TOWN OF TAMWORTH Vis

STATE OF NEW HAMPSHIRE

In the S. A. Y. account for the year 1942 there is a balance of \$41.87 in the State's and \$41.77 in the Town's share. The accounts are carried over to be used in 1945 with the State's balance.

NOTICE

At a meeting of the Finance Committee held at Tamworth, on Feb. 17, 1945, it was voted unanimously that ice-houses, wood piles and other special plowing operations would be done at Town expense just once during any one winter, and then

only if the tractor is available and in the immediate neighborhood.

Additional plowing of the same premises will be done only at the owner's expense.

AUDITORS' CERTIFICATE

We hereby certify that we have examined the books and accounts of the Selectmen, Treasurer, Tax Collector, Trustees of the Trust Funds, Town Clerk and Library Trustees and find them correct and properly vouched and the several cash balances to be as set forth in this report.

SECRETARY'S REPORT, TAMWORTH COMMUNITY NURSE ASSOCIATION, INC.

Another successful year has passed in charge of our efficient practical nurse Mrs. Warren Buck.

In May a dental clinic was held at the High school building with 74 children attending. Our nurse assisted Dr. Deneault and Mrs. George Roberts, R. N.

Several children were taken to Tuberculosis clinics at Laconia and Conway.

The Association is grateful for the gifts of a nice hospital bed which we were able to purchase a mattress for; an invalid's chair and a pair of crutches.

We have now secured the services of Mrs. Russell Philbrick R. N. who begins duty Feb. 1st.

Following is the statistical report for the last twelve months:

Welfare	213
General Care	413
Social Service	801
Medical	43
Prenatal	18
School	22

It is with real pride the committee submits the above report and we wish to take this opportunity to thank the towns people and summer residents for their generous support of this important work.

We want also to express appreciation to Dr. Edwin Remick and the Tamworth Branch of the American Red Cross.

HELP THE WAR EFFORT by PREVENTING FOREST FIRES

NO ONE is exempt from helping to win the war! EVERYONE, regardless of age, has his or her place in the overall effort! Some men, because of age, are called upon to bear arms; man ships, submarines and planes; minister to the injured and maintain morale. Women, in large numbers, are serving with the armed forces as nurses and members of the several womens' military organizations — WACS, WAVES, SPARS, etc. War industry has taken millions of men and women whose accomplishments have been the marvel of the world. Civilians at home are doubling up on their activities because of the shortage in manpower, purchasing bonds, assisting in numerous patriotic undertakings, maintaining home morale and, on the whole, carrying on with a cheerfulness and determination that is typically American. Yet, despite the time, thought and effort we are all putting into the war effort in general, we are, true to our peculiar American characteristics, heedless and careless about many important things and one of these is FIRE as it relates to our forests.

Much harm can be done the war effort because of our carelessness with fire. Lumber has gone to war in a BIG WAY! Our New Hampshire forests are contributing their full share insofar as manpower permits. Fire, the greatest enemy of the forests, destroys, during each of these critical years, hundreds of acres of valuable trees that could contribute to the war effort. Forest fires disrupt the war's business by taking men from their important work in industry and on the farm and reduces production of necessary war materials and food. Forest fires require the and on the farm and reduces production of necessary spending of much money and material that might otherwise be diverted into vital war channels. Forest

fires are, for the most part, unnecessary and avoidable for ninety-eight percent of such fires are, annually, the result of human carelessness — yours and mine. This can and should be remedied — NOW! YOU can HELP THE WAR EFFORT by PREVENTING FOREST FIRES! The rules of the game are simple.

1. **Always** be careful with fire in or near woodlands.
2. Comply with regulations governing the use or starting of fires there. Remember
 - a. You need written permission from your local forest fire warden for debris burning fires when the ground is not covered with snow.
 - b. Be sure your match, cigar, cigarette and pipe ashes are OUT before dropping them.
3. Be fire-minded NOW as never before; be careful; caution others to be careful; be cooperative and thus help your warden, your town, your nation and yourself!

HELP THE WAR EFFORT by PREVENTING FOREST FIRES

The 1944 fire record for our town is:

Number of fires	3
Acreage burned	3.5
Number of permits issued	10

TAMWORTH FIRE PRECINCT

There were 19 fires in town during the year 1944, including one brush fire that was serviced by the West Ossipee department. Losses were as follows:

9 Chimney Fires. — no damage.

5 Brush Fires. — burning over about 5.20 acres of land.

4 Dwelling Fires. — causing damage of \$149.

1 Fire. — destroying 14 Factory Buildings, causing damage of about \$75,000.

Causes of fires: Chimneys, 9; Children and matches, 3; Overheated stoves or chimneys, 3; Lightning, 1; Defective electric motor, 1; Unknown, 1.

The fire loss, due to the conflagration at the South Tamworth Industries, was the greatest the town has experienced in many years. The fire department is greatly undermanned, and it is urged that all persons should do what they can to assist the volunteer department at all fires.

Application was made to the Federal Government for the loan of a 500 gallon pump, but no action was taken on our application.

The town lost about \$225 worth of fire hose at the South Tamworth fire. The insurance company has paid this loss in full.

A statement of value of apparatus and equipment is included in the list of the town's assets.

Considerable new equipment was purchased during the year, but no more hose than was necessary for replacement.

REPORT OF THE SCHOOL NURSE

The yearly physical examinations of the children of Tamworth, Bemis, Chocorua, Downs and Whittier Schools has been done by Dr. Remick.

Each child has had their eyes examined and have been weighed and measured.

A Dental Clinic was held last May and June by Dr. Deneault of Meredith.

I wish to thank the school physician, superintendent of schools, members of the Community Nurse Association, Board of Education, teachers and parents for their help and cooperation.

Respectfully submitted,
THELMA ROBERTS, R. N.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Tamworth:

In submitting my second annual report I consider our most critical problem the employment and retention of qualified and experienced teachers. The acute manpower shortage throughout the country is being keenly felt in the employment of teachers. The reports indicate, unless a favorable change in world conditions occurs, that it will be more difficult to hire teachers for the school year 1945-46 than it was for the current year.

We have the following teachers in the Tamworth District: Joseph Bragdon, Headmaster, Tamworth High School; Marion Pelaggi, High School; Edwin Blackey, Grades 5-8; Zoe Head, Grades 1-4; Elizabeth Sutherland, Bemis, Grades 5-8; Elva Bickford, Bemis, Grades 1-4; Hazel Bragdon, Chocorua; Eleanor Grace, Downs; Hazel Whiting, Whittier; Dr. Edwin Remick, School Physician.

The State Grange at their annual meeting in Laconia pointed out the need for keeping well-trained and experienced teachers in New Hampshire. Their recommendation stated that "all available means" be used "to keep our teachers in New Hampshire rather than losing them to other states that offer higher salaries soon after they are well established in our schools."

Dental care was available for all pupils in the schools last spring and plans are being made for this important work to continue.

This war-torn era is straining the foundations of our social institutions for the boys and girls even more than for the adults. The future of America lies in the development of a strong, industrious character in each boy and girl. This is the great challenge to every parent and teacher. The recent report of the

Governor's committee on vocational education said,
 "The schools must help man to learn both to make a
 living and to make an art of living."

Respectfully submitted,
 HAMMOND A. YOUNG

February, 1945 Superintendent of Schools
