†Elected September 6, 1906, to succeed A. T. Pinkham, deceased.

VALEDICTORY ADDRESS.

HON. CHARLES H. FOSS.

Delivered January 6, 1915.

MEMBERS OF THE CITY COUNCILS, LADIES AND GENTLEMEN:

In retiring from the honorable position of Mayor of Dover, while fully aware that I am following out a nearly universal practice, yet I am certain that I would not only be doing an injustice to my own feelings but also fail to do justice to the city clerk and all others with whom I have been officially connected, did I not at this time publicly give expression to my sincere appreciation for the assistance I have received and the unflinching courtesy extended to me at all times.

It is not my purpose to take up your time with a general discussion of local interests, or to encroach upon the domain of my successor in office by reviewing the needs of the various municipal departments. Custom has accorded that privilege to the incoming Mayor, and I am confident that the gentleman who is to preside over your deliberations during the coming year has prepared an exposition of public affairs worthy of your careful consideration.

I trust that you will pardon me, however, if I refer, very briefly, to a few of the incidents and accomplishments that have marked the past two years—accomplishments in which some of you, gentlemen, have actively participated.

The available cash balance in the city treasury on the first day of January, 1913, was \$26,176.60. Supplementing this sum was an outstanding tax list of \$9,108.98, making the available resources of the city on that date \$35,285.58. On the first day of January, 1915, the cash balance in the hands of the city treasurer was \$47,251.26, with an outstanding tax list of \$13,598.50, making the present available resources \$60,849.76.

On the other hand, although \$36,800.00 have been applied to the bonded debt of the city during the past two years, the net indebtedness January 1, 1915, is \$8,200.00 in excess of the sum due January 1, 1913. This increase was occasioned by the bonding of the debt incurred in the construction of the Central avenue bridge, aggregating \$45,000.00.

The city is indeed fortunate in that all of its outstanding obligations are represented by regularly graded serial notes and bonds, thus obviating the necessity of floating a bond issue during the present uncertain market. That the interest charges upon our indebtedness are much lower than it would be possible to secure today is a self-evident fact.

Notwithstanding the highly gratifying improvement in our financial condition, we have, in addition to safeguarding the various departmental interests of the city, completed the Central avenue bridge and permanently improved its approaches, constructed and dedicated the observation tower on Garrison Hill, beautified the grounds surrounding the high school and public library buildings, constructed a modern and highly satisfactory incinerating plant, and entered upon the work of compiling the history of Dover. However, it is not necessary to make a detailed statement, for the work of the city councils of the two years just brought to a close is a matter of record and by it we must stand or fall.

The duties of the executive are essentially of a business character, but aside from those strictly official duties there come no inconsiderable drafts upon him for other matters of public interest. Many of these are of a most pleasurable nature and I may be excused if I recall two occasions that are to me particularly so; namely, that during the administration just drawing to a close, there was instituted the annual municipal Christmas tree, at which I had the honor to preside, and the opportunity of being officially connected with, and assist in making a pronounced success, the first Old Home Week celebration in Dover.

“With malice toward none and with charity for all,” I venture one frank observation. If the public and the press would seek information from official sources on any matter which may not be clear, or which appears to meet with some disapproval, and ascertain the actual facts and circumstances, instead of always holding aloft the hammer and hunting for something to “knock,” our city, in which we are all vitally interested, would, to my mind, be materially benefited thereby. I know of no greater favor that I can render to my successor than to earnestly bespeak for him and his associates in the city councils such treatment of municipal affairs as I have briefly indicated.

INAUGURAL ADDRESS.

HON. G. D. BARRETT.

Delivered January 6, 1915.

GENTLEMEN OF THE CITY COUNCILS:

On account of the action of the electorate of our city as expressed by them last November, we have met here today and have taken upon ourselves a solemn obligation to officially conduct the affairs of the city to the best of our ability.

There was an element which entered into the last election which I believe should be taken into account in shaping our course and actions for this year. I refer to the emphatic manner in which the people expressed their wish for a business administration. In my opinion that is their desire. Therefore, that we may start aright, let us see what we can depend upon to do business with for this corporation, and in order that we may more fully comprehend the duties which we are undertaking I submit to you an abstract of our assets and liabilities:

FINANCIAL SUMMARY.

Bonds not presented, interest ceased,	\$10,000 00
Funding and bridge bonds, 4 per cent., ..	10,000 00
High school bonds, 3½ per cent.,	60,000 00
City hall bonds, 3½ per cent.,	75,000 00
Water works notes, 3½ per cent.,	239,000 00
Central avenue bridge bonds, 4 per cent.,	45,000 00
Cemetery note, 3½ per cent .,	10,200 00

\$449,200 00

Gentlemen, the annual interest charge on these obligations amounts to \$15,402.00, or a sum sufficient to pay the entire operating expense of the fire department for a full calendar year, and leave a generous sum for the purchase of new equipment.

The available funds in the city treasury, together with the collectable revenue from outstanding taxes, aggregating in round numbers \$60,000.00, represents the entire working capital of the city for the next seven or eight months, or until the 1915 tax levy becomes available. It rests largely with you, gentlemen, whether or not it will become necessary to temporarily add to our interest bearing burdens by borrowing money to meet the ordinary operating expenses of the city.

It may surprise you to learn that practically every dollar raised by direct taxation is required to meet the fixed charges of the city, such as payments on the bonded debt, state and county taxes, interest and insurance charges, street lighting, salaries of officials and other employees of the city except schools, highways and library, and the sums fixed by law which must be raised for the last three mentioned departments, and that the only money available for all other purposes is the sum derived from sources which vary from year to year.

If we carefully study these figures we must admit that our predecessors have turned over to us a solvent corporation and it is our sworn duty not only to keep it solvent, but if we are able, to increase the usefulness of its resources, thereby bringing about more and better results. Then we have done our full duty. In these modern times the people demand more for their money than ever before, and justly so; but they are also willing to spend more for themselves and the city, but will not allow you, or me, to cover up anything by a

manipulation or juggling of figures, so that they cannot readily understand them.

The city affairs are conducted by departments, therefore, let us deal with them as units.

HIGHWAY DEPARTMENT.

The executive and working control of this department has been placed in the hands of one man elected by the people, and so long as the law remains as it is, we have little to say about its affairs. However, I should strongly advise that the finance committee consult with the commissioner regarding his wishes and plans for the year before placing any considerable amount of money at his disposal.

There are many things that this department needs, to do efficient work, and I believe that it is economy to see that it is properly equipped. Possibly a gasoline truck would be a saving of money to the city.

A building should be erected to house the city property so that depreciation would be reduced to a minimum, thereby conserving the resources of the department.

I, in common with others, have been an interested onlooker of its management; you, and the people, have formed an opinion; just what it is I do not know, but after a superficial investigation and availing myself of the many courtesies accorded by the commissioner, I am of the opinion that if the mayor of the city had more power we could get better results. The present commissioner assures me that it is his desire to work in harmony with all other departments for the best interests of the city, and I believe that he is sincere in that desire.

WATER DEPARTMENT.

The matter of a larger supply of water for our city is one which has occupied the attention of the city

councils and the citizens for years. Large sums of money have been expended from year to year in investigations, accomplishing nothing. Why, I do not know. Personally, I believe that we have enough available water for a city of our size and I shall not favor any expense looking to a larger supply until I am convinced beyond peradventure that we need it; and any person advising me to that end, who has a personal axe to grind, will not change my mind.

I believe that this department should be made to pay its debts out of its income. If we are positive that the department is run as economically and efficiently as good business methods will produce, then there is only one thing to do: charge more for water. If water users are getting more than they are paying for, then in justice to the tax payer who does not, or cannot, use the water, charge more for it.

If the present board of water commissioners will not act, declare their offices vacant and elect men who will put this department on a self-supporting basis.

SCHOOLS.

As you are aware, the management of our schools is vested in a board of fifteen men, two-thirds of whom are elected by the people and one-third by the councils. This body of men is spending in round figures \$42,000 of our available yearly resources, so that considering the cost of our school buildings, the annual cost of maintenance, depreciation and insurance, the total cost of this department is about \$75,000 per year; therefore it becomes our duty to carefully study their acts; not only what they have done but what they propose to do in the future.

We all believe that no city can attain any great amount of success without extra good schools. Education we must have if we expect to surround ourselves with good citizens. In my opinion the committee is accomplishing good results and working to the end for

better education. The selection of the employees of this department will show its effects in our future citizens, and I hope that the men who have this department in charge will ever keep this fact in mind when making such selections.

You will readily understand that financial interests are involved, as well as educational, and to that end I would recommend that you, gentlemen, see to it that the school committee charge an adequate tuition fee for out-of-town pupils.

PUBLIC LIBRARY.

The library is one branch of the educational life of our city. It is managed by a board of trustees who have the interest of the city at heart, and have demonstrated it in more ways than one. I believe that the people of our city appreciate their endeavors to help along educational lines in their department. It should be the duty of the councils to safeguard their material interests.

PINE HILL CEMETERY.

The resting place of those of our loved ones who have gone before is sacred to us all. The care given to this city of the dead by our efficient trustees and superintendent is to be commended. The department having acquired considerable more land along Central avenue, will undoubtedly be enabled to materially beautify the grounds.

THE WENTWORTH HOSPITAL.

About ten years ago the city accepted a legacy from the estate of Arioch Wentworth to found a hospital. The outgrowth of this bequest has given to us one of the best institutions of its kind in New Hampshire. After careful investigation and study I believe that this institution, as now conducted, is a

credit to us as a city. The expense of maintenance is growing each year. The people of our city and adjacent towns are availing themselves of it to their advantage, not ours.

I believe that it is our duty to help the sick and afflicted in so far as we can, keeping in mind our ability to provide for our own needs.

It will not be long before this institution will be costing the city \$1,000 per month. Can we afford it? Can changes be made to increase the income? If so, how? Are the rules of administration just to all? These are problems that ought to be worked out, and until they are, I would advise that you go slow in the matter of appropriations.

PUBLIC PARKS AND PLAYGROUNDS.

The recent legislative act relating to the highway department places these matters in a single commissioner's hands. Also, any bequests that the city may receive to be devoted to parks or playgrounds will be a matter for him to deal with so long as this law is in force; but I believe that he will be only too glad to consult with you regarding these and other important matters, and will be guided in his official action by your wishes, in so far as they are for the best interests of the city.

FIRE DEPARTMENT.

The efficiency of this department has a bearing upon the commercial life of our city. Without harmony and proper control at all times, no matter how much money is expended, we, as individuals and as a community, are at the mercy of the flames. The property owner pays a higher price for insurance, hence the consumer of merchandise must pay more for his necessities. Insurance is the basis of credit; without it no manufacturer or merchant could do business, neither could we borro

money on our homes,—which many of us would be unable to own if we could not do so. Personal matters should not enter into the management of the department to endanger its efficiency.

The time has arrived, in my opinion, to motorize one piece of our apparatus, and I would recommend that such action be taken.

POLICE DEPARTMENT.

By a legislative act passed some years ago this department is conducted by a commission over which we have no control, except to see that they are properly housed, clothed and fed. As usual in cases of this kind, the usual things have happened. Under these conditions I do not believe that we are justified in appropriating any money beyond their actual needs until we are in control of this department.

There is a law-suit now pending between this department and the city, which I believe should be adjusted in the interest of the city and not continued at a large expense just to gratify individual feelings.

HEALTH DEPARTMENT.

I believe that in this department we have a painstaking official as its executive head, and that the public is not giving him a square deal. He has suffered unjust criticism in the past because people are asking, and demanding, that the department do work for them which they know to be unjust. About 30 per cent. of our tax payers are receiving special privileges in the matter of removing ashes; the other 70 per cent. are compelled to contribute an unjust amount of money to defray the expense of such removal. I invite your closest attention, gentlemen, to this matter, and would recommend that you pass such city ordinances as will enable the head of this department to attend to the

matters pertaining to the health of the city, instead of spending a large part of his appropriation in doing trucking for the few.

This department needs your support along business lines and I hope that it may receive it.

HISTORY.

As my two immediate predecessors in office have advised that the history of our city should be written and published, I feel that we should take recognition of this matter, especially as we have already expended \$300 along these lines. To that end, I recommend that it be referred to a committee, they to carefully consider the subject matter and report to these councils.

CITY HALL.

This city would own, if its debts were paid, the edifice in which we are now housed, which would be a credit to a city of 100,000 population. Having it, we must care for it. The cost of maintenance is more than I care to see in print, and am in hopes that the city hall committee will be able to work out a solution of the problem whereby we may be able to show an increase in revenue and less expense.

I do not approve of any man controlling this building without having a lease of the same, duly approved by these councils.

HARMONY.

To accomplish the best results for all, we must see to it that each department works in harmony with every other.

Little things are what make for the larger, and I advise that the mayor be empowered to employ a general utility man who can work for the city wherever he may be needed, and when not required for this work, to be in the employ of the highway commissioner.

I recommend that you take such action as may be necessary to carry this suggestion into effect.

IN CONCLUSION.

The agitation and the talk that we hear of what has, or has not, been done, we fain would disbelieve; but back of all is the hint of a new birth. There is failure in one system, perhaps; therefore, promise of another. When exposed, the evils usually fade away. When a man is hard pressed he should summon the best of brain and heart within his control to save the situation. The legacy bequeathed from past experiences forms the basis of hope. If we could forget that troubles ever existed among ourselves, we, as a city, would experience a greater impetus in the year to come.

Co-operation in the government of city affairs is the road that leads to prosperity for all. The encouragement of selfish ends in the interest of any individual or clique, or with your permission I would say "wards", will not only stultify ourselves but the city. The "knocker" and the "kicker" is the man, (as you know), who has not reached a successful plane in life but is peeved because the other man,—yes, even his friend,—has achieved success.

I believe, gentlemen, that if we are given a chance we may be able, with the help of the citizens, to bring about improvements that will be to the advantage of all.

I also believe that the people of Dover want us to try to do so, and that they will help us. To that end I recommend that the mayor be empowered to appoint a committee to consider a plan for the better government of our city, consisting of the mayor, one alderman, one councilman, our state senator, one representative to the General Court, and two citizens at large, said committee to be non-partisan. This committee to meet and organize at once, hold public hearings, inves-

tigate our charter and the charters of other cities of our size and requirements, then after due hearings and investigations to report to these councils their findings and advise regarding the subject matter.

I would especially recommend and urge members of the city government to meet with this committee and help them to bring about the best results possible. With these thoughts in our minds, let us proceed to our work. .

ANNUAL REPORT

OF THE

Joint Standing Committee on Finance.

GENTLEMEN OF THE CITY COUNCILS:

The books of the city treasurer have been examined and compared with those of the city clerk, by the joint standing committee on finance, and all accounts are found to be correctly kept, with proper vouchers on file for all payments. We have also examined and verified the bonds and cash on hand, and also the sources from which the income of the city has been derived, and we are satisfied that the report of the city treasurer is correct.

We have examined all the appropriations, vouchers and receipts in the city clerk's office, and compared the same with the treasurer's and find all bills approved, certified, and checks properly issued. We find the accounts of the office plainly and legibly set forth and agreeing with the books of the city treasurer.

We find the cash balance in the hands of the city treasurer, including the balances of the various departments, to be \$55,533.39.

We find the following trust funds in the hands of the city treasurer, invested as follows:

Tredick fund, two Massachusetts Gas Co.
4½ per cent bonds, (\$2,000.00), and
three New York Telephone Co. 4½ per
cent bonds, (\$3,000.00), par value, . . . \$5,000 00

Tredick fund, balance remaining after investing principal as above, Savings bank,	\$54 04
Currier fund, Savings bank,	1,000 00
Pray fund, Savings bank,	1,129 07
Cemetery sinking fund, easterly addition, Savings bank, (\$1,800.00 to be withdrawn and applied to cemetery note,)	1,853 89
Cemetery trust funds, original deposits, exclusive of Tredick and Woodman funds, Savings bank, and invested in cemetery note,	52,256 00
Accumulated interest on above cemetery trust funds, Savings bank, including deposit of \$1,148.00, bank book A 11919,	3,907 71
Lothrop fund, Wentworth Hospital, Massachusetts Gas Co. 4½ per cent bond, par value,	1,000 00
Lothrop fund, Wentworth Hospital, accumulation from reinvestments and interest thereon, Savings bank,	25 61
Lothrop fund, Dover Public Library, Massachusetts Gas Co. 4½ per cent bond, par value,	1,000 00
Lothrop fund, Dover Public Library, accumulation from reinvestments and interest thereon, Savings bank,	25 62
Wentworth Hospital fund, three Oregon Short Line railroad 4 per cent bonds, (\$3,000.00), and twenty Lake Shore & Michigan Southern railroad 4 per cent bonds, (\$20,000.00), par value,	23,000 00
Perkins Medal fund, Savings bank,	969 82
Caroline E. Hanson fund, Wentworth Hospital, four Boston & Maine railroad bonds, common stock, par value,	400 00

Martha E. Hanson fund, Wentworth Hospital, one Northern Pacific-Great Northern railroad joint bond, 5 per cent (\$1,000.00), two American Telephone and Telegraph Co. 4 per cent bonds, (\$2,000.00), one Minneapolis General Electric Co. 5 per cent gold bond, (\$1,000.00), and one Milwaukee, Sparta & North Western railroad 4 per cent bond, \$1,000.00), par value,	\$5,000 00
Martha E. Hanson fund, Wentworth Hospital, accumulations from reinvestments and interest thereon, Savings bank, ..	62 08
Woodman fund, Cemetery, National bank,	655 96
Jacques fund, Dover Public Library, Savings bank,	2,424 72
Abbie M. Sawyer fund, Wentworth Hospital, four Milwaukee, Sparta & North Western railroad bonds, 4 per cent, par value,	4,000 00
Abbie M. Sawyer fund, accumulations from reinvestments and interest thereon, Savings bank,	247 11
Abbie M. Sawyer fund, Garrison Hill park, Savings bank,	4,213 70
Benjamin F. Nealley fund, Wentworth Hospital, five Milwaukee, Sparta & North Western railroad 4 per cent bonds, par value,	5,000 00
Benjamin F. Nealley fund, Wentworth Hospital, accumulation from reinvestments and interest thereon, Savings bank, ..	308 90
Emma J. Sanborn fund, Wentworth Hospital, three Milwaukee, Sparta & North Western railroad 4 per cent bonds, par value,	3,000 00

Emma J. Sanborn fund, Wentworth Hos- pital, accumulations from reinvestments and nterest thereon, Savings bank,	\$186 38
Leola Worthen fund, Wentworth Hospital, Savings bank,	511 71

Respectfully submitted,

CHARLES H. FOSS,
D'ORVILLE L. PINKHAM,
ASHTON ROLLINS,
C. A. DAVIS,
JOHN W. MORRISON,

Joint Standing Committee on Finance.

Dover, N. H., January 4, 1915.

ANNUAL REPORT

OF THE

CITY TREASURER.

Respectfully submitted,

WILLIAM K. CHADWICK,

Treasurer.

Dover, N. H., December 31, 1914.

ANNUAL APPROPRIATIONS,

1914.

Brown tail and gypsy moths and elm leaf beetles, suppression of,	\$1,800 00
and income of the department. To be expended by the committee duly appointed for the suppression of the brown tail and gypsy moths.	
Cemeteries,	1,500 00
and income of the department. To include care of the Grand Army lot.	
City debt, \$15,070.00 from money coming from the State, to provide for the payment of maturing funding and bridge bonds, (\$5,000.00); discount incident to the refunding of the \$169,000.00 water works note. (\$5,070.00), and \$5,000.00 to be applied upon the water works note of \$75,000.00 maturing August 5, 1914.	
City hall committee,	1,700 00
and \$500.00 from money coming from the State, also general income of the department, including rentals as follows: \$500.00 from the police department; \$200.00 from the Strafford Guards; \$200.00 from the water department; \$300.00 from the school department; \$50.00 from the health department, and \$100.00 each for offices occupied by the mayor, city clerk, city treasurer, city messenger, tax collector, the offices oc-	

cupied jointly by the assessors and supervisors, and \$150.00 for the city government rooms and corridors.	
County tax,	23,165 51
C. W. Sawyer Post, G. A. R.,	225 00
for Memorial day expenses.	
Dover water works, \$3,000.00 from money coming from the State, for all water used for municipal purposes, including fire hydrants, except the water used by the following named departments which shall pay the water department for all water so used at the rate of 15 cents per 100 cubic feet: Cemetery, city hall committee, fire (except as above provided), highway, public library, schools, and the Wentworth hospital. The department to pay the city hall committee \$200.00 for rent.	
Election expenses,	600 00
and \$2,000.00 from money coming from the State. To include the installation of uniform voting booths in the several ward houses agreeably to the provisions of chapter 222, Session Laws, 1913.	
Fire department,	14,000 00
Fourth of July,	38 00
for ringing bells. To be under the direction of the city messenger.	
Health department,	6,250 00
and \$1,000.00 from money coming from the State, also income of the department. To include the construction and equipment of an incinerating plant, also \$50.00 to be paid the city hall committee for rent.	
Heating, lighting and rental of offices and	

corridors,	\$750 00
To be paid the city hall committee, as hereinbefore provided.	
Highways,	39,000 00
and income of the department, to be divided as follows: \$21,600.00 and income of the department for all expenses not otherwise herein provided for; \$4,350.00 for oiling, cleaning and sprinkling the streets; \$4,500.00 for completion of the State road to Dover Point; \$1,400.00 for new machinery; \$3,250.00 for sewers; \$3,000.00 for sidewalks; \$400.00 for parks and playgrounds, and \$500.00 for bridges.	
Insurance,	4,400 00
To be apportioned by the mayor.	
Interest, coupon and general,	3,955 25
and \$4,020.00 from money coming from the State and rebate from cemetery department. Interest on water works debt to be paid from income of the department.	
Lands and buildings,	1,200 00
Miscellaneous expense,	1,000 00
Plotting the city for tax assessment purposes, not exceeding \$450.00 from miscellaneous license fees. All work to be performed under the direction of the joint standing committee on finance.	
Police department,	5,350 00
and \$9,000.00 from liquor license fees.	
Printing and stationery,	1,000 00
Public library,	5,800 00
To include amount required by law, also \$800.00 to be paid the school committee for heating and janitor service.	

Repairs of schoolhouses,	\$3,500 00
To include sanitary plumbing for the Pierce school building.	
Salaries,	7,700 00
To include the mayor, city clerk, city treasurer, collector of taxes, board of assessors, city solicitor, city messenger, city physician, clerk of the common councils and overseer of the poor.	
Schools,	42,300 00
and income of the department. To in- clude all legal requirements, cleaning schoolhouses, and heating and janitor service for the Dover public library; also \$2,000.00 for free text books and sup- plies, and \$700.00 for evening schools. The department to pay the city hall com- mittee \$300.00 for rent of rooms in the city building.	
State tax,	24,560 00
Strafford Guards,	200 00
To be returned to the city hall commit- tee for rent of armory.	
Street lighting,	1,100 00
and \$12,600.00 from money coming from the State.	
Support of paupers,	3,000 00
Wentworth hospital,	7,000 00

ANNUAL REPORT
OF THE
Joint Standing Committee on Claims.

GENTLEMEN OF THE CITY COUNCILS:

During the year 1914 claims have been passed upon by your committee aggregating \$290,516.86, of which sum \$130,386.08 represented money transferred to the various departments maintaining individual accounts of receipts and expenditures such as the water department, the highway, cemetery and school departments, the public library, the Wentworth hospital, etc.

The following tables show the appropriations and revenues of the various departments, the amount of money expended in each of said departments, and the unexpended balances, together with a particular statement of the sources from which the revenues of the various departments were derived.

In order that there may be an agreement between the totals herein presented with those submitted in the report of the city treasurer, we have included the Currier fund (\$35.30) and the accumulated trust funds (\$2,595.91), although those two divisions come under the immediate supervision of the treasury department.

DEPARTMENT.	Resources,	Expended.	Balance.
Brown Tail Moths,	\$1,968 92	\$1,899 19	\$69 73

Dover, N. H., January 1, 1915.

REPORTS OF TAX LIST COMMITTEES.

TO THE BOARD OF MAYOR AND ALDERMEN:

GENTLEMEN:—The committee appointed to audit the accounts of Harry A. Morrison, tax collector for 1913, reports as follows:

Dr.	1913	
To tax list as committed,		\$203,239 13
To interest,		933 06
		<hr/>
Total,		\$204,172 19

Cr.	1913	
By amount paid treasurer,		\$195,924 25
By abatements,		8,247 94
		<hr/>
Total,		\$204,172 19

Your committee, having found that Harry A. Morrison, collector of taxes for the year 1913, has collected all the taxes for that year, and paid the same to the city treasurer, taking his receipt for the same, we recommend that the chairman of this committee be empowered and instructed to write a discharge upon the collector's bond for that year, and that the same be placed on file.

Respectfully submitted,

ASHTON ROLLINS,
WILLIAM E. RINES,
CHARLES O. BAKER,
Tax List Committee.

Dover, N. H., September 17, 1914.

TO THE BOARD OF MAYOR AND ALDERMEN :

Gentlemen:—The committee appointed to audit the accounts of Harry A. Morrison, tax collector for 1914, reports as follows :

Dr.

To tax list as committed,	\$205,874 53
To interest,	16 01
	<hr/>
Total,	\$205,890 54

Cr.

By amount paid treasurer,	\$191,380 00
By abatements,	912 04
	<hr/>
Total,	\$192,292 04
Balance due on 1914 list,	13,598 50

Although this balance is larger than common on account of a large tax remaining unpaid for which the collector is not to blame, the balance is much smaller than last year. Taking this fact into consideration the balance uncollected and the abatements are much smaller than ever before.

Respectfully submitted,

JAMES MARSHALL,
WILLIAM E. RINES,
CHARLES O. BAKER,
Tax List Committee.

Dover, N. H., December 31, 1914.

TRUST FUNDS

SHOWING CONDITION DECEMBER 31, 1914,
AND HOW INVESTED.

Cemetery Sinking Fund.

By vote of the board of trustees, May 14, 1903, one-half of all moneys received from the sale of lots in the easterly addition to Pine Hill cemetery is set apart as a sinking fund to be applied to the reduction of the \$15,000.00 indebtedness incurred in the purchase of said addition. (Present indebtedness \$12,000.00).

Capital, January 1, 1914,	\$1,469 52
Income from sale of lots,	\$332 50
Interest on invested capital,	51 87
	<hr/>
	384 37
Balance to new account,*	\$1,853 89
Deposited in Savings bank.	

Cemetery Trust Funds.

Under the provisions of the Public Statutes the City of Dover is empowered to take and hold funds in trust, to apply the income thereof perpetually to the care, preservation or embellishment of its public cemeteries, or to any private lot therein. The first deposit received by the city under this law bears date of October 22, 1886. An amendment of the city charter approved March 13, 1895, placed the management of all our public cemeteries in the hands of a board of trustees. At that date the trust fund account aggregated only \$2,303.79; since that time this account has rapidly increased until, at the close of business December 31, 1914, it had reached, including the Tredick fund, (\$5,000.00), and the Woodman fund, (\$615.05), exclusive of interest, the gratifying total of \$55,381.05.

* \$1,800 to be applied to the cemetery note.

Capital, January 1, 1914,	\$49,766 00
Deposits for the year,	2,490 00
	<hr/>
Capital December 31, 1914,	\$52,256 00

A part (\$10,200.00) of the above capital is invested in the cemetery loan at 3½ per cent. interest, (local banking rate), the balance is deposited in Savings bank. Each deposit forms a separate and distinct trust, subject to the conditions under which it is received, and its absolute integrity is guaranteed by the city. The identity of each individual trust invested in the cemetery loan is inviolably preserved, and such fund participates in the accrued interest as it becomes released by reason of the reduction of the debt. See report of cemetery trustees.

Currier Fund.

Bequest of \$1,000.00 under the will of John H. Currier, Esq., interest to be applied annually for the relief of deserving temperance poor people of the city not on the pauper list. Original deposit dated December 26, 1872.

Capital, January 1, 1914,	\$1,000 00
Income for the year,	\$35 30
Paid mayor's orders,	35 30
	<hr/>
Balance to new account,	\$1,000 00
Deposited in Savings bank.	

Caroline Hanson Bequest.

Under the will of the late Mrs. Caroline Hanson, the City of Dover received, during the year 1911, the sum of \$5,038.72 for general hospital purposes. By vote of the trustees this bequest was applied toward the retirement of a loan of \$5,700.00 incurred in the purchase of the Haley property. On December 18, 1912, four shares of stock, Boston & Maine railroad, par value \$400.00, representing the residue of the estate of said deceased, was transferred to the hospital trustees, and the same is now held by said board subject to future disposition.

Martha E. Hanson Fund.

Gift of Miss Martha E. Hanson for the establishment of a free bed in the Wentworth hospital for deserving women. Gift received January 11, 1911.

Capital, January 1, 1914,	\$5,000 00
Income for the year,	\$110 00
For care of deserving women,	110 00

Balance to new account, \$5,000 00
Invested as follows:—

One Northern Pacific-Great Northern railroad joint bond, 5 per cent. (\$1,000.00); two American Telephone & Telegraph Co. 4 per cent. bonds, (\$2,000.00); one Minneapolis General Electric Co. 5 per cent. gold bond, (\$1,000.00); the balance (\$1,000.00) being deposited in the Savings bank. On February 20, 1912, \$944.00 was withdrawn from the Savings bank and invested in one Milwaukee, Sparta & Northwestern railroad 4 per cent. bond, par value \$1,000.00. The balance (\$56.00) remains in the Savings bank, and has accumulated interest aggregating \$6.08.

Jacques Fund.

Bequest of \$2,000.00 under the will of Mrs. Lizzie Hale Jacques. Principal and interest to be used, at the discretion of the board of trustees of the Dover public library, for the purchase of books. Original deposit dated July 29, 1896.

Capital, January 1, 1914,	\$2,301 76
Income for the year,	122 96

Balance to new account, \$2,424 72
Deposited in Savings bank.

Lothrop Fund.

Bequest of \$1,000.00 under the will of Hon. James E. Lothrop. Income only to be used by the board of trustees of Dover public library for the benefit of the musical department. Original deposit dated October 1, 1907.

Capital, January 1, 1914,	\$1,000 00
Income received, 1914,	\$45 00
Paid out,	45 00
	<hr/>
Balance to new account,	\$1,000 00

Originally invested \$933.33 in 5 per cent. gold note of the Lake Shore and Michigan Southern railroad, par value \$1,000.00; balance of \$5.77 deposited in Savings bank; at maturity of note reinvested \$985.38 in 4½ per cent. Massachusetts Gas Co. bond, par value, \$1,000.00; balance of \$14.62 deposited in Savings bank. Accumulated balances and interest aggregate \$25.62.

Lothrop Fund.

Bequest of \$1,000.00 under the will of Hon. James E. Lothrop. Income only to be used by the board of trustees of the Wentworth hospital for the care and treatment of patients unable to pay. Original deposit dated October 1, 1907.

Capital, January 1, 1914,	\$1,000 00
Income received, 1914,	\$45 00
Paid out,	45 00
	<hr/>
Balance to new account,	\$1,000 00

Originally invested \$933.33 in 5 per cent. gold note of the Lake Shore and Michigan Southern railroad, par value \$1,000.00; balance of \$6.67 deposited in Savings bank; at maturity of note reinvested \$985.37 in 4½ per cent. Massachusetts Gas Co. bond, par value \$1,000.00; balance of \$14.63 deposited in Savings bank. Accumulated balances and interest aggregate \$25.61.

Nealley Fund.

On January 20, 1912, the City of Dover received the sum of \$5,000.00 under the will of the late Hon. B. F. Nealley, for the establishment of a free bed in the maternity department of the Wentworth hospital.

Capital, January 1, 1914,	\$5,000 00
Income for the year,	\$100 00
Paid hospital trustees,	100 00
	<hr/>
Balance to new account,	\$5,000 00

On February 24, 1912, \$4,720.00 of the above sum was invested in five Milwaukee, Sparta & Northwestern railroad 4 per cent. bonds, par value \$5,000.00. The balance remaining, \$280.00, was deposited in the Savings bank and has an interest credit of \$28.90.

Perkins Fund.

Bequest of \$1,000.00 (less collateral inheritance tax of \$50.00) under the will of Hon. Hosea B. Perkins. Income to be used for the purchase of a gold medal to be known as the "Perkins Gold Medal," and to be awarded annually to the pupil of the Dover high school showing the greatest excellence in oratory. Original deposit dated June 2, 1904.

Capital, January 1, 1914,	\$969 59
Income for the year,	\$34 23
Charges for the year,	34 00
	<hr/>
	23
	<hr/>
Balance to new account,	\$969 82
Deposited in Savings bank.	

Pray Fund.

Bequest of \$1,000.00 under the will of Dr. T. J. W. Pray. Principal and interest to be used at the discretion of the board of trustees of the Dover public library for the purchase of books. Original deposit dated December 27, 1889.

Capital, January 1, 1914,	\$1,071 84
Income for the year,	57 23
	<hr/>
Balance to new account,	\$1,129 07
Deposited in Savings bank.	

Sawyer Fund.

Under the will of the late Mrs. Abbie M. Sawyer, the City of Dover received, December 27, 1912, the sum of \$4,000.00 in trust, the income thereof to be applied to "providing, beautifying and properly caring" for a park on the top of Garrison Hill.

Principal, January 1, 1914,	\$4,000 00
Income received,	213 70
	<hr/>
Capital, January 1, 1915,	\$4,213 70

Deposited in Savings bank.

Sawyer Fund.

On February 20, 1912, the City of Dover accepted the sum of four thousand dollars in full settlement of a conditional legacy of \$5,000.00 bequeathed said city by the late Mrs. Abbie M. Sawyer for the maintenance of a free bed in the Wentworth hospital.

Capital, January 1, 1914,	\$4,000 00
Income for the year,	\$80 00
Paid, care indigent persons,	80 00
	<hr/>
Capital, January 1, 1915,	\$4,000 00

On February 20, 1912, \$3,776.00 of the above amount was invested in four Milwaukee, Sparta & Northwestern railroad 4 per cent bonds, par value \$4,000.00. The remainder, \$224.00, was deposited in the Savings bank and has accumulated in interest the sum of \$23.11.

Sanborn Fund.

Under the will of the late Mrs. Emma J. Sanborn, \$5,000.00 was bequeathed the City of Dover for the establishment of a free bed in the Wentworth hospital. In order to avoid expensive litigation in which the issue was clouded in grave doubts, the City of Dover, in common with other beneficiaries under the will, accepted a sixty per cent. dividend in full settlement for all claims. Bequest received May 23, 1911.

Capital, January 1, 1914,	\$3,000 00
Income received,	\$60 00
Paid, for indigent patients,	60 00
	<hr/>
Balance to new account,	\$3,000 00

On February 20, 1912, \$2,832.00 of the above sum was invested in three Milwaukee, Sparta & Northwestern railroad 4 per cent. bonds, par value \$3,000.00. The balance remaining and accumulated interest, aggregating \$186.38, deposited in the Savings bank.

Tredick Fund.

Bequest of \$5,000.00 under the will of Benjamin F. Tredick, Esq. Income only to be applied by board of trustees of Pine Hill Cemetery for the care and preservation of the cemetery grounds. Original deposit (invested in City of Portsmouth, N. H., 4 per cent. bonds) dated August 19, 1891.

Capital, January 1, 1914,	\$5,000 00
Income received,	\$225 00
Transferred to cemetery department,	225 00
	<hr/>
Balance to new account,	\$5,000 00

Fund reinvested January 21, 1907, in New York, New Haven & Hartford railroad 5 per cent. note. At maturity (January, 1910) of the above note, the fund was reinvested as follows: Two Massachusetts Gas Co. 4½ per cent. bonds, par value \$1,000.00 each and three New York Telephone Co. 4½ per cent. bonds, par value \$1,000.00 each. These bonds were purchased for \$4,954.38; the balance (\$45.62) was deposited in Savings bank and has a credit in interest of \$8.42.

Woodman Fund.

Interest annually on \$3,000.00 to be expended by the city authorities in caring for, beautifying and placing flowers on the graves of Charles and William Woodman in Pine Hill cemetery. Interest to be paid to the city treasurer annually by the executrix. Original deposit dated April 20, 1897.

Capital, January 1, 1914,	\$615 05
Income for the year,	\$105 91
Charges for the year,	65 00
	<hr/>
	40 91
	<hr/>
Balance to new account,	\$655 96
Deposited in National bank.	

Wentworth Fund.

Bequest of \$100,000.00 (less collateral inheritance tax of \$5,000.00) under the will of Hon. Arioch Wentworth, for the construction, equipment and maintenance of a hospital to be known as "The Wentworth Hospital." A part of this fund was invested in July, 1905, as follows: Twenty Lake Shore & Michigan Southern railroad 4 per cent. bonds, par value \$20,000.00; ten Oregon Short Line railroad four per cent. bonds, par value \$10,000.00. The last mentioned (10) bonds were hypothecated October 3, 1906, to secure a loan of \$8,500.00 to complete the construction and equipment of the hospital buildings. Original deposit dated March 17, 1904. January 22, 1910, seven of the above (10) bonds were sold for \$6,664.97 and the note therewith secured was duly cancelled. Later in the year (1910) six of the Lake Shore & Michigan Southern railroad bonds were pledged as collateral to secure a loan of \$5,700.00 with which to purchase the Haley property. The last mentioned note was paid in 1911, from money bequeathed the hospital by the late Mrs. Caroline Hanson, and the bonds pledged to secure the loan were released.

Capital, January 1, 1914,	\$23,000 00
Income for the year,	\$920 00
Transferred to maintenance ac- count,	920 00
	<hr/>
Balance to new account,	\$23,000 00
Invested as above.	

Leola Worthen Fund.

Bequest of \$500.00 under the will of the late Henry A. Worthen, income to be used for general hospital purposes.

Capital, April 10, 1914,	\$500 00
Income for year,	11 71
	<hr/>
Balance to new account,	\$511 71
Deposited in Savings bank.	

CITY HALL COMMITTEE.

In closing my report I would say, there are no outstanding bills against the department and all rents are collected to the date of closing the year, December 19, 1914.

Respectfully submitted,

CHAS. M. CORSON,
Clerk of Committee.

Dover, N. H., December 31, 1914.

ANNUAL REPORT

OF THE

Joint Standing Committee on Fire Department.

GENTLEMEN OF THE CITY COUNCILS:

The report of the joint standing committee on fire department for the current year, is herewith respectfully submitted.

During the year 1914, like the previous year, our city has been particularly fortunate in being spared from any serious conflagration; 136 calls have been answered, with a comparatively small fire loss.

While serious fires cannot in every case be avoided, yet we believe that the members of our fire department as a whole, in their loyalty to duty, have done much to prevent our fire loss from reaching larger proportions.

The fire department committees of 1912 and 1913, in their reports, recommended that there should be two men on duty at the Central station instead of one as formerly. During the year this change has been effected by the chief engineer being made a permanent member of the department, and he is now on duty at all times at the Central station.

This change, we believe, will materially strengthen the department in many ways.

The steamer Cocheco, No. 2, has been completely overhauled and repaired, and is now in prime condition.

A new "Seagrave" ladder, 65 feet long, was purchased to replace the one broken in a collision early in the year; 1500 feet of hose has also been purchased. The purchase of the ladder, and 500 extra feet of hose was not planned for in our appropriation for the current year, but owing to the loss of a considerable amount of old hose, that had been in service many years, it was

absolutely necessary to purchase 1500 feet instead of 1000 feet as planned. It was thought unwise not to replace the 65 foot ladder, and that was accordingly purchased at an extra expense not provided for.

Two sets of Improved Berry Hangers have been installed at the Broadway station. In two or three instances a serious accident was narrowly averted, by the old, out of date hangers not releasing the harness, when the horses started on a rush at the call of fire. We deemed it wise to make this change before another accident occurred, with a possible result of serious injury to the drivers, as well as the horses.

The purchase of an auto chemical has been discussed, as you know, by the city councils of 1914, but no definite action was taken to purchase one. We believe that in the near future something in this line should be added to our fire equipment.

The department will need a large increase in new hose the coming year, owing, as we have before stated, to the constantly recurring loss of old hose. The recommendation of the chief engineer in his report, in regard to this matter, should receive careful consideration. A full supply of hose should be maintained, as we can never tell when the time will come, when the maximum amount will be needed to quench a threatened conflagration.

In conclusion we may say, that this committee has worked in perfect harmony during the year, guided solely by the desire to do the most possible for the department, with the appropriation at hand and we hope that our labors have resulted in a small way, at least, in material benefit to the fire department.

An itemized account of all money expended will be found in its usual place in the City Report.

FRED C. SMALLEY,
FRED L. MORANG,
FRANK E. STERLING.

ANNUAL REPORT

OF THE

Chief Engineer of the Fire Department.

TO HIS HONOR AND THE CITY COUNCILS OF THE CITY OF
DOVER:

I have the honor to submit herewith the annual report of the fire department for the year ending December 31, 1914, it being my fourth annual report.

ROLL OF THE FIRE DEPARTMENT.

Chief Engineer,
JAMES SMITH.

First Assistant Engineer,
MICHAEL MCGUINNESS.

Second Assistant Engineer and Clerk,
CHARLES E. MITCHELL.

Steward and Driver, Central Station,
JAMES A. THOMPSON.

Steward and Driver, Hose Co., No. 2,
EDWIN C. TREFETHEN.

Steward and Driver, Hose Co., No. 3,
LOUIS H. STEUERWALD.

Steward and Driver, Lincoln Hook & Ladder Co., No. 1,
WESLEY B. STERLING.

Lincoln Hook & Ladder Co., No. 1.
Charles H. Clark, Captain.
Charles W. Welch, Lieutenant.
Edwin D. York, Clerk.

Members:—William H. Foss, William F. King,
Harry Mitchell, Frank E. Nason, Samuel E. Welch,
Erving F. Wentworth, J. H. Sullivan, Fred E. Goodwin,
Arthur H. Nason, George M. Baker, William S. Seavey,
Thomas Hathaway, Timothy Flynn.

Hose Co., No. 1.
Joseph Beraud, Captain.
Patrick J. Bradley, Lieutenant.
Frank Tuttle, Clerk.

Members:—John Smith, James Grimes, John Sullivan,
George W. Hoitt, Felix O'Neil, Samuel Linscott,
George Guppy, Terrence O'Neil, Daniel Daley, Felix
O'Neil, Jr., John O'Neil, George McKenna.

Hose Co., No. 2.
John B. Hull, Captain.
Norman A. Shorey, Lieutenant.
Walter A. Stacy, Clerk.

Members:—Nelson U. Drew, Albert E. Ashby,
Charles W. Rollins, George Pettis, William F. Hersey,
Horace Langdon, Roy Wiggin, Frank H. Swain, H. M.
Foss, Wm. Osgood, Archie Mills.

Hose Co., No. 3.

Otto H. Brown, Captain.

Eleazer L. Jones, Lieutenant.

Edward F. Knott, Clerk.

Members:—John McDonough, William E. Brown, August W. Biederman, William E. Casey, Lewis A. Scruton, Alfred Cunningham, Thomas Scarr.

Officers of the Dover Point Volunteer Fire Company.

Captain—James W. Ford.

1st Lieut.—D'Orville L. Pinkham.

2d Lieut.—J. Wesley Clements.

Steward—David Jackson.

Asst. Steward—Fred L. Morang.

Clerk and Treas.—Ralph E. Morang.

Finance Committee—Charles H. Morang, J. W. Clements, J. J. Parle.

Members:—William Courser, Fred H. Roberts, Stephen W. Roberts, John C. Coleman, George H. Coleman, George H. Card, Ernest Card, Fred J. Harrigan, Albert Hurd, Benj. Robinson, E. Oscar Pinkham, H. B. Dame, Bernard L. Loughlin, Raymond Loughlin, James Loughlin.

Engineers of Steamers.

Coheco, No. 2.—Joseph Heeney.

Fountain, No. 3.—John D. Babb.

J. S. Abbott, No. 4.—George E. White.

Stokers of Steamers.

Fountain, No. 3.—Alonzo Whitehouse.

J. S. Abbott, No. 4.—Newell H. Young.

Number of hours actual service fighting fires during the year, 1791½.

Number of feet of hose laid, 21,650.

Number of feet of ladders raised, 1,077.

APPARATUS.

There is in service at the present time one combination wagon, two second-class steam fire engines, one third-class steam fire engine, two hose wagons, one hook and ladder truck, one chemical engine at Dover Point, and three hose sleighs.

HORSES.

There are seven horses in the department.

HOSE.

There is at present 6,700 feet of two and one-half inch cotton hose in service; 4,000 feet is in good condition; 1,700 feet in fairly good condition; 1,000 feet in poor condition.

HYDRANTS FOR STEAMERS.

One on Folsom street.

One on Atkinson street.

Two on Hale street.

Four on Locust street.

RESERVOIRS.

One on Chapel street.

One on Portland street.

Two on Broadway.

One on Sixth street.

One on Central avenue.

One on Reservoir street.

- One on Maple street.
- One on Chestnut street.
- One on Grove street.
- One on New York street.
- One on Washington street.
- One on Locust street.
- One on Court street.
- One on Tuttle square.

FIRE ALARM BOXES.

BOX NO.

- 7, Cocheco and School streets.
- 8, Payne and Hanson streets.
- 9, Washington and Main streets.
- 13, Near American House.
- 15, Broadway and St. John street.
- 16, Portland and Essex streets.
- 17, Broadway and New York street.
- 19, Broadway and Hill street.
- 21, First street.
- 23, B. & M. Depot.
- 24, Grove and Fourth streets.
- 26, Central avenue and Sixth street.
- 27, Hough and Grove streets.
- 28, Central avenue, near Hill street.
- 29, Central avenue and Abbott street.
- 31, Central avenue and St. Thomas street.
- 32, Central avenue and Orchard street.
- 34, Central avenue and Silver street.
- 35, Spring and Locust streets.
- 37, Central avenue and Locust street.
- 38, Central and Stark avenues.
- 42, Washington and Green streets.
- 45, Washington and Lexington streets.
- 46, Silver and Atkinson streets.
- 47, Arch, near Washington street.

BOX NO.

- 48, Bellamy road.
 51, Court and South Pine streets.
 53, Mount Pleasant avenue.
 54, Sawyer's farm.
 63, Fisher, near Elm street.
 64, Washington and Prospect streets.
 65, Private, Pacific Mills.
 172, Ham and East Concord streets.
 241, Sixth and Horne streets.
 291, Page's Corner.
 324, American Woolen Co., upper mill.
 325, American Woolen Co., lower mill.
 481, Silver and Arch streets.
 521, County jail.

 FIRE ALARM.

One tower striker attached to Central avenue church bell.

One tower striker attached to city opera house bell.

One tower striker attached to American Woolen Co.'s mill bell.

One steam gong attached to Williams' belt factory.

 FIRES AND ALARMS.

Total damage,	\$27,177 55
Insurance paid,	22,177 55

Total loss,	\$5,000 00
-------------------	------------

During the past year many improvements have been made on the fire alarm system, new lines have been built and old ones made over. At present the system is in good shape.

Several places where shavings and other combustible material had collected have been examined and con-

ditions improved. Many fire hazards have been cleaned up and in one case a dangerous building was ordered torn down.

An act of the last legislature made it the duty of the chief engineer to see that fire escapes were placed on buildings of a certain type and in about every case the law has been complied with.

I respectfully recommend the purchase of an auto combination double tank chemical engine and hose wagon, the same to have power enough to haul a steamer, so that citizens living outside the residential limits may be given prompter and more effective service. I would also recommend the purchase of 2,000 additional feet of fire hose.

In closing, I wish to thank his honor, Mayor Foss, the members of the fire department committee and the police officials, for their uniform courtesy, and to the officers and members of the department I also desire to convey my thanks for their co-operation during the year.

Respectfully submitted,

JAMES SMITH, Chief Engineer.

Dover, N. H., December 31, 1914.

ANNUAL REPORT
OF THE
BOARD OF HEALTH.

GENTLEMEN OF THE CITY COUNCILS:

For information as to what has been accomplished by the health department for the year 1914, and the recommendations for the future, you are most respectfully referred to the report of the executive officer.

Respectfully submitted,

EVERETT L. CHAPMAN, M. D.

PATRICK J. DURKIN,

HUBERT K. REYNOLDS,

Board of Health.

Dover, N. H., December 31, 1914.

ANNUAL REPORT

OF THE

Executive Officer of the Board of Health.

GENTLEMEN OF THE CITY COUNCILS:

I have the honor to submit herewith a report of the work performed by the department of public health during the year 1914, including related interests delegated to and assumed by the board of health.

FINANCIAL STATEMENT.

RESOURCES.

Direct appropriation,	\$3,650 00
Special appropriation to purchase horse,	350 00
Appropriation for incinerator,	3,600 00
Appropriation for labor at incinerator,	480 00
	<hr/>
	\$8,080 00
Amount transferred,	161 95
Receipts from extra work,	1,174 67
	<hr/>
	\$9,416 62

EXPENDITURES.

Maintaining garbage wagon,	\$1,930 20
Cost of incinerator,	3,781 33
Operating expense at incinerator,	480 00
Salary of executive officer,	900 00
Cleaning streets,	200 00
Pump for sewer work,	52 20

Rent of office,	\$ 50 00
Telephone,	37 18
Medical supplies,	35 59
Fumigating supplies,	80 65
Hardware,	20 00
Quarantine expenses,	87 64
Printing,	23 00
Miscellaneous,	52 21
Purchase of horse,	350 00
	<hr/>
	\$8,080 00
Horse hire and labor on night soil and extra work,	1,174 67
Architect fees, advertising for bids and surveying grounds,	161 95
	<hr/>
	\$9,416 62

MILK.

Inspections have been made of barns, utensils and vehicles connected with the production and sale of milk, and such recommendations have been made as seemed necessary to correct conditions wherever they were found at variance with standard requirements.

The state board of health, during the year, has promulgated a series of rules and regulations for the production and sale of milk. These rules are very simple, and the requirements can be complied with at small expense to the producer. Cleanliness is the slogan of the state board, and producers will be required to sterilize with steam, or boil in hot water, all utensils used in the production or sale of milk. Barns must be well lighted and ventilated, and kept clean; cattle must also be kept clean, and bedding of some description used.

The above action of the state board of health removes the responsibility for the enforcement of its

rules and regulations from the local board of health, except the reporting of any violation that may come to its attention.

WATER SUPPLY.

During the year frequent analyses have been made of water taken from Willand's pond as well as from other sources of supply within the city limits. The reports submitted by the state chemist upon the various samples forwarded, clearly demonstrate that the water supply of our city is of excellent quality. The matter of ducks and geese having access to Willand pond has been stopped. Visits have been made to the pond at different intervals, shores and surroundings inspected, and several bacteriological examinations made by the state chemist. The results have demonstrated the water to be practically sterile.

Samples of ice have been forwarded to the state laboratory of hygiene, and the following is an extract from the last report received: "If it is representative of the whole crop, then you are cutting some pretty good looking ice from the river. The sample showed no colen bacilli."

INSPECTIONS.

Schools,	38
Dwelling houses,	178
Stores,	51
Stables,	17
Dumping places,	161
Privys,	32
Obstructed sewers,	46
Yards,	45
Flush closets and urinals,	12
Open sink drains,	7
Slaughter houses,	6
Complaints from other sources,	175

The department has continued its method of daily inspection as in the past, as we believe an annual visit, made at a specified time, does not produce the required results.

The department is pleased to call the attention of our citizens to the conditions of the yards, alleys, and streets throughout the city. We believe that our condition will not only compare favorably with other cities, but in some respects show a marked advance over the situation prevailing elsewhere.

The abatement of privys during the year has been very gratifying, an unusual number having been connected with the sewer. During the coming year, this branch of the service will be continued, as it is the desire of the department to abolish the privy nuisance so far as possible.

SEPTIC TANKS.

During the year five tanks have been installed at different points in the city. The tank is recommended only for localities where there is no public sewer. The tanks constructed are doing highly satisfactory work, caring for all house sewage in a perfectly sanitary manner. During the recent cold snap, at which time the thermometer registered from 16 to 25 degrees below zero, no trouble was experienced from freezing, thus overcoming the most important objection raised when the department first recommended this method of sewage disposal. During the summer months visits were frequently made to these tanks to ascertain what attraction the effluent caused in regard to flies, and we were pleased to note that during the hottest and most sultry days, none of these pests were in evidence. The department heartily endorses the use of septic tanks, and will gladly furnish plans and information for their construction to any citizen upon application. Specimens of the effluent taken from the tanks are on

exhibition at the office of the board, and the department would be pleased to show them, as well as to explain the operation of the tank, to those interested.

CONTAGIOUS DISEASES REPORTED.

	CASES.	DEATHS.
Diphtheria,	15	0
Scarlet fever,	10	0
Measles,	3	0
Infantile paralysis,	0	0
Typhoid fever,	7	1
Pulmonary consumption,	16	13
Chicken pox,	4	0
Scabies,	3	0
Whooping cough,	2	0
	—	—
	60	14
Number cases reported 1913,	91	20
“ “ “ 1912,	61	15
“ “ “ 1911,	94	30
“ “ “ 1910,	64	23

The foregoing table indicates a decrease, not only in the number of cases, but in the death rate as well. No deaths from contagious diseases were reported during the past twelve months with the exception of cases of tuberculosis.

During the year the basements of the schools were inspected monthly, and suggestions made for the betterment of the sanitary condition. In a number of instances children were sent home by order of the city physician, and detained there until all possibility of spreading contagion had disappeared. Various rooms in the school buildings have been fumigated during the year, as a precautionary measure. The Formaldehyde-Permanganate method of disinfection was used, as in former years, where school children resided.

VITAL STATISTICS.

In the following table is given a classification of the disease, or causes of death of those persons who have died in the City of Dover during the year 1914:

Abdominal Carcinoma,	1	Hemorrhage from stomach,	1
Accidental,	3	Icterus neonatorum,	1
Acute Indigestion,	2	Intestinal nephritis,	5
Acute Mania,	2	Intestinal hemorrhage,	1
Alcoholism,	2	Lobar pneumonia,	3
Alcoholic Gastritis,	1	Lymphadenoma,	1
Amyotrophic lateral,	1	Marasmus,	2
Angina pectoris,	2	Miliary tuberculosis,	2
Aneurism of aorta,	1	Mitral insufficiency,	2
Apoplexy,	7	Mitral regurgitation,	3
Appendicitis,	3	Myocarditis,	4
Arterio sclerosis,	4	Nephritis,	4
Asphyxia during labor,	1	Oedema of the lungs,	3
Athrepsia,	1	Old age,	8
Blood poisoning,	2	Orchitis,	1
Bright's disease,	2	Paralysis agitans,	1
Broncho pneumonia,	6	Parenchymatous Nephritis,	1
Bronchitis,	4	Pericarditis,	3
Burns,	2	Pernicious anaemia,	2
Cancer of various kinds,	16	Peritonitis,	3
Cardio sclerosis,	1	Pellagra,	1
Cardio vascular ferbrosis,	1	Pneumonia,	13
Cardio and renal disease,	1	Pneumonia catarrhal,	2
Carcinoma of stomach,	2	Premature birth,	7
Cardiac dilatation,	1	Prostatitis,	1
Carcinoma of the breast,	1	Pulmonary tuberculosis,	12
Cerebral hemorrhage,	12	Pulmonary embolism,	1
Cerebral apoplexy,	3	Sarcoma of intestines,	1
Cerebral injury,	3	Scalds,	1
Cholera infantum,	3	Senility,	5
Chronic diarrhoea,	1	Senile gangrene,	1
Chronic morphinism,	1	Senile prostration,	1
Complete intestinal obstruction,	1	Septic arthritis,	1
Congestion of kidneys,	1	Septicaemia,	2
Concussion of brain,	1	Shock,	2
Cyst of kidney,	1	Spina bifida,	1
Diabetes mellitus,	1	Spondylitis,	1
Diabetes,	3	Status epilepticus,	1
Enlargement of heart,	2	Stokes-Adams disease of heart,	1
Electrocution,	1	Suicide,	2
Endocarditis,	2	Surgical shock,	1
Enlarged prostate,	2	Suffocation, accidental,	2
Enterocolitis,	3	Syncope of heart,	1
Epilepsy,	1	Syphilis,	1
Exposure and neglect,	1	Traumatic shock,	1
Fatty degeneration,	3	Tuberculosis,	3
Fibroid tumor of uterus,	1	Tuberculosis of the knee,	1
Gangrene,	3	Typhoid fever,	1
Gastro enteritis,	2	Unknown,	1
Heart dilatation,	3	Uraemia,	3
Heart disease,	5	Ulcer,	1
Hemiplegia,	1	Valvular heart disease,	3

Of the two hundred and sixty-eight deaths reported for the past year, we find that nineteen of those occurring at the Strafford county farm and two of those occurring at the Wentworth hospital, were non-residents, making a total of twenty-one. This number should be

deducted from the general total, making the actual number of deaths in the city for the year two hundred and forty-seven.

HEALTH BULLETINS.

Through the courtesy of the Metropolitan Life Insurance Co., the department has been furnished with pamphlets on the following subjects: Whooping cough, measles, first aid in the home, milk, scarlet fever, diphtheria, teeth, tonsils, adenoids, war on consumption, fake consumption cures, the health of the worker and the child. This last named pamphlet should be in every home, as it offers many helpful suggestions to the mother in caring for her child. These pamphlets were prepared by expert practitioners, and have been examined and approved by our local physicians and the board of health. The department would be pleased to furnish these pamphlets upon application.

CLEANING UP WEEK.

The success of this movement was so apparent last year that it was continued this year. The amount collected this year was 132 loads; in 1913, 82 loads; amount in excess of 1913, 54 loads.

The extra cost for men and teams to accomplish this work was thirty-five dollars, and in our opinion the money could not have been expended to better advantage. The department recommends a continuation of the observance.

The board of health desires to thank the pastors of the various churches for the deep interest they manifested in the work, also to express its appreciation for the assistance and hearty co-operation accorded by the civic department of the Woman's Club, the editors of our daily and weekly papers, and the managers of the moving picture theatres.

INCINERATOR.

RESOURCES.

Appropriation for construction,	\$3,600 00
Special appropriation, extra work,	181 33
	<hr/>
	\$3,781 33

DISBURSEMENTS.

Frank I. Corson, building contract,	\$1,810 00
Jarvis Engineering Co., destructor,	1,790 00
J. E. Richardson, plans and supervision,	135 25
Frank I. Corson, extra work,	36 18
Tribune Pub. Co., advertising,	2 50
Geo. J. Foster Co., advertising,	3 95
W. A. Grover, locating level, etc.,	3 45
	<hr/>
	\$3,781 33

No provision was made in the annual appropriations for operating expenses at the incinerator, as it was impossible to fix the date of completion at the time the appropriation bill was passed. A special appropriation of \$480.00 was realized for this purpose, and was expended for labor as follows:

Edgar Caverly and Frank Colomy, each twenty weeks' labor, at \$12.00 per week.

On the tenth day of August an official test of the destructor was made, and the plant accepted. This plant has been in operation twenty weeks, and tons of garbage and refuse matter have been destroyed. The incinerator adopted is known as the "Morse Destructor," invented and patented by Col. Wm. F. Morse, C. E., a retired army engineer, who has made a study of the best methods of disposition of garbage and refuse, and has installed his plant in a great many cities, towns and naval stations in the United States.

Owing to the disgusting nuisance appertaining to exposed dumps during the years 1912-13, from fires as well as from the stench emanating from decaying vegetable and animal matter, investigation of methods looking to the abatement of this nuisance was instituted. Various firms advertising destructors for sale, were consulted, and careful consideration was given the different propositions. The destructor at Sanford, Me., was visited by a delegation consisting of his honor, Mayor Foss and members of the councils. This plant was demonstrated by the operator to the satisfaction of those present.

The Morse destructor was considered to be best adapted to the needs of our city, both as to efficiency and cost of maintenance. Prof. Robert Fletcher, C. E., president of the state board of health, investigated the plant and closely scrutinized its operation. He not only commended the city for the advanced step it had taken in solving the problem of disposing of garbage and refuse matter, but heartily endorsed the incinerator as being especially economical and sanitary in its operation, and indicated his intention of recommending its adoption elsewhere in the state.

Upon request of the secretary of the state board of health, a copy of the plans and specifications of the building and equipment were forwarded to Concord, and an article will appear in the biennial report of the board, endorsing and recommending the Dover plan.

The department desires to extend an invitation to the citizens of Dover to inspect this plant. It is in operation daily, and visitors are welcome at all times.

SCAVENGER DEPARTMENT.

This branch of the service consists of cleaning the streets of waste paper and removing rubbish from the cans installed at various points about the city. The

amount of paper collected from this source during the year was 4,817 lbs., at a cost of \$200.00.

The removal of waste paper from the streets cannot, under any circumstances, be regarded as a duty of the health department, yet the results obtained from a civic standpoint, seem to warrant the expenditure. The removal and final disposal of dead and diseased domestic animals has been a problem in the past, especially during the winter season. The construction of the incinerator has removed this difficulty, and citizens are notified that all dead animals, weighing less than 250 lbs., will be cared for by the city if delivered at the garbage station.

GARBAGE AND REFUSE.

RECEIPTS.

Appropriation,	\$3,650 00
----------------------	------------

DISBURSEMENTS.

Two men on garbage wagon,	\$1,274 00
Extra help on garbage wagon,	218 00
Man on dump 2½ days each week,	260 00
New harness,	65 00
Repairs of old harness, oil, polish, rubber blanket,	30 65
Horse shoeing and blacksmith work,	48 05
Horse hire of J. B. Fenderson,	18 50
Horse hire, extra days,	16 00
	<hr/>
	\$1,930 20

Total number of loads of refuse removed for the year,	2,936
number of loads for year 1913,	2,578
number of loads for year 1912,	2,411
number of loads for year 1911,	1,817

The amount of material removed during the past

year has been considerably in excess of the collection for any previous similar period. The number of loads hauled during the year 1914, exceeds the collections of the previous year by 358, while the distance the loads were hauled has been materially increased. The cost has been 66 cts. per load of one and one-half tons. The tonnage cost for the removal of garbage and refuse has been 44 cts.

During the year additional routes have been added to the system, while applications have been filed for still further extensions. With the present facilities the department is unable to grant the request of further extensions of the service. From present indications, the department will be constrained to ask the councils for additional equipment to meet the increasing demands.

Owing to the compulsory removal of the old horse, Charlie, the councils were asked to purchase another horse, for which purpose the sum of \$350.00 was appropriated.

EXTRA WORK.

This branch of the service is self-sustaining. No appropriation is made for its maintenance, and while the help is paid by the city, the earnings are converted into the treasury to reimburse the city for moneys expended. The work consists principally of repairs to and construction of sewers and drains, and the removal of night soil. The department has finally succeeded in abating the night soil sinks that were a source of annoyance and danger. An unusual amount of drain work has been done during the year. Upwards of one hundred toilets have been installed in private residences during the past twelve months, and in almost every instance the department has had the hearty co-operation of the owner. It has not been necessary to apply to the

courts to enforce the orders of the board, as has been the case in many other cities.

RECEIPTS.

As per itemized statement below, \$1,174 67

DISBURSEMENTS.

F. M. Bunker, pipe and cement,	\$ 165 99
Horse hire for night soil cart,	61 50
Payments for labor,	894 98
Sewer pump,	52 20
	<hr/>
	\$1,174 67

Jenness, \$1.00; S. H. Jenness, \$1.75; Thomas Lamb, \$16.02; Bolos Peters, \$20.34; Stephen Jaharian, \$1.50; Street Dep't, \$7.85; Martin McManus, \$1.00; Catherine McArdle, \$1.00; James Brennan, \$2.47; Harry Wiggin, \$6.00; Jennie Ryan, \$4.50; Ella Durgin, \$5.50; B. D. Stewart, \$2.57; C. N. Kelly, \$15.00.

Bills outstanding, \$48.51.

CONCLUSION.

The department feels justified in enumerating the purchases made and labor performed, for which no appropriation was made, as follows: Expense of cleaning up week, thirty-five dollars; labor and material for incinerator to the amount of one hundred dollars; trimming hedge and removal of brush at Garrison hill, ten dollars; purchase of sewer pump, fifty-two dollars and twenty cents; a new harness costing sixty-five dollars; telephone service made necessary by change in office accommodations, eighteen dollars and fifty cents; total expenditures not provided for in annual appropriation, two hundred and ninety dollars and seventy-six cents. This amount added to cost of collecting refuse, which was \$1,930.20, makes a total of \$2,220.96 expended for purposes outside of strictly health work. The balance, \$1,440.24, was expended for salary of health officer. (\$900.00) and matters pertaining strictly to the public health. The per capita cost to the city for actual health work is less than that of any city in New England of equal population.

We wish to call the attention of the councils to the inability of the department to care for small pox cases except at the homes of those who might be afflicted. The building formerly used for this purpose is situated on land owned by the Cocheco department of the Pacific Mills. At the time the city purchased this house, no provisions were made for a lease of the land, and the city was allowed to occupy the same only at the pleasure of the owner. A notification to vacate has been received by the department and presented to your honorable body.

During the year thirty-two reports have been forwarded to the state board of health, containing details of all contagious diseases reported to the local board. In all cases of illness where the presence of contagion

was in any degree suspected, E. L. Chapman, M. D., the medical member of the board, has been consulted, and in each instance has given the case personal attention. For these services, and for his professional advice and counsel so freely given, the executive officer of the board of health desires to publicly acknowledge his grateful appreciation.

In concluding this report, I desire to extend my sincere acknowledgments to his honor, Mayor Foss, to the city solicitor and to the members of the city councils, for advice and assistance so cheerfully rendered in the discharge of my official duties.

Respectfully submitted,

HUBERT K. REYNOLDS,

Executive Officer.

Dover, N. H., December 31, 1914.

ANNUAL REPORT

OF THE

OVERSEER OF THE POOR.

GENTLEMEN OF THE CITY COUNCILS:

I would call attention to legislation enacted by the general court, session of 1911, amending the settlement laws regarding maiden ladies. Such action has cost the city of Dover approximately four hundred dollars per year since 1912. Present conditions indicate a slight increase for the coming year.

Respectfully submitted,
 SIDNEY E. TAYLOR,
 Overseer of Poor.

ANNUAL REPORT
OF THE
Committee on Poles and Wires.

TO THE BOARD OF MAYOR AND ALDERMEN:

Gentlemen:—Your committee on poles and wires has the honor to submit herewith a summary of the locations granted during the year, also such revocations as have been ordered and formally vacated. In the interest of public policy your committee has also ordered various other changes in the general pole system of the city, but as such orders have not been fully complied with no definite reference thereto has been incorporated in this report.

Your committee is strongly of the opinion that the work of this department should be delegated to some person whose continuity in office would permit the development of a fixed and definite policy regarding the location and general maintenance of poles in our public thoroughfares. We believe that a very material improvement in the pole condition throughout the city might be attained, under a permanent official, an improvement practically impossible with a committee changed at frequent intervals.

The locations and changes indicated below, while given in brief, are to be particularly indicated upon the various maps on file in the office of the city clerk.

NEW ENGLAND TELEPHONE AND TELEGRAPH CO.

Locations granted:

On Fisher street, from Rutland street in an easterly direction about 360 feet.

On Hill street, from end of present pole line at pole No. 24, approximately 200 feet in a westerly direction.

On Rutland street, from end of present pole line at pole No. 67, in a southerly direction about 300 feet.

On Oak street, from Broadway in an easterly direction about 200 feet.

On Court street, from present pole No. 78, south-easterly to Watson's lane, eleven poles.

On Mount Pleasant street, from the end of present pole line at pole No. 413, easterly approximately 840 feet to a point opposite the residence of Harold Hanson.

On Back road, from the end of present pole line at pole No. 8, easterly approximately 2,640 feet to a point opposite the residence of Herbert Brooks.

On north-easterly corner of Walnut and St. Thomas streets.

Relocations:

On Horne street between Sixth street and Horne's court.

Of one pole on Broadway, about 30 feet east of the present location of pole No. 1.

On Fourth street, between Central avenue and Cocheco river.

On Central avenue, between South Pine street and Watson's lane.

On Central avenue, between Lowell avenue and Glenwood avenue.

Joint locations to be owned and occupied by the New England Telephone Co. and the Twin State Gas and Electric Co.:

On Littleworth road, between the Boston & Maine railroad tracks and Silver street, 29 poles.

On Washington street, between Prospect and Fourth streets, 12 poles.

On Highland street, from Washington street easterly, 6 poles.

Revocation of locations :

The New England Telephone and Telegraph Co. : On Central avenue, between Broadway and Chapel street, three poles.

Joint locations Twin State Gas and Electric Co. and Dover, Somersworth & Rochester Street Ry. Co. :

On Silver street, from Cushing to Arch, 4 poles.

On Washington street, 2 poles.

Twin State Gas and Electric Co. :

On Summer street, one pole.

On Lincoln street, one pole.

On Locust street, one pole.

On Kirkland street, one pole.

On Horne street, four poles.

On Rutland street, one pole.

On First street, one pole.

On George street, four poles.

On Payne street, five poles.

On Maple street, one pole.

Respectfully submitted,

JAMES MARSHALL,

JOHN CLANCY,

GEO. M. BAKER,

Committee.

Dover, N. H., December 31, 1914.

ANNUAL REPORT
OF THE
Joint Standing Committee on Lights.

GENTLEMEN OF THE CITY COUNCILS:

Your joint standing committee on lights has the honor to submit herewith a summary of the work officially considered during the year, together with the action subsequently taken upon the several petitions received.

The petitions were as follows:

January 8.—Petition of A. C. Brainard and others for a series of lamps on Silver street, from Knox Marsh road to Columbus avenue.

February 5.—Petition of Rev. Thomas E. Reilly and others for a single lamp on Angle street.

February 5.—Petition of William Reed and others for a single lamp on Main street, between Chapel and School streets.

February 5.—Petition of Mrs. Emma F. Corson and others for a single lamp on Hough street extension.

April 2.—Petition of P. J. Keniston and others for a series of lamps on the Tolend road, between Fourth street and Columbus avenue.

May 7.—Petition of W. G. Freeman and others for a single lamp at the junction of Milwaukee avenue and Park street.

Your committee has visited the various localities above mentioned and submitted its conclusions to the councils.

Under specific instructions from your honorable

boards the following additions to the lighting service have been made during the year:

Three 80 candle power lamps on Silver street, between the point where the Knox Marsh road intersects said Silver street, and the Littleworth bridge.

One 80 candle power lamp on Angle street, about midway between Central avenue and Middle street.

One 80 candle power lamp at the junction of Milwaukee avenue and Park street.

One 60 candle power lamp on Main street, opposite the entrance to Lothrop's court.

One 60 candle power lamp on Hough street extension, about 200 feet from Sixth street.

Number of lamps in service January 1, 1914: Nine 350 candle power; one hundred thirty-five 200 candle power; one hundred fifty-one 80 candle power; forty-one 60 candle power.

Number of lamps in service December 31, 1914: Nine 350 candle power; one hundred thirty-five 200 candle power; one hundred fifty-six 80 candle power; forty-three 60 candle power.

The contract price for the various grades of lamps in use is as follows: 350 C. P., each \$80.00 per annum; 200 C. P., \$54.00 each per annum; 80 C. P., each \$29.00 per annum; 60 C. P., each \$25.00 per annum.

FINANCIAL.

Appropriation, 1914,	\$13,700 00
Expended,	13,525 78

Balance unexpended,	\$174 22
---------------------------	----------

Respectfully submitted,

EDWARD SHEEHY,

JAMES CRAIG,

JOHN W. MORRISON,

Committee.

Dover, N. H., December 31, 1914.

ANNUAL REPORT

OF THE

STREET COMMISSIONER.

TO THE CITY COUNCILS OF THE CITY OF DOVER:

GENTLEMEN: I herewith submit my first annual report, showing in detail the financial condition of, and a summary of the work accomplished during the past year by the various departments under my supervision.

The annual appropriation was \$39,000.00, divided as follows:

Highways, and income of the dept.,	\$21,600 00
Oiling, cleaning and sprinkling,	4,350 00
Completion of state road to Dover Point,	4,500 00
New machinery,	1,400 00
Sewers,	3,250 00
Sidewalks,	3,000 00
Parks and playgrounds,	400 00
Bridges,	500 00
	\$39,000 00

The subdivision was deviated from to a certain extent, owing to unforeseen demands in the various departments.

APPROPRIATION.

Balance from year 1913,	\$195 12
Appropriation, year 1914,	39,000 00
Receipts, year 1914,	5,107 92
	\$44,303 04

Expenditures, year 1914,	\$44,135 66

	<hr/>	\$ 643 05

In completing the state road this year as required by law, 3,130 feet was made of water bound macadam and 2140 feet of gravel. We have now a finished piece of road from Varney bridge to Central avenue, which should last for some years to come and require little outlay for maintenance. A great part of the distance from Varney bridge to Dover Point will soon require resurfacing. The traffic of heavy automobiles and trucks during the past few years has so badly worn

this part of the road that early attention should be given it in the interest of economy.

RESURFACING.

Washington street from Fayette street to Central square has been resurfaced with Tarvia X. In doing this work 13 loads of stone, 12 loads of gravel and 1104 gallons of Tarvia were used. Material expense, \$154.70; labor, \$74.67; total, \$229.37.

Central avenue from Oak street to Varney street was treated with a coat of Tarvia X. This work required one load of pea stone, eight loads of gravel

and 500 gallons of Tarvia. Material expense, \$52.70; labor, \$29.44; total, \$82.14.

Many of the streets have, as time and requirements demanded, been treated with the following amount of material: Cinders, 222 loads; stone, 125 loads; gravel, 9 loads; clay, 27 loads; divided as follows:

STREETS TREATED.

*Hauled from Silver Street.

†Hauled from Franklin Square.

In addition to the above quantity of stone, 9 loads cinders and 37 loads of gravel were used in patching. Cost of labor, \$107.37.

Stones were picked from the various streets at a cost in labor of \$17.67.

The King drag was used on the following streets: Oak, Rutland, Silver, and Sixth.

During the past year, in addition to the hay cut on the department land, the grass on two additional lots was bought standing for \$115.00; 55½ tons were cut. Expense: extra lots, \$115.00; labor, \$421.40; total, \$536.40. We still have sufficient hay on hand to last until the new crop is ready to cut.

SURFACE WATER CHIMNEYS.

The surface water chimneys have been cleaned as occasion required. In doing this work 97 loads of refuse were hauled off. Labor expense, \$104.16.

LEDGE AND CRUSHER.

Work was commenced on the ledge January 7, and continued throughout the year, as there was no supply of broken stone on hand. Drilling was commenced January 20. The first blast was made February 6, and sufficient stone was brought down to set a crew of men at work breaking.

The crusher was started on May 14, and operated as the work required. During the year 2,482 tons have been hauled and crushed. At the present time we have about 2,000 tons at the ledge broken and ready for crushing for the spring work of 1915. The expense incurred in getting out this amount of stone was as follows: ledge, dynamite, etc., \$150.90; crusher, coal, oil and repairs, \$343.66; labor at the ledge, \$2,084.47; labor at crusher, \$275.27; making a total expense of \$2,854.30.

STREET CLEANING AND SPRINKLING.

This is one of the most perplexing problems with which we have to deal. Sweeping the streets with the machine broom and hand brooms takes off the greater part of the dirt, but the finer particles remain to be blown about with the first strong wind.

Sprinkling with water relieves the dust nuisance only temporarily. Our observation leads us to the conclusion that flushing our paved streets with water is the nearest solution of the problem. By this method the dirt and dust would be of a single day's accumulation instead of several days as at present.

From a commercial standpoint, dust causes no little damage to stocks of merchandise and house furnishings, as well as being a menace to public health.

The inefficiency of street sweeping is thoroughly recognized, and citizens of progressive municipalities are now demanding that all paved thoroughfares be washed.

During the year two and sometimes three push carts have been at work cleaning up the business section of the city. The machine broom has been used as occasion and opportunity presented, with the result that our streets have been kept reasonably clean. As suggested, an improvement over this method could be obtained by the use of a water flushing cart, the work to be done at night. We find upon investigation that many of the larger cities have adopted this plan with satisfactory results.

Our macadam streets, both in the business and residential sections, have been treated with applications of hot road oil. By doing this work ourselves,—taking time to properly clean the streets,—and by using an improved oil distributor, we have been able to give very satisfactory results in relieving the dust nuisance. This method, we find, received general commendation,

both from our citizens and visitors. We have received words of approval as to the results obtained from many road builders and traveling men who have had an opportunity to investigate conditions in other cities.

SPRINKLING PRECINCTS.

The following precincts have been laid out by the city councils:

Precinct.	Location.	Sq. Yds.
No. 1.	Central avenue, Hale street to cemetery entrance,	10,774
" 2.	Central avenue, Fourth street to Wentworth Home,*	15,569
" 3.	Silver street, Central avenue to Arch street,	9,567
" 4.	Atkinson, Washington street to Silver street,	3,313
" 5.	Locust street, Hale street to Fisher street,	6,158
" 6.	Washington street, Atkinson to Arch street,	8,757
" 7.	Elm street, Silver to Fisher street; Summer street, Central avenue to Belknap street,	7,502
" 8.	Fifth street, Central avenue to Chestnut street; Chestnut street, Third street to Sixth street,	3,227
" 9.	Broadway, Engine house to B. & M. R. R. bridge; St. John street to M. E. church,	2,058
" 10.	New York street, Central avenue to Broadway,	2,180
" 11.	Sixth street, Central avenue to Maple street,	4,930
		74,035

*Oiled to Oak street.

During the year these precincts were given two applications of No. 4 road oil applied hot, using 51,446 gallons in the two applications. The cost in labor, which includes cleaning, heating oil, applying, sanding etc., was \$1,167.01; oil, \$2,381.13; coal and demurrage on tanks, \$28.22; total, \$3,576.36.

In connection with the oiling of these precincts, and to preserve other streets which had recently been built, as well as to lessen the demand for sprinkling with water, it was deemed advisable to oil a part of Locust, St. Thomas, Hale, Main, First, Second, Chapel, and Third streets and Franklin square.

The good results obtained by the first application were so apparent, it was decided, when giving the second application, to oil those streets which had recently been built, to protect the wearing surface and prevent ravelling.

The following streets were treated: Ham, Washington (Arch to Fourth), Silver (Arch to Knox Marsh road), and Hill. Oiling was also done for private parties on Kirkland, Church, Lexington and West Concord streets,—13,650 gallons of oil were used. Cost, \$580.75; labor, including applying, cleaning, heating, etc., \$211.91; total, \$792.66. While doing this work the end in view was to do it as cheaply as consistent with the best results possible.

Water sprinkling was done in the business district during the year, 3,862 tanks or 2,317,200 gallons of water being used, taken as follows: Pacific mills stand pipe, 465 tanks; river, 512; city pressure, 1,131; Kelley spring, 1,754; costing in labor, \$834.27; water, \$128.40; repairs to stand pipes and pressure tank at the river, \$58.45; total expense, \$1,021.12.

In keeping the streets clean and preparing them suitable to receive the oil, 1,606 loads of dirt were swept up and hauled off at an expense in labor of \$2,053.72. Of this amount 501 loads, at an expense of

\$1,089.67, were taken from the business section; the balance, 1,105 loads, from the residential section. The expense in labor amounting to \$964.05. This expense will be greatly reduced next year as many of the streets treated this year are in such condition that there will be very little material to clean up.

The gutters have been cleaned of leaves and other refuse, 172 loads have been hauled off at an expense in labor of \$184.89.

SHADE TREES.

Dover has always been noted for its beautiful shade trees. During the past year many of these trees have died and have been taken down, others have been trimmed of the lower branches, and dead limbs taken out. Trees were cut down on the following streets: Durrell, 1; North Pine, 1; Central avenue, 2; Locust, 2; Broadway, 2; Silver, 2; Grove, 2; Second, 3; Atkinson, 1; Nelson, 1; New York, 2; Third, 2; First, 2; Walnut, 1. Cost of labor, \$242.96.

The brown tail moth nests were cut from the trees on the city farm, Wadleigh hill, Guppy playground and Garrison Hill park. At the same time the low growth and trees, which were harboring places for these nests, were cut down. Cost in labor, \$128.19.

STORING SAND.

In storing a supply of sand for winter use, we hauled 418 loads from Horne's hill, at a cost in labor of \$410.11. There were many more loads hauled direct to the work which is not included under this heading.

SANDING SIDEWALKS.

The demand for this work is apparently increasing each year. During the past year the teams have frequently been out before daylight. Also, after the day's work had been done, they were called out to make the sidewalks safe for public travel. In doing this work

217 loads of sand have been used; cost in labor, \$351.39. As it costs about \$1.00 per load to store the sand, it makes the actual cost of sanding \$785.39. As conditions are not always the same, and no permanent results are derived from the outlay, the expense is governed by circumstances.

BREAKING OUT SNOW.

On February 14 we were visited with one of the largest snow storms known in the city for a number of years. The plows were sent out at eleven o'clock, A. M., in an effort to make the sidewalks passable for public travel. This was found practically impossible, as drifts were encountered which compelled the men to return to the barn.

The next day another attempt was made. Every available man whom we could hire was put to work with the regular crew. Extra teams were hired, and every means taken to make the roads and sidewalks passable as quickly as possible. Drifts were encountered four to eight feet deep; whole streets had to be shovelled. On February 21 the work was practically completed, the snow having been hauled from the streets in the business section, leaving only a very few places demanding attention.

The storm cost as follows: Sidewalks, \$333.44; highways (city proper), \$487.65; outside districts, \$781.38; total, \$1,602.47.

It was also necessary to break out at other times. The total cost for the year was: Sidewalks, \$427.52; highways, \$1,371.88; gutters, \$63.37; total, \$1,862.77.

On March 1 we had a very heavy rain storm, with a sudden thaw. The large amount of snow upon the ground led many to believe that a repetition of the flood of March 1, 1896, was about to occur. Several crews of men were put to work relieving catch basins,

chimneys, and sewer out-lets. Their labors continued until late in the night. Fortunately very little damage was reported.

CROSSINGS.

Location, Street.	Material Cost	Labor Cost	Total Cost
Central avenue, south side, (5),	\$81 50	\$51 83	\$133 33
Third street, (2),	35 50	14 25	49 75

Locust, corner Hale,	14 30	5 07	19 37
Central avenue, south side, (2),	19 80	7 20	27 00

The above crossings and their approaches have been treated with stone and tarvia. In a few of the places the stone crossings have been taken out and replaced with stone and tarvia, making them much better for those who have occasion to ride over them.

BRIDGES.

The bridges under our supervision have required an outlay in excess of the appropriation for repairs and such other work as might be required.

The Fourth street bridge was the first to show need of repair. Upon examination it was found unsafe, the planking was so rotten that replanking was necessary, 11,715 feet of three inch hard pine planks being required. Material cost, \$398.88; labor, \$99.76; total, \$498.64.

The Bellamy bridge was also found, upon examination, to be in a dangerous condition, both courses of planks having rotted through. Replanking was done with three inch hard pine plank, 2,415 feet being required. Cost: material, \$79.84; labor, \$28.68; total, \$108.52.

At this time we wish to call attention to the law which requires all bridges to withstand a ten-ton load. The Sawyer bridge will have to be attended to at once. I would suggest that a sufficient appropriation be made to provide a cement floor for this bridge and to reinforce and strengthen the retaining walls.

The Fresh Creek bridge while at present in apparently good condition, will soon have to be reconstructed to carry the steadily increasing traffic to which it is subjected.

The bridge at Blackwater brook should have the walls reinforced, also new railings and general repairs made.

The Washington street bridge between the mill and boiler house, is in such a condition that if not scraped and painted soon, the corrosion which has started, will add greatly to the cost.

The Central avenue bridge should have a coat of paint on the underneath. I would recommend that sufficient money be appropriated for this work.

GARRISON HILL PARK.

The available funds for work at this park are derived from the income of a \$4,000.00 trust fund, bequeathed by the late Abbie M. Sawyer. Through an oversight this fund was not available this year, and all expense incurred was paid for from the appropriation for parks and playgrounds.

The work of cleaning up the underbrush and small growth is being carried on at the present time. When

completed the appearance of the hill will be greatly improved; seats will be placed at various places about the hill and approaches; steps put in, and the footpath, when graded and put in serviceable condition, will make the ascent of the hill much better than heretofore.

Seats have been put on the top platforms of the observatory for the convenience of visitors—an expenditure which seems to meet with general approval.

TOWLE FIELD PLAYGROUND.

The diamond on this field has been entirely re-modeled by plowing and rolling. Bleacher seats have been erected, and a new back stop put up. This ball-ground is one of the best in the city at the present time.

GUPPY PLAYGROUND.

The swings and tete-a-tete boards used on this playground were given a coat of paint, sand was hauled, and other improvements made. It is our intention to make such improvements another year as will place this playground among the best in the city.

*On account.

NEW CONSTRUCTION.

Fifth street: This sewer has been a source of annoyance for several years. About the first of February it first required attention. Ten feet of new pipe was put in at this time; cost of material, \$3.64; labor, \$25.33; total, \$28.97.

We were called to it again on April 2. Upon examination it was found to have caved in for a distance of twenty feet. After the repairs to this section were about completed further examination showed that a greater part of the sewer would have to be rebuilt. Work was pushed along as rapidly as possible, but owing to the nature of the material which had to be excavated, as well as several cave-ins caused by frost, the work was delayed and the cost materially increased. One manhole was built at the junction of Fifth and Chestnut streets in order to facilitate relief in case of future trouble. Two hundred and seventy-one feet of twelve inch pipe was laid; cost of material, including material used in the construction of the manhole, \$138.60; cost of labor, including engineering services, \$470.98; total, \$609.58.

On October 28, notice was received that this sewer had become stopped above the places previously repaired. In all places where trouble was experienced the condition of the old pipe was such as to require replacing, the material being so poor it would crumble in the hands. At this time 34 feet of ten inch pipe was put in; material cost, \$8.88; labor, \$43.66; total, \$52.54.

PARK AND OAK STREET TRUNK LINE.

The trunk line sewer connecting Park and Oak streets with the Central avenue sewer, has been completed. This sewer fills a long felt want in this part of the city, also relieving the overcrowded condition of the Central avenue sewer below Oak street.

This sewer is built of 24 inch concrete, 707 feet long. Two manholes were built, also two catch basins; one at the corner of Oak and Park streets, the other at the corner of Oak street and Central avenue. Sixty-seven feet of 12 inch pipe was used in making the connection from Oak street to the Central avenue sewer; cost of sewer construction: material, \$405.90; labor, \$1,660.28; total, \$2,066.18; cost of connections and catch basins: material, \$47.83; labor, \$89.64; making a total cost of construction and connections, \$2,203.65.

CENTRAL AVENUE SEWER.

On Central avenue, between St. Thomas street and the Masonic Temple, 210 feet of 12 inch Akron pipe has been put in, replacing the old stone culvert. This sewer affords permanent relief to the adjoining property and is of sufficient depth to meet all present and prospective requirements. Material cost, \$80.44; labor, \$255.43; total, \$335.87.

*Flushed and cleaned.

The sewage problem is one which presents increasing demands each year, not only from a sanitary standpoint, but by reason of property development. Petitions have been received for two sewers to be put in this year. There are others under contemplation. Our trunk lines are completed with the exception of the so-called Drew Brook sewer, from the Kenny dump to the river. Conditions are such that we would recommend the completion of the trunk line this year.

The additional sidewalks which are constantly being constructed throughout the city mean a greater outlay for their upkeep. Observation teaches us that the setting of edgestone presents the nearest solution to keeping down the expense of repairs. Sidewalks having no edgestone require constant attention. This matter would seem to be worthy of consideration by property owners throughout the city who profess an interest in public affairs.

CITY FARM BUILDINGS.

No direct appropriation was made for the repairs of the buildings at the city farm, consequently all work of repairing had to be paid for out of money appropriated for highways. During the year the stalls were replanked, the feed troughs changed over, and several minor repairs made.

In making these repairs and changes it cost in material, \$62.21; labor, \$21.75. A platform was also constructed upon which to dry the bedding. This platform was made from old lumber at the farm, the cost in labor being \$6.70.

The chimneys on the house and barn required re-topping. Cost in material, \$1.08; labor, \$20.63; making a total expense of \$112.37.

The labors of the highway department are too often judged by the financial standing at the close of the year, the results attained being of secondary importance.

It has been our aim to produce results of a permanent nature with the least possible outlay of money consistent with good workmanship.

The money spent upon our streets during the past year, taking into consideration the results attained in constructive work, in oiling, cleaning, etc., has produced results of a highly gratifying character.

In conclusion I wish to thank the members of the councils and the various members of the department who, through their courtesy and co-operation, have so ably assisted me in the discharge of my duties.

Respectfully submitted,

MAURICE N. LAYN,
Street Commissioner.

ANNUAL REPORT

OF THE

BOARD OF POLICE COMMISSIONERS.

GENTLEMEN :

The police commission of the city of Dover during the past year has continued the policies of the preceding commissions wherever this seemed advantageous and have departed only when there has been abundant reasons for doing so. The work has, on the whole, been profitable in demonstrating the correctness of some innovations introduced by the commission and also by way of indicating what should be undertaken by the commission during the coming year.

INNOVATIONS.

The commission fully appreciates the danger of automobile accidents. Automobiles are here to stay. They add much to the pleasure of living and to the business prosperity and efficiency of a community. Nevertheless there is grave danger of loss of life, resulting from

1. Unavoidable accidents.
2. Avoidable accidents, such as carelessness, drunkenness, etc.

It is of prime importance that automobile driving be so regulated that the accidents of the second class may be at a minimum. The officers have been instructed to see that the laws that we have are rigidly observed.

The commission has had a regular officer on the motorcycle this year and has saved the city nearly \$500.00 thereby. This was done in order to save that amount to put into a patrol ambulance. The arrangement seems to be so satisfactory that this policy will be continued.

Another innovation, which at first was looked upon with disfavor by some, has, nevertheless, been an unqualified success. We refer to the police patrol ambulance. The question was unfortunately raised as to whether the police commission under the law had the right to spend the appropriation set aside by the city councils, in other channels than those of the preceding year, even if the need was urgent and a greater return on the money would result to the city by a different investment. The commissioners were unanimous in their belief that the money had been appropriated by the city councils for them to spend as wisely as possible, and anticipating no interference in the performance of their duties, purchased from P. J. McShane a Buick truck altered to perform patrol duty. This was delivered, tested and accepted by the police commission. It had been used in service but a short time when the following injunction was served on the commissioners and chief of police:

STATE OF NEW HAMPSHIRE.

STRAFFORD, SS.

SUPERIOR COURT.

CHARLES H. FOSS

VS

ALVAN P. PLACE,

EDWARD MCGUINNESS,

FRANK E. MCKONE,

EDWARD S. CLARKE & Etl.

In Equity

Your petitioner, Charles H. Foss, a taxpayer of the city of Dover, a municipal corporation established by

law in Strafford county, New Hampshire, complains and for cause of action says:

That the said Alvan P. Place, Edward McGuinness, and Frank E. McKone, are the police commissioners of the said city of Dover, that the said Edward S. Clarke is the chief of police of said city;

That the said Alvan P. Place, Edward McGuinness, and Frank E. McKone, assuming to act as said commissioners, and their servants and agents, have entered into, or are about to, and threaten to enter into a contract for the purchase of a certain truck, machine, or automobile, which they intend to use in connection with, and as a part of the police equipment of the said city of Dover, and they intend and threaten to use, and expend, in the payment for, use, maintenance and operation of the said machine, certain money and funds belonging to the said city.

That the said Alvan P. Place, Edward McGuinness, Frank E. McKone, Edward S. Clarke, and their servants and agents, have brought to the said city of Dover the said machine, truck or automobile, and have placed the same in commission, and are intending, and attempting to make certain contracts, and to use the money of the said city for the payment of the said machine, truck, or automobile, and in the maintenance, and operation of the same, and threaten to continue so to do, and that the said machine, truck or automobile, now is or was in the garage of Peter McShane in said Dover;

That the said Edward S. Clarke, acting under the orders of said Alvan P. Place, Edward McGuinness, and Frank E. McKone has taken charge of said machine, truck, or automobile, and with their servants and agents, is using the same in connection with, and as a part of the police equipment and department of the said city of Dover, that they have taken, and intend to continue to take, certain money belonging to and which is a part of the funds and property of the said city to

pay for the said machine, truck, or automobile, gasoline, and other articles, and things, that may be necessary in the use, operation, and maintenance of said machine, truck, or automobile;

That the acts of the parties as above set forth are illegal and unauthorized, and that the money they are using, and the money they intend to continue to use for the purchase of said machine, truck, or automobile, and for the operation, and maintenance of the same is the property of and a part of the funds of the said city of Dover, and that no part of the same was appropriated for the purposes in which the said above parties are expending it, and in which they intend and threaten to continue to expend it, and the acts of the said parties are illegal, unauthorized, and an arbitrary use of the funds and money of the city of Dover.

Therefore, your petitioner prays that the said parties, their agents and servants, be restrained and that an injunction be issued restraining the said parties, their agents, or servants from using and expending any part of the money appropriated by the said city: For the payment of, or the maintenance and operation of said machine, truck, or automobile, and for such other relief as may be just and equitable.

(Signed) CHARLES H. FOSS.

Dover, New Hampshire, May 29, 1914.

STATE OF NEW HAMPSHIRE.

STRAFFORD, SS.

SUPERIOR COURT.

Upon reading and filing the foregoing petition of Charles H. Foss against Alvan P. Place and others, it is ordered that the defendants named in said petition, namely Alvan P. Place, Edward McGuinness, Frank E. McKone and Edward S. Clarke, their agents or servants

be and they are hereby strictly enjoined and restrained from using or expending any money or funds of the city of Dover to pay the purchase price, or for the maintenance, use, and operation of the automobile referred to in said petition, until the first day of the September Term, 1914, of this court, unless this order shall sooner be dissolved or modified.

(Signed) OLIVER W. BRANCH,
Associate Justice,
Superior Court.

May 30, 1914.

STATE OF NEW HAMPSHIRE.

STRAFFORD, SS.

SUPERIOR COURT.

CHARLES H. FOSS

VS.

ALVAN P. PLACE,
EDWARD MCGUINNESS,
FRANK E. MCKONE,
EDWARD S. CLARKE.

This bill having been filed in the office of the clerk of said court this 1st. day of June, A. D., 1914.

IT IS ORDERED that said plaintiff notify the said defendants to appear at the next term of said court to be held at Dover, in said county, on the third Tuesday of September next, and answer the said bill of complaint, by giving to said defendants, each in hand, or leaving at the usual place of abode of each of them, a true and attested copy of said bill, and this order, and temporary injunction thereon, at least fourteen days before said term.

It is further ordered that said defendants, each of them, file his answer with the clerk of said court, and deliver to Albert P. Sherry, esquire, plaintiff's solicitor,

a copy in writing of said answer, within two calendar months after the service thereof, or on the third Tuesday of September next, otherwise said bill shall be taken as confessed.

Attest: WILLIAM H. ROBERTS, Clerk.

The foregoing is a true copy of a bill filed June 1, 1914, as aforesaid, and of the order of notice and temporary injunction thereon.

Attest: WILLIAM H. ROBERTS, Clerk.

(L. S.)

In answer to the injunction an object lesson of the usefulness of the patrol was given the people the afternoon on which the injunction was served. The patrol was not sent to the assistance of an unfortunate tubercular victim, who was stricken at the city farm, because the commissioners wished the interpretation of the court on the limitations imposed by the injunction. This party referred to died while being conveyed to the police station in a hayrack.

One of the direct effects of the injunction was to prevent an economical operation of the patrol ambulance. It became necessary to hire a driver outside of the police department, entailing an additional expense of \$183.50.

COST OF OPERATION OF THE PATROL.

If the original plan of the commission had not been annulled by the injunction which prevented the employment of a regular officer as driver of the ambulance, the expense of operation would have been as follows:

Interest on \$1,421.60 at 6 per cent. for 7 mos.,	\$49 79
Gasoline, oil and care of ambulance,	49 83

\$99 62

Hire by Strafford county,	\$61 50
From other sources,	38 25
	<hr/>
	\$99 75
	99 62
	<hr/>
	\$ 13

This would indicate a profit of thirteen cents to the city, covering a period of seven months, neglecting the item of depreciation. This, during the first year, has been practically nothing since the tires are in excellent shape, and the rest of the car is in better condition than it was when new, owing to the fact that it does not now have the stiffness characteristic of new machines.

Below is the actual cost for the last seven months:

Driver,	\$183 50
Interest on \$1,421.60 at 6 per cent., for 7 mos.,	49 79
Gasoline, oil and care of ambulance,	49 83
	<hr/>
	\$283 12
Receipts from the ambulance,	99 75
	<hr/>
Actual cost for operation,	\$183 37

COMMISSIONERS' ESTIMATE.

The following estimate shows how the commission expected to buy the patrol without exceeding the appropriation:

Commissioners' salaries for one year,	\$ 500 00
Contribution of \$25.00, approximately, from each man on the police force,	300 00
Saving on the motorcycle,	500 00
Other savings,	200 00
	<hr/>
	\$1,500 00

It would appear that the following sums would have been available for the ambulance provided the legality of the purchase had not been questioned:

Commissioners' salaries, Sept.-		
Dec., 1913,	\$ 166 67	
Other 1913 bills,	10 00	
Surplus for 1914,	643 71	643 71
Commissioners' salaries, 1914, ..	500 00	500 00
Receipts from the ambulance, (profits),	13	13
	<hr/>	<hr/>
	\$1,320 51	\$1,143 84
Cost of patrol,	\$1,421 60	\$1,421 60
	1,320 51	1,143 84
	<hr/>	<hr/>
	\$ 101 09	\$ 277 76

From the above figures it would appear that a deficit of \$277.76 would result, but if the department had a little more encouragement perhaps the real deficit, \$101.09, would have been wiped out. In this connection it is well to note that the department was granted by the finance committee \$150.00 less than the commission of the preceding year. Also, while \$643.71 was reported as surplus, two bills contracted in 1913 were paid from the 1914 appropriation, namely,

Commissioners' salary for 1913,	\$166 67
Medical services,	10 00
	<hr/>
	\$176 67

In reality then, the saving amounted to \$643.71 plus \$176.67. Yet the appropriation was \$150.00 less than for 1913.

SERVICE PERFORMED BY THE PATROL.

Albert L. Bartlett, head of the department of public safety in his report for 1913 to the municipal council

of Haverhill, Mass., says: "The great necessity in police work is speed . . ." The correctness of this statement has been proved by the service rendered during the past year by the patrol. Below is a table showing the character of the work performed.

TABLE 1.

	May	June	July	Aug.	Sept.	Oct.	Nov.	Dec.	Total
City trips,	1	20	41	47	37	56	42	20	264
County Farm, . .	0	2	10	6	4	6	7	1	36
Dover Point, . .	0	0	1	0	2	2	0	0	5
Outskirts,	1	1	0	1	2	3	1	0	9
Hospital,	0	1	0	2	4	0	0	1	8
Somersworth, . .	0	1	3	0	0	1	0	0	5
Salmon Falls, . .	0	0	0	1	0	0	0	0	1
Berwick,	1	0	0	0	0	0	0	0	1
	3	25	55	59	49	68	50	22	329

Cost to the city of patrol by months, with and without the driver:

TABLE 2.

	Expense			Cost per Trip.		
	If run by Dept.	If not run by Dept.	Loss due to Injunction.	Trips.	Without Driver.	With Driver.
May,	\$2 19	\$ 6 19	\$ 4 00	3	\$0 73	\$2 06
June,	4 25	18 00	13 75	25	17	72
July,	8 10	39 85	31 75	55	16	72
August,	7 87	41 87	32 00	59	17	71
September,	7 76	35 76	28 00	49	17	73
October,	7 21	44 96	37 75	68	11	66
November,	7 10	33 85	27 75	50	13	68
December,	2 35	13 35	11 00	22	11	61

From table 2 it will be seen that the average cost, excluding the expense of driver, was less than seven-tenths of a cent per trip.

TABLE 3.

Cost of operation of car per trip divided into its component parts:

	Trips per year.	
	600	1200
Gasoline, repairs, etc.,	\$0 17	\$0 17
Interest,	09	04½
Tires,	10	05
	23	12
Cost of driver,	55	55
	\$1 14	\$0 93½

In studying the above tables it will be seen that the greatest cost of the patrol ambulance has been the cost of driver. The next largest item is the replacement fund based on ten years' service. This means if the car is run 600 trips per year and 23 cents set aside each trip during ten years, enough money will have accumulated to replace the patrol. No interest has been calculated on the money as it accumulates, and no allowance made of the tendency of automobiles to fall in price. Ten years was taken as the average length of life of a patrol when properly handled. It was not considered, as is probably the case, that it would have a value of \$200.00 at the end of ten years so that it will be seen that the replacement value of twenty-three cents is plenty large. The cost of gasoline, washing and repairs amounted to seventeen cents per trip. The tire cost of ten cents per trip with the interest of nine cents go to make up the entire cost of \$1.14. Strafford county paid \$61.50, and \$38.25 came from other sources and represents a saving to the city of \$99.75. This is a saving per trip of thirty cents. The cost then to the city was eighty-four cents per trip. Deducting fifty-five cents for driver, the cost,

if run by the police department, would become twenty-nine cents. It would then appear that the improved method of handling the unfortunates, when operated by a department of the city, is as low if not lower than the old method of hiring a job wagon. It is well to note that in the above table the values in all cases have been taken large. As an illustration, there has been no tire expense, yet ten cents per trip has been allowed as the average value for three years which would perhaps amount to ten cents for each trip during that time.

RECOMMENDATIONS.

1st. The commission recommends that the pay for ten days' services be refunded by the city councils to each of the officers of the police force, provided that this amount is not expended for a police ambulance for which the money was contributed.

2d. During the year three girls of this city, eighteen years or less in age, were found to be leading a degenerate life. On investigation it was determined that these girls, largely because of lack of attention of the right kind, commenced this life early; in one case at the age of eleven years. This low moral standard, in Dover as in other cities, is more general than any suppose. There seems to be small hope of retraining a girl of eighteen years or over and little if anything can be expected from efforts in this direction. The commission does, however, wish to point out to the city councils an opportunity for a good investment where large cumulative benefits to the city in good mothers, good girls and a more pleasing living condition would result year after year in Dover.

The commission recommends that a trained woman be added to the department as an assistant whose duty it shall be to elevate these girls who are leading this degenerate life, to organize this branch of the service that it may become as efficient as the work done by the

twelve men in the police department. We recommend that the hours of service be the same number as the men and a salary paid to her commensurate with her results.

3d. The police telephone system should not only be extended, but a flash light system added to act in conjunction with the telephone system.

4th. The city hall committee should investigate the ventilation of the police station.

5th. The city councils should have a committee to investigate the automobile regulations in other cities and report such actions as will better prevent accidents and safeguard the lives of the citizens.

6th. The motorcycle should be replaced by a new one or rebuilt at the factory.

CONCLUSION.

The commission wishes to express its thanks to all who have in any way contributed to the success of the work of the department, to all who have made suggestions for its greater efficiency, and to those who have judiciously praised and thereby given encouragement and help.

ALVAN P. PLACE,
EDWARD J. MCGUINNESS,
FRANK E. MCKONE,

Police Commissioners.

Dover, N. H., December 31, 1914.

REPORT

OF THE

CHIEF OF POLICE.

TO THE BOARD OF POLICE COMMISSIONERS OF THE CITY
OF DOVER, N. H.

GENTLEMEN:

I have the honor to submit herewith the report of the chief of police for the year ending December 31, 1914.

Bound over,	20
Bail defaulted,	2
Continued for sentence,	133
Continued,	4
Committed to house of correction,	158
Committed to state industrial school,	7
Committed to jail,	7
Complaint quashed,	1
Discharged,	21
Fine suspended on payment of costs,	5
Fine and imprisonment suspended on payment of costs,	1
Imprisonment suspended on payment of costs,	2

Noll proessed,	4
Mittimus brought forward,	1
Placed on file,	23
Placed in custody of father,	2
Placed in custody of probation officer,	1
Paid fine and costs,	81
Paid costs,	1
Suspended,	230
	<hr/>
Total,	713
The number of lodgers for the year 1914, ...	1,614
Safekeepings,	136
Delivered to out of town officers,	17
Escaped prisoners returned to house of correc- tion,	11
Committed to state hospital,	2
Amount received from fines and costs,	\$1,236 31

There has been collected in telephone charges \$13.85 and the same has been paid to the city treasurer.

Several cases have been investigated for cruelty to animals.

There has been \$5.00 collected from the sale of junk which will appear in the report for January, 1915.

The force at this time consists of the following officers:

Edward S. Clark, chief of police.

Owen Flanagan, deputy chief of police.

John J. Murphy, inspector.

Winfield S. Trask,	William A. Brownell,
William S. Scanlon,	Thomas Fody,
Charles C. Crowley,	Napoleon Cote,
Thomas L. Grady,	Daniel Murray.
John Cornell,	

ACTIVE SPECIALS.

Thomas McLin,
William Lothrop,
Terrance O'Neil,

Perley A. Smith,
Harris McGlone.

PROBATION OFFICER.

Appointed by, and tenure of office at the pleasure of, the justice of the police court for the district of Dover.

Eva M. Arlin.

There have been 15 cases for breaking and entering and 21 cases for larceny. The cases which were disposed of through the superior court as follows:

John Carroll, arrested August 27, 1914, for obtaining money under false pretenses. Ordered by Judge McCabe to furnish \$2,500 bond for his appearance at the September term of superior court. He was arraigned September 21 and pleaded "not guilty." Plea retracted October 14 and pleaded "guilty." He was ordered from the superior court to serve not less than four years nor more than five years at hard labor in the state's prison. This man traveled under several aliases and had served sentences for the same offense.

John Foster was arrested July 30, 1914, for breaking and entering dwelling house in the day time and committing larceny. He was held by Judge McCabe under \$2,500 bond for his appearance at the September term of the superior court. He was arraigned September 21 and pleaded "not guilty." Plea retracted October 14 and pleaded "guilty." He was ordered to be confined to hard labor in the state's prison for not less than three nor more than four years. This man was known as John Foster, alias J. Frank Williams. He had served several terms for the same offense, and was a parole violator from the Massachusetts state's prison.

James Carson was arrested May 29, 1914, for stealing a horse, and was held by Judge McCabe under \$2,500 bond for his appearance at the September term of

superior court. This man had served several terms in the Massachusetts state's prison, the last sentence being for twenty-five years as being a habitual criminal. He was arraigned and pleaded "guilty." He was ordered to be confined at hard labor in the state's prison for a term of not less than five years nor more than seven years.

There was property recovered from these superior court cases to the amount of \$610.00.

Forest Neal Mace and Clyde F. McKenney were arrested July 24, 1914, for obtaining money under false pretenses and were both held by Judge McCabe under \$2,500 bonds each for their appearance at the September term of superior court. They were arraigned September 21 and pleaded "guilty." Forest Neal Mace was ordered to be confined at hard labor in the state's prison for a term of not less than four years nor more than five years. Clyde F. McKenney was ordered to be confined at hard labor in the state's prison for a term of not less than two nor more than three years. These men had both served sentences in our county jail for the same offense.

On all of the above criminal cases the sentences were imposed by Judge William H. Sawyer in the September term of the superior court.

We have had 551 drunks arrested during the year 1914. The present method of handling these cases is to lock them up; bring them before the court; and they are either fined, their case continued for sentence, or the sentence suspended, the mittimus to issue at the order of the court. This method does not assist the person to overcome the habit, for he looks at it as if he had had a good time, and was simply paying for it. Now, the object of this is not, or should not be, for revenue, but rather to restrain the use of intoxicating liquors and so to benefit the community. But, in my mind, this method does not accomplish its object. It

does not get at the source of the evil. What is needed is a place where we can send the cases that they may be treated for the habit.

I have found from experience with such cases that the reason this habit is passed from parents to children is largely due to the home environment. Then, this is what should be studied first. Already the juvenile probation officer has made great progress in this direction. She has now under her charge eleven cases and has investigated other cases. She is working in co-operation with Mrs. Montgomery who is the general secretary of the New Hampshire Children's Aid and Protective society of Manchester, N. H., and State Probation Officer Lydia Ward Rice of Maine.

I wish to compliment Judge McCabe in his selection and in his appointment of the juvenile probation officer for the district court. She has rendered this department great service.

In my opinion we need a police woman in our department, for there are many delicate cases in which a man cannot get sufficient information for the department to work on. The good work done by Miss Arlin as probation officer proves beyond any question of doubt that a woman is necessary to the success of this department, that the humane side of every case may be thoroughly investigated.

The installation of the police patrol has been a great help in making the force efficient and up to date. It has answered 320 calls and saved both time and money to the department.

Last year I reported some matters which I think should be seen to: the ventilation of the cell room; the method of lighting the court room; danger signs to warn motorists that they are approaching schools, squares and hospitals; and a traffic law.

I want to thank the officers of the force for their co-operation in the work of the department. I also

wish to compliment them for the efficient way in which they have handled the criminal cases. The men were greatly assisted in this by the prompt reporting of the crimes by the people imposed on.

Lastly, I want to show my appreciation of the support I have received from the commission and Judge Frost and Judge McCabe.

Respectfully submitted,

EDWARD S. CLARKE,

Chief of Police.

ANNUAL REPORT
OF THE
CITY SOLICITOR.

GENTLEMEN OF THE CITY COUNCILS:

I have the honor to submit the following report for the year ending December 31, 1914:

At the February term of the superior court, 1914, an action was entered by the Twin State Gas & Electric company against the city, for abatement of taxes. This matter was referred to the tax commission by Judge Branch, and at a date subsequent, counsel for the Twin State Gas & Electric company and counsel for the city had a conference with the Hon. Albert O. Brown, chairman of the tax commission. The matter was adjusted and the city received a substantial increase in the tax valuation of the said company's plant over preceding years.

In the matter of the action of George W. Lewis against the city, a proposition was submitted by the attorney of the plaintiff and the matter referred to your honorable body for instructions. Acting under said instructions the solicitor arranged a compromise settlement with the plaintiff, but owing to another action started against the plaintiff in the above entitled case, which might involve the interests of the city, the same has never been settled.

Several claims against the city have been referred to me, which I have investigated and reported on the same to your honorable board.

Respectfully submitted,

ALBERT P. SHERRY,
Solicitor.

LIQUOR LICENSES

ISSUED

By the State Board of License Commissioners for the Year 1914.

Following is a complete list of licenses issued in the city of Dover by the state board of license commissioners, as corrected to December 31, 1914, together with the particular location, and class of license, of each licensee:

Licensee.	Class.
Benjamin F. Kennard, 503 Central avenue,	5
Herbert C. Woodman, 466 Central avenue,	5
Morris Herman, 40 Third street,	2
Morris Herman, 40 $\frac{1}{2}$ Third street,	3
Charles McGowan, 9 Third street,	2
Harry G. Davis, 505 Central avenue,	5
John E. Kennedy, 509 Central avenue,	2
Walter R. Cox, Park Tavern,	1
Frank E. Mulligan, 460 Central avenue,	2
James F. Dennis, 44 Third street,	3
James Cauley, 22 Third street,	2
David Cassell, 46 Third street,	2
McKernan & O'Neil, 479 Central avenue,	2
John P. Dennis, 314 Central avenue,	2
Patrick Cragin, 315 Central avenue,	2
Patrick J. McCarthy, 79 Main street,	2
Patrick J. Shea, The American,	1
William E. King, 6 Orchard street,	2
Albert Marcotte, 77 Main street,	2
Robinson Brothers, 73 Main street,	2

Licensee.	Class.
Robinson Brothers, 75 Main street,	3
John A. Grimes, 50 Third street,	3
John J. Shea, Grand Union Hotel,	5
John A. Grimes, 49½ Third street,	2
John J. Sweeney, 3 Waldron street,	2
Daniel F. Bradley, The Broadway Hotel,	1

Frank J. Leslie, 20 Third street,	2
Patrick Hanratty, 325 Central avenue,	3
Frederick J. Harrigan, Hilton Hall, Dover Point,	2

The total receipts from fees and forfeitures in the city of Dover under the license law, less such part of ten per cent. of such amount as may be reserved for the maintenance of the state board of license commissioners, is equally divided between the town contributing and the county in which such town is located. The aggregate amount received by the city of Dover, from this source since the adoption of the law May 12, 1903, is \$132,372.23.

DOVER PUBLIC LIBRARY.

OFFICERS FOR THE YEAR 1914.

TRUSTEES.

CHARLES H. FOSS, ex-officio, mayor of the city.

CHARLES A. DAVIS, ex-officio, president of common council.

DANIEL HALL, term expires 1915

ROSCOE G. BLANCHARD, term expires 1916

GEORGE H. WILLIAMS, term expires 1917

FRED HOOPER HAYES, term expires 1918

CLARENCE I. HURD, term expires 1919

BESSIE I. PARKER,	MINNIE P. MORRILL,
ALICE M. VARNEY,	MILDRED TOWLE.

Janitor,
GEORGE F. HERSEY.

DOVER PUBLIC LIBRARY.

ANNUAL REPORT

OF THE

BOARD OF TRUSTEES.

TO THE CITY COUNCILS OF THE CITY OF DOVER:

In behalf of the trustees, I herewith present the thirty-second annual report of the Dover Public Library, covering the year 1914.

Regular monthly meetings have been held, except during July and August, at which books have been examined and all bills and expenses considered. Improvements have been made in the lighting of the Fine arts room and Delivery room, and in the Children's room the furniture has been refinished and put in order. The grounds have justified the expense put into them last year and the added trees and shrubbery have made the surroundings of the library attractive and dignified.

The administrative work of the library and the account of expenditures will be found in detail in the reports of the librarian and treasurer, appended to and made a part of this report. They make it evident that the library each year becomes a more important factor in the life and welfare of the community.

For the trustees,

CLARENCE I. HURD,

Secretary.

DOVER PUBLIC LIBRARY.

FINANCE COMMITTEE'S REPORT.

TO THE TRUSTEES OF THE DOVER PUBLIC LIBRARY :

The undersigned committee on finance of the Dover Public Library, certify that they have examined one hundred and fifty-nine vouchers for payments made during the year 1914, and find the same duly authorized. The book and accounts of the secretary, Clarence I. Hurd, have also been examined and found correct, and agreeing with the annual report of the treasurer.

(Signed) ROSCOE G. BLANCHARD,
GEO. E. VARNEY,
GEORGE H. WILLIAMS.

Dover, N. H., December 29, 1914.

DOVER PUBLIC LIBRARY.

REPORT OF THE LIBRARIAN.

TO THE BOARD OF TRUSTEES OF THE DOVER PUBLIC LIBRARY:

GENTLEMEN: The report of the librarian showing the work of the library for the year 1914 is herewith presented.

THE YEAR'S GROWTH.

Whole number of volumes Jan. 1, 1914,	41,876
Volumes purchased,	848
Volumes received by gift,	199
Bound periodicals,	181
	<hr/>
Total number of accessions,	1228
Worn-out and superfluous volumes, withdrawn,	58
	<hr/>
Total increase for the year,	1,170
	<hr/>
Total number of volumes Dec. 31, 1914,	43,046

Of the 848 books purchased 776 were new titles, and 72 were replacing copies and duplicates.

THE YEAR'S WORK.

The use of the library for the circulation of books has been the largest in its history. For home and school use 74,756 volumes have been issued, an increase

of 2,514 over the previous year. If the population of the city is estimated at 14,000, this circulation means a per capita use of a little more than five books. The area of our city is 26 square miles, and an average use of over five books for each man, woman, and child scattered over this wide area, is a high average for a library which maintains no branches or deposit stations and does all its work from one central building.

REFERENCE USE OF THE LIBRARY.

No record is kept of the large reference use of books in the building, but the value of their work can hardly be overestimated; and the actual figures, if it were possible to keep them, would make substantial addition to the recorded numbers. This reference work has included, besides large individual use, the outlines for programs of study clubs, assistance in debates, and preparation of papers by school pupils and members of clubs. The importance of the Historical room, with its collection of genealogical material and local history, grows more apparent each year and it attracts many out-of-town visitors who spend whole days in research work. In this general reference work, the library attendants are called upon for much personal aid, as few persons are able unassisted, to make practical use of literary tools.

WORK WITH YOUNG PEOPLE.

From the Children's room 13,695 books have been taken out, and there have been 12,243 visitors to the room. A few cut-up maps and pictures have been in constant use by the younger children, and the enjoyment of stereoscopic views continues unabated. Less attention than for a number of years has been given to storytelling, on account of the pressure of work in other directions, but the school work has gone on without interruption.

AIDS FOR BUSINESS MEN.

Particular attention has been given this year to the provision of books useful to business men and women. Works on accounting, cost-keeping, efficiency, advertising, and salesmanship have been added, and put into circulation. In order to make known the books on municipal and sanitary questions, a list was printed in January and sent to all members of the city government and other city officials. The same sort of work should be done this year for books on machinery, and carpentry, and other useful arts, in order that people may be kept informed of the library's resources; for the time is past when a library can rely on the mere excellence of its material to bring success. It must also keep up continuous and aggressive work to make this material known by those to whom it may be of service.

PICTURES.

To the bookplate collection, numbering about 3,000 specimens, the donor, Mr. E. R. Brown, added this year a gift somewhat akin to it, of pictures,—engravings, etchings, photogravures and mezzotints,—436 in all. This gift has greatly enriched the picture collection, to which no additions had been made for several years.

LECTURES.

The first illustrated lecture of the year was given by Rev. Earl B. Cross on the Boy Scout movement, the next by Rev. William Lindsay on Life in England, and the next by Mr. E. W. Butterfield, superintendent of schools, on the White Mountains. Three others were given under the auspices of the Civics department of the Woman's Club:—one by Mrs. Alice Montgomery, state agent for the protection of children, on The unprotected girl; one by Mr. W. F. Purrington, inspector for the state board of health, on Pure foods; one by Dr. L. W. Flanders on The care of the eye.

THE LOCAL HISTORY EXHIBIT.

As our city has an early history which few cities in the country can equal, it has always seemed fitting that the Historical room of the library should be adequately maintained and its contents made known, not only to students, but to the many newly arrived citizens who, coming here from other countries and alien nationalities, understand little of the aims and principles which animated the early settlers of this region. The celebration of Old Home Week by the city seemed a fitting time to make an exhibit of some of this historical material, and the whole library staff contributed to its success. A few pictures and articles were borrowed, but the greater part of the material was owned by the library. It consisted of early maps and plans, views and relics of the garrison houses, pictures and historical documents relating to the different churches, the establishment of the various industries in Dover, the early schools and many group pictures of classes, the fire companies, the visit of Lafayette, the call for troops in the civil war, old town newspapers dating back to 1796, and a large collection of photographs of prominent citizens, past and present. The exhibition proved to be of so great interest to both young and old, that it was kept open after the schools began in September, and one by one all the grammar schools in the city came with their teachers and were shown through the rooms, with an explanatory talk by the library attendants. In addition to all these grammar schools, there were more than five hundred persons registered as visitors, some of the signatures being Dover names from far distant cities, and others being foreign names of persons now living within our own borders.

Exhibits, lectures, pictures, and printed lists, all show the changing nature of library activity. Every year the work grows more complex, demanding higher

degrees of intelligence and wider range of information. To keep in advance of these demands, and to supply and even create legitimate needs for books and printed material, is the aim of the modern public library.

There has been no change in the library staff during the year. Miss Jenkins in charge of the circulation, Miss Parker of the Children's room, Miss Morrill of the Reading room and cataloguing, Miss Varney of the Fine arts room, and Miss Towle and Miss Ridley and Donald Ewer as extra assistants, have all given willing and helpful service to the public and have maintained steady efficiency and industry in the routine of daily work. To the trustees, also, the librarian would once more express her appreciation of personal consideration and kindness.

Respectfully submitted,

CAROLINE H. GARLAND,

Librarian.

THE WENTWORTH HOSPITAL.

ANNUAL REPORT

OF THE

BOARD OF TRUSTEES.

GENTLEMEN OF THE CITY COUNCILS:

In submitting the ninth annual report of the board of trustees, it has been our aim to present the various details of management clearly and comprehensively, in order that an intelligent understanding may be had of the important work being performed by this branch of our municipal service, as well as the financial sacrifice essential to its accomplishment.

At the March meeting of the board of trustees the following changes in the laws governing the institution were formally adopted:

First, was the change in the time of holding the annual meeting, made necessary by the legislative act placing the fiscal period of the hospital in harmony with other municipal departments. The new article is as follows:

Article 2. The annual meeting of said board of trustees shall be held on the regular monthly meeting in the month of January. Notice of such meeting shall be given by the clerk to each member of the board of trustees at least three days previous to the date thereof.

The annual meeting heretofore held on the last Wednesday evening in the month of March, will here-

after be held on the Monday evening following the first Wednesday in the month of January, thus permitting the admission of the ex-officio members, the mayor and president of the common council, at the beginning of the hospital year.

Rule 1 of the rules and regulations was also amended by striking out the words "who are members of the Dover Medical Society," as they appear in the following text:

1. The board of trustees shall appoint, from the physicians and surgeons of Dover *who are members of the Dover Medical Society*, not less than eight nor more than ten attending physicians and surgeons, who shall constitute the medical and surgical staff of the hospital, to whom shall be committed the administration thereof in all matters pertaining to the care and treatment of patients. Vacancies in the staff, occurring from any cause, may be filled by election at any meeting of the board of trustees. Additional consulting physicians and surgeons may be elected by the board of trustees at its discretion.

The Wentworth hospital is purely a local institution, although its doors are open to the admission of patients without reference to residential limitations. That preferential regulations should be adopted by the hospital management in behalf of those who are already, directly or indirectly, taxed to insure the general maintenance of the institution, can hardly be characterized as discriminative legislation, but rather as a justifiable attempt to equalize the financial balance between resident and non-resident patrons. Entertaining this view, rules three and seven have also been amended. These rules, as now in force, are as follows:

3. The permanent staff shall have the care and control of all patients, except private patients, during their term of service, and shall render to each other

such assistance as may be required. Non-resident patients will be required to pay the regulation charges for room occupied, for at least two weeks in advance, also the regulation hospital charges for urinalysis, bacteriological or X-Ray examinations.

7. No capital operation shall be performed, except such demanding immediate attention, without the approbation of at least two members of the surgical staff. This rule does not apply to private patients. No operation, except such as may be considered absolutely necessary, shall be performed on Sunday. Non-resident patients treated in the operating room, will be subject to an additional charge of five dollars for minor operations and ten dollars for major operations.

The following amendment to rule 12, while it may not be regarded as a change in policy, defines the discretionary privileges of patients more clearly than heretofore. We present, for purposes of comparison, the rule as formerly in force, and as subsequently amended.

As heretofore in force:

12. The physician or surgeon in attendance may call in consultation other members of the staff, including the consulting members, and with the consent of his associates may call any other physician or surgeon in good standing, provided the hospital shall be at no expense therefor.

As amended:

12. The physician or surgeon in attendance may call in consultation other members of the staff, including the consulting members, and any patient in the hospital may, with the consent of any two members of the board of trustees, have all the accommodations of the hospital, and the attendance for purposes of treatment, or consultation, or operation, of any physician or surgeon in good standing, provided the hospital shall be at no expense therefor.

STATISTICAL.

The smallest number of patients treated at the hospital in any one day during the past year, was 14; the largest number, 44. In order to cope with whatever exigency may arise, however, the constant attendance of an adequate corps of competent nurses is imperative, while varying numbers in the medical and surgical departments exercise but little influence upon the ordinary routine in the domestic and mechanical branches of the institution.

During the past year the hospital force has been maintained at a daily average of twenty-eight, while the daily average of patients has been twenty-five, making a total family of fifty-three.

The average cost per person for board during the past twelve months, including regular and special diets, delicacies, etc., furnished patients, has been \$1.92 per week. The average weekly cost per patient, on the basis of total expenditures for medical and surgical supplies, has been \$1.68, or only twenty-four cents less than the average weekly cost for board. The average daily cost per patient on the basis of total cost of maintenance per year from 1906 to 1914, both years inclusive, is as follows:

1906,	\$2 49
1907,	2 62
1908,	2 32
1909,	2 11
1910,	1 98
1911,	2 16
1912,	2 28
1913,	2 12
1914,	2 49
Average cost for all the years, ..	2 28

Thus it will be seen that substantially fifty per cent. of the service rendered by the hospital, not including

the free service, is furnished at a price considerably less than the average daily cost as above determined.

In the following table is shown the relation which the sub-divisions of expense bear to the daily cost as above presented:

Year.	Salaries and Wages.	Groceries and Provisions.	Medical and Surgical Supplies.	Fuel.	Light and Power.	All other Expenses.
1906 ...	\$0 93	\$0 54	\$0 29	\$0 38	\$0 15	\$0 20
1907 ...	94	63	33	36	12	24
1908 ...	84	61	22	31	11	23
1909 ...	80	57	25	16	09	24
1910 ...	86	51	14	15	08	24
1911 ...	82	54	21	18	08	33
1912 ...	86	53	23	21	09	36
1913 ...	82	49	21	22	08	30
1914 ...	1 02	58	24	24	10	31

The average daily income from paying patients during the seven full years immediately preceding 1914, was \$29.52, while the average daily cost based upon the average cost of maintenance, was \$49.35, or an annual average outlay of substantially \$7,000.00. This expenditure has not only enabled the institution to render the highest possible degree of service to its paying patients, but to furnish an average of 1,963 days of absolutely free service each year, and 656 days' service for which but a small part of the regular charges were made.

The following table shows the number of patients admitted, the number of days of free, and partially free, service rendered, and the number of days' service for which regulation rates were received, during the several years the hospital has been in operation.

Year.	No. Patients Admitted.	No. Days Free Service.	No. Days Partially Free Service.	No. Days at Regular Rates.	Total Days.
1906	75	101	48	1,129	1,278
1907	307	991	199	5,172	6,362
1908	338	1,637	480	5,367	7,484
1909	325	2,078	415	5,466	7,959
1910	400	2,370	469	5,194	8,033
1911	421	2,148	595	6,005	8,748
1912	415	2,416	980	5,249	8,645
1913	466	2,101	1,452	6,591	10,144
1914	441	2,687	872	5,707	9,266

The following table shows the number of days' service rendered each year by classification of charges.

Year.	\$7.15	\$5.50	\$5.00	\$4.00	\$3.00	\$2.50	\$1.50
1906					39	305	785
1907*	126	157	104	75	1	1,345	3,355
1908**	15	39	124	202	30	1,093	3,848
1909	37	107	60	143	104	900	4,115
1910	46	17	80	95	58	705	4,193
1911		196	48	209	45	1,088	4,419
1912	31	80	168	50	224	846	3,850
1913	4	104	115	68	158	1,132	5,010
1914	23	238	124	178	198	799	4,126

Comparative table of expenses for the years 1913 and 1914:

	1913	1914
Salaries and wages,	\$8,333 27	\$9,476 55
Groceries and provisions,	4,925 54	5,344 87
Ice,	202 13	171 24

* Nine days at \$3.50.

** Two days at \$3.50 and 14 days at \$2.00.

	1913	1914
Medical and surgical supplies,	\$2,153 39	\$2,197 88
Fuel,	2,217 95	2,179 06
Light and power,	811 95	890 93
Furnishings,	1,254 78	799 55
Transportation,	337 67	274 34
Repairs,	546 25	496 70
Laundry,	164 52	176 83
Maintenance,	208 39	203 71
Miscellaneous,	378 33	*848 40
Totals,	\$21,534 17	\$23,060 06

The receipts for the year have been as follows: Appropriation from the city of Dover, \$7,000.00; interest on invested funds, \$920.00; from the superintendent, \$12,900.84; transferred from the city treasury, \$2,000.00; which, together with the balance on hand January 1, 1914, makes the available resources for the year, \$23,528.91.

IN CONCLUSION.

It is a gratifying fact that the local mortality rate for the nine years during which the hospital has been in operation, including deaths from all causes, except senility, has been less than for the nine years immediately preceding the opening of the institution. Whether or not the hospital has been a factor in bringing about this result may seem purely speculative, yet it is in evidence that its ministrations have brought health and hope to many whose impecuniosity interposed an insurmountable barrier to necessary remedial treatment.

The trustees desire to officially acknowledge the receipt of \$500.00 under the will of the late Henry A.

* Includes water charges and expense of suit Leavitt vs. City of Dover.

Worthen, which bequest has been invested agreeably to the expressed wish of the testator.

For detailed information relative to the financial transactions of the board, as well as for the minutiae of internal management, you are respectfully referred to the reports of the treasurer and the superintendent, hereto attached and made a part of this report.

Respectfully submitted,

Treasurer.

Dover, N. H., December 31, 1914.

AUDITOR'S REPORT.

TO THE BOARD OF TRUSTEES:

We have examined the books, papers and accounts of Miss Grace P. Haskell, superintendent of said hospital, and find the same correctly kept, properly vouched, and all moneys received by her have been turned over to Mr. William K. Chadwick, treasurer of said board, for which there are proper receipts on file.

We have also examined the books, papers and accounts of the treasurer, and find them properly kept, correctly cast, with duly authorized vouchers on file for all disbursements; that said treasurer has now on deposit in the Strafford National bank the sum of \$468.85 to the credit of the Wentworth hospital.

We have also examined the securities belonging to the hospital and find them to agree with the report of the treasurer.

Signed,

ROSCOE G. BLANCHARD,
JAMES CAVANAUGH,

Auditors.

Dover, N. H., December 31, 1914.

THE WENTWORTH HOSPITAL.

Report of the Superintendent.

TO THE BOARD OF TRUSTEES:

GENTLEMEN: Your superintendent submits the following report for the year 1914:

Number of patients in the hospital,	28
Paying,	21
Free,	6
Part pay,	1
<hr/>	
Total,	28
Number of patients admitted from Jan. 1, 1914, to Jan. 1, 1915,	441
Number of patients paying board:	
Males,	140
Females,	190
Patients paying board in part:	
Males,	2
Females,	12
Number of patients free:	
Males,	51
Females,	46
<hr/>	
Total,	441
Total number of accident cases,	57
Total number of emergency cases,	73

Total number of ambulance cases,	72
Total number of deaths,	43

Of the deaths occurring:

Six died on arrival.

Six died less than 12 hours after admission.

Eight died less than 24 hours after admission.

Three died less than 48 hours after admission.

Two stillborn.

Civic Conditions:

Married,	202	
Single,	206	
Widowed,	33	
	<hr/>

Largest number of patients in one day,	44

The following donations have been received:

- Magazine, Mr. Roberts.
- Candy, Judge C. H. Wells.
- Jelly, Mrs. Charles M. Jones.
- Carnations, for the wards, D. A. R.'s.
- Granite State Outlook, Dover W. C. T. U.
- Flowers, Mrs. A. D. Foster.
- Candy, for nurses, Judge C. H. Wells.
- Magazines, Miss Florence Blanchard.
- Easter flowers, Whatsoever Club.
- Easter lilies, Hospital Club.
- Easter flowers, Civics Dep't, Woman's Club.
- Candy, for nurses, Mrs. Connolly.
- Easter lily, Primary Dep't of First Parish.
- Flowers, Mrs. Moses Fry, B. F. Fry, Morton Fry.
- Glass stoppered bottles, Mrs. Tufts.
- Vase, Miss Garland.
- Flowers, Mrs. John Caverly.
- Preserves, Mrs. Jones.
- Magazines, Miss Blanchard.
- Magazines, for nurses, Dr. Morgan.
- Magazines, Dr. Brigham.
- Magazines, Miss Margaret Frost.
- Flowers, Judge McCabe.
- Flag and vases, for nurses, J. E. Harvey.
- Children's clothing, Mrs. John Lovett Morse, Boston.
- Awnings, Mr. F. B. Williams.
- Blueberries, Mrs. Luno.
- Cucumbers, Mrs. H. B. Tasker.
- Cucumbers, Mrs. Charles H. Jenness.
- Gladioli, Mr. Charles Howe.
- Apples, 2 barrels, Miss Elizabeth Sawyer.
- Mustard pickles and relish, Mrs. H. B. Tasker.
- Pickles, for nurses and help, Mrs. Charles Jones.

Apples, 2 barrels, Mrs. Samuel Rollins.
 Pears, for nurses, Mrs. Frank Christie.
 Pears and grapes, Mrs. Charles Jones.
 Children's clothes, Mrs. John Lovett Morse, Boston.
 Magazines, Mrs. Frank Christie.
 Pickles, for nurses and help, Mrs. Charles Jones.
 Compress, Mrs. Harry Tasker.
 Compress, Mrs. Sarah Busbee.
 Compress, Mrs. Frank Page.
 Napkins, 2 doz., Miss Mary Thompson, Durham,
 N. H.

Flowers, Miss Wyatt.

Books, Mrs. William E. Biddle, Amesbury, Mass.

Compress, Mrs. Frank Fisher.

Christmas trees, wreaths and ornaments for tree,
 Hospital Club.

Christmas tree, for nurses, Miss E. C. Sawyer.

Pickles and fruit, for nurses, Mrs. Goddard.

Christmas greens and trees, Mrs. Henry Chad-
 bourne.

Fruit and confectionery for the nurses, Dr. Blan-
 chard.

One hundred dollars to be spent at the discretion of
 the superintendent, Miss Mary L. Thompson.

Foster's Daily Democrat, Geo. J. Foster & Co.

Dover Tribune, Tribune office.

Ten dollars given superintendent to be spent for
 clothing for Geo. Cullen, Miss Margaret Shea.

We have admitted fewer patients than last year
 and there has been a greater demand on our free bed
 service. The number of patients wanting ward beds
 increases with a corresponding decrease in the de-
 mand for private rooms.

A large number of badly injured patients have
 been admitted and of this number several died almost

immediately on arrival. We have also admitted a large number of emergency patients.

The hospital is the only place in the city that affords care to chronically ill patients who have no home of their own. We are obliged to accept a certain number of these patients without regard to the inevitable increase in the death rate. It seems our duty to relieve, by care and attention, the last sufferings of these incurable patients.

Some necessary repairs have been made on the low pressure boilers which are now in good condition for the heavy work of the winter. The laundry equipment shows the wear and tear of over eight years continuous service. Repairs on the washer have been numerous. About four thousand pieces of laundry are handled weekly, and there are times when this number is greatly increased. One laundress has heretofore done the work with the aid of a woman who comes in for the hand ironing. Every article sent to the laundry is handled seven times before it is returned to the ward. Should there be an increase in the work this year an additional woman will be necessary.

The addition of a dietitian to our staff of workers has materially lightened the burden of domestic care borne so many years by the superintendent. We have, in Miss Hannah B. Shepard, B. S., a competent assistant and a most excellent instructor in dietetics. Miss Shepard is a graduate of the four years' course in household economics of Simmons College. Instruction in dietetics under a competent teacher is demanded of all hospitals registered by the Regent of the State Board of Medical Instruction of New Hampshire. Hospitals failing to meet this requirement are not registered. We are a registered hospital. Miss Shepard also acts as housekeeper. Our first dietitian, Miss Snow, left to go to the Hale Hospital at Haverhill,

Mass., at an increase of salary. The Hale Hospital is about the size of ours.

The work from March to July, under the supervision of the assistant, Miss Harvey, went smoothly and well. In this work she received the hearty cooperation of the Training School and a majority of the employees. The class work was kept up by Miss Harvey with the exception of the anatomy classes, which were under the instruction of Dr. Inez Ford Nason during the superintendent's leave of absence. This was a very great help to us all and we are very grateful to Dr. Nason for all the time and care spent with the pupil nurses, which they thoroughly enjoyed and appreciated.

Our night assistant, Miss Pinkham, a graduate of the Worcester City Hospital, together with a pupil nurse and one of our graduates, took the fall examinations of the State Board of Nurse Examiners of New Hampshire and passed successfully and thus may use the title Registered Nurse. Miss Mary A. Meserve and Miss Katherine Mahoney successfully passed the examinations in the spring and are registered nurses. All of the graduates of the Training School, who have taken the examinations, have passed them successfully and are registered nurses. There are twelve nurses in training; there should be sixteen, but lack of room and lack of proper material for nurses keeps the number down. The nursing of the hospital is done by the Training School and when these young women enter the school for their two and one-half years' training we promise them certain instructions in the theory and practice of nursing. The curriculum follows as nearly as possible that recommended by the State Board of Nurse Examiners of New Hampshire of whom your superintendent has the honor to be president. To keep up this theory together with the practical work means a large expenditure of mental and

bodily force. To study after having been busy with the sick all day is no easy task yet all the studying is done under those conditions. The standard of the work done is excellent and great credit is due these young women whose time for two and a half years is practically never their own, whose pleasures are few and far between and who willingly and cheerfully make all the sacrifices which are necessary in the lives of those women who select nursing as a profession. The school year began in September with classes in Practical nursing, Anatomy, and Materia Medica. There have been two lectures weekly. Those on dietetics by Miss Shepard, those on bacteriology given by the superintendent. Dr. A. N. Smith has nearly concluded his lectures on Materia Medica, a dry subject made most interesting by Dr. Smith. Dr. Batchelder begins this month his lectures on obstetrics, the other physicians of the staff follow through the school year with lectures on various subjects.

Our senior class of five nurses graduates within the next few months and following their graduation it seems very probable that a graduate will have to be gotten in for ward work.

Among the absolutely necessary repairs of the near future are those to be done in the operating room and some painting which is necessary in the wing used for the men's ward. The walls of the basement will need whitening in the spring and the woodwork on the third floor of the administration building will need attention.

I wish to express to the trustees at this time my sincere thanks for leave of absence granted this year without which it would have been impossible for me to have continued my work. I also express here my appreciation of the kindly courtesy and consideration extended by the staff to both officials and the pupils of the school.

The addresses of the graduates of the Training School are as follows:

Miss Alicia V. Wilson, St. Mary's Hospital, Rochester, Minn.

Mrs. James Walker, Central Ave., Dover, N. H.

Miss Louise V. Durgin, Hayes Hospital, Dover, N. H.

Miss Beatrice M. Page, 50 Cushman St., Portland, Me.

Miss Bessie Cawley, New York, N. Y.

Miss Sarah B. Chapman, 50 Cushman St., Portland, Me.

Miss Adalia Hanley, Berwick, Me.

Miss Mabel Trefry, 21 Lexington St., Dover, N. H.

Miss Bernice Spinney, Sanford, Me.

Miss Helena Holland, 50 Cushman St., Portland, Me.

Miss Esther Anderson, 50 Cushman St., Portland, Me.

Mrs. Effie Porter, Putnam, Conn.

Miss Mary M. McLaughlin, 50 Cushman St., Portland, Me.

Miss Margaret B. Moran, 66 Fifth St., Dover, N. H.

Miss Fanny Rockwood, Dover, N. H.

Miss Merle Renshaw, 8 Fisher St., Dover, N. H.

Miss Lena Murphy, Bois Town, N. B.

Miss Mary A. Meserve, 107 Silver St., Dover, N. H.

Miss Katherine Mahoney, 50 Cushman St., Portland, Me.

Miss Pearle Pond, 18 Second St., Dover, N. H.

Respectfully submitted,

GRACE P. HASKELL, R. N.

Superintendent.

DOVER WATER WORKS.

REPORT OF WATER COMMISSIONERS.

TO THE MAYOR AND CITY COUNCILS OF THE CITY OF
DOVER:

The twenty-seventh annual report of the water commissioners, together with a detailed report of the superintendent, is herewith respectfully submitted.

ORGANIZATION.

The members of the board are—Mayor Charles H. Foss, chairman, President of the Common Council Charles A. Davis, Herbert W. Owen, clerk, resigned April 2, 1914, Gerald A. Scarr, elected May 9, 1914; Andrew Killoren, and H. Foster Elder elected clerk June 9, 1914.

The following is a detailed statement of the receipts and expenditures:

RECEIPTS AND EXPENDITURES FOR 1914.

INDEBTEDNESS.

Notes due the Strafford Savings bank, bearing 3½ per cent. interest, \$239,000 00

Respectfully submitted,

W. K. CHADWICK,

Treasurer.

Dover, N. H., December 31, 1914.

AUDITORS' REPORT.

We, appointed by the city councils, to audit the accounts of the Dover water works for the year 1914, have examined the books and accounts of the water commissioners and find them properly kept, correctly cast and all vouchers properly approved.

We have examined the accounts of the superintendent and find them correct and that the balance of seventy-three hundred sixty-six and 27-100 dollars (\$7,366.27) as shown by his books, agrees with the amount to his credit on the books of the city treasurer, at the close of business, December 31, 1914.

SAMUEL H. BELL,

FRANK R. BLISS,

Auditors.

WATER.

No additional water supply has been procured this year, but after considering the proposition of the New Hampshire Water Supply Co., the water commissioners deemed it advisable to submit a resolution to the city councils, recommending that the services of a competent engineer be secured to ascertain the relative cost of maintenance and depreciation of the present equipment, as compared with the proposition submitted by the New Hampshire Water Supply Co. The councils unanimously adopted the recommendation, and the board of water commissioners appointed Mayor Charles H. Foss and H. Foster Elder as a committee to carry the recommendation into effect. The committee, after consulting with William A. Grover, and on his recommendation, secured the services of H. K. Barrows of Barrows and Breed, Boston, whose report was accepted and printed in detail in the daily press.

WATER PURIFICATION PLANT.

This is in daily operation and in good condition.

PUMPING STATION.

The DeLaval centrifugal pump installed last year, is doing its work well and is in good condition.

METERS.

In operation Jan. 1, 1914,	1,482
Added during the year,	30
	<hr/>
Total,	1,512

Respectfully submitted,

CHARLES H. FOSS,
 CHARLES A. DAVIS,
 H. FOSTER ELDER,
 ANDREW KILLOREN,
 GERALD A. SCARR,

Water Commissioners.

Dover, N. H., December 31, 1914.

DOVER WATER WORKS.

REPORT OF THE SUPERINTENDENT.

TO THE BOARD OF WATER COMMISSIONERS:

GENTLEMEN: In compliance with the city ordinance the annual report of the superintendent for the year 1914 is herewith respectfully submitted.

No money was expended for repairs on the pumping stations or filtration plant during the year. The outside walls of the filters, however, show lack of proper material in their construction, and should be repaired during the coming year. A part of the wall of the receiving basin also needs repairing, and a new fence would add greatly to the appearance of the grounds.

The pumps at the high service station are giving good service. The boilers have been regularly inspected by the Hartford Steam Boiler Inspection & Insurance Co. In April the company required a reduction in the pressure of 25 lbs. from that originally allowed, as a precautionary measure, the boilers having been in use for twenty-six years. The safety valve is now set at 65 lbs. This pressure being too low for practical purposes in the generation of power, I would recommend that a new boiler be installed. The water purification plant is giving good satisfaction, as shown by the report of Mr. Howard, the state chemist. The pumps at the low pressure station, although of low efficiency, have needed no repairs. The water in Willand pond is seven inches lower than at the time of filing my report

last year. This shrinkage may be accounted for from the fact that the rain-fall is seven inches less than for the year 1913, and the consumption of water for the first three winter months was 12,492,000 gallons in excess of that for the same period last year. The installation of a water meter at this station, and the improvements in the conduit line from the pond to the filtration plant, as recommended by Mr. Barrows, in my opinion should be adopted. By your request the water from the drilled wells has been discontinued, and the 25 H. P. motor used on air compressor has been removed to the low pressure station. Early in the year it became necessary to close the gate that controls the flow of water on the open-joint 8-inch vitrified pipe line from the Easterly springs to the Hussey well, on account of the introduction of carbonic acid. This acid has a corrosive effect upon iron, brass and lead pipe, and creates a very objectionable condition. In closing this gate quite a quantity of water is wasted. In order to increase our supply I would recommend that the water from these springs be collected and the objectionable water eliminated, which can be done by laying a close-joint pipe, or the experiment might be tried of putting lime stone or marble chips into the settling basin as recommended by the state chemist, Mr. Howard. In this way all the water from this section of our plant to which we are entitled might be utilized.

The winter of 1914 was a very busy one for the department. In January it became necessary to set a new hydrant at the corner of Ash and Mt. Vernon streets, the old one having been broken by the sewer department in flushing sewers. There being no auxiliary gate on the hydrant branch, it became necessary to close the gates on the main line, one of which was found to be broken. This gate being next to the reservoir we secured the services of the A. P. Smith Mfg.

Co., with their valve inserting machine and set another gate in the Reservoir street line, and also in the hydrant branch. We were enabled to remedy the defect without shutting off the water from the reservoir. In addition to the loss of considerable water, we experienced no little trouble and expense in the performance of this work. More of our hydrant branches should be provided with auxiliary gates. On January 18 the six-inch cast iron main under the bridge at Sawyers was broken by freezing, necessitating relaying with new pipe. In February the hydrant branch on Washington street, near the bridge, was broken off by the action of frost. The Portland street and Atlantic Heights six-inch cast iron extension, most of which was laid late in 1913, has been completed, two hydrants set and a blow-off inserted in this pipe on Portland street. By order of the city councils the six-inch main on Upper Central avenue was extended northerly 1010 feet to opposite Glenwood avenue, and a hydrant set. The six-inch main on Silver street was also extended into Knox Marsh road a distance of 310 feet, and the four-inch main on Park street 66 feet northerly.

The following wrought iron cement lined spur lines were relaid with cast iron pipe: On Monroe street, 450 feet of 1-inch with 3-inch; on Trakey street, 335 feet of 1-inch with 6-inch; on Park street, 285 feet of 1-inch with 6-inch; on Baker street, 305 feet of 1 $\frac{1}{4}$ -inch with 6-inch. From the Baker street line we put a blow-off into the stone culvert. At the junction of Baker and East Concord streets, there are three dead ends which should be connected, a distance of about 200 feet. This extension would enable us to blow out the main lines in this section, the nearest blow-off being at the city farm, some distance away. On Federal street 263 feet of 1-inch cement lined pipe was relaid with 1 $\frac{1}{2}$ inch of the same kind. The six-inch wrought iron pipe under the Fourth street bridge, which has become badly cor-

roded, has given much trouble during the year. It should be relaid the coming year.

A section of the fourteen-inch cast iron main on Central avenue, near Orchard street, was also repaired with new.

Our hydrants have been regularly inspected. During the winter months those containing water were pumped out at frequent intervals.

Fourteen service pipes have been added and three discontinued, total number in use 1,937.

Thirty new meters have been set; three hundred and forty-three have been taken out, cleaned, repaired, and tested; nineteen replaced with new ones; total number in use at the present time 1,512.

The following table gives the number and size of meters in use.

DOVER WATER WORKS.

SUMMARY OF STATISTICS.

For the year ending 1914, in form recommended by the New England Water Works Association.

DOVER WATER WORKS, CITY OF DOVER, STRAFFORD COUNTY, NEW HAMPSHIRE.

GENERAL STATISTICS.

Population by census, 1910, 13,247.

Date of construction, 1888—1889.

By whom owned, City of Dover.

Source of supply, pond and springs.

Mode of supply (whether gravity or pumping),
pumping.

PUMPING STATISTICS.

Builders of pumping machinery, George F. Blake, Lawrence Machine Co., De Lavel Pump Co.

Description of fuel used:

Brand of coal, Georges' creek.

Average price of coal per gross ton, delivered, \$5.50.

Coal consumed for the year, 60,600 lbs., for heating.

Amount of electricity used, 300,390 K. W.

Total pumpage for the year, 201,527,000 gallons, by meter measurement.

Average static head against which pumps work,
168 feet.

Average dynamic head against which pumps work,
185 feet.

Number of gallons pumped per K. W. hour of
electricity, 670.

Cost of pumping, figured on pumping station ex-
penses, viz., \$6,766.72.

Per million gallons pumped, \$33.50.

Per million gallons raised one foot (dynamic),
\$0.11.

STATISTICS OF CONSUMPTION OF WATER.

Estimated total population at date, 13,247.

Estimated population on lines of pipe, 13,000.

Estimated population supplied, 13,000.

Total consumption for the year, 201,527,000 gallons,
Venturi meter.

Passed through meters, 84,918,336 gallons, consum-
ers' meters.

Percentage of consumption metered, 42 per cent.

Average daily consumption, 553,822 gallons.

Gallons per day to each inhabitant, 41.

Gallons per day to each consumer, 42.

Gallons per day to each tap, 280.

Cost of supplying water, per million gallons, figured
on total maintenance (item CC), \$77.79.

Total cost of supplying water, per million gallons,
figured on total maintenance plus interest on bonds,
\$127.76.

STATISTICS RELATING TO DISTRIBUTION SYSTEM.

MAINS.	SERVICES.
Kind of pipe, cast-iron. Sizes, from 4 inch to 16 inch. Extended, 1,320 feet during year. Discontinued during year, none. Total now in use, 24,1461 miles. Length of pipes less than 4 inches in diameter, 450 feet. Number of hydrants added during the year (public and private), 3. Number of hydrants (public and private) now in use, 223. Number of stop gates added during the year, 7. Number of stop gates now in use, 281. Number of stop gates smaller than 4 inch, 1. Number of blow-offs, 7. Range of pressure on mains, 68 lbs. to 114 lbs.	Kind of pipe, cast-iron and wrought-iron. Sizes, 1 inch to 8 inch. Extended, 1,175 feet. Discontinued, none. Total now in use, 18,1081 miles. Number of service taps added during the year, 14. Number now in use, 1,937. Average length of service, 44 feet. Number of meters added, 30. Number now in use, 1,512. Percentage of services metered, 76.6. Percentage of receipts from metered water (B-C), 78.4. Number of motors and elevators added, none. Number now in use, 9.

FINANCIAL STATISTICS.

RECEIPTS.	EXPENDITURES.
<i>Balance brought forward:</i> (a) From ordinary (maintenance) receipts... \$ 7,415 28 (b) From extraordinary receipts (bonds, etc.) Total \$ 7,415 28 <i>From water rates:</i> A. Total construction, .. 3,731 30 Total balance, 7,366 27 N. Total, \$41,845 74

Disposition of balance.

- O. Net cost of works to date, \$493,911.40.
- P. Bonded debt at date, \$239,000.00.
- R. Average rate of interest, $3\frac{1}{2}$ per cent.

PINE HILL CEMETERY.

ANNUAL REPORT

OF THE

BOARD OF TRUSTEES.

MEMBERS.

Name.	Term expires.
HON. CHARLES H. FOSS,.....	January, 1915
HENRY LAW,.....	March, 1915
JAMES FRANK SEAVEY,.....	March, 1916
CHARLES E. WENDELL,.....	March, 1917
JOHN T. W. HAM,.....	March, 1918
ELISHA R. BROWN,.....	March, 1919

ORGANIZATION.

President—HON. CHARLES H. FOSS.

Clerk—FRED E. QUIMBY.

Treasurer—WILLIAM K. CHADWICK.

Collector—DANIEL D. MAHONEY.

Superintendent—FRANK P. COLEMAN.

GENTLEMEN OF THE CITY COUNCILS:

The easterly addition to Pine Hill cemetery was formally surveyed and laid out by Mr. E. W. Bowditch, a noted landscape gardener of Boston, Mass., in November, 1898. During the sixteen years that have since

elapsed, the average annual appropriation made by the city councils for cemetery purposes, has been but little in excess of one thousand dollars, special appropriations having been granted in three instances only for structural work and for equipping the Memorial chapel.

During this period the department has contributed over \$8,000.00 toward the liquidation of the debt incurred in the purchase of additional land, and has also paid the annual interest charges upon such indebtedness, aggregating in round numbers \$7,700.00. Thus it will be seen that practically every dollar appropriated for cemetery maintenance has been used to cancel obligations for which the department was but nominally chargeable.

It may not be inappropriate to state that the remaining indebtedness of the department is financially represented by saleable lots in the newly graded area, and that the larger part of the money annually applied to the preparation of these lots can, for a few years at least, be used for other needed cemetery purposes.

During the past year the work of widening the main driveway near the Central avenue entrance has been completed, the grounds surrounding the chapel beautified and adorned, and a portion of Maple avenue macadamized. The Grand Army lot has also been cared for as directed by your honorable boards.

A large number of monuments and headstones were erected during the summer, and many private lots graded and otherwise improved.

Although the department has been handicapped in its scheme of development by the necessarily limited possibilities permitted by its surplus earnings, the results obtained have been of a very gratifying character,—results which we believe would have been impossible of attainment under the previously existing form of government.

An especially satisfactory evidence of the growing interest in cemetery affairs on the part of the general public appears in the annual increase in the trust funds account.

The first deposit received under the law permitting towns to hold funds in trust and apply the income thereof to the care, preservation and improvement of public cemeteries or any private lot therein, bears date of October 22, 1886. An amendment to the city charter in 1895 placed the management of all public cemeteries in the hands of a board of trustees. At that date the trust funds account aggregated \$2,303.79; since that time this account has rapidly increased until at the close of business December 31, 1914, it had reached the gratifying total, exclusive of the Tredick fund, of \$50,381.05.

The new greenhouse has supplied a long felt want. Shrubs and plants are raised in profusion and the department is enabled to indulge in floral decorations heretofore prohibitive by reason of the expense involved.

For details as to the receipts and expenditures of the department, as well as a particular account of the funds held in trust by the city for the benefit of cemetery lots, you are respectfully referred to the report of the treasurer hereto attached.

Respectfully submitted,

E. R. BROWN,

H. LAW,

CHARLES E. WENDELL,

CHARLES H. FOSS,

J. FRANK SEAVEY,

JOHN T. W. HAM,

Board of Trustees.

Dover, N. H., December 31, 1914.

PINE HILL CEMETERY.

PINE HILL CEMETERY.

Report of the Superintendent.

TO THE BOARD OF TRUSTEES:

GENTLEMEN: The work of the department during the past year has been largely of a routine character, such special features as have been authorized, from time to time by your board, receiving attention as opportunity offered.

The charges for the year have aggregated \$4,682.63, or \$314.55 less than for 1913.

As required by the rules of the board, I submit herewith a chronological list of the interments for the past twelve months, showing the particular location where such interments have been made.

INTERMENTS.

ANNUAL REPORT
OF THE
SCHOOL COMMITTEE.

FOR THE YEAR 1914

In accordance with the laws of the state of New Hampshire, the school committee of the city of Dover presents its report for the year 1914, it being the forty-fifth in the series of reports of the city district.

THE SCHOOL COMMITTEE, 1914.

Annual meeting—The second Wednesday in January, at 11 o'clock, A. M.

Stated meetings—The second Thursday in each month, at half-past seven o'clock, P. M.

 ORGANIZATION FOR 1915.

Chairman,

CHARLES A. FAIRBANKS,
360 Central Avenue.

Secretary,

JAMES H. SOUTHWICK,
22 Oak Street.

SUB-COMMITTEES.

Qualifications of teachers—Fairbanks (ex-officio),
Newton, Hayden, Seavey, Boomer, Duffy.

Finance and claims—Foster, Wendell, Colbath,
Southwick, Brennan, Fairbanks (ex-officio).

Text-books—Southwick, McDuffee, Foster, Seavey,
Bliss.

Music and drawing—Colbath, Southwick, Bliss,
Winn, Hayden.

Health—Winn, Killoren, Colbath, Hayden, Bliss.

High school—Fairbanks (ex-officio), Foster, Wen-
dell, Colbath, Killoren, Boomer.

Grammar schools—McDuffee, Wendell, Brennan,
Winn, Seavey.

Primary schools—Bliss, Killoren, Southwick, Boom-
er, Hayden.

Suburban schools—Brennan, Wendell, Newton, Mc-
Duffee, Duffy.

Evening school—Killoren, Foster, Southwick,
Seavey, Winn.

Private schools—Duffy, Seavey, Newton, Brennan,
Hayden.

Truancy—Boomer, Winn, Bliss, Killoren, Newton.

Industrial training—Wendell, Colbath, Duffy, Mc-
Duffee, Newton.

Superintendent of Schools,
 E. W. BUTTERFIELD;
 Office, City Building.

Office hours:—On school days, 8 to 8.30 A. M.
 Mondays and Fridays, 7.30 to 8.30 P. M. Tuesdays,
 Wednesdays and Thursdays, 4 to 5 P. M. Saturdays,
 8 to 10 A. M.

Treasurer,
 WILLIAM K. CHADWICK;
 Office, City Building.
 Office hours:—9 A. M. to 12 M; 2 to 4 P. M.

Truant Officer,
 VALMORE H. CAVERLY;
 Residence, 21 Kirkland Street.
 Office, City Building.
 Office hours:—8 to 9 A. M., and 1.30 to 2 P. M. on
 school days.

CALENDAR ADOPTED JUNE, 1914.

FOR THE YEAR 1914-1915.

All schools open September 8, 1914, for fifteen
 weeks to December 18, 1914.

Vacation two weeks.

All schools open January 4, 1915, for thirteen weeks
 to April 2, 1915.

Vacation two weeks.

All schools open April 19, 1915. High school ten
 weeks to June 25, 1915; other schools nine weeks to
 June 18, 1915.

REPORT OF CHAIRMAN.

TO THE SCHOOL COMMITTEE:

The public schools are the property of the people of this and every other community. A truism, but they seem sometimes to be looked upon as something apart.

Their proper maintenance and management affects practically every home in a community.

I have believed and now believe that the people were ready and willing to be taxed that their children might have the largest educational advantages consistent with reason.

In the financial sense a school committee is simply an agent to disburse such moneys as are allotted to it and acquired from other sources. It has no power as to the acquisition of money on the one hand. It must meet the requirement of the higher education on the other.

The only two questions which can by any possibility be open to contention on the part of any one are, as to whether the money allotted to this department is expended judiciously and secondly, as to the amounts which are necessary for its proper maintenance to meet the modern methods in education. It has occurred to me to make this year an analytical statement of the resources and expenditures of the school committee for general information.

Our resources are derived from appropriations made by the councils, from dog licenses, from the literary fund, so called, from the State, and from the tuition paid for instruction by individuals or towns. Our receipts this year on the general appropriation, and I will

speak later on special appropriations, amount which directly affect taxation and from which we have profited, were \$39,500.

Naturally the largest item of expenditure is for the salaries of instructors which for the current year amounted to \$33,900.

The average compensation for the elementary teachers is \$550 per annum, a minimum number being slightly in excess of this figure and only one largely so, and a few smaller than this.

I presume that it will be conceded that teachers must live and must meet their obligations in the days of vacation as well as during the days when they are actually engaged in teaching. Upon this assumption I doubt if any one would argue that \$1.75 per day was an excessive compensation for skill, experience and work which is exacting.

The salary of the assistants in the high school averages \$750 per annum. If four years of normal school or collegiate instruction, unattended during such period by any remuneration, to say nothing of the financial consideration involved in such instruction, with specific knowledge of special subjects, with experience, is not entitled to such a salary as I have above named, then it were better that the doors of our higher institutions of learning were closed to eliminate the temptation for the acquisition of a specific and advanced education.

I am not to be understood by the above as contending that the results accomplished by a successful teacher can be reduced to a question of dollars and cents. The humanitarian side is fundamental, for the influence exerted is far more reaching than a mere monetary one and can only be measured by the years.

We have instructors in music and drawing, whose salaries are \$600 and \$450 respectively. Is there a

parent who would desire to see either of these branches eliminated from our course of study?

We have expended for fuel during the current year \$3,493. All of this, wood alone excepted which is nominal in amount, has been purchased after competitive bids have been submitted by our local dealers. Several cities in New Hampshire have their schools in large, new buildings. Less fuel relatively is needed in these than in our twelve, mostly small and old school buildings.

For transportation there has been paid \$2,332. From the last reports which are available, for the same purpose, Manchester expended \$456, Concord \$410, Nashua \$310, Portsmouth \$51 and Keene \$581. This does not demonstrate that this department has been unduly extravagant or the others named the more economical. As a matter of fact, general figures as to any municipal expenditure, used by way of comparison, which do not make allowances for local differences are apt to be very misleading. Most New Hampshire cities are compact in area. This is not the case with Dover. Twenty-five years ago it was argued and time has proved that there would be a financial saving and an educational gain by the consolidation of the city and suburban schools. Nevertheless, here is a large item of expenditure which this city has to meet that the above named cities do not.

The current year the committee has resisted repeated requests for transportation for high school pupils from the suburban districts because of lack of funds.

Under the heading of resources appears the item of \$800 for heating the library and for janitor service. As a matter of fact this sum has never been a source of income to the school department. Arbitrarily adopted in 1906, experimental only as stated to me personally by the late Mayor Pinkham, with expectation of adjust-

ment later, there has never been a year since that date that it has not cost the school committee a larger amount than what we have received for these services. While it is true that the expenditures of the public library and the school committee are both paid by the public, a resource, such as this has proved to the school committee, would in time force a business man into involuntary bankruptcy.

By legislative act:

All taxes collected by the state upon deposits, stock, and attending accumulations of depositors and stockholders of savings banks, trust companies, loan and trust companies, building and loan associations, and other similar corporations, who do not reside in this state, or whose residence is unknown, shall be known as the "literary fund."

This amount varies from year to year, for the year 1914 it is \$836.88.

By the law of the state:

All moneys arising from the taxation and licensing of dogs, remaining in the treasury of any town or city on the first day of April, annually, which is not due to holders of orders given for loss of or damages to domestic animals by dogs, shall be applied to the support of the public schools, and shall be assigned to the districts as other school money.

I have never assumed that the primary purpose of this law was an educational one but rather in the nature of an insurance against damage by those animals; the excess after such charges were met to be devoted to school purposes.

At all events it is a voluntary act whether one shall own a dog or not and not of the nature of pro rata taxation.

Most school systems get free municipal water or pay a small sum. Nashua, for instance, pays less than

\$200 and has twice our number of pupils. Our expense this year is \$417.

There is but one other city in New Hampshire that pays rental for its offices and rooms. Our rental is \$300.

Most school systems are in buildings heated by gravity systems. Three of our buildings have power ventilation. This is excellent but the cost for electrical power is \$418.

An additional source of revenue is derived from tuition from pupils whose residence is outside this city. I have been approached more than once and I presume others of this committee as well, with the suggestion that such tuition pupils should not be received.

I believe the facts should be definitely stated.

We have had during the year 97 tuition pupils, 18 in the elementary schools and 79 in the high school. The 18 elementary pupils are so located, averaging two only to each grade, that they introduce no additional expense beyond their share in text-books and supplies, which is about 90 cents per elementary pupil.

They are crowding out none of our own pupils, changing the location of instruction of none of them, not a single additional elementary teacher is needed for their instruction and we are receiving an added source of income to the amount of \$325. The 79 tuition pupils in the high school are scattered through four years and five different courses of study or in other words they are in 20 locations and from this source we have received \$3,015. Now this matter would never have been a question for discussion were it not believed that the retention of these pupils is a financial detriment to the city. Is it? The superintendent of schools informs me that without these pupils we could dismiss one teacher; to dismiss two would cripple the school as all teachers now teach the entire day and the present classes cannot be much enlarged without lowering the

efficiency of the school. To discharge three teachers would be impossible.

With the teachers dismissed we should save \$1,500 in salaries. With 79 pupils out we should save \$316 in text-books and supplies.

In tuition we should lose \$3,015. To make up this deficit we would need additional taxation to the amount of \$1,200. With these pupils out the cost of fuel, janitors, light, and general operation of the plant would be unchanged.

But there is another aspect to this case. Is it desirable to have people come to this city or ought we to legislate to keep them out?

Certain merchants have recently agreed to guarantee a special train from Exeter one day in the week for three months. We have 79 pupils coming to Dover from different towns five days in the week for 38 weeks, paying into the city treasury \$3,015 and acting as purchasing agents, not only for their own homes but their neighbors as well. Not from guess work but by careful inquiry it has been demonstrated that these pupils bring to Dover \$10,000 in trade.

These pupils will go to school somewhere. If refused at Dover, then to Rochester, Somersworth, South Berwick, Exeter and Portsmouth. More than this all other cities in the state receive tuition pupils. Why should we refuse them?

Are we charging as much for this service as we ought to? It is a debatable question. There are many sides to it. We are actually losing nothing in dollars and cents, except that we might add to our finances by charging more, while on the other hand we are adding to the efficiency of the schools by the increased numbers, for a large school can be run more economically than a small one, saving \$1,200 in direct taxation and gaining indirectly in every dollar's worth of trade these people bring to the city.

The state law says that in no case shall we charge towns more than \$40. How can we charge \$40 to towns and \$50 to individuals? Dover is located entirely different from any other city in the state.

There are surrounding us six other educational centers.

Would we gain or lose in tuition by an increase to \$50? Is it not probable that some pupils might be driven to other towns than this where the tuition rate is lower than ours, equally adjacent as to their homes?

The matter has been considered repeatedly by the committee on finance and claims. Personally, I have long believed that this service was worth more than we are receiving and that the tuition rate should be changed by legislative enactment.

We have a special appropriation of \$700 for the evening school. I have written so frequently upon this subject and what I believed to be the advantages of such a school that any discussion of the matter would be but reiteration. Suffice it to say, we have had no more successful year than the current one both as to numbers and the results attained.

The appropriation this year for text-books and supplies was \$2,100. It is a special one only in the sense that it is assessed for a specific purpose and that alone. The school committee is in an entirely different position as to this appropriation than with any other (aside from that which is allowed by law on the general appropriation) in that the school committee is the sole judge as to the amount needed for its use and as to the sum which shall be assessed.

"Text-books and supplies cannot legally be paid for out of school money. They are statutory requirements and the selectmen must assess enough, in addition to money required by law and otherwise voted by the district, to cover the requirements of the scholars. It

is the duty of the school board to purchase text-books and supplies, approve the bills and send the same to the district treasurer to be paid out of the money assessed by the selectmen for that purpose."

As a matter of fact the school committee has never submitted a larger sum for assessment than was absolutely needed for this purpose. There has been no year in which it could not with advantage have expended more.

After all is said I doubt if any department of this city desires to increase its expenditures for the sheer purpose of doing so. Each is familiar with its own needs, anxious for an acceptable record of its stewardship and facing in nearly every instance the demands of a body of citizens who are for the time being specifically interested in that particular department. So far as this department is concerned this is true. Every school system is facing new educational aims and ideals. There is nothing haphazard in the educational processes of today. A school system should be an organization having for its object the education of all who desire to avail themselves of the opportunity from the lowest grade through the higher institutions of learning. There must be continuity of instruction with this point in view. The growth in attendance of the high schools of New England in the last ten years has been little short of marvellous. The standard of admission to college is each year becoming more stringent. We can go no further than we are financially permitted to do.

Governor Walsh of Massachusetts in a recent address before the Congregational ministers of Boston but voiced the progressive spirit of the day when he said:

"Public health is the first and most important question of the government. Education comes next.

I do not think the government finishes its duty by the girls and boys when it hands them a diploma. It should help them find their niche and a job."

Respectfully submitted,

CHARLES A. FAIRBANKS,

Chairman.

Dover, N. H., December 31, 1914.

ANNUAL REPORT

OF THE

Committee on Finance and Claims.

TO THE SCHOOL COMMITTEE:

The committee on finance and claims makes the following report as to the receipts and expenditures of the board during the year ending December 31, 1914.

The resources of the committee apart from the special appropriation for the evening school and textbooks, were as follows:

RESOURCES.

Balance, December 31, 1913,	\$ 110 72
Appropriation by law,	23,025 00
In excess of required sum,	16,475 00
Tuition from non-resident pupils,	3,341 10
From dog licenses,	814 55
Literary fund from state treasurer,	836 88
From library for janitor and coal,	800 00
Income of Perkins medal fund,	34 00

 JAMES F. DENNIS,
 CHARLES A. FAIRBANKS,

Committee on Finance and Claims.

REPORT OF AUDITORS.

We, the undersigned, have examined the books, papers, and accounts of William K. Chadwick, treasurer of the school committee, and find them correctly kept, rightly cast, and vouched for, and that the sum of \$125.53 remains in the hands of the treasurer, which we find to be on deposit in the Strafford National bank.

We have also examined the receipted bills in the hands of the secretary, and find them to be properly approved by the committee on finance and claims, receipted in full, and to correspond with the orders on the treasurer drawn therefor.

CHARLES H. FOSS,
 JOHN D. MCCOOEY,

Auditors.

Dover, N. H., December 31, 1914.

ESTIMATES FOR 1915.

TO THE SCHOOL COMMITTEE:

The committee on finance and claims, having carefully considered the necessities for the schools for the year 1915, reports as follows:

GENERAL APPROPRIATION.

Fuel,	\$ 3,000 00
Salaries,	34,200 00
Care of rooms and cleaning,	3,300 00
Books, printing and stationery,	400 00
Transportation,	2,614 00

Repairs on schoolhouses,	\$ 2,300 00
------------------------------------	-------------

ANNUAL REPORT
OF THE
SUPERINTENDENT OF SCHOOLS.

TO THE SCHOOL COMMITTEE OF THE SCHOOL DISTRICT
OF THE CITY OF DOVER:

I herewith present my fourth annual report as superintendent of the schools of Dover.

THE INCREASED COST OF OUR SCHOOLS.

A public statement has recently been made that has attracted some attention from our citizens. It was to the effect that our schools now cost \$10,000 more than they did ten years ago. This statement may need some little modification but on the whole is reasonably accurate. With some care we shall now consider these expenditures.

A merchant is not primarily interested in the amount of his purchases or his sales but rather to know that his purchases and his sales have made profitable business. I conceive it is the same with a city. A tax payer is willing to pay his proportional part for street lights and police protection, if he believes these things will be of worth to him, in the way of convenience and increased value of his property, more than he pays for additional taxes. Will the enlarged appropriation for schools meet this test? Is it adding \$10,000 or more annually to the real wealth of Dover?

1. It will be noted that the time taken, ten years, magnifies the increase by taking for the initial figures

the last years of the old high school, and also that the first \$800 of this increase is not real expense but a convenience in city hall bookkeeping. Until several years after 1904, the schools had free water and free rental of its offices in the city building. It now pays practically \$800 for these two items.

2. It is a well known fact that wages in all occupations have increased in the last ten years. The wages of the employees of the school department have participated in this increase but have not kept pace with the increased cost of living. Ten years ago the elementary teachers received \$460 and the high school assistants about \$600. Six years later the elementary teachers had reached a maximum of \$550 and the high school assistants an average of about \$700. Most of our teachers are actually receiving less than five years ago as the cost of board, room, and other living expenses has increased to teachers as well as to others.

The increase in ten years amounts to about \$3,500 for teachers, \$300 for janitors, and \$475 for the drivers of the four principal transportation routes.

3. During the ten years the enrollment in the elementary grades has changed little but the high school has added about ninety pupils from Dover homes as well as seventy from other towns. To meet the needs of these ninety Dover pupils the high school teaching force has been increased by three at an expense of \$2,100. This is an unavoidable expense to meet the demand of a larger number that their children receive a secondary education. We can not refuse schooling to these pupils.

4. It is well known that a modern high school building would be more expensive to maintain than the structure on Chestnut street. I estimate that the cost for extra fuel is about \$400 and for additional janitor service \$450. Are there not many who recall the last years in the old building, with the frequent forceful

exhibitions, on the part of the pupils, of their lack of respect for an unsuitable building and all that it represented? You never hear of such outbreaks now and for two reasons. The pupils respect a suitable building and in the newer vocational studies they have found interests that keep them too busy for wasted time. This \$875 you are paying that the new high school may be more suitable for work than the old.

5. Some three years ago the sanitary condition of the elementary schools was attacked through the public press. In a later paragraph I will speak of the changes that have come from this but the immediate outcome was, that the rooms were more thoroughly swept and cared for at an additional expense of over \$300. I am sure that there is no demand that we go back to the former conditions.

6. The old high school fitted a few for college and so for the professions, others were allowed to take various studies but received no training for any line of work. Those who went to college seldom came back to settle and so far as the public schools were concerned they were training young people for the benefit of other communities. When this condition was clearly seen, vocational courses were introduced to prepare our pupils for work in Dover. First we brought in the Commercial High School curriculum, which requires two teachers who are paid about \$1,400. From its inception this was a marked success and won the approval of our people. Our graduates have found congenial positions at home and are now doing the greatest part of the clerical work of our city. Then came the work in Household Arts for the girls and Manual Arts for the boys, neither of which has been in operation long enough to produce its full product but each has met with almost universal approval from parents and citizens and seems to fill an urgent demand. A strong protest would meet any suggestion that this work be

given up. These courses begin in the sixth grade and are required of all pupils. They are separate courses in the high school and are elective for four years of work. The girls are under two teachers at a cost of \$1,200 and the boys are under two at a cost of \$1,400. In this way the girls are trained for woman's chief profession, home making, and this will lead to better homes in Dover with happier wives and more contented husbands. The work of the boys leads to the life of the machinist and skilled artisan, that is, to work in Dover's manufacturing industries.

The addition of these curricula has in no way disturbed the high school preparation for college for those who wish to enter the professions. The classical course is still given and under better conditions than ten years ago, as then it was taken by many who must attend high school and found no other studies to take.

Let me now for your convenience group these causes for increase in school expenses.

1. Convenience of bookkeeping,	\$ 800 00
2. General increase in wages,	4,275 00
3. Growth in high school membership, . .	2,100 00
4. Additional care and fuel for new high school,	850 00
5. More sanitary elementary buildings, . . .	300 00
6. Vocational work,	4,000 00
	<hr/>
	\$12,325 00
Increase in tuition,	2,550 00
	<hr/>
Total increase,	\$ 9,775 00

It has cost \$10,000 but the citizens who remember well the condition of our schools in the few years before 1904 will say that the bettered schools are worth the price.

The greatest loss to Dover in the last generation is not the removal of the printery. It is the constant going year by year of our brightest young people from Dover to other localities. They did not have here the training that fitted them for the work that Dover offers. If all could have stayed here and devoted their abilities to the up-building of business, Dover would have been in every respect richer than now. When our schools can prepare efficient workers for the positions that Dover supplies, we are reaching the ideal of a publicly supported school system.

I am convinced that this increase will continue. That it does not matter whether the same committee or the same superintendent remain or others take their places. The increase will continue and it will be worth the expense incurred. This increase is not peculiar to Dover. You will find it in all other towns in this and other states. It is a general condition and has at least three causes.

1. Our new compulsory education law and custom keep the majority of pupils in school until they are sixteen. Our schools have enrolled over 60 more pupils this year than last.

2. The high school has now become a common school. More pupils close their education with its graduation than with any other grade. Our pupils in the upper grades are increasing and will increase and the instruction of these grades is expensive.

3. But even more, this is due to the righteous demand of parents that their children shall ever have better things. Few immigrants who have come to this country, whether they came five or fifty or two hundred years ago, expected to better themselves. They knew that they must live as strangers in a foreign land but they thought largely of their children and the advantages that would be theirs.

WHAT SHALL WE LOOK FORWARD TO?

There are several advances which should be made by our schools.

1. There should be a reorganization of the upper grammar grades according to modern scientific knowledge in order that the necessary work may be done more effectively and more economically. The fundamentals should be mastered in the first six grades and the upper grades given to their applications and new lines of work. This can be done as soon as the city grants a new school building.

2. We must make provisions for the health of the school children until no longer can the sordid conditions of some homes spoil the future for not only the children of those homes but by contamination injure those with whom they must associate in school.

3. We must still further modify our school work and develop it so that it will meet the educational needs of those who are to engage in the activities of Dover. A classification of 330 high school pupils gives the following number of fathers or guardians employed in each of the given groups:

1. The professions,	22
2. Clerical and mercantile employment,	67
3. Domestic work,	40
4. Work as mechanics and other artisans,	94
5. Textile workers,	48
6. Agriculture,	59

Our school work now looks toward an education for the first four groups. In time we must provide for the last two as well, as our city is predominantly a textile city and our mills offer many desirable positions which should be filled with Dover boys. A Textile Arts curriculum would do this thing. No subject presents larger opportunities for educational values than do the textile branches.

Especially we need a curriculum of agriculture. Dover is a city, but it includes also a wide territory of rich farming land within its own limits and is the commercial and educational center of the agricultural towns of Barrington, Durham, Lee, Madbury, and ROLLINSFORD. In our high school are children of 59 farmers. A large part of the fruit, garden, and farm products consumed in this city come from other states, though we know of dozens of men who are making a profitable business from their fowls, gardens and their farms. This locality ought at least, to supply its own market with these things. The soil is suitable and there should be a larger number of intelligent young people trained for scientific and profitable work in agriculture. Had we such a course it would eagerly be taken by a considerable number and would prove of instant value to Dover.

GIFTS FOR PUBLIC EDUCATION.

Miss Martha A. Peaslee, a former teacher in our schools, by will gave \$3,000 to the city of Dover for its schools, \$1,000 for Manual Training, the interest on \$1,000 for minor surgical operations, and the interest of another \$1,000 for the care of eyes of indigent children. Unfortunately the wording of the will was such that litigation is likely to result. This is regrettable as the objects specified are worthy. The first sum is needed because of the growth in the work of Manual Training, the income from the last two would mean much to many poor children whose sight will be permanently affected before they can afford to buy glasses or whose health, progress, and mental development are being retarded by adenoids and other easily removable growths.

As was said a year ago, the late Miss Martha Hanson left by will \$2,000 which became available for the establishment of our work in Household Arts and

Mechanic Arts. This money was expended for permanent equipment in these branches and made possible a successful start. It is not too much to say that this would have been impossible except through Miss Hanson's liberality. Is there not some one, who in like manner would like to start the work in Agriculture or the Textile Arts?

In 1912 I listed in my annual report a number of the urgent needs of our schools that might be relieved by gift or legacy. I will not repeat what was then said, but call the list again to the attention of those who are charitably inclined. In particular, would any of our dentists be able to give \$10 or \$25 worth of work to children who otherwise must suffer the results of decayed teeth?

DESIRABLE LEGISLATION.

I understand that two educational bills will be before the state legislature this coming session. At present a large part of the towns employ for their schools the services of a professional superintendent. The condition of these schools is in most instances equal to those of our cities, while the teaching in many of the unsupervised towns is deplorably poor. One of these bills would put all the children in the public schools, under expert supervision. It would not apply to Dover, but its effect upon most of the towns of Strafford county would be immediate.

It is a short sighted policy for a city to educate the children within its own borders and to claim no interest in the pupils of adjoining towns for we are not a people of fixed habitation, and the children who grow to maturity in the poor schools of a needy town will move into the city and become ignorant men and women. I recently questioned 100 pupils to learn the birthplace of father and mother. Fifteen fathers and 16 mothers only were born in Dover and in but six cases were both

parents born here. A surprisingly large number were born in the rural towns within 15 miles of our city.

If the schools in these towns are poor our schools suffer, as about 31 per cent. of our pupils have at some time attended these unsupervised schools. For the benefit of the children of this state, I hope this bill will be urged by you upon all our representatives.

All of our elementary teachers now come to us with normal school training. They know their subjects and have a good working knowledge of the principles of teaching. This is not the case with high school teachers. They come from colleges often with an adequate knowledge of the subject, but with no useful instruction in the methods of teaching. The formal courses in pedagogy and psychology which they may have had at college were given by instructors who had no experience in secondary work and in the school room. Their teaching has no practicable value. We must have in this state a training school for high school teachers, as we now have normal schools for the elementary teachers, and the time will shortly come when no high school teacher can begin her work until she has been trained how to teach. It is desired to establish a school of education for this purpose in connection with New Hampshire College. This movement meets our hearty approval and calls for our aid.

A CENTRAL BUILDING NEEDED.

Those familiar with the complexity of the program in the large high schools will realize the handicap we are under in sending pupils from the high school one-half mile to the work in Domestic and Mechanic Arts. This means loss of time and a lower rate of efficiency. The same is true of the Belknap school scholars who have to go to Fifth street for their work in cooking and sewing. When these activities can be housed in a central location, then better work can be done.

Conditions at the Sherman school have been somewhat bettered this year for the committee on school house repairs has installed new furnaces and in part remodelled the basement. The building is now in a sanitary state, but the location is so distasteful to many parents that their complaints are bitter that their children have to attend this school.

THE PHYSICAL CONDITION OF OUR SCHOOLS.

The work of the committee on school house repairs for several years has been most wisely directed. Each summer for three years one of our old schoolhouses has been put in good condition. It is infinitely better to do one building a year and to do it right, than to scatter the money on minor repairs on small buildings. Last summer the Peirce building was renovated and considerable work done in the Sherman. We have left the Varney, Belknap, Welch, Upper Neck and Back River schools. The last three are small and the expense will not be great. The Varney and Belknap need the same attention that has been given to the Sawyer, Hale, and Peirce. I earnestly hope this plan will be carried on until all our schools are in wholesome surroundings.

All of our elementary school rooms are now swept and dusted twice a week by competent women, the rubbish that had accumulated in basements has been removed and all basements whitewashed, some for the first time in many years. The common drinking cup has been replaced by bubbling fountains, soap and paper towels are furnished for the pupils and sweeping powder for the sweepers. The seats in five rooms have been turned to permit of better light.

TEXT BOOKS, SUPPLIES AND APPARATUS.

We have in our classes in Manual and Domestic subjects about five hundred pupils and the cost for their supplies, lumber, hardware, cooking, and sewing ma-

terial is nearly five hundred dollars. From this there is some return from articles sold. For some years our appropriation for text-books, supplies and apparatus has been twenty-one hundred dollars, but because of the above addition this amount is no longer sufficient. This year we have been able to buy, besides arithmetics, very few books for our elementary pupils. The books used by the pupils are battered, soiled and worn and some are in subject matter so old as to be misleading. These must be replaced next year.

While Dr. A. H. Keyes was superintendent of your schools he prepared a superior series of arithmetics and published them for two grades. The work in the other grades was taught by the teacher from manuscript copy with no text-books in the pupil's hands. With this year the remainder of the series has been published and all pupils now have text-books.

FINANCIAL.

In order to prevent a deficit in the accounts of the school committee the most stringent economy has been necessary both in purchases and the use of supplies. For the benefit of this committee and others who are interested in school expenses, I am publishing a much fuller account of our expenses than is customary.

GENERAL ACCOUNT SUB-DIVIDED.

Fuel:

Schools,	\$3,193 79	
Library,*	300 00	
	<hr/>	\$ 3,493 79

Salaries:

Superintendent and teachers, ..	\$32,988 95	
Clerk, secretary, and truant officer,	825 00	
Matrons,	86 75	
	<hr/>	\$33,900 70

Care of rooms:

Janitors,	\$2,426 00	
Library,*	500 00	
Sweepers,	295 78	
	<hr/>	\$ 3,221 78

Books, printing, stationery:

Postage,	\$ 72 24	
Annual report,	95 85	
Other printing,	216 87	
	<hr/>	\$ 384 96

Transportation:

Car tickets,	\$ 300 00	
Drivers,	2,032 00	
	<hr/>	\$ 2,332 00

Miscellaneous:

Auditing,	\$ 10 00	
Gas,	16 21	
Power,	418 42	
Light,	72 72	
Janitor's supplies,	193 25	
Telephones,	114 92	
Expenses securing teachers,	66 35	
Repairs and labor,	77 55	
Additional equipment,	176 33	
Cartage and express,	61 28	
Graduation expenses,	73 87	
Insurance,	55 50	
Water,	417 00	
Perkins medal,*	34 00	
Rental,	300 00	
Tuition, overcharge,*	11 00	
	<hr/>	\$ 2,098 40

Total,	<hr/>	\$45,431 63
--------------	-------	-------------

From the above total we must subtract the items marked with the asterisk as fuel and janitor service

for the library, income of the Perkin's medal fund and overcharge in tuition are not school expenditures but sums which we receive and pay out again. This subtraction leaves our general total \$44,586.63. The total enrollment for the part of the two school years included in this financial report is 1,320 pupils, therefore, the average cost per pupil is \$33.77 and of this 74 per cent. is for teachers.

The above may be stated again as follows:

	High School.	Elementary.	Total.
Fuel,	\$ 1,261 60	\$ 2,232 19	\$ 3,493 79
Salaries,	11,745 20	22,155 50	33,900 70
Care of rooms, ..	1,396 19	1,825 59	3,221 78
Books, printing and stationery,	160 39	224 57	384 96
Transportation, ..		2,332 00	2,332 00
Miscellaneous, ..	984 25	1,114 15	2,098 40
	<hr/>	<hr/>	<hr/>
Total,	\$15,547 63	\$29,884 00	\$45,431 63
Subtracting the above items, ..	845 00		845 00
	<hr/>	<hr/>	<hr/>
Total cost, . . .	\$14,702 63	\$29,884 00	\$44,586 63

Dividing these sums by the number of pupils enrolled, 1,005 and 315, we have the average cost of a high school pupil \$46.67 and of an elementary one \$28.17. Seventy-nine per cent. of the high school cost and 73 per cent. of the elementary cost is for teachers.

Following we find the expenses for text-books, supplies and apparatus:

Apparatus, scientific,	\$ 124 90
Text-books,	889 03

Supplies:

Schoolroom,	\$688 03	
Cooking,	107 49	
Sewing,	74 02	
Lumber,	167 39	
Hardware,	108 77	
		<hr/>
		\$1,145 70
		<hr/>
Total,		\$2,159 63

This would mean \$1.63 per pupil on our total enrollment. If we divide this sum the amount for the high school will be \$1,172.70 and for the elementary schools \$986.93. The expense for each high school pupil enrolled would be \$3.72 and for each elementary pupil \$0.98.

Respectfully submitted,

E. W. BUTTERFIELD.

Dover, N. H., December 31, 1914.

ANNUAL REPORT

OF THE

Principal of the High School.

TO THE SUPERINTENDENT OF SCHOOLS:

SIR: I submit herewith my fourth annual report as principal of the Dover high school.

ENROLLMENT.

The total enrollment at the close of the fall term is 312. Of this number 9 have left since the opening of the term making the per cent. of loss 2.8.

The enrollment by classes is as follows:

	1st yr.	2d yr.	3d yr.	4th yr.	Total
Boys,	41	35	29	26	131
Girls,	48	50	44	37	179
	—	—	—	—	—
	89	85	73	63	310
Postgraduates,					2
					<hr style="width: 10%; margin: 0 auto;"/> 312

COURSES OF STUDY.

With one exception all the pupils of the three lower classes are now taking the courses regularly prescribed in the curricula adopted in 1913. This exception is the substitution of French or Mathematics for the German required in the third year of the Domestic Arts and Mechanic Arts courses. In the senior class two pupils have been allowed to substitute Chemistry for the course in Appreciation of Music and Art.

The enrollment by courses is as follows:

	1st yr.	2d yr.	3d yr.	4th yr.	Total
Classical,	18	26	8	10	62
Scientific,	15	9	10	14	48
Commerce,	27	18	28	6	79
Domestic Arts,	9	13	13	21	56
Mechanic Arts,	20	19	14	12	65
Special,					2
					312

MANUAL ARTS PROGRAMS.

For the work in the Domestic Arts and Mechanic Arts curricula classes were arranged in four periods as follows:

	Domestic Arts	Mechanic Arts
First Period:		
Assemble,	8.20	8.20
Period ends,	9.35	9.35
Arrive at high school,	9.55	9.50
Second Period:		
Leave high school,	9.20	9.20
Period begins,	9.40	9.35
Period ends,	10.20	10.55
Arrive at high school, ..	10.40	11.10
Third Period:		
Leave high school,	10.20	10.40
Period begins,	10.40	10.55
Period ends,	11.25	12.05
Arrive at high school, ..	11.45	12.20
Fourth Period:		
Leave high school,	11.45	11.45
Period begins,	12.05	12.05
Period ends,	1.20	1.20

The above program allows twenty minutes for the trip each way for Domestic Arts pupils and fifteen minutes for Mechanic Arts pupils. This is lost time for every pupil electing these courses. The impossibility of arranging this four period program to coincide with the six period program of the other courses makes it necessary in several cases for the Manual Arts pupils to leave and enter rooms at the High School in which recitation and study are going on. With the best supervision possible, this causes a noticeable interruption in the work in these rooms.

The shop equipment for metal work in the Mechanic Arts division is now practically complete and the Senior and Junior classes have carried on work during the fall with lathe, milling machine, planer, and drill and have devoted some time to forge work. An exhibition of work completed last year was held at the shop in June and a display of cabinet work, including a set of dining chairs, a table, and a number of smaller articles was arranged in November in the window of the E. Morrill Furniture Co.

The four periods in Domestic Arts are occupied as follows:

	Mon. & Tues.	Wed.	Thurs. & Fri.
First Period, ..	Sewing.	Recitation.	Cooking.
Second Period, .	Food and dietetics.	Food and dietetics.	Cooking.
Third Period, ..	Household physics.	Household physics.	Household physics.
Fourth Period, .	Food and dietetics.	Food and dietetics.	Cooking.

Last December Christmas gifts made in the Sewing class were exhibited and in June a complete exhibit of the year's work in sewing was given. In October of this term a sale of preserves was held which was well patronized. At different times during the fall term visits have been made to dairies in the vicinity, including that at New Hampshire College.

CLASS OF 1914.

On June 18 fifty-seven graduates of the Class of 1914 were awarded diplomas. These were distributed as to course as follows:

Classical,	13
Scientific,	11
General,	6
Commerce,	21
Domestic Arts,	2
Mechanic Arts,	4

Names of those members of this class who have entered college or other advanced schools are given below.

New Hampshire College.—Mildred Flynn, Edith Foss, Martha Hoitt, Elmer Sanders, Rollins Wentworth. Hazel Winn.

Dartmouth.—William Colbath, Philip Everett, Walter Willand.

Colby.—Eton Cook, Taylor Cook, Julius Sussman.

Plymouth Normal School.—Marjorie Stevens.

Nasson Institute.—Ruth Calef.

COLLEGE ENTRANCE.

Since the opening of the school year this school has been granted the privilege of sending its graduates to Dartmouth College without entrance examinations. That the school is well qualified to fit its pupils for college is shown by the fact that in the last two years nine of our graduates have successfully passed entrance examination for college. Four of these have entered Dartmouth; three, Colby, and two, New Hampshire College. Of these last, both competed for and one won the Valentine Smith Scholarship Prize for excellence in preparation. During the current year thirty pupils, or a little less than 25 per cent. of the membership of the two upper classes, have registered for college examinations.

The standard of attainment for these pupils is to be kept such that when they have passed our tests we may be reasonably sure of their ability to pass the entrance examinations or do the work of any of our colleges.

In conclusion I desire to express my obligation to the teachers who have so ably assisted me in all my efforts for the welfare of the school.

Respectfully submitted,

MELVIN M. SMITH,

Principal of the High School.

December 31, 1914.

ANNUAL REPORT

OF THE

Principal of the Evening School.

TO THE SUPERINTENDENT OF SCHOOLS:

SIR: I submit this, my report as principal of the evening school:

School opened October 13.

Total enrollment,	165
Boys,	140
Girls,	25
Greeks,	85
Syrians,	38
Armenians,	12
Poles,	5
English speaking,	25
Number over 18 years,	98
Number under 18 years,	67
Average attendance,	78

Teachers employed: John Daeris, Ida B. Hanson, Mary E. Twombly, Grace B. Henderson.

Respectfully submitted,

WILLIAM F. WHITE,

Principal of Evening School.

Dover, N. H., December 31, 1914.

REPORT

OF THE

TRUANT OFFICER.

To THE SCHOOL COMMITTEE:

I respectfully submit the following report for the year 1914:

Number of complaints from teachers,	170
Number of complaints from the superintendent,	2
Number of complaints from St. Mary's Academy,	32
Number of complaints from St. Charles School,	24
Whole number of complaints received,	228
Number of cases of absence investigated,	222
Number of cases of tardiness investigated,	6
Number of children found absent without good reason,	73
Number found to be truant,	22
Number of visits to schools,	228
Number of visits to families,	222
Number of visits to manufacturing establishments,	58
Number of children prosecuted,	2
Number of arrests,	2

V. H. CAVERLY,
Truant Officer.

Dover, N. H., December 31, 1914.

TO THE SCHOOL COMMITTEE:

I have the honor to submit herewith my report relative to the enumeration of children, assigned to me by vote of your board.

The results of the enumeration are as follows:

Number of children between the age of five and sixteen years:

Boys,	1,043	
Girls,	1,115	
		—————
Total,		2,158

Number between ten and sixteen years who cannot read and write in the English language,	12
-----------------------------------------------------------------------------------------	----

Number of those born in New Hampshire,	0
----------------------------------------	---

Number born elsewhere in the United States,	0
---------------------------------------------------	---

Number born in foreign countries,	12
	—————

Total,	12
--------------	----

Number between the ages of five and eight who do not regularly attend school (about),	90
--------------------------------------------------------------------------------------------	----

Number between the ages of eight and fourteen who do not regularly attend school,	4
-----------------------------------------------------------------------------------------	---

Number between the ages of fourteen and sixteen who do not regularly attend school, ..	33
----------------------------------------------------------------------------------------	----

Respectfully submitted,

V. H. CAVERLY,

Truant Officer.

Dover, N. H., December 31, 1914.

APPENDIX.

STATISTICS.

TEACHERS.

Number of teachers during the year 1913-1914:

High school,	13
Grades 5-8,	13
Grades 1-4,	17
Suburban schools,	2
Special teachers,	4
<hr/>	
Total,	49
Number of male teachers,	4
Number of female teachers,	45
Number of teachers who have graduated from a normal school,	14
Number of teachers who have graduated from a training school,	17
Number of teachers who have graduated from college,	10
Number of teachers who have a state certificate,	31

Number of pupils between six and eight years,			232
Number of pupils between eight and fourteen years,			736
Number of pupils between fourteen and sixteen years,			211
Number of pupils over sixteen years of age, ..			169
Total,			1,348

MEMBERSHIP AND ATTENDANCE.

The average membership, as recorded in the school registers, is here given for five years, for purposes of comparison:

1909-10,	1,398
1910-11,	1,302
1911-12,	1,285
1912-13,	1,264
1913-14,	1,237

Average attendance in the public schools, as given in printed reports, for the five years:

1909-10,	1,308
1910-11,	1,221
1911-12,	1,210
1912-13,	1,188
1913-14,	1,170

NUMBER OF TARDINESS DURING THE LAST FIVE YEARS.

1909-10,	1,216
1910-11,	903
1911-12,	928
1912-13,	719
1913-14,	782

NO SCHOOL SIGNAL.

The following resolutions were adopted March 11, 1902:

Resolved—That the no-school signal, viz: 2-2, 2-2, 2-2, 2-2, struck at 7.40 A. M., shall be considered as a notification that no forenoon session will be held in any of the graded schools; when struck at 7.55, the signal shall apply to the grammar and primary schools only. The signal for the afternoon session shall be struck at 11.15 A. M. or 1.05 P. M.

Resolved—That the superintendent be hereby directed to instruct the teachers and pupils properly and thoroughly in regard to the foregoing resolution.

The signal was rung during the year 1914, for both sessions on February 12.

 VISITS.

By the superintendent:

High school,	96
Grades 5-8,	140
Grades 1-4,	108
Suburban,	7

ROLL OF HONOR.

HIGH SCHOOL.

Gertrude Barrett, Helen Buckingham, Ella Brown, Annie Calcutt, George Calcutt, Dorothy Calef, Elsie Card, George Carr, Thomas Cash, Matthew Cavanaugh, James Caverno, Harold Chesley, Ivy Chesley, Marion Chesley, Ruth Churchill, Maurice Currier, Lillian Curtis, Thomas Dearborn, George Early, Harold Early, Gertrude Eyres, Henry Fisher, Mildred Flynn, Howard Forrest, Edith Foss, Philip Foss, Olive Fox, Dorothy Frost, Hazel Garland, Edwina Grant, Helen Grant, Leland Grant, Ernest Haddock, Helen Hale, William Hamilton, Evelyn Hitchins, Myrtle Kennedy, Catherine Linnehan, Mary McCarty, Teresa McCarty, Harold McIntyre, Dorothy Morgan, Lorenzo Muttart, Hildur Olson, Elizabeth Ordway, Moses Paul, Gladys Pound, Joseph Rousseaux, Marion Sanders, Sarah Smith, Doris Stevens, Beatrice Stickles, Wesley Tibbetts, Milicent Titus, Madeline Towle, Harold Wentworth, Eunice Whipp, Marjorie Willand, Walter Willand, Marion Willett, Leonard Winslow, Emma Wright, Helen Yeaton, James Young.

SAWYER SCHOOL.

Grade VIII. Robert F. Blake, Harry M. Fitz, Ralph E. King, True J. Cornell, Doris I. Gallagher, Harda Gulbrandsen, Olga M. Isaacson, Elsie M. Russell, Nellie Russell, Ulyse J. Sevigny, Edna M. Wiggin, Madeline Willand.

Grade VII. Pauline L. Davis, Sarah A. Gallagher, Stanley M. Tasker, Gladys H. Varney, Donald D. Wiggin.

Grade VI. Lucien J. Joly, Charles A. Niles, Melvin W. Richardson, Harry A. Warren.

Grade V. Georgiana F. Downing, Laura M. Drew, Edith A. Galligan, Esther O. Isaacson, Dorothy I. Ken-

iston, Anna K. Riekert, Clifton N. Shorey, James H. Tasker.

Grade IV. Mildred Brennan, Alice M. Henderson, J. Libby Littlefield, William J. Orr.

Grade III. Najalia Dowaliby, Horen F. Fredette, Florence C. Goodwin.

Grade II. Eleanor Cloutman, Dora M. Hayes, Emma Riekert.

Grade I. Wyatt Berry, Elizabeth Orr.

PEIRCE SCHOOL.

Grade IV. Doris Holt, William Olson, Ernest Peirce.

Grade III. Martin W. Berg, Marion M. Sherry.

Grade II. George H. Gunderson, Clarence W. Selig, Lillian C. Seibeneicher.

Grade I. Llewellyn Brewster, Norman Chesley, Laurice Hubbard.

SHERMAN SCHOOL.

Grade VI. Phyllis Newton, Ruth Pattee, Helen Pierce, Helen Sterling.

Grade V. Bernice C. Meserve, Edna I. Ordway.

CITY HALL SCHOOL.

Grade VIII. Chester Bryson, Doris Chesley, Victor King, Zella Robinson.

CENTRAL SCHOOL.

Grade VIII. Ralph H. Emerson, Louis Flynn, Virginia G. Smalley.

Grade VII. Albert Howarth, Francis Sullivan, Maud Pierce, Rose Stevens.

VARNEY SCHOOL.

Grade IV. Ethelyn S. Bliss, Granville Cowan, Helen C. Doe, Thelma F. Doe, Theresa Devereaux, Elizabeth M. Smalley, Abbie L. Sullivan.

Grade III. Florence A. Hayes, Dan A. Stone, Inez A. Welch.

Grade II. Eugene L. Corson.

BELKNAP SCHOOL.

Grade VII. Earl C. Burnham, Doris H. Fall, Elvira G. Ilsley, James A. Roberts, Viola A. Scarr, Lillian B. Wright.

Grade VI. Ernest M. Brown, Maurice E. Cate, Helen M. Duggan, Earle E. Glidden, Laurence P. Swaine.

Grade V. Ellen Allison, Percy Robinson, Margaret Wright.

HALE SCHOOL.

Grade IV. Ralph Allison, Philip Calcutt, Rachel Jackson, James Murphy.

Grade III. Earle F. Browne, Gladys J. Kay, Frank B. Moody, Marion Murphy, Carl Temple, Elizabeth M. Wright.

Grade II. James Allison, Robert A. Clark, Pauline F. Webb.

Grade I. Frederick J. Hatch, Arthur Rousseau, Frank S. Sandiford, Frederick S. Vennard, Helen B. Webb.

BACK RIVER SCHOOL.

Harold Forrest, Minnie Forrest, Effie Forrest, Mabel Hackett, Caroline Hackett, Grace Hackett, Francis Lennon, Walter Lennon.

LIMITS OF SCHOOL DISTRICTS.

The following table of limits gives the general outlines of the districts which are subject to such changes as may be necessary from time to time.

GRADE VIII.

City Hall school.—East of Central avenue, Ham street and south to and including Stark avenue. West

of Central avenue from the B. & M. R. R. to and including Silver street and to Belknap street. Suburban districts.

Sawyer school.—The northern part of the city bounded on the south by the city hall limits.

Central school.—All of the southern and western part of the city not included in the above limits.

GRADE VII.

Sawyer school.—The northern part of the city bounded on the south by the B. & M. R. R., east to the Cocheco river, and Fourth street west of the Cocheco river.

Central school.—South of the Sawyer limits to Silver street, and as far west as Belknap street; south on Central avenue to Stark avenue and east of these streets. Suburban districts.

Belknap school.—All of the southern and western part of the city not included in the above limits.

GRADES VI, V.

Sherman school.—On the east side of Central avenue, Ham street and south to and including George street and Payne street. On the west side, from B. & M. R. R., to and including St. Thomas street and west to Belknap street. In addition, Rollinsford, Fresh Creek, Garrison hill district, and Blackwater.

Sawyer school.—The northern part of the city bounded on the south by Fourth street, west of the Cocheco river, the B. & M. R. R., between Cocheco and Central avenue and the northern Sherman limits.

Belknap school (b).—South of the Sherman limits to the lower end of Central avenue and as far west as Locust street.

Belknap school (a).—All of the southern and western part of the city not included in the above limits.

GRADES IV, III, II.

Sawyer school.—The northern and western part of the city. The southern boundary is Cochecho river and Fourth street west of the Cochecho river; the eastern boundary is Park street.

Peirce school.—East of the Sawyer limits and as far south as Portland street.

Varney school.—East of Central avenue, south from Peirce limits to George street and west to Payne street; west of Central avenue south from Sawyer limit to Silver street and Rutland street and including these streets.

Hale school.—South of Varney limits to rural districts. Pupils from Garrison hill district and Blackwater will be transported to the school having the smallest number of pupils.

GRADE I.

Sawyer school.—The northern and western part of the city. The southern boundary is Cochecho river and Fourth street west of the river, the eastern boundary is Park street.

Peirce school.—East of the Sawyer limits and south to Portland street.

Varney school.—East of Central avenue, south from Peirce limits to Silver street and Rutland street and including these streets.

Hale school.—South from the Sherman and Varney limits to Watson street and 227 Locust street.

Welch school.—South of the Hale limits to the rural districts.

GRADUATING EXERCISES
OF THE
HIGH SCHOOL

The graduating exercises of the high school were held in the opera house at 2.30 o'clock, Thursday, June 18, 1914. The program was as follows:

1. MARCH "Priest's March," *Mendelssohn*
Miss M. Ethel Kelleher.
2. CHORUS, "Chorus of the Houris," *Schumann*
Girls' Glee Club.
3. PRAYER,
Rev. William Lindsay.
4. CHORUS. "When the Roses Bloom," *Hoffnung*
Girls' Glee Club.
5. ADDRESS TO THE GRADUTES,
President Robert J. Aley, University of Maine.
6. (a) VIOLIN SOLO, "Romance Italienne," *Terchak*
Miss Helena K. Kelleher.
(b) SONG, "Bendermere Stream,"
Old Irish Melody
Girls' Quartette.
7. PRESENTATION OF DIPLOMAS,
Dr. Charles A. Fairbanks,
Chairman of School Committee.
8. CHORUS, "Song at Sunrise," *Manney*
Girls' Glee Club.

CLASS OF 1914.

The Classical curriculum fits for an academic course at college and for normal schools. It should be chosen by those who wish to be lawyers, physicians, clergymen, teachers, and the like.

The Scientific curriculum fits for a scientific course at college. It should be taken by boys who wish to become civil, mechanical, and electrical engineers or to do other similar work.

The Commerce curriculum fits for their work clerks, cashiers, bookkeepers, and stenographers. It is the curriculum for those who wish to engage in any form of mercantile or clerical work.

The Mechanic Arts curriculum trains artisans. It is for those boys who are to do skilled mechanical work. Under this head come plumbing, steam fitting, drafting, and mechanical and electrical work.

The Domestic Arts curriculum trains for the work of the home and for the normal schools. It is for the election of girls who wish to become nurses, dress-makers, milliners, and teachers and for those who desire a thorough knowledge of the activities of the home.

Pupils admitted to the high school, with the approval of their parents, must elect one of the above curricula and take for graduation all the subjects therein. Changes from one curriculum to another may be made only by making up all branches included in the chosen curriculum. The work of any curriculum may be completed in four or more years and extra studies may be taken only with the principal's consent approved by the superintendent.

ANNUAL REPORT
OF THE
**Joint Standing Committee on Repairs of
Schoolhouses.**

GENTLEMEN OF THE CITY COUNCILS:

Nearly two-thirds of the money appropriated for repairs of schoolhouses for the year 1914, was devoted to permanent improvements at the Peirce, Sherman, and Hale schools. The sanitary plumbing at the Peirce school, including architect's fees, carpenter work, excavating, and rebuilding wall, aggregated \$1,532.84; new furnaces, urinals, steel ceiling, architect's fees, etc., at the Sherman school, \$547.10, while the painting contract at the Hale school brought the total expenditures at these buildings up to \$2,240.00.

The largest item of general expense is ordinarily for carpenter work, lumber, and hardware, the expenditure for these items aggregating substantially \$300.00 during the past year. In addition to these sums it cost \$110.00 for glazing,—largely a tribute to wantonness,—\$125.00 for electrical work and supplies; about \$100.00 for painting, whitewashing, and sanitary work; \$45.00 for repairing the various heating systems; \$100.00 for repairing furniture, clocks, teaming, etc., and \$80.00 for mason work, while the balance of the department expenditures was applied to meeting the various demands arising throughout the year, each calling for but a comparatively small amount, yet forming quite a formidable total.

We cheerfully invite not only a critical inspection of

the improvements made, but a minute examination of the department expenditures as represented by the receipted bills on file in the office of the city clerk.

Respectfully submitted,

JOHN L. FOSS,

L. H. HOBBY,

DANIEL J. CRONIN, †

Committee.

Dover, N. H., December 31, 1914.

ORDINANCES

PASSED

DURING THE YEAR 1914.

An Ordinance Regulating the Time of Opening and Closing Billiard Rooms, Pool Rooms, and Bowling Alleys.

BE IT ORDAINED BY THE CITY COUNCILS OF THE CITY OF DOVER:

SECTION 1. No person shall keep open any billiard room, pool room, or bowling alley, between the hours of 11.30 o'clock in the evening and 5 o'clock in the morning, or permit any person or persons to remain within the same between the hours aforesaid.

SEC. 2. No person shall keep open any billiard room, pool room, or bowling alley, on Sunday, or permit any person or persons to remain within the same on said day.

SEC. 3. Every person violating the provisions of this chapter shall be fined not less than five dollars nor more than twenty dollars.

Passed February 5, 1914.

An Ordinance Regarding the Digging Up, Obstructing, and Repairing of Public Streets.

BE IT ORDAINED BY THE CITY COUNCILS OF THE CITY OF DOVER:

That section 2 of chapter XXX of the Revised Ordinances of 1911, be and hereby is stricken out, and the following section, to be denominated section 2, inserted in lieu thereof:

SECTION 2. No person, firm, or corporation, or any

agent or servant thereof, shall dig up, obstruct, or in any way encumber any street, lane, alley, sidewalk, or other public place in the city of Dover, without first having obtained a license so to do from the street commissioner of said city, except where such licensing power is particularly vested in the board of mayor and aldermen, and each and every such licensee shall put and at all times keep up, a suitable railing or fence around the sections or parts of any street, lane, alley, sidewalk, or other place so dug up, obstructed, or encumbered, so long as the same shall be or remain unsafe or inconvenient for public travel, and shall also keep one or more lighted lanterns fixed to such railing or fence or in some other proper manner, every night from twilight and through the whole night, so long as such railing or fence shall be kept standing. And it shall be a consideration of all such licenses, whether issued by said street commissioner, or other competent authority, that the back filling and repairs incident to the granting of any such license, shall be done and performed by said street commissioner, and any and all expense incurred by said street commissioner in the performance of such work shall be paid by said licensee.

Passed February 5, 1914.

An Ordinance Repealing a Part of an Ordinance Governing the Fire Department.

BE IT ORDAINED BY THE CITY COUNCILS OF THE CITY OF DOVER:

SECTION 1. That section 17 of chapter 15 of the Revised Ordinances of 1911, be and hereby is stricken out.

SEC. 2. That the number of the succeeding section in said chapter be and hereby is changed from 18 to 17.

Passed April 2, 1914.

An Ordinance Amending the "Curfew" Ordinance.

BE IT ORDAINED BY THE CITY COUNCILS OF THE CITY OF DOVER:

That section 3 of chapter 172, Session Laws of 1913, as adopted by these councils September 4, 1913, be and hereby is amended by inserting the following words at the end of said section: "For the purposes of this act the fire alarm bells heretofore struck at 8.45 o'clock, P. M., shall hereafter be struck at 9 o'clock, P. M."

Passed April 2, 1914.

An Ordinance in Regard to Entering the Sewer and Fixing the Fee Therefor.

BE IT ORDAINED BY THE CITY COUNCILS OF THE CITY OF DOVER:

SECTION 1. Any person owning land and buildings abutting on any street or highway in which a public sewer has been or shall be constructed by the city, may be permitted to construct drains from their cellars into such sewers, provided such person shall first pay into the city treasury the sum of twenty-five dollars for each house, store, or shop cellar so drained, such entrance fee to be credited to the sewer department. All work comprehended in this section shall be done under the direction, and satisfactory to the street commissioner, or his duly authorized representative.

SEC. 2. All drains which shall hereafter be entered into a public sewer shall be constructed of stone, brick, cement, iron, or other material satisfactory to the street commissioner, with all joints and connections properly secured.

SEC. 3. Any person who shall suffer the water from any adjoining cellar or lot to pass through his drain into such public sewer, shall forfeit his permit

and his drain shall be cut off. And it shall be the duty of the street commissioner to see that no person be permitted to introduce a drain into a public sewer without having first complied with the provisions contained in section one of this chapter, and to cut off any and all drains introduced into a public sewer in violation thereof. Any person violating the provisions of this chapter shall be liable to a fine of not less than one nor more than ten dollars.

Passed June 4, 1914.

An Ordinance Fixing the Salary of the Chief Engineer of the Fire Department.

BE IT ORDAINED BY THE CITY COUNCILS OF THE CITY OF DOVER:

SECTION 1. That section 10 of chapter XXVI of the Revised Ordinances of 1911, in so far as said section fixes the salary of the chief engineer, be and hereby is amended by striking out all reference thereto, and inserting in lieu thereof the following: "The chief engineer shall devote his entire time to the service of the city, and shall receive, in full compensation therefor, the sum of one thousand dollars per year."

Passed October 1, 1914.

An Ordinance Fixing the Compensation of the Board of Police Commissioners.

BE IT ORDAINED BY THE CITY COUNCILS OF THE CITY OF DOVER:

That chapter XXVI of the Revised Ordinances of 1911, be and hereby is amended by the addition of a new section as follows, said section to be denominated section 17:

SECTION 17. The board of police commissioners shall receive in full compensation for all services by them performed, the sum of five hundred dollars per

annum, said sum to be divided equally among the members of said board. This ordinance to take effect and be in force from and after the first day of September, A. D. 1913.

Passed December 3, 1914.

MUNICIPAL ELECTION.

NOVEMBER 24, 1914.

On Thursday evening, December 3, 1914, both branches of the city councils met in convention, under the provisions of section 8, chapter 21, of the revised ordinances of the city of Dover, for the purpose of canvassing the vote given in for mayor at the municipal election held in November. After a careful examination of the returns, the following report was presented and accepted, and the accompanying resolution unanimously adopted:

Dover, N. H., December 3, 1914.

TO THE CITY COUNCILS OF THE CITY OF DOVER IN CONVENTION ASSEMBLED:

GENTLEMEN: Your committee appointed to canvass the returns made to the city clerk of the votes given in for mayor at the municipal election held on the twenty-fourth day of November, A. D. 1914, have the honor to submit the following report:

FOR MAYOR.

Whole number of votes cast,	2,487
Frank E. McKone had	32
Arthur J. Grimes,	851
George D. Barrett,	1,604

and we recommend the adoption of the resolution hereto annexed.

Respectfully submitted,

STEPHEN W. SCRUTON,

ROBERT H. FISH,

JAMES RUSSELL,

Committee.

RESOLVED BY THE CITY COUNCILS OF THE CITY OF
DOVER IN CONVENTION ASSEMBLED:

That George D. Barrett, having received the largest number of votes given in for mayor at the municipal election held on the twenty-fourth day of November, A. D. 1914, be and hereby is declared to have been duly elected to that office for the year 1915.
