Foreword

The Town Warrant for 1986 is similar to that of 1985. It includes added funds for needed road work and for winter related highway equipment. The warrant provides for payment of the note by which the new road grader was purchased, and it asks the town if it wishes to provide additional support for the Alexandria Volunteer Fire Department. Also, the town will be asked if it wishes to have a Planning Board.

Article 4 increases the funding for road work by $15,000. The increase is for rebuilding bridges (especially the one near Donald Akerman's house) and for improving the Mt. Cardigan Road. This work is being done in accordance with a five year plan for maintenance of town roads which is being established. It is anticipated that a five year plan will be kept in effect and continually updated in the future.

Article 5 provides a snow plow and sander for winter road maintenance. Present operational equipment will remain in use and provide some backup capability which we need but do not have. The road rake, previously rented equipment, is needed to provide well maintained dirt roads.

Articles 6 and 7 authorize payment of the note by which the road grader and its equipment were purchased. The grader cost $81,817.16; and associated equipment, such as spare tires, chains and plow with wing, cost $6,062.41. In accordance with the vote on Article 7 of last year's warrant, a note for $95,000 to be repaid in five equal installments of $19,000 was obtained to pay for the grader. Your Board of Selectmen suggests that $40,000 of this note be paid off this year. Article 6 takes $20,000 from the Federal Revenue Sharing Fund for this purpose. The remaining sum of $20,000 is authorized by Article 7. In effect, this article uses $20,000 of the $33,762 surplus which we had accumulated at the end of 1985.

Article 9 asks the town to maintain a capital reserve fund from which money could be voted by the town in the future for the purchase of fire equipment.

Passing Article 10 will result in establishing a planning board to be initially appointed by the Board of Selectmen. The most workable arrangement appears to be to appoint members for from one to six year; one member for one year, one for two years, etc. up to six years. Then in 1987, the one year member would be up for election to a six year term. In 1988, the two year member would be up for election to a six year term etc. Finally in 1992 the sixth man would be up for election. Then, the board would be completely elected, and the election rotation would continue with one member being elected each year.

$110,722.50

3. To see if the Town will raise and appropriate the sum of $2,420.00 for the Newfound Area Nursing Association.
4. To see what sum of money the Town will vote to raise and appropriate for the maintenance and sealing and plowing of roads. The budget includes:
   A. Summer $44,938.63
   B. Winter 30,000.00
   C. Block Grant 40,061.37
   $115,000.00

5. To see if the town will vote to appropriate and authorize the withdrawal of $14,050.00 from the capital reserve fund to purchase the following:
   Snow Plow 3,250.00
   Sander 7,300.00
   Road Rake 3,500.00
   $14,050.00

6. To see if the Town will vote to authorize the withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 for use as setoff against budgeted appropriations, for the following priority purposes and in amounts indicated or take any other action hereon. Appropriation for Grader note payment $20,000.

7. To see if the Town will vote to appropriate the sum of $20,000 for partial payment of the Grader note.

8. To see if the Town will vote to appropriate the sum of four-thousands ($4,000.00) to be added to the Capital Reserve Fund.

9. To see if the Town will vote to establish a Capital Reserve Fund to purchase fire equipment for the Alexandria Volunteer Fire Department, and to raise and appropriate the sum of $5,000 to start the fund.

10. To see if the Town will vote to establish a Planning Board of seven members and up to three alternates with powers and duties as set forth in Chapter 674:1, New Hampshire Revised Statutes Annotated. The Board shall consist of one Selectman and six other citizens appointed by the Selectmen (as provided in Chapter 673:2 I1(a) New Hampshire Revised Statutes Annotated) for the first year. Thereafter, one board member will be elected each year.

11. To see if the Town will vote to accept this article in accordance with RSA 261:157-a (exemption for prisoners of war) the Legislative body of a city or town may adopt an ordinance waiving the fee to be charged for a permit to register one pleasure motor vehicle owned by any person who was captured and incarcerated for 30 days or more while serving in a qualifying war or armed conflict as defined in RSA 72:28, IV, and who was honorably discharged, provided the person has provided the city or town clerk with satisfactory proof of these circumstances.
12. To see if the Town will vote to raise and appropriate $3,000.00 half of which will come from New Hampshire Highway Safety Agency, for a new police radio and radar for the new cruiser.

13. To see if the Town will vote to authorize the Selectmen to apply for, accept, and expend without further action of Town meeting, in accordance with RSA 31:95-b, any money from a Federal, State, or other governmental unit, or from a private source, which may become available during the year.

14. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

15. To see if the Town will vote to authorize early collection of taxes at the request of the taxpayer.

16. To see if the Town will vote for an appropriation of $175.00 for the Support of the Community Action Program.
   The above funds would be used to support the local Community Action Program during the months that Fuel Assistance is non-operative (March-November).

17. To see if the Town will vote to raise and appropriate the sum of $57.89 to the Lakes Region Association for the purpose of publicizing and promoting the natural advantages as well as preservation of the natural resources of the Town, in cooperation with the other towns in the Lakes Region.

18. To see if the Town will vote to raise and appropriate the sum of One Hundred Dollars ($100.00) for, and to support, the Plymouth Area Task Force Against Domestic Violence, a nonprofit organization organized pursuant to New Hampshire Legislation, and partially funded by marriage license fees from the State of New Hampshire.

19. To see if the Town will vote to appropriate the sum of $112.00 to the Upper Valley Senior Citizens Council, Inc.

20. To transact any other business that may legally come before this meeting.

This warrant contains only articles prior to going to press and may be subject to additions.

Given under our hands and seal this 7th day of February in the year of our Lord nineteen hundred and eighty five.

Bernard F. Shattuck
Edward C. Lord
Robert M. Ramsey

Auditor's Report

February 10, 1986

Board of Selectmen
Town of Alexandria, New Hampshire

We have examined the financial statements of the various funds and account groups of the Town of Alexandria, New Hampshire for the year ended December 31, 1985 and have issued our report thereon, dated January 23, 1986. As part of our examination, we made a study and evaluation of the Town's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of such an evaluation is to establish a basis for reliance on the system of internal accounting control in determining the nature, timing, and extent of auditing procedures that are necessary for expressing an opinion on the financial statements and to assist us in planning and performing our examination of the financial statements.

The objective of internal accounting control is to provide reasonable, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed derived benefits and that evaluation of these factors necessarily requires estimates and judgments.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collision. Similarly, control procedures can be circumvented intentionally with respect to the estimates and judgments required in the preparation of the financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions and that the degree of compliance with the procedures may deteriorate.

Our study of the system of internal accounting control for the year ending December 31, 1985, would not necessarily disclose all weaknesses in the system because it was based on selective tests of accounting records and related data. The study and evaluation disclosed the following weaknesses which we consider to be material.
Cash Receipts Journal  Under current practice the Selectmen's office posts its cash receipts journal from the monthly Treasurer's report. Interest on the Town's money market account was not recorded on the books until year end. These conditions are indicative of an overlapping of functions which does not maintain the strict segregation of duties required by sound internal control procedures. By not recording the money market account interest until year end, reconciliation of the Selectmen's books and the Treasurer's books is not possible at periodic intervals during the year.

We recommend that the Selectmen's office receive a copy of the Town Clerk/Tax Collector's remittance to Treasurer form and record the receipt at that time. Since all other activity with the exception of bank adjustments already flows through the Selectmen's office, it will be a very simple matter to maintain segregation of functions. We also urge that the Selectmen's records be reconciled to the Treasurer's records on a monthly basis. In addition to providing for sound internal control these procedures should simplify bookkeeping practices for all Town officers involved.

Selectmen's Tax Collection Records  We were unable to locate the Selectmen's copies of 1985 tax abatements or the Land Use Change Tax warrant. We believe it is essential to internal accounting control that the Selectmen's office maintain duplicate records of all formal documents presented to the Tax Collector.

Tax Collector's Year End Reports  As of our report date, the Tax Collector's annual report was not available. Control over the tax collection function is effective primarily through annual and interim reporting. When the reporting function is neglected, control is weakened. We believe the Tax Collector should make the year end report available within two weeks of year end.

Tax Sales Sold To Town  As we have reported to you in the past the Town is carrying tax sales well past the time for deeding. While sufficient reserves are established for financial reporting purposes, we believe that the Selectmen and the Tax Collector should jointly resolve this problem during 1986.

Tax Sale Timing  As in the prior three years, tax sale was held at the last date permitted under the law. We again urge that the tax sale be held at an earlier date to improve the Town's cash position with respect to taxes receivable and to increase control over tax sales receivable.

Tax Sales Sold To Others  In the past two years an increasing proportion of the tax sale was purchased by outside parties. When redemptions on tax sales are made the Tax Collector remits them to the Town with the regular remittance and the Town pays the purchaser. This is in accordance with procedure as required by the N.H. Department of Revenue Administration. However due to the potential liability in connection with these transactions we believe that the Board of Selectmen should record the cash receipt and disbursement of the funds separately and that a reconciliation of the activity should be separately prepared.
Town Treasurer  The following recommendation with respect to the Town Treasurer is not related to internal control but merely a result of our observation of operations.

We noted that some of the bank accounts do not have statement dates which coincide with the last day of the month. We believe that monthly reconciliation would be facilitated if all account statements were on the last day of the month. We also believe that the treasurer should consider consolidating all banking activity at the same bank. We believe that this should speed up the process of depositing cash receipts to the account.

A letter of this nature concentrates on identified problem areas. We do not mean to imply criticism of Town Officials but to highlight areas where we believe operating systems can be strengthened. We wish to express our thanks to the officials of the Town for their assistance during the course of our audit.

Very truly yours,
Carey, Vachon & Clukay

The Alexandria Volunteer Fire Department reports a busy year. A record 43 fire calls were answered. Nine more than any previous year.

This year we hosted a first alarm Lakes Region Mutual Aid Drill at Nuttings Beach Condominium Development. After the drill all went for an inspection tour of the units.

The annual appeal and newsletter for 1985 was well responded to by residents and land owners.

We take this time to say thanks to our Ladies Auxiliary for their support.

We thank all who helped make this a good year.

We responded to the following incidents in 1985:

Dep. Commissioner, Harold Platts
Clerk, John Pyne
Engineer, Art Barron
Engineer, Fred Platts
Report of Town Forest Fire Warden and State Forest Ranger

Between July 1984 and June 1985, we experienced more forest fires throughout our state than in any year in the last 50. Two of the leading causes of the 1,605 fires were children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with your help. Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulations is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden.

If you own forest land, you will become responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

Forest Fire Statistics - 1985

| Number Fires Statewide | 1,605 |
| Acres Burned Statewide  | 1,580 |
| Cost of Suppression     | $246,017 |

Civil Defense Report

1985 has been a very active year for the Alexandria Civil Defense with the Federal Emergency Management Agency (FEMA) and the State Civil Defense Department. The town received $1,165.20 in FEMA funds in 1985.

We attended seminars on handling hazardous waste, the transportation of hazardous materials, and fire emergencies.

We received three radiology kits which were distributed to the Fire and Police Departments. We expect to receive two more. The Fire and Police Departments will receive instructions on this new equipment very shortly. We will be prepared for any accident involving the transportation of radioactive materials in the area.

We are establishing a plan of action so that the state and federal governments can be notified to assist the town if we have an accident involving hazardous materials for spills on town or state roads.

The FEMA funds received by the town were used to purchase three portable radios for the Road Department. These radios had their initiation during Hurricane Gloria and proved to be a valuable asset to the town.

George G. Whittaker
Civil Defense Director
Report of the Grafton County Commissioners

We appreciate the opportunity to submit the following report in our continuing effort to directly communicate with our constituents.

Because of current favorable cash status and appreciable fund balance, Grafton County maintained a level tax requirement this fiscal year, actually reducing the tax requirement by $200, and we anticipate an even better tax climate in the next fiscal year. However, due to the apportionment process of tax assessment by equalized valuation, some towns did see a slight increase in the county portion of taxes for 1985, though the majority of towns realized a decrease. The unusual fund balance is due to a combination of factors, including unused surplus in the previous budget, conscientious budget management by all departments, transfer of court expenses to the State, increased Nursing Home reimbursements, favorable returns on investments, increased Register of Deeds revenues and continued Revenue Sharing.

Along with saving the County approximately $300,000 in expenditures with the shift of liability for court activities to the State, we also anticipate receiving $100,000+ annually in rent on space occupied by the court system.

Grafton County is experiencing the same problems as your local government in the insurance market. Costs are rising dramatically & in some cases insurance coverage is unobtainable. We have retained a consultant to review county insurance needs & available coverage with the hopes of procuring one total package. Because of the current unstable insurance market, we do not yet have any report or recommendation.

In cooperation with your local government and the State, we are striving for a smooth transition to the new system of welfare service delivery under Senate Bill 1. Settlement for assistance determination has been eliminated & towns & cities are now liable for all general assistance to needy persons in their towns, including transients. However, liability for expenses of all juvenile services & for persons assisted under the categorical grant programs will now be shared by the State and counties, removing town liability. Under Senate Bill 1 & the ensuing partnership between counties and the state Dept. of Children & Youth Services, the Commissioners note a new direction for juveniles, including the development of new alternative programs to out of home placements.

Energy conservation programs at the nursing home and courthouse have realized a considerable savings with the decrease in fuel & electric consumption, cutting consumption & dollar cost in half for courthouse fuel alone.

In our letter to you in 1983 we noted litigation in a retirement buy-back suit where a negative decision would result in cost of $70,000 plus legal fees with a potential domino effect on local governments. We are pleased to note that the County prevailed in this issue.
The Commissioners have changed weekly meetings to Wednesdays. We encourage public attendance at all meetings. The county budget recommendations are processed in May & June. We welcome input and strongly recommend public attendance at the public hearings usually held in June.

GRAFTON COUNTY COMMISSIONERS
Dorothy Campion-Corcoran, Chairperson
Arthur E. Snell
Leonard F. Anderson
Newfound Area Nursing Association

Selectmen
Town of Alexandria
Alexandria, NH 03222

Dear Selectmen,

At a recent meeting of the Board of Directors of the Newfound Area Nursing Association, the Finance Committee recommended that a request be made to the towns for an appropriation of funds for the year 1986 as follows:

<table>
<thead>
<tr>
<th>Town</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bristol</td>
<td>$10,980</td>
</tr>
<tr>
<td>Alexandria</td>
<td>2,420</td>
</tr>
<tr>
<td>Bridgewater</td>
<td>2,420</td>
</tr>
<tr>
<td>New Hampton</td>
<td>4,480</td>
</tr>
</tbody>
</table>

This request it should be noted does not represent any increase over the amount appropriated for 1985. The Board is pleased to report that NANA has been successfully reorganized and returned to financial viability without interruption in service to our community.

NANA nurses, physical therapists, home health aides and homemakers have made 5,700 visits to the homes of individuals in our area during 1985. Beyond home visits, many residents are availing themselves of our numerous health screenings, clinics, lectures and self help groups. The cost for providing many of these groups is not reimbursable through Medicare, Medicaid or private insurance. Monies appropriated by the towns help to insure that NANA can continue to provide these needed services to all.

We respectfully urge your continued support. Thank you for making this vital service a reality for our community.

Sincerely,

Jeannine M. Martin
Executive Director
Newfound Area Nursing Association
Budget for 1986

**Public Support & Revenue**

**Public Support**
- Municipal Appropriations: $25,000.00
- Contributions: $15,000.00

**Revenue**

**Program Services**
- Grants - State Council on Aging: $13,124.00
- Professional Fees - Medicare: $100,000.00
- Professional Fees - Medicaid: $27,500.00
- Professional Fees - VA & Ins.: $11,000.00
- Professional Fees - Private pay: $16,000.00

Less Allowance - Free Service - bad debts: $(8,500.00)

**Other Revenue**
- Interest: $4,000.00
- Miscellaneous: $1,000.00

**Total Public Support & Revenue**: $204,124.00

**Accounting Fees**: $7,000.00
**Networking**: $2,500.00
**Dues & Subscriptions**: $2,500.00

**Sub Total**: $189,721.00
**Depreciation**: $1,016.00

**Total Expense**: $190,737.00
Operating gain or loss 13,387.00
Less Reserve for prior obligations 12,500.00
Net Gain 887.00

Bristol Community Center Report to Alexandria

39 and not holding could best describe the Community Center’s year of 1985. We had 29 various instructional programs which were attended by 799 Newfound area residents. In addition 93 volunteers sponsored 13 different fund-raising events which were enjoyable and successful.

Alexandria residents participated in the following programs; Aerobics, Pee Wee Basketball, 5&6 Boys Traveling team, Lakes Region Teen Basketball League, Archery, Air Hockey, Saturday Open House, Tiny Tots, Gym and Swim, Little League, Girls Softball, Playground, Swim Lessons, Day Camp, Toddler Tumble, Tap Dance, Cake Decorating, Halloween Party, Christmas Craft Workshop.

We would like to thank all the Alexandria residents who participated in the programs and special events. Special thanks to volunteers and your B.R.A.C. representatives Phyllis Schofield and Debbie Phelps.

In addition to a full schedule of recreation programs the Center saw some cosmetic improvements. With thanks to I.P.C. we now have a new rug in our entrance hallway. We are grateful to the Building Committee for their efforts in painting Hedding Hall. Arthur Borry kindly offered to re-finish the hardwood floors.

The Community Center will see its 40th year of service to the Newfound area and we hope you’ll help us celebrate by participating in the 1986 agenda of programs and special events.
Annual Report, Upper Valley Senior Citizens Council, Inc.

During my first year with the Upper Valley Senior Citizens Council, I have been pleased by the expressions of interest and support on the part of community officials and members of the general public for programs needed by older residents of Grafton County. Respect for the past and current contributions to the fabric of our society by our retired friends and neighbors and acknowledgement of the importance of services to assist them in remaining active members of our communities seems to underlie this supportive attitude.

This has been a most successful year for UVSCC. We have experienced growth in existing programs and have made efforts to expand current services and to develop new services in all parts of the County. UVSCC, established in Lebanon in 1973, has continued to respond to the very real needs of Grafton County elders and, today, has programs in Bristol, Lincoln, Woodsville, Orford, Lebanon, Plymouth and Canaan. Although nutrition and transportation are the primary services offered in these locations, we continue to develop and refine programs in response to the expressed wishes of each community.

Canaan residents are currently raising funds in anticipation of their move to a new Senior Center in the Indian River Grange Hall. Plymouth residents continue their search for an appropriate site for a Senior Center. Woodsville residents await the arrival of a handicapped accessible vehicle. Bristol elders look forward to a long awaited senior dining room program. Lebanon residents have undertaken a fund drive to pay for needed renovations at their Senior Center. Also in Lebanon, Advance Transit, once a component of UVSCC, became a separate corporation on October 1, 1985. All individuals associated with our agency feel most proud to have been instrumental in the development of mass transit services which will support the economy of the Upper Valley and which provide access to employment opportunities for many area residents.

During 1985, some 161,520 meals were served to elders in Grafton County, including 51,135 in senior dining rooms and 102,051 to individuals who are homebound. These figures represent an increase of nearly fifteen thousand meals over the previous year and an improvement in the nutritional status of many elders. UVSCC also furnished 42,154 transportation trips for area elders. However, some areas of the county remain underserved and other areas need additional services. The adoption of a long range plan for program development and the change of the name of our agency to Grafton County Senior Citizens Council are two of the many actions which the UVSCC Board of Directors has taken this year to address these needs.
No account of the year's activities would be complete without paying special tribute to our volunteers. UVSCC's volunteers deliver meals each day to individuals who are homebound, transport people to medical appointments, visit the ill and isolated, check on those who live alone, answer phones, assist in kitchens and dining rooms, serve on our Board and committees, and represent us in the community. In 1985, these dedicated individuals contributed time, talent and effort equal to 19% of our total budget. Their generosity of spirit serves as an inspiration to all of us.

This year, we celebrated the fiftieth anniversary of the Social Security Act and the twentieth anniversaries of the Older Americans Act, Medicare, Medicaid, Food Stamps, SSI and other programs which have significantly affected the the experience of aging in this country. Together, these programs have worked to provide more adequate incomes, access to health care, improved nutritional status and better housing for many retired Americans. However, many rural elders, including residents of Grafton County, remain unaware of and outside the system of services. Thus their experience of aging is characterized by ill health, inadequate nutrition, substandard housing, isolation and financial deprivation. Our new Outreach Program, representing a collaborative effort with Lebanon Area Health Care and Mascoma Home Health Services, Inc. is designed to reach these elders and to assist them in improving the condition of their lives.

As we move to a new year, we do so with an increased awareness of our responsibilities to all older residents of Grafton County and of our need to move toward the development of a network of services which will meet the needs of our older friends and neighbors and which will support them in health and dignity for as long as they are able to remain in their communities.

Carol W. Dustin, ACSW
Executive Director

We are enclosing a copy of the report on all towns that used the shelter facilities and services in 1985. Your Society’s shelter has been inspected and licensed by the State and fulfills your licensed dog pound requirements. It also complies with RSA 442-A, the Rabies Control Act for holding stray dogs.

Every town has stray and animal problems. We encourage the Town of Alexandria and especially your Animal Control Office to use your services more in 1986.

Sincerely,

Fritz T. Sabbow  
Executive Director
Report of the Executive Secretary of the Lakes Region Association July 1, 1984 to June 30, 1985

The Lakes Region Association brought together five Chamber of Commerce in the Region for a Cooperative Advertising/Mailing Program. Under a formula system it was set up so that each of the Chambers could participate at whatever level it was within their reach either financially or brochure wise. This program used $10,535 of cooperative funds and requested a State Matching Grant of a like amount giving us $21,070 for white space advertising and a total of $25,715 for the entire program. This includes expenses of mailing literature directly to those interested parties. This program stimulated over 38,306 individual requests. This program is the envy of other areas, and is now being copied.

Spring, while we were servicing these inquiries, our Lakes Region Attractions group were not to be out-done. They, too, planned a Television advertising program, raised $16,410 of their own money and requested and obtained a Matching Grant for another $16,410. They, also, had a new TV ad produced to upgrade the quality of the commercial. This well-designed program was used in the Greater Boston/Providence and Maine area to encourage the day tripper, as well as the longer time vacationer. This was most successful. They published and distributed 550M of their brochures and worked hard to keep the public informed that this is an excellent location for a vacation, a seasonal or a year round home area.

We again published the 92 page Where To In The Lakes Region book; With low water the distribution of the several navigational charts was a vital safety factor. We supervised the activities of the Lakes Region Attractions, a part of our organization; We guide new commercial property owners in management and promotion of their property; We work with many state agencies; and are active with the N.H. Travel Council, and the N.H. Hospitality Association.

The Lakes Region Association seeks to preserve the quality of life we have here in our special part of New Hampshire. We want to maintain and preserve our natural resources, our lakes, our fields, and forest, so that they can be enjoyed by not only those of us that live here, but also by those that visit our Region.

I have faith in our communities, their judgement and their ideals and know the Lakes Region Association will continue to work comfortably with our communities to mutual goals.

Respectfully submitted,
Mildred A. Beach, Exec. Sec.
The Lakes Region Association
