (1949-50) needs. How satisfactorily and safety is questionable. The pressure of space however is not more than 2 years away. Increased numbers of entering pupils will demand in two years not only more elementary grade space but also more intermediate grade space. Additional space is a necessity. If safety, sanitation, health and educational services are considered (as they should be), the need is emphasized.

Teacher supply is another crucial problem. For the past several years the number of graduates from teacher training institutions of the state at elementary level has been in the ratio of one graduate for 5 - 6 vacancies. In addition the pressure exerted by an abnormally high birth rate is being felt in the lower grades. This means that an abnormal demand is creating even more of a shortage than would normally exist. Added to these two factors is the recognition that if teachers are to perform the educational services desired that the accepted (in the past) standard of class size must be revised downward. The philosophy of trying to meet individual needs precludes the possibility of teaching the large classes that have been standard in the past. Recommended class size is now a maximum of 25 at primary (Gr. 1, 2, 3) level and 30 in higher grades. We have been able to hold our enrollments to these standards at primary level fairly well. Our need is for smaller classes above this level. This would further complicate the teacher supply situation.

These two crucial problems lead directly to the third. Society is obligated to provide for the education of its children. The problem of providing the necessary financial support is recognized as having more than local significance. The constitutional provision that education is a function and responsibility of the state with all its implications means that universally the state with its resources is aiding the

community. The increased share of state money available to the local community enables the district to maintain its schools at as high a level as possible. In addition to the recognition by the state of its financial responsibility the Federal government is concerned with the problem. Aid at both levels is concerned with two phases of aid, general operations and school house construction. The broadened tax base available to the higher branches of government make it possible to alleviate in part the tax burden on real property. Aid received with a minimum of control at the local level still permits local autonomy. Current legislation aimed at producing aid is so written that local autonomy is preserved.

### Personnel

The district fortunately was able to retain the services of most of its teachers. Mrs. Buffington resigned to accept a position in another state, Mrs. Wiggins retired and Mrs. Lancaster resigned to be married.

Miss Pauline Dudley and Mrs. Wilson graduates of Keene and Lowell Teachers College respectively replaced Mrs. Wiggins and Mrs. Lancaster. Mrs. Virginia Jewell, a teacher of several years experience, replaced Mrs. Buffington. Mrs. Agnes Kiernan was engaged for the needed additional first grade. All positions were thus filled by trained elementary teachers.

Mrs. Helen Stott became principal of West Side. The schools were administered by teachers who had had previous experience in the administrative field.

The year was marked by the greatest movement for self improvement by teachers.

Keene Teachers College offered an extension course of three weeks duration at Salem. Mrs. George, French, Lupien and Miss Bernier attended this course. The regular summer session at Plymouth was attended by Mrs. Moore and Vedeler and Misses O'Mara, Fitton and Amatruda. Messrs. Dower and Danforth attended the summer session at Boston University and New Hampshire University respectively. In addition Messrs. Pellerin and Dower and Mrs. Vedeler attended Boston University, Saturdays, either during 1947-48 or 1948-49.

Through the cooperation of Keene Teachers College an extension course meeting once a week for 20 weeks was attended by Mrs. Lupien, Moore, French, George, Morin, Fickett and Kiernan and by

Misses Bernier, Amatruda and Fitton. This professional interest in self improvement cannot help but influence the educational program. It is one of the outstanding records of the state and is indeed a real tribute to the present staff.

The engaging of the Rinehart Functional Handwriting System for the entire school system produced a uniformity of handwriting instruction that has been lacking for several years. The stress of this program is of a dual nature legibility through proper letter formation and neatness. The concensus of opinion is that it has produced the desired result, greater legibility of pupil handwriting.

Reference materials, Jr. Britanica, were placed in the schools. The pupils were all supplied with a spelling text in an effort to improve the general level of spelling achievement. Additional texts were ordered in several different subject fields.

#### Physical Plant

The program of modernization of school plant and facilities indicated in last year's report was carried out. Two rooms at Floyd school were redecorated and modern lighting installed. The hot water heater was purchased and set up. Modern collapsible tables were installed in the home economics and hot lunch rooms. The science room was fitted out with a sink and demonstration table. New seats replaced the units in the science room and the new first grade was outfitted with modern units.

The wooden sill at West Side was rotted out and was replaced with a cement sill. An insulating tile ceiling with modern lighting was put in the lunch room and additional support to shore up the corridor was installed at Floyd.

In addition the normal program of cleaning and renovating was followed out at all schools. These projects insure health and wholesome surroundings and if continued will result in time in modern facilities being available to all.

#### Budget

The overall budget shows an increase of \$18,211.07. Two items account for \$14,650 of this total. The larger portion is for high school tuition. This item is increased \$11,000. The present legal responsibility of the district is \$158.74. Present estimates indicate that a 10% increase is probably a conservative estimate. This would indicate a tuition rate of \$175. Our present enrollment is such that allowing for some mortality that potentially we have some 260 prospective stu-

dents. This sum (\$45,500) is simply allowing for 260 students at \$175 per pupil. Teachers salaries account for \$3,650. This includes an allowance for an additional teacher to care for an additional grade in the primary area. One other item, repairs and replacements, is increased \$1,200. This item is to provide for necessary safety measures as indicated in a fire and safety engineers report, to proceed with the modernization of the class room lighting and to replace one room of obsolete seats at Junior High level. All other items that show increases are nominal increases that are counter balanced by decreases.

The matter of tax levy is in the same status that it was two years ago. The action of the legislature will determine the amount of state aid available to the district. This item determines the amount of district income to a large extent. This is true since tuition receipts will decrease and the dog tax may, in the future, if present legislation becomes law be retained by the selectmen. This makes it impossible to estimate income. Suggested methods of procedure will be available for consideration at the district meeting.

The program of physical and educational improvement has been due to the continued cooperation of parents, pupils and teachers. The school board has given of their time to further the program. The cooperation of all has made the program possible and the continued cooperation will make educational progress and physical improvements possible.

Respectfully submitted,  
Everton H. Parkinson  
Superintendent of Schools

SCHOOL WARRANT  
THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the Town of Derry Village, N. H., qualified to vote in district affairs:

You are hereby notified to meet at the Derry Village School House in said district on the 12th day of March, 1949 at 2 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To hear the reports of agents, auditors, committees or officers chosen and pass any vote relating thereto.
6. To choose agents, auditors and committees in relation to any subject embraced in the warrant.
7. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of district officers, and for the payment of statutory obligations of the district and to authorize application against said appropriation of such sums as are estimated to be received from equalization fund together with other income; the school board to certify to the selectmen the balance between estimated revenue and the appropriation which balance is to be raised by taxes by the town.
8. To transact any other business that may legally come before said meeting.

Given under our hands at Derry Village this 24th day of February 1949.

Number of pupils vaccinated		50
Vision	4	2
Teeth	21	11
Hearing	1	1
Audiometer tests given to 46 pupils		
Home visits	22	
School visits	63	

Lillian S. Mackintosh, R. N.

## REPORT OF SUPERINTENDENT OF SCHOOLS

To the Derry Village School Board :

I herewith submit my seventh annual report as superintendent of schools in Derry Village :

### Statistical Reports

#### Enrollment

The total enrollment for grades one through six for the period ending January 31, 1949 was 58 as compared to 59 for the same date last year and 57 two years ago.

The enrollment by grades for January 31, 1949 may be seen from the following table :

School	Grade						Total
	1	2	3	4	5	6	
Village	13	8	8	9	11	9	58

On January 31, 1949 there were 9 pupils enrolled in the seventh grade of the Derry Junior High School and 7 in the eighth grade.

The number of Derry Village pupils who were in high school on January 31, 1949 follows :

School	Grade				Total
	9	10	11	12	
Pinkerton Academy	2	3	6	1	12

#### Statistics for the School Year Ending June 20, 1948

Total registration	59
Half days schools were in session	348

Average membership	52.522
Average attendance	48.824
Per cent of attendance	92.953
Pupils transported at district expense	14

The enrollments of the school show a definite relationship to the state and national trend. There has been and will continue to be an increase in the size of elementary enrollment. The effect on high school enrollments will not be felt appreciably for several years. The problem of providing adequately for the influx of pupils is manifest in several areas.

The problem of teacher supply will be effected in two ways. The increased educational demands have resulted in a definite trend to decrease class size. This means that modern educational standards would require a greater number of teachers for the normal enrollments. If, in addition, the enrollments increase, the problem of teacher supply becomes even more serious. In the situation in the Village school the problem can effect us in two ways. Competition for the services of successful competent teachers will result in higher salary demands. Secondly increased enrollments if continued may necessitate reorganization of the grade system in effect so as to house adequately the pupils enrolled.

The mobility of American population, so well demonstrated during the war period, introduces a factor that may effect any district. It may mean increased or decreased enrollments which are unpredictable. Because of this remarkable mobility of the American people the future of American educational organization must be geared to meet demands that may be made on it that can not be foreseen. The planning for the future means having available educational resources that can be drawn on almost over night to meet unanticipated demands.

Educational philosophy recognizes that our obligation is to meet the needs of each individual pupil and to provide for the individual differences existing. The needs of pupils are no longer confined to the intellectual area. The physical, social and aesthetic development are part of the school approach to meeting the individual needs. The knowledge of child growth and development recognizes that these areas develop together and all need to be fostered in the school. The necessity for professionally trained teachers who lead pupils to a fuller development is self evident.

## Personnel

The district continues to retain the services of fine teachers who conscientiously strive to provide an excellent situation as it concerns the educational progress of the children of the district. Mrs. Follansbee and Mrs. Raudonis both are experienced teachers who concern themselves with the well being of pupils in all areas of child development. The district is indeed fortunate to retain the services of such fine teachers.

In an effort to provide pupils with an atmosphere of pleasant, sanitary, safe and healthful surroundings the plan of improvement of physical plant over a term of 3 or 4 years is progressing.

The first year of the program was to improve class room lighting and decoration. The second year of the program the halls were remodeled to provide a room where the pupils could rest if they became ill. This room is used by the nurse and as a teachers room. As part of the same project an emergency exit was made in the rear of the building. Toilets were redecorated and sanitation improved in the boys toilet. Additional lavatories were provided. The area was redecorated and relighted. In addition germicidal units were installed in the class rooms. The blackboards were painted to complete the lighting and redecorating plan. The plant (class room area) is now one of the more modern plants in the area. The seating arrangement needs some thought and when the seating can be undertaken along with some consideration to the floor covering the classrooms will be completely modernized.

The basement area which is hardly ever used for several reasons offers with a comparatively small outlay opportunity for development that will make it a school and community asset. Lighting and decorating after partitions are erected will make this area available for play space, a projection and music room, and a small community meeting room. The plan of using voluntary labor and doing the major portion of the work will make it possible to effect this proposed improvement at a low cost. Preliminary plans have been initiated to get the work done in this manner and it is hoped that the work will be completed so that the area will be available by another school year.

## Instruction

The introduction of penmanship instruction on a planned basis is perhaps the biggest single change in the instructional area. The general improvement in the quality of penmanship and neatness of

work has made this innovation worth while. The comments of both parents and teachers have testified that this single development in the instructional field has been justified.

Basal text books and reference materials have been added to the class room libraries. The availability of large amounts of reference materials improves the learning - teaching situation. Visual aids, charts, maps and globes are a need that will be met in the near future. The purchase of projection equipment will improve our audio visual program. The record player has been used more frequently as a teaching device since several albums of a record library were purchased as the beginning of the record library of the school. The use of these (audio visual) aids is recognized as one of the most effective teaching devices and the increased use of them will lead to more effective learning.

The teachers are both endeavoring to improve themselves by attending an extension course offered through the cooperation of Keene Teachers College. The knowledge of child growth and development is of comparatively recent origin. The knowledge of the physical, social, and mental characteristics of children of any given age is an aid to a teacher in meeting the problems of the class room. The course is based on the work of the pioneer in the field, Dr. Arnold Gesell and on the work of Dr. Jerseld in the adjustment of the curriculum to meet the known characteristics and needs of children of a given age. Dr. Ann Peters, the instructor, has brought many helpful suggestions to the teachers. This type of work will tend to improve the instruction in all areas and teachers are to be commended for such interest.

The purchase by the supervisory union of the Massachusetts Vision Test has enabled the school nurse to check vision more accurately. The fact that we now have available both the group audiometer and the Massachusetts Vision Test makes it possible for the nurse to check these important senses as accurately as is possible by any one except professional specialist. It enables the school to help parents in detecting weaknesses of sight and hearing and to help the child who needs it make the necessary adjustments.

#### Budget

The overall budetary increase is \$1,676.76. The tax levy is impossible to determine. The legislature is in session and the appropriation made by it for state aid will definitely determine the amount of income and then the levy can be determined. Assuming that we re-

ceive the same amount as in the last biennium the levy will be increased \$1,825.36. The fact that the increase in levy is greater than the increase in estimate is due to the decrease in income.

There has been an increase in educational costs in the past five years. High School tuition, based on the state average cost of high school instructional, reveals the trend of all educational costs. The average high school tuition rate (based on instructional costs only) was \$107 for 1943-44. The estimated rate for 1949-50 based on state figures is a minimum of \$170. Elementary costs has increased even more. The primary reason for the greater advance in elementary cost is a growing realization that elementary teachers are as vital to the educational progress of children as are teachers in the secondary field. With the general adoption of a "single" salary schedule the salaries of elementary teachers have advanced more than in the secondary area.

It has also meant an increase in elementary tuition rates. These three items teachers salaries, high and elementary tuition all have been effected by the general and necessary increase in teacher salaries. They account for the greatest portion of increased educational costs.

The program of modernization is nearly completed. It will not require the appropriations in the future that have been true in the immediate past. The appearance of the school and the resulting efficiency of the learning process justify the expenditures. In addition the mental and physical health of the children has been improved.

The improvement of the educational opportunity for the children of the district has been due to the fine spirit of cooperation evidenced by all. Parents and children, school board and teachers have all contributed to the program. It is both a privilege and a pleasure to have had a part in such a program which has made a contribution to the education of children.

Respectfully submitted,  
Everton H. Parkinson  
Superintendent of Schools
