School Warrant THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the Town of Jackson qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 14th day of March, 1967, at one o'clock in the afternoon, to act upon the following subjects:

Article 1. To choose a Moderator for the ensuing year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose a Member of the School Board for the ensuing three years.

Article 4. To choose a Treasurer for the ensuing year.

Article 5. To choose an Auditor for the ensuing year.

Article 6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

Article 7. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents and for the payment of the statutory obligations of the District:

District.	
Administration	212.00
Instruction	17,575.00

REPORT OF SPECIAL READING TEACHER

"Today's children can learn to read" is the heading of many articles and editorials. The school agrees and has been striving daily to teach all the children of all the people. Indeed the schools have done rather well according to statistics!

The lack of materials and time to teach have been two handicaps.

Many new texts have been provided, such as the S.R.A. Kits for individualized reading, supplementing the basic reading program. Paper-covered Library Kits for each grade level are now being used. New teaching machines are in each building to implement the teaching process. The Overhead projector is very adaptable and can be used for a few or an entire room. The new Tachist-O-Films with the projector that times the flashes is designed to increase accuracy and speed at all levels from simple letters to phrases. The Language Master, which is a simplified tape recorder, allows a child to work in a small group or alone. Many games to provide drill on the word skills have been placed for use.

The role of the Special Reading Teacher is to provide more of that essential ingredient. Time. Time is needed to find the individual's specific needs and to reinforce those needs, — individually, or in small groups.

There are eight schools in our district. My time is allocated according to the pupil enrollment and the money available in each district. I work with individuals and small groups throughout the day. Most of my time has been with the lower grades.

More than seventy children have been tested individually to ascertain their grade level and comprehension capacity. These suggestions give a basis on which to start instruction. In many instances, the entire reading group meets with me for specific instruction. Much of the work is phonics, syllables and accent, and increasing word power. Better listening habits and comprehension are two goals constantly in mind.

My methods have included a careful diagnosis of reading problems and the selection of proper materials for each child. These factors plus the active cooperation on the part

of both children and teachers, have increased my own effectiveness. A continued pattern of the above variables should provide each child with more confidence through his increased improvement in reading skills.

In my work in School Union No. 9, I have found an able administration, cooperative fellow workers, and challenging work with boys and girls at every grade level.

Leone M. Sherburne
Special Reading Teacher
Role of the Elementary School Counselor

I am pleased to be able to submit a progress report concerning my role as school counselor as funded under Title I, Public Law 89-10. Since the role of elementary school counselor was new to the school union, I felt obliged to define and communicate this role to parents and teachers. As a school counselor I meet with individuals and groups to deal with the normal developmental problems of children which interfere with their academic achievement and personal growth. I am also concerned with the various school union-wide tests being given to determine which pupils are working up to their potential and which are not.

Thanks to the help and cooperation of the Principals and Teachers in the school union, the program is well under way. Private interviews are conducted in every school that is visited. The two highest grades in each school are participating in constructive group discussions. Interviews with parents and teachers are provided to discuss the progress of specific children. The first half of the STEP Reading Test Program has been completed. The Stanford Achievement tests are now being given and will soon be completed. Within a short time the Lorge-Thorndike Intelligence Tests will be administered. Lastly, rapport has been established with the Carroll County Community Service and periodic meetings are conducted to discover ways in which we can better aid each other.

The work that has begun will continue with the hope that as the role of the school counselor becomes clearer in the minds of children, parents, and teachers, more effective service can be rendered to more children.

I would like to thank all the people who have worked with me in the formation and implementation of the school counselor program.

Lawrence Zeger Elementary School Counselor

Librarian's Report

The Jackson Public Library has been open from 2-4 P.M. three days a week during July and August. From January through June it has been open the same hours on Thursdays. Starting in September, the Library has been open an additional two hours Thursday evenings from 7-9 P.M. These hours have been particularly well received by the Junior and Senior High School students.

The Bookmobile has made five visits during the year, leaving 2233 books. There has been a circulation of 2393 books and magazines for the year. As a group, the Elementary students use the most books.

From gifts and purchases, 94 new books have been added. More reference books are on order from a State Library Grant of \$100.00. The Library also received a gift of \$100.00 from the Jackson Community Association for the purchase of two new reading tables, and a gift of a magazine rack from Mr. William Levy of Yield House.

Respectfully submitted,

Librarian Mrs. Claire S. Pearson

REGIONAL AIRPORT REPORT - 1966

During 1966, use of the Eastern Slope Regional Airport continued to increase. Although exact figures are not available, it is estimated that slightly over 2,000 aircraft used the airport facilities in one way or another during the year. The airport continues to attract inquiries from various industries from time to time, and may well one day be a significant factor in attracting more new industry to the area, as it has been in the past.

In an effort to improve service provided to pilots and passengers, the authority hired two attendants during the summer months. Through July, August and September, the airport was manned during the daylight hours. Improvements made during 1966 included creation of an automobile parking area and an increase in the size of the aircraft parking facilities.

The arrangements that we have had with the gentleman who had been operating the airport for the past few years became mutually unsatisfactory to both parties, and our contract with the operator was terminated last spring. The authority has been fortunate to secure an agreement with two gentlemen who have both been professionally involved in aviation for a number of years. These gentlemen appear to have a very businesslike attitude and a realistic outlook concerning the potential of the Eastern Slope Regional Airport. Charter and taxi service have now been made available by appointment. The new operators are currently attending the airport during weekends. Later in the spring, attendance of the airport on a full time basis is to be provided by the operators. In the near future, facilities for student pilot instruction are to be made available.

Plans for 1967 include the construction of a new hangar, which will have storage facilities for six aircraft. Current aircraft facilities are far from adequate, thus making it necessary for several planes to be stored in the open.

With our problems concerning the finding of an airport operator apparently very satisfactorily solved, the authority is confident that service provided to the Eastern Slope Region should be greatly improved in the future. Use of the airport as a means of entry to the region by people owning private aircraft is increasing every year. With the availability of the air taxi service, the area should become

much more readily accessible to individuals interested in our region as both a vacation land and as a business area.

Respectfully submitted,

Eastern Slope Airport Authority

\$1,456.80

(tentatively allocated for construction of a new hangar)

FIRE RECORD

Fire Records are made by people -- those who cause fires and those who control them. Your forest fire warden, deputy wardens, fire chief and firemen have, in spite of a prolonged drought, made one of the best fire control records in recent years. Despite a very dry spring, we in New Hampshire working together, have substantially reduced our fire incidence (885 in 1965 to 595 in 1966.)

This enviable record is largely due to two factors:

- 1. A closely coordinated and integrated state-town organization jointly carrying out programs of forest fire prevention, training and suppression with dedicated personnel.
- 2. Your appreciation of our forest fire control program and your individual effort in practicing fire prevention.

Statistics show, however, there is room for improvement. Major problems are still with us; (1) the careless disposal of cigarettes; (2) the householder's carelessness in burning rubbish; (3) the failure of woodlot owners and contractors to completely extinguish their brush burning fires; (4) failure to extinguish camp fires; (5) unsupervised children playing with matches.

New Hampshire has 4, 339, 000 acres of woodland to be protected. In 1966 we experienced 595 forest fires on this area and restricted acreage burned to 395 acres -- a fine testimonial to the efficiency and dedication of the men who make up our forest fire control organization.

- 1. If you must burn you will need a permit. Permits are not issued between 9:00 A.M. and 5:00 P.M. except on rainy days. Permits are not needed when the ground is covered with snow. To minimize risk the best way to dispose of rubbish is at your authorized town or municipal dumping area.
 - 2. Be sure all discarded smoking material is out.
 - 3. Don't leave a live camp or cooking fire.
- 4. Most important Instruct your children that matches are not playthings.

TRULY - ONLY YOU CAN PREVENT FOREST FIRES
