HANOVER FINANCE COMMITTEE

1954

TWENTY-SECOND ANNUAL REPORT

The Hanover Finance Committee initiated its annual activities with the belief that the pitch of the inflationary spiral had become less steep and the hope that leveling off might also be occurring in the new demands made upon, and in the increases to finance the existing services of the three governing units of the community.

It was the feeling, however, that were we in the midst of an actual lull it was only that common prelude to a disturbance, already prophesied by our long range forecasters, which even now is looming above the horizon sufficiently to require planning lest the High School be torn apart by the tornado of young people already moving inexorably toward it.

The Committee has performed its statutory duty of meeting together; of conferring with officials; of holding a public hearing better attended this year; and of studying objectively the three proposed budgets as presented for your information in great detail elsewhere in this publication.

Having considered the minutiae, the Committee, in making its report with recommendations, has striven this year to present instead the newer developments and significant trends as they will affect life in the community and the tax rate.

TOWN

As a result of circumstances, fortuitous and otherwise, the Town would have lived within its income, if not its budget, had there been no forest fires. As it was, the amount of \$7,415 due from the State but not paid to the Town before the end of the fiscal year resulted in a deficit of \$6,293.14 instead of a surplus of \$1,121.86.

Actually the over and under budget items, exclusive of the Grant-ham fire, in CURRENT EXPENSES came out with a total of

\$3,436.16 spent beyond expectations. The overs were mostly in Highways and Bridges and Salaries under General Government and the big unders were in Cemeteries where a dry season and personnel losses reduced expenses; and in Health where the Visiting Nursing Service was in operation less than five months.

Under NEW CONSTRUCTION AND PROPERTY, the unbudgeted 1953 Timber Tax Reserve; the new Rudsboro Road bridge and Rip Road extension cancelled out the under budget expense for culverts for an overrun of \$3,596.25.

The favorable result at the end of the year came from the fortuitous circumstances of an excess of income over budget in Interest and Dividends Taxes, Automobile Permits, and Cemeteries.

Next year the Selectmen gauging their budget on the experiences of 1953 propose to reduce or hold the line in Current Expenses except principally in General Government, Election and Registration, and Highway and Bridges Maintenance. The total budgeted increase over 1953 will be \$3,787 and \$10,824 less than spent in 1953.

Under Health \$4,800 has been budgeted for continuance of the Visiting Nursing Service which because established originally for one year can be continued beyond that only by vote on a special article in the warrant.

NEW CONSTRUCTION AND PROPERTY will require less for Construction and Culverts but a new highway truck will be needed at a cost of \$4,800 offset by \$800 trade in and \$2,500 from Capital Reserve.

The previously made Dartmouth-Lake Sunapee Regional Association contribution of \$500 is not included in the budget by wish of the Selectmen to have this considered as a special article in the warrant because of the absence of an organizational budget and of the difficulty of inventorying tangible benefits. At the public meeting, after several had spoken in support of the Association, by show of hands 20 favored and 4 opposed restoration of the item.

Revenues for 1954 were estimated as potentially the same as for 1953 except for a reduction in back tax income by \$2,400 and an

increase in the income from Interest and Dividends Taxes of \$1,500.

The Town Tax for 1954 is therefore estimated to be \$42,399 which without the \$18,403 deficit requires that \$19,117 less be collected than was received in 1953.

VOTED: that the Town Budget for 1954 be and hereby is approved.

SCHOOL DISTRICT

The Finance Committee in considering the prophecy of the School Board regarding what will happen from 1 July 1954 on, must review what did happen as of 30 June 1953. The current operations are not available as financial records.

In voting approval of the budget for 1953-54, the Finance Committee made the stipulation that the School Board institute immediately a system of control over the actual expenditure of funds provided for specific purposes in the budget. It was further voted that an Autumn meeting be established to provide opportunity and time to review actual results of School District operations against the budget.

The Autumn meeting was not held but the data of 1952-53 results were presented to the Committee at its January 13th meeting, without a budget reconciliation. How successful controls have been may be concluded from the fact that there was a total overrun in eleven categories of only \$4,698.14 or 1.877% on a quarter of a million dollar operation.

Now the Board, without yet knowing how the present budget will have served, must project the operations of the School District through June 30, 1955 and the Finance Committee must review the proposals objectively from the viewpoint of taxpayers.

Certain important desiderata will be achieved if the proposed budget is approved. It will be recalled that in the 1951 "Report of the Salary Study Committee" which resulted in the current salary scale a limitation was placed upon the application of the scale for the benefit of the more experienced teachers with longest service in

Hanover schools who were the farthest behind schedule. In 1954-55 the final two teachers will have been brought to their proper places.

The base salary for a woman without previous teaching experience, who has an A.B. degree and sufficient professional preparation to meet S.B.E. certification requirement will be advanced from step 42 to step 44 or from \$2520 to \$2640. This advance will affect all teachers in the school system and thus will help the School Board to remain competitive in holding and securing the most competent personnel for Hanover's schools.

Remedial reading will be restored to the curriculum and Miss Golding so successful previously in that technical discipline, will return to that subject. A replacement teacher is projected at \$3300.

These changes would increase Teachers' Salaries by \$9,023 and Retirement by \$1,938. The salaries of janitors would be increased \$400 in total and in all other categories salary increases would total \$315.

In the categories of District Officers' Salaries, Books, Repairs and Replacements, and New Equipment no increases over 1953 are proposed for 1954.

In Fuel, Tuition, Insurance, Additions and Improvements to Buildings, Principal of Debt, and Debt Interest the reduction in total projected expense is \$9,065. The High Bonds are paid off, the Interest is correspondingly reduced; fewer pupils are being sent out of town; fuel costs and insurance premiums are down.

But there are increases or inclusions in nine categories due in part to enrollment increases which in total are significant: The Tax for Statewide Supervision; Supplies and Expenses; Scholars' Supplies and other Expenses; Water, Light, and Janitors' Supplies; Transportation; Special Activities and Special Funds; Planning and Capital Reserve to an amount of \$5,558. The larger items are \$2,000 toward a new bus and \$1,500 for High School planning toward provisions which may be mandatory by September 1956.

The estimates of revenues available are \$43,687 or \$6,858 more than 1953. Although Bridgman Estate income will be \$1,000 less;

Tuition, because of the increase in fee from \$285 to \$310 in the High School and greater enrollment, will be up \$3,230 and \$4,500 will be carried over in Teachers' Salaries because of one death and the resignation of several of the older teachers.

The amount to be raised by taxation on the assumptions of the above budget would be \$309 more than last year for a total of \$239,970.

VOTED: that the School District Budget for 1954-55 as revised be and hereby is approved by the Finance Committee.

VILLAGE PRECINCT OF HANOVER

The Commissioners of the Precinct became involved during the year in a number of unexpected projects and expenses of significant cost in certain divisions, while in others the costs were below budgeted expectations but not enough below to balance the overrun so that \$3,500 had to be borrowed. When the year ended \$1,600 from the Highway Reserve had not been withdrawn and \$998.84 remained to be carried over so that the actual expenditures over receipts were \$901.06 or .6753%.

Surveys and plans for the sewer extension on the Chase Farm housing development; for the reconstruction of Lebanon Street; and for a road into the proposed new dump required extra services from the Precinct Engineering Consultant. The repairs and replacements on overuse of equipment for the Grantham fire were unexpected. A part-time man had to be employed to supervise the Precinct Dump when Mr. Lewin discontinued garbage collection and hog raising. Although the reconstruction of Lebanon Street was held up by the State, and snow removal and sanding required less time, other operations: oiling of the public parking spaces behind the Nugget and Hanover Inn; repairs to the buildings; equipment repairs and replacements; and the necessary activities of the Highway Department; were more expensive.

The parking meter final payment has been made so that

\$6,663.06 became available for the general funds of the Precinct toward retirement of the Highway Equipment Bonds.

The River Ridge Sewer cost has been met leaving \$4,424.77 in the Sewer Construction Account which will be held in reserve for acquisition of the West Side Sewer Company now in negotiation.

The proposed Precinct Budget for 1954 is \$152,975 against \$133,415 for 1953, an increase of \$19,560 or 14.8%. There is no basis for an estimate of additional income for 1954 except from the parking meters and rent from the Gould Farm.

Aside from minor variations, mostly in expendable items, the proposed increases in the budget are all to be found in seven categories, and five are for non-recurring expenses. Listed in order of magnitude they are \$5,000 for retirement of Seven Year Highway Equipment Bonds. This item will appear for six more years. \$4,120 distributed between General Government, the Police, Fire, and Highway Departments and the Dump for wage increases and in the latter case for a caretaker. \$3,600 is required to pay for the Chase Farm Precinct Sewer Extension which became necessary when construction on two more houses was begun.

The Finance Committee voted unanimously in approval of the Precinct Commissioners proposal to acquire an option for the purchase of land for the new dump. \$3,300 will be needed to take title to more than 200 acres of wild land in the upland area between the Mt. Support and West Lebanon Roads, which is now owned by Doctor John F. Gile. Waste disposal has been under serious study for some time and the Town Planning Commission has recommended closure of the present dump, which could be classified as a nuisance, in favor of the proposed new dumping site which is well concealed and more than a quarter of a mile from the highway.

The Highway Department reconstruction and surfacing program proposes \$3,040 as the added increment on the State matching plan to be used on Lebanon Street.

The Hall Apartments owned by the Precinct, to be rented must be provided with central heating, some repairs, and renovation. It

has seemed desirable to the Commissioners to conserve this housing at a cost of \$3,000 since expenditures contemplated can be amortized through rent in four to five years.

The Gould Farm, now tenanted by the Precinct Farm Company personnel responsible for garbage collection, has had minimal repairs for an extended period and now needs considerable attention at an estimated cost of \$1,475, to be amortized by the rent at \$600 per year.

These seven items total \$23,535 which did not appear in the 1953 budget and \$14,415 of this total are for non-recurrent items.

It was noted that the income from bicycle licenses does not meet the cost of the plates and it was therefore

VOTED: that the precinct Commissioners consider revision of license fees for bicycles.

The budget receipts of \$41,741 when deducted from the proposed expenditures of \$152,975 leave \$111,234 to be raised by the Precinct Tax or \$16,239 over the Precinct Tax of \$94,995 for 1953.

VOTED: that the Precinct Budget for 1954, as modified, be and hereby is approved by the Finance Committee.

SUMMARY

The estimated results of the proposed budgets on tax rates exclusive of any contribution to the Dartmouth-Lake Sunapee Region are as shown in the following table:

Unit	1940	1950	1951	1952	1953	Est. 1954
Town	87	63	62	69	86	69
Precinct	58	76	92	98	1 07	1 25
School District	1 47	1 64	1 92	2 16	2 26	2 26
Within Precinct	2 92	3 03	3 46	3 83	4 19	4 20

WARRANT
THE STATE OF NEW HAMPSHIRE
Grafton, SS Town of Hanover

To the inhabitants of the Town of Hanover in the county of Grafton, in the State of New Hampshire, qualified to vote in town affairs:

You are hereby notified to meet in the Auditorium of the High School in said Hanover on Tuesday, the ninth day of March next, at ten o'clock in the forenoon, until three o'clock in the afternoon, unless otherwise voted, to act upon the following subjects:

First: To choose by Non-Partisan Ballot the following Town officers:

- one Selectman for three years
- one Town Clerk
- one Treasurer
- one Library Trustee
- one Trustee of Trust Funds

Second: To hear the reports of the Selectmen, Treasurer, Auditors and other Town officers and to pass any vote relating thereto.

Third: To raise such sums of money as may be necessary to defray town charges for the ensuing year and to make appropriation of the same.

Fourth: To elect by majority vote the following Town officers:
two Auditors
one Member of the Advisory Assessors Board for three years
three Fence Viewers
two Surveyors of Wood and Lumber
other necessary Town Officers

Fifth: To see if the Town will vote to continue indefinitely the Hanover Visiting Nursing Service.

Sixth: To see if the Town will vote to raise and appropriate the sum of five hundred dollars (\$500) for the purpose of publicizing and promoting the natural resources and advantages of the Town, together with other Towns in the Dartmouth-Lake Sunapee Region.

Seventh: To see if the Town will vote to place under gates and bars that portion of the highway at the Goss School south to the intersection of the original highway and the new highway.

Eighth: To see if the Town will vote to have the Hanover Precinct Commissioners prohibit the use of the present Precinct dump as of December 1, 1954, and establish a new dump open December 1, 1954, according to the recommendations of the Town Planning Commission.

(By petition of Mr. and Mrs. Fred Hansen and others.)

Ninth: To see if the Town will vote to allow the Taxpayer a discount of 1½ percent upon all taxes on real and personal property paid within fifteen days after the date of the tax bills, or on or before July 15—whichever is the later date.

Tenth: To see if the Town will vote to authorize the Selectmen to borrow such sums of money as may be necessary to meet the Town's obligations until the taxes are collected and paid into the Treasury.

Eleventh: To transact any other business that legally may be brought before said meeting.

Given under our hands and seals this Sixteenth day of February in the year of Our Lord Nineteen Hundred Fifty-four.

ARCHIE B. GILE,

NILES A. LACOSS,

FLETCHER LOW,

Selectmen of Hanover, N. H.

A true copy of the Warrant, attest.

ARCHIE B. GILE,

NILES A. LACOSS,

FLETCHER LOW,

Selectmen of Hanover, N. H.

ABSTRACT FROM THE TOWN CLERK'S RECORD

A legal meeting of the inhabitants of the Town of Hanover, New Hampshire, was called to order by Edgar H. Hunter, Moderator, on March 10, 1953, at 10:00 A.M. in the auditorium of the High School Building.

The Warrant on which the meeting was called was read by the Clerk, L. Leroy Blodgett.

The following officers were elected by Non-Partisan Ballot:

Fletcher Low, Selectman, for three years

L. Leroy Blodgett, Town Clerk, for one year

Ethel C. Bond, Treasurer, for one year

Phoebe S. Stebbins, Library Trustee, for three years

Halsey C. Edgerton, Trustee of Trust Funds, for three years

Voted: That the reports of the Selectmen, Treasurer, Auditors, and other Town Officers be accepted as printed.

Voted: That in addition to County, Highway, and regular Poll Taxes required by law, the Town raise and appropriate the sum of fifty-two thousand, three hundred ninety-nine dollars (\$52,399.00) and appropriate said sum, and all other money which may be paid into the Treasury, and which are not required by law otherwise to be expended, in accordance with the budget and report as presented by the Selectmen.

The following officers were elected by ballot:

Louis O. Foster and LeRoy G. Porter, Auditors, for one year

Nathaniel G. Burleigh, Member of Advisory Assessors Board,
for three years

Elmer A. Dana, Leon G. Hayes, and Clifford R. Elder, Fence
Viewers, for one year

Morris Hayes and John H. Minnich, Surveyors of Wood and
Lumber, for one year

Voted: That the Town raise and appropriate the sum of five thousand dollars (\$5,000.00) to be used to establish and maintain, for one year, the Hanover Visiting Nursing Service, expenditures for the service to be under the general authority of the Selectmen and fees collected by the service to be placed to the credit of this appropriation.

Voted: To continue the Town Planning Commission for a term of three years; said Commission to be constituted as set forth in the vote passed under article seven of the warrant in the Town Meeting on March 12, 1946 and to have the same duties and exercise the same powers as set forth therein.

Voted: That the Town allow the taxpayer a discount of 1½ percent upon all taxes on real and personal property, paid within fifteen days after the date of the tax bill, or on or before July 15, whichever is the later date.

Voted: That the Selectmen be authorized to borrow such sums of money as may be necessary to meet the Town's obligations until the taxes are collected and paid into the Treasury.

Adjourned at 3:00 P.M.

L. LEROY BLODGETT,
Town Clerk

REPORT OF THE COMMISSION ON TOWN PLANNING

(Letter submitted to Precinct Commissioners, dated July 15, 1953)

Pursuant to your request of eight months ago, the Town Planning Commission has completed a study of the Precinct dump situation, and is pleased to present its findings and recommendations herewith.

The suggestion that an incinerator be constructed to take the place of the present dump was given full consideration. It was found that construction costs would exceed \$50,000, that inasmuch as there would be insufficient waste material from Hanover to permit continuous operation, there would be continuing fuel costs in connection with intermittent operation and that a smoke and odor nuisance might result because of the fact that odorless operation requires continuous operation at 1600 degrees F. or higher temperatures.

A very complete nationwide study of incinerators, made two years ago by the University of California, proved to be a valuable source of information. One significant finding was that of all cities of 100,000 population or less which had built incinerators, considerably more than 50% of them had later given up their use because of high operating costs. The Commission feels that an incinerator is not the solution of Hanover's problem.

Several possible new dump sites have been examined in the light of accessibility, visual and olfactory isolation, availability, cost, capacity and fire protection. The Commission recommends the acquisition of a parcel of land on the west side of the Mount Support road comprising all of the land in this section of Hanover which is now owned by Dr. John F. Gile, and an adjoining strip 500' wide, south of the Hanover-Lebanon town line, running from the Mount Support road westerly as far as Dr. Gile's property extends. No attempt has been made to

locate the west boundary of this Lebanon section due to the vagueness of the description in Dr. Gile's deeds. The Hanover section seems to be well marked by fences and walls, the Mt. Support road and several pipe bounds defining the town line. It is believed that the entire parcel contains between 50 and 70 acres.

Roughly in the center of this plot is a high valley, open to the south but surrounded on the other three sides by high ridges. It is about $1\frac{1}{2}$ miles from the campus. It is about 1000' from the Mt. Support road. The dump could not be seen from the highway. It is believed that in view of prevailing winds in this area and the distance of the site from any dwellings the smoke or odor nuisance would be negligible.

Dr. Gile has been consulted and has expressed willingness to sell the proposed tract, or to give the Precinct Commissioners an option to purchase it. No price was definitely set, but there seemed to be agreement that \$1,000 or thereabouts would be a fair figure.

On the Lebanon portion of the tract $47\frac{1}{2}'$ south of the town line and about midway between the road and the dump site is an old stone and earth dam which creates a pond of a half acre or more in extent. Two and a half weeks ago, before there had been any break in the present drought there was still a good flow of water over the spillway. The natural course for a new road in to the dump would lie across the top of the dam, so water would be accessible very readily for use of fire apparatus.

A road some 1200 to 1500 feet in length would be required for access to the dump, as the west end of the road would switchback up and around the south end of the east ridge. Also, a certain amount of clearing of what is probably non-merchantable wood would have

to be done on the dump site and for a wide fire lane completely surrounding it.

As a part of its recommendation the Commission suggests that by continuing to use the present dump for the time being and using whatever road sweepings, ashes, and other solid fill that may be available for building up the road grade to the new site, after a rough grade has been bull-dozed, a very considerable portion of the cost of the new road can be saved. It further suggests that all possibilities of accomplishing the clearing of the new site—such as giving the cord wood to any parties sufficiently interested to chop it and haul it away—be thoroughly explored with a view to keeping costs at a minimum. It is felt that any economies that can be effected in the preparation of the proposed site justify the continued use of the present site for as long as necessary.

It is believed that the proposed site has five to ten (or more) times the capacity of the present dump, and, if properly developed, should serve Hanover adequately for a century or more.

In studying the dump situation it has been found that the present dump is being used quite extensively by residents of the Town as well as by those of the Precinct. This has raised the question in the mind of the chairman and various other members of the commission as to whether or not the ownership and operation of the dump may not properly be a Town rather than a Precinct function.

Dr. Gile kindly made available two deeds, copies of which are attached hereto, describing four parcels of land, as of 1879, comprising the lot which he now owns. All later deeds refer to these two deeds so there is no later more accurate description of the property. It will be noted that one deed conveys the remainder of the unexpired lease given by the Trustees of Dartmouth College and

applies to some 80 acres comprising the northern part of Lot No. 6 in the Mile and Half Grant which was given to Dartmouth by Lebanon. Dr. Gile has been paying Dartmouth an annual rental of \$16.50 on this parcel.

It is felt that Dr. Gile will want to be absolutely sure as to whether or not any of the 500' strip in Lebanon which is under consideration, lies within Lot No. 6. Mr. Fred Parker has studied the deeds and can give no definite answer to the question. He has suggested that the College undoubtedly has a plot plan showing this lot and that the desired information might be acquired with the co-operation of the college authorities.

The enclosed rough tracing was made from a copy of the survey of the Stone farm which Mr. Parker has in his office and which was made some years ago by Mr. Stevens of Lebanon. It is of interest in that it shows the western and part of the northern boundary of the Hanover section of the recommended parcel as indicated by Mr. Steven's designation "John F. Gile." Members of the Commission have perambulated this line and have found the walls, fences and markers to be located as indicated.

Signed by FRANK M. MORGAN, *Chairman*

HANOVER TOWN LIBRARY REPORT

for the

Year Ending December 31, 1953

An oil burning furnace was installed in the library last spring by S. W. Farnham Co., and has proved a great convenience and comfort.

The floor of the library was varnished and waxed in October. Repairs were made on the roof, where slates were broken, in November. Now, new roofing is needed over the front vestibule.

Kathrina Spencer, who has been our librarian since October 8, 1935, has found it necessary to resign from her position. She has served over this time with great interest and devotion.

Respectfully submitted,

HELENE A. POLAND,

ADNA S. CAMP,

PHOEBE S. STEBBINS,

Trustees of Hanover Town Library

LIBRARIAN'S REPORT

January 1, 1953 - December 31, 1953

From January 3, 1953, through December 26, 1953, the Town library has been open ninety-three days.

The bookmobile has visited the library four times.

Two hundred nine books have been loaned three hundred twenty-nine times to fifty-seven patrons, of whom thirty-four were juveniles.

When Mr. and Mrs. Harold Fuller changed their residence to another town, Mrs. Fuller could serve no longer as a member of the board of trustees. Mrs. Fuller was always an efficient and interested trustee.

At the March Town meeting, Mrs. S. J. Stebbins was elected to fill the vacancy. The other trustees immediately chose her as chairman of the board. Mrs. Stebbins is doing much to improve our library.

The new heating system is the greatest improvement since electric lights were installed.

Friends of the library have been most generous with gifts of books. These have greatly enriched our library. Thanks are extended to these thoughtful friends:

Mr. and Mrs. Millet Morgan,
 Mr. and Mrs. Schuyler Berry,
 Mr. and Mrs. S. J. Stebbins,
 Mr. and Mrs. Robert Keene
 Mr. W. H. Moore
 Miss Hurlbutt of the Howe Library
 Miss Effa Johnston

also to

Professor Eric Kelly and Mr. Armstrong Sperry
 for autographed copies of their books.

In September Mr. Maurer, regional librarian from Keene, helped Mrs. Stebbins and the librarian discard many out-of-date books.

Respectfully submitted,

KATHRINA E. SPENCER,

Librarian

HANOVER MUNICIPAL COURT

Fiscal Year Ending December, 1953

The following cases were tried in the Hanover Municipal Court during the calendar year 1953:

*Offenses against State Motor Vehicle Laws and Local
Motor Vehicle Ordinances:*

Careless and negligent driving	3
Failure to observe stop sign	8
Failure to signal	1
Illegal parking	1
Misuse of plates	1
Operating after revocation of license	2
Operating on sidewalk	2
Operating overloaded truck	4
Operating to left of yellow line	8
Operating under influence of liquor	7
Operating uninspected vehicle	12
Operating unregistered vehicle	16
Operating with inadequate brakes	3
Operating without lights	1
Operating without a license	7
Operating without owner's consent	1
Reckless operating	3
Road racing	2
Speeding and unreasonable speed	55

*Offenses against State Statutes and Local Ordinances
other than Motor Vehicle:*

Disorderly conduct	2
Drunk	6
Exploding firecrackers in Precinct	4
Giving liquor to minors	1
Grand larceny	1
Impersonating an officer	1
Killing female pheasant	1
Malicious destruction of property	2
Offensive language	2
Petty larceny	3
	— 23

During the year, the Town Clerk received, on behalf of the Court, \$454.50 for minor parking violations, from owners who had received "parking tickets."

Small claims cases filed totalled 57, and there were 3 suits for debt for amounts larger than the \$60 (exclusive of costs and interest) allowed by statute in small claims cases. With the increase in postal rates for registered mail, costs in small claims cases now amount to \$1.90.

There were no Juvenile cases.

DONALD L. STONE,
Justice

THE ETNA FIRE ASSOCIATION

At the end of 1953, we can be most thankful for the few fires during the year. There was only one which was serious, Mr. West's barn. The flames spread so rapidly, even the cattle were not saved. Since the barn was located on Moose Mountain, five miles from Etna, any water used had to be brought in. With the able and timely assistance of Chief Nott and his department, the house was saved.

We have had very good attendance at our regular meetings, and have accomplished many things to make our station run more efficiently. We now have a bulletin board, maps showing the location of water holes, and a black board for quick, or emergency, notices. Hot lunches can now be served when needed, due to special wiring for the use of hot plates. Our station proved very helpful the day of the Town auction, held on the adjoining land—the Etta Camp place. Dinner was served at the station. At Christmas time a lighted tree was placed atop of the station. Decorations for it were provided by the Department from an emergency fund.

Four of our men have voluntarily entered the armed services; one more will be going soon. A special committee has been chosen to plan a way that we can honor these men, and others who may go.

There are many pieces of equipment we hope to have sometime. At present, our model "A" truck is in very poor condition, due to its age, and is not powerful enough to carry its load. Hills, mud, and snow are a constant hazard. A vehicle with more power and a four wheel drive, would be very desirable to meet our need.

Our personnel is much the same as last year. We are never unmindful, but ever grateful for our most satisfactory new station.

Respectfully submitted,
HARLEY H. CAMP, *Secretary*

AUDITOR'S REPORT

We have examined the foregoing accounts of the Selectmen, Town Treasurer, Collector of Taxes, Town Clerk, Judge of the Municipal Court, and Trustees of Trust Funds for the year ending December, 1953, and find them correct with disbursements supported by appropriate vouchers.

LOUIS O. FOSTER,
LEROY G. PORTER,
Auditors

MARY HITCHCOCK MEMORIAL HOSPITAL

During the year January 1, 1953 through December 31, 1953, the Hanover Free Bed Fund in the Mary Hitchcock Memorial Hospital, Hanover, New Hampshire has rendered 258 days' service to 20 residents of the Town of Hanover.

The charges at the minimum hospital rates for services rendered to these patients during the period amounted to \$3,360.55.

The allotment for the year was \$650.00. In addition, the Town of Hanover made cash payments in the amount of \$2,852.50. Added to this figure was a payment of \$161.80 made by William C. McAlister for a 1952 hospitalization which was charged to the Free Bed Fund of that year. This brought the total allotment to \$3,664.30. Deducted from this figure was the December 31, 1952 overuse of \$303.75, bringing the net allotment for the year 1953 to \$3,360.55.

Subtracting the service rendered in the amount of \$3,360.55 from the net allotment, there was no balance left as of December 31, 1953.

WILLIAM L. WILSON,
Administrator

FOREST FIRE WARDEN'S REPORT

During the part of the year I have served as Forest Fire Warden, I have attempted to build up our defenses against fire by developing a more active cooperation with the Warden and deputies of Lebanon, and the Civil Air Patrol. We have the support and cooperation of the CAP in time of emergency, both manpower and equipment.

This year we plan to further develop our cooperation with adjoining Towns so that, in the event of a forest fire, combined forces striking quickly, and as a team, will have a chance to prevent a holocaust such as took place in Corbin's Park last year.

During 1953, the Corbin's Park fire brought close to home the seriousness of forest fires. Hanover supplied a considerable amount of manpower, as well as equipment, toward the extinguishment of that fire. Citizens and firefighters alike are now well aware that "it can happen here," and to prevent a serious fire in Town, requires everyone's cooperation.

It should be remembered that a permit is required before building an outdoor fire. Holding of such a permit does not relieve the holder of the financial responsibilities involved, if the fire so set, should get out of control. All permits are issued, subject to revocation in the event of a fire ban. Although burning without a permit is permissible while the ground is covered with snow, it will be appreciated if the warden, or fire chief, is notified beforehand.

Hanover is fortunate in having a good supply of forest fire fighting tools, in excellent condition. Our experience with the largest fire we had in Town did show the need for communications equipment. I recommend that a portable two way radio be purchased for forest fire work, to be of wave length to be used with the Hanover Fire and Police Departments' radio. Proper use of radio can aid immeasurably in locating fire and directing crews. By saving man hours, it can easily pay for itself in a very short time.

REPORT FOR 1953

Expenses:

Training	33 04
Issuing permits, investigations	16 64
Fires	301 46
	<hr/>
	351 14

REMEMBER: Be careful with fire—it is a good friend, but a horrible enemy.

Report suspicious smokes, or unattended fires to the forest fire warden, a deputy warden, or fire chief. A small fire put out promptly may save hundreds of acres of woodland.

Farm ponds can be of valuable assistance to fire fighting crews, and we recommend that anyone interested in a farm pond project, contact the Soil Conservation Service, Woodsville, N. H., for detailed information.

HOWARD J. RANDALL,
Forest Fire Warden

REPORT OF TOWN NURSE

December 31, 1953

The visiting nursing service was started on August 10, 1953, and up until December 31, 1953, I have made 475 house visits.

These visits include the following:

Crippled Children	5
Communicable Diseases	2
Well Baby Visits	68
Pre School Children	96
School Age Children	86
Adult	196
Maternity	11
Non-Communicable Diseases	8
Called—Family Out	3
	<hr/>
	475

Fees Received	141 25
Fees Outstanding	98 25

Since November 1, 1953, I have been delivering birth certificates to families of babies born in the Township. This gives me the opportunity to meet the parents and to make regular well baby calls. Adult visits include bed baths, hypodermic injections, and discussions on health problems. At the present time, I am making plans to hold an immunization clinic for pre-school children in the Hanover Center-Etna area.

Respectfully submitted,
 MARY E. PATTEN,
Town Nurse

CIVIL DEFENSE

Civil Defense is a town responsibility which is not readily recognized by many citizens of the community. Since the passage of the State Civil Defense Act, the Town of Hanover has endeavored to operate a capable civil defense organization under the leadership of Richard Goddard who resigned in November 1953. Under Mr. Goddard's directorship, Civil Defense planning was completed and personnel had been assigned to specific duties.

During the past year, two Civil Defense activities were suspended. The Ground Observer Corps ceased to function due to a lack of personnel, and adequate motivation, as well as technical difficulties. Warden duties were considered to be necessary only in city or suburban areas.

At the present time, all other local Civil Defense agencies and the Red Cross are capable of functioning immediately in case of disasters resulting from enemy action or disasters resulting from natural causes.

An official ten minute statewide Air Raid Warning Test Red Alert was held Sunday, January 24, 1954 between 1:30 p.m. and 2:00 p.m. Air Raid Warning Signals were sounded at 1:31 p.m. upon receipt of the test message over the Air Raid Warning Circuit and the State Radio System. The All Clear signal was received and sounded at 1:41 p.m. Local auxiliary police under the direction of the Hanover Police force halted traffic within the precinct.

All local protective agencies are in a state of readiness to handle their jobs. The cooperation of every citizen of Hanover is essential if we are to act in the operation of any plan necessary for our safety.

Respectfully submitted,
FORREST P. BRANCH

THE STATE OF NEW HAMPSHIRE

Grafton, SS.

Town of Hanover

To the inhabitants of the Village Precinct, in the Town of Hanover, in the County of Grafton, in the State of New Hampshire, qualified to vote in Precinct affairs:

You are hereby notified to meet in the Auditorium of the High School Building, in said Village, on Thursday, March 11, 1954, at 7:30 P.M. o'clock, to act upon the following subjects:

First: To choose by ballot a Moderator to serve for one year.

Second: To choose by ballot a clerk to serve for one year.

Third: To hear the report of the Precinct Commissioners, Treasurer, Auditor, and other Precinct Officers, and pass any vote relating thereto.

Fourth: To raise such sum of money as may be necessary to defray Precinct expenses for the ensuing year according to the proposed budget for 1954, including an item of \$1,600 from Highway Reserve, and make appropriation of the same.

Fifth: To choose by ballot a Treasurer and an Auditor, each to serve for one year; and one Precinct Commissioner to serve for three years.

Sixth: To see if the Precinct will vote to allow the taxpayer a discount of $1\frac{1}{2}$ per cent upon all Taxes, on real and personal property paid within fifteen days after the date of the tax bills, or on or before July 15, 1954, whichever is the later date.

Seventh: To see if the Precinct will vote to authorize the Village Precinct Commissioners to borrow such sums of money as may be necessary to meet the Precinct obligations until the Taxes are collected and paid into the Treasury.

Eighth: To transact any other business that legally may be brought before said meeting.

Given under our hands and seals this 24th day of February, 1954.

JAMES CAMPION, JR.,
MARTIN L. LINDAHL,
GORDON H. GLIDDON,
Commissioners.

A true copy of Warrant, attest,

JAMES CAMPION, JR.,
MARTIN L. LINDAHL,
GORDON H. GLIDDON,
Commissioners.

Hanover, New Hampshire
March 12, 1953

A meeting of the voters of the Village Precinct of Hanover, New Hampshire, was called to order at 7:30 P.M., in the Auditorium of the High School Building.

The Warrant was read by the Clerk.

ARTICLE 1. Donald L. Stone was elected Moderator for a term of one year.

ARTICLE 2. I. N. Bielanowski was elected Clerk for a term of one year.

ARTICLE 3. *Voted:* That the Precinct report as printed, including the reports of the Commissioners, the Treasurer, the Auditor, and other Precinct officers, be accepted.

ARTICLE 4. *Voted:* That the Village Precinct of Hanover raise the sum of ninety-four thousand nine hundred and ninety-five dollars (\$94,995) and appropriate said sum and all other moneys which may be paid into the Treasury, to defray the expenses of the Precinct for the year ending December 31, 1953, according to the budgets and reports as presented by the Commissioners, including an item of \$1,600 from Highway Reserve.

ARTICLE 5. Ethel C. Bond was elected Treasurer for a term of one year.

Louis O. Foster was elected Auditor for a term of one year.

Gordon H. Gliddon was elected Precinct Commissioner for a term of three years.

ARTICLE 6. *Voted:* (1) That the Precinct Commissioners be authorized to purchase for and in behalf of the Precinct and for the use of the Highway Department at a total cost not to exceed

\$40,250, a road sweeper at \$10,050, a snow loader at \$15,000, and a road grader at \$15,200.

and

(2) That a sum not to exceed \$40,250, be raised and appropriated to defray the cost of acquisition of the highway equipment authorized to be purchased at this meeting, \$35,000 of such sum to be raised by the issuance and sale of notes or bonds of the Precinct to be issued in accordance with the provisions of the Precinct Charter and of the so-called Municipal Bonds Statute, Chapter 72 of the Revised Laws of New Hampshire, as amended, to bear interest at not exceeding 3% per annum, payable in accordance with Section 3 of said Chapter 72 as amended by Chapter 120 of the Laws of 1949; and subject to said Chapter 72, as amended, and the foregoing limitation, the Precinct Commissioners be hereby given such power and authority to determine the denominations, the form of said notes or bonds, the time and place of payment of interest, and to arrange for, negotiate and effect the issuance and sale of said notes and bonds, including the power to fix the terms of sale and to enter into any contracts or agreements in connection with the issuance and sale of the notes or bonds authorized by this vote; the Precinct Commissioners, or a majority thereof, are hereby authorized to sign and affix the seal of the Precinct to said notes or bonds and the Treasurer to countersign the same.

Result of rising vote on parts 1 and 2 combined:

In Favor	— 67
Opposed	— 1
	—
Total	68

ARTICLE 7. *Voted:* That the Precinct allow the Taxpayer a discount of 1½ percent upon all taxes on real and personal property paid within fifteen days after the date of the tax bills or on or before July 15, 1953, whichever is the later date.

ARTICLE 8. *Voted*: That the Village Precinct Commissioners be authorized to borrow such sums of money as may be necessary to meet the Precinct obligations until the Taxes have been collected and paid into the Treasury.

ARTICLE 9. There being no further business it was *Voted* to adjourn.

I. N. BIELANOWSKI,
Clerk

AUDITOR'S CERTIFICATE

Hanover, New Hampshire
February 9, 1954

I have examined the accounts of Gordon H. Gliddon, James Campion, Jr., and Martin L. Lindahl, Precinct Commissioners, for the period of one year, January 1, through December 31, 1953, and I find them to be correctly kept and supported by proper vouchers.

I have examined the accounts of Ethel C. Bond, Precinct Treasurer, for the year 1953, and I find them correctly kept and supported by proper vouchers.

LOUIS O. FOSTER,
Auditor

REPORT OF THE POLICE DEPARTMENT

January 1, 1954

To the Board of Precinct Commissioners of the Village Precinct
of Hanover, New Hampshire:

Roster of the Department:

1. Andrew J. Ferguson, Chief
Appointed March 31, 1941
2. Dennis J. Cooney, Patrolman
Appointed July 4, 1945
3. Roland M. Lee, Patrolman
Appointed November 16, 1949
4. Ralph J. Provencher, Patrolman
Appointed April 1, 1951
5. Sten Olson, Patrolman
Appointed September 1, 1951
Assigned to School Patrol

Special Officers

- | | |
|------------------------|-------------------------|
| 1. Robert Agan | 19. Leath Henderson |
| 2. Ernest Badger | 20. George Jewett |
| 3. Bryce Beattie | 21. Richard Kaye |
| 4. Oren Beckley | 22. Francis LaBounty |
| 5. Wilbert Bowen | 23. Harold LaBounty |
| 6. Rufus Bruce | 24. Norman LaCroix |
| 7. Harley Camp | 25. Roger Lambert |
| 8. Ernest Cilley | 26. Dana Leavitt |
| 9. John Connor | 27. Levi LeMere |
| 10. William Connor | 28. R. Martin |
| 11. Gerald Duncan | 29. Donald Michaud |
| 12. Alfred Gauthier | 30. Armand M. Normanden |
| 13. Dona J. Greenwood | 31. Sten Olson |
| 14. Benjamin Griggs | 32. James Ricard |
| 15. Norman Hackett | 33. Henry Richards |
| 16. George O. Harrison | 34. Richard Robbins |
| 17. James Hayes | 35. Robert Saulter |
| 18. Seymour Hazen | 36. Howard Shawney |

| 37. Clayton Shovan | 40. Francis Tuxbury |
| 38. Edgar R. Sorel | 41. Gilson A. Vanier |
| 39. Benjamin Thompson | 42. Freeman Wright |

In addition to the above list of Special Officers, it was necessary for the department to hire one hundred and ten Officers from other Police Departments in the State of New Hampshire and Vermont to handle the crowd and traffic for the special exercises at Commencement, 1953.

Motor Vehicle Activities

The following is an account of the various motor vehicle activities. In addition to the arrests and warnings, the department investigated 29 accidents, which resulted in 1 serious personal injury, and 3 minor personal injuries. This small number of automobile accidents is significant, especially with only 4 persons reported injured during the year. This report will, no doubt, place the Town of Hanover on the National Traffic Safety Honor Roll again this year.

	<i>Arrests</i>	<i>Warnings</i>
Accidents, Leaving Scene of		4
Accidents, Failed to Report		6
Careless and Negligent Operating	3	
Defective Brakes	3	8

* Indicates number of Motor Vehicle operators paying small fines for minor violations of traffic ordinances. These people were allowed, by permission of the Judge of the Municipal Court, to pay their fines to the Town Clerk at the time of the violation, rather than appear in court at a later date.

Criminal Activities

The following 28 arrest figures pertain to persons arrested as a result of investigations made by the department; in each arrest case the persons were found guilty, either by the Hanover Municipal Court, or the Grafton Superior Court. The investigations number 131 criminal cases, which the department made during the year. In the "Apprehended and Released" column are persons released without prosecution for reasons which the department felt was for the betterment of all concerned.

<i>Crime</i>	<i>Arrests</i>	<i>Investi- gation</i>	<i>Apprehended & Released</i>
Army and Navy Deserters	*3		
Assault & Battery	1	3	3

* Indicates number of arrests made for other law enforcement agencies.

Automobiles

Number of Automobiles reported stolen, 11; valuation 12 200
 Number of Automobiles recovered, 11; valuation 12 200

Bicycles

Number of Bicycles registered in Precinct, 293
 Number reported lost or stolen, 60; valuation 900
 Number recovered, 55; valuation 825
 Number recovered and not claimed, 2; valuation Unknown

Miscellaneous Articles

Money, clothing, jewelry, etc., reported lost or stolen
and returned to original owner all to the value of 5 850

This figure also includes restitution collected for
property damage and in many bad check cases.

Grand Total 18 875

This figure includes automobiles, bicycles, miscellaneous
articles and restitution made to persons for losses of
various kinds for which the Department takes credit.

Miscellaneous Activities

Transients—63 given a night's lodging at Police headquarters.
298 doors and windows found unlocked in the stores and office
buildings.

Mileage—16,850 miles covered patrolling, checking vacant build-
ings, construction jobs, answering complaints, and various emergency
work.

In reviewing this report it is apparent there have been fewer
criminal cases in Court than in the past several years. This should
be a matter of public interest, as related to national statistics on
the subject.

In respect to the matter of traffic control the department is recom-
mending traffic lights on North Main and Wheelock Streets, syn-
chronized with an installation at South Main and Lebanon Streets.
It is believed these would help in relieving congestion of traffic
which is becoming more of a problem each year.

The department as represented by all personnel expresses its ap-
preciation to the townspeople for their cooperation and assistance in
the administration of Police officers.

Respectfully submitted,

ANDREW J. FERGUSON,
Chief of Police

REPORT OF THE FIRE DEPARTMENT

January 1, 1954

CALLS

During the past year there was a total of 71 calls; consisting of 20 bell alarms, 51 silent, and 3 false. Seven of these calls were outside of the Precinct, while 4 were out of Town.

There was one serious fire in the Precinct which involved a rooming house, one in Hanover Center in which a barn was lost, and one on the Lyme Road in which a filling station was a total loss, and with some damage to a barn.

During the month of July the members of the Hanover Fire Department were very busy helping out with the forest fire on Grantham Mountain. The calls for this fire ranged from one to three per day for personnel and equipment.

There were two forest fires in the Town of Hanover, one on the east side of Moose Mountain, and the other on Greensboro Road.

CHIEF CAUSES OF FIRES

For the year 1953 the greatest problem was the Town Dump. The department answered nine calls to this area.

There was no increase in numbers for any particular type of fire.

No fire, for which a permit was issued, got out of control. This is a striking example of the excellent cooperation of the people of the Community with regard to the building of fires out-of-doors.

The Rules and Regulations concerning the building of fires out-of-doors is as follows:

"Section 6. No person shall burn or cause to be burned any trash, brush, leaves, straw, or any other combustible material in the open without a written permit signed by the State or Town Forest Fire Warden and the Chief Engineer or an Assistant Engineer of the Fire Department, stating the time and place when such burning is to be permitted and the nature of the material to be burned; provided, however, that such material may be burned by any person on land owned or occupied by him in incinerators so constructed and operated as to prevent the ignition therefrom of other combustible material."

MEETINGS

Some of the members of the Board of Engineers, as well as certain officers and firemen of the Hanover Volunteer Hose Co. attended meetings of the New Hampshire Chiefs' Club, the Grafton-Sullivan Forest Fire Wardens Association.

Chief Nott attended the New England Chiefs' Convention at Wentworth-by-the-Sea.

Chief Nott and Harry Ware attended a training class at the Portsmouth Navy Yard; also, Chief Nott and Warden Howard Randall were present at a meeting of the State Federation of Forest Fire Wardens, in Concord, N. H.

EQUIPMENT

The rolling stock of the Department is the same as last year. This stock includes an aerial ladder, two 750 gallon pumpers, a Chevrolet truck, and a panel truck.

A new Scott Air-Pac mask has been purchased for use in oxygen-deficient areas.

A new E. & J. Resuscitator was presented to the Department during the summer, as a memorial to Adna D. Storrs, a Charter member and former Chief of the Hanover Volunteer Hose Company.

IMPROVED PROTECTION IN THE COMMUNITY

The Department again expresses its gratitude, to both dealers and builders, for their continued cooperation in obtaining permits from Chief Nott when purchasing or installing oil burning equipment.

The Rules, Regulations, and the Penalty for Violation of said Rules and Regulations are as follows:

These rules and regulations require that a permit be obtained in order (1) to install oil burning equipment, and (2) to operate oil burning equipment. The permits may be obtained at the Fire Department headquarters, at no cost to the firm which installs the equipment, or to the operator.

"22. PENALTY FOR VIOLATION OF REGULATIONS. Whoever shall violate any rule or regulation of the board

issued pursuant to section 5 of paragraph 1, section 12, shall upon conviction thereof, be fined not more than one hundred dollars for each offense. All penalties, fees or forfeitures collected under the provisions of this chapter shall be paid into the treasury of the state.”

Two new hydrants were installed during the past year, one on Estes Corner, on Lebanon Street, and one in the new development on Valley Road.

Some Scotchlite Diamonds have been purchased to make the hydrants stand out more clearly. These markers should be of great help to the drivers of the pumpers at night. Some of these markers have been placed on poles whenever the latter were close to the hydrants, while others were placed on the winter boxes which cover the hydrants.

Late in the fall, at the request of some members of the Fire Department, the forming of a Rescue Squad was again revived. Selected volunteers were chosen for this squad, with Harry Ware serving as Chairman, and under the direct supervision of Dr. Lewis H. Lambert.

Several meetings have been held with certain doctors of the Mary Hitchcock Memorial Hospital, and also with the head of the Civilian Defense.

In addition, the squad has held several appropriate drills, and very soon will be prepared to render service.

RECOMMENDATIONS

The Board of Engineers recommends again that two way radio equipment be installed in the trucks which have none at present.

PUBLIC RELATIONS

Trucks of the Hanover Fire Department were entered in parades in both Hanover and Lebanon.

One truck with crew stood by at the Auto Show in the Gymnasium, and also at the Fourth of July celebration at Alumni Field. Several members in uniform helped at the College Graduation exercises.

Once again the people of the Community were very generous

and cooperative in their support of the children's Christmas party. For this reason it is a genuine pleasure for the members of the Department to organize, and to prepare for this unique event.

As in the past, following the completion of the party at the Fire Station, several members, under the leadership of Dr. Lambert, visited the Children's Ward at the Mary Hitchcock Hospital, where Santa Claus gave presents to the children who were confined to their beds.

Respectfully submitted,

C. H. NOTT, *Chief*

S. C. HAZELTON, *Assistant Chief*

A. P. STEWART, *Assistant Chief*

REPORT OF HEALTH DEPARTMENT

January 1, 1954

To the Commissioners of the Village Precinct of Hanover,
New Hampshire:

Gentlemen:

According to my records we had some 54 cases of "flu," 24 chickenpox, 19 mumps, and 15 pneumonias last year in Hanover. Each year I feel hesitant to report actual figures of the numbers of contagious disease. Frequently, in less serious contagious disease, a doctor is not called; hence no report is made to the Health Officer. I am sure that there have been many more cases of virus pneumonia than the figures indicate. In the late fall, scarlet fever made its appearance, with some 13 cases reported. Fortunately, this disease has been exceptionally mild, with probable "Missed cases." However, we did not have a real epidemic. On the whole, I think we had a good year.

During the past year the Town of Hanover started a campaign to eradicate mastitis from the dairy herds supplying milk to Hanover. To this end Dr. Collins has made several hundred examinations of the cows.

The water supply continues to be satisfactory.

Respectfully submitted,

KENNETH N. ATKINS,
Health Officer

SCHOOL DISTRICT
WARRANT

STATE OF NEW HAMPSHIRE

GRAFTON, SS.

SCHOOL DISTRICT OF HANOVER

To the Inhabitants of the School District of Hanover qualified to vote in District Affairs:

You are hereby notified to meet at the Auditorium of the High School in Hanover, New Hampshire, on Wednesday, the 10th of March, 1954, at seven in the evening to act on the following subjects:

Article 1. To choose by ballot a Moderator, a Clerk, and a Treasurer each to serve one year, and three members of the School Board each to serve three years.

Article 2. To choose an Auditor to serve one year.

Article 3. To hear the reports of Agents, Auditors, Committees or other officers heretofore chosen and to pass any vote relating thereto.

Article 4. To see what sum of money the District will raise and appropriate for the support of the schools, for the salaries of School District Officials and agents, and for the payment of statutory obligations of the District, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the School Board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxation by the town.

Article 5. To see if the district will vote to raise and appropriate \$1,500.00 to pay for preliminary architects' fees and the necessary

expenses of a special advisory committee to the School Board whose purpose shall be to review previous studies, make additional studies and recommend building plans to the School Board covering possible revisions and additions to the present high school plant; said committee to be appointed by the School Board. After considering the recommendations of the Advisory Committee, the School Board will report and submit plans to the next annual School District Meeting or any special meeting called for this purpose.

Article 6. To transact any other business that may legally come before the meeting.

The polls will open at 7:00 P.M. and will not close before 8:30 P.M.

Given under our hands and seals at Hanover, N. H., this 16th day of February, 1954.

ANNUAL MEETING OF THE HANOVER
SCHOOL DISTRICT

March 11, 1953

The annual meeting of the Hanover School District was held at seven in the evening at the High School Auditorium on the eleventh of March, 1953.

The meeting was called to order by the Moderator, Herbert W. Hill, who also read the warrant.

On a motion by Virgil Poling, which was seconded, it was voted that the polls would not be closed before 8:30 P.M.

Article I. Herbert W. Hill was elected Moderator, Thomas C. Kirkwood Clerk, and Ethel C. Bond Treasurer, each to serve one year. John C. Manchester, Katharine G. Larmon, and Clark W. Horton were elected members of the School Board each to serve three years.

Article II. On motion of Dr. Rolf C. Syvertsen, Louis O. Foster was nominated to serve as Auditor for a term of one year and the Clerk was instructed to cast one vote for Mr. Foster. Motion prevailed.

Article III. S. John Stebbins moved that the reports of the Clerk, Treasurer, Auditor, Superintendent and School Board as printed in the annual school report be accepted and placed on file, which motion was seconded and passed.

Mr. Stebbins then mentioned that the elementary schools of Hanover were considered the best in the state and briefly referred to the high school curriculum revision committee. Dr. John B. Holyoke, Chairman of the revision committee then presented an interim report on the progress of the committee.

Article IV. Under this article John C. Manchester introduced the following motion; "I move that the School District raise and appropriate for the support of the schools, for the salaries of School District Officials and agents, and for the payment of statutory obligations of the District \$273,491.26 and to authorize and direct the School Board to apply against such appropriation such income as is estimated by the School Board exclusive of state aid, and upon the determination of the amount of state aid to be received by the District during the fiscal year, to authorize and direct the School Board to apply against said appropriation the sum to be received from state aid and with the School District Clerk certify to the selectmen the balance as an assessment to be raised by the town for school purposes."

After an explanation of the budget by Mr. Manchester, the motion was seconded and carried by voice vote.

Article V. S. John Stebbins introduced the following motion which was carried: "I move that the School District sell and convey the land and buildings known as the Goss School; and that the School Board be authorized on behalf of the School District to execute and deliver a deed therefor."

The following resolution introduced by Miss Charlotte Ford was carried by acclamation:

"On the occasion of his retirement from the Hanover School Board after nine years at hard labor, the voters of the Hanover School District wish to extend to Prof. James F. Cusick this expression of their deepest appreciation and sincerest thanks.

During five of these years when Prof. Cusick served as chairman of the School Board, the Hanover School District faced some of the most serious problems in its long history. With his wise guidance, the voters of the School District learned to think of school problems with their hearts and their minds, rather than solely through their pocket-books.

Faced with a vitally necessary, but costly, addition to the Grade School, Prof. Cusick enlisted the aid of over one hundred citizens of Hanover who studied the problem from all angles—curriculum,

population growth, finance and modern construction. By letting the people know, he made them care—about our young people and their needs. As taxpayers, we moaned and groaned, but as good citizens we voted to construct the addition to our grade school, which we are constantly called upon to exhibit, with pardonable pride, to our neighbors, struggling with the same problems. In every case, we tell our neighbors we hope they, too, may be blessed with as wise a school board chairman.

Our school problems were not all solved with the construction of the grade school. Establishing a salary schedule which would attract the best teachers to the Hanover schools, and keep them there, was the next pressing problem. Again Prof. Cusick asked a group of Hanover citizens to study the problem. After weeks of study and deliberation the committee recommended to the School Board a salary schedule which seemed fair to the teachers and to the taxpayers. This was adopted by the Hanover voters and is already being used as a model for other communities.

So, as he retires to a rest well earned from wrestling with our school problems, the voters of the Hanover School District extend to Prof. Cusick this expression of their deepest gratitude and appreciation.”

Michael J. De Sherbinin introduced a petition and asked for signers.

A PETITION TO THE GOVERNOR OF
NEW HAMPSHIRE
AND

THE MEMBERS OF THE GENERAL COURT
OF THE STATE OF NEW HAMPSHIRE

WE, THE UNDERSIGNED CITIZENS OF THE TOWN OF HANOVER, NEW HAMPSHIRE, believe that the communities of our state face a serious crisis in public education. This crisis, long in the making, can no longer be ignored, for the following reasons:

- (1) Many New Hampshire schools are now crowded, and this condition will soon become acute. Recent census data indicate that our school population will grow alarmingly in coming years.
- (2) New schools and expansion of old schools must be undertaken.
- (3) The money for such building must come at present from the local property tax. This outmoded and unfair tax, on which New Hampshire depends more than any other state in the Union, has become so burdensome that we believe it will be financially and politically impossible for our towns to build these needed schools.
- (4) Many towns with high schools which have been accepting tuition pupils from smaller neighboring towns will be forced to turn their neighbors' children away.
- (5) Small towns without high schools cannot possibly afford to build their own. Even if they could, they could not afford to operate them, or provide a broad enough curriculum to meet minimum high school standards. They are confronted by the very real danger of no high school education whatever for their children.
- (6) New Hampshire now stands 48th in the Union in state aid to education.

WE DO, THEREFORE, CALL UPON THE GOVERNOR AND THE GENERAL COURT OF THE STATE OF NEW HAMPSHIRE to take prompt action to meet this crisis. We believe this action should take the form of a forward-looking program:

- (a) To provide financial assistance for school building construction;
- (b) To expand the present state aid program ("foundation aid");
- (c) To provide financial assistance in the formation of cooperative school districts.

MICHAEL J. DE SHERBININ

Adjourned.

THOMAS C. KIRKWOOD,
Clerk

REPORT OF THE SCHOOL BOARD

Again during the current year, the principal problems we are facing concern the high school.

After 35 years of service to the young men and women of Hanover, Theodore E. Bacon has announced that he will retire as principal of the high school at the end of the school year. We have accepted his decision with deep regret. We join the community, his colleagues, and his present and former pupils in congratulating him on a job well done and the completion of a distinguished career in education. Acutely aware of the difficulty of replacing a man of Mr. Bacon's caliber, we began last fall seeking applications from qualified candidates both from the present staff and from the outside. We hope to announce the selection of a new principal well before the end of the school year.

The death of Donald B. Grover after a short illness last summer was a serious loss to Hanover and its schools. His influence, both as a teacher of mathematics and as a result of his many and varied interests, was great. We deeply regret that the members of future high school classes cannot be exposed to his vibrant personality.

The tentative report of the Advisory Committee on the high school curriculum has been given wide publicity. We believe that the final report will provide a broad and firm foundation on which to build our high school program in the future. On behalf of the community, we wish to express our appreciation to the members of the Committee and the many people who assisted in the study.

One of the most prominent recommendations of that Committee is a strengthened guidance program. We gave serious consideration to employing a full-time guidance director next year, but abandoned the idea for the present because of space limitations. We do plan to include next year a remedial reading teacher in the elementary school. Remedial reading was dropped several years ago because of lack of space. The need continued, and we believe that it is an essential part of our program.

Respectfully submitted,

LINWOOD H. BEAN

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Hanover:

I hereby submit my sixth annual report as your Superintendent of Schools.

At the present time, the most common question in Hanover regarding our public schools is, "What will happen at the High School?". The School Board, the community and the superintendent are delighted that the initial studies on this problem were so ably conducted by Dr. John Holyoke, his advisory committee and its many sub-committees. The report of this committee known as the "Advisory Committee on the Future Educational Program at Hanover High School" is a milestone in the field of public education and a splendid example of the manner in which a community can tap it's own resources and produce something which represents the opinion of it's citizens. This report, or at least the summary, should be read by every citizen who is interested in public education in Hanover.

One question, outside the scope of the Advisory Committee, has not, as yet, been settled. This is to decide what will be done about the continued acceptance of pupils from Norwich, Lyme and other towns. If we do continue to accept these tuition pupils our studies indicate that there will be a definite overcrowding at the high school in the fall of 1955 and the condition would be serious, if not impossible, in the years to follow. No definite survey has been made to determine the reaction of the school district of Hanover to this question but it seems that general sentiment favors the idea of continuing to accept tuition pupils on an adjusted tuition rate which would include a factor for their share of additional building costs. In any case the final decision in this matter will be left to the voters of the Hanover School District. There will be a special article in this year's warrant which will allow the voters to decide whether or not they wish to continue further studies in regard to Hanover High School leading to a possible building addition.

PERSONNEL

We experienced a great many changes in our teaching staff last

year. Of the eleven teachers on the faculty of the Hanover schools for which it was necessary to obtain replacements, 4 obtained better positions, 3 were married or moved away with their husbands, 2 changed their teaching field, one requested a year's leave of absence and one was deceased. For years you have been hearing about a teacher shortage, inadequate buildings, large classes and other national problems of education. All of these are real problems but the one which is becoming increasingly prominent is that of an adequate supply of teachers. The supply grows less as the demand increases. Thus if we throw aside all arguments in relation to increased teachers' salaries except the one in regard to the old economic law of supply and demand it becomes evident that we should increase teachers' salaries in order that we remain in a bargaining position for the few good teachers who are available at any given time. I am, therefore, recommending to the School Board that the salary schedule be increased by two steps (\$120.00) for the school year 1954-55. This will place the minimum for a beginning teacher without experience at \$2640.00 which will still be below the minimum of \$2700.00-2900.00 being offered next year in the better school systems of New Hampshire.

Last year it was often necessary to contact as many as twenty or more colleges and placement agencies in order to find just one candidate for a particular position who would work for the salaries which we were able to offer. Nevertheless I think we can feel very fortunate that all of our new teachers are good teachers and several of them are outstanding.

Theodore Bacon has signified to the School Board that he will retire at the end of the present school year after 35 years of service to the school children of Hanover, thirty four of these years as Principal of Hanover High School (he was formerly known as Headmaster but this designation was changed by a ruling of the State Board of Education in 1948). Mr. Bacon holds a special place in the hearts of many of the residents of Hanover. All who have come in contact with him realize the deep and sincere interest that he has for each individual pupil. Through his capable administration Hanover High School was developed into, and has retained, the position as one of the outstanding high schools in New Hampshire. He has literally devoted

his whole life to this one job. Although there must have been many headaches along the way, he can obtain real satisfaction in looking about Hanover and noting the many happy, successful people whom he helped to guide through the turbulent and sometimes disturbing period of their youth. In addition to his devoted and untiring service to the school he has accepted and carried out a full program of civic duties and responsibilities both in the town and in the state. Although we all regret the fact that "Ted" is retiring from the leadership of Hanover High School we nevertheless wish him many long, happy and contented years of well-deserved retirement.

All of us were surprised and grieved over the sudden and unexpected death of Donald Grover last summer. During 17 years of service in Hanover he originally taught English and later mathematics. Although a particularly enthusiastic and effective teacher his real interest and hobby was the conduct and supervision of the audio-visual program throughout the school system. During the past few years he had managed this audio-visual program so that, even on a limited budget, he had in operation one of the better programs in the state. He was exceedingly well-liked by pupils, teachers, the administration, and parents. One of the recent statements in his school record is that "I recommend this teacher for reelection because of his ability as a teacher, as an instructor in visual education and probably, most of all, for his rare personality! He is an 'individualist' in the classroom and is very successful with the math-minded student. He is of great assistance in preparing graduation programs." Donald is sorely missed around the school building and all of us mourn his passing.

Hanover High School was granted the distinction of being one of 400 high schools in the United States and territories selected to have one of its teaching personnel be granted a Ford Foundation Fellowship for the current school year. A committee composed of citizens of Hanover and teaching personnel reviewed the applications of those teachers who were eligible and interested. This was followed by personal interviews. They finally selected Frank Marsh. Granted a liberal allowance by the Foundation to cover all of his expenses, he is doing a little formal studying but most of his time is being spent in interviewing, visiting and learning the operation of our national

government in Washington, D. C. Edward Brophy, an experienced teacher, is doing a very creditable piece of work during Frank Marsh's leave of absence.

Your Hanover school system continues to receive statewide acceptance as one of the best school systems in the state. One evidence of this is the fact that delegations of pupils from the Teachers Colleges regularly visit this school to observe our buildings, methods and procedures. Another evidence is the fact that both Teachers Colleges and the University of New Hampshire have requested the right to place practice teachers here. We have permitted only a few carefully selected teachers to do this. We not only appreciate the honor of having our schools selected for this purpose but also enjoy the opportunity of observing a few outstanding prospective teachers in actual classroom situations.

EDUCATIONAL PROGRAM

No modern educational program can stand still and simply rest on the laurels of past achievements. We make no attempt to create drastic revisions but at the same time we are always searching for ways to improve small areas of the program which are not as good as we would like to have them be.

Hanover continues to be an active participant in the New England School Development sub-center at Dartmouth College. The program leading to improvement in reading continues on two levels (1) in high school as it applies to specific subjects such as science or social studies and (2) in the elementary school a consideration of scientific studies which apply to modern reading methods. In addition Nesdec is working on two other problems (1) better utilization of the facilities and personnel at the Dartmouth College Museum by public school pupils and teachers and (2) the general area of mental health of pupils.

Madame Nadezhda Koroton has, since last spring, been teaching a non-credit Russian class at Hanover High School. These classes are held one afternoon per week and are open to both faculty and pupils. The original suggestion that such classes be conducted was made by Professor John L. Stewart.

A law was passed in the last legislature making it permissive that instruction in the proper use of firearms be conducted in New Hampshire high schools. This instruction was to be primarily on the safe use of firearms and only incidentally on the accuracy of shooting. The School Board agreed that a Rifle Club might be formed on this basis if it did not involve any large expenditure of school funds. Several former members of the armed forces are directing this activity.

Requests have come through from state headquarters for speeded up action on Civilian Defense drills. The matter was carefully considered by teachers, principals and School Boards and it was finally decided that a plan of action for Air Raid Drills would be established with the cooperation of our local Director, Forrest Branch. This plan will be explained to the teachers but no drills will be conducted. Under present world conditions it seemed best not to place the pupils under any further strain.

We are continuing with our plan of having a few teachers meet with the School Board each year to explain their programs and plans for future development. This serves at least two purposes in that it allows the School Board to become better acquainted with the separate parts of our school program and also gives the members of the School Board and the teachers an opportunity to know each other better.

Our teachers are interested in keeping abreast of modern public education and being aware of the progress being made. This is one of the reasons for being members of Nesdec. In addition, many of our teachers take extension courses during the school year or attend summer sessions of college. This fall we operated a course in audio-visual education as an extension course from the University of New Hampshire. Next spring Lebanon will hold a course in Mental Health as an extension course from the University of Vermont. During the summer of 1953 thirteen members of our faculty attended college summer sessions.

The high school band, under the direction of Helen Goodwin, started last year with a few enthusiastic students, has now developed into a full-fledged activity and gives promise of becoming another one of the schools outstanding musical programs.

Our guidance program continues in much the same manner that it has in the past few years. Considering the time, space, personnel and funds available it is a very good program and probably the best that can be done under present circumstances. However, I think we should all carefully consider the future of this program and the possibilities of future development as mentioned several times in the Holyoke report. Certainly we need a full-time director of guidance and materials, equipment and space in which he can operate.

An interesting and valuable booklet was prepared by members of the elementary school staff last spring entitled "When your child enters school." This serves to acquaint the parent and the child with many of the ways in which we function, the services available, and the major rules and regulations of the school.

After a year's work the two kindergarten teachers, Patricia Shaw and Joan Bryce under the direction of Principal Ray, produced an excellent and extensive outline of the work to be carried on in the kindergarten year. Bryce Beattie in cooperation with other physical education teachers in the state is developing a course outline for physical education in New Hampshire. The Rinehart Handwriting system has been extended this year to include all pupils from grades one through eight.

REPAIRS

A number of major items used up the money set aside for repairs this year. Some of these items were new sidewalks at the high school; a new roadway in the circular driveway between the two school buildings; extension of the protective school fence; repairs to the sluiceway of the drainage system; electrical work in the auditorium of the high school; a new floor in one of the grade school rooms, and repairs to the high school roof. In addition to these items we have the regular replacement and check up of the three furnaces, both automatic heating systems, both electric clock systems, typewriters and sewing machines. Finally there are a multitude of minor repairs which have to be taken care of. We never have sufficient funds to really cover the necessary repairs on a million dollar plant.

When the addition to the grade school was built in 1950 extensive plans for the revision of the rooms in the old grade school were made. Due to a lack of funds most of these plans were abolished. We put a floor in the art room, revamped the auditorium and built a hot lunch kitchen. Nothing was done to the classrooms, office and storage space, or the health unit. When funds are available some progress should be made in this direction.

GENERAL

Last spring a chapter of the Future Teachers of America was established at Hanover High School under the direction of Margaret Klaybor. This was sponsored by the Kappa Phi Kappa Educational Fraternity of Dartmouth College and other units of the National Society in the Teachers Colleges. The F.T.A. is a very worthwhile organization in that it tends to direct capable young people into the field of public education as a career. At the present time this high school, and most high schools, are not recruiting enough new teachers each year to replace the teachers who are leaving our school system. As a special project the F.T.A. and people in the commercial department conducted the annual school census of the town. This current census indicates that the enrollment at the high school is slightly larger than our estimates of 1950 indicated it would be and the enrollment at the grade school is slightly lower than these estimates indicated.

Our transportation system, as presently established, is practically loaded to capacity on many of the routes. Our own school bus makes two trips up the Lyme road and then goes out to Etna to pick up kindergarten children and the overflow from the other buses. A small taxi has been making the Balch Hill trip but this has been temporarily discontinued because no pupils requiring transportation live in this area at the present time. Two contract buses take care of the pupils in the Hanover Center and Rudsboro Road areas. One other contract bus carries the pupils from the Goss and Tunis area to the Enfield schools. It is often difficult to plan on the exact number of pupils who will be coming from any given area because of the mobility of people in the town of Hanover. At the present time it

seems that we may have to make some revision in our transportation routes and possibly add another bus.

Carrying out the vote passed in the School District Meeting of March 1953 the School Board advertized for sealed bids on the purchase of the Goss School. They were opened on November 24, 1953 and the sale of the Goss School was approved by the School Board to Major Henry Talmage for his bid amount of \$251.00.

The World Insurance school plan was approved by the School Board and placed in operation this fall. For a payment of \$1.25 any school child is covered for all the expenses of any accident occurring during the time school is in operation or on the way to and from school. It also covers any accident occurring during any athletic contest (with the exception of football).

Everyone was tremendously pleased with the gift to the high school of an electric basketball timer and scoreboard by the two Fullington brothers of the Dartmouth Dairy. The lack of this piece of equipment has caused some confusion and irritation in the past. The civic spirit and interest displayed in pupils and our public schools as exemplified by this gift is highly commendable. We truly thank the Dartmouth Dairy for this wonderful scoreboard.

Before bringing this report to a close I would like to express my appreciation to the Hanover School Board for the excellent cooperation, real interest, and intelligent understanding of school problems which they have shown over the past few years. Although there are frequent changes in the membership of the School Board the same high caliber of person remains. It is a real pleasure to work with people like this.

And in conclusion I would like to thank all those parents, citizens, P.T.A. members, teachers, custodians and pupils who have helped to make the Hanover Schools a success.

Respectfully submitted,

HOWARD F. MASON,
Superintendent of Schools

HANOVER SCHOOL CALENDAR
