*The starred items are required by law to be raised as determined by the proper authorities. The district determines the salaries of the district officers. The supervisory union decides the district's share of the superintendent's salary. The State Treasurer reports the amount of the per capita tax. The Retirement Board assesses the amount for teachers' retirement.

Report of Superintendent

To the Superintending School Committee and the Citizens of the Milan School District:

FOREWORD

Do you ever turn back the clock to days which sometimes look in retrospect much more attractive than they really were? Our children still need the three R's. But they also need an up-to-date acquaintance with the world in which they live.

The jet motor and the atom bomb, because of their dramatic character, are known to all who can read or hear. They typify a new and fast moving age.

American children have an assignment that is not optional. They are introduced to an incredibly complex world, a world of quickly achieved knowledge and skills, of huge debts, of racial and class tensions, of international frictions, and of inevitable change. They must have an education that will help them find their way in the world.

We can and must provide a good educational opportunity for every individual. America believes in giving everyone a chance. We want our schools to build character. We want our boys and girls to be honest, friendly, considerate, cooperative and responsible. We want them not only to believe in democracy but to play their part in making it work. We want them to know the happiness to be derived from hard work, as well as the joys of a profitably invested leisure. In short, we expect the schools to develop rounded, balanced lives, to contribute to youth's personalities, and to the enrichment of society.

Somehow may the horizon be brighter because of a thoughtful, well-guided program of education and training for youth, started in the home and continually strengthened by their experiences in the home, the church and the school.

TEACHERS

There has been but one change in the teaching personnel of the district since the last report. Avis Croteau, a graduate of Plymouth Teachers College, was selected to serve as principal and teacher for grades 6-8 at the Milan Village School.

At the Milan Village School: Barbara Potter, Grades 3-5;

Marion Armstrong, Grades 1-2; and at West Milan School: Bessie Stiles, Grades 5-8; and Elizabeth Mullins, Grades 1-4, all returned.

NOTES ON THE BUDGET

The School Board's total budget for 1948-49 is \$27,144.40 as compared with \$26,921.65 for 1947-48. This budget is reduced by an estimated income, from state aid, of \$8,500.00 so that the requested appropriation is \$18,644.40. The appropriation for 1947-48 was \$18,070.00.

While there is an increase of but \$574.40 in the requested appropriation over last year, it is expected that materials, supplies and salaries will be higher. It should not be necessary to spend as much for repairs and no figure has been included for the noon lunch program.

STATE AID

The 1947 legislature enacted a new state aid law which became effective on July 1, 1947. Just a brief note here to show how the new law applies to Milan. The state aid is apportioned in two categories; equalization aid and general aid.

The equalization aid is found by applying the \$6.00 tax to the equalized valuation and then deducting it from the amount produced by multiplying the number of elementary pupils times \$75.00, and the number of secondary by \$100.00. Specifically the equalized valuation is \$721,329.00 times the \$6.00 rate or \$4,327.97. The 111 elementary pupils times \$75.00 plus 31 secondary pupils times \$100.00 produces \$11,425. From this latter figure subtract the former to give \$7,097.03 Equalization Aid.

The general aid is found by dividing the balance of the \$2,000,000.00 State Aid between the elementary and secondary pupils on a three to four ratio. That is, \$12.33 per elementary and \$16.44 per secondary. Using the number of pupils in the paragraph above we find that the GENERAL AID is \$1,878.27.

By adding the equalization aid to the general aid we find the Total Aid for December was \$8,975.30. The same method would be used in finding the aid for any year.

ENROLLMENT AND ATTENDANCE

There are now 121 enrolled at the two schools, 34 at West Milan and 87 at Milan Village. We have 33 attending high school at Berlin.

During the past year there were but 30 cases of tardiness in the whole town. This is a most commendable record.

The percentages of attendance were on the whole quite good.

Three of the rooms, Milan Village 6-8, Milan Village 3-5, and West Milan 5-8, were better than 96%. The State Department of Education considers 97% or better as worthy of special commendation.

Absence due to illness is excusable. Unnecessary absences and tardinesses should be avoided. The homes are urged to cooperate in an effort to eliminate unnecessary tardinesses and to improve the school attendance.

BUILDINGS AND EQUIPMENT

The school buildings are apparently in the best condition they have been in for some years. During the summer months both buildings were redecorated both inside and out. Rooms were finished off in both buildings for the school lunch program. A new stoker was installed at West Milan.

Further consideration needs to be given to securing adequate heat for the whole building from the central heating plant at West Milan. The water at Milan Village does not operate the drinking fountains.

The buildings are quite adequately equipped, replacements are being made as needed and some new equipment is being added from time to time. It is our policy to spread purchases over a period of years, so as not to place a strain on the budget in any one year.

CONCLUSION

It is always gratifying to note the regard that the individual citizens and local organizations have for their schools. Your interest in the well being of the entire school system, your support and your cooperation are most cheering.

I take this opportunity to express my appreciation to the members of the school board, parents, teachers and friends for their support in our common effort to maintain good schools.

Respectfully submitted,

ALBERT P. KNIGHTLY,
Superintendent of Schools.
