A net overdraft of appropriations of \$10,539.07, less a net

revenue surplus of \$6,842.28, resulted in a net budget deficit of \$3,696.79 in the fiscal year ended December 31, 1946.

#### SUMMARIES OF RECEIPTS AND EXPENDITURES:

Fiscal Year Ended December 31, 1945 (Exhibit D)

Summaries of the receipts and expenditures of the County, made up in accordance with the uniform classification of accounts, for the years 1945 and 1946, are presented in Exhibits D and K, respectively.

#### STATISTICAL TABLES:

The third section of the report is comprised of statistical tables covering a ten year period from 1937 to 1946, a statement of bonded indebtedness (showing annual maturities) as of December 31, 1946, and a list of the County Officers' surety bonds. The ten year comparative tables are as follows:

- I — Balance Sheets
- II — Receipts and Expenditures
- III — Tax Apportionment

#### ACCOUNTS OF COMMISSIONERS AND TREASURER

An examination was made of all orders issued by the Commissioners and Clerk of the Superior Court during the periods under review. Supporting invoices and payrolls were likewise examined and the classification of expenditures noted. Proof of the Treasurer's balance as of December 31, 1946, is indicated in Exhibit K.

#### CLERK OF THE SUPERIOR COURT

The financial accounts and records of the Clerk of the Superior Court of Sullivan County were examined. Court receipts were checked by source, insofar as possible, and found to be properly recorded. Court orders issued by the Clerk were supported by invoices, vouchers and payrolls bearing the approval of a Superior Court Justice.

#### COUNTY HOME

The accounts and records of the Superintendent of the County Home were examined. Receipts of the Home were checked by source through the triplicate receipt forms. All receipts, as recorded in the cash book, were properly accounted for by the Superintendent through remit-

tances made to the County Treasurer.

Classified summaries of receipts and expenditures of the County Home for the years 1945 and 1946 are presented in Exhibits E and L, respectively.

#### GENERAL COMMENTS

In the report of our previous biennial audit for the years 1943 and 1944, the balance sheet of December 31, 1944, included as liabilities the following items:

#### “APPROPRIATION BALANCES:

Cottage for Help	\$2,500.00
Replace Fire Loss	6,854.00
	<hr/>
	\$9,354.00”

The first item represented an appropriation included in the 1944 County Budget, while the second item was insurance received during 1944 on account of a barn which was destroyed by fire

It is noted, however, that in the County Budget for 1945, provision was made to take care of each of these items by the following appropriations included therein:

House for County Home Employees	\$2,500.00
County Home Barn	8,854.00

It is apparent therefore that these unexpended appropriation balances at the close of 1944, amounting to \$9,354.00, were not considered as such when the 1945 budget was prepared. In view of this fact it was necessary to make a corresponding revision in the balance sheet of December 31, which is included in Exhibit A of this report.

No expenditures were made during 1945 either on account of the County Home Barn or the House for County Home Employees, and at the close of that year the unexpended balances of each of these appropriations, amounting to \$8,854.00 and \$2,500.00, respectively, were included in the Balance Sheet liabilities. (Exhibit A).

During 1946, an expenditure of \$6,410.99 was made on the New Barn Account, leaving an unexpended balance of \$2,443.01, which appears as a liability item in the Balance Sheet of December 31, 1946. As no expenditure was made in 1946 on account of the House for Employees, the original amount of the appropriation for this purpose of \$2,500.00 was likewise set up as a liability item on December 31, 1946.

### CONCLUSION:

The accounts and records of all county officials which were examined were found in good condition and the accounting procedure, with exceptions as noted, conformed to the standard procedure prescribed by this Division.

In conformance with Section 31, Chapter 211, of the Laws of 1939, a copy of this report or a summary of its essential features should be published in the next annual report of the County. This letter of transmittal should be included in its entirety. The publication of Exhibits is optional.

The appreciation and thanks of the members of this Division is hereby expressed to the officials of Sullivan County and the office staff for the assistance rendered during the course of the audit.

Yours very truly,

Harold G. Fowler

## COMMISSIONERS' REPORT

In accordance with the Public Laws of the State of New Hampshire the Commissioners of Sullivan County herewith present the Annual Report of the County Commissioners, the County Home and House of Correction, Treasurer, Auditors, Solicitor, Clerk of the Superior Court, Sheriff, Chaplain, and the Physician of the County Home for the year ending December 31, 1947.

### Children

The relief for children continues to climb. In 1945 the cost was \$14,040.48; in 1946 it was \$20,955.67; and in 1947 it has reached a high of \$23,207.33. For 1948 we have estimated an expenditure for children amounting to \$35,000.00. In addition to the monthly rate for board and care we furnish extra aid in the form of medical, footwear and clothing, hospitalization and dental. We have recommended action on this problem. The Commissioners believe a study should be made, with the thought in mind of one or more counties erecting suitable homes for these children, where they will have proper care and be brought up under religious training. They are our future citizens.

### The Records Building

All the detailed plans have been brought up to date by the architects Orcutt and Martson, and they will soon put out feeler bids for the construction, and in the early summer months they hope to inform the building committee as to the bids.

### New Cow Barn

This building is nearly completed. Due to strikes, 28 steel framed windows have not been delivered. The barn is modern in every way. The costs have been much higher than ever anticipated, but its construction is very good and it will give many years of valuable service.

### County Home

It will be of interest to the Public to know that since 1944 the increase in merchandise which the Home has to purchase has amounted to 77%. Yet in spite of these heavy costs and with more inmates, the percentage of cost for maintaining the County Home and Farm has only increased 20%.

### To the Public

We here want to give credit to the fine and loyal employees, and to thank the Public for entertainments and gifts at Christmas. We have purchased a new sound and motion picture machine for the enjoyment of

the people at the Home.

We have sent special invitations to all Lodges and Orders to visit the Home,—also to the general public. We hope they will take advantage of this invitation and visit the institution.

**Superintendent and Matron**

To Mr. and Mrs. William H. George we extend our many thanks for their fine cooperation and splendid services they have rendered the Home.

### SUPERINTENDENT'S REPORT

To the Board of County Commissioners:

In compiling our annual report for 1947, we were impressed by the increased cost of our purchased supplies. By referring to our 1944 bills and comparing prices of the basis commodities like coal, clothing, grain, flour, medicines, etc., with current prices we found the increased cost to be over 80 . The full effect of this increased cost has been softened somewhat by a 53 gain in the cash income.

There has been a larger population at the Home than in the past few years, especially in the Ho-pital which has been filled to capacity most of the year. Our staff of employees has changed but little during the year. and to them, we extend our greatest appreciation for their work and loyalty

We wish to thank the various organizations and groups who have sent gifts, flowers, and given entertainments to the people at the Home.

We extend a cordial invitation to the people of our County to visit and inspect the Home at any time.

WILLIAM H. GEORGE

*Superintendent*

MILDRED F. GEORGE

CARL M. STEARNS, M. D.

## CHAPLAIN'S REPORT

R. F. D. No. 2, Claremont, N. H., December 31, 1947

To the Commissioners of Sullivan County:

Gentlemen:

I am glad to have continued another year, my relationship as chaplain at the Sullivan County Home. My contacts there have not been as frequent or with as many individuals as I wish—there is more or less a shifting population on the hill. However, many have been there for some years.

More time has been given to personal visitation than in previous years. Most of the men and women, like other folks, feel relieved when they have had an opportunity to express themselves. Words of comfort, of courage and cheer, of faith and hope, of friendliness and personal interest on the part of the chaplain and his wife are a part of the service we wish to make. And we cannot enter into such fellowship without ourselves being ministered unto by those we seek to help.

We wish to express our appreciation to all who have made our work so pleasant.

Respectfully submitted,

CARROLL L. CARTER,

Chaplain

permits respondents to waive indictment.

In addition to these cases there have been numerous non-support, larceny, simple assault and other cases disposed of in the Municipal Courts. In addition to all these cases, the latter part of December there was a poisoning of three employees of the Sullivan County Home, the investigation of which at the time of this report has not been completed.

Aside from appearances in court, about one-half of the time of the Solicitor each day is taken up with interviews of the people who have complaints to make and investigations to be followed through on behalf of the Sheriff's department.

I cannot say too much in praise of the cooperation that I have received from the State Police, the Sheriff's department, the police departments of the various towns in the County and the City of Claremont.

Again I want to point out that we have no adequate Jail in Sullivan County and no adequate House of Correction facilities. All prisoners bound over to the Superior Court have to be transported to the Hillsborough County Jail at Manchester, or if there is a hearing between the original arraignment and the time when actual hearing is held to ascertain probable cause prisoners must be transported to and from Manchester. The House of Correction is not set up so as to adequately provide for incarceration of unruly and troublesome prisoners. Outside of those who are sent to the State Prison in Concord it is the duty of each County to provide Jails and Houses of Correction for their prisoners. I cannot too strongly recommend that attention be given to the building of a Jail for the County of Sullivan and that the Jail should not be situated at the County Home in Unity. It is very desirable that the Jail and House of Correction be separated, for the jail prisoners if they are allowed to mingle with House of Correction prisoners can cause a great deal of trouble and inconvenience for the Jailer and Turnkey of the House of Correction. If a Jail is provided away from the County Home at Unity it is quite probable that the necessary steps can be taken to correct the conditions that exist in the so-called Jail there so that the House of Correction at the County Home may become adequate and have the proper supervision.

I wish to extend my appreciation to Superintendent and Mrs. George, to Dr. Munroe and the County Commissioners for their cooperation during the year.

Every County except one other County in the State provided for an increase in salary of their Solicitors, but the County delegation in Sullivan County forgot that there was a Solicitor. I hope that at the next session of the legislature that my successor's salary will be increased.

Respectfully submitted,

HOWARD H. HAMLIN
