REPORT OF THE SELECTMEN

This has again been a busy year for your Board of Selectmen.

We are fortunate to have Paul Boroski accept an appointment to the Board of Selectmen due to the resignation of Antonio Souza. Paul was a member of the Hinsdale Board of Selectmen prior to moving to West Chesterfield.

We have met several times with personnel from the State of New Hampshire Highway Department as part of the on-going Route 9 access project. They have agreed to reimburse the town for the necessary reappraisals and remapping that will have to be done. This cost is approximately $7,500.00

A new dump truck was purchased for the Highway Department in August from Grappone Ford in Concord being the successful bidder. Grappone Ford was also the successful bidder for the Fire truck chassis. The body and related equipment for the fire truck will be furnished by Middlesex Fire Equipment Co. of Middlebury, Vt. This probably will not be delivered before June of 83.

The Town Offices were moved to the Clark property on December 3rd after completion of renovations done by George Moore & Son.

The Home Health Agency has moved to the former Selectmen's Office and the Tiny Tots Kindergarten to the Spaulding House, both reimbursing the town for utilities.

Respectfully,
Winston H. Cray
Chairman
TOWN WARRANT

To the Inhabitants of the Town of Chesterfield in the County of Cheshire in said State, qualified to vote in town affairs:

Article 40. Articles 40, 41 and 42 DEAL WITH FLOOD INSURANCE:

Article 40. To see if the town agrees to participate in the National Flood Insurance Program (NFIP) by directing the Board of Selectmen to complete the eligibility application and submit the required information to the Federal Insurance Administration.

Article 41. WHEREAS, certain areas of Chesterfield are subject to periodic flooding from rivers and streams, causing serious damages to properties within these areas and WHEREAS, relief is available in the form of Federally subsidized flood insurance as authorized by the National Flood Insurance Act of 1968:

WHEREAS, it is the intent of this town meeting to require the recognition and evaluation of flood hazards in all official actions relating to land use in the floodplain areas having special flood hazards; and

WHEREAS, this body has the legal authority to adopt land use and control measures to reduce future flood losses pursuant to New Hampshire RSA Chapter 31, 35, 156 and 156A.

NOW THEREFORE, BE IT RESOLVED, THAT THIS TOWN MEETING HEREBY:

1. Assures the NFIP that it will enact and maintain in force for those areas having flood hazards, as delineated by the Flood Hazard Boundary Map issued by the NFIP dated December 13, 1977 and any published revision to this map, adequate land use and control measures with effective enforcement provisions consistent with the criteria set forth in Section 1910 of the National Flood Insurance Program Regulations; and

2. Vest the Planning Board with the responsibility, authority and means to:
   a. Assist the Administrator, at his request, in his delineation of the limits of the area having special flood hazards.
   b. Provide such information as the Administrator may request concerning present uses and occupancy of the floodplain areas.
c. Cooperate with Federal, State, and local agencies and private firms which undertake to study, survey, map, and identify floodplain areas and cooperate with neighboring municipalities with respect to management of adjoining floodplain areas in order to prevent aggravation of existing hazards.

d. Submit, on the anniversary date of the community's initial eligibility, an annual report of the Administrator on the progress made during the past year within the town in the development and implementation of floodplain management measures.

3. Appoints the Board of Selectmen to maintain for public inspection and to furnish upon request, for the determination of applicable flood insurance risk premium rates within all areas having special flood hazards identified on a Flood Hazard Boundary Map or Flood Insurance Rate Map, any certification of floodproofing, and information on the elevation (in relation to mean sea level) of the level of the lowest habitable flood (including basement if habitable) of all new or substantially improved structures, and include whether or not such structures contain a basement, and if the structure has been floodproofed the elevation (in relation to mean sea level) to which the structure was floodproofed.

4. Agrees to take such other official action as may be reasonably necessary to carry out the objectives of the program.

Article 42. To see if the town will vote to establish the following building regulations pursuant to RSA 156 as follows:

1. The Building Inspector shall review all building permit applications for new construction or substantial improvements to determine whether proposed building sites will be reasonably safe from flooding. If a proposed building site is in a location that has a flood hazard, any proposed new construction or substantial improvement (50% or more of the market value of structure including prefabricated and mobile homes) must: I) be designed (or modified) and anchored to prevent floatation, collapse, or lateral movement of the structure, II) use construction materials and utility equipment that are resistant to flood damage, and III) use construction methods and practices that will minimize flood damage.
2. The Building Inspector shall obtain, review, and reasonably utilize any base flood elevation data available from a Federal, State, or other source, until such other data has been provided by the Administrator, as criteria for requiring that: I) all new construction and substantial improvements of nonresidential structures have the lowest flood (including basement) elevated or floodproofed to or above the base flood level.

3. The Building Inspector shall require that all mobile homes to be placed within Zone A on the community's Flood Hazard Boundary Map or Flood Insurance Rate Map shall be anchored to resist floatation, collapse, or lateral movement by providing over-the-top and frame ties to ground anchors. Specific requirements shall be that: I) over-the-top ties be provided at each of the four corners of the mobile home, with two additional ties per side at intermediate locations and mobile homes less than 50 feet long requiring one additional tie per side, II) frame ties be provided at each corner of the home with five additional ties per side at intermediate points and mobile homes less than 50 feet long requiring four additional ties per side, III) all components of the anchoring system be capable of carrying a force of 4,800 pounds, and IV) any additions to the mobile home be similarly anchored.

4. Require permits for all proposed development in any area of special flood hazard. The term "development" is defined to mean "any man-made change to improved or unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations."

5. Review permits for proposed development to assure that all other necessary permits have been received from those governmental agencies such as from which approval is required by Federal or State Law.

Article 43. "To see if the Town will adopt a resolution urging President Reagan to employ any and all peaceful means to request and encourage the United States of America and the Union of Soviet Socialist Republics to enact an immediate and mutual freeze on the production, testing and deployment of nuclear weapons and nuclear weapons delivery systems; and subsequently for both nations to engage in a mutual reduction of such weapons and delivery systems; provided that such freeze and reduction include such safeguards as are necessary to ensure mutual and mutually verifiable compliance on the parts of both nations." (By petition)
Article 44. "To see if the town will vote to go on record in support of immediate actions by the Federal Government to control and reduce acid rain which is harmful to the environment and economy of Chesterfield and to the health and welfare of the people of Chesterfield. These actions shall include:

1. Reduce by at least half the major cause of acid rain, sulfur dioxide emissions, by the year 1990.

2. Conclude negotiations and adopt a treaty with the government of Canada that will commit both nations to this same goal. (By petition) The record of the vote on this article shall be transmitted to the New Hampshire Congressional Delegation and to the President of the United States.

Article 45. To see if the town will vote to accept the sum of $1,000.00 from Norris H. Robertson, M.D., the income to be used exclusively for perpetual care of the Timothy N. Robertson Burying-ground on Poocham Road.

Article 46. To see if the town will vote to accept the bequest of Ernest E. Stafford, Sr. of the sum of $200.00, the income to be used for perpetual care of the Nathan Puffer Lot (#66) in Spofford 1888 Cemetery.

Article 47. To see if the town will vote to accept the sum of $200.00 from Thelma LaClair Humphrey, the income to be used for perpetual care of the Humphrey-LaClair Lot (#35) in Spofford 1888 Cemetery.

Article 48. To see if the town will vote to accept the sum of $100.00 from Priscilla G. Chamberlin to be added to the Morris Friedsam Fund, the income to be used for perpetual care in said cemetery and to be known as the Paul G. Chamberlin and Priscilla G. Chamberlin Trust Fund.

Article 49. To see if the town will vote to accept the sum of $200.00 from Roy and Anne M. VanSteinburgh to be added to the Morris Friedsam Fund, the income to be used for perpetual care in said cemetery and to be known as the Roy and Anne M. VanSteinburgh Trust Fund.

Article 50. To see if the town will vote to accept the sum of $200.00 from Karl F. Linderman and Nancy Linderman to be added to the Morris Friedsam Fund, the income to be used for perpetual care in said cemetery and to be known as the Karl F. Linderman and Nancy Linderman Trust Fund.

Article 51. To see if the town will vote to accept the sum of $100.00 from Paul A. and Lillian P. Zarr to be added to the Morris Friedsam Fund, the income to be used for perpetual care in said cemetery and to be known as the Paul A. and Lillian P. Zarr Trust Fund.
Article 52. To see if the town will vote to accept the sum of $100.00 from Willard H. Head to be added to the Spofford Cemetery Annex Fund, the income to be used for perpetual care of said cemetery and to be known as the Willard H. and Catherine S. Head Trust Fund.

Article 53. To see if the town will vote to accept the sum of $200.00 from Homer L. Atkins, Jr. and Jean A. Atkins to be added to the Spofford Cemetery Annex Fund, the income to be used for perpetual care of said cemetery and to be known as the Homer L. Atkins, Jr. and Jean A. Atkins Trust Fund.

Article 54. To see if the town will vote to accept the sum of $100.00 from Amos M. & Joyce E. Willette for Trust Fund on Lot #128W in Chesterfield West Cemetery, income from the same to be paid to the Chesterfield West Cemetery Association for perpetual care and upkeep of said lot and to be known as Amos M. & Joyce E. Willette Trust Fund.

Article 55. To see if the town will vote to accept the sum of $100.00 from Florence Friend to be added to the Walden Laskey Trust Fund. The income from same to be paid to the Chesterfield West Cemetery Association for upkeep of the Walden Laskey Lot #38 in Chesterfield West Cemetery.

Article 56. To hear the reports of Committees and to transact any other business that may legally come before the meeting.

Given under our hands this 3rd day of February in the year of our Lord Nineteen Hundred and Eighty Three.

Proceedings of the Annual Meeting of the voters of the Town of Chesterfield, New Hampshire, called at the Town Hall in said Town on Tuesday, March 9, 1982.

The meeting was called to order at ten o'clock in the forenoon by the Moderator, James E. O'Neil, Sr., who read the warrant through Articles 1, 2 and 3 and declared the polls open for voting by ballot for town officers, for question on police commission and amendments to the Town Zoning and Building Ordinances.

At six-thirty, the Moderator called the meeting to order with Warren Allen and Ethel Mills as Assistant Moderator and Assistant Clerk, respectively.

Voted by voice vote on motion made by Warren Allen and supported by Wayne Winn to dispense with the reading of the warrant and act on each article as it is read by the Moderator. Vote was in the affirmative.

The Articles of the Warrant were then disposed of as follows:

Article 4. Voted by voice vote on motion made by Gary Winn and supported by Wayne Winn to use the same method of collecting taxes for the ensuing year as was used in the past. Vote declared by the Moderator to be carried in the affirmative.

Article 5. Voted by voice vote on motion made by Donald Emery and supported by Gary Winn to authorize the selectmen to borrow money in anticipation of taxes. Vote was in the affirmative.

A straw vote, suggested by Robert Woodman, was taken to determine if the voters would be in favor of recessing the meeting at around 11:30 p.m., if there were a substantial number of articles left to be considered. The Moderator declared the show of hands was in the affirmative and advised he would keep the suggestion in mind.

Article 6. A motion was made by Kathleen Peck and supported by Russell Johnson to authorize the selectmen to sell the Spaulding property. Voted by voice vote on motion made by Claude Mowry and seconded by John Trabucco to amend the article to instruct the selectmen to keep the Spaulding property. Vote declared by the Moderator to be in the affirmative. The vote on the article as amended was in the affirmative.
Article 7. Motion made by William Vogeley and supported by Lawrence Thomas to authorize the selectmen to sell the Ogden Property at the earliest opportunity. Voted by voice vote on motion made by Claude Mowry and seconded by Edward Csenge to keep the Ogden Property. Vote declared by the Moderator to be carried in the affirmative. A motion made by James Milani and supported by Richard Wolf to amend the article "to re-adopt the recommendations of the Building Committee as presented in their report, with the specific proviso that the recommendations be a binding directive to the Board of Selectmen as to the will of the citizens of the Town, and that the Board of Selectmen follow this directive with their efforts and with any funds already appropriated for these purposes and/or at their disposal for these purposes. The sense of this motion is to be understood that the people wish the town offices to eventually be moved to the Ogden property and that no further steps be taken to utilize the Spaulding property for town offices." Voice vote was in the affirmative. The vote on the article as amended was declared to be in the affirmative.

Article 8. The report of the Budget Committee was given by the chairman, Robert Woodman, who stated that they had held all of the required meetings throughout the year, plus holding extra informational meetings. Mr. Woodman expressed the following recommendations for future budget committees:

1. More time spent on the budget by the Budget Committee.

2. Budget Committee should form committees among themselves or with the assistance of others to do in-depth study of the various items for a further breakdown.

Voted by voice vote on motion made by Claude Mowry and seconded by Russell Johnson to accept the budget committee report as given. Vote was in the affirmative.

Article 9. Voted by voice vote on motion made by Robert Woodman and supported by Frank Seay to vote on Items 1 and 2 separately from the rest of the article. Vote was in the affirmative.

Article 39. Motion made by Antonio Souza and supported by Winston Cray to see if the town agrees to participate in the National Flood Insurance Program (NFIP) by directing the Board of Selectmen to complete the eligibility application and submit the required information to the Federal Insurance Administration. After considerable discussion, the following amendment was made by Richard Chickering and seconded by Ruth VanHouten that a committee be established consisting of the Selectmen, Building Inspector, members of the Planning Board and whatever number of volunteers may come forward to serve as an advisory committee for the purpose of making recommendations to the 1983 Chesterfield Town Meeting on Articles 39, 40 and 41, as they appear in the 1982 Town Warrant.

This committee is directed to hold at least one (1) public hearing with all residents within the area designated as flood zone on the official maps receiving written notice of said meeting. A voice vote was declared by the Moderator to be carried in the affirmative.

Articles 40 and 41 read as follows:

Article 40. WHEREAS, certain areas of Chesterfield are subject to periodic flooding from rivers and streams, causing serious damages to properties within these areas and WHEREAS, relief is available in the form of Federally subsidize flood insurance as authorized by the National Flood Insurance Act of 1968:
WHEREAS, it is the intent of this Town Meeting to require the recognition and evaluation of flood hazards in all official actions relating to land use in the flood plain areas having special flood hazards; and
WHEREAS, this body has the legal authority to adopt land use and control measures to reduce future flood losses pursuant to New Hampshire RSA Chapter 31, 36, 156 and 156A.

NOW THEREFORE, BE IT RESOLVED, THAT THIS TOWN MEETING HEREBY:

1. Assures the NFIP that it will enact and maintain in force for those areas having flood hazards, as delineated by the Flood Hazard Boundary Map issued by the NFIP dated December 13, 1977 and any published revision to this map, adequate land use and control measures with effective enforcement provisions consistent with the criteria set forth in Section 1910 of the National Flood Insurance Program Regulations; and
2. Vest the Planning Board with the responsibility, authority and means to:
   a. Assist the Administrator, at his request, in his delineation of the limits of the area having special flood hazards.
   b. Provide such information as the Administrator may request concerning present uses and occupancy of the floodplain areas.
   c. Cooperate with Federal, State, and local agencies and private firms which undertake to study, survey, map, and identify floodplain areas and cooperate with neighboring municipalities with respect to management of adjoining floodplain areas in order to prevent aggravation of existing hazards.
   d. Submit, on the anniversary date of the community's initial eligibility, an annual report to the Administrator on the progress made during the past year within the town in the development and implementation of floodplain management measures.

3. Appoints the Board of Selectmen to maintain for public inspection and to furnish, upon request, for the determination of applicable flood insurance risk premium rates within all areas having special flood hazards identified on a Flood Hazard Boundary Map or Flood Insurance Rate Map, any certification of floodproofing, and information on the elevation (in relation to mean sea level) of the level of the lowest habitable flood (including basement if habitable) of all new or substantially improved structures, and include whether or not such structures contain a basement, and if the structure has been floodproofed the elevation (in relation to mean sea level) to which the structure was floodproofed.

4. Agrees to take such other official action as may be reasonably necessary to carry out the objectives of the program.

Article 41. To see if the town will vote to establish the following building regulations pursuant to RSA 156 as follows:

1. The Building Inspector shall review all building permit applications for new construction or substantial improvements to determine whether proposed building sites will be reasonably safe from flooding.
If a proposed building site is in a location that has a flood hazard, any proposed new construction or substantial improvement (50% or more of the market value of structure including prefabricated and mobile homes) must: I) be designed (or modified) and anchored to prevent floatation, collapse, or lateral movement of the structure, II) use construction materials and utility equipment that are resistant to flood damage, and III) use construction methods and practices that will minimize flood damage.

2. The Building Inspector shall obtain, review, and reasonably utilize any base flood elevation data available from a Federal, State, or other source, until such other data has been provided by the Administrator, as criteria for requiring that: I) all new construction and substantial improvements of nonresidential structures have the lowest flood (including basement) elevated or floodproofed to or above the base flood level.

3. The Building Inspector shall require that all mobile homes to be placed within Zone A on the Community's Flood Hazard Boundary Map or Flood Insurance Rate Map shall be anchored to resist floatation, collapse, or lateral movement by providing over-the-top and frame ties to ground anchors. Specific requirements shall be that: I) over-the-top ties be provided at each of the four corners of mobile home, with two additional ties per side at intermediate locations and mobile homes less than 50 feet long requiring one additional tie per side, II) frame ties be provided at each corner of the home with five additional ties per side at intermediate points and mobile homes less than 50 feet long requiring four additional ties per side, III) all components of the anchoring system be capable of carrying a force of 4,800 pounds, and IV) any additions to the mobile home be similarly anchored.

4. Require permits for all proposed development in any area of special flood hazard. The term "development" is defined to mean "any man-made change to improved or unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations."

5. Review permits for proposed development to assure that all other necessary permits have been received from those governmental agencies such as from which approval is required by Federal or State Law.
Voted by voice vote on motion made by William Vogeley and supported by Gary Winn to accept all articles from Article 42 through Article 54 and dispense with reading of the same. Vote declared by the Moderator to be carried in the affirmative. These articles as adopted are as follows:

More detailed breakdown available at the Selectmen's Office upon request.
There were ten applicants for driveway permits in 1982, eight of which have been completed and approved. I would like to commend each applicant for their excellent cooperation. The other two had not started construction at year end.

The TRA project is on the Horseshoe Road this year. The section of road from the Ericson residence to the park is nearing completion. Some drainage and headwall work, applying the top layer of gravel in a few areas and grading of the road and slopes remain to be completed. Projected for 1983 will be the Gulf Road starting at Stage Road continuing to about 200 feet beyond Bradley Road. Also, an addition to the bridge will be considered.

Subsidy II funds were used on two projects this year. First, two large culverts were placed on a hill near the Calef residence on Old Chesterfield Road to contain the heavy runoff from the long wooded slope. Second, we started the repair work on the Farr Road bridge. The railing was replaced by double cable and extended on to the approaches. The eroded east abutment was repaired with new concrete. Both breastwalls of the bridge were supported with an embankment of ledge rock. The brook channel was centered under the bridge to prevent future erosion of the embankment and abutments.

The brush cutting and asphalt resurfacing programs were eliminated in 1982 to recover funds for the over-expended winter maintenance budget due to the heavy snowfall we had last winter.

In closing, may I suggest that the townspeople get together and support the construction of a combination fire station and highway garage to be placed on the Clark/Ogden property between the new town offices and Winchester Road.

Respectfully submitted,

Alvin C. Davis
Highway Agent
During 1982, a radiological emergency response plan was finalized providing the town of Chesterfield with emergency procedures for use in the event of a nuclear accident at the Vermont Yankee Nuclear Power Station in Vernon, Vermont. The plan was developed in accordance with the New Hampshire Civil Defense Act and is organized to conform to the guidelines established by the Federal Emergency Management Agency and the U.S. Nuclear Regulatory Commission.

The plan is designed to be initiated by the town selectmen or the Chesterfield civil defense director upon notification through established civil defense communication lines. The level of action to be taken depends on the emergency classification category - unusual event, alert, site area emergency, or general emergency.

This plan is organized into two basic parts. The first part contains the planning basis and planning fundamentals from which the emergency procedures were developed. It includes the town emergency response organization, resources available, emergency classification scheme, etc., used to develop the plan, and comprises the main body of the document.

The second part of the plan lists procedures for emergency personnel and provides the necessary information for personnel to execute the plan. There is a checklist for each town official, which provides a step-by-step procedure to be followed. The steps outline both pre-evacuation and, if needed, evacuation actions. This checklist is written as guidance to emergency personnel.

During 1983, training of emergency response personnel and radiological monitoring are planned. We will be participating in a Vermont Yankee exercise in the fall. The plan will be updated following this, if needed. We plan to make an emergency operations center a reality this year. We will be receiving a base station radio to place in the Selectmen's office which will enable us to communicate directly with Civil Defense Headquarters in Concord, NH and the field office in Keene, NH.

REPORT FROM THE HEALTH DEPARTMENT

From January 1st through December 31, 1982, there were a total of 40 calls. They included septic systems, dye testing, dog bites and inspection of foster homes. Eleven milk permits were issued for a total of $22.00.

A total of 45 hours were spent responding to calls and complaints. A total of 289 miles were traveled.

Respectfully submitted,

The Planning Board meets on the first Monday of each month at 7:30 p.m. in the Town Hall. During 1982, the Board met 25 times. Fifteen public hearings were held for 12 subdivisions, 6 site plan reviews and for amendments to the Zoning Ordinances. The Board met 10 times regarding the Town Master Plan.

As part of the Master Plan process, the following reports have been prepared during the past year in large part by the Southwest Region Planning Commission: Community Facilities, including Education, Open Space and Recreation, and Economic Environment. The townwide survey prepared by the Planning Board was distributed by mail early in the year, and a tabulation and analysis was prepared by SWRPC.

In September, the Board began meeting with a 40-member Master Plan Citizens Advisory Committee. The Advisory Committee has been of great assistance in identifying policies, goals and objectives for the future development of the town. These policy statements become a part of the Master Plan.

A brief history of the town is being prepared by the Historical Society and will be included as an introduction to the Master Plan.

An informational hearing for town residents on the progress of the Master Plan was conducted in December by the Planning Board and Advisory Committee. For those who attended, it was evident that a great deal of research material has been completed and is now available for the Master Plan.

What remains to be completed is perhaps the most important element of the Master Plan - projected future use of the town's lands. Based on the reports listed above, the findings of the Advisory Committee, and data on soils, the Planning Board will try to project what areas of town remain available and suitable for future development, and what the best use of that land might be.

Completion of the Master Plan will probably be this summer, but a great deal of work lies ahead for the Planning Board. The assistance of the Southwest Region Planning Commission has been invaluable to date and the Board would encourage the voters to approve the appropriation for membership in SWRPC for 1983.
On this year's ballot, you will notice that the Planning Board received petitions from four Route 9 property owners for zoning amendments. Each petition specifically requests that the landowner's particular piece of property be rezoned from residential to commercial. The Planning Board voted not to approve these petitions for zoning amendments for various reasons. Chesterfield now has four commercial districts. The total acreage involved in these areas exceeds 85 acres and the majority of that acreage remains undeveloped for commercial use. Besides a lack of need for additional commercially-zoned property, the Board feels that rezoning of property to commercial use should not take place piece-meal, or in a manner referred to as spot zoning. After the completion of the Master Plan would be a more appropriate time to consider rezoning property, when the town has a more defined plan for the future land use and needs. Finally, the Board determined in some cases that the property in a petition was deemed unsuitable for commercial development due to its location, which would create additional traffic hazards along Route 9, and due to soil type or topography.

Sexton's Report
For the Year 1982

Thanks to the voters' support of our cemetery appropriation article at 1982 Town Meeting, we were able to maintain the Town's 24 cemeteries in good condition despite a very heavy growing season. In 1983, if the voters favor our request for $3,400.00, we plan to continue adequate maintenance (mowing, brush-cutting, clean-up, etc.) in all cemeteries and to resume our program of stone repair, resetting and cleaning as time and funds allow. Some modest improvements to Friedsam Cemetery are planned: clear brush back to the walls of the entrance roadway, repair the old well and start landscaping the turn-around. Costs will be held to the absolute minimum in all our operations as usual. Our total 1983 budget is $9,700.00. Income received January 1, 1983 from interest on Trust Funds was $6,300.00, leaving $3,400.00 to be requested at Town Meeting 1983.

Commission Notes

1) Burial lot sales at Spofford Annex or Friedsam Cemeteries: Cemeteries: lots currently cost $75.00 per individual plot, two thirds of which cost is transferred to the Trustees of Trust Funds for investment in perpetual care funds; see the cemetery articles at the end of every Town Warrant for examples. Contact the following for information on lot sales:
   Clifford White, Commission Chairman (363-4789)
   Cornelia Jenness, Secy/Trea. (363-8010)
   Dave Hall, Sexton (363-8040)

2) Note that the Chesterfield West Cemetery is operated and maintained by a private Association and not by the Town. The Association has its own separate Trust Fund income (see Trustees of Trust Funds financial statement in this Annual Report). Contact Beatrice Chickering (Treasurer) at 256-6134 or Laurence Chickering (Sexton) at 256-6302 for information on this cemetery's rates, policies, etc.

3) Funding for the older cemeteries: a few (Ware, N.R. Coolidge, Mead, New Boston, Wheeler) have small perpetual care funds on certain lots. In addition, the Etta Hubbard Fund provides limited amounts for maintenance of the older cemeteries. Center, Welcome, Pattridge-Albee, Atherton and eleven others have no specific trust fund income at all. Spofford Cemetery, as a whole, is fairly well funded ($2,660.00 in trust funds vs. $3,344.00 costs in 1982) and the Commission has contacted many lot owners in the past two years in our effort to create new trust funds or add to existing funds for Spofford Cemetery. The new Friedsam Cemetery, because relatively few lots have yet been sold, has a modest trust fund income ($650.00 in 1982 vs. $1,205.00 costs). The balance of our operating income ($3,500.00
appropriated in 1982, $3,400.00 requested in 1983) must come from the generosity of the taxpayers unless some of you, especially those with ancestors in the older cemeteries, would be willing to establish a new trust fund for a family lot or even for an entire cemetery (see the Norris Robertson article in this Town Warrant for a good example).

4) As a step toward our goal of having all cemetery work funded by trust fund income, the commission has submitted an article for the 1983 Town Warrant to sell the old tool shed at Spofford Cemetery (we have had some good offers on it), and use the proceeds to set up a trust fund for the care of Spofford Cemetery.
Despite poor beach weather through the month of June, total receipts for 1982 were up 18.4% from the previous year. Income from Wares Grove Public Beach, North Shore Public Beach, the restaurant at Wares Grove and the Summer Film Series totaled $14,296.43. Wares Grove Beach receipts were up 14% for a total of $11,977.50, the major source of our income.

The Summer Recreation Program for 1982 had an average attendance of between 60 and 70 children. Special features of the program included the Track & Field Meet in Keene with six children going on to the State meet to represent Chesterfield, a hike up Mt. Monadnock, the Annual Camp Out at Wares Grove, a trip to Cheshire Fair, the First Annual Hike through the Freidsam property, a trip to Riverside Park, and a trip to the Children's Summer Theater in Keene.

The second year for our Summer Film Series averaged 90 per film.

We were fortunate to have Mr. & Mrs. Carbonarro in the restaurant facility at Wares Grove. The restaurant/snack bar was an asset to the entire facility.

We are all looking forward to continued success for 1983. With the support of our facilities and programs plus some good weather, we will be able to carry out some necessary improvements planned for 1983. We encourage residents to attend any of our meetings with their suggestions and concerns.

The library has had another busy year with greeting new patrons and with several improvement projects. New shelving was purchased this fall to alleviate the problem of overcrowded shelves in the adult room. The process of moving and rearranging the books will take some time, but the end results should be rewarding.

Many new books have been added, both adult and children's books. Included in the number are several nice gifts and donations. We thank all who have given us books to add to our collection. Most of the gifts are used. The ones we do not need are put into our booksale to raise money for new books and materials.

1982 began with goal setting for the upcoming year and consideration of merger with Home Health Care and Community Services possibly later in the year. A Civil Defence Program was initiated compiling a card list of homebound residents, with their permission, in the event of an evacuation need.

A Conference on Volunteerism was held in April honoring all Agency volunteers. Representatives of the many social service agencies who utilize these volunteers gave brief explanations of their work. The Chesterfield Home Health Agency is deeply indebted to all its volunteers, especially Isabel Haneman, whom the agency nominated in June as one who makes a significant contribution to the State of New Hampshire's volunteer activities.

New directors were elected or re-elected at our annual meeting in April. Our present board consists of the following members: Jane Allen, Eleanor Betz, Stella Chickering, Harriet Davenport, Audrey Ericson, Marty Fuller, Lorraine Gates, Meta Hicks, Dorothy O'Neil, Carol Seager, Betty Wilkinson, and Beverly Wolf. Judith Johnson retired in 1982 after serving on the board for five years. This year we will lose two more seasoned board members, Meta Hicks and Eleanor Betz. Our by-laws limit directors serving more than two consecutive terms. Others who resigned or retired in 1982 were Diana Allen, Lorraine Scrivani and Andrea Stickney.

In May the agency voluntarily voted to accept Participating Membership in Home Health Care and Community Services effective October 1st. The Chesterfield Home Health Agency remains a non-profit organization responsible for providing health care to residents of the town of Chesterfield. The decision to become a Participating Member of Home Health Care and Community Services was made to have a wider range of services and benefits for both patients and staff with the most cost effective program. Agency by-laws were revised in October to cover the new arrangement.

The agency membership drive during the summer months resulted in a total membership of 246 persons and $1,359.25 in funds. It is hoped that no drive will be needed for 1983.

The Chesterfield office of Home Health Care and Community Services moved from the Spaulding House to the former selectmen's office in the Town Hall in December.
Monthly rent of $85.00 is now being paid to cover the cost of heat and power, giving a more accurate picture of the town's share of home health costs.

All past and present board and committee members and staff are thanked sincerely for their continued interest in the agency. We especially wish to thank the voters of the Town of Chesterfield for their assistance in funding our agency.

Jane J. Allen
President
CHESTERFIELD HOME HEALTH AGENCY, INC.

Approximately 5% of the area population attended the Health Screenings offered in 1982. In the first nine months of this year, 25% of nursing and therapy visits to residents were made at either no charge or allowable free service.

Volunteer Hours

| Clinics                           | 26               |
| Equipment Maintenance             | 3                |
| Meals on Wheels                   | 112 (1,761 miles) |

Referral volunteers, residents offering assistance to others, donations of meals and transportation continue to be appreciated. Ex. - a young mother discharged from hospital, needing a babysitter, housekeeper; an adult son or daughter needing someone to stay with an elderly parent; a disabled person needing a ride to Keene for M.D. appointment, medicine to be picked up; needs for transportation to Hanover, NH, or Springfield, MA, or Brattleboro, VT for non-emergency medical care. Some of these volunteers are reimbursed for time and travel, and this is privately arranged between those needing and those offering assistance. The response the benefits are heartwarming. A number of qualified aides and nurses in town have been referred to provide private care to residents. The Community Coordinating Service will continue under the direction of members of Chesterfield Home Health Agency.

In the consolidation of the town agency and Home Health Care and Community Service, the relief nurse and the
occupational therapist have assumed other positions. Carol Levin, physical therapist, Irene Seay, bookkeeper, and Marilyn Rousseau, nurse, will remain as staff of the consolidated agency.

Marilyn Rousseau, R.N.
01/01/82 to 09/30/82

Marilyn Rousseau, in the new agency, has expanded her role by being the nurse from Home Health Care and Community Service involved in the new Self Care of the Elderly Project of Monadnock Family and Mental Health Services. This project will start as an educational one for all, including the elderly and family members who care for them. It will then involve direct education and guidance of a core group in three towns of which Chesterfield is one. We hope that the normal process of aging can be better understood, and crisis avoided by increased knowledge and understanding, and that the people involved can then use this information to prepare others in their communities.

The transition to the new agency has been smooth, and service to Chesterfield residents has been continued without interruption.

SCHOOL WARRANT

To the inhabitants of the School District of the Town of Chesterfield qualified to vote in District affairs:

You are hereby notified to meet at the Chesterfield Elementary School in said District on the 5th day of March, 1983 at 8:00 p.m. to act upon the following articles:

Article 1. To hear the reports of agents, auditors, committees or officers chosen, and pass any vote relating thereto.

Article 2. To see if the District will vote to authorize the school board to make applications for and to accept and use in the name of the District such advances, grants-in-aid, or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, the State of New Hampshire, or any department or agency thereof, or any federal, state or private agency.

Article 3. To see if the District will vote to authorize the school board to apply for, accept and expend, without further action by the School District Meeting, money from the state, federal or other governmental unit or a private source which becomes available during the 1983-84 school fiscal year provided that such expenditure be made for the purposes for which a School District may appropriate money and that such expenditure not require the expenditure of other School District funds. Further, that the school board hold a public hearing prior to accepting and spending such money.

Article 4. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the salaries of school district officers and agents, and for payment of statutory obligations of the District.

Article 5. To transact any other business which may legally come before this meeting.

Given under our hands at said Chesterfield this day of February, 1983.

The Moderator, Daniel L. Walsh, opened the polls at 10:00 a.m. for voting. The warrant for elections was read by the Moderator. The following were appointed as ballot clerks: Cornelia Jenness, Michael Wiggin, Jeanne Viarengo, Marilyn Taylor, Meta Hicks, Diana Allen, Sandra Wiggin, Gary Winn, Frances VanHouten, Judith Johnson. They took the oath of office from the Clerk.

At 8:00 p.m. the Moderator called the meeting to order for the purpose of acting on the articles in the warrant. The Moderator lead the assembly in the Pledge of Allegiance. He then outlined the basic rules of order for the meeting, and called on Charles Johnson, Chairman of the School Board, to introduce the School Board Members, officials of S.A.U. #29, and Chesterfield School Principal, Ralph Garbart. The Moderator then read the Warrant.

Articles in the warrant were disposed of as follows:

Article 1. Wendy Kelly moved, and was seconded by Charles Johnson, that the District accept the reports of agents, auditors, and committees as printed in the town report and place such reports on file. Gabrielle Basso questioned the auditor's report on page 86 in the town report, stating that note 1B did not appear. Dr. Ellis, of S.A.U. #29 said that the report and note did not appear because it was a 24 page report and the cost of printing it in the town report would be too expensive, but that copies would be made available to interested parties on Monday morning in the Principal's office. Bill Novick made a motion to recess the meeting until note 1B was produced. A voice vote did not carry the motion.

Gail Woodward, School Board Member, gave a report on the "Chesterfield School Proposed Renovations and Additions." The report was mandated by Article 4 in the warrant of the 1981 School District Meeting. See attached copy for the text of this report.

Bill Novick asked why note 1B of the auditor's report was not at the Meeting. Mr. Champagne, of S.A.U. #29 stated that all official records of the school are housed at 34 West Street, Keene, and that this was the first time that such records had been asked for at the District Meeting, but would be available on Monday. Vote on Article 1 was called for by the Moderator. Kathleen Peck made a motion to pass over Article 1 until
note 1B could be presented to the meeting. Claude Newry seconded the motion. A voice vote was unclear, so the Moderator called for a show of hands, which he declared to be passed in the affirmative, thus passing over Article 1 until note 1B was presented.

Article 2. Tom Allen moved that the district authorize the School Board to make applications for and to accept and use in the name of the District such advances, Grants-in-Aid, or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, the State of New Hampshire, or any department or agency thereof, or any federal, state or private agency. Motion was seconded by Gary Winn. Hearing no discussion, the Moderator called for a voice vote which he declared to have passed in the affirmative.

Article 3. Michael Wiggin moved that the district authorize the School Board to apply for, accept and expend, without further action by the School District Meeting, money from the state, federal or other governmental unit or a private source which becomes available during the 1982-83 school fiscal year provided that such expenditure be made for the purposes for which a School District may appropriate money and that such expenditures not require the expenditure of other school district funds. Further, that the School Board hold a public hearing prior to accepting and spending such money. Motion was seconded by Ruth VanHouten. Judy Palmer requested a clarification of differences between Articles 2 and 3. Dr. Ellis stated that Article 3 required a hearing to get the will of the District, but there would be no vote at the meeting, and following the hearing the School Board could accept available monies. The Moderator called for a voice vote which carried in the affirmative.

Article 4. James O'Neil, Sr. moved that Article 4 be passed over, this motion was seconded by Bill Mitchell. The Moderator declared the unanimous voice vote to carry in the affirmative, and Article 4 was passed over.

Article 5. Charles Johnson made the motion that the district raise and appropriate the sum of $1,075,879. for the support of schools, and for the salaries of School District officers and agents, and for payment of statutory obligations of the district. His motion was seconded by James O'Neil, Sr. The figure was reduced from the figure of $1,105,000. as published in the Revenue Summary of the Budget because of a reduction of 6 students who will no longer be attending Keene High School, thus reducing tuition by $16,987., also the teaching staff will be reduced by one unspecified member, and a minor computer
Merrill Yeaw asked about the feeder route price of $12.00. Charles Johnson stated that this was a contract price from Cheshire Transportation and that this was the only bid submitted. Bill Novick asked if the addition to the school building was not submitted or included in the budget figures. Charles Johnson stated that these figures were not in the budget. Kathleen Peck asked why Monadnock School can charge less tuition than Keene. Mr. Champagne stated that Keene has a large Vo-Tech area, greater experience and training in both teaching staff and administration, and thus was capable of providing a higher quality of education which is going to cost more. Claude Mowry asked if it were true that there was an excess in the 1981-1982 budget of $125,000. Charles Johnson stated that there was an excess, but only of $53,493. at present, and that any amount left over at the end of the school fiscal year comes back to offset taxes for the following year. Michael Wiggin asked if tuition to Keene was going to continue to rise while Keene is facing a 1% budget increase at their school district meeting this year. Mr. Champagne stated that he could not give estimates on cost, but felt that figures and costs seemed to be leveling out. Charles Quinn asked how we can justify having a class in the Legion Hall this year while we have a class in the school building with only 8 students in it. Gail Woodward read a report from the School Board addressing this situation. Text of the report is attached. Ruth VanHouten asked about the 6 students no longer attending Keene High in regards to their reason for leaving, such as drop-outs, moving, etc. Dr. Ellis said that he did not have the figures broken down but these would be made available in the near future. The Moderator called for a vote on Article 5, which he declared to pass in the affirmative following a voice vote.

Article 6. Other Business.

Michael Wiggin spoke about the future of the town and schools, and that major capital improvements would hurt the town. He proposed that the school and town consider a multi-purpose room to handle meetings such as the school district meeting and town meeting as well as sports events. He suggested that one reason we only have approximately 10% of the voting population attending School District meetings is the lack of room, comfort, and good acoustics. He suggested interior renovations to the town hall for other uses than meetings, without hurting the historic value of the building. A sewer system could be created to handle the multi-purpose room, as well as the town hall, thus allowing the town to sell the Spaulding property. He also stated that the school could use larger kitchen facilities, a classroom, and a larger library. He encouraged those at the meeting to tour the school to see the facilities, especially the
Tom Woodman stated that the town definitely needs many things, some of which were more important than others. He suggested that the town hall would be good for offices, but that the capital investment must be considered. He said that we must also consider the old, the poor, and the land owner, all of whom would be hurt with a tax increase. He suggested we bring operating costs into line and then the money saved could be used for capital costs instead.

Charles Johnson asked that we thank the Chesterfield Teachers Association for providing child care during the meeting, and also mentioned that The Booster Club was selling donuts and coffee to raise money to buy athletic equipment and other materials for the school.

James O'Neil asked that we thank the School Board and S.A.U. #29 for the hard work on a difficult job over the past year. All present joined in on a "rising vote of thanks". Claude Mowry congratulated the Board and also wished to recognize S.A.U. #29 for an excellent job.

The Moderator asked that the meeting reconsider Article 1. He asked David Hill from S.A.U. #29 to read note 1B. The text of this note is attached. He stated that copies were available at 34 West Street. Bill Novick moved to accept the report. Charles Johnson seconded the motion. The Moderator declared the voice vote to carry in the affirmative, thus passing Article 1.

At 9:10, the Moderator declared a recess to allow those at the meeting who had not voted to do so.

At 9:30, the Moderator declared the polls closed, and adjourned the meeting.

The official town check list was used for the elections. Of the 1542 eligible voters, 182 cast ballots. All ballots were cast at the ballot box, with no absentee ballots. The results are as follows:

100
There appears to be some discussion and misinformation among the townspeople of Chesterfield regarding the use this year of the Chesterfield Legion Hall. We have prepared the following statement to set the record straight. We do not feel it appropriate at this time to enter into a lengthy discussion of the matter other than to offer the following explanation.

As of the close of school in June, the plan was to have one Readiness class, one First, one Second, one Second-Third combination, and one Third. Due to a reduction during the summer of second grade students and an increase of students entering first grade, the Board, along with Dr. Ellis and Mr. Garbart, felt that the second-third combination could, and based on the number of students, should be eliminated, giving us an additional staff member to relieve the first grade situation.

The Board informed the Legion that we would not be using the hall this year and placed two teachers in grade one in one classroom; not the best situation, but one which we hoped would be workable. It became apparent after several weeks of school that in fact this was less than a good situation. Input was derived from various sources including direct observation, a video tape of the class in session, discussions with the teachers involved and an out of District professional. The Board was then faced with the decision to do nothing or to remedy the situation by again utilizing the Legion Hall and thus freeing up a classroom in the school so as to split up the first grade class. Based on what we felt was in the best interest of the students involved, it was our decision to utilize the Legion Hall. Be assured that this decision was in no way an attempt to promote an addition to the present school when, in fact, to keep our entire school population in this one building would have emphasized the over-crowded situation and, if anything, given more support to an addition.

The Chesterfield School Board is very pleased and proud of the progress and positive attitudes presently being expressed at the Chesterfield School by the Staff, students and involved parents of Chesterfield students. It is our firm commitment to be supportive to the continued successful direction of the school and, at the same time, to be aware of our responsibilities to you the taxpayers.

Thank you.
At the last School District Meeting, March 7, 1981, Article 4 was passed. It "appropriated the sum of $6,000.00 to fund the design phase of renovations and additions to the Chesterfield School and further to report on said design at the 1982 School District Meeting."

The Chesterfield School Board proceeded with this charge and on April 8, 1981 interviewed three architectural firms. The board unanimously decided on the firm of Fleck and Lewis at a meeting on the next day.

On May 28, 1981, the board met with Fleck and Lewis and reviewed the Chesterfield Building Committee's report and the space required for the proposed addition. Five subsequent meetings were held and one of five options submitted by the architect was accepted by the board. This plan included 5,000 sq. ft. for a multi-purpose room, a new kitchen and storage room, five classrooms, a connecting corridor to the present building and the renovation of the existing multi-purpose room to a library. The estimated cost was $1,140,196.00.

This plan was presented at a public hearing on November 24, 1981. Thirty townspeople were present. The board was asked to get a price on just the multi-purpose room. The figure of $802,000.00 was given at the next public hearing. At that time, the question was, "what would be the cost of just the five classrooms?" That was $624,824.00.

The complete plan was presented to the Budget Committee on January 23, 1982. It was not recommended by the Budget Committee which means that the townspeople are unable to vote on the matter tonight.

The Chesterfield School Board continues to feel that the proposed addition would enhance the education of our children and provide adequate meeting space for the town.

Respectfully submitted,

Chesterfield School Board
CHESTERFIELD SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 1981

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies employed in the preparation of these financial statements.

A. Fund Accounting

The accounts of the School District are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped by type in the financial statements. The following fund types and account groups are used by the School District:

GOVERNMENTAL FUNDS

General Fund - The General Fund is the general operating fund of the District. All general revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges and the capital improvement costs that are not paid through other funds.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action. Included in this fund type are the Food Service and Federal Projects funds.

FIDUCIARY FUNDS

Trust and Agency Funds - Trust and Agency Funds are used to account for the assets held in trust or as an agent by the School District for others. The Student Activities, Capital Reserve and Dental Program funds are shown in this fund type.
B. Account Groups (Fixed Assets and Long-Term Liabilities)

All governmental funds are accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources." Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of available spendable resources during a period.

General fixed assets have been acquired for general governmental purposes and have been recorded as expenditures in the fund making the expenditure. These expenditures are required to be capitalized at historical cost in a General Fixed Asset Group of Accounts for accountability purposes. In accordance with the practices followed by other municipal entities in the State, the School District does not maintain a record of its general fixed assets and accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in this financial report.

Long-term liabilities expected to be financed from governmental funds are accounted for in the General Long-Term Debt Account Group. This account group is not a fund. It is concerned only with the measurement of financial position and not results of operations. Since they do not affect net current assets, such long-term liabilities are not recognized as governmental fund type liabilities. They are instead reported as liabilities in the General Long-Term Debt Account Group.

C. Basis of Accounting

The accounts of the General and Special Revenue funds are maintained and reported on the modified accrual basis of accounting. Under the modified accrual basis of accounting, sources of financial resources and assets are recognized when measurable and available to finance operations during the year. Uses of financial resources and liabilities are recognized when obligations are incurred from receipt of goods and services, when assessments are made by the State or in the case of judgments and claims against the School District, when there is a probability that such judgments and claims will result in liabilities, the amounts of which can
be reasonably estimated. Exceptions to this general rule include: 1) accumulated unpaid vacation and sick pay, and 2) principal and interest on general long-term debt which is recognized when due.

D. Budgetary Accounting

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which govern the School Districts' operations.
Our five town districts of School Administrative Unit 29 are saddened by the loss of Dr. Bernard Ellis to Connecticut. Dr. Ellis accepted a superintendency in Suffield, Connecticut, in November. His four years with us did much to improve the quality of education. In addition to the many administrative functions he provided the schools and the school boards on a day-to-day basis, he will best be remembered for his work in improving the language arts and math curriculum. We will continue to plan and implement an updated health curriculum recently started which was very important to Dr. Ellis and his staff.

The results of the New Hampshire School Administrative Unit 29 accountability assessment program, May of 1982, clearly shows that our town districts do a good job in teaching the basic subjects of math, English language arts and New Hampshire and United States history and government with few exceptions. These test scores do vary from year to year, based upon the ability of any one given class. The school administration and teachers are closely analyzing the results of these tests to determine weaknesses and strengths in providing our children the necessary minimal competencies as established by our accountability plan.

We recognize a need to examine more closely our social studies programs which reflect some deficiencies in New Hampshire and United States history and government and grade eight math. The scores below indicate the average percentage score in the three subject areas. These test results are not intended to reflect and measure one school against another, but rather to provide our individual school boards, administration, and staff with data to properly analyze present school curriculum against established minimum competencies which appear to be appropriate.

I wish to express my most sincere appreciation to the residents of our five town districts in their support of the educational opportunities provided the children. The economics of the times means greater sacrifice on the part of the people who pay the bills. Your financial commitment to our most precious product - our children - is a long term investment in their future.

PRINCIPAL'S REPORT

Chesterfield Elementary School, with 263 students enrolled, began the school year on September 1, 1982, with five new staff members. The new staff included Susan Collins, Title I; Kathleen Woodbury, Reading 6, 7 and 8; Peggy Rydberg, Physical Education; Betsy Yacubian, Grade 5 aide; and Mary Maxwell, Special Education Tutor.

As a result of declining enrollment, we were able to place all of our classrooms in the school building for the first time in four years. We were also able to house the special education resource room in a full-size classroom for the first time allowing for expansion of the program. This also permitted more school-wide flexibility.

This year a new mathematics program, Systematic Teaching and Measuring Mathematics, has been piloted in grades readiness, one and six. S.T.A.M.M., as it is commonly called, is a curriculum which is used with our present mathematics books.

The Ginn Language Arts series was purchased for grades two, six, and eight. We hope to complete our sequential language program throughout the school this coming year. The Ginn Language Arts series is used in conjunction with the School Administrative Unit 29 Towns Language Arts Continuum which is in its second year of full operation.

As always, many people and organizations have worked in school donating their time and effort to help our students and staff members. Two individuals received statewide recognition for their efforts. Mrs. Kathy Casson, School Volunteer Coordinator, was named the New Hampshire School Volunteer Coordinator of the Year, and Mrs. Marilyn Taylor, P.T.A. President, received the award as the Outstanding P.T.A. Member in the State of New Hampshire. Without the dedication of these two people, and all of the other very active P.T.A. members and school volunteers, Chesterfield School would be unable to accomplish many of the positive things which are now occurring in the school.

On November 24, 1982, Ms. Nancy McMahon assumed the position of Acting Principal, as I left the Chesterfield School District to accept a position in Old Lyme, Connecticut. Mrs. Kathleen York replaced Ms. McMahon as the readiness/first grade classroom teacher, returning early from a leave of absence.
In closing, I would like to thank the school board, parents, students, the administration of School Administrative Unit 29, and the Chesterfield staff for all of their help during my tenure as Principal. With everyone's help, a positive educational environment can be seen and felt at Chesterfield School.

The School Lunch Program managed to come through another year; even though we had to raise our prices for the first time in many years. It was our first year with no milk reimbursement money and this caused us to have to raise the price of lunch - .55 for students 1st through 5th grade, .60 for 6th, 7th and 8th grades.

Each month a menu was sent home with every student. They may choose the meals they want to take and lunch money is collected every Friday. Free and/or reduced prices for lunches are also available.

Government commodities were plentiful which was a real bonus to the program. We received peanut butter, canned fruits and vegetables, raisins, prunes, chicken, turkey, pork, and hamburger.

We continue to work at serving your children a nutritious meal at the lowest possible price. Mrs. Riendeau and I enjoy our job and your children respond well.
