CHARLOTTE WILSON

August 12, 1907 - August 22, 1988

Charlotte was born in Jefferson, N.H. and moved to Shelburne in 1916, when her father, Uriah C. Hayes, went to work for Charles Hamlin, who owned the farm where John Carlson and family now live.

Charlotte grew up in Shelburne, attended local schools and graduated from Gorham High School in 1924. She also attended Plymouth Normal School and taught school in Dalton. In 1927, she married David D. Wilson and they spent their entire lives in Shelburne, living on the Wilson Farm by the Stone Fish.

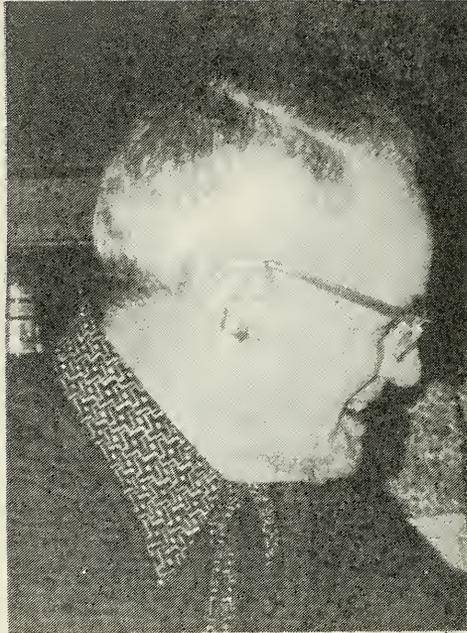

Charlotte was a 67 year Golden Sheaf member and Past Master of Winthrop Grange #315, and was a tireless worker, spending many hours working on suppers, Grange committees, and organizing activities. Charlotte also served many years on the Shelburne School Board and among her employers were the Philbrook Farm, where she worked for many years, the Dimick Pharmacy and the John Jordan family.

BARBARA LOWELL

January 16, 1930 - January 4, 1989

Barbara devoted her life to family, friends of all ages and her community. She served on many town committees, was President of Neighbors Club and was instrumental in collecting historical data on Shelburne. She led a full, rich life helping neighbors in time of need and welcoming newcomers. Shelburne and its citizens are the richer for her involvement.

RAYMOND HAYES

May 19, 1905 – June 30, 1988

Raymond was born and attended school in Jefferson, NH. He married Catherine Murphy in Gorham and had 15 children. (13 living). He lived most of his adult life in Shelburne. He was the Town Constable from 1937 until the summer of 1943. Raymond worked on the road crew in the early '40s and was employed locally on a number of jobs, including the Portland Pipeline Corp. construction of the local pumping station and spent several years working for Poretta Lumber Co.

SHELBURNE TRUST FUNDS

Cemetery - There are 44 perpetual care trust funds combined as a common trust fund and one newly created fund which will be combined with the above in 1990.

Capital Reserve Funds - There are four capital reserve funds. Two of these remain the same as in previous years, School Bus and Cemetery Maintenance.

The other two were created by town vote and funded by transfer from two former funds. The Fire Truck Fund became the Fire Hydrant Extension Fund and the Highway Equipment Fund became the Heavy Highway Equipment Fund.

Three new Cemetery Trust Funds were opened this year by Ferley and Olive Evans, Ben and Betty Werner and Thomas and Alice Ross.

Detailed accounts have been delivered to the town secretary, town auditor, the Attorney General and the Department of Revenue Administration.

Respectfully submitted,

Raymond Danforth

AUDITORS REPORT

We have audited the books and records of the Town of Shelburne for the year ending December 31, 1988, by means, at times, and to the extent deemed appropriate by the State of New Hampshire Department of Revenue Administration; and find them complete and accurate.

Respectfully,

Jon Sullivan

LIBRARY REPORT

In the past year, the library loaned 603 books to 24 adult and 25 juvenile patrons. The library hours remain the same: Thursday afternoons from 2 - 4 and Saturday mornings from 10 - 11. When we started Saturday hours last year we hoped to increase our patronage among those people unable to come to the library on Thursdays. This has not happened and we are presently considering whether or not to continue these Saturday hours. We will also open the library at unscheduled times--when a term paper is due or you need a good book for a rainy day. Just contact the librarian or one of the trustees.

In an attempt to keep a steady supply of books at a reasonable cost now that we are no longer allowed to borrow large collections from the State, we have come to rely more heavily on our paperback exchange and buying trips to used book sales and discount outlets.

We would like to thank Jo Carpenter, John Langell, Adam Henne, and Anne Grosvener for books donated to the library during the year and Dennis Desmond for a video tape of E.T. - the start of a potential video collection. The library trust fund also received additions from the Charlotte Wilson Memorial Fund and from Dennis Desmond.

We would be glad to hear suggestions as to how we can improve library service, and we invite everyone to stop in.

NORTH COUNTRY COUNCIL, INC.
ANNUAL REPORT

North Country Council observed its sixteenth year of successful operation in 1988. The Council, chartered under NH RSA 36:45, provides non-profit local and regional planning assistance to member municipalities. The Board of Directors determined that last year's work program would focus on community planning, economic development, solid waste, transportation and housing. The Council maintains four standing committees which monitor local issues and determine Council policy. Overall, the Council's major objective is to work with North Country towns in solving local and regional problems.

In Shelburne, the Council provided technical assistance to the Planning Board and NCC staff inspected the Shelburne landfill and provided Town officials with solid waste disposal information. Recycling and district solid waste work was performed for Shelburne through the Androscoggin Valley Solid Waste District.

CONSERVATION COMMISSION

The Conservation Commission worked to improve the nature trail on the leased land at Moose Ford, clearing brush, repairing signs and making plans for additional projects in the Spring.

In cooperation with the Recreation Directors, a new nature trail was laid out and cleared on the town's new recreation property. It is expected that further work will be done on this trail during the Summer season.

The drinking water quality survey continues, although the pace of testing and received reports have fallen off. We encourage all households to have their water tested and ask that the Conservation Commission be permitted to include the results in the survey. This will greatly assist in protecting the quality of our water.

It has been suggested to the Conservation Commission that attempts should be made to acquire some degree of control over the Stone Fish, as it is a very unique structure.

Initial contacts have been made towards this goal, but there are no results at this time.

GORHAM DISTRICT NURSING ASSOCIATION

Homemaker/Shopping Assistance Program

The Homemaker/ Shopping Assistance Program continues to flourish and assists the residents of Gorham, Randolph and Shelburne with activities of daily living, e.g. personal hygiene, transportation, errands, light housekeeping as well as many other services. Our staff consists of one RN and two nurses' aides. Our aides work 20 hours a week from 8 AM to 12 noon.

In 1988, 1,404 visits were made, an increase of 48 over the previous year. Of these, 2 Shelburne residents were serviced for a total of thirty visits. The criteria for accepting clients is based on need and everything is done to accomodate the client in order to prevent premature institutionalization.

The agency, although small, strives to meet todays challenges by providing in-home quality care.

Respectfully submitted,
Claudette Couture, RN
Supervisor

REPORT OF DISTRICT NURSE

Jan. 1, 1988 - Dec. 31, 1988

The past year has been a productive one. Our agency was receptive to all referrals in addition to case findings.

Keeping with the agency's philosophy, the clients in need were cared for regardless of the conditions of reimbursement.

The following percentages are the reimbursement figures for the 1,283 skilled nursing visits made.

Medicare	28%
VA/Pvt. Ins	8%
Medicaid	6%
BC/BS	2%
Pvt. payment	19%
No charge	37%

Five Shelburne residents were visited for skilled nursing for a total of 69 visits.

Skilled nursing visits are those made to homebound clients who need to have treatments which demand special nursing skills the client is unable to perform - e.g. having blood drawn for blood tests, wound irrigations, checking a client's lungs, etc.

Other skilled services include occupational and physical therapy available through contractual arrangement.

Clinics are another component of our services. These include monthly immunization clinics, preschool dental screening and preschool vision & hearing screening. Monthly blood pressure readings are held at Birch Grove. In addition, the agency is a resource for other health services.

Because of the reimbursement mechanism of our national health care, better known as DRG (disease related groups), the health care delivery has had a direct impact on community health agencies. We have become the home care giver during the client's recuperation period. Our agency follows the national trend, becoming more involved with treatments that were previously managed in acute health care facilities.

As 'there's no place like home', we, the staff, are especially attuned to providing the care the client needs, in the home.

Denise J. Demers, RN
Director

SHELBURNE FIRE DEPARTMENT

In 1988, the Shelburne firemen had a very quiet year, as we had only one chimney fire and two car fires. This was the best "fire free" year that we have ever had bestowed upon us, considering the number of homes that use wood for heating purposes here in Shelburne.

As in past years, the Shelburne Firemen's Association awarded a \$500.00 scholarship and this was awarded to Lydia Bevins. Congratulations Lydia!!! Once again, in 1989 the Association will be sponsoring another scholarship to a Shelburne student who will be graduating from high school, or will be entering their second year of college. Applications for this scholarship may be obtained by calling Burt Meyers at 466-2490.

We are still looking for new men on the fire department. Candidates who are in good physical condition. We are trying to update the department, and at the present time, we have several men who are attending a state certified firemens course being held in Gorham. We are hoping to be able to send several more to the course again next year. We hold our fire meetings on the first Wednesday of every month at the fire station. Meetings begin at 7 PM.

Fire Chief, Bill Davenport, wishes to express his apologies that we were unable to burn more fields as were requested last year. We are planning on going back to the task of burning fields this year, and we are requesting that you contact us in plenty of time as to when your field is ready for burning. This may be done by contacting either Bill Davenport at 466-2971 or Burt Meyers at 466-2490 for fire permits.

Bill Davenport, Chief
Burt Meyers, Secretary

SELECTMEN'S REPORT

Budget amounts have been a big concern for us as they have been for everyone. This year the Town of Gorham proposed "access" fees to Shelburne and Randolph for availability of the Gorham services to our citizens. In the past we have submitted the amounts requested but this year we had to question a new category for Recreation. The people of Shelburne voted in 1986 to fund our own park WITHOUT tax dollars. The Selectmen felt that this decision still prevailed and have communicated that to the Gorham Selectmen. The appropriations for Ambulance service and Public Nurse reflect increases but after investigation we feel the increases are warranted and present these to the Budget Committee.

The Police budget fell way below the expected amount. This is directly responsible to the two individuals who provide our Town with police protection on a TOTAL volunteer basis. The amount spent from the appropriation was for equipment and Mutual Aide only. Jerry Baker and Dr. Stearns are to be commended for keeping this budget well below the anticipated amount. The position requires certification, continuing education, and time. As long as all criteria for the job are met we will continue to work within a lowered budget. Our Police service is also faced with the Dispatch Service from Gorham. This service was discussed last year but not implemented. This year it is important and part of the Police appropriation must be set aside for payment. Despite radio contact, a 24 hour telephone touch base should be available to all citizens for whatever help they may need and someone must be there to answer the phone.

Community service is the keyword this year. Another service which involves alot of dedicated work time is the Dump. In our town we are fortunate our current Dump manager is as conscientious as former dump managers and we continue to operate a clean Town Dump that meets the State requirements. Ken Simonoko has taken much time this year attending Sanitary Land Fill Seminars and working on the State mandated 20 years plan that must be in and approved by Fall 1989. A committee of Tom Hayes, John Goralenski, Steve Tassej and Ken have put much time and research into this project and we are optimistic.

The warrant article concerning the consulting engineer fee was recommended by the budget committee. They recommended dividing the cost half to be borrowed on a four year term and half to be raised by taxes. As we have researched this project all recommendations indicate that the plan be prepared by professional engineers. We are hopefull that our plan, if prepared correctly, will be acceptable to the State.

The Cost Analysis Committee formed at 1988 Town Meeting met five times throughout the year. The Committee did construct ten recommendations which were forwarded to the Budget Committee in December 1988. A better understanding of Town Budgets was achieved.

Scott Wilfong has been appointed the new building inspector. He is preparing a fee schedule for permits and is researching BOCA codes specific for our Town. We will make these available to you as soon as possible.

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Between July 1987 and June 1988, we experienced more fires than normal. The three leading causes of forest fires were again children, fires kindled without written permission of a Forest Fire Warden, and debris burning. All causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden, Concord Forest Protection Headquarters at (603) 271-2217, or local Forest Ranger.

On January 1, 1989, the Deceptive Forestry Business Practices Law (RSA 224:54) goes into effect. This law, in summary, states that a person is guilty of a misdemeanor if, in the course of buying or selling a forest product, he uses a false weight or measure for falsely determining any quality or quantity of a forest product. For more information, contact one of the persons mentioned above.

REPORT OF THE CEMETERY COMMITTEE

The Cemetery Committee was very pleased with the new riding lawn mower and bag attachment. It saved many hours of mowing and raking. The Committee also received many compliments on the upkeep of the cemeteries. We have decided to omit plastic flowers and this has caused a few complaints, but once our policy is made known we feel this will help with the upkeep and maintenance of equipment.

The Committee has ordered a fence to put around the Head Cemetery next to the Hazelton Cemetery. Shelburne Neighbors has offered to pay for this. No major upkeep was done, but within the next year or two, fences will have to be replaced, trees have to come down in one cemetery, and another cemetery needs one section of its burial lots re-loaded.

The maps and file cards are always being worked on and updated.

PLANNING BOARD REPORT

In 1988 it appeared to the Planning Board that the move to the suburbs had arrived in Shelburne. Four subdivisions totalling 21 lots were presented for approval. Three were passed by the Board which included 15 lots which are all on the south side of Route 2.

As this is prepared, there are four more requests in the preliminary stage - three on the North Road and one on Route 2, with a potential of 20 parcels.

During 1988, the Board worked closely with the Fire Chief and Selectmen to assure adequate fire protection in each new subdivision. If water is not within the limits of the Town fire equipment, the subdivider is being required to provide a dry hydrant, underground tank with piping, or pond (natural or man-made).

Two applications for site plan review for business purposes were presented and one approved.

In 1987, the Board denied the petition of Gorham Sand and Gravel for a gravel and loam permit on Meadow Road adjacent to the river after conducting two public hearings and many hours of meetings and research. Since then the Town has been in Court twice relative to this denial and is presently being sued for a third time.

Shelburne Planning Board

SHELBURNE POLICE DEPARTMENT

At the last Town meeting, the Shelburne voters chose to keep law enforcement at home and entrust police duties to residents of Shelburne who know the Town and the people. This has worked quite satisfactorily in the past year.

In terms of activity, it was a fairly uneventful year. We were fortunate to have few motor vehicle accidents and no serious injury accidents. Complaints requiring police attention have been at a minimum.

Presence of officers on the highways around town on an unscheduled basis seems to pay off in reduced violations. Even though we hear that law enforcement is becoming complex, it seems that keeping both eyes open and checking your area works as well as ever.

The able assistance of Harry C. Stearns as a police officer in Shelburne has been valuable and greatly appreciated.

I would like to thank the New Hampshire State Police and the Gorham Police Dept. for their assistance.

The spirit of cooperation which exists among our departments is vital to our effectiveness. Thanks go to the residents of Shelburne for their support.

FRIENDS OF SHELBURNE RECREATION

1988 saw the establishment of the Friends of Shelburne Recreation (FOSR) for the purpose of developing a recreation area for use by all residents. Accomplishments to date include the following: Swing set, large sand box, picnic table, shade trees planted, temporary ball field and a nature/cross country ski trail.

The above have been made possible by the many people who generously donated their time, money, labor, equipment and facilities. No tax dollars have been spent in this endeavor.

Within the next year the FOSR hopes to put in place additional play equipment. Other enhancements planned included initial efforts toward a permanent ball field, an ice skating rink and picnic facilities. The FOSR encourages participation and suggestions from all residents. A Membership drive is planned for early Spring.

Respectfully submitted,

Lou Desmond, President

MEMORIAL FOREST

The Memorial Forest Commission continued in its goal of displaying the Shelburne Birches at their best, by removing underbrush and unwanted trees that have grown up in their midst. In addition, over 100 new paper birch seedlings were planted to fill in open areas and provide young trees for the Memorial Forest for the years to come.

The Memorial itself was limed and fertilized, and considerable patching was done to repair damage caused by motor vehicles to the lawn area. Additional work will be required in the Spring to cover tire marks that occurred in the Fall.

Again, we invite anyone who would like to help out in the Memorial Forest to contact us. Your assistance would be greatly appreciated.

SHELBURNE FESTIVAL CORP.

Shelburne Festival Corp. in conjunction with Winthrop Grange, sponsors the annual Festival. This year it will be August 26 & 27th. We meet every month except December.

Last years Festival was a great success. We had a Firemen's muster and a Bean Hole Supper by the Fire Department. The Festival Committee welcomes suggestions and attendance at our meetings to plan for our future Festivals. We meet at David & Joan Wilson's home. We are looking forward to another successful Festival this year.

* All or part of the total amount under the starred items are required by law to be raised as determined by the proper authorities. The District determines the salaries of the District Officers. The School Administrative Unit No. 20 decides the Superintendent's salary for 1989-90 as follows: Dummer, \$1,075.95; Errol, \$3,178.71; Gorham, \$36,844.63; Milan, \$8,263.53; Randolph, \$2,588.85; Shelburne, \$2,665.31. The Teacher's Retirement and the State Employee's Retirement Systems assess the amount of the Superintendent's retirement and other District employees that belong to the system. In those towns that are under Social Security, the amount to be paid by the District is established by law. All Districts are required by law to provide Unemployment Compensation and Workmen's Compensation.

Report
of
Superintendent of Schools

To the Citizens of the Shelburne School District:

Growth, resulting in increasing numbers of children, will have an impact on future educational costs. Growth, rather than increased tuition costs, will be more significant than any other driving force during the latter part of this decade well into the 90's. Without a change in the tax base costs have no way to go but up. Unfortunately that appears to be the wave of the future.

S.A.U. Budget

and

Services

The School Administrative Unit No. 20 budget has increased for 1989-90 for one reason. The S.A.U. Board recommended the addition of a Director of Special Services. This added approximately \$2,200.00 to Shelburne's share for 1989-90. This cost, were it not charged as part of the S.A.U. budget, would have been added as part of tuition in 1990-91.

Why add the services of a Director of Special Services? Well over 6 years ago it was determined that the numbers and difficulty of special education cases necessitated that more attention be given to this area of our services. Over the next 6 years the problem was not addressed, not until the fall of 1988 when Gorham took the initiative itself and hired someone.

Special education, throughout the nation as well as New Hampshire, is the most specialized and litigious service area in public education. For those reasons alone it requires that we give it a great deal of attention. Not only must we provide specialized and quality services to children, children who deserve the best, but we must be certain that we provide those services according to present rules and procedures. With 100+ pages of specialized rules and procedures it is critical that someone be on top of each case at all times. For 1989-90 we hope to have that someone in place.

Transportation

Since the fall of 1988 Shelburne has been double running the morning run to accommodate the number of students now residing in the community.

Those numbers have increased from the low 60's to 82 in the fall of 1988 to a projected 90 to 92 for the fall of 1989. If the trend continues we will have to look at double running the afternoon as well.

The decision to double run the morning run was a wise one. Not only was it necessary because of the numbers but it was also educationally sound. The elementary children no longer arrive early and wait for school to begin. Now they arrive at a more appropriate time and go to class shortly after they arrive.

School Warrant

Shelburne was one of several North Country communities to receive unanticipated sweepstakes money for FY's 1988 and 1989. These monies were given to communities on the basis of need. The purpose of the monies was to improve the quality of education to Shelburne's children. In Shelburne's case your school board chose to use the funds toward stabilizing the tax rate and to contribute to the future purchase of a new school bus.

Study

The Gorham School District has proposed that a study be undertaken to take a look at area population trends well into the 90's. The study is to include Shelburne and Randolph as well as Gorham so that a complete

picture can be had of the number of school aged children who will need to be accommodated in the future.

In addition to and to complement the population study an architectural study will be undertaken to determine building needs to meet the increased population expected to be in Gorham's classrooms when the 90's arrive. Also to be addressed in the study will be renovation needs, safety codes, asbestos, and accessibility for the handicapped. You could well ask, "Why all of this now?" My answer is a rather simple one. We can not wait until the problem is with us before we act. We need to plan ahead for the 21st century and what it will bring. The future is too important for us to sit back and wait for something to happen.

Summary

Over the years I have had the good fortune to have worked for and with some great people. Your school board and your bus driver are among that group. It is with great pleasure that I thank them for their help and dedication. Shelburne is fortunate to have them.

Respectfully,

ROBERT BELLAVANCE

Annual School Meeting

March 8, 1988

Report of proceedings:

Articles of the warrant with action taken. The polls were open from 5:00 P.M. to 9:00 P.M. On March 8, 1988 for election of officers. The polls were opened by Moderator Steve Tassey.

1. To choose a Clerk for the ensuing year.
2. To choose two(2) Auditors for the ensuing year.
3. To choose one(1) member of the School Board for three(3) years.

Ann Leger was elected Clerk with 155 votes.

Jon Sullivan was elected Auditor with 51 write-in votes. Ken Sears was elected Auditor with 26 write-in votes. Other write-in votes were Tim Boutin with 13 votes and Rodney Hayes with 11 votes.

Justina Hale was elected for member of the School Board for three(3) years with 91 write-in votes. H. Randall Stiles recieved 66 votes.

School Warrant:

The Annual District Meeting was called to order at 8:27 P.M. by Moderator Steve Tassey.

ARTICLE 1. To Determine the salaries of the school board, truant officer, auditors, treasurer, moderator, clerk, census taker, checklist supervisors, and ballot clerks.

Eleanor Danforth motioned, John Danforth seconded to set the salaries of the School Board Officers and other Agents of the District as follows:

School Board	1@	\$125.00
	2@	\$100.00 ea.
Treasurer		\$60.00
Moderator		\$25.00
Clerk		\$20.00
Auditors	2@	\$12.50 ea.
Truant Officer		\$25.00
Census Taker		\$60.00
Checklist Supervisors	3@	\$15.00 ea.
Ballot Clerk		<u>\$15.00</u>
		<u>\$600.00</u>

voted in the affirmative.

ARTICLE 2. To hear the reports of agents, auditors, committees, or officers heretofore chosen and pass any vote relating thereto.

Ray Danforth moved, Cynthia Gralenski seconded to accept the reports of agents, auditors, committees, or officers heretofore chosen and pass any vote

relating thereto.

Voted in the affirmative.

ARTICLE 3. To see if the District will vote to authorize the school board to make application for and to accept, on behalf of the District, any or all grants or other funds for educational programs which may now or hereafter be forthcoming from the United States Government, the State of New Hampshire, private individuals or corporations, or any state agency and to expend the same for such projects as it may designate.

Dennis O'Brien moved, Betty Werner seconded to accept the article as written in the Warrant.

Voted in the affirmative with one dissenting vote duly noted.

ARTICLE 4. To see if the District will vote to enter into a three(3) year tuition contract with the Gorham School District.

Cynthia Desmond moved, Jo Ann Carpenter seconded discussion- Mr. Belevance noted that the Shelburne School Board had successfully negotiated with the S.A.U. for a contract based on actual fiscal year two years before charges are made. Burt Meyers questioned if there was a way to decrease the Shelburne rate and increase the Gorham responsibility in any way. Mr. Belevance explained that the tax rate in Gorham is increasing the tuition aide. He explained that the revenues do not affect the amount spent by the Gorham School District, the district rate will go down as the Gorham tax rate increases. Further explanation Gorham pays the current actual rate for education while the Shelburne District pays at the negotiated contract rate.(set at contract date)

Donna Deblois questioned do we have a voice in the Gorham School District? Mr. Belevance explained under the present S.A.U. Set up no we do not. We have a local School Board, under a Co-Operative set up we would have representation on the Co-Operative District Board.

Voted in the affirmative.

ARTICLE 5. To see if the District will vote, as required under the provisions of RSA 189:47, to add the services of a Business Administrator to School Administrative Unit No. 20.

Jack Danforth moved, John Carpenter seconded. Discussion: Mr. Belevance explained that our S.A.U. Was one of two districts in the State that did not have this employee. In 1982 he asked the Unit to study this need by Consultants. The results of the study indicate this position is needed in S.A.U. 20. Copy of report included with minutes of these proceedings. Much discussion regarding the work load and the area of responsibility for this position ensued. Lynn Newell moved the question, Ray Danforth seconded.

Voted in the Affirmative.

ARTICLE 6. To see if the District will vote to raise and appropriate the sum of \$3,000.00 and place said sum into the Bus Capital Reserve Fund.

Pauline Viens motioned to amend the article to read \$2,000.00. Lynn Newell seconded.

Discussion: A new bus was purchased last year, the Budget Committee recommended amount as amended.

Voted in the Affirmative as Amended.

ARTICLE 7. To see if the District will vote to appropriate FY 1988 excess revenue in the amount of \$1,500.00 as supplemental appropriation to meet the statutory obligations of the district, said sum to be used as part of the appropriation for the 1987-88 school year.

Ken Sears motioned, JoAnn Carpenter seconded.

Explanation: School Board member Jo Ann Carpenter explained that this article allowed for the money recieved from the sale of old school bus to be handed over to the Treasurer for the purpose as stated in the article.

Voted in the Affirmative.

ARTICLE 8. To see if the District will vote to raise and appropriate the sum of \$5,300.00 as a deficit appropriation to meet the statutory obligations of the District, said sum to be paid to the Treasurer of the Shelburne School District before Jund (June?) 30, 1988.

Sue O'Brien motioned to pass over this article, Jo Ann Carpenter seconded. Explanation: School Board member Jo Ann Carpenter explained that when the budget was made it was thought there would be a deficit of this amount. The circumstance has been removed since then and the deficit is not anticipated.

Voted in the Affirmative to Pass Over this Article.

ARTICLE 9. To see if the District will vote to raise and appropriate the sum of \$272,310.00 for the support of schools, for the payment of salaries of school district officials and agents, and for the payment of the statutory obligations of the District.

Betty Werner motioned, John Danforth seconded.

Discussion: Debbie Baker questioned the Kindergarten education necessity. It is not required in the State of New Hampshire, it would remove the need for a double bus run, and reduce the school budget. Several people attested to the importance of this part of the education process and it was explained as an integral part of the school system where the Shelburne children are educated and it was felt to be a needed part of our System.

Voted in the Affirmative.

ARTICLE 10. To transact any other business which may legally come before this meeting.

Sue O'Brien motioned "I move the District enter into the record of the meeting it's thanks and appreciation to Gail Newell for her years of service to the parents and students of the Shelburne School District." Seconded by Cynthia Desmond. A unanimous vote of approval.

Voted in the Affirmative.

Meeting was recessed at 2:45 A.M. on March 9, 1988
Meeting was reconvened at 3:30 P.M. on March 9, 1988
Meeting was adjourned at 4:10 P.M. on March 9, 1988
