Annual Reports of the Town of Seabrook

New Hampshire

1989

For the Year Ending December 31st
As Compiled by the Town Officers

FRONT COVER

The new fire station is featured on the cover of the town report this year. This facility opened in May of 1988. It was designed by Homer P. Young Architects of Haverhill, Massachusetts and the building contract was awarded to Quannapowitt Development Corp of Wakefield, Massachusetts. The Building Committee consisted of Ronald Eaton, Sr., Chairman; Vernon Small, Robert Locke, Clarence Fowler, Furmer Eaton and Elizabeth Thibodeau, Clerk. Leonard DiBartolomeo served as Clerk of the Works.

Town of Seabrook
New Hampshire

For the Year Ending December 31st
1989

As Compiled by the Town Officers

IN MEMORIAM

September 11, 1925

December 31, 1989

WALTER I. RANDALL

The 1989 Town Report is dedicated to Walter I. Randall, lifelong resident of the Town of Seabrook; he was very interested and active in town politics.

Walter was born in Seabrook, N.H. on September 11, 1925, the son of Norma P. (Fowler) Randall of Seabrook and the late Anthony T. Randall. He was married to Madeline (Abrahams) Randall of Seabrook; they had two sons, eight daughters, many grandchildren and great grandchildren. He also had two brothers and two sisters from Seabrook and several nieces and nephews.

Walter served as Supervisor of the Check List for 15 years, Selectman from '74-76 and '82-'83 and acted as Welfare Agent from '83-'85. He also served on the Budget Committee from 1965 - 1974 and was Health Officer from 1983 - 1985.

He was a veteran of World War II and a member of the Raymond E. Walton American Legion Post #70. He liked camping and various other recreational activities.

ARTICLE 2: On the petition of Asa H. Knowles Jr. and thirty-two (32) other legal voters of the town: To see what action the town will take on the following: To amend Chapter 263 of the Zoning Ordinances and the Code of the Town of Seabrook so that Chapter 263-10A and B shall read as follows: Amend Section 263-19A to read: "No building shall be erected, placed, moved or otherwise located on a lot containing less than twelve thousand five hundred 12,500 square feet in area or less than one hundred (100) feet of frontage on an existing road, or less than one hundred twenty five (125) feet of depth, and have an average width of one hundred (100) feet unless such lot is a lot of record. "Section 263-19B to be repealed in its entirety. Amend Section 263-10 to read: Every building hereinafter erected shall be located on a lot as hereinafter defined.

(Not recommended by the Planning Board)
(On the Official Ballot)

YES 383 NO 852

ARTICLE 3: On petition of William A. Knowles, and forty-one other legal voters of the town: To see what action the town will take on the following: "To amend Chapter 263 of the Zoning Ordinances and the Code of the Town of Seabrook so that Chapter 263-10 shall read as follows: Amend Section 263-10 to read: Every building hereinafter erected shall be located on a lot as hereinafter defined."

(Not recommended by the Planning Board)
(On the Official Ballot)

YES 318 NO 875

ARTICLE 4: On petition of Eric N. Small and one hundred forty-one (141) other legal voters of the town: To see what action the town will take on the following question: Will the town vote to add Paragraph E to the use of regulations of Article II, Section 263-13, Zone 3(Industrial) of the Seabrook Zoning Ordinance to read: No HAZARDOUS CHEMICALS, as defined by the U.S. Occupational, Safety and Health Administration, no HAZARDOUS SUBSTANCES, as defined by the U.S. Resource Conservation & Department & Recovery Act, and no HAZARDOUS MATERIALS, as defined by the Department of Transportation, will be permitted to be stored, manufactured, sold or used in Zone 3. (Existing facilities would not be affected.)

(Not recommended by the Planning Board)
(On the Official Ballot)

YES 501 NO 708

ARTICLE 5: On petition of Eric N. Small and one hundred twenty-eight (128) other legal voters of the town: To see what action the town will take on the following; That the following uses be permitted in Zone 2-R, Article II of the Seabrook Zoning Ordinance:

1. Any use permitted in Zone I (Residential Zone)
2. Home occupations, including agriculture.
3. Cemeteries.
4. Farm buildings for the operation of farms.
5. Public utility buildings (non-manufacturing).

6. Retail businesses and service businesses requiring less than 1,000 square feet of floor or ground area per lot.
7. Only one retail business shall be allowed per lot.
8. Manufacturing clearly subordinate and incidental to the permitted business conducted on the premises.

(Recommended by the Planning Board)
(On the Official Ballot)

YES 798 NO 401

ARTICLE 6: On petition of Eric N. Small and one hundred thirty-four (134) other legal voters of the town: To see what action the town will take on the following: A new use zone, call Zone 2-R, be created under Article II of the Seabrook Zoning Ordinance to include all lands now in Zone 2 with the exception of those existing parcels of land abutting either side of Route 1 and within 500 feet north of Route 107 between Stard Road and Weare Road."

(Recommended by the Planning Board)
(On the Official Ballot)

YES 761 NO 453

ARTICLE 7: On petition of Ronald Locke and forty-five other legal voters of the town: To see what action the town will take on the following: To see if the town is in favor of amending the official zoning map of the Town of Seabrook to enlarge Zone 1 by extending the boundary of said Zone from the center line of Ledge Road to a line that runs parallel and 1,000 feet northerly of Ledge Road, said extension to begin at the existing Border of Zone 1 westerly of Alison Drive and continue east-erly to a point 2,500 feet westerly of I-95; thence southerly in a line parallel with and 2,500 feet west of I-95 to a point on Ledge Road where it will join with the existing Zone 1 Boundary."

(Recommended by the Planning Board)
(On the Official Ballot)

ADJOURNED TOWN MEETING HELD AT THE SEABROOK COMMUNITY CENTER
SEABROOK, NH.
MARCH 16, 1989

Adjourned Town Meeting called to order by Moderator Charles H. Felch Sr. at 7:10 PM.
Salute to flag led by Lydia M. Gould.

Moderator will recognize sponsor of article first.

Only one amendment on floor at a time. All amendments must be in writing and must be signed.

Motion to reconsider must be reconsidered before going to next article.

State law about smoking in a public place enforced -- RSA 155:45.

Article 8: To see if the town will vote to authorize the Board of Selectmen to borrow money in anticipation of taxes and to renew and refund town notes.

Motion by Elizabeth A. Thibodeau, second by James S. Eaton to adopt article as read.

ARTICLE 8 ADOPTED.

Article 9: To see if the town will vote to authorize the Board of Selectmen to apply for, accept and expend, without further action by the town meeting, money from the state, federal or other governmental unit or a private source which becomes available during the fiscal year in accordance with the procedures set forth in RSA 31:95-b.

Motion by Elizabeth A. Thibodeau, second by James S. Eaton to adopt article as read.

ARTICLE 9 ADOPTED.

Article 10: To see if the town will vote to authorize the Board of Selectmen to sell at public auction or by advertised sealed bids such town property as is no longer used by the town.

Motion by James S. Eaton, second by Elizabeth A. Thibodeau to adopt article 10 as read.

ARTICLE 10 ADOPTED.

Article 11: To see if the town will vote to adopt the optional adjusted elderly exemptions from property tax? The optional exemptions, based on assessed value, for qualified taxpayers shall be as follows: for a person 65 years of age up to 75 years, twenty-five thousand (\$25,000.00) dollars; for a person 75 years of age up to 80 years, thirty-seven thousand five hundred (\$37,500.00) dollars; for a person 80 years of age or older, fifty thousand (\$50,000.00) dollars. To qualify the person must have been a New Hampshire resident for at least five (5) years; own the real estate individually or jointly, or if the real estate is owned by his spouse, they must have been married for at least five (5)

years. In addition, the taxpayer must have a combined net income of less than \$10,000.00 or, if married, a combined net income of less than \$12,000.00; and own net assets of seventy thousand (\$70,000.00) dollars or less excluding the value of the person's residence.

Motion by James S. Eaton, second by Asa H. Knowles Jr. to adopt article 11 as read.

Paper ballot used with Article 11 written out to determine outcome of this article.

YES 162 NO 25

ARTICLE 11 ADOPTED AS VOTED.

Article 12: To see if the town will vote to transfer into the Town of Seabrook Scholarship Trust Fund, as established under Article 5 of the 1987 Town Warrant, the amount of four thousand six hundred ninety-four (\$4,694.00) dollars, which represents 1987 cable television franchise fees paid to the town.

(Recommended by the Budget Committee)

Motion by Elizabeth A. Thibodeau, second by James S. Eaton to adopt article as read.

ARTICLE 12 ADOPTED.

Article 13: On petition of Charlotte M. Dow and seventy-five other legal voters of the town:" To see if the town will vote to raise and appropriate the sum of eighteen thousand (\$18,000.00) dollars for the following improvements to the Old South Meeting House - install a lightning rod, make repairs to the exterior wall and paint the building."

(Recommended by the Budget Committee)

Motion by Eric N. Small, second by James S. Eaton to adopt article as read.

ARTICLE 13 ADOPTED.

Article 14: On petition of James Champoux and twenty other legal voters of the town:"To see if the town will vote to raise and appropriate the sum of twenty thousand (\$20,000.00) dollars for the purpose of updating the town's Master Plan.

(Recommended by the Budget Committee)

Motion by James Champoux, second by Elizabeth A. Thibodeau to adopt article as read.

ARTICLE 14 ADOPTED.

Article 15: To see if the town will vote to accept Zagarella Circle as a town road and to maintain said road.

Motion by James S. Eaton, second by James C. Falconer to postpone indefinitely.

ARTICLE 15 POSTPONED INDEFINITELY.

Article 16: On petition of James R. Antanavich, Sr. and fifty three other legal voters of the town: "To see if the town will vote to improve the easterly end of Adams Avenue, on the northside of Route #286, as a Class V road and to raise and appropriate the sum of five hundred (\$500.00) dollars to gravel and maintain such road.

(Recommended by the Budget Committee)

Motion by Asa H. Knowles Jr, second by Gertrude Antanavich to adopt as read.

Amendment by Rob Brown, second by Gordon Dow Sr. to change (class V road) to CLASS VI ROAD.

Amendment adopted as read.

ARTICLE 16 ADOPTED AS AMENDED.

Article 17: To see if the town will vote to raise and appropriate the sum of forty-three thousand five hundred (\$43,500.00) dollars for the purpose of purchasing and equipping three (3) police cruisers, and to authorize the sale or trade-in of three (3) existing cruisers.

(Recommended by the Budget Committee)

Motion by James S. Eaton, second by Elizabeth A. Thibodeau to adopt article as read.

Motion to amend by Paul J. Cronin, second by James S. Eaton to change amount of (\$43,500) to (\$30,000) dollars.

Amendment adopted as read.

ARTICLE 17 ADOPTED AS AMENDED.

Article 18: To see if the town will vote to raise and appropriate the sum of twenty-two thousand (\$22,000.00) dollars for the purpose of replacing and equipping an animal control unit.

(Not Recommended by the Budget Committee)

Motion by James S. Eaton, second by Elizabeth A. Thibodeau to adopt article as read.

Motion to amend by Paul J. Cronin, second by James S. Eaton to change amount of (\$22,000) to (\$15,000) dollars.

Amendment adopted as read.

ARTICLE 18 ADOPTED AS AMENDED.

Article 19: To see if the town will vote to raise and appropriate the sum of twenty nine thousand (\$29,000.00) dollars for the purpose of purchasing and equipping a 3/4 ton pick-up and a 3/4 ton utility truck for the Water Department, and to authorize the sale or trade-in of an existing 1/2 ton pick-up and a 3/4 ton utility truck.

(Not recommended by the Budget Committee)

Motion by Elizabeth A. Thibodeau, second by Herbert Brown to adopt article as read.

Motion to amend by Warner B. Knowles, second by Elizabeth A. Thibodeau to change amount of (\$29,000) to (\$25,500) dollars. Amendment adopted as read.

ARTICLE 19 ADOPTED AS AMENDED.

Article 20: To see if the town will vote to raise and appropriate the sum of twenty-five thousand (\$25,000.00) dollars for the purpose of purchasing a 580 Case Backhoe/Loader and to authorize the sale or trade-in of an existing 580 Case Backhoe/Loader.

(Not Recommended by the Budget Committee)

Motion by Frederick Moulton, second by James S. Eaton to postpone article indefinitely.

ARTICLE 20 POSTPONED INDEFINITELY.

Article 21: To see if the town will vote to raise and appropriate the sum of eleven thousand (\$11,000.00) dollars for the purchase of a Bolens Diesel tractor Model 2704 with a York rake, and to authorize the sale or trade-in of the existing Parks tractor.

(Recommended by the Budget Committee)

Motion by Elizabeth A. Thibodeau, second by James S. Eaton to adopt article as read.

ARTICLE 21 ADOPTED AS READ.

Article 22: To see if the town will vote to raise and appropriate the sum of thirty-two thousand (\$32,000.00) dollars for the purpose of providing an After School Enrichment Program at the Seabrook Community Center, funds to be administered by the Recreation Commission.

(Not recommended by the Budget committee)

Motion by Sandra Beaudoin, second by John Palladino to adopt article as read.

Article 22 explained by sponsor Sandra Beaudoin.

ARTICLE 22 DEFEATED.

Article 23: To see if the town will vote to establish a "Study Committee" of not more than three(3) for the purpose of exploring the feasibility of a municipal recycling program for the Town of Seabrook. The Study Committee is to be appointed by the Board of Selectmen and is to report back to the Board of Selectmen with a preliminary report prior to the 1990 Annual Town Meeting; further to raise and appropriate the sum of five hundred (\$500.00) dollars for expenses of this Study Committee for travel and legal advice.

(Recommended by the Budget Committee)

Motion by Elizabeth A. Thibodeau, second by James S. Eaton to adopt article as read.

ARTICLE 23 ADOPTED AS READ.

Article 24: To see if the town will vote to change the purpose of the Municipal Sewer Fund for the limited objective of permitting the appropriation of 12.5 million dollars from this fund as a partial payment on the judgment by the owners of the Seabrook project against the town for the tax years 1983 - 1986, and to appropriate said sum, and to authorize the Selectmen to take all necessary action to carry out said payment. Such payment shall be without prejudice to the rights of the town under its appeal of said judgment now pending. Except as permitted by this vote, the balance in said fund shall remain in trust for the original purpose for which the Municipal Sewer Fund was created. (Two-thirds majority vote required of those present and voting.)

(Recommended by the Budget Committee)

Motion by James S. Eaton, second by Elizabeth A. Thibodeau to adopt as read.

Amendment by Albert Weare, second by Frederick Moulton, should circumstance arise that there becomes any unused portion of Funds from this article that said Funds be returned to the Municipal Sewer Fund.

Amendment adopted as read.

Paper yes and no ballots used.

YES 150 NO 46

ARTICLE 24 ADOPTED

AMENDMENT TO ARTICLE 24 ADOPTED.

Article 25: Upon petition of Stanley Morrison and ten other legal voters of the town: " To see what action town meeting will take to adopt a so-called Proposition 2 1/2 CAP on all expenditures of the Town of Seabrook's budget for the 1989 fiscal year and further provided that for any override of the 2 1/2 percentum shall require a 2/3 vote of those voters present at any regular or special town meeting.

Motion by Frederick Moulton, second by James S. Eaton to postpone this article indefinitely.

ARTICLE 25 POSTPONED INDEFINITELY.

Article 26: On petition of Warner B. Knowles and eleven other legal voters: " To see what action the town meeting will take on the following:

Whereas the Seabrook Beach Precinct has, by a special enactment of the NH Legislature, its own Building Inspector, Board of Adjustment and the enforcement of such zoning ordinances vested in the Seabrook Beach Precinct Commissioners;

Whereas there has now occurred widespread and flagrant instances of those zoning laws being violated within the Seabrook Beach Precinct as well as violations of the State Laws and Regulations of NH Water Supply & Pollution Control Commission on sewage and septic involving the Town of Seabrook;

Whereas, there are instances of lack of enforcement involving a wide spectrum of Precinct Zoning Code, be it further resolved that the following course of action be taken by this annual adjourned Seabrook town meeting: that the Town of Seabrooks' Senator and Representatives to the General Court be formally requested to introduce a bill for legislation at the next session of the General Court that will rescind the law or laws allowing the Seabrook Beach Precinct to have its own exclusive enacted zoning ordinances governing land use and the enforcement thereof; and that the Town of Seabrook be named the authority for zoning and enforcement thereof. Be it further resolved that the Town of Seabrook through its Board of Selectmen be directed to take whatever legal courses of action necessary to enforce the person(s) responsible to take action on the widespread zoning violations at Seabrook Beach Precinct which are having an adverse effect on the Town as a whole".

The legal courses of action to include a request to the cognizant law enforcement agencies and departments of both county and state, having jurisdiction of the violations involved, and the violations to be specifically documented and presented to those names above.

Motion by Warner B. Knowles, second by James Falconer to adopt this article as read.

HAND COUNT YES 80 NO 66

ARTICLE 26 ADOPTED AS READ.

Article 27: To See what sums of money the town will vote to raise and appropriate for the expense of the general government, for the protection of persons and property, for health and sanitation, for highways and bridges, for the support of the town poor and for all necessary expenditures for the ensuing year.

Motion by Frederick Moulton, second by Elizabeth A. Thibodeau that the operating Budget be passed at \$4,673,099.

Amendment to article 27 by Clyde O. Brown, second by Fred Chase to cut the operating budget by 5%.

Amendment adopted.

AMENDMENT TO ARTICLE 27 ADOPTED.

Operating budget \$4,439,444
Special articles \$12,625,194
TOTAL BUDGET \$17,064,638.

Article 28: To transact all other legal business that may come before this meeting.

Motion by Frederick Moulton, second by Paul Kelley to adjourn this meeting .

Motion passed. Meeting adjourned at 11:25 PM.

BOARD OF SELECTMEN/ADMINISTRATIVE ASSISTANT

In review, 1989 was a year of unusual events for the citizens of Seabrook and their local government.

In January, the tax rate for the previous year was finally set and tax bills were issued. Though the tax rate is normally set in the fall of the current budget year, the 1988 rate was delayed due to ongoing discussions with the Joint Owners of Seabrook Station concerning the valuation of the power plant.

The issuance of tax bills in January gave taxpayers the first opportunity to review the new assessments placed on property due to the revaluation. The revaluation, originally started in late 1986/early 1987, was completed in the fall of 1988. It reflected the effect the growth in the real estate market in the 1980's has had on the fair market value of property in town.

The March Annual Town Meeting once again contained an air of fiscal conservatism as voters cautiously approved special projects and passed a motion to reduce the town's operating budget by 5%. This was the second consecutive year that voters passed a motion from the floor to reduce the operating budget.

The voters at the annual meeting were also asked to support the Selectmen in the payment of 12.5 million to the Joint Owners of Seabrook Station. The appropriation, which was transferred from the Sewer Capital Reserve Fund, represented partial payment on a 35 million dollar judgment against the town that was issued by Rockingham County Superior Court in the fall of 1988. The appropriation completed the final stipulation in the negotiated agreement between the town and the Joint Owners which for the first time in ten years eliminated costly litigation over the taxable value of Seabrook Station.

Other action taken by voters at the annual meeting was to amend the town's zoning ordinance creating a new zone 2R and approving of a \$20,000 appropriation to update the town's Master Plan.

Through the spring and summer the Selectmen worked closely with the Department of Public Works Building Committee on the letting and awarding of contracts for the new building. The DPW Committee, acting as the general contractor, supervised the construction of the project and assured its successful completion in the fall of 1989.

In June, the largest demonstration of the 1980's was held as protestors assembled outside the gates of Seabrook Station to protest the issuance of a low level testing

license to the nuclear power plant. The demonstrations, attended by thousands, tested the resources of the police department and cost the town in excess of seventeen thousand dollars.

The saga over the legality of the retail sale of fireworks continued in the summer of '89 as the town went back to court to argue its right to ban fireworks sales. Meanwhile, local businesses prospered from the laws' ambiguity.

The court issued its first decision of 1989 on this issue in September. This decision removed the towns right to regulate sales and allowed fireworks dealers to operate as usual. The court would later reverse its position but that did not occur until long after the peak of the fireworks season was over.

Labor negotiations were finally completed with town personnel when in August the Supervisory Union made up of department heads and supervisory employees executed their first collective bargaining agreement with the town. This was the last of four labor agreements negotiated in 1989 by the Selectmen. Previously the Selectmen had signed two year agreements with the Seabrook Police Association and the Seabrook Employee's Association and a one year agreement with the Seabrook Professional Firefighters Association.

Legal costs continued to be significant for the community as the town found itself litigating a wide range of issues over the past year. The lawsuit initiated by the Water Department against the owner of the Bartlett Gravel Pit created high engineering costs, as well as legal costs, as the town fought to protect its Route #107 well field. These costs eventually forced the Water Department to exceed its total operating budget.

The two most significant issues to be litigated in 1989 were the tax valuation cases on Seabrook Station. The New Hampshire Supreme Court heard both cases in September. The first case, the Town of Seabrook vs The New Hampshire Department of Revenue Administration, was heard to determine the equity of the state valuing utilities separately from towns and cities. The Courts decision, if found in favor of the town, would significantly alter the method by which the town pays its apportionment of the taxes for Rockingham County and the Winnacunnet School District.

The second case, Public Service Company of New Hampshire vs the Town of Seabrook, was heard to determine whether the town assessed the power plant correctly for the years 1983-1986. The lower courts decision, if it is not

reversed in whole or in part (by the Supreme Court), could require the town to pay a judgement in excess of 55 million dollars to owners of the power plant.

The Supreme Court had not issued a decision on either case at year's end.

The second major demonstration in 5 years occurred again at the gates of the power plant in October. As in June, this demonstration was expensive to taxpayers as police costs exceeded twelve thousand dollars for this demonstration and thirty thousand dollars for the year.

As the fall ended, the toll of the preceding events created a fiscal crisis on the operating budget. Unable to absorb the unfunded costs of the demonstrations and the legal problems of the Water Department, the Selectmen instituted a budget freeze. Departments were directed to curtail all expenditures and to delay all non-essential projects until 1990.

Even with these measures in place it became increasingly evident as November closed that the total operating budget would be exceeded. The Selectmen, acting on advice from the Department of Revenue, made application to the Budget Committee to over-expend the budget.

Though concerned with the events that brought the Selectmen before the Budget Committee, after lengthy discussions the Budget Committee approved the Selectmen's initial application. Unfortunately, budgetary woes did not improve and the Selectmen were forced to go back for a second approval. This time the Committee did not support the Selectmen's request which required payment of liabilities without the Committee's approval.

We would like to take this opportunity to remind all residents that your local government is here to serve you. This Board and its departments solicit your input. It is through your participation that we are able to formulate policy for the direction of the government. We urge you to become involved through volunteering in town functions or meetings, or simply a friendly letter or phone call to the Town Offices.

We thank you for allowing us to serve you.

Sincerely,
James S. Eaton, Chairman
Asa H. Knowles, Jr.
Elizabeth A. Thibodeau, Clerk
Steven A. Clark, Administrative
Assistant

AMENDMENT TO PARKING ORDINANCE

At a regular meeting of the Board of Selectmen for the Town of Seabrook, New Hampshire, held on June 21, 1989, the following amendments to the Seabrook Parking Ordinance and the Code of the Town of Seabrook were enacted. Said amendments are hereby adopted pursuant to the power granted in the Seabrook Home Rule Charter and the Revised Statutes of the State of New Hampshire, as amended:

1. Amend section 249-17C by adding "and 249-21" after 249-17A, to read as follows:

C. The provisions of 249-17A and 249-21 shall be in effect from 1:00 a.m. on the Friday of Memorial Day weekend to 12:00 midnight September 15.

2. Amend section 249-18A by deleting the words "police station" and replacing them with "town hall" so that the section reads as follows:

A. All on-street parking at Seabrook Beach listed in 249-17A will be by special permit only. Permit cards for property owners at Seabrook Beach may be obtained at the town hall. Permit stickers for uptown Seabrook residents may be obtained at the town hall.

3. Amend section 249-18B by adding the following sentence: "Residency for the purpose of this article shall be defined as any person registering his/her motor vehicle within the Town of Seabrook and/or those persons on the official Seabrook checklist. (Checklist meaning voter checklist.)" so that the section reads as follows:

B. The Selectmen shall issue the permit described in this section to any person who, upon application for such permit demonstrates that he/she is a resident of the Town of Seabrook, New Hampshire. "Residency" for the purpose of this article shall be defined as any person registering his/her motor vehicle within the Town of Seabrook and/or those persons on the official Seabrook checklist. (Checklist meaning voter checklist.)

4. Amend section 249-18 by adding section C, to read as follows:

C. Permits issued under 249-18A and 249-18B shall be located on the lower left corner of the rear window. All permits shall be affixed to the vehicle for which the permit was issued.

These amendments will become effective immediately upon passage.

AMENDMENT TO PARKING ORDINANCE

At a regular meeting of the Board of Selectmen for the Town of Seabrook, New Hampshire, held on October 25, 1989, the following amendment to the Seabrook Parking Ordinance and the Code of the Town of Seabrook was enacted. Said amendment is hereby adopted pursuant to the power granted in the Seabrook Home Rule Charter and the Revised Statutes of the State of New Hampshire, as amended.

1. Amend Chapter 249, Section 24, by adding the entire length of Cross Beach Road, north and south, to the streets listed that have no parking at all times.

<u>Name of Street</u>	<u>Side</u>	<u>Location</u>
Cross Beach Road	North/South	Entire Length

This amendment will become effective immediately upon passage.

BOARD OF SELECTMEN

AMENDMENT TO SOLID WASTE DISPOSAL ORDINANCE

At a regular meeting of the Board of Selectmen for the Town of Seabrook, New Hampshire, held on June 21, 1989, the following amendments to the Seabrook Waste Disposal Ordinance and the Code of the Town of Seabrook were enacted. Said amendments are hereby adopted pursuant to the power granted in the Seabrook Home Rule Charter and the Revised Statutes of the State of New Hampshire, as amended:

1. Amend chapter 254 by deleting all references to the word "license" and replacing it with the word "permit".
2. Amend section 254-2B by replacing the entire section with the following sentence:
 - B. Permits shall be obtained from the office of the selectmen and shall be issued to the owner of the vehicle and a sticker shall be affixed to the lower left corner of the rear window of the vehicle.
3. Amend section 254-2C by deleting the entire section and replacing it with the following:
 - C. One (1) permit may be issued for each vehicle registered in Seabrook in the case of a resident.
4. Amend section 254-2D by deleting the date "August 1" and replacing it with "May 1", so the section reads as follows:
 - D. All permits shall expire on May 1 following the date of issuance.

These amendments will become effective immediately upon passage.

BOARD OF SELECTMEN

Welfare Officers Report

The annual report for the fiscal year 1989 is the first year in which I have reported to you, the taxpayers and citizens of Seabrook, in which there has been an overdraft in the town's welfare budget. As of this writing it is in excess of \$ 7987.

Just as I predicted to you last year in my report, there was a real good possibility of this occurring due to factors beyond the control of the local officials - the recodification of state statute RSA 165, the tight federal and state fiscal restraints, and of course, the worsening economy in the state of N.H. and the region in general, which brings on a whole plethora of bad economic problems. Housing and rental is the problem which plagues many families, especially with rentals in town and in the area averaging \$650.00 per month, without utilities. Needless to say, the preponderance of the town's budget went for housing.

Again, there has been a recommendation for a change in the general welfare laws; however, the consensus of the professional welfare administrators is that the N.H. Legislature is unlikely to change the law to lessen the financial burden on the towns.

1990 may be even worse, economically, than 1989 and nothing indicates that any better financial times are ahead this year for low income people.

James C. Falconer
Welfare Officer

HEALTH DEPARTMENT REPORT

In March of 1989, I received a letter from N.H. Department of Public Health informing me that Hampton Harbor would be restricted from the taking of clams. This was determined by a year long survey in 1988, that showed high bacteriological levels in the river. While all towns in the area are contributing to the problem, several of Seabrooks streams and Seabrook Harbor had high levels of bacteria. In May the Health Department took 16 water samples from the harbor and all the streams entering the marsh area. Several of the streams tested very high in fecal coliform, indicating that sewage was being dumped into these streams above the test locations. More tests were taken in July and August and a survey of these streams revealed four failed septic systems. These systems were repaired, greatly reducing the bacteria count being dumped into the river. The test at the pier at Seabrook Harbor in May showed high bacteria in the water. I spoke with local boat owners and party boat operators about the problem, and all agreed to be careful not to dump their toilet waste in the harbor. A test taken in August showed 0 coliform bacteria in the water at the pier.

If we are to enjoy the clamming, fishing and the beauty of our harbor we must realize that in one way or another pollution is everybodys' problem and everyone has to do their share to correct it.

STREET LIGHT COMMITTEE

The Street Light Committee checks the town street lights at various times of the year as well as reviewing applications for the installation of new lights. Our biggest problem seems to be the number of lights that are either out or malfunctioning. After each meeting when we tour the streets of town, a report is sent to the Board of Selectmen containing. At the beginning of the year we recommended an additional light be installed on Whittier Drive. We have also found and reported twenty-six lights out and four malfunctioning ones. Even though a report on our findings is sent to the Board of Selectmen and they , in turn, inform the electric company, there is no guarantee when the replacements will be made. We have tried to serve the town in an efficient manner and will continue to do so.

Respectfully submitted,

E. Albert Weare, Chairman

POLLUTION CONTROL REPORT

The development of a municipal sewer system progressed slower than expected as two obstacles that surfaced in 1988 continued to plague the project in 1989. The problems were 1) a lengthier review process with federal regulators because of continued opposition to the project and 2) financial limitations associated with the town's largest taxpayer.

In late 1988 strong opposition to the project arose from our neighbors to the south. Residents of Salisbury Beach organized to oppose the placement of the Wastewater Treatment Plant at Wright's Island and the placement of the ocean outfall pipe. This group garnered support from their congressional delegations who, in turn, demanded a tighter review process by federal agencies involved in the project. In response, the town undertook additional studies to support its application to the Army Corp. of Engineers and the Environmental Protection Agency. These studies continued to support the town's position on the location but at year's end no decision had been made on the town's application.

Financially, the project was delayed due to continuing litigation concerning the tax value of Seabrook Station. In September, 1988, Rockingham Superior Court issued a decision on the tax case for the years 1983-1986. This decision, which is on appeal to the New Hampshire Supreme Court, awarded the Joint Owners a thirty five million dollar refund for overpayment of taxes for those years.

Facing a potential fifty five million dollar judgement if the tax year 1987 was to be included, the town, as a part of a pre-judgement agreement, agreed to transfer 12.5 million dollars from the Sewer Capital Reserve to the Joint Owners. The payment eliminated for the first time in ten years litigation with the Joint Owners but also delayed temporarily the first phase of the project.

As the Selectmen and the Pollution Control Committee look forward to 1990 and beyond, we are hopeful that significant advancement on the project will occur in the near future. It is expected that hearings will be held in the summer and fall before the Army Corp and the E.P.A. and that the permit review process will be completed by the end of 1990. With the completion of the review process and the town being assured of the placement of facilities, progress on construction could occur pending the Supreme Courts' decision on the town's appeal.

Respectfully submitted,
Steven A. Clark,
Administrative Assistant

REPORT OF POLICE CHIEF

We have experienced a very busy year in the Police Department. Arrests and reported crime has increased, due to the economy and growth of the Town. The future does not appear to give us hope that this will change. What concerns us, the members of the Police Department, is the sharp increase in violent crimes especially against juveniles. The Juvenile Officer and Detectives have been especially busy investigating assaults both by and against juveniles. The Drug Abuse Resistance Education program instituted in the school has been well accepted by parents, teachers, and students.

We are in the process of computerizing the department's files and calls. This is a slow process because lack of manpower prohibits us from assigning an individual completely to this task. Although once we are computerized it should give us a much better idea on various tasks that we now perform and how to plan more efficiently to handle these tasks.

This was a most disturbing year for us regarding the police budget. For the first time in my career, the police budget was overexpended. The over expenditures were, for the most part, not under my control, nevertheless it has been a difficult year for all of us in the Department.

I take this opportunity to thank the officers and other members of the Police Department for a job well done in the year of 1989. Without their dedication and hard work the residents of this community would find life difficult if not impossible to cope with.

Thanks, also, to you the residents for your assistance in calling to report suspicious persons and crimes that are happening. On quite a few occasions you have called with information that has led to the arrests and convictions of persons committing crimes. We are looking for this cooperation in the future for the safety of you and your neighbors.

As in the past, I welcome your input into the workings of the Police Department. One important concern we have is if you need an officer for any reason, especially to report a crime, talk about a problem, or assist in a funeral procession, please call.

Remember, it is your Police Department.

Respectfully submitted,

Paul J. Cronin
Chief of Police

BUILDING INSPECTOR

Construction in 1989 has continued at about the same rate as 1988. Increases in additions and remodeling have added to the value of existing buildings while new construction has leveled off. Several large commercial projects have been approved by the Planning Board and several more are proposed for 1990.

This year with the help of Tom Morgan our Town Planner, the Planning Board is proposing a much needed change in the format of the zoning book. A chart showing the uses in each zone will replace several confusing and contradictory sections making it much easier to understand. This chart will also allow for a second dwelling building on a lot in Zone 2-R that was eliminated last year. A sign ordinance is also proposed utilizing a chart to clarify the regulations.

Single Family Homes	7	\$ 380,000
Two Family Homes	9	789,000
Mobile Homes	4	94,295
Garages	8	51,200
Commercial Buildings	2	560,000
Industrial Buidlings	1	200,000
Residential Additions, Remodeling and Re- placements	130	1,085,926
Commercial Additions & Remodeling	14	351,300
Miscellaneous Permits	65	168,820
Renewals	5	
 Total Permits	 246	
	Total Est. Value	\$3,595,721

Robert S. Moore
Building Inspector

SEABROOK BEACH VILLAGE DISTRICT
Building Inspectors Report

For the year 1989 a total of 38 building permits were issued. These permits were issued for additions, alterations, and re-construction projects. These permits have been recorded with the Assessing Department of the town and they have copies of them in their files.

Estimated construction costs for the 38 permits issued totaled \$648,685.

Respectfully,

Louis Janos
Building Inspector
Seabrook Beach Village
District

Zoning Board of Adjustment

The Board of Adjustment this past year did not have as many requests for variances as in previous years. We actually had only eight cases; two of these were requests for gravel pit license renewals. Except for one instance on the Bartlett pit license, no appeals were taken to the courts on any denials.

The Board of Adjustment has again this year been attending law lectures at Philips Exeter Academy and at special seminars on workshop cases in Epping, N.H. conducted by the N.H. Office of State Planning in which the members actually sat on cases which have been tried in the N.H. Supreme Court.

As you may be aware, Zoning Board members must be cognizant of all current laws on land use and the only way to do this is by participating in the law classes.

Again, it is a pleasure to make this report to you, the citizens of Seabrook.

James C. Falconer, Chairman
Board of Adjustment

SEABROOK BEACH VILLAGE DISTRICT

Annual Report

The Seabrook Beach Village District held their annual meeting on Tuesday, March 28, at 7 p.m. at the Warren West Memorial Building on Route 1A. Officers for the 1989-1990 term were elected as follows:

Ted Xavier	Commissioner for a three year term
Emma Devaney	Clerk for one year
Jack Lannon	Treasurer for one year
Edward Maquire	Moderator for one year

The Beach Commissioners meet on a regular basis on the second Wednesday of each month.

The beach district experienced some changes over the past year. Though for the second time a petition was introduced at the uptown adjourned meeting to rescind the beach precincts right to police its own zoning, no action has been further taken on the issue first raised by Water Superintendent Warner Knowles, who said he found many multi-family dwellings at the beach, against existing zoning laws. The Commissioners however formed a committee to go over what could be infractions of the current zoning laws, and that committee has been active in inspecting homes and forming a final report. In response to Knowles action a petition from precinct residents supporting the districts rights to their own zoning was given to the selectmen in April.

The Police Department officially moved out of the precinct building in July, and the Commissioners have supported residents requests to upgrade the precinct building by having windows and doors repaired and by repainting the exterior, giving the building a fresh new look for what the precinct hopes is a new tenant. As part of the contractual agreement with the town the building was to be put back to its original condition, and that included the removal of underground gas storage tanks. Also removed from the building were cages in which stray cats were kept for brief time periods while owners were found for them.

Problems of jet skiers on the beach continued this year but the residents were given some relief as the Coast Guard was more prevalent in enforcing the 100 foot off shore law during the summer. Parking complaints were satisfied by the installation of more no parking signs where illegal parking was apparently taking place.

Respectfully submitted

Timothy Willis, Chairman
Patricia O'Keefe
Ted Xavier

SEABROOK BEACH VILLAGE DISTRICT
Board of Adjustment

The Seabrook Beach Village District Board of Adjustment meets on the third Wednesday of each month when a case needs to be heard. They do not meet on a regular basis.

Following the annual 1989 district meeting a full board was appointed by the Beach Commissioners for the coming year. Appointed as follows were:

Tom Battles	Acting Chairman
Charles Kaslow	
Tricia O'Keefe	
Bud Rathgeber	
Marion Kinlock	
Ted Xavier	Alternate
Pat Vivenzio	Alternate
Tim Willis	Alternate

Meetings are held at the Warren West Memorial Building on Route 1A.

Two cases were heard during the past year. On June 21 the board held a variance hearing concerning a parcel of land owned by Dominick Rosa at 132 Franklin Street. Rosa proposed to extend an existing non-conforming use into the set back another four feet by adding on to his home. He also planned to change the roof structure from flat to pitch. But the board, noting that an addition could be added without making the property more non-conforming denied the variance using the five criteria set up for the board to follow.

A second hearing was heard on December 20 concerning a request by Charles Preston concerning property on Route 1A West. Preston proposed putting a mini-golf course on property owned by his father, Robert Preston. Board member Charles Kaslow presided over the hearing. Preston said he wanted to put in the golf course to make the area more family oriented, and his plan included a gazebo and landscaping. But there was alot of opposition to his proposal from abutting residents, and many of them spoke at the hearing.

The board denied the variance for Preston using the five criteria questions.

Respectfully submitted

Tom Battles
Acting Chairman

ASSESSING DEPARTMENT

The revaluation figures were sent out in the tax forms on February 6, 1989. There was a substantial change in the values but coupled with an adjusted tax rate the taxes did not generally create that much of an impact. As in any undertaking of this nature there were errors, mis-information and other assorted types of problems. This resulted in the filing of 335 applications for abatement and of these 281 were granted. This follows the general pattern of corrections involved in a revaluation process.

The corollary work for the beach properties, including a new P.I.N. (parcel identification number) and new address numbers has been completed, including a work over on some of the maps. Other street numbering situations will be done as time allows and where needed. The P.I.N. is used as a means of promoting a more expedient and effective office control for the properties involved.

Effective as of July our department instituted a computer generated program which allows us to put all properties into the computer and to change any category or classification by virtue of making one single entry into the system. By analyzing market conditions annually, we should be able to pre-empt another revaluation for the foreseeable future and at the same time have current updated values.

Lee Dennett
Appraiser

TAX DOLLAR DISTRIBUTION

Fire Department

I would like to thank the department heads for all the cooperation they gave me in 1989.

1990 is here and I am looking forward to it. With your support, I have many projects I would like to accomplish. I would like to thank you for your past support in helping me to keep this department running smoothly and safely. I feel we had a very good year.

Once again I am going to have to ask for your support in 1990. I have submitted for the town warrant, to be approved, two articles. I am asking for a new ambulance to replace our older one. If we accomplish this, in the future, we will only have to replace the chassis and not the complete ambulance. I am also asking for a small bucket truck to work on the fire alarm system. Because of its age and for safety purposes, it had to be taken out of service. I would appreciate your continued support on these two articles.

I have worked hard to stay within my budget this year. I feel I did quite well considering the budget cut and the large increased negotiated wages. However, I had no control of these unexpected budget changes. It is difficult to maintain the equipment and building under these circumstances. But it was my ultimate goal, and I did so.

In closing, I would like to remind you that I am always at your service. I can be reached at my office, or if I am not in my office, please feel free to call me at my home. Again, thank you and have a safe and happy new year.

Respectfully submitted,

Ernest B. Sanborn
Fire Chief

EMERGENCY MANAGEMENT OFFICE - 1989

I submit the following report to the Board of Selectmen and the citizens and tax-payers of the Town of Seabrook, N.H.

First of all, I would again like to thank the Board of Selectmen, the Fire Chief, the Police Chief, the Water Department Superintendent, the Road Agent, and all other persons who have been involved in assisting with the operations in this part of the town government.

I would like to dedicate this year's E.M.O. report in memory of Edward N. Gove. Ed passed away in March of this year. He was the Communication Chief for Emergency Management Office for quite a few years. He is a hard man to replace. Even though he has gone from us he is still in our minds and hearts.

There have been several excercise and training sessions this year including testing of all town sirens; all seemed to go well.

The special needs survey has been documented in this office. Any resident who needs one of these forms can get it at the town office or this office. If you need any additional information in regards to these surveys, please call my office at 474-5772.

The Dive Team under the direction of Ivan Q. Eaton, Sr. has been out on several search and rescue missions: locally, for other towns, and also at the request of the U.S. Coast Guard. If ever needed, Dr. Herbert Fowler of Amesbury has offered the use of his air boat for search and rescue services.

N.H.E.M.O. has been working with this office on S.A.R.A. Title III Act. They have also been assisting in the implementation of a hazardous materials plan.

Respectfully submitted,

Norman L. Brown
E.M.O. Director

ROAD AGENT'S REPORT
January -- December, 1989

At the beginning of the year we were using the space at the Old Fire Station, because the building on Railroad Avenue is being enlarged and refurbished.

The regular rubbish runs were made, the maintenance of vehicles and lawnmowers was done. The hydraulic hoses on the rubbish truck were damaged by fire, because some one put live ashes in their trash barrel, this happened in December also.

The cold patching and graveling of roads was done. Salt was hauled to be put on the roads, after being mixed with sand. The roads in the cemeteries were plowed. Work was done on the beach float. The pier at River Street was worked on by Lang Construction and new pilings were installed. During the year it was necessary to install many signs.

Drainage work was done on Centennial Street and trees were cut down and the brush hauled away. The State has turned back this road to the town. Eighty feet of culvert was installed and piped into the brook. We have more work to do on Centennial Street; we have trees that have to be trimmed so the sun can get on the road and dry it up. We will save a lot on salt. Drainage was done on Blacksnake Road, Washington Street, Folly Mill Road and Collins Street. We had to stop people from taking metal items to the dump, everybody was bringing it in, so the Highway Department ended up picking up all metal and bringing it to the dump. The beach rake was used to clean the seashore, and the tow broom to sweep the streets.

From the first of May until late November work was done in the cemeteries. During the summer the barrels that are placed on the seashore and in the parking lot had to be emptied every day. The highway workers helped the Recreation Department for Old Home Day. The State of New Hampshire has returned to the Town of Seabrook, three (3) miles of roads within the town boundaries.

The dedication of the Department of Public Works building was held on October 14, 1989. Jerry Dow was made a permanent employee this year.

All in all it has been a busy year.

Vernon G. Dow, Road Agent

1989 ANNUAL REPORT OF THE SEABROOK RECREATION COMMISSION

The members of the Seabrook Recreation Commission are: Vernon Small, Chairman; William Moore, Jr., Vice Chairman; Charlotte Dow, Secretary; Rosemary Eaton, Parks Department; Asa Knowles, Selectmen; Elliot Eaton and Salvatore Rubera. The administrative staff of the Seabrook Recreation Department are Sandra Beaudoin, Director of Recreation and Edward Pickard, Assistant Director.

The Recreation Commission and Staff put forth an even stronger effort to maintain established programs and leisure services regularly offered to Seabrook residents. During 1989, all town departments were cut 5% at the 1989 Adjourned Town Meeting. This cut, on top of 1988's cut of 7%, forced the department to reduce weekend hours even more during 1989. Plans for program and equipment expansion had to be postponed for another year in 1989, as they were in 1988. Through conscientious efforts on the part of the recreation staff and volunteers, the department managed to provide many of the past favorites of activities as displayed within this report.

The following indicates the daily average of people using the Seabrook Community Center during the four sessions of programs offered by the Recreation Department.

<u>ACTIVITIES</u>	<u>JAN-MAR</u>	<u>APR-JUNE</u>	<u>JULY-AUG</u>	<u>SEPT-DEC</u>

SEACOAST COCA-COLA OUR MAIN CO-SPONSOR

Seacoast Coca-Cola Bottling Co. continues to support a number of our youth & adult programs saving the tax payers money. During 1989, the company provided beverage products, T-Shirts, Prizes (such as a gym bags, thermometers, Max Headrum articles and more...)Womens softball team sponsorship and film for photos with Santa. Total value of their 1989 donations equals approximately \$2,000.00. Programs which were assisted included the youth basketball league, teen basketball team, Rams football team, youth tennis program, Miss Seabrook Contest, Old Home Days, Women's Softball and Youth Christmas Party.

1989 SEABROOK OLD HOME DAYS

The 1989 Seabrook Old Homes Days were again a success and filled with entertainment and fun. The 9th annual Miss Seabrook Contest opened the Old Home Days on Thursday, August 17th where over two hundred and fifty people

witnessed Stacy L. Eaton being crowned as the 1989 Miss Seabrook. On the following night Vanessa Janvrin was crowned Jr. Miss Seabrook. On Saturday, August 19th over 20 local non-profit groups, town departments and others provided food, crafts, contests, entertainment and more. Included in the day were: field races, diaper derby, egg throw, hula-hoop, arm wrestling, best home made pie, musket shoot, pie eating, doll carriage parade, decorated tricycle, corn husking, horseshoes, cribbage, bingo, softball tournament, cow chip sweepstakes, Monte Carlo, pee-wee races, skillet throw, a variety of entertainment, fireworks and more. On Sunday, the Seabrook Lions club held a Turkey shoot as a new Old Home Days event.

1989 PROJECTS

During 1989, the Commission completed construction of the additional parking area at the Community Center. Due to requests by Town Officials, other projects were postponed to future dates, therefore work on capital improvement projects have become little to none. Most of the energies exerted by the commission and staff have centered around maintaining the quality of programs and upkeep of the Community Center.

In conclusion, the commission and department staff extends their thanks to all those who helped to maintain and carry-out the variety of programs which were offered during 1989.

Respectfully Submitted,

Seabrook Recreation
Commission and Staff

DPW Facility Building Committee

The Committee would like, at this time, to issue their final report. The complex was completed and the dedication took place on October 14, 1989.

We feel justifiably proud of the final results and we were able to include many "extras" which were not in the original concept. These include hot topping most of the yard - about double the area originally planned; the installation of a drainage system for the entire yard area; practically rebuilding the few bays that were part of the original building; installing all wiring below the ground level; installing a much larger septic system which will be more than adequate and can be tied into the planned town sewerage system in the future with a minimum of work. The entire complex is practically maintenance free and fire resistant with a complete fire alarm system.

We feel that the complex enhances rather than detracts from the neighborhood and the abutting neighbors have assured us they are happy with the results.

Because of much more extensive groundwork than was obvious, even in the previously used section, the cost went slightly over the original estimates. This problem was resolved to everyone's satisfaction.

As you may or may not have been aware, the Committee chose to handle all the technical aspects of the project which included design, general contracting and clerk of the works, and through a thorough review of all sub-contracting, we were able to save the town a minimum of \$150,000 on the project and a good many local contractors were able to have the opportunity to share in the work.

The Committee is happy to have had the opportunity to serve their town and is proud of their efforts on behalf of the town. We wish to thank all those who helped us in any way on this project.

Respectfully yours,

DPW Building Committee,

James E. Champoux
Earl S. Perkins
Lawrence M. Douglas, Sr. (dec. '89)
Lydia M. Gould
Vernon G. Dow
Warren B. Knowles

Recycling Study Committee

In March, 1989, the voters at the Annual Town Meeting approved the establishment of a Recycling Feasibility Study Committee. The purpose of the Committee was to study the need for a recycling program for the Town of Seabrook. The Committee was to report back to the Selectmen with its findings.

In May the Board of Selectmen appointed three individuals for this purpose, officially establishing a committee. Those individuals are Steven A. Clark, Paul M. Kelley and Warner B. Knowles.

In June the Committee had its first organizational meeting at which time a chairman was established and a meeting time was set. Initially, the Committee met weekly but has since changed the schedule to twice monthly.

The long term goal of our Committee is to establish a "viable" recycling program for the Town of Seabrook. As a first start in obtaining that goal, the Committee undertook finding a solution for the disposal of the metal that was stored at the transfer station. Through a cooperative effort with Road Agent Vernon Dow and the help of the New Hampshire Resource Recovery Association, the town was able to remove and sell this pile of unmanaged metal. Though the community received in excess of \$6,000 for the sale of #2 metal, the removal costs exceeded revenues by a small margin because of the sheer size of the unmanaged pile. The Committee hopes to establish a separated managed pile in the near future that will reduce the cost of disposal.

Through the remainder of 1989 the Committee toured recycling facilities in neighboring communities and has gathered statistical information on the towns waste stream and current practices.

As our Committee looks forward to 1990, it is our sincere hope to be able to develop a workable recycling program that is acceptable to the community, that is environmentally sound, well-managed and cost effective.

We ask for your support and input in the development of a recycling program for our community.

Respectfully submitted,

Steven A. Clark, Chairman
Paul M. Kelley
Warner B. Knowles

**Town of Seabrook
Warrant & Budget
1990**

THE STATE OF NEW HAMPSHIRE

TOWN OF SEABROOK

TOWN WARRANT FOR 1990

To the inhabitants of the Town of Seabrook, in the County of Rockingham, in said state, qualified to vote in town affairs:

You are hereby notified to meet in the auditorium of the Seabrook Community Center, U.S. Route 1 (Lafayette Road), on Tuesday, March 13, 1990, at 10:00 o'clock in the forenoon and to cast ballots until at least 7:00 o'clock in the evening of the same day, and to meet in the auditorium of the Seabrook Community Center, U.S. Route 1 (Lafayette Road), on Thursday, March 15, 1990, at 7:00 o'clock in the evening to act on the articles below.

Further, you are hereby notified that the moderator will process the absentee ballots at 1:00 o'clock in the afternoon on Tuesday, March 13, 1990, pursuant to RSA 659-49.

Article 1: To elect by non-partisan ballot: one (1) Selectman and Assessor for a term of three (3) years; one (1) Trustee of the Trust Funds for a term of three (3) years; one (1) Town Clerk for a term of three (3) years; one (1) Treasurer for a term of three (3) years; one (1) Road Agent for a term of one (1) year; one (1) Fire Chief for a term of one (1) year; three (3) Constables for a term of one (1) year; two (2) members of the Planning Board for a term of three (3) years; one (1) member of the Planning Board for a term of one (1) year; two (2) members of the Budget Committee for a term of three (3) years; one (1) Park Commissioner for a term of three (3) years; one (1) Supervisor of the Checklist for a term of six (6) years; and one (1) Moderator for a term of two (2) years.

(On the Official Ballot)

Article 2: Shall the municipality approve the Charter Amendment reprinted (summarized) below?

1. To amend Article II, Section C-13 entitled "Town Meeting Authority" so that the first sentence is deleted and replaced with the following sentence:

The form of government provided by this Charter may be either the Selectmen - Open Town Meeting with the Municipal Budget Act - Town Manager - Open Town Meeting with the Municipal Budget Act, as may be more specifically voted at an Annual Town Meeting in accordance with the Revised Statutes Annotated.

This amendment shall become effective July 1, 1990.

(On the Official Ballot)

Article 3: Shall the municipality approve the Charter Amendment reprinted (summarized) below?

2. To amend Article II, Section C-30 entitled "Administrative Assistant" so that the first two sentences are deleted and replaced with the following two sentences:

The Town may have an Administrative Assistant. The individual holding that position is directly responsible to the Board of Selectmen or the Town Manager, as the case may be.

This amendment shall become effective July 1, 1990.

(On the Official Ballot)

Article 4: Shall the municipality approve the Charter Amendment reprinted (summarized) below?

3. To amend Article II, Section C-36B entitled "Overseer of the Poor" so that the first sentence is deleted and replaced with the following sentence:

The Selectmen, or the Town Manager as the case may be, shall be the overseers of the poor and may appoint a person as Welfare Agent.

This amendment shall become effective July 1, 1990.

(On the Official Ballot)

Article 5: Shall the municipality approve the Charter Amendment reprinted (summarized) below?

4. To amend Article III, Section C-51 entitled "Inventory of Town Property" so that the second sentence is deleted and replaced with the following sentence:

The inventory will be updated at least annually and filed with the Town Clerk.

This amendment shall become effective July 1, 1990.

(On the Official Ballot)

Article 6: Do you favor adoption of the Town Manager plan as provided in Chapter 37 of the Revised Statutes Annotated?

(On the Official Ballot)

Article 7: Are you in favor of the adoption of amendment number 1 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

1. Revise Section 263-5 by designating that portion of Zone 2R which is situated east of the Blackwater River as a new district to be known as "Zone 2B"?

(On the Official Ballot)

Article 8: Are you in favor of the adoption of amendment number 2 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

2. To simplify the Zoning Ordinance as it defines the allowed uses within the 5 zones and as it regulates the height restrictions of structures, lot area and frontage, and set back from lot lines by deleting Sections 263-11 through 16 and 18 through 20, and replacing the deleted sections with new Section 263-11 which uses tables to explain these regulations?

Section 263-11

No building, structure or portion thereof shall be erected, altered, moved or used, and no land or building or part thereof shall be used, arranged, or designed to be used except in conformance with Tables 1 & 2.

Minimum Setbacks							
Front	20'	30'	20'	20'	50'	-	-
Side & Rear	10'	15'	10'	10'	15'	-	-
Maximum Height *(2)	35'	35'	35'	35'	35'	-	-
Minimum % of Open Space	25%	50%	25%	50%	50%	100%	10

****Footnotes****

(1) This requirement shall not apply to lots of record that were recorded at the Rockingham County Registry of Deeds prior to 1978.

(2) Utility structures such as windmills and radio/television towers are exempt from this height limit.

(On the Official Ballot)

Article 9: Are you in favor of the adoption of amendment number 3 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

3. Adopt a new Article VII (Section 263-53) which would regulate signs and would restrict the size, number, location, and type of signs in each zoning district?

Article VII

No sign shall be erected without a Sign Permit issued by the Building Inspector. All signs shall adhere to the minimum dimensional requirements set forth in Table 3 below:

Table 3

SIGNS

	Zoning Districts		
	1 & 2R	2, 2B & 3	4 & 5
Maximum Cumulative Surface Area (in square feet) of All On-Premise Signs	16	150	0
Maximum Number of Freestanding Signs per Lot	1	2	0
Height of Sign (above grade)			
Maximum	15'	35'	-
Minimum	6'	6'	-
Minimum Setback from Lot Line	10'	10'	-
Internally Illuminated	no	yes	no
Off-Premise Signs	no	no	no

Notwithstanding the above, in addition to the signage that is normally permitted by Table 3, each lot shall be allowed:

- entrance and exit signs,
- one temporary real estate sales sign, a contractor's sign, and a yard sale sign.
- an unlimited number of attached signs, i.e. signs attached to buildings.
- political campaign signs
- roadside produce signs (not to exceed 30 square feet per lot).

(On the Official Ballot)

Article 10: Are you in favor of the adoption of amendment number 4 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

4. Revise Section 263-5 by changing the zoning designation from Zone 2R to Zone 2 for that land area that is bounded on the west by I-95, on the north by New Zealand Road, on the south by Route 107, and on the east by Route 1?

(On the Official Ballot)

Article 11: Are you in favor of the adoption of amendment number 5 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

5. Revise Article XI (Section 263-76 and 263-77) entitled "Flood Control Regulations" by replacing it with the New Hampshire Model Flood Plain Development Ordinance?

**New Hampshire Model Floodplain Development Ordinance
For Communities with Coastal High Hazard Zones
Meets the Minimum Requirements of Section 60.3(e)
of the National Flood Insurance Program Regulations**

This ordinance, adopted pursuant to the authority of RSA 674:16, shall be known as the Town of Seabrook Floodplain Development Ordinance. The regulations in this ordinance shall overlay and supplement the regulations in the Town of Seabrook Zoning Ordinance, and shall be considered part of the Zoning Ordinance for purposes of administration and appeals under state law. If any provision of this ordinance differs or appears to conflict with any provision of the Zoning Ordinance or other ordinance or regulation, the provision imposing the greater restriction or more stringent standard shall be controlling.

The following regulations in this ordinance shall apply to all lands designated as special flood hazard areas by the Federal Emergency Management Agency (FEMA) in its "Flood Insurance Study for the Town of Seabrook, N.H." together with the associated Flood Insurance Rate Maps dated June 17, 1986, which are declared to be a part of this ordinance and are hereby incorporated by reference.

Item 1 Definition of Terms: The following definitions shall apply only to this Floodplain Development Ordinance, and shall not be affected by, the provisions of any other ordinance of the Town of Seabrook.

"Area of Shallow Flooding" means a designated AO, AH, or VO zone on the Flood Insurance Rate Map (FIRM) with a one-percent or greater annual possibility of flooding to an average depth of one to three feet where a clearly defined channel does not exist, where the path of flooding is unpredictable and where velocity flow may be evident. Such flooding is characterized by ponding or sheet-flow.

"Area of Special Flood Hazard" is the land in the floodplain within the Town of Seabrook subject to a one-percent or greater possibility of flooding in any given year. The area is designated as zone A on the FHBM and is designated on the FIRM as zones A, A2 and V2.

"Base Flood" means the flood having a one-percent possibility of being equalled or exceeded in any given year.

"Basement" means any area of a building having its floor subgrade on all sides.

"Building" - see "structure".

"Breakaway wall" means a wall that is not part of the structural support of the building and is intended through its design and construction to collapse under specific lateral loading forces without causing damage to the elevated portion of the building or supporting foundation.

"Development" means any man-made change to improved or unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation, or drilling operation.

"FEMA" means the Federal Emergency Management Agency.

"Flood" or "Flooding" means a general and temporary condition of partial or complete inundation of normally dry land areas from:

- (1) the overflow of inland or tidal waters.
- (2) the unusual and rapid accumulation or runoff of surface waters from any source.

"Flood Boundary and Floodway Map" (Floodway Map) is an official map of the Town of Seabrook, on which FEMA has delineated the "Regulatory Floodway". This map should not be used to determine the correct flood hazard zone or base flood elevation, the Flood Insurance Rate Map (FIRM) will be used to make determinations of flood hazard zones and base flood elevations.

"Flood Elevation Study" means an examination, evaluation, and determination of flood hazards and if appropriate, corresponding water surface elevations, or an examination and determination of mudslide or flood-related erosion hazards.

"Flood Insurance Rate Map" (FIRM) means an official map incorporated with this ordinance, on which FEMA has delineated both the special flood hazard areas and risk premium zones applicable to the Town of Seabrook.

"Flood Insurance Study" - see "Flood Elevation Study".

"Floodplain" or "Flood-prone area" means any land area susceptible to being inundated by water from any source (see definition of "Flooding").

"Flood proofing" means any combination of structural and non-structural additions, changes, or adjustments to structures which reduce or eliminate flood damage to real estate or improved real property, water and sanitation facilities, structures and their contents.

"Floodway" - see "Regulatory Floodway".

"Functionally dependent use" means a use which cannot perform its intended purpose unless it is located or carried out in close proximity to water. The term includes only docking and port facilities that are necessary for the loading/unloading of cargo or passengers, and ship building/repair facilities but does not include long-term storage or related manufacturing facilities.

"Highest adjacent grade" means the highest natural elevation of the ground surface prior to construction next to the proposed walls of a structure.

"Historic Structure" means any structure that is:

(a) Listed individually in the National Register of Historic Places (a listing maintained by the Department of Interior) or preliminarily determined by the Secretary of the Interior as meeting the requirements for individual listing on the National Register;

(b) Certified or preliminarily determined by the Secretary of the Interior as contributing to the historical significance of a registered historic district or a district preliminarily determined by the Secretary to qualify as a registered historic district;

(c) Individually listed on a state inventory of historic places in states with historic preservation programs which have been approved by the Secretary of the Interior; or

(d) Individually listed on a local inventory of historic places in communities with historic preservation programs that have been certified either:

1) By an approved state program as determined by the Secretary of the Interior, or

2) Directly by the Secretary of the Interior in states without approved programs.

"Lowest Floor" means the lowest floor of the lowest enclosed area (including basement). An unfinished or flood resistant enclosure, usable solely for parking of vehicles, building access or storage in an area other than a basement area is not considered a building's lowest floor; provided that such an enclosure is not built so as to render the structure in violation of the applicable non-elevation design requirements of this ordinance.

"Manufactured Home" means a structure, transportable in one or more sections, which is built on a permanent chassis and is designed for use with or without a permanent foundation when connected to the required utilities. For floodplain management purposes the term "manufactured home" includes park trailers, travel trailers, and other similar vehicles placed on site for greater than 180 days.

"Mean sea level" means the National Geodetic Vertical Datum (NGVD) of 1929 or other datum, to which base flood elevations shown on a community's Flood Insurance Rate Map are referenced.

"100-year flood" - see "base flood".

"Regulatory floodway" means the channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without increasing the water surface elevation. These areas are designated as floodways on the Flood Boundary and Floodway Map.

"Special flood hazard area" means an area having flood, mudslide, and/or flood-related erosion hazards, and shown on an FHBM or FIRM as zone A, AO, A1-30, AE, A99, AH, VO, V1-30, VE, V, M, or E. (See - "Area of Special Flood Hazard".)

"Structure" means for floodplain management purposes, a walled and roofed building, including a gas or liquid storage tank, that is principally above ground, as well as a manufactured home.

"Start of Construction" includes substantial improvements, and means the date the building permit was issued, provided the actual start of construction, repair, reconstruction, placement or other improvement was within 180 days of the permit date. The actual start means either the first placement of permanent construction of a structure on site, such as the pouring of slab or footings, the installation of piles, the construction of columns, or any work beyond the stage of excavation; or the placement of manufactured home on a foundation. Permanent construction does not include land preparation, such as clearing, grading and filling; nor does it include the installation of streets and/or walkways; nor does it include excavation for a basement, footings, piers, or foundations or the erection of temporary forms; nor does it include the installation on the property of accessory buildings, such as garages or sheds not occupied as dwelling units or part of the main structure.

"Substantial damage" means damage of any origin sustained by a structure whereby the cost of restoring the structure to its before damaged condition would equal or exceed 50 percent of the market value of the structure before the damage occurred.

"Substantial Improvement" means any combination of repairs, reconstruction, alteration, or improvements to a structure in which the cumulative cost equals or exceeds fifty percent of the market value of the structure. The market value of the structure should equal: (1) the appraised value prior to the start of the initial repair or improvement, or (2) in the case of damage, the value of the structure prior to the damage occurring. For the purposes of this definition, "substantial improvement" is considered to occur when the first alteration of any wall, ceiling, floor, or other structural part of the building commences, whether or not that alteration affects the external dimensions of the structure. This term includes structures which have incurred substantial damage, regardless of actual repair work

performed. The term does not, however, include any project for improvement of a structure required to comply with existing health, sanitary, or safety code specifications which are solely necessary to assure safe living conditions or any alteration of a "historic structure", provided that the alteration will not preclude the structure's continued designation as a "historic structure".

"Water surface elevation" means the height, in relation to the National Geodetic Vertical Datum (NGVD) of 1929, (or other datum, where specified) of floods of various magnitudes and frequencies in the floodplains.

Item II.

All proposed development in any special flood hazard areas shall require a permit.

Item III. The building inspector shall review all building permit applications for new construction or substantial improvements to determine whether proposed building sites will be reasonably safe from flooding. If a proposed building site is located in a special flood hazard area, all new construction or substantial improvements shall:

- (i) be designed (or modified) and adequately anchored to prevent floatation, collapse, or lateral movement of the structure resulting from hydrodynamic and hydrostatic loads, including the effects of buoyancy,
- (ii) be constructed with materials resistant to flood damage,
- (iii) be constructed by methods and practices that minimize flood damages,
- (iv) be constructed with electrical, heating, ventilation, plumbing, and air conditioning equipment, and other service facilities that are designed and/or located so as to prevent water from entering or accumulating within the components during conditions of flooding.

Item IV.

Where new or replacement water and sewer systems (including on-site systems) are proposed in a special flood hazard area the applicant shall provide the Building Inspector with assurance that these systems will be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters, and on-site waste disposal systems will be located to avoid impairment to them or contamination from them during periods of flooding.

Item V.

For all new or substantially improved structures located in Zones A, A1-30, AE, AO or AH, the applicant shall furnish the following information to the building inspector:

- (a) the as-built elevation (in relation to NGVD) of the lowest floor (including basement) and include whether or not such structures contain a basement.
- (b) if the structure has been floodproofed, the as-built elevation (in relation to NGVD) to which the structure was floodproofed.
- (c) any certification of floodproofing.

For all new construction or substantially improved buildings located in Zones VE or V1-30 the applicant shall furnish the building inspector records indicating the as-built elevation of the bottom of the lowest horizontal structural member of the

lowest floor (excluding pilings or columns) in relation to NGVD and whether or not the structure contains a basement.

The Building Inspector shall maintain the above information for public inspection, and shall furnish it upon request.

Item VI.

The Building Inspector shall not grant a permit until the applicant certifies that all necessary permits have been received from those governmental agencies from which approval is required by federal or state law, including Section 404 of the Federal Water Pollution Control Act Amendments of 1972, 33 U.S.C. 1334.

Item VII.

1. In riverine situations, prior to the alteration or relocation of a watercourse the applicant for such authorization shall notify the Wetlands Board of the New Hampshire Environmental Services Department and submit copies of such notification to the Building Inspector, in addition to the copies required by the RSA 483-A:1-b. Further, the applicant shall be required to submit copies of said notification to those adjacent communities as determined by the Building Inspector, including notice of all scheduled hearings before the Wetlands Board.

2. The applicant shall submit to the Building Inspector, certification provided by a registered professional engineer, assuring that the flood carrying capacity of an altered or relocated watercourse can and will be maintained.

3. The Building Inspector shall obtain, review, and reasonably utilize any floodway data available from Federal, State, or other sources as criteria for requiring that all development located Zone A meet the following floodway requirement:

"No encroachments, including fill, new construction, substantial improvements, and other development are allowed within the floodway that would result in any increase in flood levels within the community during the base flood discharge."

4. Along watercourses that have not had a Regulatory Floodway designated, no new construction, substantial improvements, or other development (including fill) shall be permitted within zones A1-30 and AE on the FIRM, unless it is demonstrated by the applicant that the cumulative effect of the proposed development, when combined with all existing and anticipated development, will not increase the water surface elevation of the base flood more than one foot at any point within the community.

Item VIII.

1. In special flood hazard areas the Building Inspector shall determine the 100 year flood elevation in the following order of precedence according to the data available:

a. In zones A1-30, AH, AE, V1-30, and VE refer to the elevation data provided in the community's Flood Insurance Study and accompanying FIRM or FHBM.

b. In unnumbered A zones the Building Inspector shall obtain, review, and reasonably utilize any 100 year flood elevation data available from any federal, state or other source including data submitted for development proposals submitted to the community (i.e. subdivisions, site approvals).

2. The Building Inspector's 100 year flood elevation determination will be used as criteria for requiring in zones A, A1-30, AE, AH, AO, and A that:

a. all new construction or substantial improvement of residential structures have the lowest floor (including basement) elevated to or above the 100 year flood elevation;

b. that all new construction or substantial improvements of non-residential structures have the lowest floor (including basement) elevated to or above the 100 year flood level; or together with attendant utility and sanitary facilities, shall:

(i) be floodproofed so that below the 100 year flood elevation the structure is watertight with walls substantially impermeable to the passage of water;

(ii) have structural components capable of resisting hydrostatic and hydrodynamic loads and the effects of buoyancy; and

(iii) be certified by a registered professional engineer or architect that the design and methods of construction are in accordance with accepted standards of practice for meeting the provisions of this section;

c. all manufactured homes to be placed or substantially improved within special flood hazard areas shall be elevated on a permanent foundation such that the lowest floor of the manufactured home is at or above the base flood level; and be securely anchored to resist floatation, collapse, or lateral movement. Methods of anchoring may include, but are not limited to, use of over-the-top or frame ties to ground anchors. This requirement is in addition to applicable state and local anchoring requirements for resisting wind forces;

d. for all new construction and substantial improvements, fully enclosed areas below the lowest floor that are subject to flooding are permitted provided they meet the following requirements: (1) the enclosed area is unfinished or flood resistant, usable solely for the parking of vehicles, building access or storage; (2) the area is not a basement; (3) shall be designed to automatically equalize hydrostatic flood forces on exterior walls by allowing for the entry and exit of floodwater. Designs for meeting this requirement must either be certified by a registered professional engineer or architect or must meet or exceed the following minimum criteria: A minimum of two openings having a total net area of not less than one square inch for every square foot of enclosed area subject to flooding shall be provided. The bottom of all openings shall be no higher than one foot above grade. Openings may be equipped with screens, louvers, or other coverings or devices provided that they permit the automatic entry and exit of floodwater.

e. proposed structures to be located on slopes in special flood hazard areas, zones AH and AO shall include adequate drainage paths to guide flood waters around and away from the proposed structures.

Item IX.

The following regulations shall apply to coastal high hazard area, designated as V1-30 and VE on the Flood Insurance Rate Map:

1. All new construction or substantial improvements are to be elevated on pilings and columns so that:

a. the bottom of the lowest horizontal structural member of the lowest floor (excluding the pilings or columns) is elevated to or above the base flood level;

b. the pile or column foundation and structure attached thereto is anchored to resist floatation, collapse, and lateral movement due to the effects of wind and water loads

acting simultaneously on all building components. Water loading values used shall be those associated with the base flood. Wind loading values used shall be those required by applicable state and local building standards.

2. A registered professional engineer or architect shall develop or review the structural design, specifications and plans for construction, and shall certify that the design and methods of construction to be used are in accordance with accepted standards of practice for meeting the provisions of this item.
3. The space below the lowest floor must be free of obstructions or constructed with non-supporting breakaway walls, open lattice-work, or insect screening intended to collapse under wind and water loads without causing collapse, displacement, or other structural damage to the elevated portion of the building or supporting foundation system. For the purposes of this section, a breakaway wall shall have a design safe loading resistance of not less than 10 and no more than 20 pounds per square foot. Such enclosed space shall be usable solely for the parking of vehicles, building access, or storage.
4. The use of fill for the structural support of buildings is prohibited.
5. Man-made alterations of sand dunes which would increase potential flood damage is prohibited.
6. All new construction or substantial improvements within zones V1-30, VE and V on the FIRM shall be located landward of the reach of mean high tide.

Item X: Variances and Appeals

1. Any order, requirement, decision or determination of the building inspector made under this ordinance may be appealed to the Zoning Board of Adjustment as set forth in RSA 676:5.
2. If the applicant, upon appeal, requests a variance as authorized by RSA 674:33, I(b), the applicant shall have the burden of showing in addition to the usual variance standards under state law:
 - (a) that the variance will not result in increased flood heights, additional threats to public safety, or extraordinary public expense.
 - (b) that if the requested variance is for activity within a designated regulatory floodway, no increase in flood levels during the base flood discharge will result.
 - (c) that the variance is the minimum necessary, considering the flood hazard, to afford relief.
3. The Zoning Board of Adjustment shall notify the applicant in writing that: (i) the issuance of a variance to construct below the base flood level will result in increased premium rates for flood insurance up to amounts as high as \$25 for \$100 of insurance coverage and (ii) such construction below the base flood level increases risks to life and property. Such notification shall be maintained with a record of all variance actions.
4. The community shall (i) maintain a record of all variance actions, including their justification for their issuance, and (ii) report such variances issued in its annual or biennial report submitted to FEMA's Federal Insurance Administrator.

(On the Official Ballot)

Article 12: To see if the town will vote to adopt the following Fireworks Ordinance as presented by the selectmen.

FIREWORKS ORDINANCE

Preamble

On June 22, 1988, the Board of Selectmen, as the local governing body, voted not to issue any permits for the sale or purchase of both Class B and C fireworks. Subsequently, as a result of extensive litigation, changes in the statute governing fireworks, recent uncontrolled and extensive sale of fireworks in the town, and the availability of information concerning the safety and health issue of fireworks sales and displays, the selectmen have determined that a change in the prior vote is desirable. For the purpose of protecting the public health, safety, and welfare, the following ordinance is enacted regulating the sale and display of fireworks:

1. Sale and Display of Class C Common Fireworks

There shall be no permits granted for the sale or display of Class C fireworks within the Town of Seabrook.

2. Sale of Class B Special Fireworks

Any person, firm, partnership, or corporation desiring to sell any Class B Special Fireworks either at retail or wholesale must first obtain a permit for such sale from the Board of Selectmen. Such permit shall be issued only after compliance with and subject to the following:

- a. The applicant must be in full compliance with Title 18 United States Code and the regulations promulgated thereunder. The applicant shall have the burden of proving compliance with such federal regulations.
- b. Any permit shall be issued contingent on the applicant's receipt of a license from the State of New Hampshire pursuant to RSA 160 A:7.
- c. The location of the business so licensed must be in compliance with all town zoning ordinances and town building and health and safety regulations.
- d. No sale of Class B Special Fireworks shall be made to any person under twenty-one (21) years of age and to any person other than a person who has been granted a permit to display fireworks pursuant to RSA 160 A and RSA 158:9-f and who has received proper licenses under all relevant Bureau of Alcohol, Tobacco and Firearms (BATF) and United States Department of Transportation (DOT) regulations. Such permits and licenses must be presented at the time of sale.
- e. The applicant shall maintain a comprehensive record of all sales of Class B Special Fireworks to properly certified and permitted purchasers and shall make said records available for review by the selectmen during business hours and after reasonable notice.
- f. Sale permits shall be valid for a maximum of one (1) year from the date of issue or until the applicant is no longer governed by or in compliance with these regulations or federal or state requirements.
- g. A permit fee of one thousand (\$1,000.00) dollars shall be paid by applicant for each permit so issued.
- h. This section shall be limited by the exception provided out-of-state wholesale sales under RSA 160 A:3.

3. Display of Class B Special Fireworks

Persons desiring to display Class B Special Fireworks must first obtain a permit from the Board of Selectmen. Such permit

shall be issued only after compliance with and subject to the following:

- a. An application shall first be submitted to the fire chief at least fifteen (15) days in advance of the date for display and shall be investigated and handled in accordance with the rules of the Director of the Division of State Police pursuant to RSA 158:9-f.
- b. The applicant must be at least twenty-one (21) years of age and must possess a valid certification of competency as provided in RSA 158:9-f.
- c. No display permit shall be transferable and shall be valid for only one display to be held within fifteen (15) days that said permit is granted.
- d. Each applicant shall present at the time of application such proof of insurance or bonding coverage as required by the Board of Selectmen. The amount of coverage needed shall be determined by such factors as the size of the display, the geographic location, and the anticipated crowd size.
- e. Display permits shall only be granted for display by municipalities, fair associations, amusement parks, and other organizations or groups of individuals.
- f. A permit fee of fifty (\$50.00) dollars shall be paid by applicant for each permit so issued.

4. Definitions

The definitions of "Class C Common Fireworks," "Class B Special Fireworks," "display," "sale," and "wholesale" shall be the same as found in RSA 160 A:1.

Article 13: On petition submitted by Fred C. Tobey IV and eleven (11) other legal voters of the town: To see if the town will vote to adopt the following fireworks ordinance as submitted by the petitioner:

CITIZEN PETITION

The undersigned, being ten or more legal voters of the Town of Seabrook, New Hampshire, hereby submit the following ordinance for consideration by the Town meeting pursuant to RSA 39:3.

Preamble

On June 22, 1988, the Board of Selectmen, as the local governing body, voted not to issue any permits for the sale or purchase of both Class B and C fireworks. Subsequently, as a result of extensive litigation, changes in the statute governing fireworks, recent uncontrolled and extensive sale of fireworks in the Town, and the availability of information concerning the safety and health issue of fireworks sales and displays, the Selectmen have determined that a change in the prior vote is desirable. For the purpose of protecting the public health, safety, and welfare, the following ordinance is enacted regulating the sale and display of fireworks:

1. Sale of Class B Special Fireworks

Any person, firm, partnership, or corporation desiring to sell any Class B Special Fireworks at retail must first obtain a permit for such sale from the Board of Selectmen. Such permit shall be issued only after compliance with and subject to the following:

- a. The applicant must be in full compliance with Title 18 United States Code and the regulations promulgated thereunder. The applicant shall have the burden of proving compliance with such federal regulations.

b. Any permit shall be issued contingent on the applicant's receipt of a license from the State of New Hampshire pursuant to RSA 160 A:7. This section is not to be construed that said license is a prerequisite to the issuance of the permit as, pursuant to RSA 160 A:7, the local permit is prerequisite to the State license.

c. The location of the business so licensed must be in compliance with all town zoning ordinances and town building and health and safety regulations and in addition, the building must be equipped with a sprinkler system and be a permanent structure (no tents). The business must be open year round.

d. No sale of Class B Special Fireworks shall be made to any person under twenty-one (21) years of age or to any person who has not been granted a permit to display fireworks pursuant to RSA 160 A and RSA 158:9-f and who has received proper licenses under all relevant Bureau of Alcohol, Tobacco and Firearms (BATF) and United States Department of Transportation (DOT) regulations. Such permits and licenses must be presented at the time of sale.

e. The applicant shall maintain a comprehensive record of all sales of Class B Special Fireworks to properly certified and permitted purchasers and shall make said records available for review by the Selectmen during business hours and after reasonable notice.

f. Sale permits shall be valid for a maximum of one (1) year from the date of issue or until the applicant is no longer governed by or in compliance with these regulations or federal or state requirements.

g. A permit fee shall be paid by the applicant, the amount of said fee to be established by the Selectmen but the total fee for permits pursuant to Paragraph 1 of this ordinance and Paragraph 3 of this ordinance shall not exceed \$1,000.

h. This section shall not apply to sales at wholesale as provided under RSA 160 A:2 and 3.

2. Display of Class B Special Fireworks

Persons desiring to display Class B Special Fireworks must first obtain a permit from the Board of Selectmen. Such permit shall be issued only after compliance with and subject to the following:

a. An application shall first be submitted to the fire chief at least fifteen (15) days in advance of the date for display and shall be investigated and handled in accordance with the rules of the Director of the Division of State Police pursuant to RSA 158:9-f.

b. The applicant must be at least twenty-one (21) years of age and must possess a valid certification of competency as provided in RSA 158:9-f.

c. No display permit shall be transferable and shall be valid for only one display to be held within fifteen (15) days that said permit is granted.

d. Each applicant shall present at the time of application such proof of insurance or bonding coverage as required by the Board of Selectmen. the amount of coverage needed shall be determined by such factors as the size of the display, the geographical located, and the anticipated crowd size.

e. Display permits shall only be granted for display by municipalities, fair associations, amusement parks, and other organizations or groups of individuals.

f. A permit fee of \$100.00 shall be paid by applicant for each permit so issued.

3. Sale of Class C Common Fireworks

Any person, firm, partnership, or corporation desiring to sell any Class C Common Fireworks at retail must first obtain a permit for such sale from the Board of Selectmen. Such permit shall be issued only after compliance with and subject to the following:

a. The applicant must be in full compliance with Rules and Regulations of the Consumer Products Safety Commission, The Department of Transportation and the Bureau of Explosives. The applicant shall have the burden of proving compliance with such federal regulations.

b. Any permit shall be issued contingent on the applicant's receipt of a license from the State of New Hampshire pursuant to RSA 160 A:7. This section is not to be construed that said license is a prerequisite to the issuance of the permit as, pursuant to RSA 160 A:7, the local permit is prerequisite to the State license.

c. The location of the business so licensed must be in compliance with all town zoning ordinances and town building and health and safety regulations and in addition, the building must be equipped with a sprinkler system and be a permanent structure (no tents). The business must be open year round.

d. No sale of Class C Common Fireworks shall be made to any persons under twenty-one (21) years of age or to any person other than a person who has been granted a display permit as provided herein. Such display permit shall be presented at the time of the sale.

e. The applicant shall maintain a comprehensive record of all sales of Class C Common Fireworks to permitted purchasers and shall make said records available for review by the Selectmen during business hours and after reasonable notice.

f. Sale permits shall be valid for a maximum of one (1) year from the date of issue or until the applicant is no longer governed by or in compliance with these regulations or federal or state requirements.

g. A permit fee shall be paid by the applicant, the amount of said fee to be established by the Selectmen but the total fees for a permit pursuant to Paragraph 1 of this ordinance and Paragraph 3 of this ordinance shall not exceed \$1,000.00.

h. This section shall not apply to sales at wholesale as provided under RSA 160 A:2 and 3.

4. Display of Class C Common Fireworks

Persons desiring to display Class C Common Fireworks must first obtain a permit from the Board of Selectmen. Such permit shall be issued only after compliance with and subject to the following in addition to the requirements of RSA 160 A:IV and V:

a. The applicant must be at least twenty-one (21) years of age.

b. No display permit shall be transferable.

c. Each applicant shall present at the time of application such proof of his knowledge of the hazards relating to the display of Class C Common Fireworks as the Selectmen shall from time to time require. The Selectmen shall also require from said applicant a written statement holding the Town of Seabrook harmless for any and all injury to persons or

properties resulting from the display of Class C Common Fireworks.

- d. The Selectmen may establish reasonable times and places for said display as a condition of granting the permit.
- e. Any individual violating the terms and conditions set upon such permit shall, in addition to all other fines and penalties provided by law, be guilty of a violation.
- f. A permit fee of \$5.00 shall be paid by applicant for each permit so issued.
- g. The Selectmen may appoint an agent or agents to administer this ordinance and nothing herein shall be construed to prohibit the appointment of persons holding permits for the sale of Class B and/or Class C Common Fireworks pursuant to this ordinance, from being so appointed.

5. Definitions

The definitions of "Class C Common Fireworks," "Class B Special Fireworks," "display," "sale," and "wholesale" shall be the same as found in RSA 160 A:1.

6. Use of Permit fees

Permit fees received may be utilized for educational or fire safety purposes.

Article 14: To see if the town will vote to amend generally Chapter 30 of the Seabrook Code entitled Civil Defense Ordinance to conform said ordinance to the new provisions of RSA 170-C which is entitled "Emergency Management Act" so that all references in the present ordinance to "Civil Defense," "Civil Defense Director," and "RSA 170," be changed to Emergency Management, Director of Emergency Management, and RSA 170-C, respectively.

Article 15: To see if the town will vote to amend chapter 244 of the Seabrook Code entitled Taxicab Ordinance by deleting section 244:2 in its entirety, and to renumber the chapter accordingly.

Article 16: To see if the town will vote to adopt and ratify the following amendment to the Dogs Ordinance of September 28, 1976, by increasing the amount of fine per offense from ten (\$10.00) dollars to twenty (\$20.00) dollars, so that chapter 152-13 will read:

152-13 Violations and penalties.

Any person violating any provision of this chapter shall, in addition to any other penalty fixed by law, be fined an amount not exceeding twenty dollars (\$20.) for each offense.

This amendment shall become effective immediately upon adoption.

Article 17: To see if the town will vote to adopt and ratify the following ordinances and amendments to ordinances as printed in the annual town report:

- Amendment to Solid Waste Disposal Ordinance June 21, 1989
- Amendment to Parking Ordinance June 21, 1989
- Amendment to Parking Ordinance October 25, 1989

Article 18: Shall we adopt the provisions of RSA 72:28, V and VI, for an optional veterans' exemption and an expanded qualifying war service for veterans seeking the exemption? The optional veterans' exemption is \$100, rather than \$50.

(Ballot Vote)

Article 19: Shall we adopt the provisions of RSA 72:35, IV for an optional property tax exemption on residential property for a service-connected total disability? The optional disability exemption is \$1,400, rather than \$700.

(Ballot Vote)

Article 20: To see if the town will vote to authorize the Board of Selectmen to borrow money in anticipation of taxes and to renew and refund town notes.

Article 21: To see if the town will vote to authorize the Board of Selectmen to apply for, accept and expend, without further action by the town meeting, money from the state, federal or other governmental unit or a private source which becomes available during the fiscal year in accordance with the procedures set forth in RSA 31:95-b.

Article 22: To see if the town will vote to authorize the Board of Selectmen to sell at public auction or by advertised sealed bids such town property as is no longer used by the town.

Article 23: To see if the town will vote to increase the size of the Recycling Study Committee from three (3) to five (5) and to authorize the selectmen to fill the two open positions.

Article 24: To see if the town will vote to authorize the Board of Selectmen to lease the old fire station owned by the Seabrook Firemen's Association for the remainder of the calendar year 1990 for the purpose of allowing the Rockingham County Community Action Program to use the leased premises; and to raise and appropriate the sum of Six Thousand Three Hundred (\$6,300.00) Dollars for the lease of said premises.

(Recommended by the Budget Committee)

Article 25: To see if the town will vote to transfer into the Town of Seabrook Scholarship Trust Fund, as established under Article 5 of the 1987 Town Warrant, the amount of Six Thousand One Hundred Fifty-five Dollars and Seventy-six Cents (\$6,155.76) which represents 1988 cable television franchise fees paid to the town, and Six Thousand Nine Hundred Twenty-two Dollars and Sixty-five Cents (\$6,922.65) which represents 1989 cable franchise fees paid to the town, making the total amount to be transferred into said fund Thirteen Thousand Seventy-eight Dollars and Forty-one Cents (\$13,078.41).

(Recommended by the Budget Committee)

Article 26: To see if the town will vote to raise and appropriate the sum of Forty-seven Thousand Eight Hundred (\$47,800.00) Dollars for the purpose of purchasing and equipping three (3) police cruisers, and to authorize the sale or trade-in of three (3) existing cruisers.

(Recommended by the Budget Committee)

Article 27: To see if the town will vote to raise and appropriate the sum of Twenty Thousand (\$20,000.00) Dollars for the purpose of purchasing and equipping one (1) transport van, for prisoners, and to authorize the sale or trade-in of one (1) existing van.

(Not Recommended by the Budget Committee)

Article 28: To see if the town will vote to raise and appropriate the sum of Twenty Thousand Two Hundred Eighty (\$20,280.00) Dollars for the purpose of purchasing and equipping the police officers with 9MM pistols and appropriate leather gear.

(Recommended by the Budget Committee)

Article 29: To see if the town will vote to raise and appropriate the sum of Sixty-five Thousand (\$65,000.00) Dollars for the purpose of purchasing a six-wheel diesel dump truck, including dump body, wing and plow, and sand spreader, for the Highway Department.

(Recommended by the Budget Committee)

Article 30: To see if the town will vote to raise and appropriate the sum of Six Thousand (\$6,000.00) Dollars to install a furnace in two (2) bays of the Department of Public Works building and to finish the ramp.

(Recommended by the Budget Committee)

Article 31: To see if the town will vote to raise and appropriate the sum of Sixty-eight Thousand (\$68,000.00) Dollars for the purpose of replacing ambulance 45, said ambulance to be sold or traded by the Board of Selectmen.

(Recommended by the Budget Committee)

Article 32: To see if the town will vote to raise and appropriate the sum of Thirty-eight Thousand (\$38,000.00) Dollars to purchase a small bucket truck to be used for the Town of Seabrook fire alarm system.

(Recommended by the Budget Committee)

Article 33: To see if the town will vote to raise and appropriate the sum of Thirty Thousand (\$30,000.00) Dollars for the purpose of purchasing a 580 Case backhoe/loader for the Water Department and to authorize the sale or trade-in of the existing 580 Case backhoe/loader.

(Recommended by the Budget Committee)

Article 34: To see if the town will vote to raise and appropriate the sum of One Hundred Thousand (\$100,000.00) Dollars for the purpose of installing new water mains on the Route #286 bridge and related work.

(Recommended by the Budget Committee)

Article 35: To see if the town will vote to raise and appropriate the sum of Twenty Thousand (\$20,000.00) Dollars for the purpose of engineering and construction of sewers associated with the Route 286 bridge.

(Recommended by the Budget Committee)

Article 36: To see if the town will vote to raise and appropriate the sum of Fifteen Thousand (\$15,000.00) Dollars for the purpose of purchasing and installing a central refueling station. Said amount is to supplement the balance of Article 26 of the 1987 Town Meeting for the same purpose.

(Recommended by the Budget Committee)

Article 37: To see if the town will vote to raise and appropriate the sum of Five Thousand (\$5,000.00) Dollars for the purpose of completing the update of the town's Master Plan. Said

amount is to supplement the balance of Article 14 of the 1989 Town Meeting for the same purpose.

(Recommended by the Budget Committee)

Article 38: To see if the town will vote to raise and appropriate the sum of Seventy-five Thousand (\$75,000.00) Dollars for the purpose of completing improvements to Ledge Road.

(Not Recommended by the Budget Committee)

Article 39: To see if the town will vote to raise and appropriate the sum of Five Hundred (\$500.00) Dollars for the American Red Cross - Seacoast Area Chapter as contribution towards the purchase of an emergency van. Said van to be used to assist victims with disaster relief.

(Recommended by the Budget Committee)

Article 40: To see if the town will vote to raise and appropriate Eight Thousand (\$8,000.00) Dollars for improving and paving the town owned portion of Woodland Avenue.

(Recommended by the Budget Committee)

Article 41: On petition of Charlotte K. Marshall and one hundred fifty-three (153) other legal voters of the town: To see if the town will vote to raise and appropriate the sum of One Hundred Thousand (\$100,000.00) Dollars to establish a capital reserve fund to expand and improve the building and facilities of Brown Library.

(Not Recommended by the Budget Committee)

Article 42: On petition of James M. Cawley and eighteen (18) other legal voters of the town: To see if the town will vote to raise and appropriate the sum of Eighty-six Thousand (\$86,000.00) Dollars for the purpose of hiring an additional five (5) full time patrolmen for the Seabrook Police Department; said officers to be hired within sixty (60) days and shall reflect a staffing level of twenty-four (24) full time officers. (This is based upon thirty-three (33) weeks and includes all salaries, insurance, retirement and clothing allowance, as specified through the town office.)

(Not Recommended by the Budget Committee)

Article 43: On petition of Eric N. Small and fifty-eight (58) other legal voters of the town: To see if the town will vote to raise and appropriate the sum of Twelve Thousand (\$12,000.00) Dollars for painting and repairs to the Old South Meeting House.

(Recommended by the Budget Committee)

Article 44: On petition of Melissa G. Walker and forty-two (42) other legal voters of the town: To see if the town will vote to raise and appropriate the sum of Twelve Thousand Six Hundred Ninety-one (\$12,691.00) Dollars for the purpose of purchasing the necessary software and hardware to complete the next step of upgrading the police department's computer so that it may better handle the department's increased work load.

(Not Recommended by the Budget Committee)

Article 45: On petition of James C. Falconer and twelve (12) other legal voters of the town: To see if the town will vote to raise and appropriate the sum of Twenty-five Thousand (\$25,000.00) Dollars to the police department for the purpose of participating in reciprocal drug related under-cover operations under the auspices of the drug task force, and to authorize the selectmen to apply for, contract for, accept and expend grants of federal or

state aid or both as may be available and to do all things necessary to carry out the purpose of this appropriation.

(Recommended by the Budget Committee)

Article 46: On petition of James E. Martin and twenty-three (23) other legal voters of the town: To see if the town will vote to raise and appropriate the sum of Twenty-eight Thousand Three Hundred (\$28,300.00) Dollars for the purpose of repairing the town dam on Cain's Brook Pond, just west of US Rt. #1 for wetlands conservation, recreational uses and town beautification.

(Recommended by the Budget Committee)

Article 47: On petition of James E. Martin and twenty-two (22) other legal voters of the town: To see if the town will vote to raise and appropriate the sum of One Hundred Eighteen Thousand (\$118,000.00) Dollars for the purpose of dredging and reclaiming Cain's Brook Pond and Chase's Pond for recreational uses and town beautification.

(Not Recommended by the Budget Committee)

Article 48: On petition of Warner B. Knowles and fourteen (14) other legal voters of the town: To see if the town meeting will vote to raise and appropriate the sum of Seventeen Thousand (\$17,000.00) Dollars for the purpose of removing the old railroad bridge over Walton Road, a town owned public way (the bridge and rails are now owned by the Guillford Transportation, Inc.) and to improve and pave the road and the abutments.

(Not Recommended by the Budget Committee)

Article 49: On petition of Marilyn Erickson and twelve (12) other legal voters of the town: To see if the town will vote to raise and appropriate the sum of One Hundred Ninety-five Dollars and Thirty-six Cents (\$195.36) for the cost of two street lights on pole #'s 5-1665 and 10-1670 on Cross Beach Road. There is no charge for the installation of these lights as they are only leased by the town from the electric company. The bulbs are 100 watt vapor at \$8.14 per month each.

(Not Recommended by the Budget Committee)

Article 50: On petition of Rosemary H. Eaton and thirty-one (31) other legal voters of the town: To see what action the town meeting will take to allow elected part-time town employees to join the Town of Seabrook's group health insurance plan and the employee to pay the premiums at no expense to the town.

Article 51: On petition of Warner B. Knowles and twelve (12) other legal voters of the town: To see if the Town Meeting will vote to accept Hess Lane, so called, as a Town Road and to maintain, plow, and supply other services normally associated with a Town Road for the same.

Article 52: On petition submitted by Charles H. Teague and eleven (11) legal voters of the town: To see if the town will vote to accept Kimberly Drive, so-called, as a public way for ploughing and maintenance.

Article 53: On petition of Joseph L. Demars and twenty-one (21) other legal voters of the town: To see if the town will vote to accept Zagarella Circle, so-called, as a town road and to maintain and plough said road.

Article 54: On petition of Diane E. Garand and ten (10) other legal voters of the town: To see if the Town of Seabrook will send a message to the Legislature and Governor calling for a comprehensive toxics law requiring coordinated programs of planning, research and development, education, enforcement, and economic incentives to achieve toxics reduction by substitution

with safer substances.

Article 55: To see if the town will vote, pursuant to authority under RSA 80:42 and RSA 80:42-a, to retain and hold all real property located within the marshlands and to authorize the Board of Selectmen to sell all other tax title property, in the first instance to former owners of the property, or the grandparents, parents, children, and spouses of said former owner, for a sum not less than the outstanding taxes owed plus accrued interest to the date of tax deed; or failing such sale, then by advertised sealed bids or public auction, at the discretion of the Board of Selectmen.

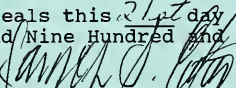

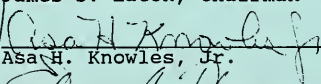

Article 56: On petition of Rosemary H. Eaton and twenty-six (26) other legal voters of the town: To see if the town meeting will vote to sell by selectmen's deed a certain parcel of land taken by a tax collector's deed for non-payment of taxes and being described as: Lot 68, Map 16, of the Town of Seabrook's official assessing maps; and that said title to the property be conveyed to Nancy Eaton upon payment of all unpaid taxes and costs to the Town of Seabrook.

Article 57: On petition of Marion P. Eaton and nine (9) other legal voters of the town: To see if the town meeting will vote to sell a certain parcel of land which is tax titled to Marion Eaton known as lot #68 on map 16 of the official tax maps and assessing records of the town of Seabrook. and the selectmen's deed to be conveyed in the name of James and Bella Janvrin.

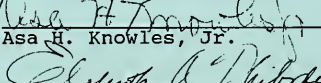

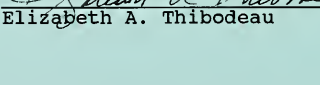

Article 58: To see what sums of money the town will vote to raise and appropriate for the expense of the general government for the protection of persons and property, for health and sanitation, for highways and bridges, for the support of the town poor and for all necessary expenditures for the ensuing year.

Article 59: To transact all other legal business that may come before this meeting.

Given under our hands and seals this 21st day of February, in the year of our Lord One Thousand Nine Hundred and Ninety.

	
	James S. Eaton, Chairman
BOARD OF SELECTMEN	
	Asa H. Knowles, Jr.
	
	Elizabeth A. Thibodeau

A true copy of warrant - Attest:

	
	James S. Eaton, Chairman
BOARD OF SELECTMEN	
	Asa H. Knowles, Jr.
	
	Elizabeth A. Thibodeau

We hereby certify that we gave notice to the inhabitants,
within named, to meet at the time and place and for the purpose
within named, by posting an attested copy of the within Warrant at
the place of meeting within named, and a like attested copy at the
Post Office and Town Hall, being public places in said town on the
21st day of February, 1990.

BOARD OF SELECTMEN

James S. Eaton, Chairman

Asa H. Knowles, Jr.

Elizabeth A. Thibodeau

STATE OF NEW HAMPSHIRE

February 21, 1990

Personally appeared the above named Selectmen of the Town of
Seabrook and swore that the above was true to the best of their
knowledge and belief.

Before me,

Justice of the Peace/Notary Public

My Commission Expires February, 25, 1993

CONSERVATION COMMISSION

The Conservation Commission was re-organized during the 1988 year as the Selectmen appointed four new members. At the present time there are five active members on the Commission, with a chairman, secretary-clerk and three other members.

The purposes of the Conservation Commission are:

- To protect and encourage proper use of local resources,
- To protect watershed areas
- To conduct research on use of local land and water areas
- To coordinate local unofficial conservation groups
- To establish an index of open space and wetlands areas with information as to their proper and best use, and to file an annual report describing Commission activity during the year.

The year 1989 brought many new projects before the Conservation Commission, including a Conservation Easement Deed containing approximately 15.5 acres, more or less, from Seabrook Investment Properties. At this time the easement deed is in the review process.

The Conservation Commission members have an annual budget which allows each person to become a member of the N.H. Association of Conservation Comsmission. On November 4, 1989, the Conservation Commission members attended the 19th Annual Meeting of the N.H. Association of Conservation Commissions at the Rundlett Junior High School in Concord, N.H. We attended two workshops which included the Wetlands Mitigation Theory and Practice with Dr. Frank Richardson, Senior Inspector, N.H. Wetlands Board Coastal Program and a workshop on the Powers and Duties of The Conservation Commission with Cynthia Ivey, Chairman.

In December of 1989 the Conservation members were given a tour of N.H. Yankee by Community Relations Manager James E. Martin which turned out to be a very interesting and educational tour of Seabrook Station.

The Commission was well represented at the Wetlands Board hearings in Concord and our participation was well appreciated.

The Conservation Commission holds monthly meetings at the Seabrook Town Hall every 2nd Thursday of each month at 7:30 p.m. Our goals for the coming year include a membership drive, Earth Day, recycling and a library for public use.

It is a pleasure to make this report to the citizens and taxpayers of the Town of Seabrook.

Respectfully submitted,

Charles H. Felch, Chairman
Marilyn C. Erickson, Secretary
Timothy Willis
Alice Eaton
Mary Eaton

Town of Seabrook Scholarship Funds Committee Report

The Committee has held regular meetings this year. After checking the applications, awards were made to thirteen (13). Seven (7) of these were presented at Awards Night at Winnacunnet High School and six (6) recipients were notified by mail.

Respectfully submitted,

Vernon Small, Chairman
Leon Clark, Vice Chairman
Arnold Knowles, Secretary

Mosquito Control Year-End Report

Field work began on April 11th with surveillance of freshwater mosquito breeding sites created by snow melt and heavy spring rains. Treatment of areas found to support mosquito larvae (larvaciding) commenced a week later. Salt marsh surveillance and larvaciding began on April 20th. Treatments of fresh and salt marsh breeding sites continued throughout the summer after heavy rainfall which kept these areas active. After a prolonged search and interview procedure, Donald "Mac" Larson was hired as Field Assistant on May 18th.

The adultiding phase (evening spraying of the town with the spray truck) got underway on June 2nd and continued through Sept. 13th. Scourge (tm) adulticide (active ingredient: resmethrin) was used in the Ieco ULV 18HP sprayer. Due to the high number of mosquitoes all summer, adultiding was done more often than in past years - 22 times on the east side of town and 21 times on the west side. Larson and mosquito control veteran Derek Griggs shared the adultiding duties.

1989 brought the highest mosquito populations in the last six years. Heavy and consistent rains kept mosquito breeding sites active all summer. Adult mosquito population monitoring was accomplished using 3 CDC light traps baited with CO₂. As in the past five years, specimens were trapped, counted and identified. The three highest weeks of mosquito counts since 1984 occurred this year. Spring mosquito species were high throughout June, peaking the week of the 27th. The highest trap week on record occurred on August 18th with extremely high numbers of Aedes sollicitans and cantator (salt water marsh breeders) and Aedes vexans (summer freshwater). 75% more specimens were caught and identified than in 1988, the previous record year.

Using Larson's pick-up truck, 90 greenhead fly box traps were placed along the perimeters of the salt marsh. The vicious-biting greenhead fly is attracted to the shade of the trap, flies up inside and is trapped in the screened in section where it dies of dehydration. Approximately 4000 or more greenheads are caught per trap; therefore, a conservative estimate of 360,000 flies are trapped each season in these boxes.

ANNUAL REPORT - 1989
BROWN LIBRARY

Nineteen eighty-nine has proven to be a year of monumental decision for Brown Library. The Trustees of the Library, Evelyn A. Fowler, Chairperson; Stanley A. Hamel, Treasurer; Charlotte K. Marshall, Secretary; Elinor P. Mawson; and Eric N. Small; along with Elizabeth G. Heath, Director, and the entire library staff, have all unanimously resolved to pursue a course of expansion for the library. This determination has come about not without much discussion and with a most careful examination of all other possible options.

Brown Library will be one hundred years old in 1992. The building as it now stands is basically unchanged from the original design. This edifice, which has served Seabrook so well for close to a century, is now far too small for the demands which are currently placed on it and which are projected to increase at an even more rapid rate as the years progress.

There are no operating statistics dating back to the very early years, but simply considering the time span from the year 1976 to 1989, circulation has increased from 3,017 to 19,391 - a jump of 543%. From last year to this year alone the increase was 12%. Patron counts also have gone up dramatically; from 1985 to 1989 the figures show a rise of 7,694 to 13,536 or 80%. From last year to this year the increase was 18%. Similar increases have been occurring yearly for a decade or more. With growth like this, it is no wonder that the library is in desperate need of more space.

Yes, the library has indeed come a long way since its tentative beginnings in 1892/3 - at which time it held only 400 volumes and was maintained by a staff of one. Now, with a staff of five and containing well over 13,000 volumes, an upgrade of the physical plant is a definite necessity. Therefore, the Trustees of the library are requesting that a capital reserve fund be established, the monies from which will be used to expand Brown Library as soon as is feasible. Additionally, the Trustees have adopted as a goal for the upcoming year: to plan an orderly transfer of the library building to the town.

Nineteen eighty-nine has indeed, then, been a year of transition - of charting a course for the future - and, consequently, it was a very exciting time to be associated with Brown Library. We, of the library, eagerly anticipate that this is but the beginning of a brave new era in library service in Seabrook. Everyone is cordially invited to come to visit Brown Library soon to see what all the commotion is about. The library is open six days a week: Monday, Wednesday, Friday, 12:00 PM - 8:00 PM; Tuesday, Thursday, 10:00 AM - 6:00 PM; and Saturday 9:00 AM - 1:00 PM.

Charlotte K. Marshall,
Trustee

PLANNING BOARD

This has been a busy year for the Planning Board. Two sessions a month were scheduled to keep up with the many requests to be heard.

Three members resigned, two were appointed to these positions. We also appointed two alternates for the first time.

Tom Morgan of Piscataqua Planning was hired to assist us with the update of our Master Plan. Approximately 4,000 questionnaires were mailed to local residents. Those returned gave interesting comments and suggestions that we will incorporate in the updated Master Plan. We hope to complete this in 1990.

It has been a difficult year with numerous site plan reviews, lot line changes, condo conversions and several large shopping mall proposals. Our meetings have been lengthy yet interesting. We've tried to make good decisions.

We're proposing several Zoning Amendments. One is to clarify a 1989 oversight. Another, to simplify the format, will make it easier to understand. We hope you'll support these articles.

Respectfully submitted,

Earlene U. Locke

Vice Chairman

INDEPENDENT AUDITOR'S REPORT

To the Members of
the Board of Selectmen
Town of Seabrook
Seabrook, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Seabrook and the combining and individual fund financial statements of the Town of Seabrook as of and for the year ended December 31, 1988, as listed in the table of contents. These financial statements are the responsibility of the Town of Seabrook's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1C, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Asset Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Seabrook at December 31, 1988, and the results of its operations and the changes in financial position of its nonexpendable trust funds for the year then ended, in conformity with generally accepted accounting principles. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the Town of Seabrook at December 31, 1988, and the results of operations of such funds and the changes in financial position of individual nonexpendable trust funds for the year then ended, in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole and on the combining and individual fund financial statements. The accompanying financial information listed as a schedule in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements of the Town of Seabrook. Such information has been subjected to the auditing procedures applied in the audit of the general purpose, combining and individual fund financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements of each of the respective individual funds and account groups, taken as a whole.

1989 WATER DEPARTMENT REPORT

There were 406,196,290 gallons of water pumped in 1989. This 20,789,340 gallon decrease over the previous year was due to the decrease in the industrial-commercial use.

Industrial-commercial use decreased from 123,908,170 gallons in 1988 to 107,623,455 gallons in 1989. While Public Service Company increased its use over the previous year by approximately 9.5 million gallons, others had decreases. Bailey Corporation and K.J. Quinn Company were the two which had the most sufficient decreases of 23.5 million and 3.8 million gallons respectively.

There were 53 new services installed in 1989, most of which were residential. The new industrial-commercial services were Will-Mor Engineering, Vachon Plaza (new line), Hoffman's Furniture, Consolidated Freight, Baert Marine and Phantom Fireworks.

Several water leaks occurred. All were minor with most of them occurring on the land owner or customer's property.

Traces of tetrachloro ethylene and trichloro ethylene were discovered in one of Route 107 rockwells. The tracking down of the possible source of these two compounds has been costly and time consuming. In the near future, hopefully, a clean up effort will be underway. This will be accomplished by the State DES and Federal EPA.

Gravel pits in the vicinity of our well fields have given us great concern, especially with aquifer protection and recharge. This past year we ended up in court with one pit owner in regards to various violations. So far, court battle has cost the Seabrook Water Department over \$60,000.00. This caused the department to go over the appropriated budget.

Preliminary work was done to accommodate the upcoming Route 286 bridge replacement. Two tie-in connections were made to the American Water Works, located in Salisbury, Massachusetts. The tie-in will be used to temporarily service the beach area while the bridge and water main on the bridge are being replaced. In the future, the tie-in connections could be used by either town, for emergency purposes only (i.e. large fires). Also, the crew installed a 12" valve east of the bridge on Route 286. This will be used with an existing valve on the west side to isolate the bridge area during the construction process.

A much needed shop and garage were completed in 1989. This is a big improvement over our old facility, the Sanborn School on Route 1.

Everyone knows 1989 was a bad year for rainfall. Drought conditions existed all over New England. Many cities and towns imposed restrictions on the uses of water. Although our pumping levels were lower than the previous year, we were able to supply all of our users' needs without any restrictions. With the cooperation of everyone, we will enjoy this precious resource without restrictions again in 1990.

Respectfully submitted,

Warner B. Knowles
Water Superintendent
