# VALEDICTORY ADDRESS

BY

HON. DWIGHT HALL.

Delivered January 1, 1913.

GENTLEMEN OF THE CITY COUNCILS:—

In accordance with the provisions of the City Charter you have met here for the purpose of qualifying as members of the City Government for the year 1913. At this time it seems proper for the retiring Mayor to make a brief statement concerning the condition of the finances of the City and to add such further remarks as he deems fitting.

## FINANCIAL.

The financial condition of the city January 1, 1913, is represented in the following tabulation:

Matured bonds (not presented), . . . . .	\$10,000 00
City Hall loan, . . . . .	75,000 00
Funding and bridge loan, . . . . .	20,000 00
High School loan, . . . . .	60,000 00
Cemetery note, . . . . .	12,000 00
Total, . . . . .	<u>\$177,000 00</u>
Water loan January 1, 1912 . . . . .	\$269,000 00
Reduction of debt during year, . . . . .	5,000 00
Water loan January 1, 1913, . . . . .	<u>\$264,000 00</u>
Net debt January 1, 1913, . . . . .	\$441,000 00
Cash on hand January 1, 1912, . . . . .	\$58,173 06
Cash on hand January 1, 1913, . . . . .	\$62,876 26
Less payments on account of bridge construction, . . . . .	36,699 66
Total, . . . . .	<u>\$26,176 60</u>

Outstanding taxes, January 1, 1912, . . . .	\$9,589 16
Outstanding taxes, January 1, 1913, . . . .	9,108 98

In the construction of the Central avenue bridge matured claims aggregating \$36,699.66 have been presented for payment. Pending the ultimate bonding of such expense as may be incurred in the erection of this structure, it was deemed wise to satisfy these claims from available funds in the hands of the city treasurer, rather than assume unnecessary interest bearing obligations.

This course, while reducing the actual amount of cash on hand January 1, 1913, does not necessarily impose a hardship upon the succeeding administration, as the sum withdrawn may be restored when the final bonding of the bridge loan shall have been accomplished. Considering the sum paid from the treasury on account of the new bridge as a cash asset, the balance on hand January 1, 1913, would show an increase of \$4,703.20 over the treasury balance of one year ago. The bridge is practically completed excepting the surfacing of the roadway and sidewalks. This work has been deferred until the warm weather of next spring so that a proper setting of the asphalt may be insured.

The committee which has had in charge the erection of the observatory on Garrison Hill has met with many difficulties in securing a reliable contractor to undertake the construction of the tower. The Fred A. Houdlette Sons Co., Incorporated, a corporation sound financially, has finally been assigned the contract. The foundation has been placed and a bond filed guaranteeing the completion of the work within the time specified in the will of Mrs. Sawyer, who donated the funds for the building of the observatory.

I regret that the laying out and grading of the library and high school grounds around the Soldiers' Monument, presented by Col. Daniel Hall, could not have been completed this fall. However, plans have been drawn for this work, the development of which can be carried quickly into effect next spring.

I have mentioned these works which have been started

under my administration but which have not been completed so that you may know the condition of these unfinished undertakings.

It is not necessary to give a detailed statement of the work accomplished during the two years which I have held office for that is a matter of record.

In closing I desire to express my appreciation of the cordial support and assistance given me during the past two years, not only by the members of the Councils but by the various officials of the city. In retiring from office I shall carry with me the memory of many pleasant incidents, as well as the earnest hope that my humble efforts to serve my native city may not have been entirely devoid of results.

INAUGURAL ADDRESS  
BY  
HON. CHARLES H. FOSS.

---

Delivered January 1, 1913.

---

GENTLEMEN OF THE CITY COUNCILS:—

We have assembled here today, as representatives of the people, to assume the management of the corporate interests of this municipality for the coming year. Under our oath of fealty, voluntarily and unequivocally given, we have taken upon ourselves grave and important responsibilities. Upon the integrity with which we keep that pledge rests our claim to public commendation. Errors in judgment, where those errors are founded upon honest convictions, may be condoned, but wilful misfeasance in the performance of a solemn trust should rightfully subject the offender to public execration.

In the preparation of this New Year's message, I have endeavored to confine myself to a brief discussion of the more important matters of public concern, realizing that in the adjudication of the ordinary problems of government more minute information should be adduced than would be possible to incorporate in a document of this kind. I shall reserve, however, the privilege of presenting to you, from time to time, my views upon matters of public exigency, should such presentation seem necessary or desirable.

FINANCIAL.

The Municipal Bonds Act, passed by the Legislature of 1895, not only fixes the limit beyond which municipal indebtedness cannot pass, but requires that all bonds issued by municipal corporations subsequent to its passage shall be paid within twenty years from date of issue.

All outstanding obligations of the city are affected by this law. The water loan, although authorized prior to the passage of the Act, also comes within the period of limitation by reason of its re-issue in 1909, at which time the original notes matured.

The water loan, at present aggregating \$264,000.00, is evidenced by two notes held by the Strafford Savings Bank, bearing interest at the rate of three and one-half per cent. per annum, maturing January 9, 1914, and August 5, 1914, respectively. Since the renewal of the above obligation the principal amount has been reduced \$28,000.00, or an annual average reduction of \$7,600.00 less than would have been required under an equitable apportionment covering the full period of twenty years. The interest of public policy would seem to require that the ultimate retirement of this obligation be given early consideration, to the end that each succeeding year bear its proportionate part of the burden.

The total amount paid on the water loan during the last fifteen years is \$51,922.14, and that the present indebtedness (\$264,000.00) can be liquidated during the next fifteen years from excess earnings of the water department is entirely beyond the bounds of probability or even possibility.

During the same period (fifteen years) \$236,000.00 have been raised by taxation and applied to our bonded indebtedness, exclusive of the water loan, and twenty-five bonds of the par value of \$1,000.00 each have also been retired from accumulated funds in the city treasury. The largest amount raised by taxation in any one year for this purpose was \$17,000.00. The necessity of retiring the water loan during the next fifteen years will materially increase the amount to be raised each year, and imposes a condition which will require your careful consideration in making up the annual tax budget.

In the very near future you will be called upon to refund the indebtedness incident to the construction of the Central avenue bridge, while the procurement of an additional water supply, whenever that question shall have been de-

terminated, will inevitably impose further financial demands. That these prospective loans may be considered in their relation to existing obligations, and maturity dates arranged in convenient sequence, I submit the following table for your consideration.

Year.	Funding and Bridge Loan.	High School Loan.	City Hall Loan.	Water Loan. (Suggested.)	Water Loan. (Sug-gested.)	Bridge Loan. (Sug-gested.)
1913	\$5,000			\$15,000	\$5,000	
1914	5,000			15,000	5,000	
1915	5,000			15,000	5,000	
1916	5,000			15,000	5,000	
1917		\$5,000		15,000	5,000	
1918		5,000		15,000	5,000	
1919		5,000		15,000	5,000	
1920		5,000		15,000	5,000	
1921		5,000		15,000	5,000	
1922		5,000		15,000	5,000	
1923		10,000		11,000	5,000	
1924		10,000		11,000	5,000	
1925		10,000		11,000	5,000	
1926				11,000	5,000	\$10,000
1927						5,000
1928			\$15,000			5,000
1929			15,000			5,000
1930			15,000			5,000
1931			15,000			5,000
1932			15,000			5,000
1933						5,000

In the above tabulation no reference has been made, directly, to such obligation as may hereafter be incurred in augmenting our water supply, but the payment periods of existing loans and other maturing obligations have been so arranged as to provide for such a contingency should occasion require. It will also be noted that the Cemetery note (\$12,000.00), as well as the missing bonds (\$10,000.00), are omitted from the foregoing table of liabilities. The

former obligation is held by the city, while the payment of the latter is of such remote possibility as to practically render it a negative factor in the computation of our municipal liabilities.

The resources of our city are practically limited to its revenue from taxation. That Dover's valuation for the purpose of taxation for the coming year will equal the valuation of 1912 is a matter of grave uncertainty. The rate of taxation is contingent upon the relation which the sum of the appropriations bear to the assessed valuation. While there are certain fixed charges which must be provided for, nevertheless the rate of taxation for the year 1913 will depend in no small measure, Gentlemen, upon your conclusions when the annual appropriations are determined.

The solvency of a corporation, whether of a public or private character, is determined by its ability to meet its maturing obligations, and whatever measure of success it may achieve is shown by the relation which its liabilities bear to its available assets.

In discussing thus minutely this phase of the financial condition I have been actuated by the belief that only through the medium of a clear and distinct understanding of our situation can we hope to achieve that degree of success which I am confident we all so earnestly desire.

It seems unnecessary for me to further dwell upon the finances of the city, as the matter has been definitely covered in the valedictory address of my immediate predecessor, Mayor Hall.

#### HIGHWAY DEPARTMENT.

I know of no department in our municipal economy where the relation of cause and effect is more closely studied, and in which the individual citizen manifests a deeper personal concern, than in that of our public streets. While an impartial investigation of our highway conditions might reveal many things to be desired, it would also demonstrate to the unprejudiced mind, that our public thoroughfares are, on the whole,

in fairly good condition. While the fixed charges of the department have responded to the general advance along all material lines, the resources have remained practically unchanged. The rapidly growing use of motor driven vehicles has imposed added duties upon those to whom the care and maintenance of our public highways are intrusted. It has not only entailed a greater expenditure of public money in the ordinary course of road construction, but the cost of maintenance and repairs has been correspondingly affected.

That limited accomplishment must follow in the wake of limited resources, is an obvious sequence, and accounts for the inability of the department to engage in those larger enterprises for which there seems to be a growing demand. We believe that this branch of our public service should be given substantial encouragement, and pending the time when the financial condition of the city shall warrant the expenditure necessarily incident to the permanent re-surfacing of our main arteries of travel, I believe that every possible effort should be directed toward improving the condition of the remaining thoroughfares.

I know of no undertaking involving a corresponding outlay that would afford our citizens more general satisfaction than the alleviation of the dust nuisance in the business district and a well directed effort toward keeping our streets, in their entirety, in the best possible degree of cleanliness. For this purpose I would recommend a special appropriation.

Our sewer system is being gradually extended, yet there are several trunk lines which should be laid in the near future. In the solution of the great question of sanitary reform, the proper disposal of sewage holds an important position. Until this position shall succumb to the exigencies of local needs we cannot expect to satisfactorily solve the greater problem of which it is a part. It should be the constant aim of those upon whom the responsibility rests, to see that every citizen is accorded that measure of relief to which he is justly entitled.

Our sidewalks and crosswalks show evidence of steady

improvement, and futher advance along this line is confidently expected during the coming year.

The Central avenue bridge, the final completion of which has been temporarily suspended owing to the cold weather, will be finished early in the spring. Both in character and design this structure seems to meet with general approval. The completion of this enterprise forms the initial step in the general plan to permanently improve the business section of the city, and we trust that further improvements along this line will, so far as practicable, be continued.

#### WATER DEPARTMENT.

The diminished rainfall of the past few years has seriously affected Dover's water supply. During the preceding fiscal period the Reynor brook, the Kelley springs, and the Bellamy and Isinglass rivers were examined by expert hydraulic engineers to determine their availability as possible sources from which to augment our present water supply. Public sentiment practically precluded the utilization of the Reynor brook for such purpose, while both the Kelley springs and the Bellamy river, upon investigation, failed to show results of a perfectly satisfactory character. The Isinglass river, from its location outside the zone of our chartered rights, was not so exhaustively considered as the other sources mentioned. The City Council, in its wisdom, however, has appealed to the General Court, through the medium of Dover's representatives in the Legislature, to secure an amendment to our charter whereby this source may be used should the Councils so elect. While Willand pond, our present source of water supply, has responded to recent rainfalls and attained a level some seventeen inches above that of one year ago, the necessity of procuring an additional supply is merely postponed, the possibility of a famine being still imminent. The citizens of Dover demand an unlimited supply of good water, and when that demand shall have been satisfied and the water rates readjusted so as

to conform to changed conditions, we can conceive of no reason why the department should not only enter upon a new plane of usefulness, but realize returns more commensurate to the capital invested.

#### EDUCATIONAL.

Under this heading we might reasonably include the public library with the public schools, as the former is certainly a treasure house of useful information, not only to the student, but to the seeker after light and knowledge along all the varied lines of life's activities. Both of these departments are ably and intelligently managed, and hold high rank among institutions of a similar character elsewhere.

#### DEPARTMENTS OF PUBLIC SAFETY.

The fire, police and health departments might very appropriately be grouped under the above caption. Each of these departments, operating along converging lines, has for its ultimate aim the protection and well-being of the body politic.

The fire department, under trial, has demonstrated marked efficiency, and holds, in relative degree, the confidence of the public. That we have enjoyed immunity from the ravages of the fire fiend is largely due to the intelligence and activity of those who are enrolled in this hazardous branch of our public service. The question of success or failure in the extinguishment of fires, rests in large measure upon the promptitude of the department in reaching the scene of danger. The introduction of motor driven vehicles for fire fighting purposes is meeting with popular favor, and it seems only a question of time when Dover will be compelled to fall in line with her sister cities in this particular. In the manifest activity throughout the country relative to the conservation of both our natural and acquired resources, the matter of fire prevention is coming to play an important part, and I trust the time is not far distant when our city will join in this movement.

The police department, as a factor in the promotion of morality and the conservation of the public peace, appears to be doing commendable work. Lawlessness in our city seems to be on the wane, while the number of arrests for drunkenness and minor offenses shows a gratifying decrease over the records of previous years. As this department is under the control of a board of commissioners appointed by the Governor with confirmatory powers vested in the Council, our duty in the premises consists in merely providing the means for its proper maintenance.

The sanitary condition of our city has been improved during the past year under the vigorous and well directed efforts of the board of health. This department is to be commended, not only for its general activity and discriminating judgment, but for its attempts to prevent the introduction of contagious diseases through the medium of external agencies. In its manifest determination to ascertain and eliminate, so far as possible, the primal cause of disease, it should receive the co-operation and encouragement of the entire community.

#### PINE HILL CEMETERY.

The progress that has been made in the beautification and adornment of our public cemetery during the past decade is evident, even to the most casual observer. The sum of the funds held in trust by the city to insure the perpetual care of such lots as may be nominated in the bond, is rapidly increasing, and the effect of such care not only makes for improvement in the material aspect of the grounds, but must prove a source of gratification to those whose interests are centered in the premises.

The new memorial chapel, completed and dedicated during the past year, is a particularly substantial and imposing structure, and a very acceptable addition to our public buildings. In the will of the late Theodore W. Woodman generous provision was made for an organ, which, when installed, will make the equipment of the chapel all that could be desired.

## THE WENTWORTH HOSPITAL.

As the Wentworth hospital is a public institution, its affairs, so far as the same are compatible with the ordinary rules of propriety and conformable to professional ethics, are matters of public concern. During the year just closed, 8,710½ days' service was rendered patients at this institution, over twenty-seven per cent. of which was in behalf of indigent persons and for which no remuneration was received. The ability to pay the regulation charges is in no sense a prerequisite for the admission of patients. The physical and not the pecuniary condition of the applicant determines his right of entry. The gratuitous work performed by the hospital, for obvious reasons, is precluded from exploitation, hence it is largely through the medium of its beneficiaries that the general public comes to learn of its helpful ministrations. I believe the hospital to be under able management, and trust that reasonable provision may be made by the City Councils to the end that its labors in behalf of suffering humanity may not be abridged.

## PUBLIC PARKS.

The establishment of public parks and playgrounds is one of the problems of municipal government demanding increased attention with the passage of the years. Through the kindness of Mr. J. Belknap Guppy, supplemented by action of the City Councils, Dover has, in a limited way, recognized the importance of this movement. In the will of the late Theodore W. Woodman generous provision has been made for an extension of this particular phase of work, and the fulfillment of the wishes of the testator will quite likely come within the province of the City Government of 1913.

## CITY CHARTER.

“All men are born equally free and independent, therefore all government of right originates from the people, is founded in consent, and instituted for the general good.” Civic unrest in various sections of the country has led to the

introduction of radical changes in the form of local government, with the result that a material betterment of conditions in one locality finds its antithesis in another. While I do not feel disposed to deal with this subject at length, I am of the opinion that a revision of our charter with a view to bringing its provisions into more complete harmony with the requirements of the times might be advisable and that a form of government providing for a mayor and a single board of council would be a step in the right direction.

Whatever changes in our chartered rights may be contemplated, if any, should be given the most careful consideration, consequently the earlier this subject is taken under advisement the more likely are we to avoid those errors of judgment which are the natural consequence of hastily formed conclusions.

#### IN CONCLUSION.

Gentlemen, it seems unnecessary for me to make any attempt to emphasize or enlarge upon the need of careful judgment and wise discrimination in the discharge of your official duties. I am confident that you are not unmindful of the faith in you reposed by your fellow citizens, and with equal assurance I anticipate your cordial support and co-operation in all matters having for their ultimate purpose the material and moral welfare of our beloved city. "Enthusiasm and impulse may have their necessary places in human affairs; those things that stir the pulse and awaken the imagination may have their appropriate function, but all real and lasting development must finally depend upon obedience to enduring principles."

# ANNUAL REPORT

OF THE

## Joint Standing Committee on Finance.

---

GENTLEMEN OF THE CITY COUNCILS:—

The books of the city treasurer have been examined and compared with those of the city clerk by the joint standing committee on finance, and all accounts are found to be correctly kept, with proper vouchers on file for all payments. We have examined and verified the bonds and cash on hand, and also the sources from which the income of the city has been derived, and we are satisfied that the report of the city treasurer is correct.

We have examined all the appropriations, vouchers and receipts in the city clerk's office, and compared the same with the treasurer's and find all bills approved, certified, and checks properly issued. We find the accounts of the office plainly and legibly set forth, and agreeing with the books of the city treasurer.

We find the cash balance in the hands of the city treasurer to be \$36,725.71.

We find the following trust funds in the hands of the city treasurer invested as follows:

Tredick fund, two Massachusetts Gas Co. 4½% bonds, (\$2,000.00), and three New York Telephone Co. 4½% bonds, (\$3,000.00,) par value, . . . . .	\$5,000 00
Tredick fund, balance remaining after investing as above, Savings bank, . . . . .	49 57
Currier fund, Savings bank, . . . . .	1,000 00
Pray fund, Savings bank, . . . . .	1,035 30

Cemetery income fund, interest account, Savings bank, . . . . .	\$941 31
Cemetery sinking fund, easterly addition, Savings bank, . . . . .	1,078 49
Cemetery sinking fund, Cartland land, Savings bank, . . . . .	216 33
Cemetery trust funds, original deposits, exclusive of Tredick and Woodman funds, Savings bank, . . . . .	46,681 00
Accumulated interest on above Cemetery trust funds, Savings bank, . . . . .	3,735 11
Lothrop fund, Wentworth hospital, Massachusetts Gas Co. 4½% bond, par value, . .	1,000 00
Lothrop fund, Wentworth hospital, accumulations from reinvestments and interest thereon, Savings bank, . . . . .	23 53
Lothrop fund, Dover public library, Massachusetts Gas Co. 4½% bond, par value, . . .	1,000 00
Lothrop fund, Dover public library, accumulations from reinvestments and interest thereon, Savings bank, . . . . .	23 54
Wentworth hospital fund, three Oregon Short Line railroad 4% bonds (\$3,000.00) and twenty Lake Shore & Michigan Southern railroad 4% bonds (\$20,000.00), par value, . . . . .	23,000 00
Perkins medal fund, Savings bank, . . . . .	969 36
Martha E. Hanson fund, Wentworth hospital, one Northern Pacific-Great Northern railroad joint bond, 5% (\$1,000.00), two American Telephone and Telegraph Co. 4% bonds (\$2,000.00), one Minneapolis General Electric Co. 5% gold bond (\$1,000.00), and one Milwaukee, Sparta & North Western railroad 4% bond, (\$1,000.00), par value, . . . . .	5,000 00

Martha E. Hanson fund, Wentworth hospital, accumulation from reinvestment and interest thereon, Savings bank, . . . . .	\$ 56 98
Woodman fund, cemetery, National bank, . . .	575 14
Jacques fund, Dover public library, Savings bank, . . . . .	2,223 27
Abbie M. Sawyer fund, Wentworth hospital, four Milwaukee, Sparta & North Western railroad bonds, 4%, par value, . . . . .	4,000 00
Abbie M. Sawyer fund, accumulation from rein- vestments and interest thereon, Savings bank, . . . . .	226 61
Abbie M. Sawyer fund, Garrison Hill park, Savings bank, . . . . .	4,000 00
Caroline E. Hanson fund, Wentworth hospital, four Boston & Maine railroad bonds, com- mon stock, par value, . . . . .	400 00
Benjamin F. Nealley fund, Wentworth hos- pital, five Milwaukee, Sparta and North Western railroad 4% bonds, par value, . . .	5,000 00
Benjamin F. Nealley fund, Wentworth hos- pital, accumulations from reinvestments and interest thereon, . . . . .	283 26
Emma J. Sanborn fund, Wentworth hospital, three Milwaukee, Sparta & North Western railroad 4% bonds, par value, . . . . .	3,000 00
Emma J. Sanborn fund, accumulations from reinvestments and interest thereon, . . . .	170 94

The treasurer's report is annexed to and made a part of  
this report.

Respectfully submitted,

DWIGHT HALL,  
STACY L. HANSON,  
ERVING F. WENTWORTH,  
CHARLES H. CLARK,  
FRANK R. BLISS,

Committee.

Dover, N. H., December 31, 1912.

ANNUAL REPORT  
OF THE  
CITY TREASURER.

---

Dr.	RECEIPTS.	
1912, Cash balance, January 1,		\$58,173 06
Cemetery funds:		
Hayes, Henry G., lot No. 4, avenue J, . . . . .	\$100 00

Dover, N. H., December 31, 1912.

# ANNUAL APPROPRIATIONS.

1912.

RESOLVED BY THE CITY COUNCILS OF THE CITY OF DOVER:

SECTION 1. That the sum of one hundred ninety-one thousand dollars (\$191,000.00) be raised by taxation in addition to the amounts otherwise herein provided, for the support of the various departments, interests, and Statute requirements of the said City of Dover, during the year 1912, and that the said sum of one hundred ninety-one thousand dollars (\$191,000.00) be and hereby is appropriated and divided as follows:

Brown tail and gypsy moths and elm leaf beetles, suppression of, . . . . .	\$1,600 00
To be expended by the committee duly appointed for the suppression of the brown tail and gypsy moths.	
Cemeteries, . . . . .	3,500 00
To include heating apparatus and furnishings for new chapel, removing brick building and grading grounds, extending granite wall on Central avenue, and general maintenance.	
City debt, . . . . .	
\$16,000.00 from money coming from the State.	
City farm, . . . . .	600 00
To include painting of buildings.	
City hall committee, . . . . .	1,700 00
Also general income of the building, to include rentals as follows: \$500.00 from the police department, \$200.00 from the Strafford Guards, \$200.00 from the water department, \$300.00 from the school depart-	

<p>ment, and \$100.00 each for offices occupied by the mayor, city clerk, city treasurer, city messenger, tax collector, the offices occupied jointly by the assessors and supervisors, the offices occupied jointly by the highway and health departments, and \$100.00 for the city government rooms and corridors.</p>	
C. W. Sawyer Post, G. A. R., . . . . .	\$225 00
For Memorial Day expenses.	
Dover water works, . . . . .	4,000 00
<p>    For all water used for general municipal purposes, including fire hydrants. The following named departments to reimburse the Dover water works for all water used, at the rate of 15 cents per 100 cubic feet: Cemetery, city hall committee, fire (except as above provided), highway, public library, schools, and Wentworth hospital. The department to pay the city hall committee \$200,00 for rent.</p>	
Election expenses, . . . . .	2,700 00
Fire department, . . . . .	12,500 00
<p>    To include the purchase of one thousand feet of fire hose.</p>	
Fourth of July, . . . . .	38 00
<p>    For ringing bells. To be under the direction of the city messenger.</p>	
Health department, . . . . .	3,450 00
Heating, lighting and rental of offices and corridors, . . . . .	800 00
<p>    To be paid city hall committee as hereinbefore provided.</p>	
Highways and bridges, . . . . .	23,000 00
<p>    To include an expenditure of not more than \$1,000.00 in alleviating the dust nuisance in the business district.</p>	

Insurance, . . . . .	\$3,550 00
To be apportioned by the mayor.	
Interest, coupon and general . . . . .	7,600 00
And rebate from cemetery trustees.	
Lands and buildings . . . . .	1,050 00
Manual training and domestic science, . . . . .	1,500 00
To be expended by the school committee.	
Miscellaneous, . . . . .	800 00
And money to be received from miscellaneous license fees.	
New ward house, ward four, . . . . .	2,500 00
Plotting city for tax assessment purposes, . . . . .	500 00
To be expended under the direction of the joint standing committee on finance.	
Police department, . . . . .	1,400 00
Also \$11,000.00 from money to be received from liquor license fees, and income of the department, to include \$500.00 to be paid the city hall committee for rent and heat.	
Printing and stationery, . . . . .	1,000 00
Playgrounds, . . . . .	400 00
Public library, . . . . .	5,800 00
To include amount required by law, also \$800.00 to be paid the school department for heating and janitor service.	
Repairs of schoolhouses, . . . . .	3,000 00
To include sanitary plumbing at the Sawyer and Varney school buildings, and new waiting room for scholars at Garrison hill.	
Salaries, . . . . .	8,500 00
To include mayor, city clerk, city treasurer, collector of taxes, board of assessors, justice and associate justice of the police court, clerk of the police court, probation officer, city solicitor, city messenger, city physician, clerk of the Common Council, and overseer of the poor.	

Schools, . . . . .	\$35,700 00
And income of the department; to include all legal requirements, cleaning school- houses, and heating and janitor service for the public library. The department to pay the city hall committee \$300.00 for rent of rooms in city building.	
Schools, Evening, . . . . .	900 00
Sewers, . . . . .	2,500 00
And income of the department.	
Sidewalks, . . . . .	2,750 00
And income of the department.	
Special, . . . . .	1,400 00
For the payment of outstanding claims and orders of the Councils.	
Strafford Guards, . . . . .	200 00
To be paid the city hall committee for rent of armory.	
Street lighting, . . . . .

	\$376,973 48			

In order to avoid any discrepancy between the totals presented in the foregoing tables and those contained in the report of the city treasurer, we have inserted a summary of the trust funds, the Currier fund, and the receipts and disbursements of the police department, which several accounts are carried by the treasurer independent of any action on the part of this committee.

## FINANCIAL SUMMARY.

Tax collections for the year, . . . . .	\$193,560 27
Total tax levy, 1912, . . . . .	191,000 00
<hr/>	
Excess of collections, . . . . .	\$2,560 27
Excess of revenues over appropriations from anticipated income, . . . . .	1,273 91
Unexpended balances, . . . . .	9,435 52
<hr/>	
Total, . . . . .	\$13,269 70
Appropriations from treasury. . . . .	8,566 50
<hr/>	
Increase in treasury balance, . . . . .	\$4,703 20
Cash balance, January 1, 1912, . . . . .	58,173 06
<hr/>	
Cash balance January 1, 1913, . . . . .	\$62,876 26
Less amount advanced on account of construc- tion of new bridge, . . . . .	36,699 66
<hr/>	
Actual cash in treasury, . . . . .	\$26,176 60
Uncollected taxes January 1, 1912, . . . . .	\$9,589 16
Uncollected taxes January 1, 1913, . . . . .	9,108 98
<hr/>	
In order to verify the resources of the city as exhibited in the foregoing tables with the statement as submitted by the city treasurer, take the	
Cash balance January 1, 1912, . . . . .	\$58,173 06
The sum of the direct appropriations, . . . . .	191,000 00
The anticipated income, . . . . .	53,760 54
The excess income applied, . . . . .	123,646 44

And income from all sources not otherwise applied, . . . . . \$3,834 18

And we find the total, . . . . . \$430,414 22

To be in exact agreement with the statement as submitted by the city treasurer.

Respectfully submitted,

EDWIN L. CORSON,

JOHN W. MORRISON,

D. C. McINTOSH,

Committee.

Dover, N. H., December 31, 1912.

Of which \$147.39 is taxes of property annexed to Dover for school purposes.

Rate per cent. of taxation for all purposes, \$17.50 on \$1,000.00, and for property annexed for school purposes, \$4.00 on \$1,000.00.

**REPORTS**  
OF  
**TAX LIST COMMITTEE.**

---

TO THE BOARD OF MAYOR AND ALDERMEN:

GENTLEMEN:—The committee appointed to audit the accounts of Harry A. Morrison, tax collector for 1911, report as follows:

Dr.	1911.	
To tax list as committed, . . . . .		\$190,554 64
To interest, . . . . .		107 32
		\$190,661 96
Cr.	1911.	
By paid city treasurer, . . . . .		\$189,060 27
By abatements, . . . . .		1,601 69
		\$190,661 96

Your committee, having found that Harry A. Morrison, collector of taxes for the year 1911, has collected all the taxes for that year, and paid the same to the city treasurer, taking his receipt for the same, we recommend that the chairman of this committee be empowered and instructed to write a discharge upon the collector's bond for that year, and that the same be placed on file.

Respectfully submitted,  
GUY M. WIGGIN,  
CHARLES C. DORR,  
CHARLES O. BAKER,

Tax List Committee.

Dover, N. H., May 1, 1912.

## TO THE BOARD OF MAYOR AND ALDERMEN:

GENTLEMEN:—The committee appointed to audit the accounts of Harry A. Morrison, tax collector for 1912, report as follows:

Dr.	
To tax list as committed, . . . . .	\$194,292 44
To interest, . . . . .	23 12
	<hr/>
Total, . . . . .	\$194,315 56
Cr.	
By amount paid treasurer, . . . . .	\$184,300 00
By abatements, . . . . .	906 58
	<hr/>
Total, . . . . .	\$185,206 58
Balance due on 1912 list, . . . . .	\$9,108 98

Respectfully submitted,

JAMES P. ROBERTS,  
CHARLES C. DORR,  
CHARLES O. BAKER,

Committee.

Dover, N. H., December 31, 1912.

## VALUATION AND TAXATION.

In the following table is exhibited the valuation, number of polls, tax levied, and rate of taxation for the different years from 1890 to 1912, both years inclusive.

YEAR	VALUATION	NO. POLLS	TAX LEVIED	RATE.
1890	\$8,634,692 00	3,298	\$156,195 45	\$18 00
1891	8,887,977 00	3,320	159,983 59	18 00
1892			163,893 70	18 00
1893	9,065,157 00	3,283	163,172 83	18 00
1894	8,887,391 00	2,883	155,354 34	17 50
1895	8,728,977 00	3,020	174,743 68	20 00
1896	8,600,474 00	2,988	172,009 48	20 00
1897	8,629,725 00	3,122	168,447 25	19 50
1898	8,720,850 00	3,178	170,218 69	19 50
1899	8,504,266 00	3,064	170,224 96	20 00
1900	8,355,365 00	3,193	167,237 11	20 00
1901	8,476,544 00	3,206	167,963 91	19 80
1902	8,550,831 00	3,239	166,882 26	19 50
1903	8,597,240 00	3,170	167,796 59	19 50
1904	8,587,977 00	3,102	167,615 44	19 50
1905	8,596,957 00	3,156	172,107 74	20 00
1906	8,634,765 00	3,251	172,874 43	20 00
1907	8,643,416 00	3,238	173,029 40	20 00
1908	8,891,087 00	3,289	177,980 33	20 00
1909	8,934,612 00	3,272	187,787 21	21 00
1910	9,293,822 00	3,238	181,382 31	19 50
1911	9,718,955 00	3,369	189,684 25	19 50
1912	11,073,648 58	3,261	193,937 36	17 50

The annual tax levy, as shown in the foregoing table, is taken from the warrant as originally issued to the collector of taxes, and does not include the added lists.

## TRUST FUNDS.

---

### SHOWING CONDITION DECEMBER 31, 1912, AND HOW INVESTED.

---

#### *Cemetery Sinking Fund.*

By vote of the board of trustees, May 14, 1903, one-half of all moneys received from the sale of lots in the easterly addition to Pine Hill cemetery is set apart as a sinking fund to be applied to the reduction of the \$15,000.00 indebtedness incurred in the purchase of said addition. (Present indebtedness \$12,000.00.)

Capital, January 1, 1912, . . . . .		\$560 94
Income from sale of lots, . . . . .	\$500 00	
Interest on invested capital, . . . . .	17 55	
	_____	\$517 55

Balance to new account, . . . . .		\$1,078 49
Deposited in Savings bank.		

#### *Cemetery Sinking Fund.*

By vote of the board of trustees, October 5, 1908, one-half of all moneys received from the sale of lots in the easterly addition to Pine Hill cemetery is set apart as a sinking fund to secure the payment of an obligation of \$1,000.00 incurred in the purchase of a suitable site for a mortuary chapel.

Capital, January 1, 1912, . . . . .		\$4 19
Income from sale of lots, . . . . .	\$200 00	
Interest on invested capital, . . . . .	12 14	
	_____	\$212 14

Balance to new account, . . . . .		\$216 33
Deposited in Savings bank.		

*Cemetery Trust Funds.*

Under the provisions of the Public Statutes the city of Dover is empowered to take and hold funds in trust, to apply the income thereof perpetually to the care, preservation or embellishment of its public cemeteries, or to any private lot therein. The first deposit received by the city under this law bears date of October 22, 1886. An amendment to the city charter approved March 13, 1895, placed the management of all our public cemeteries in the hands of a board of trustees. At that date the trust fund account aggregated only \$2,303.79; since that time this account has rapidly increased until, at the close of business December 31, 1912, it had reached, including the Tredick fund, (\$5,000.00), the Woodman fund, (\$575.14), and accrued interest, the gratifying total of \$55,991.25.

Capital and interest, January 1, 1912, . . . . .	\$44,459 30
Deposits for the year, . . . . .	5,585 00
Interest for the year, . . . . .	\$1,371 56
Paid for the care of lots, . . . . .	999 75
	\$371 81
Capital and interest December 31, 1912, . . . . .	\$50,416 11

A part (\$12,000.00) of the above capital is invested in the cemetery loan at  $3\frac{1}{2}$  per cent. interest, (local banking rate), the balance is deposited in Savings bank. Each deposit forms a separate and distinct trust, subject to the conditions under which it is received, and its absolute integrity is guaranteed by the city. The identity of each individual trust invested in the cemetery loan is inviolably preserved, and such fund participates in the accrued interest as it becomes released by reason of the reduction of the debt.

*Currier Fund.*

Bequest of \$1,000.00 under the will of John H. Currier, Esq., interest to be applied annually for the relief of deserving temperance poor people of the city not on the pauper list. Original deposit dated December 26, 1872.

Capital, January 1, 1912, . . . . .	\$1,000 00
Income for the year, . . . . .	\$35 30
Paid mayor's orders, . . . . .	35 30
	\$1,000 00
Balance to new account, . . . . .	\$1,000 00
Deposited in Savings bank.	

*Jacques Fund.*

Bequest of \$2,000.00 under the will of Mrs. Lizzie Hale Jacques. Principal and interest to be used, at the discretion of the board of trustees of the Dover public library, for the purchase of books. Original deposit dated July 29, 1896.

Capital, January 1, 1912, . . . . .	\$2,147 46
Income for the year, . . . . .	75 81
	<hr/>
Balance to new account, . . . . .	\$2,223 27
Deposited in Savings bank.	

*Lothrop Fund.*

Bequest of \$1,000.00 under the will of Hon. James E. Lothrop. Income only to be used by the board of trustees of Dover public library for the benefit of the musical department. Original deposit dated October 1, 1907.

Capital, January 1, 1912, . . . . .	\$1,000 00
Income received, 1912, . . . . .	\$45 00
Paid out . . . . .	45 00
	<hr/>
Balance to new account, . . . . .	\$1,000 00

Originally invested \$933.33 in 5 per cent. gold note of the Lake Shore and Michigan Southern railroad, par value \$1,000.00; balance of \$5.77 deposited in Savings bank; at maturity of note reinvested \$985.38 in 4½ per cent. Massachusetts Gas Co. bond, par value, \$1,000.00; balance of \$14.62 deposited in Savings bank. Accumulated balances and interest aggregate \$23.54.

*Lothrop Fund.*

Bequest of \$1,000.00 under the will of Hon. James E. Lothrop. Income only to be used by the board of trustees of the Wentworth hospital for the care and treatment of patients unable to pay. Original deposit dated October 1, 1907.

Capital, January 1, 1912, . . . . .	\$1,000 00
Income received, 1912, . . . . .	\$45 00
Paid out, . . . . .	45 00
	<hr/>
Balance to new account, . . . . .	\$1,000 00

Originally invested \$993.33 in 5 per cent. gold note of the Lake Shore & Michigan Southern railroad, par value \$1,000.00; balance of \$6.67 deposited in Savings bank; at maturity of note reinvested \$985.37 in  $4\frac{1}{2}$  per cent. Massachusetts Gas Co. bond, par value \$1,000.00; balance of \$14.63 deposited in Savings bank. Accumulated balances and interest aggregate \$23.53.

*Perkins Fund.*

Bequest of \$1,000.00 (less collateral inheritance tax of \$50.00) under the will of Hon. Hosea B. Perkins. Income to be used for the purchase of a gold medal to be known as the "Perkins Gold Medal," and to be awarded annually to the pupil of the Dover High school showing the greatest excellence in oratory. Original deposit dated June 2, 1904.

Capital, January 1, 1912, . . . . .	\$969 14
Income for the year, . . . . .	\$34 22
Charges for the year, . . . . .	34 00
	22
Balance to new account, . . . . .	\$969 36
Deposited in Savings bank.	

*Pray Fund.*

Bequest of \$1,000.00 under the will of Dr. T. J. W. Pray. Principal and interest to be used at the discretion of the board of trustees of the Dover public library for the purchase of books. Original deposit dated December 27, 1889.

Capital, January 1, 1912, . . . . .	\$1,000 00
Income for the year, . . . . .	35 30
	30
Balance to new account, . . . . .	\$1,035 30
Deposited in Savings bank.	

*Tredick Fund.*

Bequest of \$5,000.00 under the will of Benjamin F. Tredick, Esq. Income only to be applied by board of trustees of Pine Hill cemetery for the care and preservation of the cemetery grounds. Original deposit (invested in City of Portsmouth, N. H., four per cent. bonds) dated August 19, 1891.

Capital, January 1, 1912, . . . . .		\$5,000 00
Income received, . . . . .	\$225 00	
Transferred to cemetery department, . . . . .	225 00	
	<hr/>	<hr/>
Balance to new account, . . . . .		\$5,000 00

Fund reinvested January 21, 1907, in New York, New Haven & Hartford railroad 5 per cent. note. At maturity (January, 1910) of the above note, the fund was reinvested as follows: Two Massachusetts Gas Co.  $4\frac{1}{2}$  per cent. bonds, par value \$1,000.00 each and three New York Telephone Co.  $4\frac{1}{2}$  per cent. bonds, par value \$1,000.00 each. These bonds were purchased for \$4,954.38; the balance (\$45.62) was deposited in Savings bank and has a credit in interest of \$3.95.

#### *Woodman Fund.*

Interest annually on \$3,000.00 to be expended by the city authorities in caring for, beautifying and placing flowers on the graves of Charles and William Woodman in Pine Hill cemetery. Interest to be paid to the city treasurer annually by the executrix. Original deposit dated April 20, 1897.

Capital, January 1, 1912, . . . . .		\$519 98
Income for the year, . . . . .	\$105 91	
Charges for the year, . . . . .	50 75	
	<hr/>	<hr/>
		\$55 16
Balance to new account, . . . . .		\$575 14

Deposited in National bank.

#### *Wentworth Fund.*

Bequest of \$100,000.00 (less collateral inheritance tax of \$5,000.00) under the will of Hon. Arioch Wentworth, for the construction, equipment and maintenance of a hospital to be known as "The Wentworth Hospital." A part of this fund was invested in July, 1905, as follows: Twenty Lake Shore & Michigan Southern Railroad four per cent. bonds, par value \$20,000.00; ten Oregon Short Line Railroad four per cent. bonds, par value \$10,000.00. The last mentioned (10) bonds were hypothecated October 3, 1906, to secure a loan of \$8,500.00 to complete the construction and equipment of the hospital buildings. Original deposit dated March 17, 1904. January 22, 1910, seven of

the above (10) bonds were sold for \$6,664.97 and the note therewith secured was duly cancelled. Later in the year (1910), six of the Lake Shore & Michigan Southern Railroad bonds were pledged as collateral to secure a loan of \$5,700.00 with which to purchase the Haley property. The last mentioned note was paid in 1911, from money bequeathed the hospital by the late Mrs. Caroline Hanson, and the bonds pledged to secure the loan were released.

Capital, January 1, 1912, . . . . .	\$23,000 00
Income for the year, . . . . .	\$920 00
Transferred to maintenance ac- count, . . . . .	920 00
	<hr/>
Balance to new account, . . . . .	\$23,000 00
Invested as above.	

*Martha E. Hanson Fund.*

Gift of Miss Martha E. Hanson for the establishment of a free bed in the Wentworth hospital for deserving women. Gift received January 11, 1911.

Capital, January 1, 1912, . . . . .	\$5,000 00
Income for the year, . . . . .	\$110 00
For care of deserving women, . . . . .	110 00
	<hr/>
Balance to new account, . . . . .	\$5,000 00

Invested as follows:—

One Northern Pacific—Great Northern railroad joint bond, 5 per cent. (\$1,000.00); two American Telephone & Telegraph Co. 4 per cent. bonds, (\$2,000.00); one Minneapolis General Electric Co. 5 per cent. gold bond, (\$1,000.00); the balance (\$1,000.00) being deposited in the Savings bank. On February 20, 1912, \$944.00 was withdrawn from the Savings bank and invested in one Milwaukee, Sparta & Northwestern railroad 4 per cent. bond, par value \$1,000.00. The balance (\$56.00) remains in the Savings bank, and has accumulated interest aggregating 98 cents.

*Caroline Hanson Bequest.*

Under the will of the late Mrs. Caroline Hanson, the City of Dover received, during the year 1911, the sum of \$5,038.72 for general hospital purposes. By vote of the trustees this bequest was applied toward the retirement of a loan of \$5,700.00 incurred in the purchase of the Haley property. On December 18, 1912, four shares of stock, Boston & Maine railroad, par value \$400.00, representing the residue of the estate of said deceased, was transferred to the hospital trustees, and the same is now held by said board subject to future disposition.

*Sawyer Fund.*

Under the will of the late Mrs. Abbie M. Sawyer, the City of Dover received, December 27, 1912, the sum of \$4,000.00 in trust, the income thereof to be applied to "providing, beautifying and properly caring" for a park on the top of Garrison Hill.

Principal, January 1, 1913, . . . . .	\$4,000 00
Deposited in Savings bank.	

*Sawyer Fund.*

On February 20, 1912, the City of Dover accepted the sum of four thousand dollars in full settlement of a conditional legacy of \$5,000.00 bequeathed said city by the late Mrs. Abbie M. Sawyer for the maintenance of a free bed in the Wentworth hospital.

Capital, February 20, 1912, . . . . .	\$4,000 00
Income for the year, . . . . .	\$80 00
Paid, care indigent persons, . . . . .	80 00
	<hr/>
Capital, January 1, 1913, . . . . .	\$4,000 00

On February 20, 1912, \$3,776.00 of the above amount was invested in four Milwaukee, Sparta & Northwestern railroad 4 per cent. bonds, par value \$4,000.00. The remainder, \$224.00, was deposited in the Savings bank and has accumulated in interest the sum of \$2.61.

*Sanborn Fund.*

Under the will of the late Mrs. Emma J. Sanborn, \$5,000.00 was bequeathed the City of Dover for the establishment of a free bed in the Wentworth hospital. In order to avoid expensive litigation in which the issue was clouded in grave doubts, the City of Dover, in common with other beneficiaries under the will, accepted a sixty per cent. dividend in full settlement for all claims. Bequest received May 23, 1911.

Capital, January 1, 1912, . . . . .		\$3,000 00
Income received, . . . . .	\$60 00	
Paid, for indigent patients, . . . . .	60 00	
	<hr/>	<hr/>
Balance to new account, . . . . .		\$3,000 00

On February 20, 1912, \$2,832.00 of the above sum was invested in three Milwaukee, Sparta & Northwestern railroad 4 per cent. bonds, par value \$3,000.00. The balance remaining and accumulated interest, aggregating \$170.94, is deposited in the Savings bank.

*Nealley Fund.*

On January 20, 1912, the City of Dover received the sum of \$5,000.00 under the will of the late Hon. B. F. Nealley, for the establishment of a free bed in the maternity department of the Wentworth hospital.

Capital, January 20, 1912, . . . . .		\$5,000 00
Income for the year, . . . . .	\$100 00	
Paid hospital trustees, . . . . .	100 00	
	<hr/>	<hr/>
Balance to new account, . . . . .		\$5,000 00

On February 24, 1912, \$4,720.00 of the above sum was invested in five Milwaukee, Sparta & Northwestern railroad 4 per cent. bonds, par value \$5,000.00. The balance remaining, \$280.00, was deposited in the Savings bank and has an interest credit of \$3.26.

# REPORT OF COMMITTEE

FOR THE

## Suppression of the Gypsy and Brown Tail Moths and Elm Leaf Beetles.

GENTLEMEN OF THE CITY COUNCILS:—

Notwithstanding the efforts that have been made during the past few years to destroy these pests, and save our fruit and shade trees from defoliation, but little progress has been made toward their ultimate extermination. From present indications the coming season will find them even more numerous than in previous years.

Early in the year proposals for the removal of the brown tail moth nests were duly advertised, and bids were received as follows:

II. W. Brooks, Portsmouth, . . . . .	\$748 00
Milton W. Ireland, Kittery, Maine, . . . . .	694 00
John L. Foss, Dover, . . . . .	675 00
Walter S. Nichols, Dover, . . . . .	670 00
Fred E. Moore, Dover, . . . . .	600 00
Ernest L. Lucas, Dover, . . . . .	596 00
Frank P. Travers, Dover, . . . . .	575 00
Fred D. McKone, Dover, . . . . .	470 00
Fred B. Stanton, Dover, . . . . .	390 00

The three lowest bidders, upon subsequent reflection, withdrew their bids, and the contract was finally awarded to Mr. Ernest L. Lucas, who immediately filed the required bond and proceeded at once with the work. Mr. Lucas fulfilled his contract to the entire satisfaction of the committee and, so far as we can learn, to the satisfaction of the public as well.

Mr. Lucas, being the lowest bidder, also secured the contract for spraying trees for the purpose of checking the ravages of the Elm leaf beetle. A bond in the sum of one thou-

sand dollars was filed with the committee to secure the city against any loss, cost, damage, or expense during the progress of the work, and the contractor fulfilled the terms of his agreement to the satisfaction of all concerned. The price per tree for spraying, was sixty-six cents. Total number of trees sprayed, 1,020. Sixty per cent. of the contract price was paid upon the completion of the work, the balance being held until the committee had received satisfactory demonstration that the work had been thoroughly and effectively performed.

Respectfully submitted,

DWIGHT HALL,

GUY M. WIGGIN,

PATRICK McENEANEY,

Committee.

Dover, N. H., December 31, 1912.

# CITY HALL COMMITTEE.

## Detailed Report

OF THE

## Receipts and Expenditures.

TO THE CITY HALL COMMITTEE:

GENTLEMEN:—I have the honor to render herewith an itemized account of the receipts and expenditures of the committee for the calendar year, 1912, also the expenditures for repairs and improvements in and about the city building.

# ANNUAL REPORT

OF THE

## Joint Standing Committee on Fire Department.

---

GENTLEMEN OF THE CITY COUNCILS :

We herewith submit to you a report of the department of which we were placed in charge, and with the filing of the same the duties and responsibilities of the committee for the current year will end; but as citizens of Dover our interest in her fire department will never end.

Your fire department is, we believe, one of the most important, if not the most important, of Dover's municipal system. It is a branch of the service where there must be always some one on guard, ever ready, when the enemy unfolds his flag of flame, to spring to the rescue of life and property.

The personnel of the department is of a high order, and so far as our observation and experience leads, we believe every man, from chief to torch boy, to be a born firefighter. The general equipment of the department is in fair condition. During the past year we have added some new material and have had quite a substantial amount of repairing done, but in a department of constant activity, like a fire department, there is always something to be repaired or replaced. In order to keep the department up to the required efficiency of effective service these necessities cannot be delayed.

The high cost of every commodity that enters into the maintenance of the department demands that your finance committee consider that point and act as liberally as possible toward the department. We purchased the past year 1,000 feet new hose, which, under ordinary conditions, will be sufficient for some years to come.

We trust you will pardon us if we make one or two suggestions for your consideration: First, we are of the

decided opinion that there should be two men on duty at all times at the Central station, certainly at night, and at such time during the day as to allow for meals and the proper exercising of the horses,—in short, there should be two men on duty at night, and the house should never be left alone by day. Second, we would recommend that the city own its fire gong or whistle, instead of paying one hundred dollars per year for outside power to blow it.

Under instructions from the City Councils your committee has had a memorial suitably engrossed and framed in recognition of the long and faithful service of our late ex-chief engineer, George E. Varney. This memorial has been hung in the Broadway fire station and is much admired by all who knew the old chief.

The bills on file in the office of the city clerk will give anyone interested a detailed statement of the disbursements of the department for the year.

Respectfully submitted,

SAMUEL MESERVE,

WALTER L. ROLLINS,

WILLIAM T. HATHAWAY,

Committee.

Dover, N. H., December 31, 1912.

# ANNUAL REPORT

OF THE

## Chief Engineer of the Fire Department.

---

TO HIS HONOR THE MAYOR AND THE CITY COUNCILS OF  
THE CITY OF DOVER:—

JAMES A. THOMPSON.

---

Steward and Driver, Hose Co., No. 2,  
EDWIN C. TREFETHEN.

Steward and Driver, Hose Co., No. 3,

LOUIS H. STEUERWALD.

---

Steward and Driver, Lincoln Hook & Ladder Co., No. 1,

WESLEY B. STERLING.

---

Lincoln Hook & Ladder Co., No. 1.

Charles H. Clark, Captain.

Charles W. Welch, Lieutenant.

W. J. Murray, Clerk.

Members:—William H. Foss, William F. King, Harry Mitchell, Frank E. Nason, Samuel E. Welch, Erving F. Wentworth, J. H. Sullivan, Fred E. Goodwin, Arthur H. Nason, George M. Baker, Edwin D. York, William S. Seavey, Thomas Hathaway.

---

Hose Co., No. 1.

Joseph Berard, Captain.

Patrick J. Bradley, Lieutenant.

Frank Tuttle, Clerk.

Members:—John Smith, James Grimes, John Sullivan, George W. Hoitt, Felix O'Neil, Samuel Linscott, Owen Preston, George Guppy, William Jones, Terrence O'Neil, Daniel Cronin, Daniel Daley.

---

Hose Co., No. 2.

Guy M. Wiggin, Captain.

Frank H. Swain, Lieutenant.

Roy Buzzell, Clerk.

Members:—Nelson U. Drew, Edgar M. Foss, John B. Hull, Albert E. Ashby, Charles W. Rollins, George Pettis, William F. Hersey, Norman A. Shorey, Walter A. Stacy, Horace Langdon, Roy Wiggin.

## Hose Co., No. 3.

Lewis A. Scruton, Captain.

Otto H. Brown, Lieutenant.

Edward F. Knott, Clerk.

Members;—Eleazer L. Jones, John McDonough, William E. Brown, August W. Biederman, William E. Casey, Fred H. Richardson.

---

## Officers of the Dover Point Volunteer Fire Company.

Captain—James W. Ford.

1st Lieut.—D'Orville L. Pinkham.

2nd Lieut.—J. Wesley Clements.

Steward—David Jackson.

Asst. Steward—Fred L. Morang.

Clerk and Treas.—Ralph E. Morang.

Finance Committee — Charles H. Morang,  
J. W. Clements, J. J. Parle.

Members:—William Courser, Fred H. Roberts, Stephen W. Roberts, John C. Coleman, George H. Coleman, George H. Card, Ernest Card, Fred J. Harrigan, Albert Hurd, Benj. Robinson, E. Oscar Pinkham, H. B. Dame, Bernard L. Loughlin, Raymond Loughlin, James Loughlin.

---

## Engineers of Steamers.

Coheco, No. 2.—Joseph Heeney.

Fountain, No. 3 —John D. Babb.

J. S. Abbott, No. 4—George E. White.

## Stokers of Steamers.

Fountain, No. 3—Alonzo Whitehouse.

J. S. Abbott, No. 4—Newell H. Young.

## APPARATUS.

There is in service at the present time one combination wagon, two second-class steam fire engines, one third-class steam fire engine, two hose wagons, one hook and ladder truck, one chemical engine at Dover Point, and three hose sleighs.

---

 HORSES.

There are seven horses in the department.

---

 HOSE.

There is at present seven thousand feet of two and one-half inch cotton hose in service; six thousand feet is in good condition; one thousand feet in fairly good condition.

---

 HYDRANTS FOR STEAMERS.

One on Folsom street.  
 One on Atkinson street.  
 Two on Hale street.  
 Four on Locust street.

---

 RESERVOIRS.

One on Chapel street.  
 One on Portland street.  
 Two on Broadway.  
 One on Sixth street.  
 One on Central avenue.  
 One on Reservoir street,

- One on Maple street.
- One on Chestnut street.
- One on Grove street.
- One on New York street.
- One on Washington street.
- One on Locust street.
- One on Court street.
- One on Tuttle square.

---

ANNUAL REPORT  
OF THE  
BOARD OF HEALTH.

---

GENTLEMEN OF THE CITY COUNCILS:—

For information as to what has been accomplished by the Health department for the year 1912, and the recommendations for the future, you are most respectfully referred to the report of the executive officer.

Respectfully submitted,

ANDREW KILLOREN,  
EVERETT L. CHAPMAN, M. D.,  
HUBERT K. REYNOLDS,

Board of Health.

Dover, N. H., December 31, 1912.

# ANNUAL REPORT

OF THE

## Executive Officer of the Board of Health.

---

GENTLEMEN OF THE CITY COUNCILS:—

In reviewing the work of the year it is manifestly apparent that the duties of the executive officer have been enlarged along various lines, particularly in the enforcement of health laws under the direction of the State board. The increase in the annual appropriation for the maintenance of the department so generously provided by the City Councils, has enabled us to correspondingly increase our field of labor, and has been productive of most gratifying results. The prompt and intelligent co-operation of the public in carrying into effect the suggestions of the board has also proven helpful in many ways.

For this evidence of public interest and encouragement the department desires to acknowledge its sincere appreciation. We also desire to recognize the good work accomplished by the ladies of Dover in their efforts to bring about a cleaner state of affairs in our public streets and to otherwise improve the sanitary condition of the city. Movements of this kind are certainly in the right direction and should receive every possible encouragement. It is a task in which each individual should feel a deep personal concern. If our property holders would devote a few moments daily to cleaning up their premises and picking up waste paper about their dwellings, a vast improvement would be manifest—an improvement which would compensate many fold for the trifling labor involved. The health officials are ready at all times to answer inquiries and render every possible assistance either to individuals or organized societies having in view the improvement of the sanitary condition of the city.

All violations of hygienic laws should be promptly reported to the board. It is impossible for the health authorities to investigate conditions in all parts of the city daily, consequently the co-operation of all our citizens is earnestly solicited to the end that prompt and effective action may be taken to protect the public from annoyance and possible danger. Many times anonymous communications are received by the board containing allegations of such an indefinite character as to render their protest absolutely useless as the means to a desired end. All complaints made to the board are considered as confidential, the name of the author of such complaints being regarded as an evidence of good faith and for the purpose of enabling the officials to get into prompt and intelligent touch with the situation.

### FINANCIAL STATEMENT.

#### RESOURCES.

Direct appropriation, . . . . .	\$3,450 00
Special appropriation for small pox, . . . . .	2,298 00
Special appropriation for night soil cart, . . . . .	100 00
Income, . . . . .	881 21
	<hr/>
Total, . . . . .	\$6,729 21

#### EXPENDITURES.

Maintaining garbage team, . . . . .	\$1,323 25
Salary, executive officer, . . . . .	849 99
Expense cleaning streets, . . . . .	497 74
Antitoxin and vaccine points, . . . . .	139 10
Care of horse, . . . . .	184 90
Fumigating supplies, . . . . .	75 39
Quarantine expense, . . . . .	73 46
Printing, . . . . .	27 50
Telephone, . . . . .	25 09
Rubber clothing, . . . . .	13 75
Medical service and supplies, . . . . .	36 86
Repairing harness and horse shoeing, . . . . .	58 70

Miscellaneous, . . . . .	\$67 01
Typewriter and supplies, . . . . .	27 25
Hardware, . . . . .	5 44
	<hr/>
Total, . . . . .	\$3,405 33
Expense, small-pox case, . . . . .	2,298 00
Extra work and night-soil cart, . . . . .	881 00
Night-soil equipment, . . . . .	100 00
	<hr/>
Total expenditures, . . . . .	\$6,684 33
Balance unexpended, . . . . .	44 88
	<hr/>
Total, . . . . .	\$6,729 21

## INSPECTIONS.

The work of inspecting yards, stables, dwellings, stores, markets, dumps, etc., has not been confined to any particular month, but has been continued throughout the year. The suggestions and recommendations of the Executive Officer have, in the main, been promptly acted upon, yet in several instances it was found necessary to adopt corrective measures in order to obtain the required results.

The number of inspections made is submitted in the following tabulation:

Cellars, . . . . .	194
Stables, . . . . .	21
Manufacturing plants, . . . . .	6
Stores, . . . . .	112
Markets, . . . . .	73
Privies, . . . . .	131
Dumps, . . . . .	693
Yards, . . . . .	104
Cesspools, . . . . .	18
Defective plumbing, . . . . .	12
Sewer chimneys, . . . . .	45
Public sewers, . . . . .	12
	<hr/>
Total, . . . . .	1,421

## NUISANCES ABATED.

The following table shows the number and character of the nuisances abated during the year:

Hog pens, . . . . .	6
Filthy cellars, . . . . .	12
Filthy yards, . . . . .	14
Filthy vaults, . . . . .	31
Animals in cellar, . . . . .	10
Improperly constructed vaults, . . . . .	10
Sewer obstructions, . . . . .	54
Slops and filth on the ground, . . . . .	6
Defective water closets, . . . . .	19
<hr/>	
Total, . . . . .	162

Number of sewer drains constructed during the year was 23.

## PURE FOOD.

There seems to be a very manifest desire on the part of our merchants to comply with the requirements of the State Board of Health relative to protecting edibles of all kinds from contamination, and to eliminate from their stock of goods all misbanded and adulterated products. Upon the invitation of the Merchant's Protective association, Mr. W. F. Purinton, Inspector for the State Board of Health, gave an informal talk to the members of that Association at their headquarters in the Masonic Temple early in the summer, upon the pure food laws now in force, which was very favorably received. In the discussion following the address it was evident that the members of the association were actuated by a desire to fully understand the requirements of the law and to see that such requirements were observed. The ready co-operation of our merchants in the work of standardizing food products is most gratifying, and has resulted in the withdrawal from the market of many products of a questionable character,

## MILK AND CREAM.

An ordinance regulating the production and sale of milk, cream, etc., was passed by the city councils in the month of April, and followed later in the year by an order requiring all dealers to operate under license. It is quite evident that the purpose and scope of this legislation has been misunderstood. The law is designed solely for the purpose of securing uniform purity in this important element in dietetics. It imposes no unreasonable burden upon the producer but insures to the consumer an article of diet produced and delivered under intelligent recognition of hygienic requirements.

Analyses of milk have been made at frequent intervals throughout the year and a decided improvement in the product is noticeable.

## VITAL STATISTICS.

Interesting deductions may be drawn from the facts presented in the following tables, assuming that the population of Dover still remains as found by the last general census, 13,247.

In the following table stillbirths are included:

Year.	Deaths.	Births.
1908, . . . . .	263	328
1909, . . . . .	258	307
1910, . . . . .	240	325
1911, . . . . .	263	302
1912, . . . . .	285	254
Totals, . . . . .	1,309	1,516

During the period embraced in the above table the bodies of 320 persons, who died elsewhere, have been brought to this city for interment.

In the following table is given a classification of the diseases or causes of death of those persons who have died in the City of Dover during the year 1912:

Accidental,.....	9	Infantile Atrophy,.....	2
Alcoholism,.....	1	Indigestion,.....	2
Angina Pectoris,.....	2	Intestinal Obstruction,.....	2
Anemia,.....	1	Intussusception,.....	1
Apoplexy,.....	1	La Grippe,.....	1
Appendicitis,.....	2	Malformation,.....	2
Arterio Sclerosis,.....	2	Mania,.....	1
Atelectasis,.....	1	Malnutrition,.....	1
Athrepsia,.....	2	Marasmus,.....	5
Brain Disease,.....	1	Membraneous Croup,.....	1
Bright's Disease,.....	2	Miscarriage,.....	3
Bronchitis,.....	2	Mitral Incompetency,.....	2
Broncho Pneumonia,.....	5	Mitral Regurgitation,.....	1

Goitre,.....	1	Uremia,.....	9
Heart Dilatation,.....	4	Whooping Cough,.....	1
Heart Disease,.....	20	No Cause given,.....	4
Hemiplegia,.....	4		
Hemorrhage of Lungs,.....	2	TOTAL,.....	291

## CONTAGIOUS DISEASES.

In the following table is given the number of contagious diseases reported during the year and resultant deaths:

	Reported.	Died.
Small Pox, . . . . .	1	0
Diphtheria, . . . . .	21	4
Membraneous Croup, . . . . .	5	1
Scarlet Fever, . . . . .	10	0
Typhoid Fever, . . . . .	10	0
Measles, . . . . .	3	0
Infantile Paralysis, . . . . .	0	0
Cerebro Spinal Meningitis, . . . . .	0	0
Pulmonary Consumption, . . . . .	10	10

In every case where contagious or infectious diseases have been reported the department has exercised the greatest care to prevent a spread of the disease, particular attention being given to fumigating the premises. The formaldehyde-potassium-permanganate method of fumigation has been used with highly satisfactory results, as in every instance the disease has been confined to the patient originally infected. Two school buildings and 264 hallways and rooms have been fumigated during the year. The number of houses placarded has reached forty-eight; visits made to patients, 564; number of cases of contagious diseases reported to the State Board of Health, forty-one; number of samples of water collected for analysis, fifteen; barber shops inspected, sixteen.

#### SMALL POX.

On September 5 a case of small pox was reported and steps were immediately taken to prevent the spread of this dread disease. The patient was immediately moved to the detention hospital and placed under competent medical care. The condition of our detention hospital has already been brought to the attention of the Councils and we trust that the time is not far distant when we shall have more modern and convenient quarters for the care and treatment of patients afflicted with diseases of a contagious character. The case was of a particularly virulent type, and was aggravated by complications of an unusual character. The patient was confined for a period of forty-six days. Vaccination was enforced upon persons residing in the locality where the outbreak occurred, and was extended to all persons brought within the zone of possible contagion.

#### GARBAGE COLLECTIONS.

The amount of refuse material collected during the year has been considerably in excess of the amount disposed of during any previous similar period. But few complaints have been filed during the year in connection with this branch of the service, and such complaints as have been

received were found, as a rule, upon investigation, to have been due to a misunderstanding, upon the part of the contributor, of the established rules of the department.

The number of loads of material collected during the year, by months, is given below:

Month.	No. Loads.
January, . . . . .	233
February, . . . . .	224
March, . . . . .	222
April, . . . . .	236
May, . . . . .	221
June, . . . . .	194
July, . . . . .	189
August, . . . . .	167
September, . . . . .	143
October, . . . . .	168
November, . . . . .	188
December, . . . . .	226
Total, . . . . .	2,411

#### WASTE PAPER COLLECTIONS.

The efforts of the department to keep our principal streets and squares free from waste paper, etc., has helped very materially to improve the appearance of our main thoroughfares. This work has been systematically followed throughout the year, but in a necessarily restricted manner, owing to the limited funds available for the purpose. Some idea of the amount of material collected can be gleaned from the following table:

Month.	Pounds.
January, . . . . .	137
February, . . . . .	204
March, . . . . .	219
April, . . . . .	439
May, . . . . .	285
June, . . . . .	447

Month.	Pounds.
July, . . . . .	539
August, . . . . .	526
September, . . . . .	484
October, . . . . .	545
November, . . . . .	556
December, . . . . .	395
<hr/>	
Total, . . . . .	4,776
Cost, in labor, . . . . .	\$325 00

## SPECIAL WORK.

Under this heading is included all work performed by the department in its efforts to advance the sanitary condition of the city, the expense of which is a legitimate charge against the individual or estate for which the work is done, such as the construction of sewer drains, the removal of night-soil, etc. In this work the city acts as the medium through which the results are obtained. As this work is done at cost the parties concerned suffer no hardship, but on the contrary they secure expert supervision of the work and such additional advantage as naturally inures to the practical accomplishment of the undertaking.

During the year a suitable cart and equipment for the removal of night-soil has been purchased. During the month ending December 21 this apparatus was in active service, 120 loads of material being disposed of. It is the intention of the department to devote particular attention to this phase of the work during the coming season.

Collections have been made during the year as follows:

*Special Work.*—H. M. Wiggin, \$22.75; Charles E. Cate, \$24.30; J. H. Seavey, \$4.50; Mrs. Dominick Durkin, \$14.81; E. K. Amazeen, \$2.00; Thomas Sherry, \$1.45; St. Thomas parish, \$25.35; Committee on Repairs of Schoolhouses, \$194.76; Norah Canney, \$2.50; Ralph Hough, \$2.00; Michael Coogan, \$57.14; C. E. Brewster Co., \$7.90; Mrs. Henry Freeman, \$3.75; estate Hannah Sterns, \$3.25; Mrs. E. F. Jenness,

\$2.25; Town of Rollinsford (fumigating supplies), \$5.90; Greek family on Main street, \$5.00; Mary Mullen, \$19.85; William E. Thayer, \$1.80; Joseph Pahafet, \$3.44; Bert Redfield, \$18.74; C. E. Burnham, \$17.50; Arvilla Emerson, \$2.00; E. A. Gowen, \$1.50; E. C. Curtis, \$4.25; John H. Canney, \$1.00; Littlefield, Frary & Co., \$8.30; Carrie Hanson, \$5.07; Fred A. Bradbury, \$16.85; Carrie R. Wendell, \$2.35; Gerald A. Scarr, \$3.00; Chas. H. Smith, \$5.00; W. H. Davis estate, \$2.40; Freeman N. Davis, \$3.06; Thomas McKenna, \$2.00; W. F. Gage estate, \$4.00; Harry A. Hayes, \$4.00; Dwight Hall, \$34.23; J. Frank Platts, \$7.00; F. W. Neal, \$8.00; H. P. Henderson, \$1.30; T. W. Woodman, \$1.30; C. N. Wallingford, \$3.00; Patrick Devlin, \$1.00; H. H. Clifford, \$2.75; W. H. Beede, \$10.14; Committee on Lands and Buildings, \$1.00; Strafford Savings Bank, \$5.29; J. F. Seavey, \$3.00; Burnham Hanson, \$1.50; St. Mary's parish, \$16.68; George Colbath, \$2.00; Winthrop Meserve, \$3.75; H. M. Shaw, \$2.00; Edwin L. Corson, \$33.75; A. M. Beavins, \$2.00; E. S. Shortridge, \$56.58; Frank Bennett, \$1.50; Mrs. C. A. Canney, \$35.50; Ethel Foss, \$3.90; E. L. Chapman, \$33.32. Total, \$776.21. Outstanding claims, \$28.32.

*Night-Soil Cart.*—J. F. Platts, \$7.00; Patrick Carroll, \$1.00; Julia Lane, \$1.00; A. G. Whittemore, \$6.00; Emma F. Towle, \$6.00; Alphonso Guilbert, \$2.00; Michael Coogan, \$6.00; Fred A. Smalley, \$1.00; F. N. Davis, \$2.00; Louis Redfield, \$2.00; T. W. Woodman estate, \$70.00; Waldo Aldrich, \$1.00. Total, \$105.00. Outstanding claims, \$28.75.

Total collections, \$881.21.

#### CONCLUSION.

Detailed records of all investigations made by the department, as well as the daily operations of the executive officer, have been maintained and are on file for future reference. Regular meetings of the board have been held, and all questions of interest to the department have been freely and fully discussed and the orders of the board promptly carried into effect. Seventy-two letters have been written

ordering the abatement of nuisances, and thirty-seven communications have been addressed to the State board of health. In all cases of doubt the opinion of the State board has been solicited and such opinion has formed the basis of action.

In concluding this report I wish to extend my acknowledgments to his Honor the Mayor, the city solicitor and members of the councils for advice and assistance so cheerfully rendered in the discharge of my official duties.

Respectfully submitted,

HUBERT K. REYNOLDS,

Executive Officer.

Dover, N. H., December 31, 1912.

# ANNUAL REPORT

OF THE

## CITY PHYSICIAN.

GENTLEMEN OF THE CITY COUNCILS:—

I have the honor to submit herewith a summary of the professional visits made by the city physician during the year ending with date:

Calls made on patients, . . . . .	186

# ANNUAL REPORT

OF THE

## Board of Street and Park Commissioners.

TO THE CITY COUNCILS OF THE CITY OF DOVER:—

GENTLEMEN:—The board of street and park commissioners respectfully submits the tenth annual report of the department, together with the detailed report of the book-keeper and time-keeper, as follows:

### ORGANIZATION.

From January 1st until February 16th the organization remained the same as last year, on which last date Messrs. Nute, Woodman and Langmaid were removed, and on March 5th Dr. George R. Smith, Messrs. Charles H. Foss and Wm. H. Roberts were appointed to fill their respective unexpired terms. On March 11th, after the oath of office had been administered to the new members by City Clerk Quimby, the board organized and Dr. George R. Smith was chosen vice chairman. On December 4th Dr. Smith resigned as a member of the board and Mr. Samuel Meserve was appointed to fill the unexpired term.

On June 30th Mr. Lucas ceased to be superintendent of streets, and on August 17th Mr. Arthur Rogers, of Hyde Park, was elected to the vacancy.

On March 16th the by-laws were amended so that the board should meet once each week. The meeting is held each Saturday afternoon at 4.30 o'clock.

On March 30th Mr. John W. Davy was elected book-keeper and time-keeper in furtherance of the plan outlined in our last report. He has proved a valuable acquisition and is rapidly perfecting a system of cost-keeping which will be of much value to the city and which will render the reports of statistical importance and tend to place this

department of our city, in the eyes of the rest of the State, towards the top of the list of progressive and business-like departments.

Several changes have been made in the highway surveyors, a list of whom may be found elsewhere.

On February 1st a report on the cost of paving certain streets was submitted to your honorable body, and such other information as may have been requested, from time to time, we have endeavored to courteously supply.

#### STATE ROAD.

No appropriation was made for extending the State road nor for the maintenance of that already built, consequently that road had to be maintained out of the regular highway appropriation. The method adopted was to keep the macadam covered with a wearing coat of sand. This is a cheap method and the State highway department, in view of all the circumstances, assented to it and contributed \$376.77, or one-half the cost of the entire maintenance. This method is not, however, up to the standard set by the State highway department, and doubtless an oiled surface will be required next year.

#### SEWERS.

Pipe sewers have been laid on Second, Young, Pidgin, Silver and Lincoln streets and Towle avenue; and the trunk line sewer, from Hill street northerly, has been extended the entire length of Milwaukee street. This important trunk line sewer should be completed next year, as the overcrowding of the Central avenue sewer is already apparent. We regret that we were unable to do anything with the Drew brook trunk line sewer, but the appropriation did not warrant it. We recommend a liberal appropriation next year for that purpose.

#### BRIDGES.

A new bridge has been built over the Cocheco river on Central avenue. It is of steel and concrete construction, is

designed for fifty-ton electric cars and twenty-ton road rollers and conforms in all respects to the Massachusetts standards and to the American Railway Engineering and Maintenance of Way specifications. On account of the insufficiency of the former foundations entirely new piers were built, which somewhat increased the cost and materially lengthened the time for completion, but the work was very thoroughly done and with proper care as to painting the bridge should last a century. The lower Washington street bridge is being painted and replanked, the Whittier's Falls and Watson bridges have been cleaned and painted and the Watson bridge replanked. Next year it will be necessary to clean and paint the upper Washington street bridge. It will also be advisable to put concrete floors on many of the short span bridges. There is at present at the city farm a lot of steel and iron which may be fashioned into shapes for floor systems for several bridges, notably the Varney, Bellamy and Blackwater bridges, as well as others. It is the intention of the board to have this material properly utilized.

#### SIDEWALKS.

But little except the ordinary repairs has been done on sidewalks this year. On account of the city furnishing and selling to the bridge contractors the crushed stone used in the concrete, by which a considerable profit was made, as well as a superior grade of concrete assured, several of the sidewalk crew were there employed. Consequently all that was intended was not accomplished, but with conditions returned to the normal next year much work is in contemplation.

#### HIGHWAYS.

That section of Central avenue north of the railroad crossing treated with tarvia four years ago, having proved such a success, as well as the fact that the trend of the times is in the same direction, determined this board to still further continue this particular phase of road construction. During the year two tank car loads of tarvia have been used on

Washington street and on Central avenue. A new departure has been the construction of many crossings and sidewalks by the same method. Another great advantage in the use of tarvia, or a heavy asphaltic oil, is that only the pea size of stone dust is used, thus saving for other uses the finer portions. Several long stretches of cinder sidewalks have been covered with this preparation, and wherever applied the abutters have spoken very highly of it. It would seem as though all the cinder walks in the city could be thus covered. By putting edgestones along these walks erosion would be prevented and thus a semi-permanent walk might be laid at a minimum of cost. Orchard and Waldron streets have been resurfaced as well as a number of less important thoroughfares, for a complete list of which, as well as for the cost of same, reference may be had to the report of our book-keeper and time-keeper hereto appended.

Respectfully submitted,

DWIGHT HALL,

CHARLES H. FOSS,

WILLIAM H. ROBERTS,

WILLIAM A. GROVER,

Board of Street and Park Commissioners.

# STREET AND PARK COMMISSIONERS.

## Detailed Statement

OF THE

## Financial and Industrial Condition for the Year 1912.

TO THE BOARD OF STREET AND PARK COMMISSIONERS:—

GENTLEMEN:—As required by your board I have the honor to submit herewith a statement of the financial condition of the department, together with a summary of the work accomplished during the year.

### HIGHWAY DEPARTMENT.

#### RESOURCES.

Balance from year 1911, . . . . .	\$ 51 35
Appropriation, year 1912, . . . . .	23,000 00

## STONE CRUSHING.

In connection with the work done on the highways, the getting out of stone was started in the early spring. The crusher was started May 3 and worked at different times as the demand for stone required. Crushing ceased December 18. During the season 4,470.85 tons were crushed, the labor expense being \$3,004.00. Crusher expense, \$694.91; (which included coal, oil, and repairs) ledge expense, \$181.05 (which included dynamite, fuse etc.), making a total expense of \$3,879.96.

## HAY FROM CITY PROPERTY.

Haying was commenced June 25, and concluded July 3. During that period 35 $\frac{1}{4}$  tons were made and stored in the city barn, expense for horses and labor being \$198.72.

## STORING SAND FOR SIDEWALKS.

At various times during the summer and fall there has been stored for winter use, 101 loads of sand at a labor expense of \$134.56. At the same time all stones suitable for paving were taken out, amounting to 15 loads, cost in labor \$27.39, and hauled to the city farm for future use.

## SURFACE WATER CHIMNEYS.

This is a phase of work which should receive immediate attention. During the past season many new catch-basins have been built to replace the old chimneys. The cost of cleaning and keeping in repair would be greatly lessened, however, if catch basins were built to replace all chimneys. This policy has been carried out this year. Being easy of access the cleaning is more properly and thoroughly done. Sixty-eight loads have been taken out of the various chimneys at a labor cost of \$136.13.

## BRIDGES.

The Watson bridge has been thoroughly cleaned and painted, also one course of planking has been put on, at a cost for material of \$47.00, labor \$104.13; total, \$151.13.

The Whittier's Falls bridge has been thoroughly cleaned and painted at an expense for material of \$25.00 labor, \$131.11; total, \$156.11.

The Lower Washington street bridge is being thoroughly cleaned, painted and replanked at the present time.

The new Central avenue bridge has required the attention of the highway department since the completion of the iron work. Eighty-nine loads cinders have been put on the bridge, the cinders on the sidewalk being covered with (three loads) pea stone and dust, at an expense of \$48.02.

#### TRIMMING TREES.

During the past year, decayed limbs on several of the trees have been removed, also a number of dead trees have been cut down in the interest of public safety. Cost of labor, \$70.66.

#### FENCES.

Fences have been rebuilt at Sawyer's bridge: Material cost, \$3.39; labor, \$6.21; total, \$9.60; also one on Stark avenue, the material cost being \$9.19; labor, \$3.61; total, \$12.80.

#### OILING.

Several of our side streets have received an oil treatment as a dust preventative. While this treatment did not produce the results wished for it demonstrated the fact that the proper kind of oil, properly applied, would greatly decrease the dust nuisance.

#### GARRISON HILL APPROACHES.

The Ascension avenue approach to the top of the hill was the one thought to be most appropriate, consistent with the fund left to the city by the late Mrs. Abbie M. Sawyer for that purpose. The brush and small growth was cut off and burned at a labor cost of \$34.22. The Varney street approach was made passable by the cutting out of the low growth, the labor cost being \$6.00.

## STREET CLEANING.

Early in the summer the work of keeping our streets in a clean and sanitary condition was begun, in conjunction with the executive officer of the board of health. This work was carried on up to the commencement of winter, when further work in that line had to be suspended owing to weather conditions. The street sweeping machine was put at work in the business section of the city at various times, while one, and sometimes two, men were continuously at work cleaning the gutters and streets with hand sweepers. This work was very well done considering the amount of territory covered. The streets laid out for this work were: Third from the railroad crossing to Central Avenue, Broadway to Chapel, Chapel to Main, Main, Franklin Square and Central Square, Central Avenue from the B. & M. railroad crossing to Kirkland, also the northerly end of Locust, Washington from Main to the Post Office. No appropriation was made for this work consequently the expense was charged to the highway appropriation. During the year 612 loads were taken away at a cost in labor of \$803.56.

## GUTTER CLEANING.

This work was commenced early in the summer and continued until the frost made it inexpedient to carry it along further. The territory covered embraced all streets outside the business section.

The large labor expense was mainly due to the great amount of material hauled away. Notwithstanding the fact that abutters took many loads of the material to fill in low places on their own premises, the Highway Dept. teams hauled away 1,382 loads. The labor expense of cleaning and hauling away was \$1,360.22. A feature of this work was the cleaning up of the leaves in the fall, thus avoiding the stopping up of sewers and the necessity of cleaning out the chimneys later.

The road machine was used on various streets, as follows:

	Cost of Labor.
Rutland street, . . . . .	\$5 97
Portland street, . . . . .	26 72
Silver street, . . . . .	6 11
Stark avenue, . . . . .	3 39
Sixth street, . . . . .	5 39
Watson street, . . . . .	9 39

The King drag was used on Atlantic avenue. Labor cost, \$11.28; Glenwood Ave., labor cost, \$2.50.

Loose stones were picked up from the following streets at a labor cost as follows: Arch street, \$1.67; Central avenue, \$2.25; Hanson street, \$6.49; Sixth street, \$5.50.

Oiling highway in front of Wentworth Hospital and Wentworth Home for the Aged: Material, \$20.00; labor, \$13.61; total, \$33.61.

#### STATE ROAD.

The State road has been covered with a coating of sand or gravel several times during the past year, as the occasion required. While this material was accepted by the State Highway Commission as a protection, it does not come up to the requirements of a preservative.

That part of the State road extending from Central avenue to the Somersworth line has received 187 loads of gravel; material and labor expense, \$192.54.

The part extending from Stark avenue to the Dover Point bridge has received 398 loads of gravel; material and labor expense, \$659.56. Of this amount \$84.50 represents the cost in labor performed by the city employees, the balance being performed under the direction of the surveyors of Districts No. 15 and No. 16.

# ANNUAL REPORT

OF THE

## Joint Standing Committee on Lights.

GENTLEMEN OF THE CITY COUNCILS:—

There seems to be but little need of reviewing the labors of your committee during the year, as the entire street lighting system has been changed; the new contract dating from this report.

Under the contract formerly in force the city was furnished 145 arc lights, of 1200 candle power, at an annual rental of \$80.00 per lamp, and 44 incandescent lamps, of 60 candle power, at \$30.00 per lamp per year, burning all night, moonlight schedule. The new contract calls for all night lighting throughout the year, from dusk until daylight.

The substitution of Mazda lamps of varying degrees of brilliancy, ranging in price from \$25.00 to \$80.00 per lamp per annum, permits the installation of many more lamps than heretofore in service without increasing the aggregate cost.

The lights in force January 1, 1913, are as follows:—

135	200	candle power	Mazdas	at	\$54	00	each	per	year.
134	80	“	“	“	“	29	00	“	“
41	60	“	“	“	“	25	00	“	“
9	350	“	“	“	“	80	00	“	“

Total annual cost of lamps as above, . . . . \$12,921 00

Total annual cost of lamps, former contract, . . \$12,920 00

For general information and as a matter of reference, we give below the full text of the contract, which supersedes all previous agreements between the city and the Twin State Gas and Electric Company:—

Articles of Agreement made this 30th day of December,

1912, by and between the Twin State Gas and Electric Company, a corporation duly established by law and having one of its principal places of business in the City of Dover, County of Strafford and State of New Hampshire, by W. C. Meloon, General Manager, duly authorized, herein-after called the party of the first part, and the City of Dover, a municipal corporation in the County of Strafford and State of New Hampshire, by its Joint Standing Committee on Lights, James P. Roberts, Charles J. Mallen, and Herbert E. Meader, duly authorized, party of the second part.

Witnesseth:—Said company hereby agrees to furnish and supply from the date of this contract until the first day of January, nineteen hundred and eighteen, such number of Mazda Incandescent Lamps from sixty (60) to three hundred and fifty (350) candle power as said city may require for lighting its streets and public thoroughfares, and to light the same all night from dusk to dawn, every night, during said term.

Said company shall also, during said term, maintain all of the aforesaid lamps in proper and suitable condition, and will, at its own cost, erect and maintain all poles, wires, lamps and fixtures that may be necessary to furnish the said lights, and the said company's inspectors shall at all times, when the same is necessary, make proper renewals of said lamps.

It is agreed that the said city shall report to the said company, at its office or to its agents in the City of Dover, all lights out as promptly as possible, and if the lights so reported shall not be repaired within three hours from the time of such report then the city may deduct from the payment of the current month a sum bearing such proportion to the annual price per lamp as that time during which such lights are out bears to the total hours per annum during which said lamps should be lighted.

Said company agrees to furnish and maintain said lamps as aforesaid at the following named prices:

350	candlepower,	\$80 00	per lamp per year.				
200	"	54 00	" " " "				
80	"	29 00	" " " "				
60	"	25 00	" " " "				

The candlepower herein specified is the commercial rating of the lamps to be furnished, and if the said lamps are so maintained and operated as to produce an illumination equal to eighty (80) per cent. of the rated candlepower, such operation shall be, and be construed as, a fulfillment of this contract, but if the candlepower furnished shall fall below eighty (80) per cent. of such rating, such failure shall give to the city, after notice to the company of said deficiency in the illumination and failure on its part to replace said lamps or repair said condition, the right to deduct from the payment of any month in which said deficient candlepower is furnished, such proportion of the *pro rata* price during such deficiency as the candlepower deficient bears to the rated candlepower of the lamp.

Said above rates are made and agreed to by the said company upon the consideration that not less than twelve thousand dollars per year shall be paid for street lighting under this contract.

Said company further agrees that if said company shall furnish the same service to any other city at a less rate than provided for in this contract, said company hereby agrees to furnish said city of Dover at such reduced rates.

Said company shall be governed and controlled by said city in the location and relocation of any and all lights and poles to be used in the lighting of the streets of the city, under the terms of this contract, expenses of changes of location and relocation to be borne by said Twin State Gas and Electric Company.

The City of Dover hereby agrees to pay to the said Twin State Gas and Electric Company for said lamps and power furnished as aforesaid the following table of rates, payable before the tenth of every month, namely:

350 candlepower,	\$80 00	per lamp per year.				
200	"	54 00	"	"	"	"
80	"	29 00	"	"	"	"
60	"	25 00	"	"	"	"

It is further agreed by and between the parties hereto that the said city, by its officers or agents, shall have the right to enter upon the premises of said company to inspect meter thereon, to see that the efficiency is maintained.

It is agreed by and between the parties hereto that in case the power station or apparatus of said company shall be destroyed or seriously damaged by fire, or other unavoidable casualty, during said term, so that the said company can no longer furnish said electricity herein contracted for, the compensation to be paid by the said city as aforesaid shall be suspended and abated until said company shall have rebuilt or restored its power station or apparatus and is ready to furnish electricity, but said company must use all reasonable efforts to furnish said service as soon as possible.

It is agreed that any and all other contracts now in force between the parties hereto shall be and are cancelled by the execution of this contract.

In witness whereof the said Twin State Gas and Electric Company on the day and year first above written has hereto subscribed its corporate name and affixed its seal, under the hand of W. G. Meloon, General Manager, duly authorized, and the City of Dover has hereto subscribed its corporate name and affixed its seal, by James P. Roberts, Charles J. Mallen and Herbert E. Meader, Joint Standing Committee on Lights, duly authorized by vote of the City Councils of the City of Dover.

THE TWIN STATE GAS AND ELECTRIC CO.,  
by W. G. MELOON,  
General Manager.

THE CITY OF DOVER,  
by JAMES P. ROBERTS,  
CHARLES J. MALLEN,  
HERBERT E. MEADER,  
Joint Standing Committee on Lights.

In presence of GEORGE T. HUGHES.

That the city is receiving much better service than heretofore is universally admitted, the lights being more uniformly distributed and so arranged as to render the highest degree of efficiency.

Respectfully submitted,

JAMES P. ROBERTS,

HERBERT E. MEADER,

Committee.

Dover, N. H., December 31, 1912.

# ANNUAL REPORT

OF THE

## Board of Police Commissioners.

---

TO THE BOARD OF MAYOR AND ALDERMEN, CITY OF DOVER:—

Agreeably to a provision contained in Section 6, Chapter 189, of the Laws of 1903, the police commissioners of the City of Dover make the following report for the year ending December 31, 1912:—

The regular monthly meetings have been held throughout the year, and such special meetings as the business of the department made necessary.

On January 17, 1912, at a special meeting of the commissioners, Daniel J. Murray was elected a regular officer to fill the vacancy caused by the death of Robert Giroux. There have been no other changes in the regular force.

At the regular meeting of the commissioners, held December 11, there were 72 special officers appointed with a term of office of one year dating from January 1, 1913, unless sooner revoked. Where formerly all special officers were appointed to serve for an indefinite period, or at the will of the appointing power, in conformity with the policy now adopted by the commissioners, all special police officers are appointed to January 1, next succeeding the date of appointment.

There has been one important addition made to the equipment of the department. At the regular meeting held June 11, it was voted to buy a motorcycle. At the same meeting Frank W. Jones was appointed a special police officer to enforce a stricter observance of the automobile speed laws. The extremely satisfactory results obtained have

more than justified the extra expense incident to the purchase of the machine and the maintenance of the traffic officer.

The report of the city marshal is herewith annexed.

Respectfully submitted,

THOMAS H. DEARBORN,

JOHN KIVEL,

STACY L. HANSON,

Board of Police Commissioners.

Dover, N. H., December 31, 1912.

# ANNUAL REPORT

OF THE

## CITY MARSHAL.

---

TO THE BOARD OF POLICE COMMISSIONERS, DOVER, N. H.—

I have the honor to submit herewith the report of the city marshal of the Dover police department, for the year ending December 31st, 1912.

There has been, in the last year, a large amount of work done by the department for out of town authorities, and many criminals have been run down and clues traced by the officers, showing efficiency and a united action on the part of the force.

The number of arrests for drunkenness during the past year has been the smallest number for nearly a decade. The number of lodgers who have sought shelter at the police station during the past year has decreased over one hundred from the year previous.

A large number of tramps and suspicious persons have been arrested during the past year and locked up at the police station over night, thereby insuring, to a certain degree, the welfare and safety of our homes and citizens.

I desire, at this time, to express my sincere appreciation to the members of the police commission for their encouragement and co-operation in the work of the department, and to thank the Court for its friendly advice, good will and assistance, as well as the officers, for their loyal and earnest support during the past year.

The total number of arrests for the year ending December 31, 1912, as taken from the records of the department, were 887, of which 837 were males, and 50 were

females. The total number of arrests of persons under seventeen years of age, was 26:—

Abandoning child, . . . . .	3
Adultery, . . . . .	2
Aggravated assault, . . . . .	7
Arrest on mittimus, . . . . .	11
Arson, . . . . .	1
Assault, . . . . .	55
Assault and drunkenness, . . . . .	2
Assault and larceny, . . . . .	1
Assault with intent to kill, . . . . .	1
Assault with intent to rob, . . . . .	1
Attempted larceny from person, . . . . .	3
Bastardy, . . . . .	1
Begging, . . . . .	6
Breaking and entering in the night time, . . . . .	2
Breaking, entering and larceny in the night time, . . . . .	11
Breaking, entering and larceny in the day time, . . . . .	1
Carrying concealed weapons, . . . . .	2
Defacing building, . . . . .	1
Defrauding hotel keeper, . . . . .	2
Delirium tremens, . . . . .	3
Delivering liquor to a dry-lister, . . . . .	3
Desertion from the United States Army, . . . . .	1
Discharging fire arms on Sunday, . . . . .	1
Disorderly conduct, . . . . .	5
Drunkenness, . . . . .	472
Drunkenness and carrying concealed weapons, . . . . .	1
Drunkenness and escaped prisoner, . . . . .	1
Drunkenness and fornication, . . . . .	2
Drunkenness and begging, . . . . .	2
Drunkenness and violating the automobile law, . . . . .	1
Escaped from State Hospital, . . . . .	2
Escaped prisoners, . . . . .	20
Fighting, . . . . .	2

Forgery, . . . . .	1
Fornication, . . . . .	8
Gambling, . . . . .	2
Idle person, . . . . .	10
Insane, . . . . .	2
Jumping bail bond, . . . . .	1
Keeping a gambling place, . . . . .	4
Keeping adulterated food for sale, . . . . .	2
Keeping disorderly house, . . . . .	6
Keeping liquor for sale, . . . . .	5
Keeping unlicensed dog, . . . . .	3
Larceny, . . . . .	33
Maintaining a nuisance, . . . . .	1
Manslaughter, . . . . .	1
Non-support, . . . . .	5
Obtaining money under false pretenses, . . . . .	2
Rape, . . . . .	3
Refusing to assist an officer, . . . . .	1
Runaway girl, . . . . .	1
Safekeeping, . . . . .	100
Selling cigarettes to a minor, . . . . .	2
Selling liquor to a minor, . . . . .	1
Selling liquor without United States revenue stamp, . . . . .	1
Street-walking, . . . . .	5
Stubborn child, . . . . .	1
Suspicious persons, . . . . .	42
Threatening to do bodily harm, . . . . .	1
Truancy, . . . . .	3
Using obscene and profane language, . . . . .	1
Violating automobile law, . . . . .	8
Violating caucus law, . . . . .	1
Violating State sanitary law, . . . . .	1

---

 887

The 887 arrests were disposed of as follows:—

Appealed to the Superior Court, . . . . .	10
---	----

Bail forfeited, . . . . .	2
Bound over to the Superior Court, . . . . .	41
Committed to the House of Correction, days and costs, . . . . .	121
Committed to the House of Correction on failure to pay fine, . . . . .	42
Committed to jail, . . . . .	23
Committed to State Hospital, . . . . .	2
Continued, . . . . .	5
Continued for further order, . . . . .	1
Continued for sentence, . . . . .	131
Delivered to father, . . . . .	1
Delivered to out-of-town officers, . . . . .	21

Patrick Hanratty, 325 Central avenue, . . . . .	3
Frederick J. Harrigan, Hilton Hall, Dover Point, . . . . .	2

The total receipts from fees and forfeitures in the city of Dover under the license law, less such part of ten per cent. of such amount as may be reserved for the maintenance of the State board of license commissioners, is equally divided between the town contributing and the county in which such town is located. The aggregate amount received by the city of Dover from this source since the adoption of the law May 12, 1903, is \$113,625.69.

**ANNUAL REPORT**  
OF THE  
**CITY SOLICITOR.**

---

GENTLEMEN OF THE CITY COUNCILS :—

I have the honor to submit the following report for the year ending December 31, 1912.

At the September term, 1909, of the Superior Court, an action was entered by Grace B. Henderson against the city to recover damages, as she claimed, by reason of the construction of a pipe line from the Hussey springs to the filter bed. This action was tried at the September Term of the Superior Court, 1912. Judgment was rendered against the city, and damages assessed at one dollar and costs of one dollar.

At the September Term of the Superior Court, 1911, an action was entered against the city by Andrew Rollins, to recover damages alleged to have been caused by the diversion of the waters of Rollins brook by the city. At the February Term of the Superior Court this cause was, by agreement, referred to the Hon. William M. Chase, as master, and judgment was rendered against the city for one hundred and fifty dollars and cost.

At the September Term of the Superior Court, 1910, an action was entered by the city against Flossie Audeaux, for services rendered at the Wentworth Hospital. At the September Term, 1912, of the said Court, this cause, by agreement of parties, was referred to William H. Roberts as referee, and is still pending.

At the February Term of the Superior Court, 1912, in the action of the city against Frank E. Mulligan, for care and attendance rendered Margaret Goggin at the Wentworth

hospital, judgment was rendered against the defendant for seventy dollars and twenty-one cents, with costs of twenty dollars and ninety-one cents. Judgment satisfied.

Several claims against the city have been submitted to me, most of which have been investigated and reported to your honorable board; the others are at this time under investigation.

Respectfully submitted,

ALBERT P. SHERRY,

Solicitor.

Dover, N. H., December 31, 1912.

# ANNUAL REPORT

OF THE

## Joint Standing Committee on Repairs of Schoolhouses.

GENTLEMEN OF THE CITY COUNCILS:—

Your joint standing committee on repairs of schoolhouses submits herewith a summary of the work performed by the department for the year ending December 31, 1912.

### FINANCIAL STATEMENT.

#### RESOURCES.

Direct appropriation, . . . . .	\$3,000 00
Special appropriation, . . . . .	300 00

Dover Water Works, . . . . .	2 95
Patrick J. Bradley, . . . . .	5 00

---

 11 50

## General Repairs:—

Fred E. Heath, . . . . .	\$62 25
E. Smart & Son., . . . . .	4 45
O. E. Smart & Co., . . . . .	11 70
Arthur R. Watson, . . . . .	5 00
Charles H. Dearborn, . . . . .	1 50
Edwin E. Blake, . . . . .	2 35
Charles H. Mitchell, . . . . .	10 25
Herbert M. Davis, . . . . .	1 00
Auren W. Hayes, . . . . .	8 85

---

 107 35

## Hardware, etc.;—

F. W. Neal, . . . . .	\$102 78
C. L. Jenness, . . . . .	41 71
J. H. Seavey, . . . . .	11 00

---

 155 49

Total, . . . . .	\$3,852 74
Balance unexpended, . . . . .	22 26

---

 Total, . . . . . \$3,875 00

Details of the foregoing expenditures can be readily ascertained by consulting the itemized bills on file in the office of the city clerk.

The action of the sub-committee on health of the school committee, emphasized by the opinion of the board of health, relative to previously existing conditions at the Sawyer schoolhouse, necessitated the expenditure of a large sum of money to correct the defects complained of and to bring the building into a proper hygienic condition. The toilets, as

well as the ventilating and drainage systems at this building, have been thoroughly reconstructed, and various other changes, co-incident to the general renovation of the premises, have been made. We believe that this building, in its sanitary aspect, represents the ideal in hygienic progression.

In fact, the labors of your committee throughout the year, have been largely concerned with sanitary measures and their practical application in safeguarding the health and adding to the comfort of both teachers and pupils.

The basements of all school buildings have been thoroughly cleaned out and whitewashed, new cellar windows, both for light and ventilation, put wherever practicable, electric lights installed for the greater convenience of the occupants of the buildings, and bubbling fountains, made necessary by the abolition of the common drinking cup, generally installed.

The Sherman and Lower Neck school buildings have been shingled, and such alterations and repairs made in the remaining buildings as the school authorities required.

We believe that the work along hygienic lines, which has been given such an impetus during the past year, should be continued until every school building in the city shall have been brought up to the highest possible standard of sanitation.

Respectfully submitted,

GUY M. WIGGIN,  
HENRY O. DEMERS,  
OZRO E. SMART,  
Committee.

Dover, N. H., December 31, 1912.

# REPORT

OF THE

## Special Committee on Construction of New Ward House.

GENTLEMEN OF THE CITY COUNCILS:—

Your joint special committee having in charge the construction of the ward house in ward four submits herewith a brief summary of the work involved in carrying out the purpose for which the committee was appointed.

It seems unnecessary to review the legislation passed by the City Councils preceding the actual beginning of the work, such as the creation of the committee, the purchase of the Cressey lot immediately south of the Hale schoolhouse on Locust street and the formal acceptance of the building plans, as those details are matters of record and are open to inspection.

The original appropriation was \$2,500.00. Of this sum \$850.00 was paid for the lot, leaving but \$1,650.00 for construction purposes. The building is of cement construction (with shingled roof), outside dimensions 44 feet by 25 feet 6 inches. It has an ornamental portico, reached by two cement steps, and a cement floor covers the entire interior areal space. The structure presents a very pleasing perspective, and as a very large per cent. of the material entering into its construction is of a practically indestructible nature, the cost of maintenance and repairs is reduced to a minimum.

### COST OF BUILDING.

Wood work, . . . . .	\$628 93
Mason work, . . . . .	894 00
Advertising proposals, . . . . .	14 70

Architect's fees, . . . . .	\$74 90
Cleaning up premises, . . . . .	1 25
	<hr/>
	\$1,613 78
Cost of land, . . . . .	850 00
	<hr/>
	\$2,463 78

The above represents the total cost of the building and the land upon which it is erected.

In the following tabulation is presented a detailed statement of the expenditures for furniture and general equipment:

FURNISHING ACCOUNT.

(Charged to Election Expenses.)

J. R. Worster, labor and material, constructing voting booths, . . . . .	\$22 79
John Baty, 18-in. galvanized iron ventilator, station heater, pipe and labor, . . . . .	56 15
Swett & Varney, electrical wiring and equipment, . . . . .	25 93
John Hughes, trucking platform from city farm and return, . . . . .	50
Wm. S. York, trucking settees from Garrison Hill schoolhouse, . . . . .	1 00
T. S. Gas & Electric Co., lamps, . . . . .	1 50
E. Morrill Furniture Co., chairs, . . . . .	4 50
C. F. Furbish & Son, angle irons and bolts, . . . . .	7 15
R. G. Bishop, labor and material, laying floor for election officers, . . . . .	59 78
	<hr/>
Total, . . . . .	\$179 30

Respectfully submitted,

DWIGHT HALL,  
JOSEPH HEENEY,  
HERBERT E. MEADER,  
FRANK R. BLISS,

Committee.

Dover, N. H., December 31, 1912.

# ANNUAL REPORT

OF THE

## Joint Standing Committee on Lands and Buildings.

---

GENTLEMEN OF THE CITY COUNCILS:—

The province of the committee on lands and buildings comprehends all real property owned by the city not specifically placed under the care of other municipal departments. Thus it will be understood that the city hall, the public library and all school buildings, the Wentworth hospital, the city farm and pest house, the buildings connected with the water works, all public parks and playgrounds as well as public streets and squares, are outside of our jurisdiction and are not considered in this report. For information as to the condition of these various properties you are referred to the several department reports.

The appropriation at our disposal was \$1,050.00. In order to demonstrate the care with which this appropriation has been expended we submit herewith a summary of the work accomplished, with the attendant expense.

The flooring at the Central Fire station was found to be unsafe, investigation revealing such a state of decay as to render its entire replacement necessary. The flooring rests upon a brick sub-surface, in which channels for supporting timbers are provided. Upon these timbers (which also had to be replaced) are spiked a covering of two-inch planks upon which the maple flooring is laid. The material and labor cost for this undertaking aggregated \$405.80. This station was also repainted inside, the contract price being \$93.07. Other work at this building included glazing, \$5.35;

lumber, hardware and labor, \$11.88; plumbing repairs, \$16.80; flag, pole and labor fixing pole in place, \$28.57.

At the Broadway Fire station an entirely new heating apparatus was installed, at an expense, including repairs to water pipe connection, of \$377.32. The roof of this building was repaired at a cost of \$13.55, and the doors repaired and repainted at an expense of \$27.12.

At the Sawyer station \$22.63 was expended in painting and papering; lumber and labor called for an outlay of \$6.80; cleaning out cesspool, \$1.00; plumbing repairs, \$7.30, and glazing, \$5.00.

In addition to the above, \$30.67 was expended in repairing the horse stalls at the several stations and \$2.80 paid for re-seating chairs. All the work performed has been thoroughly and satisfactorily done and an honest equivalent secured for every outlay.

Respectfully submitted,

JOSEPH HEENEY,

A. E. ASHBY,

JOHN CLANCY,

Committee.

Dover, N. H., December 31, 1912.

# ANNUAL REPORT

OF THE

## Committee on Poles and Wires.

---

TO THE BOARD OF MAYOR AND ALDERMEN:—

GENTLEMEN:— Your committee to whom the statutory powers of the board of mayor and aldermen, relative to the location and general structural condition of all poles and wires maintained in the streets, squares, etc., of the city, has been delegated, submit herewith a report of the additions and changes authorized during the year ending December 31, 1912.

NEW ENGLAND TELEPHONE & TELEGRAPH CO.

### *New Locations:—*

On Baker street between Broadway and East Concord street.

On Hancock street between Portland street and a point opposite the residence of Samuel Haley, No. 6 Hancock street.

On Glenwood avenue between the end of present pole line at pole No. 6 and Mineral street.

One pole opposite No. 43 Silver street.

One pole opposite No. 61 Silver street.

On Roosevelt avenue between Mt. Vernon street and end of Roosevelt avenue.

On Essex street between Portland and Forest streets.

On Forest street between Hancock street and the end of Forest street.

### *Re-locations:—*

One pole at a point opposite No. 55 Silver street.

One pole opposite No. 179 Mt. Vernon street, to corner of Mt. Vernon and Abbott streets.

On Lexington street between Washington and Silver streets.

TWIN STATE GAS & ELECTRIC CO.

Back River road, three poles.

Dover Point road from Sawyer's farm to Dover Point bridge.

Central avenue, between Locust and Trakey streets, four poles.

Hanson avenue, two poles.

Watson street, three poles.

Rutland street, four poles.

Summer street, between Belknap and Elm streets, three poles.

Summer street, between Locust street and Central avenue, two poles.

Cushing street, between Washington and Silver streets, five poles.

Middle street, two poles.

Church street, one pole.

West Concord street, between Lexington and Arch streets, four poles.

Prospect street, one pole.

Orchard street, two poles.

Walnut street, one pole.

Waldron street, four poles.

School street, two poles.

Third street, between Chestnut and Grove streets, three poles.

Portland street, four poles.

East street, two poles.

Fourth street, five poles.

Milk and Mt. Vernon streets, one pole.

Maple street, between Sixth and Hough streets, four poles.

Maple street, between Hough and Ash streets, two poles.

Grove street, between Hough and Ash streets, two poles.

Mt. Vernon street, between Hough and Ash streets, three poles.

Ash street, between Mt. Vernon street and Central avenue, three poles.

Mt. Vernon street, between Ash and Abbott streets, one pole.

Hill street, between East Concord street and Broadway, two poles.

Florence street, one pole.

Oak street, between Park street and Broadway, five poles.

Varney street, two poles.

Central avenue, between Lowell avenue and Gage's Hill, seven poles.

Tolend road, 27 poles.

The revision of the lighting system and the extension of the service necessitated the addition of many new poles, which accounts for practically all of the new locations granted the lighting company.

We are of the opinion that a permanent official should have charge of the work delegated to your committee, to the end that some definite policy might be adopted and more desirable results obtained.

Respectfully submitted,

JAMES P. ROBERTS,

EDWIN L. CORSON,

Committee.

Dover, N. H., December 31, 1912.

## TO THE CITY COUNCILS OF THE CITY OF DOVER:—

GENTLEMEN:—The Board of Trustees of Pine Hill Cemetery herewith respectfully submits a summary of their official acts during the year, together with such financial and statistical data as may enable the citizens of Dover to clearly comprehend the status of the department at the close of business December 31, 1912.

## RESOURCES.

Balance from the year 1911, . . . . .	\$9 73
Appropriation by City Councils, . . . . .	3,500 00
Received from sale of lots, . . . . .	1,102 00
General income, . . . . .	4,915 68
	<hr/>
Total, . . . . .	\$9,527 41

## EXPENDITURES.

Salaries and wages, . . . . .	\$5,534 39
Hay, grain, etc., . . . . .	\$259 18
Shoeing horses and blacksmith work, . . . . .	21 55
	<hr/>
	\$280 73
Telephone service, . . . . .	18 10
Printing and postage, . . . . .	35 49
Miscellaneous, . . . . .	15 46
Fertilizers, . . . . .	53 00
Dynamite, tools and hardware, . . . . .	190 96
Pipe, fittings and labor, . . . . .	34 48
Heating apparatus, greenhouse, . . . . .	\$180 00
Set horse sleds, . . . . .	20 00
	<hr/>
	\$200 00
Flowers, etc., . . . . .	12 65
Interest, . . . . .	\$466 50
Insurance, . . . . .	50 00

Water, . . . . .	\$66 32	
		<u>\$582 82</u>
Total, . . . . .		<u>\$6,958 08</u>
Furniture for chapel, . . . . .	\$350 00	
Heating apparatus for chapel, . . . . .	286 00	
Painting chapel, . . . . .	35 00	
Lighting fixtures for chapel, . . . . .	146 51	
		<u>\$817 51</u>
Granite wall extension, . . . . .		623 62
		<u>\$8,399 21</u>
Total expenditures, . . . . .		\$8,399 21
Transferred to sinking fund, . . . . .	\$700 00	
Cash balance on hand, . . . . .	428 20	
		<u>\$1,128 20</u>
Total, . . . . .		<u>\$9,527 41</u>

The expenditures of the department for the past year have been \$8,399.21. Of this sum \$1,441.13 was devoted to extending the granite wall on Central avenue, and to finishing and furnishing the Chapel, and about \$1,237.00 additional to grading and improving the grounds around that building. It will also be noted that interest, insurance and water charges called for a further outlay of \$582.82, and that \$200.00 was taken from the general fund for the purchase of sleds and the establishment of a heating plant for the stable and greenhouse, leaving less than \$40.00 of the sum appropriated by the City Councils for general maintenance.

Notwithstanding these unusual expenditures, \$700.00 has been transferred to the sinking fund during the year and the treasury balance increased \$418.47. There is, however, an unsettled claim of \$160.00 which was presented too late in the year for settlement, which should be deducted from

the above total in order to determine the exact condition of the department at the close of the year.

Early in January of the following year it will be possible to make the final payment of \$200.00 on the \$1,500.00 obligation incurred in the purchase of the Chapel lot, and apply \$1,000.00 towards the outstanding cemetery loan of \$12,000.00.

The income of the department, exclusive of the appropriation made by the City Councils and the revenues from the sale of lots, exceeds that of any previous year by \$477.09, and is \$1,237.22 in excess of the yearly average for the past ten years.

The amount paid out for salary and wages during the past year is unusually large. Deducting the labor charge for grading around the Chapel, however, and it will be found that this item of expense exceeds the total for 1911 by only \$134.42, while the aggregate charges for 1912 have been, as previously stated, \$477.09 in excess of the earnings for the previous years.

The past ten years has shown a large increase in the amount of work incident to the care and maintenance of lots placed in trust. The charges for this service in 1903 was \$631.75, while the charges for 1912 were \$1,285.24, an increase of over one hundred per cent. in ten years. The funds held in trust January 1, 1903 aggregated, \$16,976.34; on January 1, 1913, this total had been increased to \$52,200.98.

The new mortuary chapel, the gift of the late Mrs. Mary A. Rickar as a memorial to her deceased daughter, Mary E., was formally turned over to the city on the 29th of September, by the executor of the will, Frank F. Fernald, Esq., the ceremonies incident to the transfer being both appropriate and impressive. The obsequies of the late Hon. James H. Moody, who passed away at Durham, N. H., on Wednesday, October 9, 1912, were held in the chapel on the Saturday following, and thus the building was solemnly dedicated to the purpose for which it was designed.

Under the will of the late Theodore W. Woodman, generous provision has been made for an organ to be placed

in the chapel, which, when installed, will render the equipment of the structure complete in all its details.

The members of the board of trustees desire to record their appreciation of the thoughtful kindness of Mrs. Louisa Chadwick in the presentation of a beautiful Bible for use in the chapel.

The transfer of the old Pine Hill school property to the cemetery department not only corrected an irregularity in the formation of the grounds, but has permitted the board of trustees to inaugurate improvements of a most substantial and important character. The demolition of the school building, the extension of the granite wall on Central avenue northerly the entire length of the newly acquired property, and the subsequent grading of the grounds in that locality not only brings the chapel into pleasing relief, but permits the development of a most attractive perspective.

The installation of a heating plant in the new stable and greenhouse not only renders the former building comfortable, but materially enlarges the floricultural possibilities of the department.

For further details you are referred to the appended reports of the treasurer, collector and superintendent of cemeteries.

Respectfully submitted,

DWIGHT HALL,

JOHN T. W. HAM,

E. R. BROWN,

H. LAW,

J. FRANK SEAVEY,

CHARLES E. WENDELL,

Board of Trustees.

Dover, N. H., December 31, 1912.

## PINE HILL CEMETERY.

### REPORT OF THE COLLECTOR.

TO THE BOARD OF TRUSTEES OF PINE HILL CEMETERY:—

GENTLEMEN:—I have the honor to submit herewith a statement of the financial transactions of this department sub-division for the year ending with date.

	Balance as per last Report.	Charges for the Year.	Collected and turned over to Treasurer.

## PINE HILL CEMETERY.

### REPORT OF THE SUPERINTENDENT.

TO THE BOARD OF TRUSTEES:—

The year just closed has been an exceptionally busy one. The number of lots placed under perpetual care shows a gratifying increase each year. While this increased enrollment entails a corresponding increase in the fixed charges of the department, it also adds materially to the general income. In addition to the ordinary routine of work no little time and money has been expended in grading around the new chapel. Twenty-four monuments and sixty-five headstones have been set during the year, the foundations being furnished from the department ledge.

We present below a chronological list of the interments for the year:

			Path.	Ave.	Lot.	G'v. Gp.

## ANNUAL REPORT

OF THE

## BOARD OF TRUSTEES.

---

GENTLEMEN OF THE CITY COUNCILS:—

In presenting this report, the seventh in the series of annual documents, the board of trustees desires to acknowledge its appreciation of the many courtesies extended by the City Councils, and to assure the members of both branches of our municipal government that only through their continued encouragement has it been possible for the hospital to maintain its policy of liberality toward those of our less fortunate fellow citizens who have, in the hour of trial, sought its ministrations.

In rendering an account of our stewardship we have endeavored to present a clear and comprehensive statement of existing conditions, in order that a complete understanding may be had, not only of the various details of management, but of those more elusive features which find ultimate expression only in the satisfactory fulfillment of a sacred mission—in the accomplishment of a worthy and benevolent purpose.

The personnel of the hospital staff has remained unchanged during the year, and practically the same condition pertains to the executive and working forces of the institution. Long continued service has developed a pleasing harmony of action in every branch of endeavor, and unanimity of purpose has produced results of a most gratifying character.

On January 20, 1912, the hospital, under the will of the late Hon. Benjamin F. Nealley, received the sum of \$5,000.00 for the establishment of a free bed in the maternity department, and in the following month the sum of \$4,000.00 was accepted by the trustees, in conformity with the formal authorization of the City Councils, in full settlement of the conditional legacy of \$5,000.00 bequeathed by the late Mrs. Abbie M. Sawyer, for the maintenance of a free bed in the general ward. On December 18, 1912, stocks of the par value of \$400.00, representing the residue of the estate of the late Caroline Hanson, were also turned over to the treasurer of the board of trustees, making an aggregate increase of \$9,400.00 in the permanent funds of the institution during the year.

The deep interest manifested by our philanthropic citizens in the benevolent work of the hospital, as represented by their substantial contributions toward its maintenance, is not only sincerely appreciated by the board of trustees, but makes possible for the institution an ever widening circle of usefulness.

#### STATISTICAL.

In the following table is exhibited the expenditures of the department for the year, by sub-division, together with the ratio which each sub-division bears to the aggregate disbursements. The ratio for the preceding year is also included for purposes of comparison.

	Expenditures 1912.	Per Cent. 1912.	Per Cent. 1911.
Salaries and wages, . . . . .	\$7,402 27	37.50	38.11
Groceries and provisions, . . . .	4,574 71	23.17	25.23
Ice, . . . . .	169 05	.86	.95
Medical and surgical supplies, . .	1,992 52	10.09	9.65
Fuel, . . . . .	1,824 45	9.25	8.22
Light and power, . . . . .	815 48	4.13	3.59
Furnishings, . . . . .	629 09	3.19	4.06
Transportation, . . . . .	239 81	1.21	1.23
Repairs, . . . . .	1,201 14	6.08	2.91
Laundry and engineer's supplies,	210 65	1.07	1.04
Miscellaneous, . . . . .	324 20	1.64	1.65
Maintenance, . . . . .	210 63	1.07	2.33
Water, . . . . .	145 63	.74	1.03
<b>Total, . . . . .</b>	<b>\$19,739 63</b>	<b>100.00</b>	<b>100.00</b>

In order that subsequent deductions may be readily understood, we insert the following tabulation showing the number of days of free service rendered, the number of days partially free service, and the number of days service for which regular rates were charged, for the entire period of the hospital's activity.

Year.	No. Days Free Service.	No. Days Partially Free.	No. Days at Regular Rates.	Total.
1906 . . . . .	101	48	1,129	1,278
1907 . . . . .	991	199	5,372	6,562
1908 . . . . .	1,637	408	5,367	7,484
1909 . . . . .	2,078	415	5,466	7,959
1910 . . . . .	2,370	469	5,194	8,033
1911 . . . . .	2,148	595	6,005	8,748
1912 . . . . .	2,416	24	6,270	8,710

On the basis of actual cost of maintenance, the daily cost per patient for the year 1912 was \$2.26. This average daily cost would have been precisely the same as that shown for the year immediately preceding, had it not been for the increased expenditures for fuel and repairs in 1912, over the amount paid out in these two sub-divisions during the previous year. It may be interesting to note that the average daily cost per patient, upon the above basis, since the opening of the hospital, has been \$2.23.

During the past year 2,416 days service have been rendered indigent patients, for which not one cent has been charged. Upon the hypothesis that it cost the city \$2.23 per day to render this service, it will readily be seen that no inconsiderable portion of the revenues of the institution have been applied to purely charitable work.

The smallest number of patients cared for at the hospital in any one day during the period covered in this report was thirteen, while the largest number was forty. Had approximately the maximum number been enrolled during the entire period, the ratio of cost would have been materially lessened, and the revenues correspondingly increased.

The aggregate number of accident and emergency cases treated during the year represents substantially sixteen per cent. of the total number of admissions. This ratio varies materially from year to year. Including the opening year of the hospital (in which year but four months' service was rendered), the ratio of accident and emergency cases to the total admissions for the year, varies from twelve per cent. in 1906 to thirty per cent. in 1909, showing an average yearly ratio of one to five. For more detailed information you are referred to the following table:

Year.	Number of Patients Admitted.	Per cent. Accident and Emergency.
1906 . . . . .	75	12
1907 . . . . .	307	21
1908 . . . . .	338	16
1909 . . . . .	325	30
1910 . . . . .	400	28
1911 . . . . .	421	18
1912 . . . . .	415	16

That these classes of patients, requiring immediate professional attention, may be properly cared for, it has been found imperatively necessary, even when, under ordinary conditions, a reduction in the corps of assistants would have been permissible, to maintain the hospital force at its normal standard.

The hospital attaches, including all branches of the service, with the exception of the medical and surgical staff, has averaged twenty-six persons daily throughout the year. Add to this number the average number of patients daily cared for, and we find that a general average of fifty persons have been provided for each day throughout the entire calendar period. The average daily cost per person, on the basis of salary and wages, has been 40.6 cents; on the basis of groceries, provision and ice, 26 cents; for medical and surgical supplies 10.9 cents; for fuel, light and power, laundry and engineer's supplies and transportation, 16.9 cents; for all other purposes, 13.8 cents, making a total daily cost of one hundred eight and two-tenths cents.

We believe that the operating expenses of the hospital will compare favorably with the operating cost of other institutions of a similar kind. That every reasonable requirement of the hospital has been supplied, that the general equipment has been largely increased and the efficiency of

the working force strengthened in all its branches without materially affecting the financial interests of the department, is not only a source of gratification to the management but must appeal with equal force to the general public.

Dr. H. M. Hurd, president of the American hospital association, in a recent address, said: "The hospitals of the United States and Canada find themselves without adequate funds for the increased cost of operation because of the growing need of expensive apparatus for the diagnosis and treatment of disease; for the greater cost of all food supplies due to the high cost of living; for the increased cost of service in every department; for the increased scope of hospital service; for the need of doing more for the education of nurses and the training and education of physicians and hospital administrators; for more departments, better operating rooms and better equipped hospital wards; and lastly, for ample resources to carry on social service and preventive work. The growth of medical science and the public need demand these expenditures, and the desire of every person in hospital service to attempt to make the work of relief as perfect and efficient as possible justifies it. To be satisfied with a lower standard of service than the best would be unworthy of the traditions and aspirations of the founders and promoters of hospitals."

The details of this report are largely concerned with matters of a financial nature. The facts presented are simple problems in mathematical deduction, and can be readily verified. But the good work accomplished by the hospital, the promise of ultimate relief which it holds out to the suffering, can neither be represented by symbols or defined by metes and bounds.

We would especially call attention to the report of the superintendent, which is hereto attached, for technical and statistical details covering the year's work, and for a list of those generous donors whose kindly remembrances have not only contributed very materially toward the comfort and convenience of the regular employees of the institution, but

have cheered and brightened what might otherwise have proved weary hours of waiting on the part of those under their immediate care.

For additional financial details you are respectfully referred to the report of the treasurer, also hereto attached and made a part of this report.

Respectfully submitted,

DWIGHT HALL,  
DANIEL HALL,  
F. B. WILLIAMS,

	<hr/>	\$23,000 00

Respectfully submitted,

WILLIAM K. CHADWICK,

Treasurer.

Dover, N. H., December 31, 1912.

## AUDITORS' REPORT.

---

TO THE BOARD OF TRUSTEES:—

We have examined the books, papers and accounts of Miss Grace P. Haskell, superintendent of said hospital, and find the same correctly kept, properly vouched, and all moneys received by her have been turned over to Mr. William K. Chadwick, treasurer of said board, for which there are proper receipts on file.

We have also examined the books, papers and accounts of the treasurer, and find them properly kept, correctly cast, with duly authorized vouchers on file for all disbursements; that said treasurer has now on deposit in the Strafford National bank the sum of \$787.24, and in the Strafford Savings bank the sum of \$23.33, making a total of \$810.77 to the credit of the hospital.

We have also examined the securities belonging to the hospital and find them to agree with the report of the treasurer.

Signed,

ROSCOE G. BLANCHARD,  
JAMES CAVANAUGH,  
Auditors.

Dover, N. H., December 31, 1912.

# THE WENTWORTH HOSPITAL.

## REPORT OF THE SUPERINTENDENT.

TO THE BOARD OF TRUSTEES:—

GENTLEMEN:—Your superintendent submits the following report for the year 1912:—

Number of patients in the hospital, . . . . .	26
Paying, 18; free, 8; total, . . . . .	26
Number of patients admitted from Jan. 1, 1911, to Jan. 1, 1912, . . . . .	415

Number of patients paying board:

Males, . . . . .	164
Females, . . . . .	214

Patients paying board in part:

Females, . . . . .	1
--------------------	---

Patients wholly free:

Males, . . . . .	14
Females, . . . . .	22

---

Total, . . . . .	415
Total number of accident cases, . . . . .	35
Total number of emergency cases, . . . . .	31
Total number of ambulance cases, . . . . .	70
Total number of deaths, . . . . .	38

Of the deaths occurring:

- Three died in less than 48 hours after admission.
- Three died in less than 36 hours after admission.
- Five died in less than 24 hours after admission.
- Four stillborn.

## Civic conditions:

Married, . . . . .	174
Widowed, . . . . .	29
Single, . . . . .	212

Total, . . . . .	415
------------------	-----

## Diseases treated:

General surgical, . . . . .	158
Gynecological, . . . . .	40
Medical, . . . . .	98
Nose and throat, . . . . .	20
Ophthalmic and aural, . . . . .	5
Admitted with child, . . . . .	47
Births, . . . . .	47

Total, . . . . .	415
------------------	-----

## Causes of death:

Appendicitis with abscess, . . . . .	2
Appendicitis, acute, . . . . .	1
Burns of back, thigh and legs, . . . . .	1
Burns of back, neck, face and arms, . . . . .	1
Cancer of bowels, . . . . .	1
Cancer of jejunum, . . . . .	1
Cancer of stomach, . . . . .	1
Concussion of brain, lac. scalp, frac. skull, . . . . .	1
Crushed and lac. left leg, . . . . .	1
Enlarged prostate and senility, . . . . .	1
Fractured hip and senility, . . . . .	1
Frac. of right elbow, ribs punc., wound of lung, internal injuries, . . . . .	1
Frac. comp. of right tibia and fibula, and dementia, . . . . .	1
Frac. comp. ulna, radius, right. Left Colles. frac. ribs, wound on forehead, . . . . .	1

Heart disease with nephritis, . . . . .	2
Heart failure, . . . . .	1
Hemophilia, . . . . .	1
Intestinal obstruction, . . . . .	1
Lobar pneumonia, . . . . .	1
Myelitis, . . . . .	1
Myelitis transverse, . . . . .	1
Nephritis and uræmia, . . . . .	1
No diagnosis, . . . . .	2
Paralysis agitans, . . . . .	1
Pregnant, . . . . .	1
Prematurity, . . . . .	2
Pernicious vomiting of pregnancy, . . . . .	1
Pistol wound of chest, . . . . .	1
Pyosalpinx and pelvic abscess, . . . . .	1
Tubercular infection of bowels, . . . . .	1
Stillborn, . . . . .	4

---

Total, . . . . . 38

Condition of those discharged:

Well, . . . . .	306
Relieved, . . . . .	39
Not relieved, . . . . .	6
Died, . . . . .	34
Stillborn, . . . . .	4
In hospital, . . . . .	26

---

Total, . . . . . 415

Occupations of those admitted:

At home, . . . . .	16
Baby, . . . . .	63
Box factory employee, . . . . .	1
Banker, . . . . .	1
Bookkeeper, . . . . .	1
Belt maker, . . . . .	1
Barber, . . . . .	1

Bricklayer, . . . . .	1
Child, . . . . .	12
Carpenter, . . . . .	3
Clerk, . . . . .	6
Domestic, . . . . .	3

 Dover Tribune, Tribune office.

The year 1912 shows a decrease in the number of private room patients and an increase in the number of ward patients. Our income is, of course, larger when private rooms are well occupied.

An unusual number of bad accidents, and an increase in the admission of chronic cases that could not have been taken care of elsewhere as well, has increased our death rate. Chronic cases present a problem to all hospitals which has not as yet been successfully solved. A ward for incurable

patients would go a long way toward a solution, but this method most general hospitals consider inexpedient.

The need of an X-Ray apparatus grows yearly, and is most urgent. I bespeak the earnest attention of the board in regard to this matter.

There are thirteen nurses in training. A graduate night assistant has been secured and fills a long felt vacancy. The usual class and lecture work is being done, together with the practical work.

The addresses of the graduates of the training school are as follows:

Miss Alicia V. Wilson, St. Mary's hospital, Rochester, Minn.

Mrs. Rosabel Walker, Central avenue, Dover, N. H.

Miss Louise V. Durgin, Hayes hospital, Dover, N. H.

Miss Beatrice M. Page, 50 Cushman street, Portland, Me.

Miss Bessie Cawley, New York, N. Y.

Miss Sarah B. Chapman, 50 Cushman street, Portland, Me.

Miss Adalia Hanley, 14 Church street, Dover, N. H.

Miss Mabel Trefry, 21 Lexington street, Dover, N. H.

Miss Bernice Spinney, Sanford, Me.

Miss Helena Holland, 50 Cushman street, Portland, Me.

Miss Esther Anderson, 50 Cushman street, Portland, Me.

Miss Effie Knowles, Brookline, Mass.

Miss Mary M. McLaughlin, Portland, Me.

Miss Margaret B. Moran, 66 Fifth street, Dover, N. H.

Miss Fanny Rockwood, Wentworth hospital, Dover, N. H.

Respectfully submitted,

GRACE P. HASKELL, R. N.,

Superintendent.

Dover, N. H., December 31, 1912.

## DOVER WATER WORKS.

### REPORT OF WATER COMMISSIONERS.

TO THE MAYOR AND CITY COUNCILS OF THE CITY OF  
DOVER:—

The twenty-fifth annual report of the water commissioners, together with the detailed report of the superintendent, is herewith respectfully submitted.

#### ORGANIZATION.

The members of the board are: Mayor Dwight Hall, President of the Common Council Charles H. Clark, Herbert W. Owen, Andrew Killoren, Burnham Hanson. Mayor Hall, president; Herbert W. Owen, clerk.

The total receipts for the year have been \$39,177.22, including balance of \$5,477.42 from 1912; the expenditures, \$31,481.62, including \$5,000.00 paid toward the reduction of the debt. Cash on hand December 31, 1912, \$7,695.60. A detailed statement of the receipts and expenditures will be found in appendix A, which is annexed to and made a part of this report.

#### ADDITIONAL WATER SUPPLY.

No advance has been made on this line during the year. Several sources were examined by competent engineers and their reports submitted to the councils, but no action was taken, and they remain on file in the office of the city clerk.

#### FILTRATION.

The filter beds have continued in operation with satisfactory results, the necessary change of sand only being required.

## PUMPING STATION.

Time has proved that the triplex pump, purchased in 1906, was not designed or constructed of sufficient strength to do the guaranteed duty required of it. By the constantly increasing cost of repairs, it was evident that it would be economy to install a new pump, of a different design, and consequently proposals were invited from four leading pump builders. We selected the DeLaval, and contracted with the Power Equipment Co., of Boston, for a two-stage centrifugal pump, electrically driven, connected direct to a General Electric Co.'s motor, to be erected on the foundation now occupied by the triplex pump, all complete and ready for duty, for \$2,459.00. Capacity of pump, 2,500,000 gallons in twenty-four hours.

## METERS.

Number installed during the year, 35. Total in operation, 1,430.

We are pleased to express our appreciation of the faithful manner in which our superintendent has performed the duties of his office.

Respectfully submitted,

DWIGHT HALL,  
CHARLES H. CLARK,  
HERBERT W. OWEN,  
ANDREW KILLOREN,  
BURNHAM HANSON,

Water Commissioners.

Dover, N. H., December 31, 1912.

Dover, N. H., December 31, 1912.

## AUDITORS' REPORT.

We, appointed by the city councils to audit the accounts of the Dover water works for the year 1912, have examined the books and accounts of the water commissioners and find them properly kept, correctly cast and all vouchers properly approved. We have examined the accounts of the superintendent and find them correct, and that the balance of seventy-six hundred ninety-five and sixty one-hundredths dollars (\$7,695.60), as shown by his books, agrees with the amount to his credit on the books of the city treasurer at the close of business December 31, 1912.

SAMUEL H. BELL,

FRANK R. BLISS,

Auditors.

## DOVER WATER WORKS.

---

### REPORT OF THE SUPERINTENDENT.

---

TO THE BOARD OF WATER COMMISSIONERS:—

GENTLEMEN:—The following is the twenty-fifth annual report of the superintendent.

The several buildings belonging to the department are in good condition. With the exception of the pipe shop, which was shingled, no repairs were necessary during the year.

The high pressure distributing system, which includes the cast-iron mains, hydrants, service pipes, etc., are in good condition, notwithstanding we often hear the remark, whenever an accident occurs, that our underground system is in a state of decay and must soon be renewed. No one can tell the life of our cast-iron mains. Where occasion has required the cutting of a pipe to make alterations, the inside has been found, with the possible exception of a few carbuncles which are easily removed, to be as good as when laid. With the exception of accidents due to electrolysis or from the action of frost, there is no reason why our main pipe lines should not last for many years. Our service pipes, which are largely of one-inch wrought-iron, cement lined, are also in good condition. Occasionally a pipe is cut by electrolysis, but most of the trouble is found to be either in the lead bend, where it joins the corporation, or inside the cellar wall, where it is eaten with rust. The average life of plain wrought-iron pipe when in the ground is assumed to be fifteen years. The larger part of ours has been in service more than twenty years, and judging the general condition from evidence adduced by extended investigation, I see no reason why it will not last twenty more.

One extension of the mains was made during the year. One hundred and sixty-six feet of six-inch cast-iron pipe was laid on East Concord street, from the house of Horatio S. Howard to the junction of Baker street. It was also voted to extend the six-inch line on Towle avenue to Clifford street, but owing to the lateness of the season and the press of other duties, this work was deferred until spring.

On February 1 the six-inch supply pipe to the hydrant on Washington street, near the post office, was broken by the frost lifting the granolithic walk, which was cemented to the hydrant. Where this kind of walk is laid near a hydrant, care should be exercised that cement does not adhere to it. There have been seven leaks in the distributing mains. Again we were reminded of the weakness of our six-inch pipe on Silver street leading from the Kelley springs, by the breaking of the pipe near the bridge under only twenty pounds pressure.

On account of rebuilding the Central avenue bridge it was necessary to move the fourteen-inch pipe to a point near the temporary walk. After the iron work of the bridge was completed, the pipe was permanently located under the bridge between the girders, on steel eye-beams placed some thirty inches apart.

The George F. Blake steam pump at the high pressure station continues to do good work. The triplex pump is in bad condition, and plans are under way to replace it with a two-stage DeLaval centrifugal pump, directly connected to a General Electric, form K, squirrel cage, induction motor.

The receiving basin has been regularly cleaned, and it was found necessary to renew the strainers. Our water purification plant is giving satisfaction. Filter No. 2 has been refilled, using about 475 cubic yards of sand for this purpose. I would recommend that a little money be expended this year in improving the grounds near the station and filter beds.

The pumping plant at Willand's pond is in first-class condition. On December 31, 1912, the water in the pond

was eighteen and one-half inches higher than at the same period last year, placing us in better condition to meet the increase in daily consumption during the winter months. The height of the water in the pond is recorded once every week by a special gauge installed in the station.

The following is a statement of the height of water in the pond for the years 1910-1911-1912:

MONTH.	1910.	1911.	1912.
Jan. 1	4 in. below.	3½ in. below.	10 in. below.
Jan. 15	5½ in. below.	3½ in. below.	9½ in. below.
Feb. 1	1½ in. below.	Frozen.	12 in. below.
Feb. 15	0	Frozen.	13½ in. below.
March 1	½ in. above.	Frozen.	10½ in. below.
March 15	1 in. above.	Frozen.	6 in. below.
April 1	9 in. above.	7 in. above.	3 in. above.
April 15	10 in. above.	7 in. above.	6 in. above.
May 1	12 in. above.	4 in. above.	8 in. above.
May 15	12½ in. above.	2¼ in. above.	10 in. above.
June 1	11 in. above.	1½ in. below.	13 in. above.
June 15	14 in. above.	3½ in. below.	11 in. above.
July 1	11 in. above.	4 in. below.	9 in. above.
July 15	8½ in. above.	7½ in. below.	6 in. above.
Aug. 1	½ in. above.	6 in. below.	5½ in. above.
Aug. 15	1 in. above.	8 in. below.	5 in. above.
Sept. 1	4 in. above.	8½ in. below.	3½ in. above.
Sept. 15	3 in. above.	8½ in. below.	2½ in. above.
Oct. 1	4 in. above.	7½ in. below.	4 in. above.
Oct. 15	6 in. above.	11 in. below.	2¾ in. above.
Nov. 1	6 in. above.	14½ in. below.	3¾ in. above.
Nov. 15	6 in. above.	12½ in. below.	4½ in. above.
Dec. 1	6 in. above.	12½ in. below.	5 in. above.
Dec. 15	7 in. above.	13 in. below.	8½ in. above.

The total consumption of water for the year was 201,450,000 gallons, an increase of 5,281,000 gallons over the previous year; average daily consumption, 550,890 gallons, an increase of 13,441 gallons daily over the quantity used in 1911. The average daily consumption for the first three months of the year 1912 was 128,751 gallons more than for

the corresponding period of 1911, probably caused by the extreme cold weather during those months.

Our hydrants have been regularly inspected and repaired where necessary. Those in the low ground are examined once a week during the extreme cold weather to insure effective service at all times.

Fifteen service pipes have been added this year, and three discontinued; total in service, 1,931.

Thirty-five meters have been installed; 278 taken out, cleaned, repaired and tested; 259 reset, 19 being replaced with new ones. We find that a large number of meters that have been in use more than twenty years are under-registering, the water passing by the disc or piston on account of wear. An effort will be made the coming year to test all meters that have been in use more than ten years.

The meter system is giving good satisfaction, our minimum rate giving an abundant supply without waste.

The following table gives the number and size of meters in use.

PATTERN.	SIZE IN INCHES.								TOTAL.
	4	3	2	1½	1	¾	⅝	½	
Crown, . . . . .			2		2	19		191	214

The following is a correct statement of the receipts and expenditures, together with the abatements, the uncollected rates, and a classified account of maintenance and construction:—

Jan. 1, 1912, Cash on hand with the city treasurer,

. . . . . \$5,477 42

Bills due from 1911:

Meter rates, . . . . . \$345 61

Flat rates, . . . . . 21 75

Service piping, . . . . . 6 10

Sale of meters, . . .	\$109 25
Repairs, . . . . .	23 60
Misc. sales, . . . .	12 62

---

\$516 93

## Bills rendered to consumers:

Meter rates, . . . .	\$23,475 81
Flat rates, . . . . .	9,077 73
Service piping, . . .	370 24
Sale of meters, . . .	386 85
Repairs, . . . . .	1,379 80
Misc. sales, . . . . .	199 29

---

34,889 72

---

\$35,408 65

## Less abatements:

Meter rates, . . . .	\$51 59
Flat rates, . . . . .	260 39
Sale of meters, . . .	27 25
Repairs, . . . . .	3 15

---

\$342 38

---

\$35,066 27

## Less uncollected:

Meter rates, . . . .	\$440 71
Flat rates, . . . . .	4 92
Service piping, . . .	40 53
Sale of meters, . . .	23 50
Repairs, . . . . .	856 81

---

\$1,366 47

---

Collected in 1912, . . . . . \$33,699 80

---

Total in hands of city treasurer, . . . . . \$39,177 22

August, . . . . .	3 00	3 55	3 10
September, . . . . .	3 40	3 55	2 10
October, . . . . .	1 20	2 20	3 16
November, . . . . .	1 45	4 00	3 10
December, . . . . .	1 45	2 75	3 92
	26 65	32 55	32 33

In closing this report allow me to once more emphasize the fact that we are just as much in need of an additional supply of water as last year. Temporary relief is afforded by light rainfalls; but the fact remains that our supply is very limited, and not of such quantity as a city the size of ours requires. I am of the opinion that some action should be taken at once to secure at least sufficient water to enable us to cut out that part of the supply that is taken from the muck beds in the Hussey fields, near the Hussey wells, a continued use of which is destined, sooner or later, to cause trouble to the brass and copper work throughout the city.

Respectfully submitted,

HENRY E. PERRY,  
Superintendent.

Dover, N. H., December 31, 1912.

# DOVER WATER WORKS.

---

## Rules, Regulations and Rates.

---

### GENERAL RULES.

#### AGREEMENT.

1. The following rules and regulations shall be considered a part of the contract with every person who uses water, and every such person by taking the water shall be considered to express his assent to be bound thereby.

In cases of violation by a water taker, of any regulation, established by the commissioners, or the non-payment of all accounts upon their becoming due, his supply shall be cut off, and the water will not be again let on until all cause of complaint shall be removed, or dues paid, with an additional payment of one dollar for each service for letting the water on. Where two or more parties take through one service pipe, the provision in regard to cutting off the supply shall be applicable to all parties, although one or more of them may be innocent of any cause of offence.

#### APPLICATIONS.

2. All applications for the use of city water must be made at the superintendent's office, in the form prescribed, stating truly and fully the various uses to which the water is to be applied, and signed by the owner of the premises, or his duly authorized agent.

The applicant is also required to deposit with the superintendent two dollars for a dwelling house and five dollars for a block, for water used for building purposes, before the water is turned on.

3. The service pipe shall be one-inch wrought-iron cement-lined, laid by the city to the inside of the cellar wall, and supplied with a stop and waste cock. For this service

pipe the applicant will be charged at the rate of twenty-nine cents (\$.29) per lineal foot of pipe laid in his premises, measuring from the street line to the end of the pipe within the cellar or basement wall, and the additional cost of a stop and waste cock which will be placed by the water department on the end of each service pipe within the cellar or basement.

If the blasting and the removal of ledge, rock or boulders, or of any obstruction requiring the use of other tools than picks or shovels be required, the owner of the premises shall in such case pay the actual extra cost entailed thereby.

Persons desiring more than one service pipe on the same premises shall pay all the costs in connection therewith.

4. No alteration in any water pipe or water fixtures, whereby the consumption is increased, shall be made without giving notice to the superintendent and obtaining a permit from him. If at any time it appears that a wrong statement has been made of the number of tenements in a house or the purpose for which the water was to be used, or there has been an addition to or alteration of the premises or the fixtures in the same, the water shall be shut off and not be again turned on until a satisfactory settlement is made with the water department. Plumbers doing work for water takers shall make full returns in writing to the commissioners of the ordinary or special use for which the water is designed, and all new work or alterations or additions to pipes or fixtures.

5. No person except an employee of the commissioners shall tap any water main, or connect any service pipe therewith; nor shall any person turn on or shut off the water from any water main, when the stop-gate is not located on his own premises.

6. No person shall take or use city water from premises other than his own, and no person shall sell or give away water from his own premises for any purpose, nor shall any person take or carry away water from any hydrant, watering trough or public fountain, without the consent of the superintendent nor after such has been withdrawn.

7. No person or fireman except for the legitimate purpose of extinguishing fires, shall open any hydrant without the consent of the water commissioners.

All persons using water for building purposes are required to sign an application and obtain a permit from the superintendent before taking water from any faucet or fixture connected with the water works.

8. There shall be no unnecessary waste of water, and water must not be left running to prevent freezing, or for any other cause.

All persons taking water must keep their own fixtures, and the service pipes within their own premises, in good repair and fully protected from injury by frost.

A fee of fifty cents will be collected by the superintendent or his assistants for turning on the water, when the same has been shut off by request of the owner, tenant or plumber.

9. The water commissioners and their assistants may enter the premises of any water taker supplied with city water, between the hours of eight o'clock, A. M., and six o'clock, P. M., to examine the pipes and fixtures, the quantity of water used, and the manner of its use, and all fixtures shall be subject to their rejection, if in any manner unsuitable for the purpose.

In all occupied premises every private fountain, water closet, set basin, sink or other fixture, whether used or not used, will be deemed and held as used, and will be charged for so long as they shall remain connected with the water pipes.

10. The commissioners reserve the right to shut off the water temporarily, wherever it becomes necessary to make extensions, alterations, or repairs, and to curtail its use whenever a public exigency so requires.

11. No person shall be entitled to damages, nor to have any portion of a payment refunded for any stoppage, for the purpose of additions or repairs, nor for the non-use occasioned by absence, nor for stoppage for any purpose what-

ever, which in the opinion of the water commissioners may be deemed necessary.

12. In all cases the owners of the property shall be held responsible for the payment of the water used on their premises, whether occupants of the same or not, unless by special consent of the board of water commissioners, in particular cases. No officer or employee of the water works has any authority to modify the rules in any particular, or to grant any abatements on bills except in cases of non-occupancy of the premises, when proper notice has been given, unless specially authorized by the board.

## WATER RATES, CHARGES, AND MATTERS RELATING THERETO.

### FIXTURE RATES.

13. All applicants for whom service pipes are laid, shall pay for the use of at least one faucet for the remainder of the fiscal year, which begins January 1, whether the water is used or not.

All water used through a service pipe supplying two or more families shall be metered. (Rule passed in 1909.)

14. Any person whose tenement may become vacant may receive an abatement of the water rate appertaining to that tenement upon the following terms and conditions: Written notice must be given to the superintendent at the time such vacancy occurs, and a request that an abatement may be made thereof, and after such notice is given an abatement shall be made for the number of whole calendar months that the vacancy shall continue, provided a written notice is given the superintendent when the tenement is again occupied, but not otherwise.

In the absence of a notice, the tenement shall be deemed to have been occupied and the full rates charged. No abatement will be allowed for non-occupancy previous to the notice. The water will be shut off if the commissioners deem it for the best interests of the department.

In the case of temporary vacancy of any premises, the water will be turned off at the curb-cock by the department, upon the request in writing of the owner of the premises, and will be turned on again when requested in writing, upon a date named in such request, upon the payment of the usual fee for turning off water.

#### USE OF HOSE.

15. Hose shall not be used, unless it has been properly applied for and allowed by the board, and shall not be used without a shut-off nozzle on its outer end, which nozzle shall not exceed one-quarter of an inch in diameter, unless specially authorized.

The use of hose is, in all cases, restricted to washing windows and vehicles, and watering gardens and grounds on the premises of the taker only, or sprinkling sidewalks and streets immediately bordering such premises, and must not be used on adjoining premises. It must not be used over two hours in any one day, and must be confined to the purposes specified in the application, without excessive or unreasonable use.

When hand hose is attached to inside faucets, the same amount to be charged as when connected to a sill cock.

Hose rates are made only for the use of hose when held in the hand. Hose set and left running will be charged as lawn sprinklers.

16. All persons using water in stables for horses or cattle will be charged the regular rates for horses or cattle, whether the water is carried by hand or through hose or pipes. If the water is used for the stock, it must be paid for in addition to family uses.

17. All fixture rates shall be payable at the office of the superintendent, in semi-annual installments within thirty days from the first days of January and July, in each year.

#### FIXTURE WATER RATES PER ANNUM.

##### DWELLING HOUSES.

Occupied by one family of not more than eight persons, for the first faucet, . . . . .	\$6 00
--	--------

Occupied by one family of more than eight persons, for the first faucet, . . . . .	\$8 00
For the first additional faucet to be used by the same family, . . . . .	2 00
For each additional faucet to be used by the same family, . . . . .	1 00
For the first bath tub, . . . . .	5 00
For each additional bath tub, . . . . .	2 00
For the first water closet, . . . . .	5 00
For each additional water closet, . . . . .	2 00

Where two faucets are used, one for hot and one for cold water, emptying into the same basin, only one charge will be made for both.

In no case shall the charge for the use of water by a private family, exclusive of hose and stable, unless metered, be more than twenty-five dollars.

#### BOARDING HOUSES.

For the first faucet, provided the number of persons, including boarders, does not exceed eight persons, . . . . .	\$ 8 00
If the number of persons is not less than eight, nor more than fifteen, . . . . .	10 00
If the number of persons is more than fifteen, . . . . .	15 00
For the first bath tub, provided the number of persons exceeds six, . . . . .	8 00
For each additional bath tub, . . . . .	3 00
For each water closet, provided the number of persons exceeds six, . . . . .	8 00
For each additional water closet, . . . . .	3 00

If the family, including boarders, does not exceed six persons, the rates charged will be the same as for dwelling houses.

#### OFFICES AND STORES.

For the first faucet, . . . . .	\$6 00
For each additional faucet, . . . . .	2 00

For the first water closet, . . . . .	\$5 00
For each additional water closet, . . . . .	2 00

## MARKETS AND RESTAURANTS.

For the first faucet, . . . . .	\$10 00
For each additional faucet, . . . . .	2 00
For the first water closet in markets, . . . . .	5 00
For the first water closet in restaurants, . . . . .	10 00
For each additional water closet, . . . . .	4 00
For each self-closing urinal, . . . . .	5 00
For each additional self-closing urinal, . . . . .	3 00

## BARBER SHOPS.

For the first chair, . . . . .	\$6 00
For each additional chair, . . . . .	1 00

## PRIVATE STABLES.

For the first horse, . . . . .	\$3 00
For each additional horse, . . . . .	2 00
For the first cow or ox, . . . . .	2 00
For each additional cow or ox, . . . . .	1 00

The above prices include water for washing carriages without hose.

Where small hand hose is used the charge for the same will be, . . . . .	5 00
--	------

## HOSE.

For washing windows, sprinkling premises and street directly opposite, washing carriages or similar purposes, nozzle not to exceed 1-4 of an inch in diameter, and use limited to two hours per day, for six months in the year, . . . . .	5 00
--	------

## FOUNTAINS.

To be used not more than six hours per day, from May 1 to October 1:	
For 1-16 inch jet or less, . . . . .	5 00

For 1-8 inch jet, . . . . .	\$10 00
For 3-16 inch jet, . . . . .	15 00

THE FOLLOWING ARE METERED.

Hotels, saloons, laundries, livery stables, greenhouses, manufacturing purposes, steam engines and boilers.

MEASURED WATER.

The water commissioners reserve the right to put in a water meter at the expense of the owner of the property and charge for measured water at meter rates, whenever they deem such action to be for the best interest of the city.

Whenever a consumer shall deem his water rates as excessive, he may make application to the department to set a meter for him at meter rates.

When water passes through a meter it may be used for any and all purposes on the premises metered, but no consumer shall supply water through his meter to parties outside of his own premises. All water that passes through a meter shall be charged for whether used or wasted, and the owner of the premises shall pay the rate for the entire amount used upon such estate irrespective of under leases or individual consumers.

The owner of any premises or individual consumers may have a meter set at their expense on their individual supplies, but in all cases the charges for water will be made to the owner of the premises, and the meter must be kept in repair satisfactory to the commissioners and at the expense of the owner of the meter. In no case where a meter is used shall the annual charge be less than ten dollars, which will cover the cost of forty-four hundred and forty-four cubic feet, and all water drawn in excess of such quantity shall be paid for by the cubic foot.

In determining the amount of metered water consumed per annum, or the amount to be paid for same, it shall be computed from the first day of the preceding October, this being the beginning of the metered water rate year. Abate-

ments for vacancies for metered water will not be allowed, unless the premises have been closed for six consecutive months, provided also that the meter does not continue to register on account of leaky fixtures, and also that a written notice of such vacancies has been given the superintendent.

The department reserves the right to take off a meter, test it, or repair it, at the expense of the owner, whenever they think it is for the best interest of the department. If a meter fails to register or gets out of order the owner will be charged at the average daily consumption as shown when in good order. Any meter owned by the department, that is injured by frost or negligence of the water taker or his tenant, shall be repaired and renewed at his expense.

No meter shall be set, moved or disturbed without the permission from the proper officer. All meters set must be of the pattern approved by the water commissioners.

These rules and regulations shall be considered a part of the contract with every person who uses water, and every such person by taking the water shall be bound thereby.

#### METERED RATES.

For measured water, not more than 13,333 cubic feet per annum, per 100 cubic feet, .	\$ .22 $\frac{1}{2}$
More than 13,333 cubic feet and less than 66,666 cubic feet per annum, per 100 cubic feet, . . . . .	.18 $\frac{3}{4}$
More than 66,666 cubic feet per annum, . . .	.15

The rates of all metered water shall be rendered in April and October and all bills must be paid within thirty days from the date of the bill.

All bills for laying service pipe, or for materials of any kind, furnished by the water department, shall be due and payable on the first day following such putting in or sale.

All bills due the water department must be paid at the office of the superintendent.

The failure of the owner or his agent to receive his

water bill does not relieve him from the obligation of its payment nor from the consequences of its non-payment.

To ascertain if there is any leak on the premises supplied by a meter: First, close all the fixtures, both hot and cold, then watch the one foot dial; if the pointer moves, you may be certain there is a leak which should be promptly repaired, as the water must be paid for whether used or wasted.

The foregoing rules are subject to additions and amendments by the board of water commissioners.

# DOVER WATER WORKS.

## SUMMARY OF STATISTICS.

For the year ending December 31, 1912, in form recommended by the New England Water Works Association.

### DOVER WATER WORKS, CITY OF DOVER, STRAFFORD COUNTY, NEW HAMPSHIRE.

#### GENERAL STATISTICS.

Population by census of 1910, 13,247.

Date of construction, 1888—1889.

By whom owned, city of Dover.

Source of supply, pond, springs and wells.

Mode of supply (whether gravity or pumping), pumping.

#### PUMPING STATISTICS.

Builders of pumping machinery, Geo. F. Blake, Platt Iron Works Co., Lawrence Machine Co., Ingersol, Rand Co.

Description of fuel used:

Brand of coal, Georges Creek.

Average price of coal per gross ton, delivered, \$5.50.

Coal consumed for the year, 193,700 lbs., for pumping; and 68,600 lbs., for heating.

Amount of electricity used, 117,425 K. W.

Total coal consumed for the year, 262,300 lbs.

Total pumpage for the year, 201,450,000 gallons, by meter measurement.

Gallons pumped with coal, 56,845,000; with electricity, 144,605,000.

Average static head against which pumps work, 168 feet.

Average dynamic head against which pumps work, 185 feet.

Number of gallons pumped per pound of equivalent coal, 293.

Number of gallons pumped per K. W. of electricity, 1,236.

Cost of pumping, figured on pumping station expenses, viz., \$4,590.61.

Per million gallons pumped, \$22.75.

Per million gallons raised one foot (dynamic), .123.

## ANNUAL REPORT

OF THE

## BOARD OF TRUSTEES.

---

TO THE CITY COUNCILS OF THE CITY OF DOVER:—

The board of trustees of the Dover public library herewith submit their thirtieth annual report.

The board have held fourteen meetings during the year, with good attendance present. They have carefully gone over all bills and exercised great care in expenditures. The year has been a fortunate one in the matter of repairs, no breakage or accident having occurred to occasion large outlay. This has made it possible to make some saving from the amount estimated for repairs, and this sum, together with the fact that strict economy has been observed in other departments, has enabled the board—although their total appropriation was one hundred and fifty dollars less than that of last year—to close the year with a larger balance on hand than for the last twenty-one years. It is the desire of the trustees to use this sum to beautify the library grounds by the planting of trees and shrubs in such manner as to carry out as far as possible the original plans made especially for the purpose by the landscape architects, Olmstead Brothers, of Brookline, Massachusetts, in 1904, after the present site was secured for library purposes.

The year has been one of continued and satisfactory progress. The report of the treasurer, giving account of all receipts and expenditures, and that of the librarian, present-

ing the work in detail, are appended to and made a part of this report.

For the trustees,

CLARENCE I. HURD,

Secretary.

### FINANCE COMMITTEE'S REPORT.

TO THE TRUSTEES OF THE DOVER PUBLIC LIBRARY:—

The undersigned, committee on finance of the Dover public library, certify that they have examined one hundred and sixty-nine receipted vouchers for payments made during the year 1912, and find the same duly authorized. The books and accounts of the secretary, Clarence I. Hurd, have also been examined and found correct, and agreeing with the annual report of the treasurer.

(Signed)

ROSCOE G. BLANCHARD,

GEORGE E. VARNEY,

GEORGE H. WILLIAMS,

Committee on Finance.

Dover, N. H., December 31, 1912.

## DOVER PUBLIC LIBRARY.

---

### REPORT OF THE LIBRARIAN.

---

TO THE BOARD OF TRUSTEES OF THE DOVER PUBLIC LIBRARY:—

GENTLEMEN:—The report of the librarian showing the work of the library for the year 1912 is herewith presented.

#### THE YEAR'S GROWTH.

Whole number of volumes Jan. 1, 1912, . . .	40,235
Volumes purchased, . . . . .	907
Volumes received by gift, . . . . .	95
Bound periodicals, . . . . .	163
	<hr/>
Total number of accessions, . . . . .	1,165
Worn-out and superfluous volumes withdrawn, . . . . .	664
	<hr/>
Total increase for the year, . . . . .	501
	<hr/>
Total number of volumes Dec. 31, 1912, . . .	40,736

Of the 907 books purchased 849 were new titles, and 58 were replacing copies and duplicates. More volumes than usual have been withdrawn, because in the thorough examination and rearrangement of fiction which has been completed this year, it was deemed best to discard not only the soiled and defaced books, but also many old and forgotten authors whose places might well be filled with more desirable publications. These discarded books were carefully sorted and those of no value sold as old paper; of the remainder, those available for a little more service were

neatly covered and labeled, and 200 given to the County Farm, 150 to the jail, and 50 to the Children's Home; others are to be sent to a bookless region up in the White Mountains; while the remaining books stay here at the library to be given to families where there are contagious diseases, so that they may be destroyed after one reading.

The library has received as gifts 95 volumes. In addition to these a gift has come from Mrs. Raymond G. Brown comprising a number of Greek and Latin texts and a large quantity of music. This material was received too late to be catalogued this year and will appear with next year's accounting.

#### GOVERNMENT DOCUMENTS.

In addition to the foregoing gifts, there have come from the Government 337 volumes and 1,711 pamphlets. These have all been marked according to the classification used at Washington and shelved in the regular document rooms. To this material we go not only for records of congressional speeches, but for information concerning the latest developments of many forms of science and the useful arts, as wireless telegraphy, poultry, roadmaking, browntail moth pest, parcel post, forestry, retail prices, and many like unrelated subjects. On a rack in the general reading-room are kept the latest numbers of several serial publications,—as The Bulletin of the Pan American Union, Consular reports, Bulletin of the Bureau of labor, Public Health reports; and on the shelves with the reference library for general use are kept the latest editions of publications like The Nautical almanac, Congressional directory, Document catalogues, Life-saving service, Tidetables, and Civil service examinations. The use of government publications is all reference work and does not count in statistics of circulation.

#### THE YEAR'S CIRCULATION.

Miss Jenkins in charge.

The circulation for the year has reached a total of 70,244, a gain of 7,188 from last year, the largest total for

thirteen years; 11,785 was from the children's room, and 58,459 from the main library. More books than usual—four—have been lost in circulation. There has been a noticeable tendency on the part of borrowers to take out books not only of pleasant reading but of practical usefulness, and the statistics of the year show that adult fiction has formed but 54 per cent. of the entire circulation.

#### FINE ARTS ROOM.

Miss Varney in charge.

This room,—in which when the building was opened, seven years ago, there was so much unfilled shelf space that the name of the room seemed hardly justified—has now become so crowded that it has been necessary to remove from it the collection of mounted pictures and to shelve the last remaining wall space. On these new shelves will be placed the collection of music scores which each year increases by the expenditure of the Lothrop fund. Already the collection is really valuable and of great service to musicians.

#### CATALOGUING.

Miss Morrill in charge.

To the work of cataloguing the new books,—a work sufficient in itself to occupy one assistant the greater part of the time,—has this year been added a large amount of labor due to the rearrangement of several departments of the library. Fiction, which had been begun last November, was completed in May with such good results that the fine arts books were immediately undertaken. In July the classification of the Historical room was expanded and elaborated; and in December was begun the alphabetical arrangement of biography and literature. These expansions and rearrangements are made necessary not only by the development of library science,—which has progressed far since the time the library was established,—but also by the prominence from time to time of subjects of sudden public interest. As an example the subject of the drama may be cited. Not many years ago the equipment of the library was deemed sufficient

if it had a set or two of Shakespeare, a fair representation of the older dramatists and a few books on the study of the drama. No modern plays were purchased. Today modern plays are bought and read as regularly as modern novels, and by reason of courses in high schools and colleges and through the widespread interest aroused by study clubs and the Drama League, the demand for books on the drama has multiplied until now the library has books on the history, construction and technique of the drama, together with dramatic criticism and practical instruction in play writing; and in the case of Shakespeare—while years ago two headings were thought enough for the card catalogue, one for books by Shakespeare, the other for books about him—the catalogue now contains in addition to the books by him, headings as follows: authorship, bibliography, biography, characters, concordances and quotations, contemporary England, criticism, fiction, folklore, home, humor, language, music, poetry, portraits, religion, sources, stage presentation, stories, study, textual criticism.

THE CHILDREN'S ROOM.  
Miss Parker in charge.

The work done in this room steadily advances not only in quantity but in quality and interest. This year there have been 13,803 visitors to the room, more by 3,487 than have come to the general reading room in the same time. There were 11,785 books circulated, a gain of 521 over last year, and the largest number in the history of the room. For the first time not a book has been lost in circulation, a fact which reflects great credit on the unremitting care of Miss Parker in her oversight of her work. Exhibits have been made in the room of subjects interesting to young people, as birds, Japanese life, Caldecott pictures; and this year, instead of the customary tree at Christmas time, the plan has been tried of making an exhibit of books,—illustrated editions and attractive bindings,—that might serve as suggestions to buyers of gifts. Early in the opening of the school year, by

arrangement with the superintendent of schools, Friday was set aside as school day, and each week one of the grammar grades was dismissed from school a little early and under care of its teacher came to the library where a talk was given to the pupils on the use of books and selection of reading. The story hour which for a number of years has been a matter of interest to both young and old, was observed regularly through the winter, Miss Parker giving a historical series, with illustrations on the screen, Miss Sarah F. Wyatt an afternoon of stories, Miss Towle two afternoons of stories illustrated with blackboard drawings, and the librarian several travel and picture talks. These story hours were held in the lecture room, and the children crowded the room so that it became necessary to limit the attendance by tickets given out beforehand. These indoor story hours were discontinued in April, but through the two summer months weekly outdoor readings were held under the trees on the library grounds, selections being read from standard children's authors both of prose and poetry.

#### LECTURE ROOM.

In addition to its use for the story hour, the lecture room has this year been opened for five illustrated lectures. The first, by Rev. D. G. Vogt, was on the life and work of Dickens; the second, by Prof. W. H. Wolff of New Hampshire College, on Bermuda; the third, by E. W. Butterfield, superintendent of schools, on the city of Washington; the fourth, by Philip W. Ayres, forester for the Society for the Protection of New Hampshire Forests, who spoke both afternoon and evening, on forestry conditions in New Hampshire; the fifth, by Melvin M. Smith, principal of the high school, on aviation. These lectures were illustrated with the stereopticon owned by the high school and kindly loaned to the library for the different evenings. The lecturers all gave their services. The lectures were well attended, several of them testing the capacity of the room.

The work of the library has been carried on through-

out the year along the same liberal lines as heretofore. Requests for information, book renewals and reservations are answered daily by mail and telephone. Teachers have had special collections placed in their schoolrooms. Books have been constantly supplied to the Wentworth Home and Hayes Hospital. Pictures have been kept on exhibition in the Fine arts room. Once a week the library staff have spent an hour together in consultation and study of library methods and resources.

One change has taken place in the personnel of the library staff. In the early part of the year Miss Sarah L. Frost was given leave of absence to superintend the organization of the library of Phillips Academy at Andover, Massachusetts, and in July she resigned her position here to become librarian of that library. Miss Frost had been connected with this library for five years and had brought to her work unusual excellence of judgment and efficiency of service. Her resignation was a distinct loss to the library. Her position was filled by the appointment of Miss Alice M. Varney. Miss Varney is a graduate of Smith College with special musical training, and is thus exceptionally well fitted for the oversight of the Fine arts room. She has proved a valuable addition to the library staff.

To all her assistants the librarian wishes to make public acknowledgment of good work and loyal support; and to the trustees she desires to express her appreciation of their unfailing interest and kindness.

Respectfully submitted,

CAROLINE H. GARLAND,

Librarian.

Dover, N. H., December 31, 1912.

DOVER, N. H., January 11, 1913.

TO THE CITY COUNCILS OF THE CITY OF DOVER:—

By vote of the school committee of the city of Dover, I have the honor to communicate to you the annual report of said committee to the city, adopted December 31, 1912, as prescribed by section 12, chapter 92, of the public statutes of the State of New Hampshire, of which report the reports of the superintendent of schools, the committee on finance and claims, the principal of the high school, the principal of the evening school and the truant officer, also herewith presented, were, by vote of the school committee, made a part.

Respectfully submitted,

JAMES H. SOUTHWICK,

Secretary.

ANNUAL REPORT  
OF THE  
SCHOOL COMMITTEE  
FOR THE YEAR 1912.

---

In accordance with the laws of the State of New Hampshire, the school committee of the city of Dover presents its report for the year 1912, it being the forty-third in the series of reports of the city district.

THE SCHOOL COMMITTEE, 1912.

## CALENDAR ADOPTED JUNE, 1912.

FOR THE YEAR 1912-1913.

All schools open September 3, 1912, for fifteen weeks to December 13, 1912.

Vacation two weeks.

All schools open December 30, 1912, for thirteen weeks to March 27, 1913.

Vacation two weeks.

All schools open April 13, 1913. High school ten weeks to June 19, 1913; other schools nine weeks to June 12, 1913.

## REPORT OF CHAIRMAN.

---

TO THE SCHOOL COMMITTEE:—

The details of the workings of this department for the current year will be found in the reports of the superintendent of schools, the principal of the high school, of the evening school, and of the committee on finance and claims.

The schools were never in a more prosperous condition and the opportunities for an education in this city never so large as at the present time. But this high standard of excellence can only be maintained by liberal appropriations and a wise and intelligent expenditure of the same.

I have been and am now an advocate of liberal compensation for our teachers. I do not believe a community can advance which allows its schools to stand still. Money applied to the education of the youth of this city is an investment, and the return will be in the quality and ability of the rising generation.

The teacher is the most important unit in any school system; the quality of the teacher determines the efficiency of the school. By liberal compensation the best available teachers will be secured and in the end every community will profit by the added efficiency and strength of character of the boy or girl thus trained.

I have not been actuated so much by a desire to establish a reputation as an economist as a member of this school committee, but rather to secure in every legitimate way I knew how, the largest opportunities to the youth of this city. No city can grow which stints on its schools.

Commerce is the distribution of the marketable products of the world, and this cannot be done to produce any return without the liberal expenditure of money; irrigation is the distribution of water that the soil may yield more freely, and so education is the distribution of knowledge, and one of the

most important factors in this diffusion of knowledge is our public school system. Liberally supported, it will produce fruitfully and bounteously in the days which are to come.

In 1910, and again in 1911, I submitted to this committee what seemed good and sufficient reasons for the erection of a new grammar school building. This committee acquiesced in those reports and a sub-committee was appointed to act in conjunction with the mayor and city councils in relation to the matter. Owing to the necessity for the outlays of moneys for other large municipal projects, nothing so far has been accomplished in this direction. Nevertheless, the conditions which impelled the making of those reports existed then and they exist today. The high school building ought to be used in its entirety for the purposes for which it was erected. The school is growing and the rooms now used for grammar school work are needed for the classes in the high school and for its library as originally designed.

Again, the basement of our municipal building is not a suitable nor desirable place for a grammar school. The city of Dover is not in financial straits. As a matter of fact, it is extremely well situated in this respect, better as I view the matter than the majority of cities of its size in New England, and to offset its debt it has a municipal plant in its public buildings and water works in value in excess of this debt. It is to be hoped that during the coming year the municipal authorities will see their way clear to provide a building for the use as above indicated.

The provisions of the child labor law enacted by the Legislature of 1911 are being carried out effectively and in my belief to the full intent of that law. But as I have before expressed myself here, there are certain details of the law to which I am opposed. I have not believed nor do I now believe that this law or that relating to vaccination was enacted from altruistic motives, so far as it related to the individual but rather as a protection to the community as a whole. To compel a family to pay for a medical examination for any of its members for the privilege of working when the obvious

intent is to protect the community I do not believe in. And I hold the same opinion in relation to the law bearing on vaccination. Both are in a way police or health regulations for the benefit of the body politic and should be paid for by the general taxation rather than by the individual.

For years, before committees, in reports and as a member of the school committee, I have presented the needs and advocated the benefits of our evening school. Year by year from my boyhood I have seen the community become more and more cosmopolitan. I do not think it wise for this or any other city to be divided into classes or clans. I believe one of the solvents of the industrial disturbance in our manufacturing centers is more education and a greater familiarity with our institutions. Our evening school is one of the factors in accomplishing this purpose. Any parsimony or so-called economy in this branch of our public service will be paid for very dearly later on, in my opinion.

I desire at this time to award to the Hon. Andrew Killoren, chairman of the sub-committee on evening school, the commendation he deserves for the peculiar care and watchfulness he has given this school during a series of years.

At the opening of the fall term there was added to our school curriculum a course in manual training and domestic science, effective in the sixth, seventh and eighth grades. During the summer vacation Mr. Wendell, as chairman of the sub-committee on these branches, and Superintendent Butterfield labored assiduously to the end that these courses of study might begin with the opening of the school year. By this it is not to be assumed that industrial training has been established in entirety as a part of our school system. It is but the beginning and should be continued into and through the high school course. So far, it is meeting with the marked interest of the children and the approbation of the parents. The superintendent will submit to you a plan which in conjunction with the erection of a new grammar school building will make an extension of this work possible.

With the close of this year I shall have served as

chairman five years, four of which have been consecutive. I desire to express to the board my appreciation of the honor conferred by repeated elections. In return I have endeavored to treat all with courtesy and with equal rights, treating all questions from a broad and comprehensive view point rather than a narrow and circumscribed one. I am not a candidate for re-election as chairman, because others have served long and faithfully and I believe fully that honors should be shared.

Respectfully submitted,

CHARLES A. FAIRBANKS,  
Chairman.

# ANNUAL REPORT

OF THE

## Committee on Finance and Claims.

---

TO THE SCHOOL COMMITTEE:—

The committee on finance and claims makes the following report as to the receipts and expenditures of the board during the year ending December 31, 1912:

The resources of the committee apart from the special appropriation for the evening school and text-books, were as follows:

### RESOURCES.

Balance, December 31, 1911, . . . . .	\$ 583 81
Appropriation by law, . . . . .	28,740 00
In excess of required sum, . . . . .	6,960 00
Manual training and domestic science, . . . . .	1,500 00
Tuition from non-resident pupils, . . . . .	3,177 50
From dog licenses, . . . . .	820 35
Literary fund from state treasurer, . . . . .	901 00
From library for janitor and coal, . . . . .	800 00
Income of Perkins medal fund, . . . . .	34 00
	<hr/>
	\$43,516 66

### EXPENDITURES.

Expended, . . . . .	\$43,389 86
	<hr/>
Balance, . . . . .	\$126 80

### GENERAL EXPENSE ACCOUNT SUB-DIVIDED.

Fuel, . . . . .	\$ 2,814 84
Salaries, . . . . .	31,883 25

Care of rooms, . . . . .	\$2,994 25
Books, printing and stationery, . . . . .	560 68
Transportation, . . . . .	2,105 30
Miscellaneous, . . . . .	3,031 54
	<hr/>
	\$43,389 86

## MANUAL TRAINING AND DOMESTIC SCIENCE ACCOUNT

## SUB-DIVIDED.

Room for manual training, . . . . .	\$148 30
Equipment for manual training, . . . . .	296 78
Supplies for manual training, . . . . .	55 90
Teacher for manual training, (four months) . . . . .	200 00
Room for domestic science, . . . . .	49 94
Equipment for domestic science, . . . . .	495 22
Supplies for domestic science, . . . . .	53 86
Teacher for domestic science, (four months) . . . . .	200 00
	<hr/>
	\$1,500 00

## SPECIALS.

## TEXT-BOOKS AND SUPPLIES.

Appropriation for 1912, . . . . .	\$2,100 00
Balance from 1911, . . . . .	66 02
Sale of books, . . . . .	160 00
	<hr/>
	\$2,326 02
Expended in 1912, . . . . .	2,278 41
	<hr/>
Balance, . . . . .	\$47 61

## EVENING SCHOOL.

Appropriation for 1912, . . . . .	\$900 00
Balance from 1911, . . . . .	63 41
	<hr/>
	\$963 41

Expended, . . . . .	\$869 50
Balance, . . . . .	\$93 91

## BALANCES.

General appropriation, . . . . .	\$126 80
Text-books and supplies, . . . . .	47 61
Evening school, . . . . .	93 91
Balance December 31, 1912, . . . . .	\$268 32

Respectfully submitted,

GEO. J. FOSTER,  
 CHARLES E. WENDELL,  
 J. E. ANTHES,  
 J. H. SOUTHWICK,  
 CHAS. A. FAIRBANKS,  
 Committee on Finance and Claims.

---

### REPORT OF AUDITORS.

We, the undersigned, have examined the books, papers, and accounts of William K. Chadwick, treasurer of the school committee, and find them correctly kept, rightly cast, and vouched for, and that the sum of \$268.32 remains in the hands of the treasurer, which we find to be on deposit in the Strafford National bank.

We have also examined the receipted bills in the hands of the secretary, and find them to be properly approved by the committee on finance and claims, receipted in full, and to correspond with the orders on the treasurer drawn therefor.

CHARLES H. FOSS,  
 JOHN D. MCCOOEY,  
 Auditors.

Dover, N. H., December 31, 1912.

## ESTIMATES FOR 1913.

TO THE SCHOOL COMMITTEE:—

The committee on finance and claims, having carefully considered the necessities for the schools for the year 1913, report as follows:

## GENERAL APPROPRIATION.

Fuel, . . . . .	\$ 2,800 00
Salaries, . . . . .	32,630 00
Care of rooms and cleaning, . . . . .	3,000 00
Books, printing and stationery, . . . . .	560 00
Transportation, . . . . .	2,200 00
Miscellaneous, . . . . .	2,350 00
	<hr/>
	\$43,540 00

## RESOURCES.

Balance, . . . . .	\$ 268 32
Literary fund (estimate), . . . . .	850 00
Tuition (estimate), . . . . .	3,000 00
Dog licenses (estimate), . . . . .	800 00
Library, for janitor and fuel, . . . . .	800 00
Perkins medal fund, . . . . .	34 00
	<hr/>
	\$5,752 32

Needed from city by appropriation, . . . . .	\$37,787 68
--	-------------

## TEXT-BOOKS.

Estimated cost of text-books and supplies, . . . . .	\$2,100 00
--	------------

## EVENING SCHOOL.

An appropriation for evening school, . . . . .	\$900 00
--	----------

## HIGH SCHOOL INDUSTRIAL WORK.

Appropriation for 1913, . . . . .	\$720 00
-----------------------------------	----------

## APPROPRIATIONS FOR 1913.

## TO BE EXPENDED BY THE SCHOOL COMMITTEE.

For school purposes as required by law, . . .	\$28,672 50
In excess of required sum, . . . . .	9,102 50
Industrial work in the high school, . . . . .	720 00
Text-books and supplies, . . . . .	2,100 00
Evening school, . . . . .	900 00

## TO BE EXPENDED BY THE CITY COUNCILS.

Repairs on schoolhouses, . . . . .	\$3,000 00
------------------------------------	------------

ANNUAL REPORT  
OF THE  
SUPERINTENDENT OF SCHOOLS.

---

TO THE SCHOOL COMMITTEE OF THE SCHOOL DISTRICT OF  
THE CITY OF DOVER:

I submit herewith my second annual report as superintendent of the schools of Dover.

A PRELIMINARY CONSIDERATION OF THE POSITION OF THE  
SCHOOLS IN THE SOCIAL FABRIC.

If children grow to maturity indolent, ignorant, and with vicious habits, society suffers, for life and property become unsafe and taxes for the support of criminals, paupers and the inefficient, increase, so that the expense of honorable living in such a community becomes prohibitive.

To prevent such a calamity, as a means of self preservation, civilized states have taken from parents the complete control of their own children and have established schools and other educational agencies. The state does not school the child as a help to needy parents but that it may preserve itself and the cherished ideals of civilization from threatened destruction.

Through long years in New England little was asked of the schools. They presented to the child but the means of education, reading, writing and arithmetic. The child received his education in a larger part from the home. The boy worked by his father's side, the girl by her mother's. Each, from contact with mature, thoughtful minds gained the science, the philosophy, the ideals of life that formed his real education. Today, the schools must not only furnish the means of education but must guide the education as well,

for the last generation has seen a complete change in social and economic life. The boy no longer works with his father. If he follows him to work the sign "No Admission" stares him in the face. The father sees his children only in the evening for a playful hour but is no longer an educative force.

In many cases the mother, too, works from home, and commonly our social institutions are such that the girl has not the opportunity to become an adept in the art of home making; while both boys and girls lack the discipline of set tasks. Not only has our social life been changing but our population has been changing too. More and more there have come to us those to whom English is an unknown tongue and to whom Anglo-Saxon ideals are foreign. In our city this change in population is bound to continue. These foreigners are to be our citizens and with good hope we may believe that our civilization will not lose from the union with other races.

These changes have brought new duties to the schools. First, that to the means of education be added the science of the material world and the philosophy of life. Then, community ideals, which lead to worthy citizenship. Now, there rests upon it the inculcation of higher ideals of decent living, the teaching of the nobility of labor and the preparation for success in life, that is, to reading, writing and arithmetic the schools added history, geography, civics, physiology, music and drawing, and now are called upon to teach all that makes for decent homes and standards of living and also such vocational branches as will enable each child to become a self sustaining member of the community.

In the last generation the standard of living has changed. We are unwilling to live in houses with the conveniences that were thought adequate a generation ago. We demand better roads than they had then, we will not employ a physician who still uses their methods, we will not even trade in a store which then would have been regarded as of notable excellence. The public will no longer suffer the conditions

of a generation ago. They demand better school buildings, cleaner, better lighted, better ventilated, more attractive. They demand better teachers, thoroughly trained for their work. Parents demand that the pupils with whom their children must associate shall be clean and free from disease and unwholesome emanation. It will appear from the report that follows that we have not been unmindful of these demands, but we cannot do our full duty until through the help of the school physician and school dentist no child is allowed to block his own future or offend his neighbor by decayed teeth, defective eyesight and incipient disease.

## THE WORK OF THE YEAR.

### 1. THE TEACHERS.

During the summer came the resignations of Miss Bertha Arnstein, Mr. A. E. French, Miss Caroline E. Hammond, and Miss Edith E. Meserve. The vacant positions were filled by the election of Miss Ruth D. Corson, Miss Clara B. Hopkins, Miss Bertha E. Eaton, and Miss Helena A. Cavanaugh. In the fall term Miss Mabel Hayes, because of ill health, resigned her work in the high school and Miss Grace M. Thompson has been elected to carry on her work. With so small a change in the teaching force the superintendent has been able to devote less time to the careful supervision of the work of the rooms and more to the material improvement of the school system than would otherwise have been possible. In addition to teachers' meetings for conference and direction the superintendent has lectured to the teachers on

1. Industrial Education.
2. Evolution and the Recapitulatory Theory.
3. Nascent Periods and Stages of Development.
4. Formal Discipline and Change in View Point.
5. The Montessori System.

### 2. THE SCHOOLS.

*High School.* The school under the excellent management of its present principal continues to increase in numbers

and in favor with the people. It is greatly cramped for room and needs opportunity for development in vocational lines. Through its academic courses it prepares many for college and few of these by failures have brought discredit upon their alma mater. The graduates of its commercial curriculum are finding work in our midst but unfortunately we are as yet unable to offer courses looking to the chief occupations of men and women in Dover. Your attention is called to the detailed report of the principal on page 340.

*Elementary Schools.* The work in these schools has gone on as usual. In accordance with the recommendation of the committee of eight the sixth grade history has been enlarged by the addition of work on the European beginnings of American history. In penmanship the work of the last five years shows in the excellent handwriting of the upper grades. Diplomas as professional penmen were granted to nineteen eighth grade pupils. Of these, twelve were in Miss Lawrence's room, six in Mr. White's, and one in Miss Morrison's.

Many books, soiled and worn, have been discarded this year, and special care is being taken by teachers and pupils to keep clean the new books which have replaced the old. In particular, the number of supplementary readers has been greatly increased. The school department furnishes text books at cost to those who wish to buy them. It is of so great importance to a child to own his own books, that I believe that parents who are able to do so should more generally take advantage of this opportunity. The cost of all books used would rise from about \$1.50 in the first grade to \$4.00 in the eighth.

*Evening School.* In this most important part of our school system we aim to give the rudiments of English to young foreigners who are at work during the day. The report of the principal is on page 344.

*Rural Schools.* The school at the Upper Neck remains very small and it is an open question how long it will be profitable to continue it. The Back River school is large

and makes an admirable community centre. I think it should remain open permanently and hope that in time we shall be able to fit it more closely to the needs of the locality, by the introduction of elementary agriculture, domestic science and woodwork.

### 3. MUSIC AND DRAWING.

Mr. A. E. French, for thirteen years teacher of music, resigned his position at the close of the school year, and Miss Hopkins was elected to fill the vacancy. Mr. French will long be remembered for his devotion to the work and his high musical ideals. In connection with the drawing, we now have handwork throughout the first five grades, and this leads directly to the industrial work of grades 6-8. The first three grades have modeling in plasticine, the fourth has weaving, and the fifth, raffia work.

### 4. MANUAL TRAINING AND DOMESTIC SCIENCE.

The chief advance during the year has been the starting of work in these branches. The school board has advocated their installation for many years and as the time seemed opportune an appropriation of \$1,500 was voted by the city councils for this purpose. The report of this expenditure will be found on page 323.

The teachers, Miss Christine Rowell and Miss Isabel Mowry, were obtained from the Plymouth Normal school, where each had special preparation for our work. Miss Rowell has the manual training and Miss Mowry the domestic science, and each is doing admirable work. The manual training was established in the old public library rooms in the city building. A section of these rooms was separated from the remainder, closets built, and manual training benches and tools provided. The boys of all the sixth, seventh and eighth grades of the city come here for work two hours each week. Among their work has been the making of cake boards, sleeve boards, and envelope holders.

Temporary quarters for the domestic science were ob-

tained by utilizing the vacant rooms of the Sherman building. These rooms are admirable, though the building is unsuitable for school purposes. Here the girls of grades 6-8 come two hours a week for work in cooking, sewing and household duties. The equipment can readily be removed to a new building when room is available for it.

Both boys and girls have entered upon the new work with enthusiasm, and, in many cases, pupils have continued their instructions by practice at home. This departure won instant favor from the parents and from the many citizens who have visited the rooms.

Mr. Charles E. Wendell, chairman of the committee on industrial education, has given lavishly of his time and effort to bring about the successful installation of these courses, and the excellent start that we have made is due to his energetic activity and sound judgment.

#### 5. PHYSICAL CHANGES.

With the beginning of the new year we definitely set about the work of better physical conditions in the elementary schools. The sweeping of the schools had been done in part by the janitors and in part by the school boys, and the results were not good. The janitors were relieved of a part of their work so that they would have sufficient time for keeping their basements and stairways in good condition. All the schoolrooms are now swept and dusted twice a week by women hired for this purpose. This has brought an improvement, but I am inclined to think that a better plan eventually will be to add another janitor and to have each janitor take entire care of his buildings.

A sweeping compound is now used by the janitors, and teachers are furnished with soap and paper towels for the children. I hope it will be possible soon to equip with liquid soap servers. We are able now to see that the hands, faces and necks of all children are clean. I wish we could do more, and am convinced that when we enlarge our school plant we must add a bath room with a matron in attendance

perhaps a half day a week to bathe such little children as cannot secure proper attention elsewhere, that no longer they may endanger their own health and be an offense to those around them.

The work that has been done by the committee on schoolhouse repairs is so important that it deserves mention here. The committee was granted an extra appropriation this year and has expended the money with economy, excellent judgment, and to the great advantage of the schools.

For some time, in our basements and attics have been accumulating discarded desks, settees and blinds. All of these have been cleared away and the basements thoroughly whitewashed. This has greatly improved the conditions. In six of our schoolrooms the seats were arranged so that the light fell on the pupil's right shoulder instead of left, causing the shadow of his hand and pencil to obscure his work and produce an eye strain that was unnecessary and must have produced impaired vision. In four of these rooms the seats were rearranged last summer and the others should receive attention.

Since June all the schools have been equipped with sanitary drinking fountains, so that children may quench their thirst without using a common cup or disease carrying drinking vessel. The Keith bubbler of the E. E. Knott Co. was the one chosen. The equipment should have been ready at the opening of school in September, but owing to the extreme dilatoriness of the company it was late in November before the fountains were delivered.

None of our elementary schools is in a modern building and the basements of all were, according to modern standards, unsanitary and unwholesome. The condition of the Sawyer school basements need not be retold here. It was seen that complete renovation was needed and the committee asked for an appropriation for that purpose. The work was well done and the result is admirable, but the basements of the Belknap, Hale, Peirce and Varney schools are in the same general

condition. One, at least, of these schools should be taken each year and be made right. With the exception of the Sherman school, which ought to be abandoned, the Hale school is in the worst condition, and I recommend to the committee on repairs that this building be put into as good condition as is the Sawyer school. The committee has done what it can to improve the lighting of the basements and the janitors are doing what they can to keep them clean.

#### 6. CITY PHYSICIAN.

The city ordinance requires the city physician to vaccinate only children of indigent parents. Many parents have felt aggrieved at this rule and think that compulsory vaccination should be without charge to them. It appears also to be a hardship that pupils who obtain employment certificates must pay for their physical examination and for many reasons the results would be much better if all these certificates of fitness for work be granted by a single physician. I suggest to the city councils that the salary of the city physician be suitably increased and that the vaccination of school children and the examination for labor certificates be without charge.

#### OUR FIRST GREAT NEED.

Twenty-four years ago Thaddeus P. Cressey, then chairman of the school committee, in his annual report recommended the introduction of manual training. Frequently since then, other chairmen have repeated this recommendation. We are now taking our work in manual training and domestic science through the elementary schools. It must not stop there. In our high school we are preparing boys and girls for college, we are fitting them for clerical positions but we have no curriculum which fits the boy for mechanical pursuits and the girl to be an educated homemaker. We need a curriculum in mechanic arts for these boys who should carry on their wood-working and take up mechanical drawing and working in iron until they are ready for the skilled mechanical work in our shops and factories. Our

manufacturing city calls for young men fitted for the jobs that are here. We need also a domestic arts curriculum so that girls who do not wish an academic college course, or a commercial position, may procure educational studies looking toward the needs of the home. Such a curriculum would include cooking, dressmaking, and millinery, household mechanical appliances, household sanitation, nursing, household economics, and design and decoration.

Miss Martha Hanson in her will has left \$2,000.00 which I hope will soon be available for the establishment of such high school courses. This sum would furnish the necessary initial equipment but at once we face the condition that our high school is now over crowded and we have no room for these new branches. If with our high school we are to make the forward step that this city urgently demands, and if we are to utilize this legacy, an additional building is imperative.

#### THE SECOND GREAT NEED.

For a number of years the school committee has urged that a new grammar school building must be erected. I do not see how longer delay is possible. This is the condition now :

(1) There are two grades in the high school building and because of this the high school is crowded and inconvenienced, for it needs the entire building. One grade, at least, must be removed this year, and this will mean the renting of suitable quarters. It must be remembered that since entering the new building the high school has increased from 180 to 330.

(2) An eighth grade is housed in the basement of the City building in a room without ventilation, accessible water, toilet rooms or any school accessories. It is, in fact, a poorer room than those at Pine Hill and in Central hall which, before it, were condemned and closed.

(3) There are two grades in the Sherman building, and all the girls from the upper grades go twice a week there

for industrial work. That this building should be closed is no longer a debatable question. We need, then, a grammar school building sufficient for five grades and our work in domestic science and manual training.

#### HOW WE MAY MEET OUR TWO GREAT NEEDS.

The city cannot of course build two school buildings. It can, however, build on St. Thomas street, back of the high school, a schoolhouse adequate for both purposes for about the cost of a grammar school building. In this location it could be heated from the high school boilers without a separate installation. This would result in an initial and permanent saving, and would, moreover, permit the use of the entire basement for school purposes. An additional saving would result from the fact that the playground is adequate without additional purchase.

The plan calls for a two-story building with a basement, the new building to be joined to the high school by a corridor and connecting rooms. This would give rooms for five grades, ample room for the domestic science and manual training of the grades, and for the domestic arts and mechanic arts of the high school, together with such store rooms, toilet and bathing facilities as are needed. By building upon this lot we would prevent the scattering of effort by putting the high school vocational work under the same roof as the other high school activities; we would put the vocational work for the grades where it could be most conveniently reached from the grammar grades of the city; we would locate the schools of five grades in the most central place of the section concerned; we would, moreover, close the Sherman school, the school in the City hall basement and would relieve the high school of its crowded condition. Since the heating plant in the high school could be used, and since the playground is already provided, this building could be erected for no more than a grammar school would cost if located elsewhere. Such a building as I have in mind would

A CLASS IN MANUAL TRAINING.

cost, I am told by a competent architect, about \$26,000.00, and would meet our school needs for years.

#### A SUGGESTION.

Each year many Dover citizens draw their wills or revise them. A number of these people, having sufficient means and desiring that their substance may do good deeds when they can no more, make public bequests. Our local charitable institutions have often been generously remembered and other worthy objects have been favored. Often educational institutions have been aided, but almost without exception these have been institutions in other towns, colleges for the select few, private schools for the wealthy or denominational schools. Should not more often will-makers and those who wish to do good while yet living, show their faith in our public schools and their wish for the welfare of Dover by devoting their means to the educational needs of our city?

Our high school rooms are now suitably ornamented with pictures and other decorations, but many of our elementary schools have walls bare and dingy. I wish these rooms could be made as beautiful as are the high school rooms, and believe here is an opportunity for benefaction by those who love children or who love art and believe that the beautiful has its effect on the human soul. In hospitals and charitable homes we often find rooms with distinctive names, and know that some parent has furnished the equipment of that room that the memory of a lost child may be permanent. It is, indeed, praiseworthy, thus, as a kindly remembrance of a loved one, to alleviate the weariness of the sufferer who occupies the memorial room, but would it not bring even more beneficent results to render beautiful a single school room? As a memorial to some child and in his name, through pictures and other ornamentation to make cheerful and happy the surroundings, not of one sufferer, but of thirty-five impressionable children would make the donor a public benefactor.

I believe that the reason why our public schools have been so often overlooked by givers of gifts and makers of bequests is because they have not known what needs could be met in this way and for this reason I am adding a list of needs by which money can be turned into character, and I recommend that this list be filed for convenient reference by lawyers, physicians and the clergy, in fact by any who may be called to give advice to those who love the city of Dover and wish to aid in its betterment.

1. Ornamentation of rooms.

Single pictures, \$3.50-\$10.00 each.

Complete decoration of room, \$75.00-\$150.00.

2. Music.

Victrola for each school building, \$50.00

Good records for the same, \$25.00.

Piano player for the high school.

3. Concerning the health of indigent children.

Glasses and care of eyes, income of \$1,000.00.

Operations for adenoids, income of \$1,000.00.

Dental work and care of teeth, income of \$5,000.00.

Providing shoes and clothing, income of \$2,000.00.

Employment of school nurse, \$1,000.00 per year.

Offers of services by dentists and physicians will be welcomed. \$25.00 of work annually.

4. The teachers.

A pension fund for teachers who have taught thirty years in Dover schools, \$400.00 per year for each teacher pensioned.

5. Physical directors and playgrounds.

Systematic physical instruction for high school girls, \$750.00 per year.

A salaried coach for high school teams, \$500.00 per year.

Playground apparatus, slides, swings, etc., needed in every school yard, \$250.00 for each school.

Playground director for summer vacation.

High school athletic field and city playground. If the

playground back of the high school could be extended to Atkinson street, it would be large enough for foot ball and base ball and would make an ideal city playground. This would call for the purchase of several houses and the draining and grading of the entire field but it would make a lasting monument to some wealthy citizen of Dover.

#### SUMMARY AND CONCLUSION.

In brief, it is our work to educate our young people for the needs of Dover today and for a generation hence. Our chief efforts this year have been in improving the material surroundings of the schools and in the introduction of industrial work in the grades. Our great and immediate needs are the carrying of this work into the high school in vocational courses and the better housing of certain of our grammar schools. Neither of these needs, if we consider the future development of Dover and the health of our young people, can with justice and wisdom be longer delayed.

To all the members of this board and especially to its chairman, I express my appreciation for courteous treatment and hearty support.

Respectfully submitted,

E. W. BUTTERFIELD.

Dover, N. H., December 31, 1912.

# ANNUAL REPORT

OF THE

## PRINCIPAL OF THE HIGH SCHOOL.

TO THE SUPERINTENDENT OF SCHOOLS:

Sir:—I submit herewith my annual report as principal of the Dover High School.

	1910-11	1911-12	1912-13
First term, total enrollment, . . .	323	331	324
First term, per cent. of attendance, . . .	97.93	97.40	96.35
First term, number of tardiness, . . .	33	37	20
First term, per cent. left school, . . .	3.7	3.6	5.2
Enrollment, end of term, . . . . .	311	319	307

### ENROLLMENT BY CLASSES.

	1st yr.	2nd yr.	3rd yr.	4th yr.	Totals.

			324

### CHANGES IN THE COURSE OF INSTRUCTION.

Pupils in mathematics have hitherto been required to devote the first year exclusively to algebra and the second to geometry. In place of this course we have substituted one which combines the two subjects at the beginning and develops them together throughout the two years. During the

first year chief emphasis is placed on the algebra, but geometric notions are introduced at an early stage, geometric problems are solved by algebraic methods, and the fundamental principles of geometry are established. During the second year algebra will be carried through quadratics and the usual requirements in plane geometry completed.

Thus far the new course has shown its superiority in several ways. At the outset a very liberal use of the inductions of arithmetic is made in introducing the algebraic notation. This has resulted in making much easier the transition from arithmetic to algebra, always a troublesome period for pupils entering the high school. Especial emphasis should be placed upon this, as, after this year, pupils entering from our schools will not have had preliminary drill in elementary algebra. The mixing of elementary geometry with the algebra has been very successful and has added greatly to the pupils' interest in the work. Above all, by its great informality in the treatment of the two subjects, the course has done much to prevent mechanical work on the part of the pupil and to stimulate original thought.

In first year Latin the entering class has been taught Latin as a spoken language. Text-books have been discarded and the instruction made exclusively oral. The pupils start with the reading of complete sentences and learn the meanings of words and the significance of terminations only as these occur in actual use. The study of formal grammar and systematic inflections is reserved for more advanced work and the pupils are encouraged to think in Latin and to express themselves in simple sentences. Already the class is reading short stories involving several sentences and has a working acquaintance with a considerable vocabulary. With this method, recitations are not as finished, but the interest is greater and the general attitude of the class toward the subject is very encouraging.

#### A TRIP TO WASHINGTON.

Under the direction of Miss Winship, the senior class pre-

sented the comedy "All the Comforts of Home," at the opera house last spring. The proceeds of this entertainment, about four hundred and fifty dollars, were expended on a trip to Washington during the spring vacation. Accompanied by many of their relatives, the members of the class spent an enjoyable and profitable week at the capital.

#### ATHLETICS.

In athletics the activities of the school have been more than usually extended. The pupils have supported a baseball and a football team, by entertainments given in the assembly hall. In addition, a track team was organized last spring and, though handicapped by the lack of a gymnasium or any suitable grounds for out-of-door practice, its members made a very creditable showing at the interscholastic meet at New Hampshire college in May, as well as in contests with neighboring schools.

For some time past the girls of the school have supported an organization, "The Ozone Club," for the promotion of out-of-door exercise. During warm weather many short walking trips and picnics have been carried out by this club with the assistance of the teachers. As at present conducted, I believe that our athletics are a distinct benefit to the school.

In conclusion, I must express my obligation to the teachers of the school. They have all heartily seconded my efforts, and to them I am indebted for many plans and suggestions that have made for the welfare of the school.

Respectfully submitted,

MELVIN M. SMITH,

Principal of the High School.

ANNUAL REPORT  
OF THE  
PRINCIPAL OF THE EVENING SCHOOL.

TO THE SUPERINTENDENT OF SCHOOLS:—

SIR:—I submit this my report as principal of the evening school:

	1911-12	1912-13
School opened, . . . . .	Oct. 30	Oct. 14
School closed, . . . . .	March 1	
Number of sessions, . . . . .	68	
Total enrollment, . . . . .	183	189
Boys, . . . . .	161	174
Girls, . . . . .	22	15
Greeks, . . . . .	90	118
Syrians, . . . . .	45	35
Armenians, . . . . .	18	16
French, . . . . .	14	14
English speaking, . . . . .	16	16
Number over 18 years, . . . . .	93	102
Number under 18 years, . . . . .	90	87
Average attendance, . . . . .	97	

Teachers employed: John Daeris, Themistocles Yaxis, Ida B. Hanson, Mary E. Twombly, Grace B. Henderson, Jennie S. Smith, Gertrude F. Lyons.

Respectfully submitted,

WILLIAM F. WHITE,

Principal of Evening School.

Dover, N. H., December 31, 1912.

# REPORT

## OF THE

### TRUANT OFFICER.

TO THE SCHOOL COMMITTEE:—

I respectfully submit the following report for the year 1912.

Number of complaints from teachers, . . . . .	311
Number of complaints from the Sacred Heart parochial school, . . . . .	11
Number of complaints from St. Joseph's paro- chial school, . . . . .	26
Number of complaints from St. Charles' paro- chial school, . . . . .	13
Whole number of complaints received, . . . . .	361
Number of cases of absence investigated, . . . . .	342
Number of cases of tardiness investigated, . . . . .	19
Number of children found absent without good reason, . . . . .	105
Number found to be truant, . . . . .	42
Number of visits to schools, . . . . .	361
Number of visits to families, . . . . .	361
Number of visits to manufacturing establish- ments, . . . . .	39
Number of arrests, . . . . .	2
Number of children prosecuted, . . . . .	2

V. H. CAVERLY,  
Truant Officer.

Dover, N. H., December 31, 1912.

## TO THE SCHOOL COMMITTEE:—

I have the honor to submit herewith my report relative to the enumeration of children assigned to me by vote of your board.

The results of the enumeration are as follows:

Number of children between the ages of five and sixteen years:

Boys, . . . . .	1,093	
Girls, . . . . .	1,118	
	<hr/>	
Total, . . . . .		2,211
Number between ten and sixteen years who cannot read and write in the English language, . . . . .		30
Number of those born in New Hampshire, . . . . .	2	
Number born elsewhere in the United States, . . . . .	4	
Number born in foreign countries, . . . . .	24	
	<hr/>	
Total, . . . . .		30
Number between the ages of five and eight who do not regularly attend school (about), . . . . .		90
Number between the ages of eight and fourteen who do not regularly attend school, . . . . .		2
Number between the ages of fourteen and sixteen who do not regularly attend school, . . . . .		140

Respectfully submitted,

V. H. CAVERLY,  
Truant Officer.

Dover, N. H., December 31, 1912.

## APPENDIX.

### STATISTICS.

#### TEACHERS.

Number of teachers during the year 1911-1912:

High school, . . . . .	11
Grades 5-8, . . . . .	13
Grades 1-4, . . . . .	17
Ungraded schools, . . . . .	2
Music teacher, . . . . .	1
Drawing teacher, . . . . .	1
	<hr/>
Total, . . . . .	45
Number of male teachers, . . . . .	4
Number of female teachers, . . . . .	41
Number of teachers who have graduated from a normal school, . . . . .	14
Number of teachers who have graduated from a training school, . . . . .	13
Number of teachers who have graduated from college, . . . . .	11
Number of teachers who have a state certifi- cate, . . . . .	31

## ROLL OF HONOR.

### HIGH SCHOOL.

Thomas Anderton, Gertrude Bell, Alice Bennett, Florence Blaisdell, Josephine Bradley, Annie Calcutt, Leon Calef, Oramel Card, Thomas Cash, Fred Cater, Gertrude Cater, James Cavano, George Chesley, Harold Chesley, Ivy Bell Chesley, Marion Chesley, Percy Chorlton, Helen Clarke, Lena Clarke, Margaret Clifford, William Colbath, Gladys Corson, Robert Crosby, Velma Davis, Vera DeMerritte, Molly Devereux, Natalie Ewer, Clarence Felker, Alice Fernald, Martha Fisher, Mildred Flynn, Anna Fogg, Walter Forrest, Prudence George, Fred Goddard, Helen Grant, Maurice Hale, Helen Hayes, Harriette Henderson, Ethel Hitchens, Zilla Hodgdon, Martha Hoitt, Sadie Hughes, Miriam Hudson, Harold Kidder, Harry King, Mildred King, Emily Kisterman, Warren Knox, Joseph Long, Nat Lunt,

THE SEWING AND DINING ROOM.

Edward McCarty, Helen McCarty, Mary McCarty, John McNally, Sara McNeil, Dorothy Morgan, John Murphy, Hildur Olson, Frances Poland, Helen Potter, Philip Reed, Stanley Reynolds, Pearl Richmond, May Ricker, John Rollins, Helen Rowe, Carl Sanders, Edwin Sanders, Ernest Sanders, Manola Sherry, Alberta Steuerwald, Maurice Tucker, Helen Varney, Marion Wallace, Mary Whitehead, Marion Willett, Hazel Winn, Mary Winslow.

SAWYER SCHOOL.

Grade VIII.—Arthur Boston, Maurice E. Currier, Marion G. Sanders, Ocee F. Sevigny, Violet F. Quill.

Grade VII.—John F. Brennan, Lillian F. Curtis, Romeo L. Iovine, Catherine L. Linehan, Chesley S. Marshall, Harold G. McIntyre, Helen D. Yeaton.

Grade VI.—Robert F. Blake, True W. Cornell, Doris I. Gallagher, Edna M. Wiggin.

Grade V.—Eugene Boeglin, Erik K. Gulbrandsen, Albert Langley, Eugene Riekert, George Sevigny, Walter Stroth, Joseph Villiers, Ralph Woods.

Grade IV.—Dora E. McEwan, Doris McMahan, Marion V. Palmer, Harry A. Warren, Charles W. Webb.

Grade III.—Anna Riekert.

Grade II.—Alice M. Drew, Alice M. Henderson.

PEIRCE SCHOOL.

Grade IV.—George R. Burbank, Charles A. Goodwin, George W. Foss, Hazel D. Niles, Helen L. Pierce, Catherine Orr, Ruth M. Young.

Grade III.—Laura M. Drew, Ernest J. Sevigny, Alvah I. Young, Aristides Zarbini.

Grade II.—Ernest H. Pierce.

Grade I.—John Fitzgerald, Weldon Hubbard.

## SHERMAN SCHOOL.

Grade VI.—Doris Chesley, Zella Robinson.

Grade V.—Sarah A. Gallagher, Ethel A. Keniston.

## CITY HALL SCHOOL.

Grade VIII.—T. Harold Long, Myrtle L. Kennedy,  
Margaret L. McMullen.

## HIGH SCHOOL.

Grade VIII.—Willis B. Hayes, Wilfred J. King, Frances E. Locklin, Doris D. Stevens.

Grade VII.—Marion Blaisdell, Louis Desotelle.

## VARNEY SCHOOL.

Grade IV.—Maurice E. Cate.

Grade III.—Maidion M. Dalglish, Percy Robinson,  
Charles T. Winslow.

Grade II.—Helen Doe, Thelma F. Doe, Maxwell Foster,  
Alice Hartley, Inez Welch.

Grade I.—Frederick Smalley.

## BELKNAP SCHOOL.

Grade VII.—U. Sherman Avery, Ella E. Browne, Elsie L. Card, George A. Carr, Martha M. Eyres, Richard Howarth, Leroy B. Stacy, Wesley J. Tibbetts, Hazel L. Watson, Martha G. Welch.

Grade VI.—Lella E. B. Dalglish, Edna F. French, Crystal E. Goodwin, Fred W. McFadden, Virginia G. Smalley.

Grades V-VI.—H. Nason Avery, Philip T. Devlin, E. Mae Greenaway, Albert E. Howarth, Daniel Heald, Richard C. Jones, Thomas F. McGowan, Martha I. Spinney.

Grade V.—Earl C. Burnham, Ella A. Hill, Lena L. King, Beatrice E. Tibbetts, Marion E. Welch.

## HALE SCHOOL.

Grade IV.—Helen Duggan, Ernest Eyres, Frank Stacy.

Grade III.—Marie Ash, Ellen Allison, Margaret Murphy, Frank McConnell.

Grade II.—James Murphy, Ruth E. Whitney.

Grade I.—William H. Currier, William Heald, Marion C. Murphy, Elizabeth M. Wright.

## WELCH SCHOOL.

Grade I.—Earl F. Browne.

## BACK RIVER SCHOOL.

Harold B. Forrest, Howard E. Forrest, Effie M. Forrest, Mina M. Forrest, Annie M. Greenaway, George Greenaway, Gladys Greenaway.

## NUMBER OF TARDINESSES DURING THE LAST FIVE YEARS.

1907-1908, . . . . .	1,032
1908-1909, . . . . .	974
1909-1910, . . . . .	1,216
1910-1911, . . . . .	903
1911-1912, . . . . .	928

## VISITS.

By the superintendent:

High school, . . . . .	93
Grades 5-8, . . . . .	111
Grades 1-4, . . . . .	118
Suburban, . . . . .	10
Total, . . . . .	332

By members of the committee:

## MEMBERSHIP AND ATTENDANCE.

The average membership, as recorded in the school registers, is here given for five years, for purposes of comparison:

1907-08, . . . . .	1,395
1908-09, . . . . .	1,360
1909-10, . . . . .	1,398
1910-11, . . . . .	1,302
1911-12, . . . . .	1,285

Average attendance in the public schools, as given in printed reports, for the five years:

1907-08, . . . . .	1,314
1908-09, . . . . .	1,283
1909-10, . . . . .	1,308
1910-11, . . . . .	1,221
1911-12, . . . . .	1,210

## NO SCHOOL SIGNAL.

The following resolutions were adopted March 11, 1902:

*Resolved*—That the no school signal, viz: 2-2, 2-2, 2-2, 2-2, struck at 7.40 A. M., shall be considered as a notification that no forenoon session will be held in any of the graded schools; when struck at 7.55, the signal shall apply to the grammar and primary schools only. The signal for the afternoon session shall be struck at 11.15 A. M. or 1.05 P. M.

*Resolved*—That the superintendent be hereby directed to instruct the teachers and pupils properly and thoroughly in regard to the foregoing resolution.

The signal was rung during the year 1912, January 15, for the afternoon.

## LIMITS OF SCHOOL DISTRICTS.

The following table of limits gives the general outlines of the districts which are subject to such changes as may be necessary from time to time.

## GRADE VIII.

Sawyer school.—The northern part of the city bounded on the south by the B. & M. R. R., east of the Cocheco river, and Fourth street west of the Cocheco river.

City Hall school.—South of the Sawyer limits to Silver street, and as far west as Belknap street; south on Central to Stark avenue and east of these streets. Suburban districts.

High school.—All of the southern and western part of the city not included in the above limits.

## GRADE VII.

Sawyer school.—The northern part of the city bounded on the south by the B. & M. R. R., east of the Cocheco river, and Fourth street west of the Cocheco river.

High school.—South of the Sawyer limits to Silver street, and as far west as Belknap street; south on Central avenue to Stark avenue and east of these streets. Suburban districts.

Belknap school.—All of the southern and western part of the city not included in the above limits.

## GRADES VI, V.

Sawyer school.—The northern part of the city bounded on the south by Fourth street west of the Cocheco river, the B. & M. R. R. between Cocheco river and Central avenue, and Ham street east of Central avenue.

Sherman school.—South of the Sawyer limits to George street and St. Thomas street and as far west as Belknap street. In addition, Rollinsford, Fresh Creek, Garrison Hill district, and Blackwater.

Belknap school (b).—South of the Sherman limits to the lower end of Central avenue and as far west as Locust street.

Belknap school (a).—All the southern and western part of the city not included in the above limits.

## GRADES IV, III, II.

Sawyer school.—The northern and western part of the city. The southern boundary is Cocheco river and Fourth street west of the Cocheco river; the eastern boundary is Park street.

Peirce school.—East of the Sawyer limits and as far south as Portland street.

Varney school.—East of Central avenue, south from Peirce limits to George street and Payne street; west of Central avenue south from Sawyer limit to Silver street and Rutland street and including these streets.

Hale school.—South of Varney limits to rural districts. Pupils from Garrison hill district and Blackwater will be transported to the school having the smallest number of pupils.

## GRADE I.

Sawyer school.—The northern and western part of the city. The southern boundary is Cocheco river and Fourth street west of the river, the eastern boundary is Park street.

Peirce school.—East of the Sawyer limits and south to Portland street.

Varney school.—East of Central avenue, south from Peirce limits to Silver street and Rutland street and including these streets.

Hale school.—South from the Sherman and Varney limits to Watson street and 227 Locust street.

Welch school.—South of the Hale limits to the rural districts.

# GRADUATING EXERCISES

OF THE

## HIGH SCHOOL.

---

The graduating exercises of the high school were held in the opera house at 2.30 o'clock, Thursday, June 20, 1912. The program was as follows:

High School Chorus,  
Henry Whitehouse, Director.

## CLASS OFFICERS.

President, Perley M. Jenness.  
 Vice President, Harold V. Clark.  
 Secretary, C. Estelle Kelsey.  
 Treasurer, Marion R. Jenness.

---

## RECIPIENTS OF STENOGRAPHIC CERTIFICATES.

Teresa Marion Cavano, Gertrude Ellen Hitchins,  
 Helen Catherine Lee McCarty.

---

## RECIPIENTS OF BOOK-KEEPING CERTIFICATES.

Ethel Amelia Hitchins, Marion Elbier Pattee,  
 May Elizabeth Winslow.

---

The school report for 1908 contained the names of all graduates of the high school from 1854 to 1907. The names of all later graduates follow:

1907 (additional).

Ruth May Roberts.

1908.

Roland Joseph Bennetts,	James Byron Pettingill,
Ellsworth Newton Brackett,	Marguerite Pierce,
Gordon Luther Cave,	Emma Jane Pinkham,
Alice Adeline Clark,	Ruth Annie Olget Pollard,
Florence Viola Cole,	Julian West Pollard,
Rose Veronica Connelly,	Ruth Mary Isabelle Preston,
Ruth Decatur Corson,	Helen Fraser Purinton,
Gertrude Evelyn Cushman,	Albert Ayer Rand,
Mary Evelyn Davis,	Frank Fillmore Ricker,
Stephen DeMerritt,	Carle Ellsworth Rollins,
Edith Gertrude Donnelly,	Sarah Naomi Runlett,
Blanche Edith Fernald,	Minnie Louise Shaw,
Harold Montgomery Foss,	Mildred Smith,

Frederick Foster,  
 Mildred Grant,  
 Arthur James Hallworth,  
 Bernice Marion Hayes,  
 Marion Felker Leigh,  
 Alice Josephine Long,  
 Marjorie Winship Lunt,  
 Margaret Joy Mathes,  
 Cornelius Edward Murphy,  
 Hazel Moore Neal,  
 Anna Guerard Parsons,  
 Harold Irving Patten,  
 Harold Wilbur Perkins,

Roxana Elizabeth Spiller,  
 Bessie Adelaide Thompson,  
 Ruth Elizabeth Thompson,  
 Grace Emma Travers,  
 Clarence Milton Wardwell,  
 Myles Standish Watson,  
 Clyde Linwood Whitehouse,  
 Manvel Whittemore,  
 Frank Garside Wilkinson,  
 Lenna Agnes Woodman,  
 Lora Marie Worcester,  
 Edward Watson Young.

## 1909.

Emily Cook Abbott,  
 Eva Belle Abbott,  
 Forrest Lincoln Abbott,  
 Edwin Leroy Aldrich,  
 Bessie Walker Annis,  
 Grace Adella Blackmer,  
 Lillias May Brewer,  
 Annie Gertrude Brown,  
 Leroy Hussey Brown,  
 Blanche DeMerritte Bunker,  
 Ethel May Burnham,  
 Blanche Gibson Busfield,  
 Lucia Hilliard Cartland,  
 Mildred Howell Cartland,  
 Herbert Edwin Spaulding

Eileen Johnson Hodgdon,  
 Helen Dale Hooper,  
 Woodbury Hough,  
 Augustine Watson Jenness,  
 Donald Babcock Keyes,  
 Ina Gladys Leighton,  
 Donald Whitney Libby,  
 George Stanley Lord,  
 Mary Helen McKone,  
 William Lawrence Murphy,  
 Dorothy Agnes Nelson,  
 Elizabeth Thompson Pike,  
 Valentine Pinkham,  
 Harry Winfred Ransbottom,  
 Mary Elizabeth Reed,  
 Dorothy Alice Ridley,  
 Joseph Clarence Roberts,  
 Ethel Mae Rodden,  
 Raymond Woodus Smart,  
 Allen Upton Southwick,  
 Perley Ray Stone,  
 Lucy Marion Swaine,

Clark,  
 Eliza Hale Crosby,  
 Sara Edna Davis,  
 Wesley Elton Davis,  
 Bernice Doe,  
 Bernice Mary Doherty,  
 Mary Ellen Isabel Durnin,

Sadie Winnifred Elkins,  
Helen Louise Hayes,  
Grace Jane Hill,

Mabelle Grace Trickey,  
William Penn Tuttle,  
Dorothy Locke Williams.

## 1910.

Florence May Brown,  
Blanche Gertrude Buzzell,  
Olive Turner Cate,  
Helena Anastasia Cavanaugh,  
Annie Cole,  
Harold William Conlen,  
Charles Edward Cronin,  
Thomas Albert Davis,  
Wendell Phillips Davis,  
Daniel Edward Doherty,  
Helen Mildred Farnham,  
Raymond Haskell Foss,  
Philip Clement Foster,  
Alden Levi Lane,  
Gertrude Locke,  
Bertha May McDaniel,  
Marietta McLaughlin,  
Robert Henry McNeil,  
Marion Edgerly Nash,  
Ernest Leon Neal,  
Hazel Ruth Cecil Nutter,  
Herbert Raymond Otis,  
Gladys Paul,

Percy Edmund Pepin,  
Roy Stanley Perkins,  
Helen Waldron Plumer,  
Everett Tyler Proctor,  
Allen Pierce Richmond,  
Beatrice Maude Richmond,  
Josephine McDuffee Rollins,  
Florence Arvilla Russ,  
Alice Julia Shaw,  
Susan Margaret Shaw,  
Norman Isaac Snell,  
Florence Wyman Sterling,  
Harold George Stone,  
Catherine Elizabeth Stroth,  
Grace Evelyn Stuart,  
Lora Lucille Swaine,  
Marion Helen Tibbetts,  
Lillian Angela Tinker,  
Wallace Gallinger Varney,  
Gladys Marion Whitehouse,  
Della Olivia Worster,  
Grace Wendell York.

## 1911.

Edward Cass Adams,  
Mary Monroe Balch,  
Angelia May Bennett,  
Minna Gertrude Boomer,  
Lola Amelia Bryson,  
Marion Evelyn Cannavan,  
Grace Florella Card,

Amadeo Manuel Iovine,  
Mary Irvin,

# MUNICIPAL ELECTION.

NOVEMBER 26, 1912.

On Thursday evening, December 5, 1912, both branches of the city councils met in convention, under the provisions of section 8, chapter 21, of the revised ordinances of the city of Dover, for the purpose of canvassing the vote given in for mayor at the municipal election held in November. After a careful examination of the returns, the following report was presented and accepted, and the accompanying resolution unanimously adopted:

TO THE CITY COUNCILS OF THE CITY OF DOVER, IN CONVENTION ASSEMBLED:—

GENTLEMEN:—Your committee appointed to canvass the returns made to the city clerk of the votes given in for mayor at the municipal election held on the twenty-sixth day of November, A. D. 1912, find that the

Whole number of votes cast was, . . . . .	2,333
William H. Gouin had, . . . . .	19
John Main, . . . . .	1,094
Charles H. Foss, . . . . .	1,220

and we recommend the passage of the accompanying resolution.

Respectfully submitted,

JOSEPH HEENEY,  
FRANK R. BLISS,  
HERBERT E. MEADER,  
Committee.

RESOLVED BY THE CITY COUNCILS OF THE CITY OF DOVER, IN CONVENTION ASSEMBLED:—

That Charles H. Foss, having received the largest number of votes given in at the municipal election held on the

twenty-six day of November, A. D. 1912, for mayor, be and hereby is declared to have been duly elected to that office for the year 1913.
