Forest Fires—Our Most Shameful Waste

Everyone apparently fears fires but too many are careless with it. This is particularly true of fires in and near woodlands. Official figures show that more than ninety-eight percent of all forest fires result from human carelessness and can be prevented. Consequently, we may say "Forest Fires are our most shameful waste."

Annual forest fire losses are tremendous and their effects far reaching. Such fires destroy the raw products of the forests, the protection forests provide for game and the supply of ground water. They upset local economies by drawing men from gainful employment and requiring the expenditure of public funds to extinguish them.

Our forest fire organization is doing a good job in keeping the size of fires small but the number of fires is increasing. In 1949 there were 100 more fires in New Hampshire than in 1948, but they burned 500 acres less. For the warden and his deputies to do the job they are capable of, they must have the cooperation of the public—YOU!

The primary objective of all fire fighters is PREVENTION—fire stoppage. This is the goal toward which your local forest fire warden and his deputies are constantly working. It can be achieved ONLY if YOU and YOU and YOU cooperate with them. It is worth YOUR effort and can be accomplished by:

1 Being careful with fire in or near woodland, being particularly careful with matches and cigarettes.

TOWN OF NEW HAMPTON

2 Securing the required **WRITTEN PERMIT** from the warden when the ground is not covered with snow.

3 Insisting that others be careful and comply with burning requirements.

4 Calling the warden promptly when fire is detected and aiding him to extinguish it.

Let's reduce the number of forest fires and eliminate our most shameful waste.

TOWN OF NEW HAMPTON

SCHOOL WARRANT

The State of New Hampshire

To the Inhabitants of the School District in the Town of New Hampton qualified to vote in District affairs:

You are hereby notified to meet at the Town House in said District on the 14th day of March, 1950, at two o'clock in the afternoon, to act upon the following subjects:

- 1 To choose a Moderator for the coming year.
- 2 To choose a Clerk for the ensuing year.
- 3 To choose a Member of the School Board for the ensuing three years.
- 4 To choose a Treasurer for the ensuing year.
- 5 To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the District.
- 6 To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
- 7 To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

TOWN OF NEW HAMPTON

- 8 To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of school District officials and agents, and for the payment of statutory obligations of the District.
- 9 To see if the District will vote to authorize the School Board to sell at their discretion property to which the District holds title and for which there will be no further use.
- 10 To see if the District will vote to authorize the School Board to purchase a dedication plaque for the new Community School and raise and appropriate money for the same.
- 11 To see if the District will vote to authorize the School Board to purchase a bus or busses for use in transportation of pupils if, in their discretion, such purchase becomes necessary or desirable, and raise and appropriate money for the same.
- 12 To transact any other business that may come before said meeting.

Given under our hands at said New Hampton this 14th day of February, 1950.

TOWN OF NEW HAMPTON

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

The new central school will probably be completed this spring. Because of the confusion attending changing of transportation routes and regrouping of pupils, it seems best to plan on occupying the school in September of 1950.

New Hampton will have one of the finest small elementary schools in this part of the country. The community is fortunate to have had an excellent building committee, a competent architect and a skillful general contractor. The new school will provide an environment in which the educational growth of New Hampton boys and girls will flourish. The school will be a source of pride to the community for many years to come.

It is unfortunate that the state legislature failed to appropriate money for the support of schools on the state level, for this has thrown the full burden of the cost of the new building on the local community. The New Hampton tax rate this year reflects the highest single year cost of the new school.

It is a pleasure to have associated with the members of the New Hampton School Building Committee, the New Hampton School Board, and teachers.

Respectfully submitted,

DONALD W. DUNNAN

Superintendent of Schools

REPORT OF SCHOOL NURSE

October Through December, 1949

The routine physical checkup of all school children was made in October. The children were given instruction in hygiene during this inspection. The need for dental care appears to be urgent. After a very satisfactory talk with the School Board chairman, Dr. Denault was contacted and he has promised a weekly appointment of all morning, one day a week starting the latter part of February.

New scales with a measuring device for heights has been purchased by the committee.

As in previous years, multiple vitamin capsules have been made available through the local Red Cross. These capsules have been given out daily by the teachers to all pupils.

I appreciate the patience and help received from all.

Respectfully submitted,

ANN WALKER, R. N.

REPORT OF BUILDING COMMITTEE

Following the Special Meeting of the School District held May 11, 1949, at which the District approved the new school house plans and authorized a bond issue of \$80,000, a meeting of the building committee was held on May 17, 1949 at which time inspection was made of the school house site and agreement was reached on the location of the new school. The School Board reported that they had accepted the bid of Messrs. Chace, Whiteside, Warren & Sears for \$80,000 bonds at par with interest at one and seven-eighths percent, payable \$8,000 annually, June 1, 1950 to June 1, 1959.

After a lengthy discussion of relative advantages of open and selective bidding, it was unanimously voted that specifications be submitted to Trumbull-Nelson and Leighton & Son and at least one other contractor of similar qualifications to be selected by the architect. After examination and discussion of the plans in detail by the committee and the architect it was unanimously voted to accept them subject to final approval by the State office.

On June 15th the committee held a public meeting for opening of bids. Four bids were received: from Leighton & Son, J. P. MacMillan Co., Blanchard Stebbins and Trumbull-Nelson. This meeting was adjourned for consideration of bids.

On June 17th the committee met, and Mr. Leighton's bid being considered the most satisfactory, the committee discussed with him thoroughly the plans and specifications and possible modifications for the purpose of effecting savings in construction costs. Certain modifications were approved and Mr. Leighton submitted a final bid of \$72,032. which the committee voted unanimously to accept.

The committee met again on September 30th for the discussion of the purchase of equipment. At Mr.

TOWN OF NEW HAMPTON

Dunnan's suggestion, it was arranged that representatives should go to Swampscott, Mass., to see exhibits of school equipment that would be shown at a meeting of the New England Superintendent's Assn.

On October 28th the committee met with the architect and superintendent. Mr. Matthews, Mrs. Merrill and Mrs. Wolfe had attended the exhibit of school equipment in Swampscott and reported the pupil desks and seats sold by Gledhill Bros., seemed to them the most satisfactory. A representative of the firm was present with samples and it was voted to place an order with them for one hundred assorted sizes of desks and seats. Other equipment was discussed but no action taken.

The contract and architect's fee amount to approximately \$75,000. The pupil seating equipment ordered will amount to approximately \$2300. Other payments out of the building fund have been: \$550. for legal fees; \$242. for certification and printing of bonds; \$374. for builder's risk insurance on the new building; leaving a balance of approximately \$1500 for completion of equipment and landscaping. At a meeting of the committee on February 3, 1950, it was voted to leave the expenditure of this balance for equipment to the discretion of the School Board.

The building is at present, February 3rd, approximately 75 percent completed, and the architect anticipates that it will be completed, ready for occupancy by April first. While it will be impractical to transfer the schools there before the beginning of the school year next September, it is hoped that graduation exercises may be held in the new building and that the building may be dedicated at that time.

The tax rate in New Hampton has increased this year by about \$1.00. This represents not only an increase in school expenditures of about \$13,000, but also an increase in highway and other appropriations of about \$9,000. Of the school expenditures, \$9,500 is due to payments of interest and principal

TOWN OF NEW HAMPTON

on the bond issue for the new school, which accounts for approximately forty-two cents of the increase in the tax rate. We also lost approximately \$4,000 in State Aid through the Legislative cut in appropriation for this purpose. This would be reflected in another eighteen cents on our tax rate. In fact, if we had received this State Aid, our school budget, exclusive of the payments on the bond issue, would have been less than last year, so that the net increase in tax rate representing school appropriations is about fifty-nine cents.

This year has involved the largest payment on the building costs, since the interest payments will decrease each year as the principal of the bond issue is paid off. As inspection of the school budget will show, the payments for next year (1950-1951) will be \$9,350.

In conclusion, the committee wish to express their appreciation of the cooperation and valuable advice of the architect, Mr. Norman P. Randlett and of the School Superintendent.

Respectfully submitted,
Archibald H. Matthews,
Chairman
