Town of Freedom
Rules of Procedure

According to RSA 40, the Town Moderator determines the procedures to be used in Town Meetings. The Moderator determines the rules without regard to parliamentary or other procedural rules. The voters can overturn the Moderator's rules at any time, however. A motion to overturn the Moderator's rules, or establish new rules, will always take precedence to other business which is already "on the floor".

So that you will know the groundrules by which we are maintaining order, these procedural rules are announced to you ahead of time.

- The Moderator will read each article in its entirety before that article is considered.
- There can be no discussion until there has been a motion under the article. (usually the first motion is to approve the article as it appears on the warrant).
- All motions must be seconded by a different individual.
- Discussion will only take place after a motion has been moved and seconded.
- All discussion must take place only when called upon by the Moderator. You must have permission from the Moderator before you can speak.
- When the Moderator recognizes you, standup, speak out loudly and announce your name before proceeding with your comments.
- If you want to change a portion of a motion, you can do so by making an amendment. We will consider only one move to amend at any given time. When discussion regarding an amendment comes to a conclusion, the amendment will be voted upon. If the amendment passes we will then continue considering the original motion as it has now been amended. If the amendment fails, we will return to considering the motion in its form prior to the motion to amend.
- A secret written ballot will be used on any article when requested by any 5 voters in writing (RSA 40:4-a).
- A vote will be re-tabulated by secret written ballot when requested in writing or orally by only 7 voters (RSA 40:40b). This action must be requested before we have already moved onto the next item of business.

One final word of advice from your Moderator: If you want to get action from the Town Meeting, you have to make a motion. It's okay to get up and ask a question or make a comment (as long as it's relevant to what's on the table), but if you want the Town Meeting to discuss and vote on your idea, you have to get it on the table with a motion. Let's work together to have a successful and efficient meeting.

Thank you

Donald Johnson, Moderator

MOTION made by Ralph Kazanjian to accept as written;
SECONDED by Edward Hatfield.

Discussion.

Daniel Brooks questioned why the "old" cruiser wasn't sold in 1989 when the "new" cruiser was purchased - when the Town went from a 1 cruiser department to a 2 cruiser department, seemingly on the selectmen's judgment - it didn't come before Town Meeting. Selectman Goff responded that it had been a decision made by the Selectmen, because the "old" cruiser had little trade-in value, and actually had more value to the Town if the Town kept it as a back-up.

The Selectmen were further questioned if, by approving this Article, the Town would go from a 2 cruiser Town to a 3 cruiser town, and Selectman Goff said "No, we've agreed to sell [the old cruiser] by sealed bids".

SECONDED by William Cutler.

Question by Betty Godfrey: if the Town comes across property that would be suitable for keeping, just a lot, say to be used for a playground, or something like that, is this considered? Selectman Goff answered that there hadn't been much history with handling any land since he's been a Selectman, but he thought it would be handled by a special meeting or hearing, to ask the people what they'd like to do with it, and to tell the people what the value is, to determine what direction to go in.

VOTE ON ARTICLE 29: Yes, unanimous.

ARTICLE 30:

To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend without further action by the Town Meeting money from the State, Federal or other governmental unit or a private source which becomes available during the fiscal year as provided in RSA 31:95-b which limits the expenditures to legal purposes for which a town may appropriate money and requires a public hearing prior to the Selectmen taking action.

MOTION made by Alice Haslett to pass over this Article; SECONDED by Lillian Gattermann.

Question: What does "pass over" mean? "No action". Selectman Cutler agreed to pass over this Article, as the equipment in question already is owned by the Town.

Malcolm Read made a point of order by questioning the phrase "Pass over". The Moderator agreed that the term should have been to "table" the Article. Alice Haslett agreed to re-state the Motion, asking that the Article be TABLED; Lillian Gattermann seconded the TABLE motion.

VOTE TO TABLE ARTICLE 31: Yes, unanimous.

ARTICLE 32:

MOTION made by Richard Goff to accept as written;
SECONDED by William Cutler.

Discussion.

Barbara Reed asked to have the Minutes reflect a special thank you to Emery Stokes and his group for all of their work on the Handicapped Access Committee.

VOTE ON ARTICLE 35: Yes, unanimous.

ARTICLE 36:

Alice Haslett SECONDED her motion.

Malcolm Reed made a MOTION to separate the two articles, as he felt there were two separate issues involved.

Marge Conrey SECONDED his motion.

VOTE: to separate the two articles.

First Article: to eliminate the Selectmen's preference on the Articles in the Warrant.

Discussion.

VOTE TO ELIMINATE the Selectmen's preference on the Warrant Articles: YES, by majority.

Second Article: to instruct the Selectmen to deliver the Town Reports or to put a notice in the newspaper to let people know where to pick up the Town Reports.

Discussion. Mr. Goff pointed out that the time between the printing and the Town Meeting is very short - usually the Selectmen try to have the Town Reports two (2) weeks prior to Town Meeting - and there may not be enough time to publish a notice. Mailing of the Town Reports was discussed, but Libby Priebe, the Town Clerk, noted that it cost \$1.44 each this year to mail them out, and that was prohibitively expensive.

VOTE on second Article: YES, by majority.

Jim Eshelman presented a written MOTION as follows:

when determining the beginning time of the deliberative session of Town Meeting, where articles are presented, discussed, and acted upon,

or determining the beginning time of any continuations of the deliberative session,

observe the following:

the session or continuation shall start on or after 5:00 PM (Five o'clock of the afternoon);

when the session or continuation falls on a Saturday:

the session or continuation shall start on or after 9:00 AM (Nine o'clock of the fore noon);

when the session or continuation falls on a Sunday:

SECONDED by Mark Bittner.

Discussion.

VOTE: 45 yes, 39 no. (Recommendation only.)

Hugh Priebe made a MOTION to reconsider ARTICLE 5; SECONDED by Scott Brooks.

Discussion.

VOTE ON MOTION TO RE-CONSIDER: No, by majority.

Reverend Cedar noted: They may be waiting for an answer from God in Waco, Texas, (referring to a confrontation currently in the news headlines with a religious group holding off law enforcement officials in a compound in Texas) but I'm announcing now that Church is cancelled tomorrow morning! (due to the snow storm)

Daniel Brooks referred everybody to Pages 50-51 of the Town Report, which contains a list of vendors, and asked that next year, for accountability purposes, each of these vendors be listed so as to show under which department the expenditures were made.

Elizabeth Godfrey SECONDED the motion.

Discussion.

VOTE: Yes, by majority. (Recommendation only.)

John Thurston asked for the total dollar bottom line of the Articles passed at today's meeting. Donald Johnson, the Moderator, informed him that the total is \$849,248.00.

Discussion.

VOTE ON MOTION TO RE-CONSIDER ARTICLE 32: No, unanimous.

Andrew Drummond asked questions of the Selectmen regarding the Town's use of herbicides on the town roads. It was noted that it is used in areas where the Town had done cutting, and Selectman Goff noted that the herbicide used meets Federal Standards and has an approval number on the container. Mr. Drummond requested that the Town advise the abutting property owners that the spraying is being done.

The Freedom Public Library continued to grow servicing the needs of the community in 1993. An open house was held in May with a book sale, refreshments and door prizes. Our goal is to have two open houses each year. A wonderful opportunity to see what the library has to offer! After an inspection of the building, a badly needed roof was added. An after school storyhour for grades one through three was started. The book-discussion group continues to expand as does circulation of the library's resources, and we would like to encourage continued use of the facility as a meeting place. The Trustees and Librarian wish to express gratitude to the entire community for their continued interest and support of our library.

SELECTMEN'S REPORTS

1993 was an eventful year in Freedom, the most visible development has been the final phase of paving and completion of the Ossipee Lake Road. It was the ability of this little Town to co-ordinate state engineers, Mert and our highway crew, plus the winning contractor, Pike Industries to work together and actually accomplish something truly significant.

Now we must direct these same organizational skills and energies toward the closing of the dump. We could quite simply sit back and let the selected engineering firm (Kimball Chase) lead us by the nose through the necessary steps to final closure and quite literally our tax rate on this project alone could easily jump \$2.00 and remain unchanged for 10 years.

However if we apply the same skills to the dump project, use all in house equipment possible, strike a deal now for necessary materials from a nearby pit and proceed from that point with the history of dump closures from Towns of similar size and guidance from our retained engineering firm.

We should be able to accurately anticipate what the state will require and this is what we attack early and often. This project should be handled like a business and the very success of any business depends on continually making a profit. This profit can be equated to less taxes for all.

Another project of concern and cost is bringing the Town Hall and Office into "American Disability Act" compliance. (Please note \$102,350 also includes satisfying the Fire Marshall's Office as well as embracing unmandated advantages for the Towns people while still maintaining historical integrity.) We in the Selectmen's office ask you to support the recommendation presented by Emory Stokes and his committee as requested in Article 34.

I would like to say a word of special thanks to all committee members who served the Town in 1993 and for all the board members who continue to serve.

Sincerely,

Richard J. Goff, Jr.
Selectman

To My Fellow Citizens:

Another year has passed, a year of many changes and plans for further changes. As I assume my second term of chairmanship of the Board it is quite interesting to look down the road ahead and see what is before us and realize that before this year closes there will be new ventures appearing before us.

During this year I became quite involved in the ADA committee, attending all developmental meetings even the ones held at the Miss Wakefield Diner. It was interesting and informational to measure the buildings, draw simulated prints, and take some 36 pictures of the spots that need attention. I feel these things aided the architect in his job.

This was an extremely large year for Yield Taxes. They reached the \$18,000 mark which is an all time high. In view of early intents filed I believe 1994 will surpass that.

As you can see from the yearly recycling report in this book income increased there also, it can do better if we manage it better. Governor Steve Merrill is an ardent advocate of recycling and most Towns who have closed their landfills have kept their recycling - it makes sense. Why pay \$75 to \$90 a ton to have it hauled away when it produces income and returns things to the mainstream.

The 911 program is coming along and should reach fruition this year.

Please come in and visit with us to see what your tax dollars are doing. Thank you to all for your cooperation and help.

Sincerely,

William O. Cutler
Selectman

FIRE CHIEFS REPORT

This year has been a busy one for the Department with a slight increase in calls. We faced many difficult situations this year. From service calls such as cats in trees to one out of Town where a foundation fell in trapping a person under a house.

Because of the need for trained rescue people in the Fire Service, seven members of the Department enrolled in a First Responders Course being held in West Ossipee. The length of the course is 60 hours. This training will aid us at emergency calls doing patient care before ambulance help arrives.

Once again I would like to thank all the volunteer firemen for their time and efforts. The Department has 17 senior members and 3 junior members. We are always looking for more volunteers, anyone interested can come to our business meetings which are held on the last Tuesday of the month.

New items purchased were two 500 gallon per minute portable pumps and a hurst tool with the jaws of life. The pumps will aide us greatly in areas with limited water supplies and areas hard to reach with a truck. The hurst tool is used for vehicle extrication. One pump was bought with town funds the other and the hurst tool were bought from fund raising money.

I end my report by thanking the Selectmen for all their cooperation and support and also the citizens of Freedom for their much needed support.

We had 73 calls this past year:

	In Town	Mutual Aid
Structure Fires	0	10
Chimney Fires	8	0
Grass Fires	2	3
Dump Fires	0	1

Motor Vehicle Fire	2	1

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

During Calendar Year 1993, the State of New Hampshire experienced an average number of wildfires. The three leading causes of these wildfires were campfires left unattended, unsupervised children and debris fires that escaped control. All of these fires are preventable, but **ONLY** with your help!

Please help your town and state forest fire officials with forest fire prevention. New Hampshire State Law (RSA 224:27 II) requires that, "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material in the open, except when the ground is covered with snow, without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done."

Violations of RSA 224:27 II and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$1,000 and/or a year in jail and you are also liable for all fire suppression costs.

The State of New Hampshire, Division of Forests and Lands assisted many towns in wildland fire suppression during 1993 and participated in many fire prevention programs. This year, the nation is celebrating Smokey Bear's 50th anniversary. The State of New Hampshire Forest Protection Bureau will be working with many communities to spread the fire prevention message - "Remember...Only **YOU** can prevent forest fires. Fire prevention is the most cost effective fire suppression tool. Please be careful around fires and help us and our communities have a fire safe year.

"REMEMBER...SMOKEY HAS FOR FIFTY YEARS"

CODES/ZONING OFFICER'S REPORT

This past year has shown an increase of cooperation with home owners, contractors and the Codes Officer. I would like to remind you once again that our Town has adopted under the R.S.A. the B.O.C.A. Building Code, National Electric Code, and the state amended B.O.C.A. Plumbing Code. Also there has been a change in the requirement when building in the flood plain area.

As I continue to work through some of these code and zoning issues a spirit of cooperation and understanding continues to be developed and the fear of zoning and what that may mean to a property owner becomes a desired feature and what the long range benefit will mean to the community for the future.

Over the past year 139 building permits have been issued. Three of these for new homes. The remaining were for small additions, remodeling and small sheds.

I continue to be a member of the New Hampshire Building Officials Association and attend their meetings and seminars regularly. I am also a member of the Granite State Chapter of Electrical Inspectors and attend their seminars in Concord regularly.

Respectfully submitted,
Paul Dorian
Codes/Zoning Officer

FIRE WARDENS REPORT

I would like to thank everyone for their cooperation in obtaining fire permits when needed for cooking and brush burning.

I have to report these permits to the Mutual Aid which saves the Fire Department time and money investigating phone calls reporting fires.

Thank you,

CHIEF OF POLICE REPORT

To the Selectmen and Citizens of Freedom

The following is a report of the Freedom Police Department for the year 1993. As expected we are faced with a variety of new challenges and demands.

Our calls for service were once again higher than that of the previous year. We responded to a total of 388 calls for service, an increase of 12% over 1992. The following is a list of some of the most frequently answered calls.

- Domestic Violence, Disturbance
- Motor Vehicle Accidents
- Burglary & Thefts
- Alarms
- Malicious Damage

Our motor vehicle activity was also up from last year due largely to the fact that we now have a day car on patrol.

A large part of a police officers time is spent on keeping up to date on changes in laws, policies and new issues that come before us everyday. Each officer on the department has received well over the number of hours of training required by the Police Standards and Training Council.

In 1993 the department added two part time officers to the roster. Officer Charles Pearson who took the place of Officer Jim Brown to cover daytime patrol and Officer MontgomeryWarman who was given the title of Training Officer. Officer Warman is an ex police chief for the Town of Brookfield with over 20 years experience in law enforcement. He is a certified firearms instructor and an expert on liability issues. We are proud to have them on the roster and expect that their presence will be of great service to the Town of Freedom.

I would like to remind the Citizens of Freedom that for the quickest response when in need of a police officer you should call Carroll County Dispatch at 539-2284 or State Police Troop E at 323-8112 and someone will either respond or get back to you as soon as possible.

I take this opportunity to thank the Town Officials, the Department Heads and the Citizens of Freedom and all members of the Freedom Police Department for their dedication and a job well done.

Respectfully submitted,
Jack Pyne
Chief of Police

FREEDOM CONSERVATION COMMISSION
ANNUAL REPORT FOR 1993

The commission experienced only one personnel change this year. Alternate member Bob Kebler moved from Freedom. The Selectmen, at the request of the commission, appointed Malcolm Reed as our second alternate member.

The commission remains at full strength with 5 regular members and 2 alternates.

In was another busy year in the timber harvesting business and the commission continued to monitor intents to harvest as they relate to wetland protection. Dredge and fill permits continue to be the major focus of the commission with many on-site inspections and subsequent recommendations to the Wetlands Board.

In the fall the commission was requested by the ZBA to issue advisory opinions regarding the placement of septic system near wetlands and thereby requiring a variance. This is an excellent example of how the various Town Boards can and should work together making use of the particular expertise available.

The Commission meets monthly and all interested citizens are invited to attend the meetings.

It is anticipated that the Commission will be looking for a replacement member in 1994. Anyone who has an interest should contact the Selectmen or any Conservation Commission Member.
